Okay, so I'm not civilised. My husband says it's due to my Scots ancestors, which were known as "oatmeal savages".

Personally, I say it's because I simply want to do what needs to be done as quickly and directly as possible.

But at any rate, my fastidious spouse thinks that I'm totally uncivilised and really disgusting at times.

Most people probably will agree with him.

The whole conversation began Sunday night during a visit at some friends. The family cat had a terrible abscess on his front shoulder. The cat didn't like them fooling with it.

So I gathered aforementioned cat into my lap, soaked the shoulder down in warm water, trimmed back the hair and worked at draining the pus out of the wound, then packed it with antibiotic powder.

Voila, cat was taken care of!

During that time, however, my hostess had fled to the bedroom in horror and my husband had moved to another chair...one very far away.

After my impromptu veterinary treatment I did go wash my hands, then proceeded to eat some snack or another.

Hostess exclaimed "How can you EAT after that". Anyone who knows me should be able to tell that I can ALWAYS eat!

My husband preceded at that point to say he was surprised I bothered to wash my hands at all.

He told off on me. Saturday morning, when we were at the pasture, Thomas got a large splinter in his hand. Of course, we were off in the middle of no where with no needle, not even a knife with us.

He gouged around with the sharp (sort of) edge of a screw driver and got one end of the splinter poking up.

We couldn't get a grip on it, so I suggested that I'd use my teeth.

He looked at me in horror. "I've been handling that cow," he exclaimed. "My hand is DIRTY".

He dug some more. Then he rummaged on the dash board for something else and I grabbed his hand, clamped the splinter between my teeth and drew it out.

He looked at me in disgust and shock. I informed him that the splinter was out, wasn't it?

So now he's running around telling everyone that I'm uncivilised. He uses these instances, and a number of more, to illustrate his point.

Well, I don't care. If I'm not very "couth" at least I get results.

I have a strong stomach and very few qualms in this world. It may not be sweet, but it's efficient!

A number of people have commented on a flock of snow geese that went over Monday afternoon. The flock literally stretched from one side of the sky to another, and must have contained hundreds of the big birds migrating back north. The sunshine glittering on their wings was reportedly strikingly beautiful.

Do You Believe In Miracles? The Logans Do!!

On Easter Sunday, March 26, 1989, a baby boy weighing 8 lbs. 6 oz. was born to Teila and Tim Logan at Titus County Memorial Hospital.

All was normal and well for the young couple and their first baby, but life's cards are not always dealt fairly as we see it, and when baby Trey was taken for his 2-month check up, he did not return home.

Dr. Chapman of Mt. Pleasant Pediatric Clinic had found something he felt needed immediate attention. Trey was sent to Baylor Hospital in Dallas and then transferred to Children's Hospital in Dallas. His diagnosis was Neuroblastoma (cancer in infants). The young couple was told that only 1/4% of this type cancer is found in children under one year old, and if a child has it, it's often too late to help when the disease is discovered.

Baby Trey's chances were originally considered "slim to none". The

community rallied around the family and gave bake sales and ball tournaments to help pay expenses that were astronomical.

Trey underwent his first surgery on June 6, 1989 at the age of three months. The results were not good and chemotherapy was begun.

After nine treatments, endless months of emergency trips to Dallas and two more surgeries, Trey has been pronounced clear of cancer.

The doctors explained this to the Logans as "simply a miracle", since the latest exams of Trey had shown another tumor on his liver, either as big or bigger than the first one found.

This wonderful news was given on January 23, 1990, and Trey returned home to Sugar Hill on January 26, 1990. Trey presently weighs 14 pounds and is gaining every day. Mom says "By his first birthday on March 26, maybe he will have eye-

brows, eyelashes and some new hair on his little bald head."

Trey will return to Dallas at the end of February for a check up and a monthly check will be done for one year. If all goes well, after one year, the check ups will become yearly. Trey's growing learning progress will be watched closely to help doctors learn more in order to help other children.

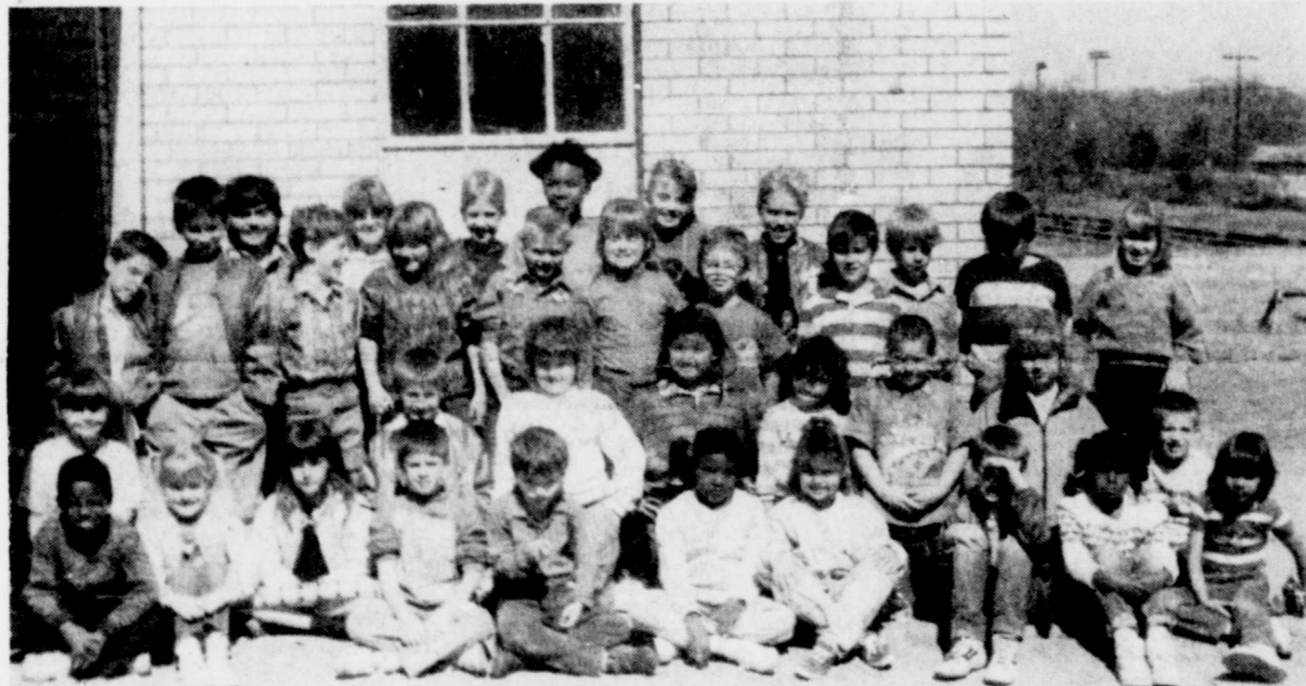

Tim and Teila said "We cannot begin to express our appreciation to family, friends and complete strangers, who said prayers, donated their time and money to help us save our baby", and as a last wish, expressed they would like to one day be grandparents.

Stories like Trey Logan's are seen and heard every day, but seeing and holding one of life's miracles first hand can put a deep feeling of awe in the heart.

the odds and is now cancer free. (Staff Photo by Nancy Brown)

HOW DO I LOVE THEE? This ageless sentiment has been expressed in card and verse for perpetuity. Many of those timeless reminders were on display last week as part of the First Baptist Church of Talco's Valentine Banquet. The idea was originated by Mrs. Jerry Payne, a member of the church, who collected and assembled the memorabilia from the congregation for the special valentine. There were about 20 entries submitted, with the oldest dating to 1913, furnished by Mrs. Mary Welch, and was presented by her father to her mother. Several of the cards were from the year 1928, were noteworthy in their detail, and were owned by Mrs. Dick Hood. The oldest card from a husband to a wife was from Reg to Eva Weisiger, and was from 1936. The display sparked much conversation and evoked many recollections. (Staff Photo by Gary House)

Benefit Tournament Held For Talco VFD

The Maple Springs Church sponsored a volleyball tournament at the Sugar Hill gym on February 17 with all proceeds going to the Talco Fire Department and Rescue Unit.

Participating were teams from Talco, Lone Star, Omaha, Naples, Sugar Hill, Argo, Mt. Pleasant and the Rivercrest High School girls.

Donations were made by Maxine's Donut Shop and Dairy Queen #1 in Mt. Pleasant and many other discounts were given by area merchants.

These, along with money donations made by individuals, were greatly appreciated, as nearly \$250.00 was raised on chances sold on a baked ham baked by Mrs. Wilma Fry. Leon

Adkins of Sugar Hill was the winner of the ham.

A stew supper was held in the afternoon with Jerry Lorraine and Randy Hollis of the Talco VFD helping call lines during the entire day and other firemen and women attending were Mr. and Mrs. Randy Carroll, Mr. and Mrs. Darryl Stockton, Mr. and Mrs. Randy Pitts and Mrs. Sherry Hollis and girls. The benefit grossed \$1,350.00 and after everything due was paid, the fire department will receive \$1,150.00. Everyone who participated in the kitchen, at the concession stand, players and spectators were greatly appreciated.

Rebels Tie For District 17-AA Championship

After defeating the Como-Pickton Eagles on the road by a score of 53-35, the Rivercrest Rebels positioned themselves to go for a shot at the District 17-AA championship. That is precisely what they accomplished on Friday night at Joliet in the regular season finale, as they defeated the Chisum Mustangs, 65-61, forcing a tie breaker game on Monday night.

A packed house saw the Rebels play their best overall game of the year, according to Coach Wake Wood. Even though starter Galen Logan was sidelined with injuries, the Rebels' cause was enhanced by the play of senior forward Jason Lanford, who started for Logan.

The Rebs built a 13 point lead midway through the second quarter, but the Mustangs fought back to erase that lead late in the contest.

But senior Donald Combs, who scored 8 of his game leading 19 points in the final eight minutes, repeatedly penetrated the soft Mustang defense for buckets. Teammate Jeremy Abshier also did the dipsy-doodle on the Mustangs and ended the contest with 15 points. Two other Rebels, finished the game in double figures, Jason Pogue had 14 and Ronald Simmons had 10 points.

The Monday night game at Paris Junior College was played before a packed house, and was intense in the calibre of play. Although both teams will advance to bi-district play-offs later in the week, the Reels wanted to earn the right to be called CHAMPS.

A Rebel win would also mean that

they would not have to face defending state Class 2A champion Edge-wood in the opening game of Bi-District play. With starter Logan still sidelined with a bruised knee, and senior post Jason Pogue finding himself in early foul trouble, the Rebels were in an awkward position. Yet, the forced the contest into overtime before falling to the Mustangs 67-57.

The Rebels trailed 27-16 in the second quarter when Pogue was whistled for his fourth foul. At that point, senior Combs began to bomb from 3-point territory, and by halftime the Rebels were behind only a point, 29-28. Combs led all scorers with 19 points.

The strategy of Coach Wood in calling for the Rebels to employ a four-corner attack enabled them to take a lead on the first shot of the third quarter; with 5:28 to play, a bucket by Kevin House, who moved to the low post slot with Pogue on the bench, gave the Rebels their final lead of regulation, 34-33. House finished with 13 points, and played the defensive boards well grabbing six rebounds, as well as three steals.

The Rebels fell behind by 7 points, 51-44, with 5:02 left to play in the game, but a bucket by House, and a pair of free throws by Jim Purviance, cut the Mustang lead to 3. Then Jeremy Abshier hit the next six Rebel pints, and Combs knotted the score at 55 with :21 seconds to play on a free throw.

A missed Chisum free throw went out of bounds to the Rebels with :12

seconds left. The Rebels worked to win the game in regulation, but a non-call on a push foul to House caused him to pass to Combs whose shot from eight feet was partially blocked with :03 seconds left, to send the game into overtime.

Although the Rebels scored the first two points in overtime, their energy was spent, and with two starters benched with fouls, the Mustangs were able to pull away to the 67-57 win.

But congratulations are in order to the Rebels for making the play-offs for the first time in five years. With a little luck, and continued fine play, the Rebels may go far in the post season play. Coach Wake Wood, Eddie Barker and the entire Rebel crew are to be praised for their efforts. GOOD LUCK!!

The Rebel Junior Varsity showed just how much they have improved since the onset of the season in their home-closer against Chisum on Friday night. Down 16-3 after one quarter, the Rebels went on a 23-7 blitz as Corey Gable hit 12 of his game leading 25 points for a 26-23 halftime lead.

The onslaught continued in the third, as Reggie Alford pitched in 11 to give the Rebels a commanding 42-31 lead.

Alford, a 6'3" freshman, finished with 21 points, giving the post tandem a total of 46 points. The final score was 57-44 as the future varsity players gave an indication of how they will contribute next season.

Gardening Time Has Arrived In East Texas

By Herb Brevard

Gardening generally gets into full swing during February in east Texas.

"Many of our vegetables can be successfully planted or transplanted in February," said Marty Baker, horticulturist for the Texas Agricultural Extension Service. "However, March and April are the months when warm season vegetables are planted."

"Beets, broccoli, brussel sprouts, cabbage, carrots, cauliflower, chard, collards, English peas, garlic, kohlrabi, onions, Irish potatoes, spinach and turnips can tolerate cool temperatures this time of year," Baker said. "If really severe cold weather is expected, some of these vegetables may need extra protection from the cold."

"Several practices are critical to successful vegetable gardening," Baker said. "Proper selection and preparation of the garden site is very important. The area should be well drained, have access to sunlight most of the day, and contain soil with a high organic matter content."

A soil test is the best method of determining the fertilizer needs of the garden.

"One of the biggest mistakes made by many gardeners is planting too much and trying to grow vegetables on too large an area," Baker said. "Only a small area is needed to produce enough vegetables for the average family. Vegetable planting guides are available from local county extension agents. These guides suggest when to plant, what to plant and how much production can be expected from 100 feet of row. Gardening should be fun as well as produce fresh, delicious vegetables for the family's food needs."

Social Security Notes
By Ray Hudson, District Manager

Although, in general, the earnings test is the same for self-employed people as for wage earners, there are some differences. It's important for people who receive earnings from self-employment to be aware of the differences.

The earnings test places a limit on the amount of money a beneficiary can earn without affecting benefits. In 1990, the limit is \$9,360 for people 65 to 70 and \$6,840 for people under 70 and older.

each \$2.00 earned over the limit for people under 65; for those 65-69, the withholding is \$1.00 in benefits for each \$3.00 of earnings. The earnings test does not apply to people who are 70 and older.

The difference comes during the first year of retirement. During the first year of retirement, wage earners can get a full benefit for any month they don't earn more than 1/12th of the annual limit, regardless of their earnings before retirement. However, self-employed people can get a full

benefit for any month they don't perform substantial services in self-employment, regardless of their earnings in any month.

Whether or not services performed in a business are "substantial" depends on a number of factors. They include the amount of time devoted to the business or profession, including time spent planning and managing, the kind of work done, and how the work compares with what the person previously did.

The more valuable and highly skilled the work performed, the more likely it is to be considered substantial.

In general, more than 45 hours of work devoted to business during a month constitutes substantial services. Less than 15 hours a month is never considered substantial services.

People who need information on the retirement test should be sure to call the nearest Social Security office.

You: An Ethical Angler?

The next time you go fishing, you're likely to see a sticker on tackle boxes that encourages anglers to practice self-restraint.

Ethical anglers keep only the fish they need.

It's part of a conservation program—FUTURE 21. FUTURE 21 stresses the nonconsumptive aspects of sport fishing. The sticker is headlined: "Angler Ethics" and contains these ten guidelines:

- Keep Only the Fish Needed
- Never Pollute—Properly Dispose of Trash
- Sharpen Angling and Boating Skill
- Observe Angling and Boating Safety Regulations
- Respect Other Anglers' Rights
- Respect Property Owners' Rights
- Pass on Knowledge and Angling Skills
- Support Local Conservation Efforts.
- Never Stock Fish or Plants into Public Water
- Promote the Sport of Angling

The measure of a successful fishing trip is not necessarily a full stringer of fish. To the true sports angler, "the thrill's the catch, not the keep!"

For more information on Future 21 and the ethical angler, write: Future 21, 1010 Massachusetts Avenue, NW, Suite 100, Washington, D.C. 20001.

Reunion Held For Iwo Jima Veterans

Bill White of Bogata attended a reunion on February 15-18 for the survivors of Iwo Jima, a major battle in the Pacific during World War II.

The reunion was held at the Hilton Hotel in Baton Rouge, LA.

While there, Bill met Mr. and Mrs. Vernon Thedford of Tarpin Springs, Florida. Vernon is a former Bogata resident and a brother of Mrs. Jack (Mable) Trout. Vernon's wife, Jessie Lou, is the former Jessie Lou Bond of Bogata. They had an enjoyable visit and saw many other Marine buddies.

Bill obtained a copy of a Japanese message to the Japanese forces right before the Americans captured Saipan. The letter apparently was written to the Japanese forces by General Saitors, Japanese Imperial Army. It reads:

"I am addressing the officers and men of the Imperial Army on Saipan. For more than 20 days since the American Devils attacked the officers, men, and civilian employees of the Imperial Army and Navy on this island have fought well and bravely. Everywhere they have demonstrated the honor and glory of the Imperial Forces.

"I expected that every man would do his duty. Heaven has not given us an opportunity. We have not been able to utilize fully the tension, we have fought in unison up to the present time, but now we have no material with which to fight. Our artillery for attacks has been completely destroyed, our comrades have fallen

one after the other. Despite the bitterness of defeat we pledge 7 lives to repay our country.

"The barbarous attacks of the enemy are being continued even though the enemy has occupied only a corner of Saipan. We are all dying without avail under the violent shelling and bombing. Whether we attack or stay where we are there is only death, however in death there is life.

"We must utilize this opportunity and exalt true Japanese manhood. I will advance with those who remain to deliver still another blow to the American Devils, and leave my bones on Saipan as a bulwark of the Pacific.

"As it says in the Senjishen (Battle Ethics), I will never suffer the disgrace of being taken alive and I will offer up the courage of my soul and calmly rejoice in living by the eternal principal."

General Saitors, Japanese Imperial Army, Died 1000, 6 July, 1944

Bill obtained the letter from Josias O. Villarreal of San Antonio, who was in intelligence during World War II.

It demonstrates clearly why the U.S. Forces had such a tremendous time winning against the single-mindedness of the Japanese.

The Americans on Iwo Jima truly deserved the motto engraved on their 45th anniversary reunion program, "Uncommon Valor Was A Common Virtue".

A Texan's Travels

By Connie Sherley, Austin Author

TEXAS GIFT IDEA: "Texas Highways," the official travel magazine for the Lone Star State, makes a great gift for relatives, friends, business associates and former Texas residents. Each issue of the beautiful magazine, noted for its articles and its splendid photos, provides a wealth of pleasure and information.

Cost of a year's subscription is only \$12.50. Send a check or money order to Texas Highways, Circulation Office, Box 5016, Austin, TX 78763 for a gift copy for yourself or for someone else. Critics tell me it's the best state magazine published in the U.S., which is just what Texas deserves!

RIDING THE RAILS: The Eurailpass was my ticket for almost 3,000 miles of European train travel last fall. Combining a 15-day Eurailpass with a 4-day Swiss Pass provided a bonus of unlimited travel on the public transportation systems in Zurich, Lugano and St. Moritz, the Swiss cities I visited, plus the scenic coach trip between Lugano and St. Moritz on the Palm Express.

Combined with trips via the high speed Pendolino from Milan to Rome and a holiday near Cortina in Northern Italy, travel by train was an exhilarating way to see a lot of Europe in a leisurely manner.

Ask your travel agent about the Eurailpass or the Youthpass when you plan your next trip to Europe, and ask, too, about the Swiss Pass. The Swiss Tourist Office locations are at 608 Fifth Ave., New York, NY 10020, and 150 N. Michigan Ave., Chicago, IL 60611.

TIP FOR HONOLULU: The lei shops along Mauna Kea St. in the heart of Honolulu's Chinatown were my last stop before my recent return flight to Texas on American Airlines, which whisked me to Dallas/Ft. Worth and then to home in Austin.

Vanda orchid leis may look fragile, but they travel well and are unique souvenirs and gifts for less than \$5. Shop around a bit, picking out the shop with the best selection and price.
