Worth

By Nanalee Nichols

For a while it seemed that traffic would continue to move smoothly. Sure, there was a line of cars behind me stretching back around the curve and out of sight, and ahead of me there was another line of vehicles.

But, inevitably, traffic came to a halt.

Then it was typical rush-hour insanity.

There was no possible way to exit. No possible way to switch lanes.

No possible way to do anything.

It was move three feet (with-out rear-ending the vehicle ahead) and hit the brake. Move two feet, sit a long while. Move three more feet forward and search the radio dial for something interesting to listen to. Finally movement ceased altogether.

The cause of the slow down was up ahead. Emergency vehicles in number cast wierd shadows against the wall of the night as their flashers made stroboscopic patterns over vehicles and landscape alike.

Overhead lightning crashed and cracked, as nature seemed to add an angry, eery overture to the traffic problem. One expected the sky to open at any moment and release a deluge which was only going to make things worse...much, much worse.

This wasn't a traffic jam at Stemmons Freeway in Dallas. It wasn't Houston, nor on the Loop in Chicago. Oh, no, it wasn't THAT simple.

This was traffic jam on the back road! And I do mean back road...as in deadend, barely-one-car-wide, deep ditched county road.

The whole thing started when a house fire was called in to four fire departments. The house fire turned out to be a grass fire. The location turned out to be on the back side (wayyyyyy back) of nowhere!

And all those fire trucks, fire men who didn't make it in time to ride the fire truck photographer (me) and people who just came along for the ride found themselves at the end of that muddy track literally before they knew it!

And let me tell you, folks, the big cities don't have a thing on us when it comes to creating a traffic snarl under those conditions!

It took upwards to an hour to let people pull into the one turn around point, back up and inch out and back down the road.

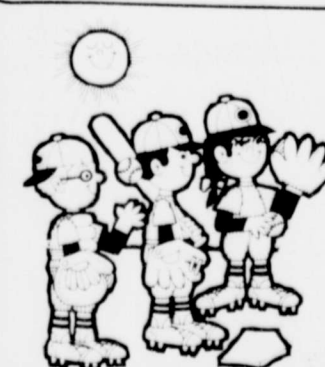

In the meantime major efforts had to be directed towards getting the poor fire truck that had buried to the axles out of the mud.

All in all it was a taste of backroads transportation problems at their best, or worst.

Perhaps we ought to consider a bus system...you know, like Dallas "Dart"?

Fire time comes we could load up everyone on one vehicle and ROLL!

Well, no, I don't guess that is too good of an idea. It was only a thought.

A whistle attached to a key chain attracts attention if trouble occurs, they stated.

Concerning sexual assault the officers said that it occurs to all ages. There is active, passive, and verbal self defense.

Verbal is to try and talk the assailant out of any action.

Passive defense is to try not to antagonize the assailant, and make him think you are co-operating.

Active defense is poking in the eyes, kneeling, stamping on feet, head butting, biting, elbowing in ribs, hitting in adam's apple, a hand under the chin or even hair spray directed at the eyes.

Other options include creaming, running, hiding.

With the aid of slides the officers from the Texas Department of Public Safety made the public much more aware of the things they can do to help prevent becoming victims of crime, surely an important subject in today's world.

Plaques of appreciation were awarded to both men by Annie Lee Moore.

Letter To The Editor:

Dear Sir:

I am seeking to locate an old Army buddy that I have lost track of over the years. We are going to have a Company Reunion in 1990 and I need to contact him. All my addresses are very old and this makes it very difficult in locating him.

His name is Modie L. White and his last known address is Rt. 1, Bogata. His army outfit was the 92nd Signal Bn. and we were together in Europe in World War II. If you can be of any help I would appreciate it.

Yours Truly,
Paul Averitt

Hello: My name is Laurie Fetzner. I live in Palm Harbor, Florida, am 29 years old and I am blind. I would like to hear from women ages 25 to 38. If you care to write me, could you please type the letter, for I have a special machine that raises up the letters so that I can feel and read it. It can only read hand printed and typed materials. I really enjoy writing letters and receiving them as well. Come on, everyone, fill my mailbox. I never have too many friends. Thanks!!

Cuthand News

By Linda Eilers

History of Cuthand: The early settlers named the town for Cuthand Creek, so called for Chief Cuthand, an Indian who befriended the white man and helped negotiate peace treaties with hostile tribes in the neighborhood.

Mr. and Mrs. Albert Harville were in Kilgore Monday to visit friends. They drove around Caddo Lake and headed home and reported the dogwood trees were in full bloom and beautiful.

Kenneth Wooten of Dallas and Billy Gene Wooten Jr. of Kaufman spent the weekend with their grandparents, Milt and Elvis Wooten. While here they went to the movies with James and Linda Eilers Saturday in Paris.

Jim and Barbara Branch of Bogata and Scott and Diane Branch of Andrews visited Albert and Agnes Harville Sunday.

Elaine Baird and Diane Easley spent the night Saturday in Ashdown, AR. While there they helped Diane's mother-in-law pack things up to ready

for their move to Cuthand. They returned Sunday.

Amanda Durock visited Eric Aldridge Sunday. Amanda had an egg hunt for Eric.

Some of the Cuthand 4-H members attended a surprise baby shower for Mrs. Lynn (Barbara) Golden at the Detroit Methodist Church on Monday night.

Mr. and Mrs. Billy Wooten Sr. of Kaufman spent the day Sunday with Milt and Elvis Wooten.

Barbara Branch, Rhonda Modesitt of Richardson and Scott and Diane Branch visited Saturday with Rick and Ferby Baird.

Mrs. Helen Barnett had to be rushed to the hospital Saturday night in Mt. Pleasant. She is having problems, so please remember Helen and J.D. in your prayers.

Kilborn Moore of Terrell spent Sunday with his sister, Bell Borders.

John Allen and family of Bogata had lunch with his parents, George and Imogene Lindsey.

Laurie Borders and daughters, Laurissa and Stacy and Imogene

Lindsey attended church with Bell Borders in Clarksville.

Eunice Miller and daughter visited Helen and J.D. Barnett Sunday.

Linda and Cami Eilers attended the Easter Cantata at the College Avenue Baptist Church in Clarksville Sunday night.

Rich Cities

Of the 10 most populous U.S. cities, the two richest are in Texas. They are Houston, then Dallas, says National Geographic.

Bruce, Jennifer & Giles Christie would like to thank everyone in the area for making them feel so welcome during their move into the home formerly owned by H. Drue Pirtle.

Thank you Drue & Gene for waiting so many hours at the airport, you can't imagine how good you looked to Jennifer after that nightmare flight into Paris.

Thank you Gene for being Noah and transporting the entire Christie menagerie and helping Giles with the unloading.

Thank you Punkin, Mary Lou and Mary Katherine for feeding your new neighbors.

Thank you to the whole Johntown Gang for being there, for calling on us and just saying "Hi"!

Thank you to the super folks in the Johntown Store, the Stores in Bogata and the People's National Bank.

The three of us would like to extend a special, VERY BIG THANK YOU to Letha Brown for working so very hard to get us unpacked and settled.

With our warmest wishes,
Bruce, Jennifer and Giles Christie

Hello, Doctor? It's my daughter...she's running a fever and it's getting worse...Can you...hello?

At Contel, we know how important a properly functioning phone system is. Sometimes, it can literally be a matter of life or death.

Unfortunately, not everyone understands. Every month--especially in the spring--numerous phone cables are cut in Contel's local serving area due to digging.

Contel posts warnings on telephone line pedestals and along cable routes indicating where cable is buried in the area. A toll-free 24-hour telephone number (1-800-628-2DIG) is printed on those warnings so that anyone planning to dig can call Contel. We will immediately dispatch someone to mark the exact cable location, free of charge.

Please, call Contel before you dig. Because when you cut a phone line, it is more than just inconvenient. A lot more.

Letter To The Editor

To The Editor:

I have read much "For" and "Against" the Dimple Reservoir, as well as H.B. No. 829, which is the Red River County Water District's law. Every citizen of Red River County should read this law. Don't listen to the good factors without knowing the bad factors. Give special attention to Powers of District, Eminent Domain, and Conflict With Other Laws. See for yourself!

After reading Power of District, I considered selling property, which has been in the family for 3 generations rather than lose it to the building of Dimple Reservoir or place a burden on myself and future generations.

Did you know an individual purchasing property in Red River County signs a notice attached to the insured title, which states that the property being purchased is located in the Red River County Water District and the district has taxing authority separate from any other taxing authority, and may, subject to vote approval, issue an unlimited amount of bonds and levy an unlimited rate of tax to pay such bonds? The word UNLIMITED is plain SCARY.

Being a member of a Pioneer Family of Red River County, it would please me to see the "Clarksville" I used to know. But Dimple Reservoir won't make it so. That would take a miracle and people working together. Dimple Reservoir is not a miracle and the people are divided. I want Clarksville to prosper as well as have water, if that is what they want, but from other affordable sources.

Friends, there will be an election on May 5 to re-elect members of the Red River County Water District Board. Majle Jones and Leonard Spears are running for re-election. They are doing away with the Water District. If you are against the Dimple Reservoir and UNLIMITED TAXES, vote to re-elect MAJLE JONES and LEONARD SPEARS. They will save you TAX DOLLARS. Thanks for listening, Elizabeth Pool Bagwell, TX

Dear Editor:

I would like to thank Mrs. Dixie Thompson for the best little publication in Texas. I'm referring to the Citizens For Progress Newsletter edited by Jim Dick Lovett. I find the newsletter very informative but best of all no corny cartoon characters just the facts. It's far superior to Brand X Newsletter which is incapable of differentiating between fact and fantasy. To be fair you have to admit Brand X Newsletter is certainly not cluttered with silly little old facts and the funnies, although I much prefer Garfield and Peanuts, aren't too bad considering you can't quite get the punch line. In addition they could always sponsor a coloring contest with a prize, possibly a Mickey Mouse poster, being awarded to the one who does the best job of coloring Tex and Slim.

Never the less if you prefer the unadulterated truth to half truths, inuendos, rhetoric, hoopla, gobbledygook and just plain old bologna, contact Mrs. Dixie Thompson.

Sincerely,
Jimmy R. Mauldin

Dear Editor:

I am sending an engagement announcement I would like to have put in the Bogata News. I am enclosing postage. Please return the picture to the address on the back, or to me. Thank you very much.

THE RIVERCREST girls softball team traveled to Blossom to meet the girls team from Prairiland. Rivercrest won 7-2. Pitch-

ers Jerilyn Russell and Tonya Hawkins sent 12 batters to the bench with strike-outs. The Rivercrest defense had only one error for the whole game. Fielders Katy Ross and Patches Raines showed their ability for the Rebelettes. The girls will play again Monday, April 23 and everyone is invited to come out and support the girls and boys baseball teams. (Staff Photo by Nancy Brown)

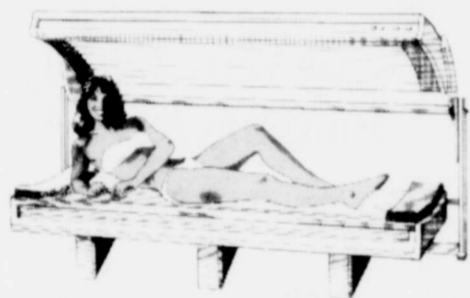

Also, I noticed, in last week's paper, the notice of the 1940 class reunion. Some of the class was listed as deceased. Since I didn't see a name of anyone to contact, I am wondering if there is some way you could let someone in the class know that my husband's sister, Dora Puckett Roberts, died in Oklahoma City on October 1, 1987.

We enjoy receiving the paper each week, as we still have lots of friends and relatives in Bogata. I do wish you could find a correspondent for the Johntown News as that is where I grew up. I also especially enjoy reading the Nichols Worth.

Thank you,
Mrs. Bill Puckett

LOW-COST NO-COST ENERGY SAVINGS

How to cook up some energy savings

If you have an electric oven, you can save energy by limiting the number of times you peek in the oven. Each time you open the oven door, you lose approximately 20 percent of the heat.

You can also save energy when using electric surface units by turning off the unit a few minutes early. Your food will cook just as quickly, but with less energy.

VanDeaver Announces For Water District

Charles L. VanDeaver has announced his candidacy for place #7 on the Red River County Water District. Place #7 represents all of the county precincts 1 and 2. VanDeaver and his wife, Mary Helen, live on their farm about three miles west of Clarksville. They are active members of the First Baptist Church in Clarksville.

VanDeaver was born and raised in the Lone Star and Fulbright areas. After graduating from Fulbright High School, he received both B.S. and Masters degrees from San Houston State University. VanDeaver served two years on active duty in the Army, of which 18 months were in Germany. The candidate was employed by the Soil Conservation Service for more than 33 years of which 19 years were served in a management position. His first 10 years of S.C.S. employment were in Navasota, transferring to Red River County in 1963. During 1967, he worked in Paris and Lamar County. Transferring back to Clarksville, he served as district conservationist from 1967 to 1987.

During his tenure with the Soil Conservation Service, VanDeaver says he helped many people, both rural and in towns with soil and water related problems. During his employment in Lamar County, VanDeaver is proud to say that he started the work on Deport Creek watershed. The dam that protects the City of Deport was later constructed with his help as district conservationist in

Clarksville. "I furnished part of my staff to assist with the engineering survey," VanDeaver stated. "Also the Red River County Soil and Water Conservation District was a co-sponsor before engineering and construction funds could be received," he said.

VanDeaver gives credit to Robert Gwin and the original board of directors for the dams on Langford Creek that protect Clarksville and the surrounding area. However, Langford Lake and others were constructed during his employment here. Many individuals and towns have been helped with the Resource Conservation and Development program. VanDeaver says that he was very instrumental in getting this five county RC&D area started in the only one in this part of Texas. He further stated that during some years, this county received over \$300,000.00 on RC&D projects.

During the 1970's VanDeaver served six years as chairman of the Red River County Water Supply Corporation. "I am proud that many families were added to the system and received running water in their homes during my tenure as chairman," VanDeaver said. "It was during that time the system added expansions at Cuthand, Maple, Pine Branch, Rosalie, Johntown, south of Annona, north and south of Avery, Dimple and Negley. It was during this time that we could not furnish enough water and it became necessary to buy Lake Texarkana water."

After his retirement from the SCS in 1987, VanDeaver was appointed to the board of directors of the Red River County Soil and Water Conservation District. He was re-elected in 1989. VanDeaver is chairman of the Northeast Texas Association of Soil and Water Conservation Districts, which includes a 10-county area. He also serves on the Red River County salary grievance committee and the agriculture and forestry advisory committee with the Red River County Appraisal District.

VanDeaver has helped with many civic projects having been an active member of the Kiwanis Club for over 20 years and twice past president of the local club.

VanDeaver states that he will be glad to continue working for the people of Red River County if elected to the Red River County Water District Board of Directors.

Statement of Intent to Change Rates

In accordance with the regulations of the Public Utility Commission of Texas, Texas-New Mexico Power Company announces the Company's intent to change rates for its entire Texas operations. The effective date of such change is May 18, 1990. All classes of customers will be affected by said proposed changes. The proposed rates will produce an increase in gross revenues to the Company over test year revenues adjusted for test year customer growth and annualization of test year rate increases of \$54,879,334, or 17.00%. TNP is proposing an alternative rate base treatment for Unit 1 of TNP One, the first unit of the Company's generating facility located in Robertson County, Texas. Under this alternative, the costs of Unit 1 will be included in rate base in a three (3) step, ten (10) year phase-in plan. If adopted, the phase-in plan results in an increase in gross revenues of \$43,074,934 or a 13.34% increase over adjusted test year revenues during the first year of the plan. Texas-New Mexico Power Company provides electrical service to more than 163,083 customers located within the state of Texas.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas in Austin, Texas, and with all cities served by Texas-New Mexico Power Company which have retained original jurisdiction. You may inspect a copy of the filing during normal business hours at each business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Rivercrest Softball Girls Team Beats Prairiland

The Rivercrest girls softball team traveled to Blossom recently to meet the Prairiland girls team.

Rivercrest brought home a 7-2 win. Pitchers Jerilyn Russell and Tonya Hawkins sent 12 batters to the bench with strike-outs. The Rivercrest defense made only one error for the entire game and fielders Katy Ross and Patches Raines showed their

ability catching outfield flies for the Rebellets.

Eleven batters for Prairiland took their base on walks, but the Rebellets defense was strong enough to hold the runs from going home.

The girls will play again Monday, April 23. Everyone is invited to come out and support the girls softball and boys baseball teams.
