We may have finally been defeated by "modern technology". After years of priding ourselves on our ability to deal with computers and their programs, no matter how new or complex, we may have all met our match by a lowly answering machine.

A couple of years ago we purchased an answering machine for the Deport office. Since no one could ever remember to turn the blasted thing ON when we left, and since most folks know to contact me at home, we soon abandoned it's use.

Eventually it was stored in a cabinet.

In the meantime the Bogata News had an answering machine that they made use of. Only one person staffs that office, and when they go out to take photographs, no one is available to answer the phone. The machine has proven a big help in that respect.

But that machine is no longer available.

We dug out the answering machine at Deport, dusted it off and prepared to make a tape for the Bogata News.

Unfortunately, we couldn't remember what sequence of buttons to press to do this.

No problem...we'll just use the instruction booklet. Except that we can't FIND the instruction booklet!

We searched...we searched every drawer, every cabinet, every shelf in the office. We searched at home. Nothing.

Sooooooo, we decided to try contacting the manufacturer...except that we can't find an address or phone number for the company. The place we bought the machine at doesn't sell that brand any more, so they can't help!

Thomas, Cindy, Gail and myself, along with assorted friends and customers who happen by, tried to make the machine yield up it's secrets.

Donna at the Bogata office said to send it on down and she'd figure it out.

She hasn't. Neither has her nephew, who has a talent for such things.

Neither have the dozens of friends and customers she has asked.

A friend brought a booklet from her answering machine...but it's not just exactly the same and the instructions don't interchange!

At present we are still messing around, pushing buttons and trying to get the blasted thing to function.

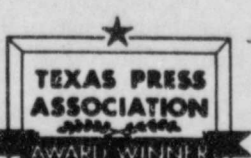

It won't. We won't give up. We're too aggravated. We just can't stand to go out and buy a new machine when a perfectly good one is sitting here.

It sits there with all the personality of a sphinx...mysterious, silent and unfathomable.

We know that it's so simple...if we could only figure it out.

Anyone have any ideas? If so, please submit them!

It's hard to admit that an answering machine has gotten the best of this crew!

## Tuesday Night Shooting Attempt Ends In Blossom With Crash

A high speed chase through portions of Red River and Lamar Counties ended with one suspect in custody after shots were exchanged Tuesday evening. One law enforcement official was hospitalized and another treated and released with injuries sustained during the roadblock which stopped the suspect.

According to Pct. One Constable Randy Boren he received a call from a woman who reported that the suspect, a white male about forty years old, was harassing his wife and making threats against his children. Boren received a description of the truck the man was driving and went to try and find him.

Shortly thereafter reports indicated that "shots were fired and there were children in the house" near

Fulbright. Complete reports on this were not available at press time.

Constable Boren picked up the suspects trail on FM 410 in Red River County. Other law enforcement officers were enroute to the scene at that time.

The suspect went through Detroit, and turned east on Hwy. 82. The man then turned and fled back west on Hwy. 82.

The suspect refused to stop and apparently fired shots during the ensuing chase. Officers attempted to shoot the tires out of the suspects pickup.

Road blocks were being set up as the man entered the Blossom area. At a turn off in Blossom Constable Boren's patrol car and the man's red Ford Ranger pickup collided. Boren's

vehicle blew up and began to burn.

Lamar County Deputy Randy Ward used his vehicle to cut off the man's path, stopping it on Front street in Blossom. The man was then taken into custody.

According to reports from Deputy Ann Denny Deputy Sgt. Randy Ward received bruises to his hand and arm and was transported to the hospital to be treated and released. Constable Boren was taken by ambulance to McCuiston Regional Medical and was hospitalized for possible cracked ribs and smoke inhalation.

Deputy Denny stated Wednesday morning that charges of DWI and Attempted Murder were being filed. Further charges may be filed.

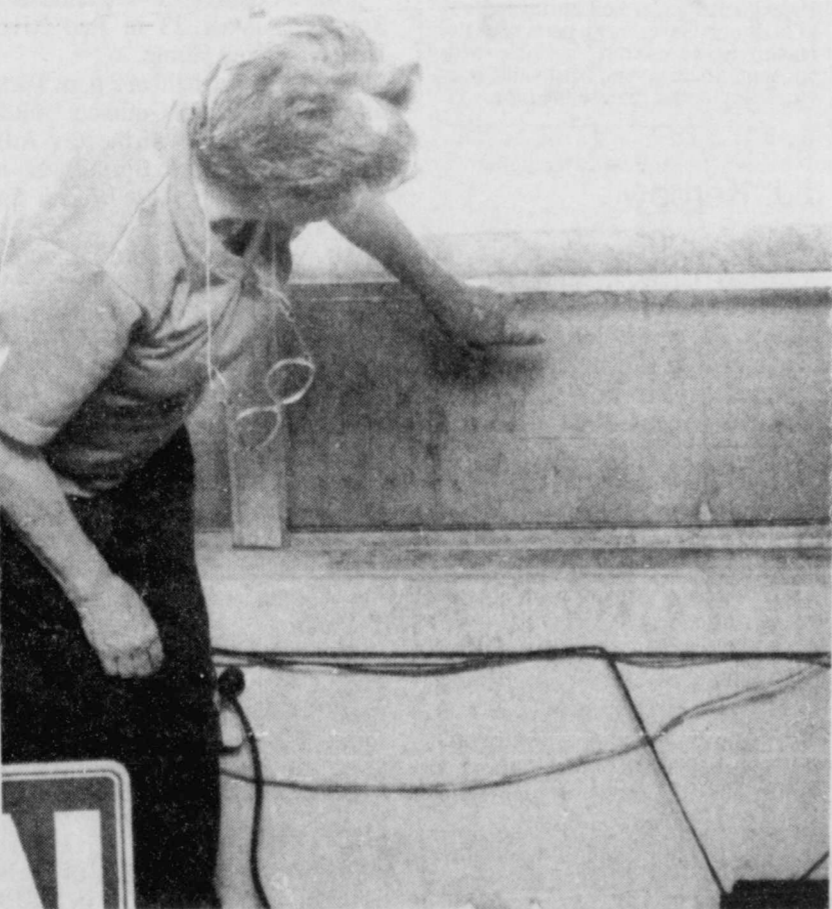

Complete reports were not available Wednesday morning at deadline.

HEAVY DAMAGE-Pct. One Constable Randy Boren's patrol car received heavy damage after it came into collision with a fleeing suspect's pickup Tuesday

night. The patrol car caught fire and sustained more damage, but was extinguished by the Blossom Volunteer Fire Department. Boren was hospitalized with

possible cracked ribs and smoke inhalation. (Staff Photo by Thomas Nichols)

JOHNTOWN STORE WAS AGAIN the subject of a break-in. Wanda Phelps is shown standing beside the window that

was used to obtain entrance. (Staff photo by Donna Rozell)

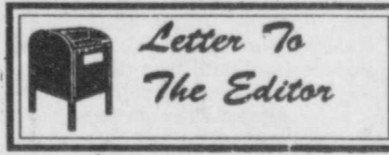

## Johntown Store Is Burglarized

The rash of burglaries continued over the weekend with the entry into the small store in Johntown owned by Norris and Wanda Phelps. It is thought that the theft occurred early Sunday morning, but the store was closed on Saturday and unattended so that is speculation.

Entry was obtained by smashing a front window. The robber or robbers

were very selective in what they took. The booty included only one brand of cigarettes and selected food items. No money was taken because no none is kept in the store.

This is the second such happening in the three years that the Phelps have had the store. The Red River County Sheriff's office is investigating.

Dear Editor:

I want to encourage everyone to visit our Bogata School Campus and see the improvements being made.

Our Talco-Bogata School Board members, who toured our campus April of 1991, certainly deserve our THANKS! They are Ricky Franks, Kip Stansell, Eddie Brown and Jerry Russell, all four of Talco; Buford Hervey, Mollie Williams and Rue Anna Bell, all three of Bogata. They were responsible for getting repair and clean-up crews rolling.

These Board members found the Talco Campus clean and well maintained; the Rivercrest Campus clean and well maintained; however the day they toured the Bogata Campus they found it filthy and in much need of repair and a push for action was taken.

Lots of the needed cleaning and repairs have been made and work is continuing--floors have been cleaned and repaired, front doors replaced, extensive plumbing repairs have been made in both the boys and girls restrooms in the Junior High building, sidewalks poured to join the scattered classrooms, covers were bought for all the classroom computers, the gymnasium has been cleaned and painted and the floor repaired, the halls have been painted and cleaned, blinds put on the classroom windows, a new door to the principal's office and gates installed to each end of the bus driveway.

Another great improvement was installation of a central air conditioner unit for the cafeteria. The noise from several window units combined with a room full of school children at lunch has been anything but comfortable. The room is used real often as a meeting room

The Church of God of Prophecy in Sugar Hill will hold a gospel singing August 28 at 7 p.m. Everyone is invited to attend. Come prepared to sing and rejoice.

The Rivercrest Class of 1973 will hold a reunion on homecoming weekend. On Saturday, September 26, the group will enjoy supper at the Bogata Community Center and Park at 7 p.m. All former classmates, graduates or not, are encouraged to attend. For information, call Nancy Martin Puck-

ett, 632-5924. On September 13 at 3 p.m. the group will meet for final arrangement sfor the reunion. Any interested member is invited to attend.

The Talco PTO will meet September 1 at 7 p.m. at the school library to make plans for the Fall Festival. Parents are encouraged to attend and help make this fundraiser a success. More members are needed to prepare for the event. For information, contact Judy Sloan, PTO president, 379-7621.

KELLY STANSELL is the new Science teacher at Talco. She is the wife of Kip Stansell and they have two children, Kyle and Kendall. She has been active in the Little Dribbler programs,

the Talco Park Project and the PTO. Kelly is a graduate of ETSU in Commerce and she and her family are active members of the Assembly of God Church in Bogata. (Staff Photo by Nancy Brown)

## Talco-Bogata CISD Trustees Appoint Sandra Ingram To School Board

Talco-Bogata school board met August 20. The first order of business was the need to fill the vacancy made on the board by the resignation of Kip Stansell. After much discussion Sandra Ingram was nominated and unanimously approved by the board to fill this vacancy.

The remainder of the meeting was spent in budget study for the 1992-1993 school year. The meeting adjourned at 10:20.

Another meeting was scheduled of

and yearly by the Bogata Ex Students. All of us as well as the students and the kitchen staff will surely enjoy the quiet cool.

In the School Board book of guidelines, given to the board members in 1991 by the Texas Education Agency, there is a statement numbered IV: "Board members should so interact with the community that each and all segments of the population may express concerns and ideas to board members."

Board realizes Parents and other members of the community are partners in the improvement of the school."

Our new board members are Frank Stubblefield of Bogata and Sandra Ingram of Talco. Surely all the board members love our two communities, our school, our teachers and children or they would not be willing to give of their time to serve on the board. Surely each of them will be open to your concerns and ideas.

Thank each board member when you see them and also let the Bogata Principal, Mr. Lee; the Talco Principal Mr. Gable and Superintendent Mr. Wade know you appreciate their working with the board to keep our schools clean and maintained.

A clean and well-kept school reflects the pride of the community and instills a sense of pride in the students. Our school district is financially able to meet our needs.

Do go to the school open house, if you can't go sooner, to see the improvements. You will be impressed.

I am looking forward to the other repairs and improvements and the continuation of the cleaning program as the board and administra-

Monday August 24, a special meeting to continue budget studies. At this meeting the new board member will be given a pre-oath as required by the State of Texas, prior to her installation onto the board. Tuesday night August 25, the board met again for further budget studies.

The regularly scheduled meeting for September will be September 10 and at this meeting the board will vote on a proposed tax rate for 1992-1993 school year.

SANDRA INGRAM will serve on the Talco-Bogata School Board in the place of Kip Stansell, who resigned. Sandra and her husband, Criag, are Talco residents and have two sons, Chad and Brad, both are Rivercrest High School graduates and are presently attending college. Mr. Ingram is the Rivercrest High School Ag teacher. Sandra is employed by Hawk Insulation Inc. in Bogata. The family attends the Calvary Baptist Church in Talco. (Staff Photo by Nancy Brown)

tion works together. I'm anxious for the Ex Students to come home to their alma mater next homecoming and see the clean, new face being put on "Dear Old School".

Thank you,

MRS. VELLA MAE SCALES of Fulbright is sharing some of her favorite recipes this week with readers in the Country Cooking column. (Staff Photo by Judy Screws)

## Country Cooking

By Judy Screws

This week we are visiting with Mrs. Vella Mae Scales of Fulbright. I really appreciate her letting me go ahead and talk with her, since when we arrived, we found that she had injured her hand and wasn't feeling very well. She was very cordial though, and said for us to just come on in and sit down and we'd visit.

Mrs. Scales has four children; Alice Perry, Milton Scales and Billy Scales, who live in Bogata and her youngest daughter, Sarah Giles, who lives in Mesquite. She has two grandchildren, Alice's two sons, Rodney and Zachary.

Mrs. Scales says she doesn't have a lot of free time anymore, and that she likes to spend the time she has on church activities and with her family. She attends the Sunset Baptist Church in Mt. Pleasant where her pastor is Rev. George Rape.

Vella Mae has been employed at Red River General Hospital in Clarksville for four years. Part of that time she held down her job at the hospital as well as working part time at the nursing home.

Mrs. Scales said that in all of her life she has never lived any farther from her parents (the late Mr. and Mrs. Simpson), than just a little way down the road. She lives next door to her sister, Darlene, and on the other side of Darlene, in their parents' home lives her sister, Berniece. I was curious to know if the three sisters got along well together since they live so close together. She said that their

schedules keep them from being at home at the same time.

The family traditionally has a reunion each year at the Simpson home. They weren't sure whether to have it this year since they had just lost their mother on May 25, but they decided that their Mom would want the rest of them to get together, so they just went ahead and had the reunion as usual. The reunion was the day before our visit, so I imagine she was very tired, but she said they had a very good time.

Vella Mae's favorite thing to cook is desserts. She says that when a new recipe first comes out, she will try it and if she likes it, she continues to make it. Her German Chocolate Cake with Coconut Pecan Frosting, Lady Baltimore Cake, Strawberry Salad and Italian Coconut Cream Cake recipes are all old and she doesn't remember where she got them but she enjoys making them. She doesn't use cake mixes, everything is made from scratch. For main dishes, she uses chicken most of the time. She says she has cooked chicken just about every way it can possibly be used. When I asked which dish her family enjoyed the most, she said she didn't know because they don't ever leave anything. They eat everything she cooks.

Note: On Sandy Moreno's Dirty Rice recipe, use 1/3 can of water. The fraction was on two different lines and could have caused some confusion.

Mr. and Mrs. Lance Hudson

### Bowden-Hudson Exchange Wedding Vows

Brigitte Susan Bowden and Lance Lyndon Hudson were united in marriage Friday, August 7 at Hackberry Creek Country Club in Irving. Officiating over the formal double-ring ceremony which took place at 7:30 p.m. was Kenneth Fallion.

The bride is the daughter of Mr. and Mrs. Cliff Bowden, Irving. Parents of the groom are Mr. and Mrs. David Hudson of Perryton, formerly of Talco.

Registering the guests was Angie Lovett, cousin of the bride from Duncan, OK. Ushers were Brad Ellis, Irving and Andy Acuna, Nocona. Gracing the altar was a white archway entwined with English ivy and tiny pink roses. Large bouquets of lilies, daisies and ivy were at various points in the seating area.

Traditional wedding music was played prior to the service by pianist Steve Couch. During the service Jay Wickhizer sang "Twelfth of Never" and "Walk Through This World With Me." Mary Lou Blaylock sang "Lifetime of Love" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a gown of ivory satin and lace. The high necklined bodice was completely covered with beaded lace and featured puffed sleeves and a dropped V waist. Lace and beaded appliques cascaded down the full skirt. Adorning the cathedral train was beaded lace along the edge. Her fingertip veil of illusion was attached to a halo of tiny pink roses. She carried a bouquet of rubium lilies surrounded by minuet roses, baby pink rosebuds and blue status daisies with English ivy, plimosa fern and baby's breath entwined throughout.

The maid of honor was Christi Cotten, Irving. Bridesmaids were Jennifer Hardie, Kristi Perkins, Paula Lowe, Tabitha Daffin, all of Irving, and Amy Uselton, Nocona. Junior bridesmaid was Lezlie Hudson, Lewisville, niece of the groom.

The bridal attendants wore two piece suits of light pink damask. Their pencil slim skirts were cocktail length. Each carried a single minuet rose.

The flowergirl was Bobbie Jennifer Bowden, Irving, niece of the bride. She wore a pink damask tea-length dress with a halo of pink rosebuds in her hair.

Ringbearer was Brice Bowden, Irving, nephew of the bride.

A reception was held immediately following the ceremony. The tables were decorated with tea lamps surrounded by English ivy and baby rosebuds.

The four-tiered bride's cake was decorated with ice pink sugar roses. Serving the cake were Rachel Wolcott, Kristen Turner and Lori Rich. A table of fresh fruit was at one end of the bride's table.

The two two-layered groom's chocolate cakes were topped with fresh strawberries and chocolate leaves. Serving the cakes were Angela Hopson and Parvaneh Eimandoust.

Punch and coffee was served by Melissa Pardue.

As the couple left for a honeymoon to Santa Barbara, CA, the bride was wearing a two piece ivory suit made from Chinese silk her uncle, Dr. William King, sent to her mother 30 years ago. The dress was handmade by the groom's mother.

The bride, a 1990 graduate of Irving High School, attends Northlake College in Irving and is employed at CJ's Corner in Las Colinas. The groom, a 1989 graduate of Nocona High School, attends the University of Texas at Arlington and is employed at Conflans Business Park in Irving.

1992 Property Tax Rates in Red River County Education District

This notice concerns 1992 property tax rates for R. R. Co. Educ. Dist. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

**Last year's tax rate:**

Last year's operating taxes	\$ 2,225,889
Last year's debt taxes	\$ 0
Last year's total taxes	\$ 2,225,889
Last year's tax base	\$ 281,758,153
Last year's total tax rate	\$ .79 /\$100

**This year's effective tax rate:**

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 2,135,568
+ This year's adjusted TAX BASE (after subtracting value of new property)	\$ 288,568,652
- This year's effective tax rate	\$ .74005 /\$100

*In the first year a hospital district or city collects the additional sales tax, it must insert the following lines unless its first adjustment was made last year:*

- Sales tax adjustment rate	\$ 0 /\$100
- Effective tax rate	\$ 0 /\$100

x 1.03 = maximum rate unless unit publishes notices and holds hearing

	\$ .76225 /\$100
--	------------------

**This year's rollback tax rate:**

Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$ 2,135,568
+ This year's adjusted tax base	\$ 288,568,652
- This year's effective operating rate	\$ .74005 /\$100
x 1.08 (or add \$.08 for schools) = this year's maximum operating rate	\$ .82005 /\$100
