

**By Nanalee Nichols** As the national news media continues to roam Bogata and the surrounding area, I'm struck by the fact that many of them seem much more concerned with sensationalism than truth.

Numerous people have mentioned being mis-quoted or quoted out of context after being interviewed.

Rumors abound, and sometimes it appears that these rumors and suppositions are actually being created by the reporters instead of the other way around. While there have been some reporters who seem to be keeping a grip on reality and the facts, others seem concerned only with having a feeding frenzy.

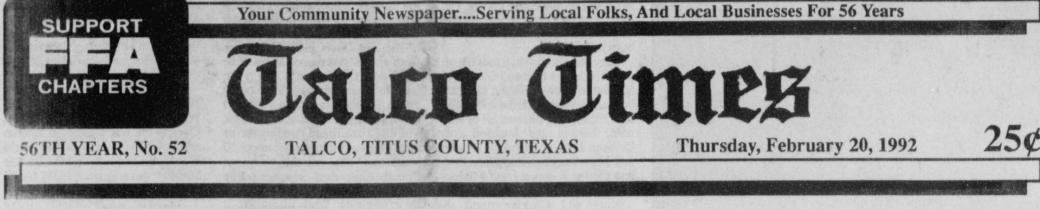

I have done little lately but answer the phone, trying to field questions from a variety of people, including one man who kept trying to convince me that AIDS was part of a gigantic government cover up. He made quite a point of telling me about the charitable work he and his colleagues were doing. Then, he began trying to sell expensive books and newsletters!

There have been calls from newspapers and tv stations, calls from tabloids and from people trying to buy negatives to photos of Bogata, Rivercrest and various citizens.

The few reporters I consented to speak with either tried to put words in my mouth or accused me of being "un-coperative".

Incidentally, what might have been exceptionally good photos of Cooper School's outstanding gesture of presenting Rivercrest with a large Valentine heart at the Friday night basketball game

aren't available to us. They seem o have been stolen from our pho-

#### An Editorial....

It has been a hectic week in the Thunder Prairie Press community. Reporters, photographers and cameramen from the big-city media have been swarming along U.S. 271, sometimes more interested in sensation than in news.

It isn't any fun being under the media microscope, but for a sensible population like that of Bogata and the rest of the Talco-Bogata I.S.D., there has been nothing to be ashamed of and a good deal to be proud of.

We can be proud of the dignified and responsible way that Rivercrest Superintendent Freddy Wade and his staff have represented us to the world. They have made it clear that administrators and teachers have for months been dealing responsibly with a serious question.

We can be proud of our students, who have for months been reevaluating their world and their own conduct and have taken in stride the unwanted attention of critics. Rivercrest students have conducted themselves with commendable poise and maturity.

In short, we can be proud of our community

As we go to press the authorities are reviewing the figures that have created such excitement. Here in the offices of the local weekly newspapers that serve Bogata, Talco, Deport and Blossom, we take pride in a journalistic accomplishment that the metropolitan media cannot match. Months ago, without hysteria, sensationalism or carelessness with the facts, we reported in a calm and balanced way that the AIDS virus has come to the Red River Valley. Whatever the final count, we expect that "AIDS Education" will remain an important task for our communities.

# **Rivercrest FFA Is** Celebrating National FFAWeek

The Rivercrest FFA Chapter is observing National FFA Week this week with a variety of activities and events.

The Rivercrest chapter of this national organization currently has 130 students enrolled in various classes offered by the Agriculture Department.

One of the newest things at Rivercrest is a greenhouse. It is currently under construction. When it is finished the chapter hopes to be able to market ornamental plants, vegetable plans and other growing plants, as well as learning about horticulture. They offer two horticulture classes.

The meat lab is also in full swing. For years students have learned to cut and package meat in this complete lab.

There are, of course, wood shop courses, ag mechanic courses; livestock projects, drafting, plant and

animal science; home improvement; landscape design, food technology and other courses offered.

The Quiz team this year placed first in district and 2nd in area.

Rivercrest FFA officers this year are: Brad Ingram, President; Tiffany Parish, Vice President: Patches Rains. Secretary; B.J. Thompson, Treasurer; Susan Tab, reporter; Danny Tabb apply knowledge and skills acquired Sentinel; Susan Moles, Student through agricultural education. Advisor.

Mr. and Miss FFA this year are Brad Ingram and Tiffany Parish.

FFA members all over the country will promote FFA, agricultulral education and the food and fiber industry during this week.

This special FFA week also provides FFA members in thousands of chapters across the United States, Puerto Rico and the Virgin Islands the chance to create awareness of and support for agricultural education and

Agricultural education classes stres shands on experience in diverse areas of acgriculture. FFA activities provide leadership development, career training and award incentives for young people.

FFA week is held during the week of George Washington's birthday (traditional) to recognize his leadership and commitment to American agriculture. The National FFA Center is located on part of Washington's original Mt. Vernon estate near Alexandria, Virginia.

FFA is a national organization of about 387,000 members in 7,643 local chapters preparing for careers in the science, business and technology of agriculture. Local state and national activities and award programs provide opportunities for students to

tographer's camera bag by a media person sitting next to her!

There is one big differance between these people and us. We feel a strong sense of responsibility, and strong ties to the communities we serve.

We are not in town to do sensational stories, then pack our bags and leave. We don't strive to keep our towns in an uproar.

Even keeping in mind that there have been people here who have done a responsible job, I'm disallusioned.

If there was ever a time I entertained dreams of what it would be Mike to belong to a "major" news team they have now vanished forever. I love where I am and what I do more than ever before. The national media will be gone soon. We won't.We will still be here, trying hard to provide honest, fair coverage of the things that concern each and every one of us.

I'm very, very proud of that.

#### There Is A Reason Pictures Aren't Identified

We must apologise to people if my picture is mis-identified this week, and for not having the Varsity Boys picture identified in order. Our Sports Photographer identifies everything on Tuesday nights or Wednesday morning. Because of her nephew being critically injured in a wreck she was unable to do this this week. Our rosters show different unifrom numbers than the ones the boys have onso we chose to not name them in order instead of taking a chance on getting them wrong.

Not so long ago in Talco you didn't have a choice when it came to sophisticated heart procedures. You packed it up and left the area. Chances are you disrupted your family's routine, incurred costly hotel and food expenses, and just stayed away from home too long.

Thankfully, those days are over. St. Joseph's Heart Center offers Talco one of the most sophisticated, full time heart catheterization labs to be found anywhere in the country. Having done literally thousands of heart catheterizations and hundreds of balloon surgeries, Dr. Allen Duplantis, Jr., is the St. Joseph's cardiac cath team

most experienced cardiologist in doing balloon angioplasty in the region, and has been living and practicing in Paris for over a

year now.

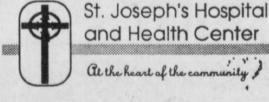

At St. Joseph's Heart

Center, doctors perform a special angiogram procedure where dyes and x-rays detect blockages in heart arteries that can result in chest pain and eventually a heart attack.

Once detected, these blockages can often be "ballooned" open through angioplasty or in other cases bypassed through open heart "bypass" surgery.

All of this can now be done right in Paris, at St. Joseph's Heart Center, your regional center for total heart care.

For more information about St. Joseph's Heart Center, ask your doctor or contact the center.

Wednesday, February 12, the United Methodist Women of the Untied Methodist Church of Bogata meet for a general meeting. Judy Marshall presided at the business meeting. Nine members were present. Roberta Anderson read the minutes of the previous meeting. Eleanor McCluer gave a financial report. Plan of the coming year including the Bazaar were discussed. Next meeting will be in April.

#### Card of Thanks

The Rivercrest Beta Club thanks all the businesses and individuals who donated items for the concession stand on February 14. With your help, approximately \$400.00 was raised to help members attend the National Convention in Washington, D.C. in June. Donations were given by Burress Food Store, JE's Food Store, Armadillo Store, Huddleston's Grocery, True Value, Short Stop, Tip Top, Dr. Robert White, Freddy Wade, Janice Franks, H&R Distributors and Winn Dixie in Mt. Pleasant.

week, it was nice to forget about everything and concentrate on what our school is best known for-BAS-**KETBALL!!** The Rebels' actions spoke for them-

selves as they destroyed the Cooper Bulldogs with a very devastating 91-49 score.

Earlier in the night, the Lady Rebels faced a truly aggressive Bulldogette team. Although the ladies met on a Rebel battlefield this time around, an upsetting 62-51 win wa gained by the Bulldogettes.

The struggle between the beginning and end was fierce, to say the least. As the Bulldogettes pushed forward, the Lady Rebels nipped at their heels.

What once read as a twenty point Bulldogette lead, insired the Lady Rebels to try harder. These efforts were equally matched

by the Cooper ladies. The last quarter drew fouls from both teams, taking several to the line. Pressure and all, the Bulldogettes

pulled ahead and locked up the win. Krista Weatherall scored a season

After the confusing events of last over. Their district record reads 5-5. The team will bid its farewell to five excellent senior Lady Rebels.

Special recognition should be given to these girls for a job well done. They are Tiffany Parish, Lana Pirtle, Patches Raines, B.J. Thompson and Krista Weatherall. Marian Green and Konya Nickerson should also be acknowledged for great hustle. Coach Velinda Arbuckle must be commended for the outstanding coaching she performed.

It was quite obvious during the Rebel warm up that this would be no ordinary game. Slam dunks, fancy shots and the fans' cheers and chants were among the excitement.

The gym was standing room only if you wee lucky to even find somewhere to stand, that is.

Determined to be uninfluenced by the watching media, the Rebels exploded with action instead of words. Two consecutive treys by Eddie Williams made the gym roar with enthusiasm. The first quarter also

brought scoring by post men Corey Gble and Reggie Alford. An additional Dean Tiffie trey and jumper by Jerry Francis brought the score to 25-

Much of the same took place in th second quarter. Eric Curties appeared on the scene with nine points. He was followed by E. Williams and Tiffie with 7 each. Gable and Alford contributed to the cause with 4 each. The score now: 56-19.

Coach Wake Wood made substitutions in the second half. He allowed the second-string men to handle the half alone.

These guys showed their stuff by amounting a total of 35 points for the half. Trae Beverlin hit 9 with Brandon Williams close behind at 8.

Extensive hustle held off the Bulldogs for the 91-49 win.

The Rebels were surprised, yet relieved to know that Leonard upse Honey Grove 86-85 at the buzzel This enabled the Rebs to be named sole disttrict champs with a 9-1 record.

The climb has only begun for the Rebs as they will participate in Bi-District competition next week.

Rumors may come and go about Rivercrest, but one thing is for sure, we are indeed Number 1. Forever a Rebel...

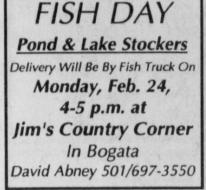

# LETTERS TO THE EDITOR

**Dear Editor:** 

Bogata has been smacked hard

in the face with the reality of HIV,

and mere words can't truly express

how I feel for everyone. Being in

Los Angeles, I see my share of trage-

dies. You sort of expect it in the big

city; nevertheless, when such a dev-

astating disease hits home, it really

makes you think twice. When I was

visiting my parents during Christ-

mas, I heard hushed rumors about

thepossibility that several students

had been infected. I'll shre with

you the words I said to my parents.

'You can't run away from it. You

can't hide frm it. You have to face

it head on, regardless of how you

feel, remember it can happen to

anyone. God forbid but it's real.

Whoever has it will hopefully not

be shunned but supported as much

as possible by the community". The

media blitz has bombarded Bogata,

and my hat's off to everyone for

handing the situation as well as you

have. However, the true test is about

to come. No other school in the U.S.

has come forth with this news like

Rivercrest has. So you are setting

the precedent for all who watch.

You are now under scrutinous eyes,

and when the first student openly

says that he or she is HIV or has

AIDS, it will be at that time when

the entire world will look in with a

tions. Honestly and openly search

within your hearts to see how your

actions will affect those around

you, inside and outside of Bogata.

TAX TIPS

#### from Mark Bower CPA

NEW ESTIMATED TAX RULES FOR December 11, 1991,

0 President Bush signed the Tax Extension Act of 1991 extending to mid-1992 twelve tax provisions. One of these provisions had already expired, and eleven were scheduled to expire on December 31 The cost of extending those tax breaks will be paid for by accelerating certain corporations' estimated tax paynents

The tax provisions that were exended include the following: \*Tax credit for low-income rental \*Targeted jobs tax credit

\*Business energy credits for solar and geothermal property \*Credit for increased research

activities \*Orphan drugs credit for testing

drugs for rare conditions \*Exclusion from employee income for employer-provided group legal services

\*Exclusion from employee income for employer-paid educational expenses

\*The business deduction for 25% of health insurance costs paid by the self-employed \*Extension of the authority to issue

qualified mortgage bonds \*Extension of the authority to issue qualified small issue manufacturing bonds

\*Extension of the rules covering allocation of research expenditures between domestic and foreign sources

\*Continuation of the alternative minimum tax exception for charitable contributions of appreciated tangible personal property

Your 1992 tax planning should take these tax break extensions into account. Get details if you think any one of these provisions could cut your 1992 taxes.

Dear Thomas, Nanalee and staff,

This past week a media circus Dear Editor, unprecedented in Bogata's history high school.

tional press that six HIV positive true, we are well above the national students were attending Rivercrest average. drew negative press coverage nationwide. To learn six cases existed is no more sad than learning one case is confirmed.

Thunder Prairie Publishing and blown AIDS on record. He also Paris News had elected to handle publicity of this matter. Both of these newspapers were fully aware specific numbers and sex of these of the situation long before the big boys jumped on the story. Supt. Wade and Principal Miller were on top of the situation from the start and were doing, as they still are, a fine job in counseling and educating no tonly those who were positive but those who could be as well as the other students and staff. The adverse publicity and acknowledgments of the "big city ambulance chasers" has cast a cloud of soiled reputation upon one of the finest school districts in the nation.

To the schools in this area who cast stones toward our institution and our kids, I challenge to "wake up and smell the coffee". It is in your systems also and after all is said and done, Rivercrest will be commended, most especially Mr. Wade and Mr. Miller for being open minded and intellectually sound in their judgments of dealing with such a sad situation. To the fine students of Rivercrest who, because of this negative publicity, find themselves confused and hurt. I say stand tall and be proud to be a Rivercrest student. You can be guided by two very qualified men who have a staff second to none. Thank you Thunder Prairie Publishing for not printing gutter journalism as we have been forced to read and view the last few days. James Wood

It was also reported that none of these wsix were involved in extra-curricular activities. In a high school as small as ours, when you take out the number of students involved in extra-curricular activities you are left with a very small number of students that could be positive.

I also read in a recent newspaper article that very few cases of AIDS were contracted through heterosexual sex. It seems funny to me that we have six in a high school with an enrollment of 197 students. Dallas Independent School District, with an enrollment of more than 100,000, is only reporting 20 cases and all were contracted through IV drug use or blood transfusions. I hope that our children, high school and community have not been exploited for the benefit of \$84,000 grant money. Sincerely,

**Kathie Thompson** 

**Dear Editor:** 

Until recently AIDS has been dealt with mostly on an individual basis by the victim and his/her family. It is now our responsibility to show America how a community should deal with this issue. We are just the first of many communities to experience this problem. Let's set an example for the country to follow. We each have a responsibility to the community to help in this cause.

Our school system taught us that education solves a lot of our problems. Our options are simple. You owe it to yourself to either choose abstinence or condom use. You owe it to your spouse to choose a monogamous relationship. We need to exert our energy educating and preventing instead of wondering who has the virus.

#### To The Editor:

Yes, our schools and communities made the headlines this week--all over the world. But as always, they focus on a small few and on the negative, rather than on the majority and the positive.

There is a lot of good news! Did you know that there are 191 out of 197 students in our high school that have not tested postiive for **HIV virus?** 

Did you know that our schools scored higher, along wiht Avery, on the TAAS tests than any of the other schools in this area? Did you know they scored above state average in every category except one? Did you know our boys basketball team won District and will be going to the playoffs?

Are you aware of the participation of our students in so many other areas, such as raising funds each year for the Child Protective Services?

Did you know that almost 100% of the student body on all three campuses are members of D-Fy-It?

Why didn't all the news media that swarmed our schools and communities report some of this good news?

Talco-Bogata Independent District is doing a fine job of developing quality young men and women who are preparing for college and the job market.

My thanks to the School Administration, the faculty, the student body, and the citizens of this area for handling the situation this past week with dignity and courage.

As former residents of Bogata and graduates of Bogata High School, we would like to go on record as being totally proud of the way the Rivercrest administration. teachers, students and school board acquitted themselves in this most trying time. We were devastated and highly incensed that this one small school should be singled out nationally as though it were the only school to have students with HIV virus. However, on second thought, we were so proud of them for being above-board with other area schools when they found it out and for caring enough for teh students to let it help alert them to the dangers, and to stand together and face this head-on. Good for all of you! We feel that this will draw the school and community closer together. We admired the students' attitudes who were interviewed and we appreciate the supportive comments of Donna Spence. As my daddy used to say "Anybody with one eye and it in the top of their head" should know that inthis permissive society this problem is in all our schools if we only knew. The ostrich attitude is out-mode and does not help one bit to teach our children this added "fact of Life". After all, it has to be up to each individual, child or adult, to face this problem. We can teach but we can't do it for them. We have been hearing the word "abstinence" lately and we thank God for that! Perhaps Rivercrest is the lucky one since their students are seeing first hand, "Yes, it could happen to me!"

God bless you, Bogata, you have our love and our prayers. Wilford and Mary Jane Lowry **Blossom**, TX

# WHAT IS MY OPPONENT'S RECORD

Has anyone ever noticed that my opponent in his ads never mentions his own record in criminal cases? It's because his record is nothing to brag about. He has tried 5 felony jury trials against me. <u>He lost 4</u> of them. There was a hung jury on the fifth case and he pleaded that client to 10 years In the penitentiary. My opponent has not asked for another Jury trial in almost 2 years. In the 4 Jury trials he lost to me, all of his clients were sent to the penitentiary.

**MY OPPONENT HAS NEVER WON A JURY TRIAL** 

I stand on my own record. I have sent 134 criminals to the penitentiary in my 3 years in office. I have sent 34 to the penitentiary on drug charges.

I have had 43 jury trials. I have had jury trials for criminals who have committed major crimes such as selling drugs, murder, burglary, aggravated assault, and felony theft.

The Texas Health Policy Task Force will hold a public meeting at the Smith County Courthouse in Tyler on February 20 (today) from 5 until 9 p.m. The Task Force is charged with proposing a comprehensive health plan to ensure that all Texans have access to appropriate and affordable health services. The Task Force is comprised of six members of the Texas Senate appointed by Lieutenant Governor Bob Bullock, six members of the Texas House of Representatives and 13 public members and four ex-officio members appointed by Governor Ann Richards. Among the items the Task Force will investigate are the following: 1. A basic health care service pack-

age for Texans, emphasizing preventive and primary care.

2. A basic health insurance benefits package or other health care financing mechanism for Texans that is not necessarily tied to their place of employment and includes recommendations for state regulation of health insurance or other financing plans.

3. A range of options for small census, 3.03 million Texans have no businesses to assist with health care benefits for their employees. 4. Cost containment and financing total.

One of the focal points for Thursday's hearing will be rural health issues and their effects on citizens living in these areas. Therefore, the Task Force will be making rural site visits from 1 to 4 p.m. Task Force members will then begin hearing testimony from any interested party at 5 p.m. State Senator Ted B. Lyon, Jr., D-Rockwall, is expected to testify at the hearing.

The Task Force has an extensive schedule of meetings set through October including eight public hearings and 16 work sessions. Persons interested in giving oral testimony at the public hearings are encouraged to present their testimony in writing.

Locals Host "Shooting

Donnie Smith and Bill Buckman of Bogata and Pete Clark of Eagletown, OK hosted Phil Johnston of Forrest River, ND and Lones Wigger, Jr of Colorado Springs, CO to a weekend of hog hunting in Southeast Oklahoma.

Phil, a National Rifle Assocation Director and newly appointed North and South Dakota NRA Field Representative, is one of the nation's leading authorities on handgun hunting. He is also the author of the book Sucessful Handgun Hunting and numerous freelanced articles apprearing in such popular magazines as Field and Stream, American Hunter, Gun World, Gun Weekly, and others.

"Wigger" is presently Director of U.S. ShootingTeam at U.S. Olymic Shooting Training Center in Colorado. He is known worldwide for his ability in rifle shooting especially the 300 yard event. He has captured two Olymbic Gold metals for the U.S. in shooting. He is an avid hunter and frequent handgunner.

The hunt was basis for information Phil was compiling for an article on hog hunting with handguns. He was also gathering test data for Colt firearms for their new Anaconda Revolver and Hornady Bullet Company. The hunt was a hugh success with
