Have you ever seen a vanilla bean? They are long, blackish/red in color, wrinkled up and look like something you might use to start a fire with.

So, who ever tasted one for the first time? Besides, a big dose of vanilla tastes terrible...so who discovered that a tiny taste made lots of things so good?

There are lots of foods that could prompt such speculation.

Broccoli, for example. Broccoli is a flower. Let it grow a few days too long and it will burst into yellow bloom. Now what curious soul discovered that the stuff was tasty in its "bud" stage but not any earlier or later. (Yes, I know there are people in high places who don't agree that it is EVER tasty).

What possessed early gourmets to try to eat hot peppers? Can you imagine deliberately munching away at the fiery pods and then experiment with using them in cooking...long before crackers and ice water?

How did someone discover that there was something inside of a coconut that was good? First you shaved through an outer greenish shell, then you were left with this hairy brown thing with the consistency of wood? It was a determined (or hungry) person who persisted all the way inside.

What intrepid culinary explorer went through a trial and error process until they came up with mustard. Ohhh, that experimenting could be hazardous.

Even that simple staple of life, bread, is a puzzle.

At what point in time did early man learn to pick only certain grain heads, grind them up and then mix them with water to make bread? When the refinements of yeast came along?

When did humankind discover that smoked meat kept...who discovered dehydrated foods.

Cheese. Now, there's a good one. Who discovered that it you soured milk, squeezed it and kept pressing and mashing about it would turn into something so delicious?

When did the first dissatisfied diner sprinkle salt on food? Why did they choose salt.

What about ground pepper?

And tea and coffee. Consider those favorite beverages. A coffee bean until it is roasted is absolutely disgusting. So who decided "If I take these funny little beans, get them ripe, then slow roast them, then grind them up and boil them with water it'll taste great?"

Tea is kind of the same thing...what would prompt someone to pick this particular type of little leaf, dry it and brew it?

Undoubtedly hunger has played the major part in these discussions and experiments.

Probably a lot of people poisoned themselves before the better foods were settled upon.

But the next time you are taking a chomp of pizza, or such like...think about it. Who discovered that tomato sauce, veggies, meat and cheese tasted good piled up on a slab of bread and eaten?

200 Attend D-Fy-It Victory Rally!!

The Talco-Bogata D-Fy-It organization sponsored a victory rally in honor of the troops from Desert Storm last Thursday evening at the Rivercrest Auditorium.

The area was decorated with yellow balloons and ribbon, red, white and blue ribbon and, center stage, a spray arranged with yellow candles, ribbon and greenery, donated by the House of Flowers in Bogata.

Serving as master of ceremonies was Bro. Billy Daniels. The audience was asked to rise for the playing of the National Anthem, a trumpet solo by Dr. Robert White, and the posting of the flags by the Bogata Boy Scout Troops.

Boy Scout Chris Waller led the group in the Pledge of Allegiance. Bro. Brian Baggett led the group in prayer.

Bro. Daniels opened the program, explaining what D-Fy-It stands for and about the great turn-out Talco, Bogata and Rivercrest schools have had.

D-Fy-It officers and committees were introduced. From Rivercrest, they are: Jim Purviance, president; Susan Tabb, president-elect; Jesse

Woods, vice-president; and Lori Bush, secretary. The Rivercrest Advisory Council consists of Shane Beers, Angela Sargent, Melanie Franks, Tiffany Parish, Jeremy Belyeu, Misty Taylor, Brandon Williams and Eddie Williams.

From Talco, D-Fy-It officers are: president, Wendi Mears; president-elect, Karen Williams; vice-president, Misty Deming; and secretary, Katherine Graf.

From Bogata, they are: president, Kyle Kennedy; vice-president, Scott Johnson; secretary, Terry Akins. The Bogata Advisory Council consists of Sidney Hines, A.J. Lee, Brian Hamrick, Jeff Jackson and Teresa Torres.

Mrs. Neva Oates, Mrs. Treda Nowoud and Mrs. Linda Musgrove sang a beautiful rendition of "Statue of Liberty".

Bro. Daniels then asked veterans from World War I, World War II, Korea and Viet Nam to stand.

D-Fy-It president from Rivercrest, Jim Purviance, read the poem, "God's Mighty Hand", followed by "From A Distance", sung by the trio of ladies. Bro. Brett Castle gave a short

devotional, followed by a special prayer for the troops by Bro. Ricky Patterson.

The Rivercrest Band did an outstanding job performing "America the Beautiful" as Felicia Hobson read the Pledge of Allegiance.

Bro. Randy Miller introduced special guests home from Saudi Arabia, Lance and Shelia Evans and Mrs. Pat White and James Don, who took the place of the still hospitalized Patrick White, injured in Saudi Arabia. They were each presented a single red rose. Bro. Miller then asked each family with a loved one on the list to come forward as their names were called, to light a candle in honor of the American military personnel.

Mrs. Oates, Mrs. Norwood and Mrs. Musgrove then sang "I'm Proud To Be An American," ending the program.

A total of \$117.00 was raised through the sale of buttons and balloons during the program, with all proceeds going to the D-Fy-It organization.

Each and every one participating and attending the service is appreciated.

THE TALCO PTO sponsored a bake sale on March 28 in downtown Talco. Chances were sold on two decorated cakes and

Talco Little Dribbler Action

The Talco Spurs met the Talco Pistons for what could have been the final game of the season at Talco on March 29.

Beginning as a run-away for the Spurs turned the Pistons way. The Spurs held an 18-16 lead at the half, but finished the game 36-30 behind the Pistons.

High scorer for the Spurs was Jeff Savage while Alvin Savage held the high score position for the Pistons.

Due to the Pistons incomplete game schedule, the team again played

Monday, April 1 at Bogata against the Jammers. The final score was 32-26, Jammers.

This leaves three teams tied for first place in the Little Dribbler older division. The Spurs and Pistons of Talco and the Jammers of Bogata are forced to play off games as soon as possible.

The school's UIL competition will prevent the games for the present week. Games will be scheduled as soon as possible.

Country Cooking

By Gerrie Bankhead

The Country Cooking column is being shared this week from the kitchen of Kenneth and Betty Thomas of Deport. They have been married for 27 years and have lived in the Deport area all this time. They have two daughters, Janie and husband, Guy Joyner of Austin and a daughter, Michelle of Dallas; and one granddaughter, Crissy.

Betty has spent the last seven years of her working career at Lamar National Bank. A job she enjoys very much and states it's a very good place to work. She has previously worked at other banks and has owned and operated a craft shop. She says after her retirement in 2 1/2 years, she wants to go back into working with crafts. Betty also loves to sew. She sews for all the girls, the girls at the bank, and for the public. Crissy says that "Granny" is a sewing expert and all her friends at college really brag on her clothes. She also likes to paint sweatshirts and T-shirts. Painting takes a lot of time but she managed to paint more than 50 shirts and sold them in her booth at the Antique Mall in Paris a few months ago.

Another hobby she enjoys is catering weddings. She decorates for receptions and plans to get more involved with this hobby after retirement.

Betty also likes to grow plants, lots of plants. She loves hanging baskets. She really enjoys cooking. She

loves to cook for special occasions at the bank. They have a social once a month when she prepares the desserts. She also enjoys cooking special meals for her family. She makes the cookies for Crissy once a month and mails them to her. Her friends at the dorm expect and enjoy these each month. Crissy says they "show down". Crissy asked Betty to share these recipes with the readers this week. She also enjoys making these cookies for Zackery, Dustin and Holly Allen, her adopted grandchildren.

Kenneth and Betty also enjoy their dog "Sarah". They also have two grand-dogs, Mendy and Sam, that come to visit when their children come in.

Betty is sharing a fresh fruit salad recipe with us that they began eating when Kenneth had a heart attack and they are still enjoying it. The chicken and spaghetti recipe is her family's favorite and she makes it a lot.

Betty is shown with the chocolate sheath cake which she is sharing, and it did look delicious.

We hope you enjoy these recipes. I have a request for old time Egg Custard Pie recipe. Dig into your files and see what you can come up with. If you've enjoyed the article, want to make a feature suggestion or have a recipe to share, please contact Gerrie Bankhead at 652-6032 or write to Rt. 1, Box 67A, Deport, TX 75435.

MEDICAID ELIGIBILITY

Medicaid is a government program set up to cover all or a portion of nursing home and other health care expenses incurred by individuals who cannot afford these costs themselves. Eligible individuals must be at least age 65, satisfy federal public assistance tests, or be disabled. The Medicaid program is administered jointly by the federal and state governments. Medicaid financial eligibility standards permit an individual, couple, or family to keep a certain level of income and resources. An institutionalized spouse can keep monthly income of \$30 or more (as set by the state) as a personal needs allowance. The total monthly income of the spouse who remains at home normally can't exceed \$1,500 (inflation adjusted). Resources owned by the individual trying to qualify for Medicaid are divided into two categories - exempt and nonexempt. Exempt resources include a home, car, personal and household items, property essential for self-support, and a few other items. All additional income and resources are nonexempt and are counted in determining Medicaid eligibility. A spouse is allowed to keep a share of nonexempt resources equal to the greater of the state established level (between \$12,000 and \$60,000) or half the couple's nonexempt resources (not to exceed \$60,000). Even with these resource and income levels, spousal impoverishment is a real concern of many elderly couples. The use of Medicaid-qualifying trusts and other transfers of resources may help you preserve assets while becoming eligible for Medicaid. However, you should seek professional advice before making any transfers to be certain you accomplish what you intend. Call our office for more information or for assistance with these and other required tax filings.
