If you ever go crazy,
where will you go?

Have you ever considered that question....where will you go if you go crazy? I mean it literally. Being already mostly on the crazy side, it hit me as I passed a treatment center recently that such places all have bucolic, pastoral names, usually connected with trees!

Think about it. Every private mental hospital, or treatment for alcoholism or drug addiction, is named with some name like "Willow Bend", "Twelve Pines Center For Recuperative Therapy" or "Oak Grove By the Creek"

I'm serious....think about it! Have you ever passed a center for such a serious problem that didn't sound like a health spa for the rich and famous?

"Meadow Brook Of The Forest", "Woodshaven", Wild Gose Ridge, (yes, these are semi-made-up-names) the list just goes on and on.

Here are these poor people, seriously ill with mental problems or addiction problems, and they get confined to some place that sounds like they will get herbal mud packs and personal massages three times a day.

In reality, I understand that the regime is pretty tough there....although one does get to partake in exercise regimes and healthy walks in groups, it isn't like going to a "Fat Farm" where gourmet low calorie meals and personalized beauty profiles pamper every guest. But, I repeat, the names sound alike!

Why is this? Is it that as urban as society has become we

still retain a deep seated knowledge that the earth, trees, water and nature are soothing and healing? I hope so.

It's more likely though, that we live in a society that tries to hide it's grimmer realities behind euphemisms and platitudes.

Hey, how bad can withdrawal convulsions be in a place called "Thirty-Seven Live Oaks". Pretty bad, no matter what the name!

I'm prone to call it as I see it, without resorting to coy phrases and cover ups. But I guess if they ever come to get me I would rather go to a place called "Two Hackberries" than somewhere called "Center For Total Reorganization Of Mental Processes". Maybe there is a good reason for naming institutions after nature! Sounds better, no matter what the reality!

LETTER
TO THE
EDITOR

TO THE BOGATA HIGH SCHOOL CLASS OF 1959

Several people have mentioned that they would like to have a class reunion this year, celebrating our 40 years. The homecoming committee has decided to have the annual homecoming at lunch this year on Saturday April 10. There will be a catered barbecue lunch at the school at 1:00 o'clock. I think it would be nice if we could all get together for lunch. I am sure we could reserve a table just for us. You would need to make reservations for this. I would like to invite everyone to come to my home for coffee around 11:00 a.m. We could visit during that time before lunch. If you are interested in doing this, please let me hear from you. My address is Box 369, Bogata, Texas 75417, phone (903) 632-4224. Time is short, so we need to get busy and spread the word.

So put it on your calendar to return home to Bogata, Texas on Saturday, April 10.

Sincerely,
Jan Morgan Lewis

Country Cooking

This week's recipe comes to us from the Kraft Creative Kitchens. It is the nation's largest consumer packaged food company. They are the makers of the wonderful product... Velveeta Cheese. This great little boxed item is handy for every home-maker or chef, because it can be added to a dish for a quick and simple meal. Kids love macaroni and cheese... well, here are some variations! Preparation time is around ten minutes with the actual cooking time at around fifteen minutes.

Unlike some of the other brands of processed cheese product, Velveeta melts smooth and creamy with no lumps. It comes in 8 ounces, 16 ounces and 32 ounces, and also comes in regular, light and Mexican-mild or hot! It can also be found nation-wide in all of your area stores.

Velveeta's most popular recipes include: grilled cheese, macaroni and cheese and dips. It is quick and easy and melts in the microwave in 2-3 minutes. It is made from a blend of colby, swiss, cheddar and other wholesome products.

The recipes that we have for you in this week's column include six or fewer ingredients, take thirty minutes or less to prepare and the best part is that they are made in one pan. These recipes also will be popular with the entire family.

Cheesy Chicken and Broccoli Macaroni uses diced chicken and frozen broccoli to make a delicious meal in a minute.

Salsa Mac combines ground beef and macaroni noodles with salsa to get that extra flavor!

Tuna Mac is another twist to a favorite recipe. Just add a can of tuna for a different flavor.

Cheeseburger Mac- this recipe will be a winner with the kids around your house.

Cheesy Beef Stroganoff- If you don't have or take time to do Beef Stroganoff, try this recipe, fast and simple.

South of the Border Macaroni and Cheese- just add picante sauce to your macaroni and cheese dish and this will soon become a family favorite!

FOOT NOTES

IN A PINCH?
Burning pain in the forefoot, shooting pain and dull, pervasive ache are some of the most commonly described symptoms of a neuroma. The source of the pain is an enlargement of the sheath that surrounds one (or more) of the intermetatarsal nerves. The most common location is the area between the third and four toes and metatarsals. This particular site is most vulnerable because it is the thickest and is the junction of several different nerves. This condition is often caused by shoes that cramp the toes, causing a pinching of these nerves. Pronation of the foot may also exacerbate this condition. Your podiatrist may provide relief with orthotics, steroid injections, or, in severe cases, surgical removal of the neuroma.

It's hard to ignore the burning pain of a neuroma and other foot conditions or injuries, especially when every step places weight and pressure on the affected area. Don't wait for the pain and the problem to disappear. Most likely they won't and you'll be left with a worse condition than when the problem was still new and relatively minor. A better strategy is to call DOCTORS FOOT CLINIC at 784-5585 for experienced attention to your foot concerns.

OFFICE LOCATED AT
3605 N.E. Loop 286, STE 1800
PARIS, TEXAS
P.S. Prevention of this neuroma may, in many cases be as simple as selecting shoes with an amply wide toe box.

Rebels win Area

The Rivercrest Rebels traveled to North Lamar for the Area championship game vs Keene on Thursday, Feb. 25, 1999. Game time was 6:30 p.m. The Chargers took first possession of the ball but failed to score. The Rebs also failed to score on their first possession of the ball and it set the path for the quarter. Jason Freelen hit a field goal for the first Rebel score but the Chargers controlled the quarter easily stealing the ball, getting rebounds and netting points. The Rebels were definitely beat in the speed department and their shots simply would not go in. Michael Galloway got a block and Chase Collins added 4 points and Keith Hines 2 free shots but the Rebs trailed 12-8 at the quarters end. In the second the Rebels still were off on their shots and they were not running the court as well as they are capable of doing. Eight points were added from Collins, Hines and Josh Posey but the Chargers added another 12 to their score. The half saw the Rebs behind 24-16.

The third quarter saw Rebel scoring improve but the team still was not playing their game. Keith Hines hit 3 field goals, Chase Collins hit 2, Michael Galloway hit 2, Josh Posey and Jason Freelen both added 1 and the Rebs moved to within 5 points of the Chargers. Score 39-34. The final quarter started off bad for the Rebels but somewhere within the last minutes the Rebels decided they wanted the win. With :37.3 seconds left on the clock Keene led by 1. Score 47-46. Jason Freelen was fouled with :25.9 left and made both shots to tie

the score. With :16 seconds left the Rebels double dribbled and turned the ball over to the Chargers. A Rebel foul sent Keene's #42 and their best shooter to the free shot line where he hit to put the Chargers up again. With :08.2 seconds left Jason Freelen saved the Rebels with a field goal that tied the game and ended regulation play. Score 50-50 and Overtime!

Four minutes were put on the clock and the tip was up. Keene took the first OT possession and scored. Michael Galloway hit the first 2 points in the OT for the Rebels from the free shot line. With 2:16 left Coach Wood called for time. Following the break Chase Collins made a steal but it was

lost on a Rebel foul with 1:35 left. The clock ticked away and with :45.7 seconds left in OT Chase Collins went to the free shot line. He made one and missed one. Hines was fouled with :30.8 seconds left and he also hit one and missed one but the Rebels were still up by one. With a Rebel lead the Chargers were forced to foul. Jason Freelen was sent to the free shot line with 11:6 seconds left and the Rebs up by 1 points. Freelen's shots were off but the Chargers were out of time and the buzzer rang before a shot could be made. Final 58-57 Rebels!!! Scoring in OT was done by Collins-3, Hines-1 and Galloway-4. High Scorer for the game was Keith Hines with 15 points. Also Scoring were Chase Collins-14, Michael Galloway-13, Jason Freelen-10, Josh Posey-6 and Josh Griffin-1. It was not a pretty game but it was a Rebel win and the team will be preparing to enter the Quarter Finals on Tuesday, March 2, 1999 at Greenville vs May Pearl at 7:00 p.m. Come out and support the Rebels as the travel the road to State!

Junior High Lady Rebels finish well

The Rivercrest Junior High Lady Rebels finished their season on top. The 7th grade girls went undefeated in district play. Lady Rebel coaches were well pleased with the team work the girls used, hard work they put out. Every player was a contributor toward their district win.

The 8th grade girls are Co-Champions of the district tying with Paul Pewitt. The Lady Rebels only loss of the district play was to Pewitt at Pewitt after overtime play. They defeated Pewitt at home to share the title. The Lady Rebels also placed 1st in the Chisum and Chapel Hill Tournaments. Coaches Debbie Williams and Tammie Case were very pleased with the team and said they, like their 7th grade counterparts, were all instrumental in the district title win. This is the 2nd year in a row the Junior High ladies have led the district. Congratulations girls!!!!

Rivercrest Rebels Quarter Final Champions

The Rivercrest Rebels traveled to Greenville for the Quarter Final play off vs Maypearl on Tuesday, March 2, 1999. Maypearl came in with an over all record of 22-8 while the Rebels hold a 21-13 record. The Maypearl Band Director did a wonderful job of playing the national anthem and the game began.

In the first quarter of the game saw the Rebels get the tip of the ball and get on the board first with a three pointer from Keith Hines. Hines also netted the second Rebel points off a steal of the ball from Josh Posey. The Rebels were cool and collected and took special care with their shots. The Maypearl Panthers showed their nervousness on the court. Before the quarters end Hines added 2 more field goals, Michael Galloway hit 3 free shots and Josh Posey and Josh Griffin both added a field goal. The officials had 65 Rebel post, Josh Posey's number early and even though Josh played a good game, he could not move without drawing a foul. The quarter ended 16-11 Rebels. In the second the Rebels continued to play well. Michael Galloway ripped the net with 2 treys and Josh Griffin added a field goal and free shot. The Panthers were able to get the ball in to their 65 post which made for a battle under the goal. The Josh's, Posey and Griffin, Hines and Collins did an excellent job on the defense under the goal. Michael Galloway defended the Panthers lob pass in forcing turnovers and Jason Freelen forced turn-

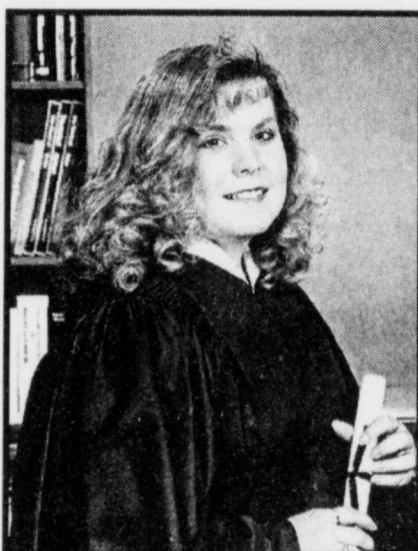

overs out front. With :28 seconds left in the game and the Rebels up by 1, Josh Posey was slapped trying to get a shot off. No call and the Panthers ball. The Rebs regained the ball and at the buzzer Galloway found nothing but net from three point land! The score stood 25-21.

In the third the Rebels had the first possession of the ball. Again Josh Posey drew the offensive foul. Fans could not understand the call Posey drew 3 offensive fouls, all in the process of going up for the shot under the goal, yet, the Panthers big man under the goal drew none? Posey did score the first points of the period. The Panthers 66 man drew a goal tending call and Jason Freelen was sent to the free shot line plus the Rebels got the ball out of bounds. Kyle Stansell made an excellent pass to Collins who scored and then Stansell hit a trey ending the third quarter Rebels 37-32. Collins, Galloway, Posey and Stansell had scored in the quarter. Maypearl had the first possession to start the fourth quarter off. Chase Collins immediately made a steal and the Rebels went to the hoop. The Panthers point guard drew a foul and the crowd roared. The young man, the crowd felt, should have drawn a Technical. Posey was lost to foul trouble and Josh Griffin took over at the post. Griffin had contributed throughout the game in place of the foul ridden Posey. After Posey was lost the Rebels drew walking and various calls which lost them

the ball. With 4:05 left in the final the Panthers tied the score. The two teams worked hard and Maypearl finally drew an offensive foul. Collins went to work and forced turnovers and stole the and Galloway drew an intentional foul which gave him 2 free shots and the Rebels the ball. Galloway made both shots and the Rebels relaxed with a 47-39 lead. Keith Hines was put out of the game by the officials due to bleeding on his hand. Hines uniform was changed on the court and he was bandaged up and sent right back in. Hines drew a foul with :39 seconds left and hit them both giving the Rebels some insurance. Michael Galloway made a big block, stopping a Panther score and with :17 left the Rebels added security with a free shot from Jason Freelen. Final 52-46!!!

The high scoring honors for the game went to Keith Hines with 15 points. Also scoring were Chase Collins-9, Michael Galloway-12, Josh Posey-4, Josh Griffin-5 and Kyle Stansell-5.

The Rebels are headed for the Regional play offs in Stephenville! They will play on Friday at 5:30 p.m. vs Peaster. Krum will play Godley at 8:00 p.m. The winner of the 2 games will meet Saturday at 2:00 p.m. Tickets for the game will be available only at the door. MARY LOU HALL - cracks a smile as she displays an emu egg. She has carefully stolen the eggs to keep her male emu from working to hatch them. (Staff Photo Nancy Brown)

Old McDonald had a farm and so does Mary Lou Hall

by Nancy Brown

I called a long time friend, Mary Lou Hall to collect some local news this week and learned some interesting things.

Mary Lou and Roger live just west of Talco on what is known as Three Humps Road. They have always had farm animals, bailed their own hay and worked a garden and I knew Lou was an outdoor nut. Her yard is always beautiful and she has always slaved to keep it that way. But what I did not know was she is now collecting some unique animals along with her horses, cows, chickens, ducks, geese, pigs, cats and dogs. She has pigmy goats and emu's.

A lot of folks went through the get rich quick trip with emu's and ostrich's and some how Lou wound up with a male and female emu. It seems the female of the species lays eggs and her job is done. The male builds the nest, turns the eggs and cares for the young and that is exactly what her male is doing. He has made himself a nest right near the black top road and is busy attempting to raise a family.

The female had laid 25 or more eggs but Lou, not wanting 25 baby emu's, stole one egg at a time until he only has 4. The eggs are large and deep green and look like a huge avocado. Lou informed me it will take 65 days for them to hatch and he has been at his baby raising for just over a month.

The bird will let Lou come near but her dog Toby and her pigmy goats or anything else that comes near is under attack.

Lou said folks that live on her road are watching along with she and Roger and awaiting the first crack of an egg and can't wait to see this oh-so-loyal father-to-be with his chicks. The loosey goosey mother could care less.

Lou also told me about one of her pigmy goats who produced 4 babies. Of course she got to raise 2 of them on a bottle due to a lack in the lunch room line on the mother. This year one of her mother goats has produced triplets. Lou was surprised recently when a lady from Ft. Worth called her and asked if she could bring her children to see Lou and Roger's animals. Of course, she was told yes and Lou laughingly calls her home her "petting zoo".

Lou is also a great baby sitter and not just for her grandchildren, Camen, Caley, Crystal and Brian, but for baby animals. Lou's sister, Betty owns a pet store in Ft. Worth and on occasion asks Lou to baby sit special animals when they have to be out of town. So far she has sat with a boa constrictor, a lion cub and a huge tortoise.

I thank Lou for my visit with her on her farm. I also will be waiting to see if the emu's babies hatch.

FATHER TO BE - This emu is settling down to sit on his eggs after being disrupted by the camera. He will turn the eggs, sit on them until the hatch and take care of the young. The female emu's either have a good idea by letting the male do all the work or is it they are unfit mothers? The animal belongs to Mary Lou and Roger Hall of Talco. (Staff Photo Nancy Brown)

Red River Genealogical Society to meet March 8, 1999

History remembers the rich, famous and notorious. Genealogy remembers not only those, but also the common men and women who simply lived, worked and raised families and who, in the end, were the real history makers.

Everyone is invited to meet with the society at the Red River County Public Library on Monday, March 8, 1999 at 7:30 p.m. for the regular monthly meeting. The speaker for this month will be Eddie Poole of

Paris, whose subject will be the art of locating lost or unmarked graves.

Tracing family history has become one of the fastest growing hobbies in the United States in recent years. We who are interested in finding our roots in Red River County are especially fortunate to have a wealth of resources available. It does not take any special skill to find one's ancestors and if you are new to genealogy, members of the society will be happy to help you get started.
