INVENTORY OF SCHOOL PROPERTY MADE BY BOYS

Mr. Magers and his book-keeping boys have recently done something rather unique for such classes to undertake. Besides working up school accounts and balancing the school board's books, an inventory of school property has been made. As a result of this inventory the class has located and undertaken to repair a deal of "crippled" school furniture. Twelve arm-chairs and four of the cane-bottom variety have been put into shape by the class. These total a value of more than one hundred dollars. Besides doing this, the boys have recently bought and printed with local advertisements a new drop curtain for the auditorium. This curtain is easily worth seventy five dollars. The repaired chairs and curtain together are worth nearly two hundred dollars. This amount saved the school nearly covers the cost of instruction of the class for the entire term. The work was done in one week. This is school cost-accounting unparalleled! But the best thing about it all is the increased sense of values the class arrived at in the process of taking the inventory and following it up with practical "salvage" work.

Abilene contests with Haskell Friday evening at the school auditorium. Contests in both debate and declamation will be staged. No admission will be charged. It is hoped that a representative audience will turn out and encourage this very commendable type of school enterprise. Mr. Magers has trained both declaimers and debaters and deserves all the credit for the very fine showing our boys and girls are making in this field.

Bear Cuts and Curtains have been busy with tree planting and other civic improvement work the last week. The Bear Cuts have undertaken to beautify the library grounds while the Curtain boys have worked heroically on the high school premises. The work will go merrily on until everything possible has been done to improve the grounds at both places.

POPULATION CENTER IS MOVING WESTWARD

The center of population as disclosed by the 1920 census is located in the extreme southwest corner of Owen county, Indiana, 8.3 miles southeast of the town of Spencer. The Census Bureau announced today.

During the last decade the center of population continued to move westward advancing 9.8 miles in that direction and about one fifth of a mile north from Bloomington, Indiana, where it was located by the 1910 census.

The bureau attributed the westward movement in the last decade "principally to the increase of more than 1,000,000 in the population of the state of California."

TAX PENALTY WILL NOT BE REDUCED

County Tax Collector Chas. M. Conner has received the following letter from Lon A. Smith, State Comptroller, regarding the new delinquent tax bill recently passed by the Legislature, which is self explanatory:

"To the Tax Collector: This is to advise that House Bill 156 will not have the effect of releasing or reducing the ten per cent penalty on 1920 taxes, either now, ninety days after adjournment or any time subsequent, as was the intention of the Bill. For want of a two-thirds majority vote, the bill could not have become a law until ninety days after adjournment, which in all probability will be the middle of June. Under our present law the ten per cent penalty applied on all taxes not paid prior to the first of February, and on that date became an obligation on the part of the taxpayer due the state and county.

"Under our constitution the Legislature has no power to release the taxpayer from the payment of taxes or obligations due the state and county, unless in case of great public calamity, and then, only by a two-thirds majority vote in each-house of the Legislature. Consequently the ten per cent penalty will apply without reduction, either now or in the future.

"The above is in accord with an opinion rendered by the Attorney General.

Yours truly,
Lon A. Smith,
Comptroller"

W. R. Carothers of Rule was a city visitor Saturday. While he was called to this office and had to renew his subscription for another year.

Returns from Market Mr. and Mrs. LeRoy Alexander spent a week in Dallas purchasing a new stock of early spring merchandise, which will soon be on display at Alexander's Store.

The Silver Lining

PAVING BIDS WILL BE OPENED MARCH 3

At a meeting of the City Council last Thursday evening the plans for paving the square were approved, as drawn by engineer R. G. Carraway. Bids for the work are being advertised for, and will be opened Thursday, March 3rd.

The plan approved by the paving committee and adopted by the city council calls for an extension of the sidewalks to a width of 20 feet in front of the business property with a sidewalk 15 feet wide around the Courthouse lawn instead of the old iron fence—leaving a street 80 feet wide for the paving.

HOW A REDUCTION IN COTTON ACREAGE AFFECTS THE PRICE

The very best argument that can be found for the decrease of the cotton acreage in 1921, as a means of bettering price conditions, can be found in the effect which an increase or decrease in acreage has had on the price during the last forty years. In forty years the acreage has been decreased from that of the previous year as much as five per cent only six times, but in every instance a decrease in the acreage of as much as five per cent from the preceding year has resulted in a marked increase in the price on December 1 above that of the year before.

The following shows clearly the results:

Year.	Per cent Dec. In Acreage.	Per cent In. In Price.
1892	16.5	15.3
1895	14.7	62.2
1905	13.1	20.0
1907	5.4	8.3
1915	14.7	66.2
1919	7.4	29.3

During these same forty years, 1881 to 1920, inclusive, the acreage has been increased thirteen times as much as five per cent above that of the preceding year. In ten cases out of thirteen, when the increase in acreage has been as much as five per cent over the year before, there has resulted in a decrease in the price on December 1. In only three instances, 1889 to 1913, and 1916, did such an increase in acreage over the year before fail to bring a reduction in price on December 1. In one instance, 1889, there was an increase of 5.8 per cent in the acreage, which brought no change in price. In another instance, 1913, the increase in acreage which failed to bring a reduction in price was only 8.2 per cent, and it followed a reduction of the acreage in 1912 or the year before of 4.9 per cent. In the other case, 1916, an increase in the acreage of 11.3 per cent was followed by a great increase in price over the year before; but this may be attributed to the effects of the war and the larger demand for lint.

The following shows plainly the effects on prices of an increase in acreage of as much as 5 per cent during the last forty years.—Progressive Farmer.

HOME OF FRED MONKE OF MEYERS BURGLARIED

While Mr. and Mrs. Fred Monke of the Meyers community were attending the box supper at the Meyers school house last Saturday night, burglars entered their home and stole a small amount of money and several articles of clothing. Not being satisfied with their "loot," the burglars returned Monday night and broke into his garage and stole the coils out of his car and two new inner tubes. The thieves have not been apprehended.

DANISH VIOLINIST CAPTIVATES CROWDS

Axel Skovgaard, the Danish violinist, appeared at the high school auditorium last Saturday evening in a varied program selected mainly from modern composers. He was ably accompanied by Mrs. Skovgaard, formerly Alice McClung, an American girl and pianist of fame. A surprise in a certain degree was offered to the audience which fill the auditorium, in a series of vocal selections by the coloratura soprano, Miss Pearl Witherbee, who earned encore after encore with her renditions of folk-songs and colorful solos. These three artists appeared here under the auspices of the Annual management and the Athletic Association, who assumed the entire financial responsibility. The appearance of such programs here are altogether too infrequent, and when the public school assumes the burden of bringing such superb talent to the city they are entitled to the unqualified support and gratitude of every lover of the beautiful in art.

TENNIS CLUB ERECTS COURT NEAR BUSINESS SECTION

The Tennis Club recently organized by the young business men of Haskell have erected a court on the vacant lots north of the Free Press office. The new court makes a very attractive appearance.

PACKER FAILS TO HOLD IN KOURI 1

The re-setting of the packer last week in Kouri No. 1, Ballard, proved to be a disappointment to those who are interested in the well. After the packer was set and the swab placed in the well, lowering the water about 1500 feet, the packer gave way, letting the water in again.

Mr. Kouri has made a contract with Oklahoma parties to cut off the water on a guaranteed proposition and the new crew expects to begin work again Monday. It will probably be 30 or 60 days before they will be in shape to make a test of the sand.

A few of the business men of Haskell purchased an interest in the well from Mr. Kouri Monday—demonstrating their faith in the oil situation in Haskell County as well as their confidence in Mr. Kouri.

STYLE SHOW TO BE HELD AT DICK'S THEATRE FEB. 24th

The annual Spring Style Show under the auspices of the ladies of the First Christian Church will be given at Dick's Theatre Thursday, February 24, both afternoon and evening. This is an event participated in by the entire county and will no doubt break all past records, as the Theatre management has booked one of the best pictures obtainable for this occasion. The spring styles shown by the merchants were never more beautiful, and when displayed on living models, Haskell can compete with any city in West Texas.

Make arrangements to attend and remember, purchase your ticket beforehand, as standing room has always been at a premium.

Davis-Lackey

The marriage of Lester Davis and Miss Gladys Lackey of this city occurred February 13th, Justice E. P. Simmons officiating. They are very estimable young people and their many friends wish them much happiness.

ELECTION CALLED FOR NEW SCHOOL BUILDING

At a meeting of the School Board last week an election was ordered for March 12th, for the purpose of deciding whether or not the Haskell Independent School District would issue \$50,000.00 in bonds for the purpose of building a new high school building.

A new high school building has been a crying need for the past several years but on account of building conditions it was not deemed advisable by the board to order an election for this purpose at an earlier date as the money that could have been raised from a bond issue would not have been sufficient to erect a building large enough to take care of the situation. But since building material is coming down and the labor situation is better, it is believed by the Board that by the time the contract is let, should the bonds carry, a very commodious building can be erected for the sum of \$50,000.00.

INCOME TAX FACTS YOU SHOULD KNOW

Frequent inquiries are received by collectors of internal revenue from storekeepers and other business men as to whether the tax payer in business for himself may deduct from his gross earnings an amount of salary paid to himself. Wages or salary drawn by a taxpayer from his own business are more in the nature of a charge out of profits than a charge against profits. If deductible they would merely be added to his income and the effect would be to take money out of one pocket and put it in another. Therefore claims for such deductions are not allowable.

Salaries paid to minor children employed in the conduct of a taxpayer's business are not allowable deductions. If, however, a son or daughter has attained majority, or is allowed free use of their earnings without restriction, a reasonable amount paid as compensation for their services may be claimed.

A farmer who employs a man to assist in the operation of his farm may deduct from gross income the amount paid for such services. Likewise, if he employs a woman whose entire time is occupied in taking care of the milk, cream, butter and churns, or if her services are devoted entirely to the preparation and serving of meals furnished for farm laborers and in caring for their rooms, the compensation paid her is an allowable deduction. If, however, she is employed solely in caring for the farmer's own household no deduction can be made.

In arriving at net income which the tax is assessed, deductions may be made for ordinary and necessary business expenses. The revenue act specifically prohibits the deduction of personal, family, or living expenses. Such expenses include rent for a home, wages for servants, cost of food and clothing for the family, education of children, and all items connected with the maintenance, well-being, and pleasure of the tax payer and his family.

Mrs. C. L. Lewis Returns from Graham

Mrs. C. L. Lewis returned Wednesday from Graham where she attended the funeral of her father J. S. Lamar, which occurred two weeks ago. Mrs. Lewis has the sympathy of her many friends here.

HUNTSMAN & HARCROW GIN BURNS AT ROCHESTER

The Union Gin at Rochester, owned by Huntsman & Harcrow, was destroyed by fire last Sunday morning about six o'clock. They had run until about 11 o'clock Saturday night before closing down for the night. The gin is said to have caught on fire two different times during the day without doing any damage and it is believed that the fire was not entirely extinguished. The entire property was a complete loss with the exception of the office. Fortunately the large amount of seed usually stored in the seed house had been removed a day or two before and only the seed from Saturday's run was on hand. The loss is said to have been about \$50,000.00, partially covered by insurance.

MRS. WALTHALL RECEIVES SECOND RADIUM TREATMENT

Rev. P. W. Walthall returned Friday from Temple, where he was at the bedside of his wife during her second Radium Treatment which required 48 hours. She was under the influence of the Anesthetic for one and one-half hours. He reports her condition much improved and her attending physicians think she will be able to return home soon. Mrs. Walthall has been a patient at the Temple Sanitarium for eight weeks being that time she has received two Radium Treatments and many X-rays and her many friends rejoice in the prospect of her improvement.

Two heads are better than one—if
they work together.

If a prohibition officer had to sample
all the liquor he seized there would
be no trouble in getting all the agents
the Internal Revenue Bureau wants.

Germany says she "can't" pay and
the Allies say she "will." The outcome
of the squabble will be as interesting
to watch almost as the collision
of an irresistible force with an immovable
body.

There seems to be a lot of difference
in opinion among the witnesses called
by the house Naval committee, which
is investigating our naval building
program, as to whether or not capital
ships will be any account after we
build them. Well, that's a point the
taxpayer would like to settle definitely
before he digs down further.

A person who loves his work seldom
falls in his chosen profession. Most
failures are brought about by misfits,
which leads us to believe that every
man has the power of success in some
line of work. Find the line of work
fitted to our capacities and ordinary
energy will bring a measure of success.
From this we should be very careful
not to force our children to take up
any life-work for which they have a
natural aversion. The greatest joy in
the world is that which comes from a
busy life spent in doing good and in
making a success, small or great as
we may be able, with a conscience void
of offense toward God and man.

FACT and FICTION

Flattery is the nice things we hear
said about other people.

If there's a sucker born every minute,
there's also someone born to hook
him.

Common sense is the ballast which
keeps us from losing our heads in the
clouds.

It doesn't pay to lie, but neither
does it always profit to tell the truth
oneknows.

A wasted opportunity isn't gone forever,
but always comes back to haunt you.

pays her bills.

Guess Prohibition Commissioner
Kramer is trying to give the boot to
the bootlegger.

A girl can go dippy about almost
any young man her parents are willing
to object to.

You never see a boot worn anymore,
but the bootleg is still very much in
evidence.

It's not the "third" party that separates
most husbands and wives. It's
the stag parties and hen parties.

The way the school children of
this country are practicing thrift is
enough to put a lot of adults to shame.

If hogs keep falling off in price, the
time may soon come again when a
fellow can bring home the bacon.

A man can ride to poverty in a short
time on pneumatic tires, but it's always
a long, tiresome walk back up
the road.

When a man's wife is away on a
visit he soon gets out of touch with
the happenings of the neighborhood.

The reason that cupid is always
pictured as a little child is probably
because he so often shows a little
discretion in the matches he makes.

WIT AND HUMOR

How to Break a Will.

Little Spencer let no grass grow under
his feet, when Uncle came from a
visit, before rushing up with this:
"Uncle, Make a noise like a frog."
"Why?" asked the old man.
"Cause, when I asked daddy for anything,
he says: 'Wait 'til your uncle
croaks.'"

Did His Best.

"Tommy," said his mother, "Grand-
mother is very sick. Can't you go in
and cheer her up?"

"Yes'am," said Tommy, as he went
into the sick room. But in a few minutes,
he came out disconsolate. "Couldn't
mother," he said, "She seem to get
worse."

"What did you say to her?" asked
mother.

"Why, I asked her if she would like
soldiers at her funeral."

Pat got on at the rear end of a street
car, and was obliged to steady himself
against the door.

"Move up," shouted the conductor, at
every street, as some passengers were
taken on. Pat moved up a step each
time, but at the next stop he got mad
and he yelled back at the conductor:
"Bedad, I paid to ride! Do you expect
me to walk all the way home?"

Entertains With Valentine Party.

One of the most delightful social
events of the early spring season, was
held at the beautiful home of Miss
Huckabee, Monday evening, when Class
G of the First Christian Sunday school
were guests at a Valentine party.

At their regular monthly meeting in
January, the class was divided into
three squads, entering a year's contest.
At the close of each month, the winning
squad to be entertained by the two
losing. Monday evening squad No. 1
with John Draper as leader were
royally rewarded for their first month's
work. The losers, Miss Eunice Huck-
abee and Beryl Boone went down in
defeat but proved themselves equal to
the occasion by entertaining the entire
class, whose present enrollment is 39.

The Huckabee home was never more
attractive than on this occasion when
the beautiful Valentine suggestions, in
color and form, were given predomi-
nance, making gay and bright the scene
for the happy party. After a short
business session, the guests assembled
around the six tables placed for pro-
gressive "forty-two." Gay hearts were
used as table markers and the score
records were beautiful. At the con-
clusion of the game hours, Miss Cleo
King was awarded a miniature Valenti-
ne for high score. Hearts were then
passed the ladies and darts given the
gentlemen for selection of partners for
refreshments.

Delicious Parfait, angle food cake
and heart mints were served. The
color scheme being emphasized. After
expressing their appreciation for the
evening's pleasure, the guests departed
at a late hour, feeling that it was
worth much to be a member of such a
fine class.

Christian Church Notes.

Last Sunday was a day of great
spiritual blessing with us. We had
129 present at Sunday school. Our
pastor delivered a very forceful mes-
sage on "Tithing," impressing on each
of us the necessity of giving ourselves
first, then that of which we possess.
The very impressive music of the or-
chestra, in connection with the sermon
resulted in a most inspiring service,
at the close of which, two united with
the church, one by confession, the other
by letter. We are thankful to God
for such blessings. Let each of us be
present next Sunday and continue to
grow in the Lord's work. To the
stranger we extend a special invita-
tion. You will find a warm welcome
awaiting you.

Haskell County, Texas, to determine
whether a majority of the legally qual-
ified property tax paying voters of said
district desire the issuance of bonds
on the faith and credit of said Haskell
Independent School District in the
amount of \$50,000.00. The bonds to be
of the denomination of \$1250.00 each,
numbered consecutively from 1 to 40,
both inclusive. Payable serially one
bond each year on the 10th day of
April, annually, thereafter, beginning
with the year 1922 and continuing until
all of said bonds are fully paid, said
bonds to bear five per cent interest
per annum, interest payable annually
on the 10th day of April, of each year,
said bonds to be issued upon the faith
and credit of the said Haskell Indepen-
dent School District, to provide
funds to be expended in payment of
accounts legally contracted in con-
structing and equipping a public free
school building of brick or stone ma-
terial and purchasing a site therefor
and to determine whether the school
board of said Haskell Independent
School District, or the commissioners
court of Haskell County, shall be au-
thorized to levy, assess and collect, an-
nually, while said bonds or any of
them are outstanding, a tax upon all
taxable property within said Indepen-
dent School District sufficient to pay
the current interest on said bonds and
to provide a sinking fund sufficient to
pay the principal at maturity.

All persons who are legally qualified
voters of this state and county and
who are resident property tax payers
in said Independent School District
shall be entitled to vote at said elec-
tion, and all voters desiring to support
the proposition to issue the bonds shall
have written or printed upon their
ballots the words "FOR THE BONDS"
and those opposed shall have written
or printed on their ballots the words
"AGAINST THE BONDS."

S. A. Hughes has been appointed pre-
siding officer for said election and he
shall select two judges and two clerks
to assist him in holding the same and
he shall, within five days after said
election has been held, make due re-
turn thereof to the School Board of the
Haskell Independent School District,
as required by law governing general
elections.

Said election was ordered by the
School Board of the Haskell Indepen-
dent School District of Haskell County,
Texas, by their order made on the 7th
day of February, A. D. 1921, and this
notice is given in pursuance of said or-
der.

Dated the 10th day of February, A.
D. 1921.

Aged Woman Dies Monday

The death of Mrs. Sarah Ann Dearborn occurred at the home of her daughter, Mrs. Gracie Jones Monday Feb. 14th, death being caused by the infirmities of old age. Mrs. Dearborn was born in Canada July 17, 1848, being 73 years of age at the time of her death. She leaves to mourn her loss the following children, Mrs. Gracie Jones and Miss Nellie Dearborn of this city, H. S. Dearborn of Midlothian, J. W. Dearborn of Carlbad, N. M., and N. G. Dearborn of Sweetwater, all of whom were here to attend the funeral.

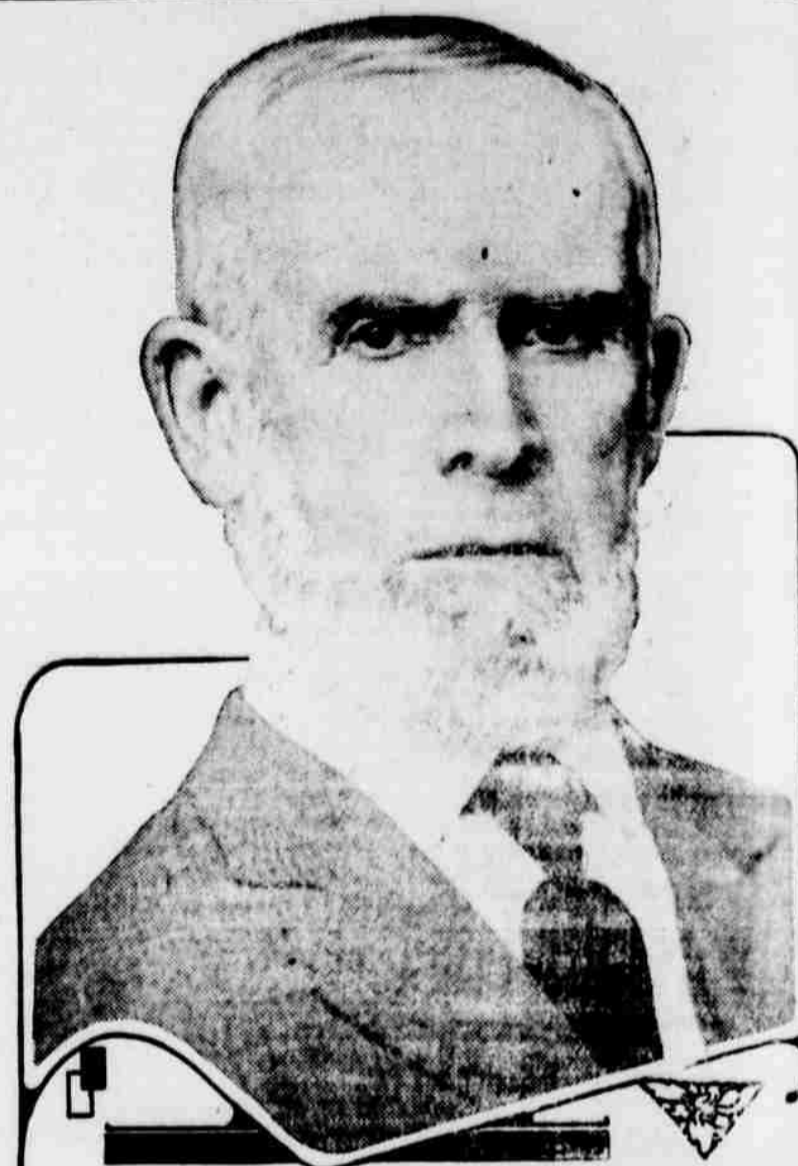

Funeral services were conducted at Willow Cemetery Tuesday afternoon at 3 o'clock by Rev. J. F. Patterson. The bereaved family have the sympathy of their many friends in the loss of this consecrated mother.

Infant Seelig

The infant of Mr. and Mrs. Willis Seelig east of the city was buried in Willow Cemetery Tuesday at 12 o'clock. The parents have the sympathy of the entire community in the loss of their child, which lived only one day after birth.

Mrs. T. W. Johnson and daughter, Mary Elizabeth, accompanied Mr. Johnson as far as Rotan, Monday where they visited her parents while Mr. Johnson transacted business in Post City.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on very restricted diet. I suffered a great deal from headaches and dizzy spells; I had several pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and run down I was not able to attend to my duties. This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary any longer to take any laxative medicines of any kind. I can sleep much better and am no longer so nervous.

"I take great pleasure in recommending Tanlac to any one who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Haskell by Reid Drug Store.

A TEXAS LEGISLATOR FREED FROM CANCER

**C. K. Walter of Waelder Says Two
Malignant Growths Were Perma-
nently Cured by Dr. O. A.
Johnson.**

A recent experience has convinced the Hon. C. K. Walter of Waelder, former member of the Texas Legislature, that cancer is curable. After being freed from 2 malignant growths by Dr. O. A. Johnson, Kansas City, cancer specialist, Mr. Walter writes:

"I have remained silent for several months for the reason that I wanted to be sure I had received a permanent cure. I now state without the slightest hesitancy that, in my opinion, not only have both of my cancers been permanently healed by you, but that your very efficient constitutional treatment has eliminated all the poisonous matter from my system.

"A little over three years ago a small sore appeared on the left side of my face. I tried the various salves to be found in the drug stores. Then I resorted to doctors. The first one treated me with an electric needle, but I received no benefit. I doctored while at home, after which I spent three weeks at San Antonio, eight weeks at Houston and eleven in Galveston, another cancer appeared on my left ear.

"About that time I concluded to go to Dr. Johnson, I did, and in less than eight weeks both cancers were cured. Had I gone to Dr. Johnson earlier (when I first received the book, 'Cancer Truths') I would have saved two out of the four doctor bills and doubtless would have received a cure inside of three weeks. To every person suffering with a cancer, I would urge you to lose no time in going to Dr. Johnson."

Dr. Johnson is one of the foremost cancer specialists. He has studied cancer many years and has treated thousands of cases successfully without the use of the knife. His book, "Cancer Truths," explaining his mild, non-surgical treatment and the various forms of cancer, will be sent free, postpaid, to anyone who writes to him at his research laboratories. Simply address Dr. O. A. Johnson, Suite 500, 1324 Main Street, Kansas City, Mo.

HAPPENINGS OF THE WEEK FROM THE WEINERT SECTION

We are all enjoying the pretty spring weather we are having this week.

THE STATE OF TEXAS
To the Sheriff or any Constable of Haskell County, Greetings:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Haskell County, a copy of the following notice:

THE STATE OF TEXAS:
To all persons interested in the Welfare of Clara Lammert, Alice Lammert, Nora Lammert, and Bertha Lammert, minors, H. F. Lammert has filed in the County Court of Haskell County, an application for Letters of Guardianship upon the Estate of said Minors which said application will be heard at the next term of said Court, commencing on the first Monday in March A. D. 1921, the same being the 7th day of March A. D. 1921, at the Court House thereof, in Haskell, Texas, at which time all persons interested in the welfare of said Minors, may appear and contest said application, if they see proper to do so.

Given under my hand and the seal of said Court, at the said first day of the next term thereof, this 17th day of February, 1921, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Haskell, this 26th day of January A. D. 1921.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Haskell County, Greeting:
You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Haskell County, a copy of the following notice:

The State of Texas
To All Persons Interested in the Welfare of Florine and Elizabeth Denver, Minors, Alvy B. Couch has filed in the County Court of Haskell County, an application for Letters of Guardianship upon the estates of said Minors, which said application will be heard at the next term of said Court, commencing on the First Monday in March, A. D. 1921 at the Court House thereof, in the City of Haskell, at which time all persons interested in the welfare of said Minors, may appear and contest said application, if they see proper to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Haskell, Texas, this 15th day of February, A. D. 1921.

(Seal) Emory Menefee, Clerk, County Court, Haskell County, Texas, 8-2tc
By Jason W. Smith, Deputy.

The fellow who feels confident that he will succeed and bend every effort to that end is not likely to meet with disappointment.

The musical number rendered by Axel Skovgaard and his company at

the High School Auditorium Saturday night was a great success. The auditorium was filled to its greatest capacity, and over two hundred and ten dollars was taken in. Sixty per cent of this went to Mr. Skovgaard, and the remaining forty per cent to the Athletic Association and the Annual. About seventy three dollars was cleared by the High School.

High School Workers
A company of selected workers from the Bear Cat Society went to the Library Tuesday afternoon at 2:30 o'clock for the purpose of beautifying the grounds. Several cars were sent out Tuesday morning to gather up flowers and shrubbery for the purpose, and some excellent work was done. The Magazine ladies supervised. Also a selected company from the Curtain Club, after having spent a large part of the day hauling trees, began work on the High School grounds. The trees, hauled from Paint Creek by the Club boys, will add much to the looks of our grounds.

Seemed That Way
Mrs. Davis, to John, who is starting off to school on a hot spring day—"John you had better put on your straw hat today. Those old spring freckles will be popping out."
John—"Spring freckles nothing! They've been here all winter. Mine must be evergreens."

Announcement on Bulletin Board
"School turns out at 4 p. m., except 10th period pupils."
