Lou Younger called us shortly before presstime Wednesday to say that she has had several inquiries during the past week about a blood drive. The next blood drive is scheduled for February 1977.

However, if anyone would like to donate blood now for the Silverton blood pool, which is used to replace blood being used by Silverton patients in hospitals across the state, you may do so at Coffee Memorial Blood Bank in Amarillo. Coffee Memorial is located at 2911 Amarillo Boulevard West, just west of St. Anthony's Hospital. Be sure to tell them that your blood is to be placed in the Silverton blood pool.

Christmas Greeting Page To Benefit Vol. Ambulance Service

L. O. A. Junior Study Club voted during their regular meeting Monday night to designate the proceeds of the Christmas Greeting Page to the Silverton Volunteer Ambulance Service for the replacement of equipment.

"The club asked us to designate a specific piece of equipment to be purchased with the proceeds of the Christmas Greeting Page," said Charles Sarchet, President of the Silverton Volunteer Ambulance Service. "We had a meeting Tuesday morning and discussed our needs, and were unable to arrive at an item to be purchased at the present time. We can purchase

only the equipment that we are trained to operate. The ambulance was discussed, and the consensus of the group was that the money might be needed in the next few months to make major engine repairs or other unforeseen repairs."

"We are not able to foresee the need for equipment at this particular time," said Emmett Tomlin, Secretary-Treasurer of the Silverton Volunteer Ambulance Service, "but just a few months from now there may be something which we will need desperately."

It was decided that the donations to the Christmas Greeting Page will be designated simply for equipment replacement, the money to be on hand at such future time as the need arises.

Silverton Farmer Harvests 6346.41 Pounds Per Acre

Don Garrison of Silverton was recently named a member of the DeKalb Yieldmasters Club for producing 6346.41 pounds of sorghum per acre in 1976.

His yield, based on 14% moisture, was mechanically harvested from a solid block measuring 37.407 acres. An impartial third party verified the high yield which was recorded from a field of DeKalb E-59+.

Garrison planted the field on May 13 in 40-inch rows at 6.1 pounds per acre and harvested the crop on October 11.

His fertilizer program included 82 pounds of nitrogen. Garrison controlled weeds with Milogard at one pound per acre. No insecticide was used. An estimated five inches of rain fell on the crop from planting to harvest. Another 11 inches of water was applied through irrigation.

Concerning the hybrid's performance, Garrison says, "I was very pleased with the drought and insect resistance. I plan to plant E-59 in 1977."

The purpose of the DeKalb Yieldmasters Club is to promote an exchange of ideas and information among the nation's leading grain producers and to recognize them for their outstanding accomplishments as well as their important role in helping feed the world. Through the sharing of such in-

The Christmas Greeting Page will appear in the Briscoe County News in its issue of December 23. For a donation in any amount to the project described, your name will be placed on the special page, along with a Christmas greeting and the explanation that you have donated to the Silverton Volunteer Ambulance Service in lieu of sending Christmas cards locally.

The club hopes you will donate at least as much as you would have spent buying and mailing Christmas cards.

You do not have to live in Silverton to take part in this project. If you live away from Silverton and would like to wish a merry Christmas to your friends here, you may have your name placed on the page by sending your contribution to Miss Jane Self, Box 419, Silverton, Texas 79257, any other member of the L. O. A. Junior Study Club, or to the Briscoe County News. The page will be donated, and all the money donated will go directly into the account of the Silverton Volunteer Ambulance Service.

The club members will be contacting Silverton area residents about the Christmas Greeting Page in the near future. Deadline for getting your name on the page will be Friday, December 17.

The Postal Service today advanced its suggested Christmas mailing deadlines for domestic parcels and letter mail to December 3 and 10, respectively, in anticipation of an exceptionally high mail volume.

Citing the impact of greatly increased mail volumes generated by the 15-state United Parcel Service strike in the East and South, and its residual effect on other parts of the country, the Postal Service said it is compelled to ask the public to mail even earlier than normal.

The Service said that because of the dedication of its employees, many of whom have been working long hours, it has had little trouble handling the increased mail volume since the parcel strike began in mid-September. It expressed confidence it will continue to be able to cope with the increase, with the cooperation of the public and major mailers.

Parcel volume has already more than doubled in the strike area and is up significantly nationwide, and letter mail is also on the rise, the Postal Service said. It said most of the increase, to date, has been from large volume business mailers, who presort their mail and deposit at scheduled, non-peak hours in plants prepared to handle it. For example, the Service said it is working closely with shippers of perishable goods to handle millions of gift packages normally moved by other shippers.

As Christmas nears, however, more and more of the mail will be from the general public, deposited at neighborhood post offices, branches and stations, on top of the already unprecedented business mail volume, the Postal Service said.

Weather Hearings Postponed; People To Vote On Issue

AUSTIN—James M. Rose, executive director of Texas Water Development Board, announced Tuesday the postponement of two adjudicative hearings on applications for permits to engage in weather modification and control activities in parts of the High Plains. The hearings were scheduled for Monday, December 6, in Morton.

Rose said the hearings were postponed until after February 15 to give the Legislature, which convenes in January, an opportunity to consider legislation providing for a public vote on weather modification activities, and to give opponents to the application time to engage legal counsel.

Rose said House Speaker Billy Clayton has informed him that a bill providing for a public referendum in areas where applications to conduct weather modification and control operations have been filed will be introduced soon after the Legislature goes into session.

Plains Weather Improvement Association, Inc., and Atmospherics, Inc., have applied for permits to conduct weather modification and control operations to increase precipitation and decrease hail fall within two target areas which include portions of 13 counties in the Texas High Plains.

The permits, if granted, may extend through 1980.

New written notices as to date, time and location of the hearings will be announced after the Legislature has had time to act on proposed weather modification legislation, Rose said.

PROTECTION FROM THE ELEMENTS

It has been said in the Lone Star State that there is nothing between Texas and the North Pole but a barbed wire fence. That certainly gives you the idea that in Texas you're not given much protection from the cold North wind.

There are times when you might think there is no protection and comfort afforded from the hardness and cruelty of the world. But there is a buffer between you and the world. This help and protection is the church. As members of the church, you are with good people of like minds who love you, pray with you, comfort you and assist you. They are the ones who "by love serve one another." (Gal. 5:13)

We invite you to attend the church of your choice this week. You will find a warm welcome there.

"And this commandment we have from him, that he who loveth God love his brother also."

1 John 4:21

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

How you can build Your own tax-deferred Retirement Plan.

Self-Employed Pension Plan (A Keogh Account)

Who is eligible:

Any non-incorporated business such as accountants, private duty nurses, architects, barbers, farmers, manufacturer's representatives, ranchers, realtors, doctors, attorneys, owners of service stations, retail stores, etc. are eligible. Employer must include all full-time employees who have 3 years or more of service.

How the Plan Works:

During each year you are self-employed, you may invest up to 15% of your earned income (net income after business deductions) or \$7,500, whichever is less. During the years your plan is in force, your account will earn interest daily. No Federal income tax is paid on either contribution or interest until you begin drawing funds after retirement.

Contributions:

A self-employed individual can contribute up to \$7,500. Earned income less than \$5,000, the contribution may exceed 15%; 100% of net earnings or \$750.00 whichever is less. CONTACT CENTRAL PLAINS SAVINGS FOR COMPLETE INFORMATION

Individual Retirement Account

Who is eligible:

Any wage earner, including the self-employed, not currently participating in a retirement plan; self-employed individuals are not required to include employees in this plan.

How IRA Plans Works:

You may begin receiving benefits any time after you reach age 59½ years. Benefits are taxed as ordinary income to the recipient in the year in which they are received. Your spouse may establish a separate IRS based on individual earnings, provided the spouse is not participating in another retirement plan.

Contributions:

A wage earner can contribute and deduct 15% of compensation (or earned income in the case of the self-employed) up to \$1,500 each year. Contributions do not have to be made in a lump sum each year, they may be made throughout the year. CONTACT CENTRAL PLAINS SAVINGS FOR COMPLETE INFORMATION

CARDS OF THANKS
Ronnie and I would like to thank everyone who helped me in so many ways while I was confined to bed before Jennifer was born. Everything was appreciated more than you will ever know.
Margaret Hester and family

Dear Secret Granddaughter,
Thank you so much for remembering my birthday with a lemon grater. It is so pretty.
Your Secret Grandmother,
Mrs. Jack Estes

We want to thank everyone for the flowers, cards, visits, calls and every act of concern for us while Walter was in the hospital. Also, a big thank-you to Bob McDaniel for "babysitting" our dogs while we were gone.
Walter and Dianna Hill and Michael

Thank you, friends, neighbors, church people, for your cards, visits, and food at the time of our loss.
Truman Loyd

I want to say thank you to each and everyone of the Volunteer Fire Department for responding so quickly to the fire and getting it under control at my house last Friday.

Thanks also to my good neighbor, Mrs. Joe Davis, for alerting me to the fact that my house was on fire.
W. A. Holt

We would like to express our appreciation for the thoughtfulness shown us during our recent bereavement. The flowers, cards and memorials were deeply appreciated and we will always cherish your friendship.

The family of Roy A. Thomas
We would like to thank everyone who sent cards or called us to help celebrate our Twenty-fifth Wedding Anniversary. We would also like to thank our children for making the "card shower" possible.
Bob and Janelle Reeves

We would like to thank each of you for your continued interest and concern. The calls, letters and phone calls mean so much. To everyone who gave blood to the Blood Bank, a special thank you. Joe and Rhea Brooks

Dear friends:
Thanks again for all of the visits, prayers, flowers, cards, telephone calls and the many other acts of kindness shown me while I was in the hospital.

A special thanks to Bro. Jesse Dea, Bro. Larry Wilson, Bro. Earl Cantwell and Bro. Earl Blair. These good men came to see me with smiles on their faces and prayers in their hearts. Believe me, this gave us a lift.

Many others came over the icy roads and we want to thank each of you. Your visits were appreciated.

A special thanks to J. W. Lyon who was so helpful in carrying on the duties of my office.

I am again in the office and feeling fine. Come by to see me.
Thanks again,
Judge and Margie Moreland

Is Your Wife Safe on the Way Home?

EVERY MAN, WOMAN AND CHILD IN OUR MODERN SOCIETY FACES THE VERY REAL POSSIBILITY THAT THEY MIGHT BE CALLED ON TO PROTECT THEMSELVES, THEIR LOVED ONES AND THEIR PROPERTY. VERY FEW PEOPLE ARE CAPABLE OF DEFENDING THEMSELVES AGAINST AN ASSAULT AND ALMOST NO ONE WANTS TO BE IN A POSITION WHERE THEY HAVE TO CARRY A LETHAL WEAPON FOR PROTECTION.

AT LANCE INDUSTRIES WE FEEL OUR PRODUCTS ARE A MODERN ALTERNATIVE.
