## NEWS ABOUT BUILDING OF SCHOOL

is being shaped up for the new building for the High School. Since we have had the crowded conditions of the old building, the North Ward will be built. The rooms are being built in the matter of seating, in the old building has been into a nice recitation and a room has been set aside for books and suitable bookcases so that books can be kept in the proper manner. The building will be nice and airy and inviting for an old building. Piersey is a good janitor. School building will be ready for occupancy. The pupils will be able to do work this year because of a nice, beautiful building to work and they will not be crowded, congested.

## 28 BALES COTTON RECEIVED THIS WEEK

Up until Thursday noon twenty-eight bales of cotton had been received at the local yards, according to Public Weigher Jess Edwards. It is expected that by the last of the week cotton will begin moving rapidly, as a number of farmers are picking their first bales this week. Cotton was bringing 21 1-2 cents per pound on the local market Thursday, with some of the farmers holding their cotton.

## NEW FOOTBALL COACH ARRIVES IN THIS CITY

A. I. Anthony of Abilene, athletic coach of the High School for the coming term, arrived in Haskell Wednesday, and has begun lining up material for the High School football team. Mr. Anthony states that with the old players that were on the team last year, together with the new players to be secured from this year's students, a winning team can be mustered out. Active football practice will be started in a few days, and a game has been scheduled between the High School team and former football players who are not attending school. The game will be played September 5th, at the baseball park, and much interest has already been manifested in this game. A complete line-up of the players of both teams will appear in next week's paper.

## BALLOTS FOR RUN-OFF PRIMARY SENT OUT

All ballots for the second or run-off primary to be held Saturday, August 26th, were mailed out the first of the week to the election officers. Interest in the second primary has been very light so far, and it is estimated by some that not over one-third of the voters who voted in the first primary will take part in Saturday's election. The candidates for the county offices in the run-off primary are: Jas. P. Kinnard and R. E. Lee, for County Judge; J. S. Abarnatha and M. J. Lain for Commissioner of Precinct No. 1; R. P. Simmons and S. A. Hughes for Justice of the Peace Precinct No. 1; Mart Clifton and Frank J. McCurley for Public Weigher of Precinct No. 1; and for Public Weigher of Precinct No. 2, W. L. Walker and Chas. Barton.

## CAR BURNS BETWEEN WEINERT AND KNOX CITY

The Oakland roadster belonging to R. N. Hatcock of this city caught fire and was totally destroyed last Friday on the road between Weinert and Knox City. Bert Davenport and Bert Smith, both of Weinert, were in the car enroute to Knox City, where a rodeo was in progress. They had driven about seven miles, and were not aware that the machine had caught fire until the flames burned through the floor boards. No means were at hand to extinguish the fire, and the car was a total loss with the exception of the two front wheels and castings.

## OIL AND GAS LEASES FILED THIS WEEK

The following oil and gas leases and assignments have been filed with the County Clerk this week:  
Jerome Colonna to Jas. B. Hager, East one-half of West one-half of Block 100 of the S. S. Kouri subdivision. Consideration \$1.00.  
U. S. Walters to J. A. Lewis, 25 acres out of Jos. McGee survey. Consideration \$1.00.  
J. W. Meadors and wife to W. W. Murphy, 158 acres out of the H. O. Campbell survey. Consideration \$100.

## BUILDING THREE PHASE LINE TO MUNDAY

The Haskell Ice & Light Company began work the latter part of this week on adding another line to the electric transmission line which serves the Munday section. The line, which now only carries a single phase electric circuit, will be converted into a three-phase line, which makes possible the same service for Munday that is obtained here.

Theodore Pace and Mart Clifton spent Sunday on the river fishing.

## Word From the Country

## W. V. DISCONTINUES TWO NIGHT TRAINS

In order to conserve fuel, power, and equipment, effective Tuesday, August 22nd, and until further advised, trains No. 3 and 4 will be discontinued between Wichita Falls and Childress, and trains No. 5 and 6 between Wichita Falls and Fort Worth.

Trains Nos. 5 and 8 on the Wichita Valley between Wichita Falls and Abilene will also be discontinued, as will the Fort Worth-Stamford sleeper.

Trains Nos. 1 and 2 on the Wichita Valley running on the same schedule as heretofore, No. 1 Westbound leaves Haskell 7:10 P. M. and No. 2 Eastbound leaves Haskell 8:10 A. M.

## WILL GIVE BANQUET FOR LOCAL BAND

According to Chas. Parsons, proprietor of the American Cafe, an elaborate six-course banquet will be served to the members of the local concert band, Friday night. The local band will give their first public concert Friday night, and the banquet will be served immediately after the concert.

The band is composed of twenty-two persons, and Mr. Parsons, in banqueting the members, is showing the proper spirit toward an undertaking of this kind. The band will be an asset to the town, and the business men are solidly back of the enterprise with their support.

## MEBANE COTTON WITHSTANDS DROUGHT

P. M. Ross of the Mebane Cotton Breeding Association of Lockhart, Texas, and Haskell, is here this week in the interest of the company. Mr. Ross is having a crew of experts to go over the fields of the members of the association, taking out all cotton stalks which do not come up to the standard of pure bred seed. Mr. Ross is well pleased with the showing Mebane Cotton has made in Haskell County this year in spite of the protracted drought which will no doubt cut the length of the staple to some extent. He states that the farmers who are raising Mebane cotton this year are very enthusiastic in their praise of the drought resisting qualities of the cotton, as it is standing the extreme weather better than most any other variety of seed.

Mr. Ross states that they have a very heavy demand for the Haskell grown seed in South and East Texas, but it is the intention of the company to give the Haskell County farmers preference in securing the seed for another year. He wants them to see him at once, however, so that he will be able to get a line on the amount of seed that will be needed here for another year.

On another page of this issue will be found a statement of the farmers raising this cotton, as to what they think of the Mebane variety.

## GLENN WELL NOW DOWN 2,000 FEET

Work on the Glenn well in the southeast part of the county, has been suspended for several days, awaiting the arrival of the six and five-eighth inch casing. This test has reached a depth of over two thousand feet, with several good showings of oil, and strong gas pressure in several instances. Work on the well will be resumed as soon as the casing arrives, and the well will be drilled to 3,500 feet unless oil is found above this depth.

## CHRISTIAN ENDEAVOR CONVENTION OCTOBER 6-7-8

The Christian Endeavor Convention of the Abilene District will meet in Haskell October 6, 7 and 8, 1922, and local Endeavor workers are making plans for the entertainment of the many delegates. The Abilene District is composed of fourteen counties in West Texas, and delegates will attend the convention from many points. E. F. Hupperts, State Field Secretary of the Christian Endeavor, will attend the convention in Haskell, and several other well-known C. E. workers.

The Bossy Cop makes the Automobileist feel Pretty Cheap for Parkin' his car Wrong. And if the Automobileist Parks Up and Talks Back, the Cop will send him to the Pen for Life. How Thankful we should be that This Town has no Bossy Cop!

**DOVE SEASON WILL OPEN ON SEPTEMBER 1**

The dove season will open on September 1, and according to local sportsmen the supply of birds will be plentiful this year.

In this connection we might say that State Game Commissioner Boyd has issued orders to all deputy game wardens to be very strict in the enforcement of the game laws during the coming season.

Home county hunters need not have a license, but those Texans hunting in a county where they do not live must obtain a license, costing \$2 from a Deputy Game Commissioner, Game Warden County Clerk, Sporting goods store, or direct from the Game Commissioner's office at Austin. Hunters not living in Texas must obtain a commercial license, the fee for which has been fixed by the Legislature at \$15.

It is also unlawful to hunt with trap, net, dynamite or by any means other than with gun, not larger than a grog-shot from the shoulder, or to hunt with light or lantern of shot at birds before sunrise or after sunset.

No more than fifteen doves can be killed in any one day, and no more than seventy-five game birds of any or all kinds may be possessed or shipped at any one time. It is also illegal to shoot from power boats, sailboats or airplanes; unlawful to buy game, pay a

rather to hunt, be paid for hunting, to carry on train or to ship game without an affidavit, or to ship to a purchaser without a permit from the Commissioner or one of his deputies.

**PUBLIC SCHOOLS WILL RECEIVE \$10 EACH SCHOLASTIC**

For the ensuing scholastic year the public schools of Texas will receive \$10 for each child from the State's available fund, this appropriation having been made today by the State Board of Education on a basis of 1,292,000 children, a decrease of 100,000 from the 1,392,000 in the scholastic year and a reduction in the allotment of \$1 per child. The present appropriation of \$10 per child is a new record and it will be some days before another is made.

An estimate of the income of the State for 1923 is \$100,000,000, which is a decrease of \$10,000,000 from the 1922 estimate.

Receipts of 1922-23 were \$107,221,000, consisting of poll taxes, \$60,000,000; supplemental taxes, \$45,000,000; highway taxes, \$4,000,000; interest, \$8,221,000; income from permanent funds, \$1,000,000; and from text book tax, \$9,000,000, from 20 per cent school tax, \$5,000,000.

Total available fund estimate, \$112,741,450. The State Board of Education in controlling its appropriation took into consideration the State tax of 1% on the \$100 valuation of the estimated taxable value of \$1,000,000,000, which was a decrease under last year of \$100,000,000.

Provision for the 150 per centum would yield \$4,919,712 and it is estimated that only \$1,390,750 will be needed in the appropriation. To that is added the remaining 20% of the State school tax, or a total of \$5,000,000, making the grand total for last year of \$105,241,450.

The cost of text books per child actually enrolled in the schools was \$1.02 in 1919-20, \$1.19 in 1920-21, and \$1.25 in 1921-22. The increase in the cost of the third or last year was due to a change in language books and grammars, the estimate cost of the new adoption being \$4.50,000.

No census rolls have been received from Cameron, Garza and Sherman counties and the city of Houston, estimates being made for these. The Sherman County courthouse burned, the school records being destroyed.

The total appropriation this year is \$12,926,580 against \$16,873,883 last year, or \$3,947,303 less this year. On the stump, Governor Neff said that his first recommendation to the Legislature will be that it appropriate out of the general fund sufficient money to supplement to the available school fund to run the public schools the accustomed length of time for the coming term. In view of the materially reduced appropriation, it will be up to the Governor to make his recommendations, otherwise terms will be cut short, especially in the country, where the local supporting tax is not large.

**Building New Residence.**  
J. M. Maxwell, one of Haskell's well-known carpenters, started work last week on the erection of a modern residence for C. B. Long, former County Judge. The residence will be built on the former site of the Christian church, and when completed will be among the most attractive in the city.

CANDIDATE FOR  
**STATE SUPERINTENDENT**  
Democratic Primary, August 26.

**SMITH ENDORSES BENTLEY FOR STATE SUPERINTENDENT**

To the County Superintendent State and my other friends: First of all, I desire to express my sincere appreciation for the given to me in the July 1923 election. I was eliminated in the State Superintendent Instruction. And second, ask and urge all my friends of the friends of the State of the State to support a 23th round, the election of Ed R. Bentley, a real school man, on his merits as a man and who will fill with great important office to which I am sure he is entitled. Just as I regard Mr. Bentley in every respect to hold the State Superintendent office, so I regard Mr. Bentley as entirely entitled to that office. Mr. Bentley has, without any misappropriation and selection of the County Superintendent and to the repeal of the law.

- WHAT HE STANDS FOR**
1. Better Support of County Schools.
  2. Election of County Superintendent by vote of people and against appointment as favored by his opponent.
  3. Repeal of New Certificate Law.
  4. Economy in buying and handling textbooks.
  5. Against red tape and extravagance.
  6. Economy, Courtesy, Efficiency.

The marriage of Clyde Cearley of this city, and Miss Mary Hitt of the Pinkerton community was solemnized Saturday afternoon at the home of Rev. Ben F. Roberts, Rev. Roberts officiating. A few intimate friends of the contracting parties were present. The bride is the daughter of Mr. and Mrs. A. P. Hitt of the Pinkerton section, and is one of the most popular young ladies in the community. Mr. Cearley is an energetic young farmer, son of Mr. and Mrs. G. E. Cearley. The young couple have the best wishes of a host of friends.

**Robertson-Williams.**

The marriage of Mr. Oliver Williams and Miss Mary Lou Robertson, popular young couple of Fort Worth, was solemnized at the home of Chas. H. Parsons in this city, at noon Tuesday. Rev. S. L. Culwell pastor of the Methodist church, performed the ceremony, which was witnessed by relatives and friends of the contracting parties.

The bride is a beautiful and charming young lady of Fort Worth, and the groom is a son of Mr. and Mrs. T. A. Williams of this city.

The happy young couple have the best wishes of a host of friends. They will make their home in this city.

**Attending League Institute**

A number of young people from the Methodist Church are attending a League Institute being held in Stamford from the 25-27. There will be present at this meeting some prominent League workers to deliver addresses to the young people.

**Methodist Church**

There will be the usual services next Sunday at the Methodist church except there will be no preaching at the evening hour.

Sunday School at 9:45. The Sunday School is going good. Those away on vacation for the summer are beginning to return and with the opening of public school we expect the Sunday School attendance to again reach a high water mark. Meet us next Sunday.

**The Presbyterian Church.**

"To know Christ, and to make Him known to others."

On this coming Sunday morning, the pastor's subject will be "Corrected Vision." In the text which has been selected there is a very interesting and instructive play upon words as is brought out in the study of the original Greek. Some people are totally blind, some are near-sighted, some are far-sighted, and others have stigmatism. Do your spiritual glasses need new lenses.

We would again call attention to our uplifting song service. We sing the great old hymns of the church, the hymns which have blessed the living church during its greatest periods of revival from Martin Luther's time down to the present. Come and worship with us.

We are having a record breaking prayer meeting attendance. The expository and devotional study of Mark's graphic account of our Lord's earthly ministry is giving us a fresh and clearer knowledge of the wonderful love of the Servant of God. Wednesday nights; the public invited.

The first stage of our Sunday School campaign was reached when last Sunday the Reds led the way "over the top." And Tuesday night over a hundred people went to bed thinking of what a good time all of us had together on the church lawn that evening. We expect to have another "get-together" frolic soon, and play some more brand new games. And if you do not attend Sunday school, now is the time to begin with us.

**PRESBYTERIAN SUNDAY SCHOOL ENTERTAINED BY BRO. HOOKER**

Last Tuesday evening the whole of the Presbyterian Sunday school assembled on the church lawn, for an entertainment promised by Brother Hooker. Many enjoyable games were played, among them were "Thimble," a get-acquainted game, a bottle relay race and "Poor Pussy."

Much laughter was had during the crab race. Mr. Hooker, Mr. Sleeper and Mr. Sherrill proved to be unexcelled in "going backwards." The air was literally filled with the cheers of the winning team.

Finally, when all were tired of playing, and hoarse from cheering and laughter, a call was made for the Blues (the losing side in our Sunday School contest) to come forward and serve the Reds. Ice cream in cones were served to all present.

All departed at a late hour, thanking Brother and Sister Hooker for such a delightful evening, and expressing a hope for more Sunday School contests. A Spectator.

**League Union Formed**

By special arrangement the Haskell and Stamford Epworth Leagues met half way between Haskell and Stamford last Thursday evening at 7:30 for the purpose of forming a Union between the two leagues. The purpose of the union was to promote the interest of the League work by creating more "pep" and bringing the two Leagues closer together in the work. After a short business meeting the Leaguers enjoyed a social hour getting acquainted and renewing friendships. The following Leaguers from Haskell were elected to office in the Union: Miss Baker, Vice President; Earnest Sanders, Treasurer; Otho Cass, Supt. of Missionary Department; Miss Anna Maul Cox, Supt. of Social Service. Lunch was served to all present. The Haskell folks staged a surprise by furnishing about 20 nice watermelons donated to the Leaguers by Mr. C. W. Goodwin. This part of the program was enjoyed and appreciated by all. The Leaguers shall be glad when the time comes for another joint meeting. There was a total attendance of about 90. Reporter.

J. W. Smith, who has been here for the past week giving musical entertainments, left Friday night for Stamford.

Miss Culpepper, who for the past two weeks has been the guest of Miss Hassie Davis, left Saturday for her home in Runge.

FACT AND FICTION

Some people can find fault with their eyes shut.

The young fellows who graduated from college last June are beginning to get back to earth.

Coman Doyle says there is liquor in the spirit world. Now, Death, where is thy sting?

There is little sympathy for the man who butts in and then is made the goat of the situation.

John L. made his first money selling geese, but evidently he kept the one that laid the golden egg.

It is said that tobacco smoke kills germs, so it would seem that the safest girl to kiss is the one who smokes.

In Boston a woman got \$15,000 from a railroad for the death of her husband. Yes, it sounds like profiteering.

Kennebunk is a Maine summer resort for the healthy, but most of us have to get along with plain bunk at home.

Lenine is now reported to be about recovered from his most recent death. The Soviet boss is now about two assassinations ahead of Villa, the former Mexican bandit.

"No More War" demonstrations are being held in a number of big cities, but it seems to us that the best course would be to remove the causes of war and then do our declaring against future fighting.

Another myth has been blasted. An American newspaper man in China says that after diligent search he has been unable to find any hop suey in that country and is considering introducing the dish over there.

Few strikes bring the results they were intended for, but it must be admitted that the strike of German printers hit the mark.

If Congress won't let Henry Ford develop Muscle Shoals, then that august body ought to do it itself. The people don't like a dog-in-the-manger spirit.

We could be a lot more enthusiastic about the money saved on disarmament if we had any assurance it wasn't going to be spent on something just as foolish.

Chicago reports the formation of a widow's league, but the dispatches do not state whether it is offensive or defensive.

Mr. and Mrs. Henry Alexander returned from the Northern markets Tuesday morning. Mr. Alexander stated that he purchased lots of new goods for this fall and that prices will be very reasonable. He also states that while in Chicago he witnessed several fast games of real baseball.

be tightened up again. If no alarming symptoms have developed within twenty minutes it may again be loosened, this time for two minutes, after which it should be tightened again. After another period of 20 minutes the bandage should be loosened for three minutes. This procedure should be kept up for several hours, gradually increasing the time the bandage is off; the object is, of course, to allow only small quantities of the poison to get into the system at one time.

If in spite of the local measures and the use of the bandage general symptoms of weakness develop, the patient must be given stimulants. It is commonly believed that large doses of whiskey or alcohol in some form should be administered. This is a serious mistake as the alcohol will do harm by adding another depressant to that which is already in the system.

Instead of whiskey it is better to give aromatic spirits of ammonia, one half tea-spoonful in water every hour, and one-half a cupful of very strong coffee every two hours.

1922 Class Take Warning

As you go to your college or university as the case may be, in September, know that there lurks somewhere in the vicinity two disease germs, that up to the present time no vaccination, serum or isolation has been able to stamp out. There is not the slightest kinship between them, as one affects the heart and the other the head. Strange as it may seem the former is quicker and more vicious in its attack, as a student usually becomes inoculated the first week and, in many cases, is permanently cured in three days. While the latter is more quiet in its onslaught, and so sly in its maneuvers that it sometimes attacks a pernicious, cancerous hold. A slight attack of the heart disease is sometimes helpful. But combat the head disease as you would the bite of a serpent.

The scientific names of these diseases are, "Home Sickness Blues," which affects the heart only, and "Collegitis," which has a very peculiar effect on the head. The former disease causes a sea-sickness effect about the region of the heart that enhances the values of the loved ones at home, and estimates the environment of college or university at a very low value. The relaxation of blood pressure around the heart begins when a sufferer ministers to a fellow-student who is suffering more acutely than himself. The latter disease, "Collegitis," as aforesaid, has

a peculiar affect on the head. Gradually, as it endears the college life to the student, depreciates in value not only the loved ones at home, but all that go to make up the community, town or city from whence the student came.

So subtle is this disease, it can only be accurately diagnosed in advanced cases. The enlarged head, the stiffened neck, the impeded speech and palsied hand, advanced symptoms of the disease, can only be cured by a quick nod, a cheery, "How do you do," and a hearty shake of the hand to every individual he "sufferer" meets in the "Old Home Town."

SWEET VOICE WON HUSBAND

Romance of Fortunate New York Telephone Girl and Wealthy Young Mexican.

A romance was recently enacted entirely by telephone in one of the New York hotels. Six weeks ago a wealthy young Mexican arrived on business and engaged an expensive suite. A few hours later he was knocked over by a motorcar and suffered a broken leg. He insisted on being taken to his hotel, rather than to a hospital, and since expense was no consideration, he was installed with nurses and attendants in his own suite.

He kept his room for six weeks and when he felt able to work a little, he hired a secretary and proceeded to carry on his affairs by telephone. They were complicated and required an immense number of conversations. Within a day or so he became aware that his calls were handled with skill and patience. The next discovery was that the voice at the other end of his private line was easy to listen to. There was a smile behind the voice.

Day by day the telephone conversations grew longer. It began with a respectful inquiry as to the patient's health. Gradually the inquiries went more into details. By the end of two weeks the invalid and the voice at the hotel switchboard were on good terms. At the end of a month long conversations were the order of the day. When the sixth week had passed the man's brother arrived just as the patient's leg was strong enough to permit a visit to the hotel lobby.

"Where do you want to go first?" the brother inquired.

"I want you to help me walk down to the telephone switchboard," the invalid explained. "I want to see the girl there. And oh, by the way, I am going to marry her."

"Great heavens, what's she like?" was the natural inquiry.

"Haven't seen her yet, but we've fixed it all up over the phone."

The voice with the smile is now directing an establishment in the City of Mexico.—New York Sun.

"Curbs Fit for Heroes to Stand In."

The New Statesman says that London has not had so many beggars within living memory as today, and the worst of it is, they have none of the romance of beggary.

"They are prosaic, dull, hopeless. Most of them look as if they had been born to be commonplace citizens, earning a more or less honest living like you and me. To speak strictly, indeed they are not beggars, but collectors. They stand on the curb; they wait in the doorways of restaurants; they hunt the streets of the respectable. All the time they keep shaking their narrow white boxes, and asking for more.

"They vary from the sullen to the responsive. Some of them seem to demand a right rather than to beg a favor. They believe that there is money somewhere, and it is only just that it should be shared.

"It is the habit of civilized societies, at the end of a great war, to provide curbs fit for heroes to stand on."

Is "Deceased" Man Dead?

A Jeffersonville woman, who formerly lived at Greencastle and supposes that is the reason she was chosen to receive the letter, has received a communication from a resident of Putnam county, of whom she had never previously heard, asking for information concerning the writer's brother, who lived in Jeffersonville for many years, reports the Indianapolis News. The writer said she had not heard from him for five years, and letters had brought no answer. She sent a registered letter at last, she said, and it was returned to her marked "deceased." "I should like to know," she said, "whether he is dead." The answer went back, "He is, since November, 1919." But the woman believes the Post Office department should be more explicit.

Found Red Dye in Fruit.

A German medical journal reports the injury of a young girl at Frankfurt from the point of a hypodermic needle which she swallowed while eating a blood orange. Investigation developed the fact that the needle had been filled with a red aniline dye.

The girl, it seems, had purchased a dozen of the oranges. These were examined and it was found that all contained an injection of the same nature. It appears that frauds of this sort are no novelty in Germany, similar cases often having been reported—the chemical transformation of ordinary oranges into blue blood oranges.—From Le Petit Parisien, Paris. (Translated for the Kansas City Star).

They're Sometimes in the Way.

Jack—Well, what's the idea of cutting it off now when it took you so long to grow it?

Bill—Of course, you saw me catch Gladys under the mistletoe during the last dance.

"Oh! Wouldn't she kiss you on account of it?"

"Not exactly, but she became unconscious that she lost her gum in it."—Boston Beantop.

Oldest Living Newspaper Man?

Amable Maillet-Saint-Prix, a Parisian journalist, who was born in 1821 and is therefore in his one hundred and second year, is in all probability the oldest journalist alive. He is at least the oldest working newspaperman, for he is still vigorous and not only writes a weekly article in the Abolite de Seine-et-Oise, published in Corbeil, but actually makes up the paper.—The Argonaut.

The Store Keeper vs. The Merchant

That is a question that you must decide for yourself. Are you a storekeeper or a merchant?

When the big cities of today were the small towns of yesterday, the same men who are the big merchants today were the merchants then, but just on a smaller scale. The storekeepers of yesterday are the storekeepers of today.

The merchant believes in his business and is proud of it. The storekeeper regards his business as a means of making a living for himself and family.

The merchant is alive to the possibilities of appearances. The storekeeper thinks that old fixtures sell just as much goods as new ones.

The storekeeper puts things in his windows to keep the front from looking bad. The merchant has well planned and well arranged displays in his windows, he changes them often and keeps the windows well lighted to attract the passerby and make the sale more satisfactory when the customer comes inside.

The storekeeper thinks that people in general know that he gives good values and has a good stock and that they are going to buy when and where they please anyway. The merchant knows that he has good values, desirable merchandise and tells the public about it in frequent, consistent, well planned advertisements in the newspapers.

**INTERESTING NEWS FROM THE ROCHESTER COUNTRY**

(From Rochester News)

The metal ceiling to be used in the Tucker and Crane Buildings arrived here last Friday after several weeks delay on the road and the constructors have gone to work to finish the interior of these structures. As soon as the ceiling is up the glass will be put in and it will only be a short time until they will have the building ready to turn over to the owners.

In conversation with Mr. Tucker Saturday afternoon we learned that he has had his goods shipped and they will probably arrive here the latter part of this week. He hopes to be able to open up his new business in about ten days.

The Chamber of Commerce held its regular meeting Monday afternoon on the porch of the Cleveland Theatre. Quite a number were present and the question of fostering a Tree Planting Campaign occupied the attention of the meeting.

It is planned to get as many property owners of the community as possible to buy shade and fruit trees to plant about their property. This will be a great step in helping to make Rochester a more attractive town, not only for strangers, but also for the home folks. Watch for the tree man, he will be to see you soon.

Mr. A. A. Gauntt and family, accompanied by Mrs. Sam Chapman and children went to Leuders Wednesday of last week, where they were joined by Mrs. Chapman's father, sister, and uncle from Cisco. The entire party spent several days on the Clear Fork in fishing and resting. They returned home the latter part of the week and all report a very enjoyable time.

The Rebecca Lodge initiated three new members last Tuesday night. Punch and cake were served during the evening.

**A REPLY TO CAMPAIGN REPORTS**

My opposition has been putting out the report over the County that I belonged to the Ku Klux Klan. I am sure that it is being done by parties for the purpose of trying to create a prejudice against me in the minds of those that are opposed to the Ku Klux, but I will now answer that charge by saying that I am not a member of the Ku Klux, nor have never been a member, I do not know anything about the order, and so far as I know there is not an order of that kind in Haskell County, and if there is I do not belong to it, I am not a member of any organization except the Methodist church.

Again soliciting your support, I remain yours for service,  
R. E. Lee,  
Candidate for County Judge.

**PROSPECTS FOR STRONG FOOT BALL TEAM IS EXCELLENT**

Prospects for a winning local football team this coming season are excellent. The first practice will be called August 28th at 2 p. m. Coach Anthony wishes to meet all candidates for the team at the new High school building on the above mentioned date. With a few of the old veterans of last year's squad as a nucleus and a great deal of new material from which to build the remainder of the machine, there is expected one of the fastest and strongest High School teams in this section to appear on the local field this season.

**BOY INJURED WHEN CAR RUNS OFF OF BRIDGE**

Martin Grindstaff, son of Mr. and Mrs. I. S. Grindstaff of this city, suffered painful injuries, and Travis Everett, also of this city, was slightly bruised last Saturday afternoon when the Ford delivery car of R. J. Reynolds plunged off of the bridge over the Spring branch near the oil mill. The two boys had been making deliveries in the southeast part of town, and were returning across the bridge, when the steering gear of the car locked, resulting in the accident. The car was slightly damaged, one rear wheel being crushed in.

**LOCAL BANKS WILL BE CLOSED SATURDAY**

Both local banks, the Haskell National and the Farmers State Bank, will be closed on Saturday, August 30th. Saturday is election day, and therefore a legal holiday. Patrons and customers of the banks will keep this in mind and transact their business accordingly.

**To Whom It May Concern:**

This is to certify that the undersigned farmers of Haskell County have this year planted our entire cotton crop with seed furnished by the Mebane Cotton Breeding Association of Lockhart, Texas, paying \$2.75 per bushel for same. We have as good crop as can be found in this section. Cotton is close jointed and has big bolls and is standing the drought splendidly.

We are well pleased with our crops and believe we have made money by planting these seed. The company is now having the seeds gone over by their men who are pulling up all off type plants.

Our cotton has withstood the drought fine and is maturing better than other cotton around ours. Our cotton is a five-lock boll, and is as fine as could be expected.

**Do You Awake Tired and Weak?**

Know the Joy of Restful Sleep by Taking Ironized Yeast

Do you arise in the morning as unrefreshed as when you retired? Are body, brain and nerves all run down? This terrible weakness which afflicts so many may be blamed on the lack of vitamins and iron in modern foods. Supply these invigorating elements by taking two pleasant tablets of Ironized Yeast three times a day. Everyone knows that yeast is a wonderful builder of strength and energy. But Ironized Yeast embodies a new secret process, known as "ironization," which enables the yeast to produce its results twice as quickly. It tones up the great vital organs, soothes the worn-out nerves and makes you feel like a new person. Get Ironized Yeast today and take a new lease on life, or to try it entirely free, simply mail postcard for Famous 3-Day Trial Treatment. Address Ironized Yeast Co., Dept. 96, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

**NEW POST MASTER FOR GOREE POST OFFICE**

Word was received here Monday that the post office department at Washington announced the appointment of Sam Hampton as post master at Goree. Mr. Johnson, the present postmaster, states that it will likely be two weeks to a month until a change will be made. Sam will have quite a little to do in getting ready. He will have to have time to make bond and other necessary arrangements.—Goree Advocate.

**NOTICE TO SCHOOL PATRONS AND STUDENTS**

All High School students are requested to come to the High School building to register and make out their daily program the week before school opens as follows:

We will meet all members of the Senior class Monday, August 28th; Juniors on Tuesday August 29th; Sophomores Wednesday August 30th; and Freshmen, Thursday August 31st.

We would like for all pupils from other schools who have never attended the Haskell school before to meet us at the High School Wednesday August 30, at 9 a. m., for classification.

All first, second, third and fourth grade children belonging in the South Ward will attend the South Ward.

All first and second grade children belonging in the East Ward will attend the East Ward.

We will have the same lines of division for these two schools for the above grades that we had last year.

M. H. Brasher, Supt. Haskell Public Schools.

Mrs. Jim Moore and children left Sunday for Fort Worth after spending several weeks with relatives in this city.

**MORE NEWS ABOUT THE OPENING OF SCHOOL**

(Continued from First Page)

and will be in the school rooms ready to be distributed to each pupil at the opening of school.

School will start Monday, September 4th. The books, as indicated above, will be given to the pupil that morning and lessons will be assigned that same day. Regular lessons and regular work will start Tuesday morning. So we will get right down to work and not consume three or four days getting ready for work. All the preparations will be done before school opens.

The High School students will have their books issued the week before school opens so that they can go to work Monday, Sept. 4th.

On Wednesday Sept. 6th at 2:30 p. m. in the high school auditorium we will have kind of a school rally and school opening, which will serve as kind of a boost to start of the school year. The public is cordially invited to be present and help in this meeting. A short, snappy program will be prepared. We will have short talks from some of the school board and from some of the prominent citizens of the town. We will have a few songs and a declamation or so. So please arrange your business to be present and show your interests in your schools.

Please see that your children are ready to enter school the first day. It is bad for the child and the school for them to enter a week or so later. These irregular entrances disorganize the work more or less, the child has a hard time keeping up with the work in the class because he has missed some of the work, and it is hard for him to grasp the work because he has not the foundation of the work he has missed.

Every school system, if it ever amounts to anything, should have certain aims to work for each year. We have a big program laid out for this year for our schools. It is as follows: We want to secure a credit or affiliation in Fourth Year English, two credits in first and second year Spanish, one and one-half additional credits in Vocational Agriculture, making a total of four and one-half credits we are going to do our best to get. This will give us twenty-five credits for the Haskell High School which will certainly be fine and it will place us along side of the very best High Schools in the state, in fact, it will place the Haskell High School in

the class of the best twenty-five or 30 high schools in the State of Texas.

The next big thing we want to do this coming year is to put Haskell High School on the All Southern Accredited list of High Schools. This would be a big thing and a big boost for the Haskell High Schools for it would mean that the graduates from the Haskell High School would enter any college or University of the south without examination and practically most of the colleges and universities in the North, East and West. Out of the 700 high schools in Texas there are only about 60 or 70 on this list. This would be quite an honor for the high school and would mean much for the graduates.

In order to accomplish the above aims the pupils must work hard in school and out of school. It means that the parents must take an interest in their children and see that their children do the required home study. The parents should see that their children have quiet rooms in which to study.

In order to master their school work and be thorough, school children cannot attend picture shows and social gatherings on school nights. Friday or Saturday nights are the only nights that should be given to these recreations or any other kind of recreation.

We want to encourage school children to attend church on Sunday night. This should not interfere with their school work. The pupil should prepare their Monday lessons on Friday or Saturday night.

Another thing that we want to create this year is a strong healthy school spirit in the part of every school patron, citizen and pupil in Haskell. In order to do this you must take an interest in the schools and in the work the school is doing. In order to do this you must visit the schools and learn what they are doing.

We have another big aim that we will unfold to the Parent-Teachers Association. It may require two or three years before it can be accomplished.

We understand that Haskell has a fine Parent-Teachers Association. We are a great believer in the work of the Parent-Teachers Association. A progressive school cannot get along without one. Every mother in Haskell ought to be a member of the Parent-Teachers Association and in this way show her interest in the schools. We have some big things for them this year.

But the work of this association is to create and maintain a strong bond of sympathetic interest between the school and home. The big work is to clear away all misunderstandings between the school and home; to secure complete co-operation and harmony between home and school. These conditions must prevail if the school makes a success in directing, teaching and moulding our children. There is no greater work than this.

We want the high school pupil to register and make out their daily program the week before school opens. We will meet the Seniors at the high school building Monday, Aug. 28; Juniors, Tuesday Aug. 29; Sophomores Wednesday Aug. 30; and Freshmen Thursday, August 31. The pupils may meet us from 8:30 a. m. on during the entire day of their schedule.

I will want to meet all pupils from other schools on Wednesday August 30, at 9 a. m. for classification and making arrangements for examination, where this is necessary.

Mrs. M. H. Brasher and Miss Castle, a good strong expression teacher from Abilene are planning to give a joint recital at the high school Friday, Sept. 5th at 8:30 p. m. for the benefit of the school. All the proceeds of this entertainment will be used for the benefit of the schools.

We will be in our office at the high school building from now on until the school starts. If you want to talk over the school work of your children or want any advice or suggestion concern-

**TO THE JUDGES OF THE PUBLIC WEIGHT ELECTION TO BE HELD AUGUST 26th, 1922.**

Haskell, Texas, Aug. 20, 1922.

SHANNON J. JONES, JR. is running for Justice Precinct No. 5, competing with J. H. Cooper, J. H. White, and J. H. Whitesides. Whitesides received 215 votes, Beauchamp received 31 votes, and Stephenson received 49 votes. It appears that J. H. Cooper received a majority of 8 votes over the combined votes of the other three candidates. He was regularly nominated at the election held July 22. Therefore will not consider any votes that are cast for public weigher in said Precinct No. 5 in the run-off held August 26th.

H. R. JONES  
County Chairman Democratic Executive Committee.

Mr. and Mrs. M. S. Edwards returned Tuesday night from Lawn, Texas, other points in Rummel's county. They were accompanied home by Mrs. Edwards and son J. W., former mayor of this city. "Uncle Tobe" states crop conditions in the sections visited by him do not look as good as Haskell county, although more stuff was made in that section than Haskell county.
