## WIVES SHERRILL WEDS SHERMAN GIRL

That was the culmination of a romance which began in the early part of the year when Miss Helen Sherman and Miss Helen Sherrill were joined in marriage. The bride was preparing for her wedding work, that of the bridegroom, before his college days were completed, came the call for volunteers to promote the cause of American Lewis. He realized his country was in need of services he had to leave home and sacrificed his education to serve his country. He entered Y. M. C. A. He was a nature that carried in a more humble case and joined the industrial service. During this time his hearts were suffering from a little fiancée who was in college course fitting her to be a minister's helpmate. She once again reigned over Lewis returned and finished his college training, accepting a position in Mississippi, later in Louisiana where he preached last year. He is the eldest son of Mr. and Mrs. R. E. Sherrill and was reared in the city of Covington, Tenn. He is one of our finest young men and has every promise of a bright future. He has accepted a call to a church in Covington, Tenn. He is the daughter of Mr. and Mrs. George Hardwicke, one of the highly respected families in the city. ## TEXAS CROP PROSPECTS LOOKING VERY GOOD

Reports received from correspondents of the Texas Industrial Congress indicate a decided reduction in the cotton acreage ranging from 20 to 50 per cent, and probably averaging 30 per cent of the State. Cool nights and unfavorable weather have retarded the growth and planting of cotton and the crop is now from a week to ten days late. Prospects for a good yield of wheat and oats have been improved by recent rains. Wheat in the Panhandle is looking especially good. Corn is making fair progress, and is up to a good stand in most sections. Some damage to both corn and cotton from cut-worms is reported. Potatoes in South Texas are now being harvested. The average in rice has been cut 50 per cent it is estimated, and the progress of the crop has been delayed by unfavorable weather conditions. The truck crop in south Texas is reported good, and moving freely; some shipments have been made to New York by water via Galveston. The east Texas tomato crop, though retarded by unfavorable weather, promises a good yield. There will be a greatly increased production of watermelons.

With the exception of apples, of which there will be a 50 per cent yield, fruit in West Texas has been killed by cold weather; in north Texas the fruit crop has sustained some damage, while in East Texas it is reported safe.

Recent rains in east and south Texas and in some portions of west Texas, have greatly improved the ranges; and livestock generally is said to be in good condition. A greatly increased production of hogs, lambs and calves is noted.

## ROAD TAX ELECTION TO BE HELD ON JUNE 4th

There will be an election held in every precinct in the county on Saturday June 4th, for the purpose of determining whether or not the Commissioners' Court will be authorized to levy and collect a special tax of 15 cents on the \$100.00 valuation of all taxable property for road maintenance. This tax if voted will be used in the precinct in which the property is situated for the maintenance of the public roads. Under the present tax levy, the money collected is not sufficient to take care of the interest and sinking fund on the outstanding warrants and leave anything left for road work. The Commissioners have had but little money to work the roads with during the past two years and unless the special tax is voted the road work will have to be discontinued. On the same day the voters will decide if Haskell County is to have a stock law.

**No Other Phonograph Can Do It!**

No other phonograph even dares the test which the New Edison underwent Tuesday May 3rd, before a large audience at Dick's Theatre.

The fact is something for you to think about.

For,—the test of comparison is the one phonograph test which means anything. It is the one way in which a phonograph can prove its realism. At the same time, it is the most drastic of phonograph tests. To sustain it, requires absolutely perfect realism,—no less.

Tuesday May 3rd, the New Edison stood by Helen Davis', side in Dick's Theatre. If you were there, you heard the living voice and the

RE-CREATED voice brought into direct comparison. You know that there was no difference between the two voices. You heard Sibyl Sanderson Fagan make a similar test with her whistling selections. You know that there was no difference between the original performance and its RE-CREATION.

By this wonderful performance, the New Edison has placed itself apart from all other phonographs and talking machines. It alone has dared the drastic test.

It alone has proved, concretely and conclusively, that it gives you the living performances of great artists.

### WIT AND HUMOR

#### Efficiency in Buying

"How much was those collars?"  
"Two for a quarter."  
"How much for yun?"  
"Fifteen cents."  
"Gif me de odder yun."—Yale Record.

"Wee! Wee! Wee!"—Wow!  
A Boston man was on his way West on important business. In the opposite section of the Pullman sat a sweet-faced, third-appearing woman with four small children. Being fond of children and feeling sorry for the mother, the Bostonian soon made friends with the kiddies.

Early the next morning he heard their eager questions and the patient, "Yes, dear," of the mother, as she tried to dress them, and looking out, he saw a small white foot protruding beyond the curtain. Reaching across the aisle, he took hold of the large toe and began to recite:

"This little pig went to market; this little pig stayed at home; this little pig had roast beef; this little pig had none; this little pig cried Wee! wee! wee, all the way home."

The foot was suddenly withdrawn, and a cold quite voice—that of the mother—said:

"That is quite sufficient, thank you."  
—Harper's Magazine.

#### Not a Wealding

Pat was aboard ship, and was sick. A sympathizer, witnessing his spasms, said, "Stomach a bit weak, Pat?"  
"Weak," retorted Pat, "ain't it trowin' as far as the other m'n's?"

#### Education

The manager of a factory recently engaged a new man and gave instructions to the foreman to instruct him in his duties. A few days afterward the manager inquired whether the new man was progressing with his work.

"The foreman, who had not agreed very well with the man in question, angrily exclaimed:

"Progressing! There's been a lot of progress. I have taught him everything I know and he is still an ignorant fool."  
—Inland Printer.

#### Pitiful, But Jolly, Derelict

One morning the "Black Maria" arrived at the police-court to take to jail the prisoners who had been arrested the previous night. As they filed into the van the policeman were much amused to hear an old woman, who was the last of the string, shout out to a young prisoner in front—

"Now, then, come out of that; you've got my corner!"

Needless to say, the old lady obtained her accustomed seat. Then, as the door was closed and the policeman stepped up behind, she put her face to the bars and said to him in delightfully dulcet tones:

"Home, James!"—Tit-Bits.

#### But Give Him Time

Jack disliked being kissed. One day he had been kissed a lot. Then, to make the matters worse, on going to the picture-palace in the evening, instead of his favorite cowboy and Indian pictures there was nothing but a lot of more kissing. He returned home completely out of patience with the whole tribe of women.

After he had been tucked into bed mother came in to kiss him good-night. He refused.

Mother begged and begged, till in disgust he turned to his father, who was standing in the doorway, looking on, and said:

"Daddy, for heaven's sake, give this woman a kiss!"—Tit-Bits.

#### Graft!

Little Albert, son of a minister, was intensely afraid of thunder. One afternoon in July he was caught in what promised to be a severe electrical storm. His father saw him dash for home, and noticed that his lips were moving as he ran. As he got safely into the house his father soothed his fear and then asked:

"What were you saying, Albert?"  
Albert shuddered. "Oh," he replied, "I was just reminding God that I am a minister's son."—Ladie's Home Journal.

#### Celestial Repartee

It is told of Mr. Finnegan that he died, and when he greeted St. Peter, he said:

"It's a fine job you've got here for a long time."  
"Well, Finnegan," said St. Peter, "here we count a million years as a minute and a million dollars as a cent."  
"Ah," said Finnegan, "I'm needing cash. Lend me a cent."  
"Sure," said St. Peter, "just wait a minute."

#### Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

#### Accepts Position at Merchant's Cafe

Mr. Keeton of San Angelo has accepted the position of baker at the Merchant's Cafe, and has moved his family to this city for future residence. Mr. Keeton comes highly recommended in his profession.

#### The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember it's full name and look for the signature of E. W. GROVE. 30c.

#### Married

The marriage of Dee Atkins and Mrs. Lula Parr, both of the Pinkerton section, was solemnized Wednesday evening by Rev. Seal at the home of the bride's brother, Mr. Adams. The contracting parties are very estimable young people of their community and have the best wishes of their many friends for a long and prosperous life.

Female range today more than days. They work.

The fellow who says his machine has probably never worked.

Common wisdom to build the machine, to show the job correctly.

The advice of some people is to make the machine work.

Of course, the machine will not work unless it is properly adjusted.

Some people say that the machine will not work unless it is properly adjusted.

As a matter of fact, the machine will not work unless it is properly adjusted.

When a woman sets out to make a name for herself she generally ends by setting the preacher to it.

If you want to go far on the river of life just paddle your own canoe. The other fellow's may sink.

Some people like about high prices and then rush in and get the most expensive things they can buy.

Professional baseball seems to be sleeping at the switch. We can't hear even a ray about about craft of late.

The lack of some people isn't lack of all. It is merely energy and determination regulated by good old horse sense.

Our folks, I feel, have been kept in a state of suspense for some time. This time we hope that it will be a happy ending.

There is a lot of talk about the machine. It is a matter of fact, we are determined that you shall not forget our old friend Valin, even if we do not more than merely mention his name occasionally.

A correspondent complains that a great many American business men are losing their commercial honor. If it is only commercial it is probably not worth keeping.

Requiring women to serve on juries may be all right, but we fear its effect upon the legal profession. Not all lawyers are experts at determining the brand of ready to take into court.

President Harding is sure one of our country's future. He is paying right into the hands of the professional lawyers by furnishing them something to write about in their papers.

There are some people who are so proud and complacent that they fail to see real opportunities to improve themselves in the world.

Had some folks tell us that Jimmie's graduate in Africa, but among the ancient ruins of Peru. Really you could blame the Peruvians for releasing such a statement.

A labor economist says that the railroads waste a billion dollars annually. Maybe if the railroads cut out this waste it wouldn't be necessary to cut wages.

Thomas Edison advises movies instead of horrid books for children in primary schools, declaring that in 20 years it would advance civilization 10 centuries. With a Tom Mix film thrown in now and then it would also eliminate playing hookie.

Here's a telephone that ought to be popular in any town. A Bowersy saloon keeper in New York was the owner of this phone, which was reaping him a handsome profit until it was disconnected by the police. You simply walked into this thirst quenching emporium, handed the bar-keep a dollar, walked into the telephone booth and turned the faucet.

Monday Mrs. Gose had charge of the lesson from the Missionary Voice and gave the Bible lesson--The Vicarious Ministry of a Nation--Isa. 43:1-8, Mark 10:35-45. These lessons by Mrs. Gose have been a help and an inspiration to the whole society and it is with regret we announce this to be the last for the year.

Early Methodism the origin and history of the M. E. Church very ably told by Mrs. P. D. Sanders.

A visit to the fifth floor of the publishing house of Woman's Work--a dialogue by Mrs. Hugh Smith, Mrs. Kimbrough, Mrs. Fields and Mrs. Lewis, proved to be very instructive as well as laughable.

"The Winning of Mike" by Mary Kimbrough, was enjoyed by all.

The story of the first Christian social settlement work in South Nashville, Mrs. Welner told how with very unpromising material, the great-hearted women accomplished great things.

Special prayer was made for those who carry the responsibility of the Woman's executive work.

Members of the society present, convened to pray an hour each day, about 9 a. m., that souls might be saved in our coming revival.

Reporter.

On last Monday night immediately after the regular order of business was finished, the Elks staged a boxing bout which was to have been a ten round battle, but came to a sudden and unexpected end just before the gong rang at the close of the sixth round. Horace Washington, (colored) went down for the count of ten when Tom Davis, (colored) planted a right swing on the point of the left jaw.

Immediately following the fight, a wrestling match was staged which proved even more interesting than the battle between the darkies. Arthur Fox a local member and Verna Anderson, one of our home boys, both being very evenly matched--wrestled for 27 minutes, when finally, Anderson succeeded in putting Fox's shoulders to the mat.

FACT AND FICTION

What will you bet it don't talk Saturday?

All the great nations seem to favor government--of the other fellow.

To the modern girl it's really shocking how easily mother is shocked.

If a pessimist should ever find anything to make him happy he would feel miserable.

Put on your rubber shoes, boys, rubber stockings are the latest in a man's wardrobe.

There may not be ready-made men in Russia, but there's plenty of food for thought.

People who are continually hearing of great success in business have no time to be satisfied.

There are some people who are so proud and complacent that they fail to see real opportunities to improve themselves in the world.

PROCRASTINATOR

By ELIZABETH R. GREENE.

They were a gay little company that descended the steps of Hill Crest Farm to the waiting hay rack, and for the twentieth time that morning Mariana wished she had been ready.

But it was always this way. Somehow Mariana could never manage to be quite on time, and had long ago been affectionately dubbed by her friends the "Procrastinator."

Nevertheless, Mariana was a general favorite, and it was with genuine regret that the little party of pleasure seekers set forth without her that bright morning.

"Shouldn't you come later, Mariana?" asked Betty, waiting behind the others.

Mariana shook her head. "I can't," she smiled. "I've got all my packing to do."

"You'll have to get tonight?" Betty asked, frowning.

Mariana smiled. "Thanks, Betty," she smiled. "I'll be there, but I can't come tonight."

### FINE TRIBUTE TO WASHINGTON

Napoleon's Eulogy of the World's Greatest Man Regarded as Worthy of Eternal Preservation.

Approach of the hundredth anniversary of the death of Napoleon Bonaparte recalls the order of the day which he issued in his capacity as first consul, to the French army on the occasion of the death of the first President of the United States. The document is as follows:

"Soldiers! Washington is dead! This great man fought against tyranny. He consolidated the liberty of his native land. His memory will always be cherished by the French people, as well as by all free men of the two worlds, but more especially by the soldiers of France, who, like himself and the soldiers of America in times past, are fighting for equality and liberty. In recognition thereof, the first consul orders that for ten days all the standards and flags of the troops of the republic shall be draped with crape. (Signed) Bonaparte."

Not content with this, Bonaparte insisted that an official eulogy of the liberator of America should be pronounced, in the name of the republic, in the Temple of Mars, the name then given to the chapel of the Palace of the Invalides. The task was confided to Marcellin de Fontane, the poet, who was given six days to prepare it. De Fontane accomplished his task to the satisfaction of Bonaparte, and it is generally agreed that his eulogy of Washington ranks among his very finest works.

### HERO OF THREE COUNTRIES

South American Republics United in Their Desire to Do Honor to Memory of Bolivar.

The unveiling of a statue to Simon Bolivar, known as the George Washington of South America, took place in New York April 19.

There are statues of Bolivar in Caracas, Bogota, Lima and elsewhere. He was South America's superman on horseback. He drove the Spanish out. He became "Jefe Supremo" of the northern half of the continent. ("Hey-foy Soopraymaw," please, signifying "Supreme Chief.") He fought 400 battles and escaped five attempted assassinations.

Bolivar has been described as "mercenary, impractical, visionary, recklessly daring, vainglorious, sympathetic, cunning, sensitive, intense, ambitious, with no sense of proportion, cruel and kind in the same breath, giving vent to the highest sentiments of frenzied patriotism, and practicing the most absolute despotism." History credits him with having spent 90 per cent of his large fortune for his country, Venezuela, and with having made no private use of public funds, although long in control of the revenues of Colombia, Peru and Bolivia. He failed in an attempt to unite all those countries under one flag, lost his power and popularity and died in exile.

**THE U. S. ROYAL CORD**

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.

The script around the sidewall is registered as a trade-mark in the U. S. Patent Office.

# How you can measure tire value in 1921

"The U. S. Tire is the universal with money's worth."

**O**FTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pen car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

**HELPFUL HINTS**

**Baked Salmon with Tomato Sauce**  
 1 lb. can clam salmon.  
 1 cup tomatoes.  
 1-2 cup water.  
 sliced onion.  
 Clove or two.  
 1 teaspoon vinegar.  
 2 teaspoons butter.  
 1-2 teaspoons flour.  
 1-2 teaspoon salt.  
 Pepper to taste.

Chop tomatoes, water, onions, cloves and vinegar twenty minutes. Melt butter, add flour, and stir into hot mixture. Add salt and pepper, cook ten minutes. Then strain. Add salmon, and put in baking pan, pour around half the sauce and bake thirty-five minutes, heating often. Remove to hot platter, pour around remaining hot sauce and garnish with parsley. This will serve from four to six persons.

**Boston Lunch Cake**  
 2 cups butter, 2 cups sugar, 1-1/2 cups flour, 3 teaspoon baking powder, 1 egg, 1 egg white, 1 teaspoon each extract rose, cinnamon and nutmeg. Rub the butter and sugar to a very light cream; add the eggs, 2 at a time, beating five minutes after each addition; add the flour sifted with the powder, wine extract, mix into a smooth batter, put into a thickly papered shallow cakepan, and bake in moderate oven 1-1/4 hours. When cold, ice the bottom and sides with white icing.

**Sweet Potatoes**  
 Boil potatoes and cut into thick slices. Put into layers in a baking dish, sprinkling each layer with a very little brown sugar, a little salt and pepper and dot with butter. Mix bread-crumbs with melted butter and spread over the top, and moisten with a little boiling water. Bake in a hot oven until brown.

**Scalloped Onions**  
 Boil onions until nearly done, cut into pieces, roll in bread-crumbs and put into shallow baking dish. Make a sauce of the onion water and milk, pour it over the onions, dot with pieces of butter, a little pepper and salt, cover with bread-crumbs and bake until done.

**Potato Salad**  
 Make 1-2 amount of boiled dressing given; when cold, thin with vinegar or lemon juice, and add 2 tablespoons onion juice. Pour over diced potatoes while hot. When cold serve with water-cress or field salad, garnishing with sliced pickled beets and sliced hard-boiled egg.

**Cheese Straws**  
 Roll out pie crust very thin. Sprinkle with grated sharp cheese and a dust of cayenne, fold in three, roll out, and dust a second time with cheese. Fold, roll out quite thin, cut in fine strips or straws with jagged-iron, lay on flat pans and bake in very moderate oven.

**Boiled Rice**  
 Have two quarts of water boiling hard. Add one level tablespoon of salt and one cup of rice that has been washed several times. Boil rapidly with kettle uncovered, stirring at first with a fork to prevent the kernels from sticking together. Boil about twenty-five minutes. The exact time cannot be given, as it depends on the size of the rice, but as soon as the kernels are soft the rice is cooked and should be drained at once before the starch begins to dissolve. The kernels should not stick together. To re-heat any that may be left over, put into drainer or colander and plunge into hard-boiling water until heated through.

WICHITA WOMAN SPENT HUNDREDS OF DOLLARS

Condition Grew Worse in Spite of All She Could Do and Became Almost Nervous Wreck

"I had spent hundreds of dollars trying to get rid of my troubles, but Taniae has given me relief at a cost the small to mention," said Mrs. J. F. Mulkins, of 428 Waco street, Wichita, Kan.

"Before I took Taniae my health was broken down so that I was almost a nervous wreck. I couldn't sleep at night and would get up in the morning completely worn out and felt that way all day long. I suffered from smelly, hot scapulars after meals, had awful pain in the back of my head and such spells of dizziness I could hardly stand up. I gave up all the medicine I took on the verge of despair and could have sworn I was to die."

"But when for me, I started taking Taniae and after 1 day I was able to get around again. My appetite has been good and I feel perfectly well. I have been able to sleep like a baby. I can now do all the things I used to do. I am so glad I got after an eight-month illness with the greatest ease. I am now convinced the way Taniae has built me up."

Taniae is sold by the leading druggists everywhere.

First Baptist Church Notes

Sunday was a good day with us. We had three additions to the church: Mr. and Mrs. W. G. Cooper joined by letter from Hamilton Baptist Church, and Mrs. R. L. Creek joined by statement. Our Sunday School is making a splendid record for the month of May the average attendance is 320 pupils.

We are fortunate to have a great band of Sunday School workers. The departments are all doing good work. Our prayer and aim is 100 in Sunday school.

The Men's Bible class, organized of men who have not been in the habit of attending Sunday School, led by the pastor is growing both in number and in interest. It is getting occasion to wear the members of this class say, "This is the only class that I have ever attended that has exactly suited me."

The membership of this class is a number of men of various ages, and the interest is of such a low, that we need not be in a hurry to have more than we have sufficient time for our work. We do not use the regular S. S. Literature but each member is supposed to bring a Bible. All men who are not accustomed to attending Sunday School are invited to attend this class. The subject for next Sunday will be a continuation of a study of the "Sacred Offices of the Bible." It is surprising how little we all know about the Bible.

Monday afternoon at 4 p. m. was the regular study class meeting with the ladies. The subject was Regeneration. There were only 10 ladies present, but it was an interesting hour and we believe a profitable one as well. This class meets every other Monday at 4 p. m. The subject of the next lesson will be "Repentance and Faith," and it is hoped that the entire enrollment of the class will be present at that time. Next Monday afternoon is the Mission Study Program, led by Mrs. Will Kirkpatrick. This is another phase of the ladies work which is a splendid success.

The Sunbeams meet each Sunday in the basement of the church at 11 a. m. with an average attendance of about 75. Mrs. Seal is leader of this splendid band of little ones and they are having some happy experiences.

**CALUMET BAKING POWDER**

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

**Christian Woman's Board of Missions Meets Monday**

The Christian Woman's Board of Missions met Monday evening at three o'clock with Mrs. W. W. Fields. After the Devotional and Bible study reports were given from the delegates, Mrs. John R. Mesdames Mauldin and Morrison brought very inspiring messages from the great leaders of the convention, giving those present a vision of the great things to be accomplished by the women of Christian America.

**Ladies Missionary Society**

The L. M. Society met after tea at 4:30 o'clock at the Methodist Church. On account of business the regular program was postponed until Thursday at which time we will visit the very interesting program arranged and every girl is invited to be present.
