Short takes. That's what this column is going to be this week.

Tiny little pictures that can be etched on the memory, little flashes, if you will, or mini-scenes out of real life.

Try a golden shaft of sunlight illuminating shumac to a brilliant red.

The looks of absolute delight on the faces of children engaged in a treasure hunt, digging through clues to discover the hidden "treasure".

A nearly grown calf, curled up like it was a newborn, resting in the single sunny spot of a fading afternoon.

The glitter of autumn light on a clear creek surface, looking like precious jewels scattered on a solid surface.

The translucence of a hawk's wing as he wheels high overhead.

The gentle grin on the face of a grandparent when a beloved grandchild snuggles into their lap.

The exuberance and "aliveness" of teenagers tearing from classrooms to the parking lot on a Friday afternoon!

The sound of laughter drifting from a doorway on main street. The sounds of oafy rain falling on the roof and dripping from the eaves.

A little boy running across a frost-yellowed yard with a puppy close behind.

The aroma of fried chicken and creamed gravy wafting from a just-opened kitchen door.

There are millions of these little scenes that the mind accumulates daily.

All it takes is the power of observation.

There are scenes like this for everyone to remember...the look of a garden as it pushes up green in the spring, or the look of it after harvest.

The smell of rich earth turned over, or the scent of cologne on a "dress up" night out.

These little scenes can be pleasant, or unpleasant, or sad, or very happy.

But they are inscribed upon the memory indelibly, and seem to spring to mind without bidding.

Try just consciously calling some to mind...or even better, just count up how many of these little vignettes you notice during just a single day!

It gives you a better appreciation of the world around us, and of our own powers of recall!

Texans Defeat Legislators Pay Raise, Vote On Other Amendments

The state of Texas expressed how they felt by overwhelmingly voting down a pay raise for state legislators in the low-voter turnout election held Tuesday, Nov. 7.

They voted for Proposition 2, \$500 million in bonds for water supply and flood control, For Prop. 3, \$75 million in bonds for new products and agricultural ventures, and for Prop. 4, Tax exemption for non-profit veterans groups, and issue that was very pertinent to area Legion and V.F.W. posts.

They also passed Proposition 5, which was a tax exemption for goods in transit, for 6, Four year terms for hospital district board members, for

Prop. 7, which would change the oath of office for legislators, For Prop. 8 \$400 million in bonds for prisons, mental health institutions, For Prop. 9, Consolidate state criminal justice agencies, For Prop. 10, Change notification of parole eligibility by court, Against raising legislators daily expensive money from \$30 to \$81.

Proposition 12, was approved which guarantee state bonds for school construction, Prop. 13, a bill of rights for crime victims was approved overwhelmingly, Prop. 14, was approved, a Mandate district attorneys election in Ft. Bend county.

Prop. 15, to allow raffles for char-

ity by non-profit groups was approved, Prop. 16, which would create new hospital districts was approved, and Prop. 17, financial aid to fire departments was approved. Prop. 17 was another very pertinent issue for area volunteer fire departments.

Prop. 18, to remove limit on issuance of water conservation bonds was still too close to call, Prop. 19 to authorize broader investments of government funds was passed, Prop. 20 to abolish survey in seven counties passed, and Prop. 21, \$75 million in college savings bonds was passed.

Voters Elect To Dissolve Red River County Water District Board

After over two years of law suits, elections and controversy it appears that the Red River County Water District Board will be abolished.

The highly controversial election was held Tuesday, Nov. 7, after last minute efforts, including an injunction to temporarily halt the election, failed. In a Wednesday, November 1 meeting the hearing date about the election was moved up, and it was ruled that the election could take place as scheduled.

Red River County Voters turned out in fairly heavy numbers to cast their vote yea or nay. The dissolution

of the board will mean that the proposed Dimple Reservoir, the original reason for the creation of the board, will not be built.

Local box results, not official are: Bogata, on Proposition 1, 330 for, 65 against. Proposition 2, 324 for, 64 against. Proposition 3, 306 for, 77 against.

Cuthand: For Prop 1, 44, Against, 17. For Prop. 2, against 17, For Prop. 3, against, 21.

Rosalie: For 71, against, 5, Prop. 2, for 74, against, 6. Prop. 3 72 for, 3 against

Johnstown, Prop. 1, for 78, against, 9. Prop. 2, for 77, against 8. For Prop. 3, 74; against, 11.

Fulbright, Proposition 1, 67 for, 15 against. Prop. 2, 65 for, against, 14; Prop. 3, 66 for, 13 against.

County wide the unofficial total of ballots cast were: Proposition 1, For 2,208, against, 1,406; Proposition 2, 2,157, against, 1,391; Proposition 3, 2,144 for, 1,406 against.

ATTENDANCE MONEY WINNERS-at Talco school are Mellinda Willis, Carla Hamilton, Bre'Ann Stroud, and Nathan Carroll, winning \$15. Winning \$10 are Shaunda

Jones, Kristen Kuhl, Marcus Shine and winning \$5 are Matthew Borden, Donny Taylor, and Coleman Brown. Not Pictured are Ricky Waldrum and Ashley Black. (Staff Photo by Nancy Brown)

Talco Junior High Pep Rally And Game Held

The Talco Junior High Pep Rally rocked and rolled Thursday Nov. 2 when the Talco Cheerleaders added music to their routines. Mrs. Lynda Ballard and Mr. Johnny Gable were the winners of the water balloon toss held during the pep rally, much to the children's delight the other contestants got soaked. Thursday was Bandanna Day and the best dressed award went to Mrs. Tina Nolen and Jeremy Thompson.

Spirit sticks were won by the 5th, 6th and Jr. high pep squad. Speeches were given by Greg Henry and Jack KlBrown. The pep rally led into a great football game for the Junior High Rebels.

Shannon Richeson carried the ball into the end zone for 3 TD's. Miquel Jackson crossed the lone for one Rebel T.D. and carried in the extra points for one. Outstanding work was done on the line by Greg Henry, Clay Pirtle, Gary Cheetwood, Joey Southern and the entire Rebel line. Elliott Pogue helped the young Rebels with great rushing yardage. A broken pass made by John Bell made a great difference in the game and quarterback Matt Childer had nearly his best game of the year. Receiver Jerry Francis added yardage for the young Rebels to help lead the team to a 28-14 win over Leonard. Talco and Bogata have a lot to be proud of in this young Rebel Team.

Talco PTO Discusses Various Plans

The Talco PTO met Monday Nov. 6 at 4:30 p.m. Plans for the Christmas parade to be held Dec. 6 at 4:00 p.m. were made. Buying new cafeteria tables and chairs was discussed.

Money for that project is currently not available. Ways to earn money for this and other needed items was

discussed.

A variety show will be held in the future, but no date has been set. If at all possible the Talco school will be decorated for Christmas as was done in the past. Other activities were talked over, no decisions were made.

The group will meet again Nov. 27 at 4:30 p.m. Everyone invited.

Persimmons Have Tiny Utensils Inside!

It's the time when persimmon trees are bare except for those little orange fruits that are famous for little except puckering mouths when eaten green. But within the persimmon is a small secret.

A reader pointed out that if a persimmon seed is carefully split open, there is a tiny "knife" "fork" or "spoon" within.

Want to see for yourself? Simply find a persimmon fruit, strip the pulp away, and carefully, with a sharp knife, split the seed open.

There, within the almost transparent seed, is a perfectly shaped, absolutely tiny spoon!

This can, again with the point of a sharp knife, and with a very delicate hand, be lifted from the seed! The tiny white spoon is probably not over a quarter of an inch long, delicate and fragile.

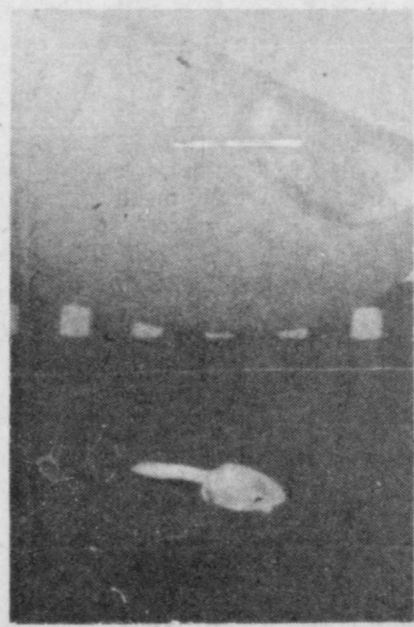

Reports indicate that all seeds in a

given year will boast one utensil or the other...they are not mixed. L.A. nether words, if this year is a spoon year, all persimmons will have spoons. If next year is a fork year, all persimmons will have forks.

Further research shows that spoons are much more common than the knife or fork motif. But there are plenty of folks who have studied the whims of nature who confirm that there are, indeed, years when the seeds produce forks and knives!

Whether or not there are any "old wives" tales concerning what the different shapes mean to the upcoming winter isn't clear. Surely somewhere there is legend or lore to go along with this!

The discovery of this little natural wonder isn't likely to change the course of anyone's life, but it will provide an interesting few moments.

LITTLE SPOON-persimmon seeds have either a tiny spoon, knife or fork in them. Old timer's say this varies from year to year, but most often it is a spoon. All trees will have the same "utensil" contained within them each year, never mixing knives, forks and spoons. The size can be judged by the film negative and finger next to it. And you get a great deal back.
John Ruskin

Girls will meet on Thursdays from 3:30 to 4:30.

The Talco Christmas Parade will be held Dec. 6 at 4:00 p.m. This year's theme will be "an Old Fashioned Christmas". Entry deadline for the parade will be Nov. 27. All floats, cars, bicycles, horseback riders, etc. should contact, Mrs. Sue Wilson at 379-3741 in order to have entrees lined up. Everyone is invited to participate and make this year's parade the best yet.

The Calvary Baptist Youth Sunday members will be going to E.T.B.U. for Tiger Day, 15at. Nov. 11, members may contact Linda and Wayne Woods for more information.

First Baptist Church in Talco will have a Thanksgiving covered dish dinner, Nov. 15, beginning at 6:30 p.m. Everyone is invited to attend.

Social Security Notes

By Ray Hudson, District Manager
Paris Social Security Office

Estimates may need to be revised...Now is a good time for people who work while receiving Social Security benefits to take a look at their earnings so far this year and review the accuracy of their earnings estimates.

If people find that their actual earnings for this year will be higher or lower than their estimated earnings, it would be a good idea to let the Social Security Administration know of the change now rather than wait

until the end of the year. An overpayment may be avoided if the revised earnings information is provided to the agency early.

This year's earnings limit figures are \$6,480 for people under 65 and \$8,880 for people 65 to 70.

Revised earnings estimates can be made by calling your local Social Security office. Have your Social Security claim number ready when you call.

An energy efficient home starts at the top

To keep your attic insulation working effectively, keep it dry with an attic vent.

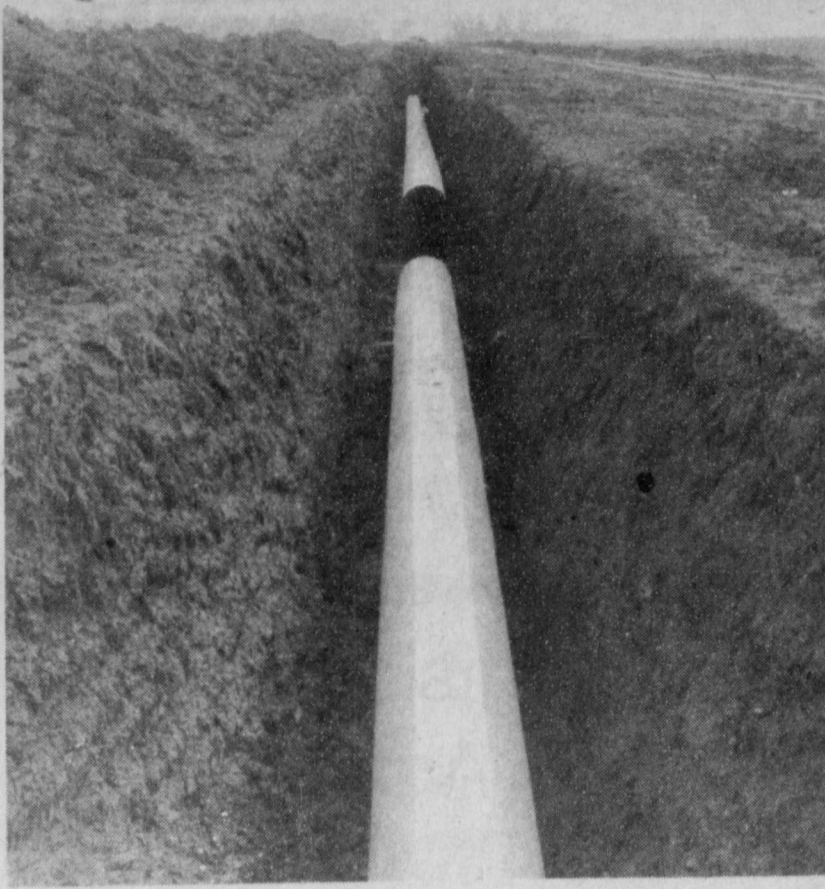

Attic vents should not be blocked, and screens should be kept clean.

Attic vents — consisting of eaves vents used in conjunction with ridge, gable or roof vents — can also improve the efficiency of your home by removing unwanted heat in the summer.

Thank You
 I would like to thank everyone for the flowers, cards, telephone calls and prayers after my accident.
 The wreck was a terrible trauma, but with family and friends like mine it makes it a lot easier. Everyone says I'm very lucky to be alive. I'm very lucky to have family and friends who care so much.
 There are three people who deserve a very special thanks. To my parents Teresa and Ray whom I love dearly. Also, to my adopted brother, Brad Branch. Brad, you always know how to make me feel better. I love you, darling.
 Many Thanks
 Lori Afford

Smith, Ward Exchange Vows

Andrea Rachel Smith became the bride of Marty Glenn Ward September 29, 1989 in a formal ceremony at the Calvary Baptist Church of Talco, with Bro. Don Williams hearing the couples vows.

She is the daughter of Mr. and Mrs. Gene Smith, Rt. 1, Talco, and the groom is the son of Mr. and Mrs. L. Dean Ward of Bogata.

Music was provided by Neva Jean Oates of Cunnigha, who also sang, and Barbara Russell of Talco, who played the organ.

The bride was given in marriage by her father.

The bride wore a white satin gown. The floor length gown featured a fitted vee shaped bodice, with sequins and pearls. The Queen Anne neckline was of embroidered sheer illusion and had short, ruffled sleeves. The satin and lace skirt was accented with rows of Chantilly lace and bows that ended into a chatedral trina. The brides hat featured of sequins, pearls and chantilly lace.

Maid of Honor was Kim Clark of Bogata. Bridesmaids were Kim Hatley of Terrell, sister of the bride, Chasity Hall of Talco, cousin of the bride, Cynthia Thompson of Talco. Best man was Michael Allen of Paris, the groom's cousin. Groomsmen were Brade Branch of Bogata, Wade White of Bogata and Russell Rozell of Bogata.

Ushers were Tony Ward of Granberry, Russell Smith of Talco. Ring Bearer was Chase Lumley of Elmo, and flower girl was Sheradon Horton of Tyler.

Candlelighters were Lance Taylor of Red Oak, and Todd Ward of Bogata.

Melanie Bowman sat at the regis-

ter. A reception followed in the Fellowship Hall of the Church. Micky Runyon of Madill, Oklahoma, Marsha Dennis of Cumby served as the bride's servers and Pam Hollingsworth of Allen and Gayle Taylor of Red Oak, and Belva Randolph served for the groom.

The couple are making their home in Paris following a wedding trip to San Antonio.

The bride is a 1988 graduate of Rivercrest High School and is currently employed by The Short Stop in Talco. She is the granddaughter of Mrs. Ruby Smith and the late Clyde Smith of Paris and the late Ray Hall of Mt. Pleasant.

The groom is a 1987 graduate of Rivercrest High School and is currently employed by Flex O Lite of Paris. He is the grandson of Mrs. Maud Webb of Deport.

A rehearsal dinner was served, hosted by the Groom's parents Mr. and Mrs. Dean Ward at Calvary Baptist Church. Brisket and all the trimmings was served.

The couple was honored with a miscellaneous shower on Sept. 18 by the people in Talco, at the Calvary Baptist Church. Hostesses were Linda Parish, Barbara Russell, Rhonda Brown, Jackie Thompson, Sandra Ingram, Judy Easley, Jelu Binion, Joan Clemmons, Janice Franks and Jo Anschutz.

The people in Bogata honored the couple with a miscellaneous shower at the home of Mrs. Bonnie Guess on Sept. 25. Hostesses were Bonnie Guess, Francis Rozell, Thelma Warren, Nancy Denny, Jane Strawn, Janice Clark, Lillian Taylor, Teresa Alford, Joan Barnett, Barbara Branch, Donnie Lewis and Shirley Vickers.

"Buddy Poppy" Date Changed

The date has been changed for the V.F.W. and Ladies Auxiliary "Buddy Poppy" booth in front of the Peoples National Bank. The booth will be set up on Thursday, Nov. 9, from 9 a.m. to 3 p.m.

The story of the V.F.W. "Buddy" Poppy, which springs from the poem "In Flanders Fields The Poppies Blow" written by Co. John McCrae commemorating the War dead, is a touching one.

The poppies have become the true symbol of all those who have given their lives in our nation's wars.

The Poppy has become recognized as the memorial flower in countries throughout the world. It is distributed by veterans organizations in Europe, in America and in most of the countries of the British Commonwealth.

Since 1922 the Veterans of Foreign Wars of the United States has conducted an annual sale of these "Buddy" poppies to raise funds for its charitable programs on behalf of the needy and disabled veteran, and the widows and orphans of deceased veterans.

They are sold by Posts and Auxiliaries of the V.F.W. in every state of the union and in dozens of other countries. Fourteen million are sold annually, most of them preceding Memorial Day.

More than a million and a half dollars is raised each year through these sales, all of it strictly accounted

for and dedicated entirely to veterans welfare.

When you contribute to the V.F.W. Poppy Canister you have contributed to the Veterans of Foreign Wars National Home for children of deceased or disabled veterans in Eaton Rapids, Michigan, to the National V.F.W. Rehabilitation Service in

The services made possible through your donation are available to ALL needy veterans, not just those who are members of the Veterans of Foreign. Hundreds of thousands of non members are assisted with disability claims and served in hospitals each year by the V.F.W. and its Auxiliaries.

Volunteers sell the poppies. All the people who supervise are volunteers. There is someone, however who does get paid. The disabled veteran who assembled the Poppy from the original parts receives a nominal sum for his work. The amount is small, but it does help to buy little luxuries which make hospital life tolerable and permits him to perhaps purchase a gift now and then for his loved ones at home.

So when you are approached to buy a Poppy, give generously. When you wear your Poppy, do it proudly.

And when you see V.F.W. and Auxiliary volunteers working in veterans hospitals, or visiting the sick and helping, give them a word of greeting!

Baptist Women Attend World Day Of Prayer

The Bogata Baptist Women attended a World Day of Prayer on November 6 at the First Baptist Church in Paris. The program was titled "Thirst For Righteousness".

Those attending were Fay Conine, Maurine Mankins, Rose Mary Swinford, Mary Ann Ward, Matthew Ross, Alice Ann white, Linda Eilers and Inez Montgomery.

Afterwards they visited Mrs. Ann Cody in the Medical Plaza Nursing Home.

Cuthand 4-H Has Party

The Cuthand 4-H Club had a Halloween Party October 28. They had a hayride and weiner roast and marsh-mellow roast, and played games.

Thanks are extended to all the parents, grandparents and children for coming and making it a success.

Wagon drivers Truman Baird and Johnny Hamric did a great job, as did Dewayne Martin, who kept the fire truck on standby to prevent accidents or fires.

The Cuthand 4-H wants to welcome any parents or children to attend their next meeting on Sunday, November 12 at 3:00 p.m. at the Cuthand Community Center.

The club also wants to express thanks to everyone who worked so hard in helping to mow grass and made repairs to the community center building, and for the extra wagons and tractors that were on hand.

Have A Nice Weekend!!

ANOTHER LESSON TO BE LEARNED...

...FROM DAD!

Teaching them about Savings

Learning the Savings habit early in life is important for your children, and one of your many responsibilities is getting them started as soon as possible toward a Savings goal.

Here at People's National Bank, we make it easier for you and for them, easier and more fun too, with interested and friendly folks who are members of our Community. Come on in and help them open their very own passbook Savings account and remember, it's not how much they save, but how regularly they save. Teaching your kids good habits like this is just another reason why they'll think you're the best Dad in town!

Tigers Use Big Finish To Beat Rebels

By Gary House

The highly favored and decidedly larger Leonard Tigers got quite a scare from the homesteading Rivercrest Rebels last week, before overtaking them with three fourth quarter touchdowns to break open a close game, 40-26. The momentum of the contest was changed on the second snap of the fourth quarter, when facing fourth and five from the Rebel eight yard line, Tiger running back Trey Trenholm appeared to be halted well short of the first down stripe by a tenacious Rebel goal-line type defense. However, the official gave the Tigers "the bounce" and after a lengthy glance, awarded a first down to Leonard. Buoyed by this generous gift, the Tigers scored on the next play to take a ten point lead.

The Rebels used their season long trademark, the ong gainer, together with a no huddle Quick pitch offense to bewilder the Tigers for three periods. Senior tailback Jeremy Abshier, once again displayed his athleticism, by converting the game's second play, a simple trap call, behind the block of Chad Ingram, into an 86 yard touchdown run. The fiery Rebel rushed for 220 yards on eleven carries.

Abshier got needed help from a health-at-last fullback Marcus Savage who netted 100 yards, including a pleasurable 70 yard touchdown rumble at 2:02 of the first quarter, giving the Rebels the lead 12-6.

Overall, the Rebels accumulated 442 yards, the balance coming from the arm of Quarterback Shane Beers, who completed nine of twenty-two attempts for 109 yards. The passing effectiveness was enhanced by the Rebel's second quarter use of a no huddle Houston Cougar-type offense, which found Beers taking the snap and firing quickly to one of three wide-outs.

"That offense worked well for us, and we plan to perfect it this week to use against Cooper", commented Coach Terry Giddens.

Leonard, who now faces Wolfe City in a battle for the bi-district playoff spot, used a trio of running backs to rack up 423 yards, as all three passed the centry mark. Bheind a massive Tiger offensive line, Trenholm rushed for 201 yards, and three touchdowns, while Chris Garza added 117. Perhaps the most impressive runner for the Tigers was 202 pound quarterback Shawn Wilkerson, who used his size like a fullback to ac-

count for 105 yards. In addition, Wilkerson passed for 84 yards on three completions of five attempts, all of them at critical junctures of the contest.

Although the second quarter of the contest was scoreless, the third was a topsy-turvy affair. Leonard took the kick-off and, utilizing their half-time adjustments, marched 79 yards in just under five minutes to knot the score, then take the lead on Wilkerson's two point conversion run.

Three plays later Abshier ran the sweep, and tightroped the far sideline for 72 yards to give the Rebels the lead, 18-14. The play was the Rebel's ninth touchdown of the year that has covered fifty yards or more.

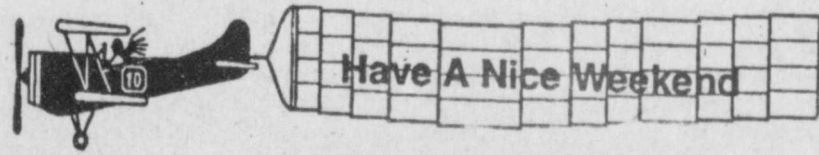

With the Tigers ahead by two points, the game's crucial play came early in the fourth quarter, and turned the tide in favor of the Tigers, who capitalized on the call as well as on their superior size. However, the Rebels managed a late tally on a three yard run by Savage, which capped a Rebel sixty-nine yard march.

The Rebels face an imposing task in their season finale, as they travel to

play the fifth ranked team in Class 2-A football, the Cooper bulldogs. The Dogs, who are undefeated, have already made the playoffs. "Cooper is not just a one man team" evaluated Coach Gideens. Most of the publicity has focused on the highly touted "Bam" Morris, whom the Dallas mOrning News has cited as the state's best running back this season. Morris is the leading rusher, having passed the 2000 mark this week. But the Dogs also boast running back Byron Bonds, and quarterback Stacy Miller, who last week passed for more than 100 yards to augment the powerful rushing game.

"We're not afraid of Cooper" said Giddens. "It seems that Rivercrest always plays well against them."

The game will close the school-boy gridiron careers of seven Rebel seniors, Clint Tidwell and Joey Webb, while sidelined by injuries. Interior linemen Chad Ingram, Kevin Binion and backs Abshier, Savage and free safety Todd Duffer have served as the team leaders this year. All have made significant contributions to the football program at Rivercrest.

Fire Ant Activity On Increase

By Paul D. Payne
Lamar County Extension Agent

The Imported Fire Ant is being observed in more areas of the county this fall, and this is not good news. The ant was first reported in the county five or six years ago, and they have been mainly restricted to the urban area. However, there is no reason why the pest will not eventually spread to all areas of the county. We will not be able to eliminate the ant from the county. I make this statement because efforts to control the ant in the Southeast and Texas have been unsuccessful. Therefore, we must try to manage the ant and learn to live with them.

Everything one has heard about the Fire Ant is probably true. Their sting is painful and they can kill baby calves, humans and wildlife. Currently there is no single universal solution to the fire ant problem. Before attempting any control measure, consider all of the available methods for achieving the most satisfactory results. Not controlling fire ants is one option, particularly where they do not directly interfere with man or man's activities. In areas where the imported fire ant is not widespread, individual mound treatment does less damage to native ants that slow the spread of the fire ant. Insecticidal products registered for fire ant control usually are labeled only for certain treatment sites.

An acre of land will support only a limited number of fire ant colonies. These may be in the form of a few large mounds or a large number of small ones. A few large mounds consume as much food from the environment as many smaller mounds. Established ants defend territories, preventing the establishment of new colonies in their territory. Maintaining several large, stable colonies in locations that do not interfere with the activities of man may be an ecologically sound method of stabilizing the fire ant population in certain areas.

Chemical control techniques include surface application and individual mound treatment. Mounds may be treated by drenching with a chemical, applying granular products and dusts or applying a bait formulation to the mound area. There are also liquid fumigants as well as injectable products. There are 91 products labeled for use on fire ants. One should always read the label prior to purchasing one of these chemicals to determine the method of application. For instance, dusts should be sprinkled on the mound where the ants pick up the material. Other materials are applied as a drench.

When applying a granular product measure the amount of material and sprinkle it on the top of and around the mound. Do not disturb the mound. Then, using a sprinkling can, water the mound gently, trying not to dis-

turb the colony. Several days may be required before the entire colony has been killed.

There are several products on the market containing pesticides formulated on a bait of processed corn grits coated with soybean oil. These products are applied around individual mounds or to larger areas. They should be applied when working ants are actively foraging. Sprinkle the bait around, but not on, the undisturbed mound.

Amdro kills ants ingesting this product and approximately 80% of the mounds in the treated area will become inactive within a period of five weeks. Log, Affirm and Pro-drome are insect growth regulators. They do not affect the worker ants, but render the queen ants incapable of egg production and cause the brood to develop into non-worker ants. Thus, reduction of mounds within the treated area is slow, requiring several months to a year before worker ant activity stops.

So, one can see that it is important to consult the label before making a chemical purchase. The use of a chemical name in this report does not imply a recommendation over other chemicals. For a complete list of approved pesticides request a copy of the bulletin, "Fire Ants and Their Control" from your County Extension Agent.

Coconut Cream Pie

- 1 Keebler Ready-Crust Butter-Flavored pie crust
- 2 1/2 cups milk
- 2 eggs, beaten
- 1 pkg. (6-serving size) instant vanilla pudding pie filling
- 1 cup shredded coconut
- Whipped cream or topping

In heavy saucepan, beat milk and eggs until thoroughly combined. Add pie filling mix. Cook over medium heat, stirring constantly, until mixture thickens and just begins to boil. Remove from heat and stir in coconut. Pour into crust; cover surface with plastic wrap. Chill until firm, about 3 hours. Garnish with whipped cream or topping and toasted coconut, if desired.
