### Would You Like Salsa With That Blood Pressure?

The old poem about being able to see ourselves as others see us has always been apt.

And, I had a classic demonstration of that Saturday.

I'm working on getting my certification as an EMT. It's not a career change, it's just wanting to do my job as a First Responder better.

To become an EMT-B we have to do 48 hours of clinical work on an ambulance, and 48 hours of clinical work at a hospital emergency room.

My physician (Dr. Linda Ball) works one weekend a month at ETMC-Clarksville at the ER, and we set up a day for me to spend at the emergency room as well as the time I have spent and will be spending at St. Joseph's in Paris.

There are some dress standards for students.

I dressed up in my EMS pants (navy blue), black shoes, the green and blue Paris Emergency Medical Technologies shirt, all tucked in and with a belt.

You have to realize, tucking in my shirttail and wearing a belt around my much too wide waist is a major step for me. I'm a slob at heart.

Anyway, I thought that I looked neat, crisp and fairly professional. As I pulled up in the parking lot, I clipped on my PJC ID badge, flipped a stethoscope around my neck, and strolled into ER, feeling like I should at least look like a legitimate student in emergency health care.

I was directed around the corner into the room where the doctor, lab tech and nurses were.

As I stood there, clutching my little clinical note book, James, the lab technician glanced up and said.

"Hey, did someone order something from Rio Verde?"

Ouch, talk about a low blow! After all the laughter died down, and I suppose my face began to fade back to its normal color from beet red, I realized that the Mexican restaurant there in town really did use exactly the same shirts. Their logo actually has most of the same colors as mine did!

I promised I was going to give my instructor the dickens over being mistaken for a Mexican food delivery person, and this is the best way I know how to do that.

I had a fascinating day, and I learned quite a bit (including the fact that those "wall mounted" blood pressure cuffs are different from mine, and don't work well when put on wrong side out). I also was reminded that sometimes the appearance we put forth is a far cry from what people looking at us actually see!

So, from now on, I'll be tempted to ask patients if they were queso or ranchero sauce with their pulse check, and salus with their blood pressure check!

## 10-digit dialing begins

Residents in the 903 area code will be required to dial 10-digits (area code plus seven-digit number) to make local phone calls in the near future.

The new 430 area code will have the same geographic boundaries as the current 903 area code. This overlay area code eliminates the need to split the existing area code into a smaller area to create new phone, fax and internet connection numbers and allows residents and businesses to keep their current numbers. The new area code is needed to meet the growing need for phone numbers in the area.

The Texas Public Utility commission last year assigned the new 430 area code as an overlay to the existing 903 area code.

Phone numbers for current 903 area code customers will not change. The new 430 area code will be assigned, starting in April 2003, to customers who order a

new phone service or an additional line for phone, fax or internet connection purposes.

Dialing long distance calls within the 903 area code region will not change. Callers will continue to dial "1" plus the area code, plus the seven digit number. Creation of the new area code will not affect rates or local calling areas. Calls that are local and long distance today will continue to be local and long distance after 10-digit dialing goes into effect February 15, 2003. There will be no change in calls to 411 or 911 emergency services.

Counties in the overlay include Anderson, Bowie, Camp, Cass, Cherokee, Delta, Fannin, Franklin, Freestone, Grayson, Gregg, Harrison, Henderson, Hopkins, Hunt, Lamar, Leon, Marion, Morris, Navarro, Panola, Raines, Red River, Rusk, Smith, Titus, Upshur, Van Zandt and Wood.

## West Nile Virus update

The West Nile Virus has now been detected in Orange, Jefferson, Fort Bend, Harris and Montgomery counties in Texas. Any dead birds, particularly blue jays, crows and hawks or suspected equine cases of West Nile virus infection need to be reported to the proper agencies.

The only domestic animals adversely affected by West Nile virus are equine. If you suspect your horse, donkey or mule has West Nile virus infection, contact your veterinarian for a diagnosis. Equine owners may want to vaccinate their horses against the disease.

West Nile virus is commonly found in Africa, eastern Europe, West Asia and the Middle East. It was first reported in Texas in mid-June, having been found in two dead blue jays in Harris County. Most people who are infected with the virus show no symptoms. Those who do typically develop mild symptoms of disease, includ-

ing fever, headache, body aches and skin rashes. Less than 15 of those infected will develop more severe symptoms that included meningitis or encephalitis, an infection of the brain. West Nile virus has killed 18 people along the East Coast since it was first detected in New York in 1999. Last summer was the most severe so far, with 66 human infections and 9 deaths.

The first human case of West Nile virus this year was reported in early July in which three men in Louisiana were hospitalized. All lived in towns east of Baton Rouge.

Mosquitoes spread the virus from infected birds to humans. Humans cannot pass the virus to each other. As a preventive, mosquito breeding sites should be eliminated. Anything that is collecting and holding water for longer than three days needs to be either filled in, thrown away or turned upside down.

**FM 410 SHUT DOWN**-From the intersection of FM410 and 1149, the road had to be closed for approximately four hours Wednesday morning due to a chicken truck overturning and spilling a load of chickens enroute to a processing plant in Mt. Pleasant. The truck overturned at around 5 a.m. Wednesday morning and workers labored to remove the debris until mid-morning before the road could be opened to thru-traffic.

## 9-1-1 address notification

The first notifications of 9-1-1 addresses are underway in Red River County, being assigned to enable emergency vehicles to locate a 9-1-1 caller if that person is unable to speak or give directions.

At present, the address will not be used for mailing purposes, but only as a means to locate a resident in an emergency. The U.S. Post Office will also adopt these numbers in the near future as mailing addresses. The post office will notify residents when they are ready to use the addresses for mail purposes.

In the letter being mailed to residents, a form is included to note their telephone number and

send back in a postage paid envelope. This envelope will allow the Ark-Tex Council of Governments to update the 9-1-1 database with the correct information. Residents are also advised that Red River County requires them to post their addresses either on the house or on another suitable object that can be seen from the road. This will allow emergency vehicles to identify the correct house.

If residents do not receive a letter at the time their area is notified, or have any questions, contact Ark-Tex Council of Governments, toll free at 888-373-9028. They will then be assigned an address and the information can be updated.

**HOT! HOT! HOT!** So Hot! But, it is that time of year and we knew when all that rain was falling that this time of year would soon be here! We are not happy when it is so cold and we are not happy when it is so hot! We just can't be pleased, can we?.....I think we are all spoiled! Anyway, no one wants to cook because of the heat, but, I did find some recipes for corn that I thought some of you might enjoy.

Nothing too strenuous, just a little different, not the same old canned corn! Try some of them, you might like them! Area corn crops seem to be in abundance.....all except ours and it seems that the squirrels and the raccoons seem to know the exact time when it is ready and decide to call all of their neighbors and relatives and pull an "all-nighter" in our corn patch! We go out the next day and there may be enough for a good "mess" of corn! We do what we can to save the small animals!!!!!!HA HA! Have a great week and stay cool.....see you in the kitchen!

**CORN DUMPLINGS**-much like chicken dumplings.....gotta try these!

**SKILLET CORN**-start it in the skillet.....end in the oven!

**SOUTHWESTERN CORN STUFFING**-a little twist on the stuffing recipes

**SCALLOPED CORN**-can use fresh or frozen corn!

**FRESH CORN FRITTERS**-gotta love 'em!

**COUNTRY FRIED CORN WITH BACON!**-YUMMMMMMY!

**CORNMEAL PEANUT BUTTER COOKIES!**-must have a dessert!

## Roots.

They don't run any deeper than ours.

In 1917, Lone Star Land Bank made the first Federal Land Bank Association loan in Texas. Since then, we've helped thousands of landowners purchase farms, ranches, country homes and other rural property. Today, Lone Star Land Bank also provides agricultural operating and equipment loans. But we remain the most experienced rural real estate lender in this part of Texas.

At Lone Star Land Bank, our roots are in the land. *That's the Lone Star legacy.*

Red River 1 Texas Teen All Star Tournament

Talco, Bogata, Clarksville and Avery participated in a new league this year, the Texas Teen Baseball Association. League rules sends the winner of each league to a district play off as is with the right to pick up three players from the team within the league who did not win 1st or 2nd. Talco's Durango's 11 & 12 year old boys won the league and chose Seth Hawkins, Ethan Meredith and James Don White of Bogata to go with them to the play offs.

On July 15 the team met Gilmer. A nervous "No Limit" Red River 1 team was defeated soundly. Corey Branch, Ethan Meredith, Terrance Cannon and Tyrone Sanders were the only boys to make base in the game. Justain Norman pitched three innings for Red River striking out 5 batters and Ethan Meredith pitched a no run last inning.

Following rain delay the No Limit team returned on July 18 at 10:00 a.m. to meet the Mt. Pleasant Rangers. Justain Norman was the lead off pitcher for the team who won the toss for home field advantage. In the first inning the Rangers had a walk and 3 strike outs. At bat the No Limit team had Tyrone Sanders make base when he was hit by the pitcher, a one to three (pitcher to first) out, Seth Hawkins got a one base hit and Sanders got out trying to steal third. Justain Norman came up for a two base hit scoring Hawkins and a fly to right field ended the inning. No Limit 1-Rangers-0.

In the second the Rangers had a base on balls and three strike outs. No Limit had Ethan Meredith up to bat who got a one base hit, James Don White took a walk. Both Ethan and James Don stole home to score. A strike out, walk by L.B. Morris, who also stole home plate, a strike out, a one base by Alex Savage who also stole home plate and a strike out ended the inning 5-0 No Limit.

Meredith on the mound for No Limit, the Rangers had a walk, a strike out, a four to three (second to first) made by Chaz Smith to Ethan Meredith and scoring the runner, a four to three made by Smith to Meredith for 3 outs. At bat No Limit had Justain Norman up for a one base hit and who stole home to score, two strike outs and a hit from James Don White who was thrown out at third to end the inning. Score 6-1 No Limit.

The fourth inning the Rangers had a base on balls, a strike out, another walk, a strike out and a four to three, Chaz Smith at second to Justain Norman at first for the final out. At bat No Limit had Chaz Smith up. Smith struck out, L. B. Morris made base on a hit, Tyrone Sanders grounded out to the pitcher, Alex Savage got a three base hit scoring Morris, Seth Hawkins got a 2 base hit and Justain Norman grounded out to the pitcher for the third out. Score 7-1 No Limit.

In the fifth the Rangers had a walk, strike out, walk, ground out four to three, Smith to Norman, a walk and a strike out scoring 3 runs on steals. In the bottom of the inning, the No Limit team had a strike out, fly out, one base hit from James Don White, who also stole home to score and a strike out. Score 8-3 No Limit.

The sixth and final inning saw Alex Savage go to the mound for No Limit. The Rangers had a ground out to Justain Norman at first base and Savage struck two batters out to end the game 8-3 No Limit!

Following a lot of confusion as to game time the No Limit team returned to meet the Mt. Pleasant Astros at 7:00 p.m. No Limit won the toss and was the home team with Justain Norman on the mound. In the first inning Norman walked one batter and struck out three. At bat, with Laramie Lum of Talco on the mound for the Astros, No Limit had a strike

out, Alex Savage made base after being hit by the pitcher, Seth Hawkins took a walk and Justain Norman hit a one base scoring Savage and Hawkins. Norman was called out at second on a steal. Terrance Cannon took a walk and Ethan Meredith grounded out to the pitcher for the final out. No Limit 2-0.

In the second the Astros had a one base hit with the runner being thrown out by Alex Savage to Seth Hawkins for the tag at second. Norman struck out 2 and the No Limit team came to bat. A strike out, foul tip caught out and a catcher to first out ended the inning with no scores.

In the third Norman struck out three batters to bring No Limit right back in. The first batter was Corey Branch who hit a ground out to the pitcher, Alex Savage struck out, Seth Hawkins took a walk as did Justain Norman, both boys stole home to score. Terrance Cannon got a one base hit and the third out came on a ground out to the pitcher by Ethan Meredith.

In the fourth Norman was taken off the mound and Alex Savage replaced him. Savage did a good job but the Astros had his number and began hitting which shook the No Limit team forcing errors. The Astros scored 12 runs total in the 4th, 5th and 6th innings to take the lead. Terrance Cannon went to the mound after two outs in the sixth to finish the inning with 2 walks and a strike out. Final 12-4 Astros.

The loss put the No Limit team out of the tournament. The boys played well and were complemented on their sportsmanship and conduct. The team was sponsored by McKelvey Steel, Mt. Pleasant, Hale Electric, Talco, Ni Ni's Kitchen, Talco, Frankie Harrell, Talco, Lone Star Equipment, Talco and SEI, Talco. Their sponsorship is greatly appreciated.
