

All Around the Town

by Mary Ann Sarchet

ALL AROUND THE TOWN

As many of you already know, I will be taking a two-month leave of absence from my work at the News Office this summer. This will throw Charles, Peggy and Mary Lenderman (our new tape puncher) a little shorthanded, and they will need all the help and cooperation you can give them.

I will appreciate it as much as they will if you will mail, call or bring your news items to the News Office during June and July. If you know of something newsworthy, give the office a call at 823-2333.

This will help keep your hometown paper going through this time.

The next edition of the Briscoe County News will be published early, but will be mailed at the usual time next week. The News Office will be closed Monday and Tuesday, but will be open from Wednesday through Friday.

If you have news items, we will be happy for you to slide them under the door Monday or Tuesday or call them in Wednesday.

Beef Referendum Set For July 5-15

James Griffin, executive director for the Briscoe County Agricultural Stabilization and Conservation Service, reminded all registered beef producers of their right to vote on the beef research and information order July 5-15.

If over half the registered producers vote and two-thirds of those voting approve a beef research and information order, the Secretary of Agriculture would appoint a beef board, composed of not more than 68 beef producers, from names submitted by producer organizations. The board would collect assessments on the sale of cattle and use the funds to promote beef research and information. The law sets the maximum assessment at one-half of one percent of live animal value.

"Producers can vote in person at the county office or by mail," said Griffin.

"Those who want to vote by mail will have to get their request to the county office by June 17."

For the beef research and information order to become effective, at least half of the registered two-thirds of those voting must approve the order.

OPEN INSTALLATION

New Officers of Silvertown Chapter No. 900, Order of the Eastern Star, will be installed at the Masonic Hall Saturday, June 4, at 8:00 p.m.

The public is cordially invited to attend.

Those to be installed are Ruby Hester, Worthy Matron; Aaron Younger, Worthy Patron; Lorene Johnson, Associate Matron; Pascal Garrison, Associate Patron; Lois McKenney, Treasurer; Fern Parker, Conductress; Shirley Henderson, Associate Conductress; Daisy Burson, Chaplain; Donaleta Garrison, Marshall; Frances Crass, Organist; Pat Whitfill, Adah; Grace Vaughan, Ruth; Georgia Thornton, Esther; Merlene Stephens, Martha; Gladys Steele, Electa; Doyle Stephens, Warder; Dwain Henderson, Sentinel.

Clinic Is Closing

At a special meeting of the Board of Directors of the Briscoe County Clinic Association Tuesday night, it was decided to discontinue part-time clinic operations as of June 1, 1977.

After reviewing financial statements of the clinic for the past five months, board members felt that the patient load was not sufficient to continue the clinic operation at this time.

Awards Presented At Graduation

Avodad Troop Boy Scouts took part in a Camporee held April 15-16 at Lake Mackenzie. Pictured are Eber Gill, Larry B. Stephens, Michael Greenhaw and Jim Estes, who won second place overall in twenty events. John Gill took the boys to the Camporee. Photo by Paul Brannon & Company

Unlimited Boating Opens Friday At Lake Mackenzie

Directors of the Mackenzie Municipal Water Authority met at the lake office Tuesday night and revised the rules for operation of the lake.

Unlimited boating, including skiing, will begin at noon Friday.

Fifty yards around the boat ramp will be designated as a no

wake zone.

Fifty feet on each side of the tower at the dam will be a restricted area, subject to fine.

All of the dam is a restricted (keep off) area, subject to fine.

Boat operators must be 16 years of age or older or accompanied by an adult.

State laws concerning water safety will be enforced, including one Coast Guard Approved life jacket for each boater. Those twelve years of age and younger must wear their life jackets on the lake at all times.

Trot line fishing was to be permitted after June 1.

There will be no parking on the boat ramp, and no vehicles will be permitted on the boat ramp except those which are loading or unloading boats.

Annual boating fee will be \$20. Daily boat permits will be \$1.00 Sundays through Thursdays, and \$1.50 for Fridays and Saturdays.

A patrol boat will be on the lake this week.

Bids are to be let soon for improvement of the roads to the lots in Coronado Shores.

Another permanent employe will be hired, and it is hoped that he will be on duty this weekend, according to Manager Jim Green.

Donations Sought To Improve Street

Donations are being sought by Mabry Greehaw to put rock on the street in front of the Scout Hut.

"It is just impossible to get to the Scout Hut when it rains," he said. "We need some help in getting this project done."

Mr. and Mrs. Johnnie Roy Weaver of Greenville are flying to Lubbock this weekend for a visit with relatives and will be met there by his parents, Mr. and Mrs. Shafe Weaver.

Mr. and Mrs. Dwight Rampley of Dalhart visited Mr. and Mrs. Ronnie Drewry here Sunday, and also visited his parents, Mr. and Mrs. O. C. Rampley.

Van Martin was a patient at High Plains Baptist Hospital in Amarillo from May 19 until May 26.

Awards were presented to outstanding students by High School Principal Bill Willis during the graduation exercises Friday night in the school auditorium.

Beginning with the highest-ranking students, Susan Grabbe received the valedictorian's medal, the Bookkeeping and Shorthand awards, a tuition scholarship to any state supported college in Texas, a tuition scholarship from the Texas Council of Church-Related Colleges, and was recognized for being a Regional qualifier in UIL Shorthand. Miss Grabbe graduated with a scholastic average of 97.491.

Kimberly Kay Hutsell Mayfield received the salutatorian's award for being the second-ranking student in her class with a scholastic average of 96.500. She received the Homemaking and Choir awards, and a tuition scholarship from the Texas Council of Church-Related Colleges, and was recognized for having been voted Most Beautiful, Who's Who and Most Dependable.

Jannette Reeves, the third highest-ranking student in her class with a scholastic average of 95.935, was recognized as having been elected as the Outstanding Student by the high school faculty. She received the Yearbook Editor's award.

Dayne Mayfield was the high-point boy in the class with a scholastic average of 94.200. He received the Chemistry and Vocational Agriculture awards, a tuition scholarship from the Texas Council of Church-Related Colleges, and was recognized as having been Student Council President, and voted Most Handsome. He received a UIL State Meet Participation Award for his performance in track.

Darrell Reynolds was recognized for being an honor graduate with a scholastic average of 92.789.

Lesia Francis was also recognized for being an honor graduate with a scholastic average of 92.333. She received the DAR Good Citizen and Social Studies awards.

Lee Ann McMurtry was an honor graduate with a scholastic average of 92.254.

Chief Davidson was also recognized for being an honor graduate with a scholastic average of 90.353, received the Physics award and was recognized for having been named to Who's Who.

David Strange received the UIL State Meet Participation Award in Tennis and was recognized as being Mr. S. H. S.

Gary Turner received the UIL State Meet Participation Award in Tennis and was recognized as being Best Dressed Boy.

Danny Perkins received the first Wood Memorial Scholarship, which will henceforth be awarded each year to an outstanding vocational student. The scholarship was given in memory of Leland Hugh, Rita and Ky Wood, to remind all students and the community of the outstanding work in the vocational field that both Leland and Rita Wood had done.

The award is co-sponsored by the L. O. A. Junior Study Club, of which Rita Wood was a member, and the Silvertown Young Farmers, of which Leland Hugh Wood was a member.

Jo Jarrett received the Citizenship award. Her selection was made by the high school faculty.

Jeff Jones was also selected by the high school faculty to receive the Citizenship award and was recognized as being Most Popular Boy.

Margaret Crosslin received the UIL State Meet Participation Award in Track.

Ronda Grabbe received the Geometry and Typing awards.

Dara Garvin received an honor pin from Century of Progress Study Club and was recognized for being Miss S. H. S.

Arlene Alavy received the Algebra award.

Mignone Rauch was recipient of the History award and was recognized for having been elected to Who's Who.

Brenda Cantwell received the English award.

Linda Hardin was recipient of the Biology award.

Twila Wood received the UIL State Meet Participation Award in Track and was recognized as Sophomore Class Favorite.

Linda Vaughn received the UIL State Meet Participation Award in Track, and was recognized for being elected Most Athletic Girl and Most Popular Girl.

Susan Payne received the UIL State Meet Participation Award in Track, and was recognized as Junior Class Favorite and Friendliest Girl.

Miss Brenda Sorter was recently chosen as a member of the cheerleading squad at Southeast Missouri State University at Cape Girardeau.

Miss Sorter, the daughter of Mr. and Mrs. Darrell Sorter of Winfield, Missouri, is a freshman at the University. She is majoring in criminal justice and minoring in speech. Previous cheerleading experience included six years in junior and senior high school.

She is the granddaughter of Mr. and Mrs. James Patton of Silvertown.

Mr. and Mrs. Ronnie Drewry and Tammy spent the Memorial Day weekend with her mother, Mrs. Mildred Brooks and Roy. They were here for his graduation Friday night. Mr. and Mrs. Bill Brooks and Josh of Amarillo, Mr. and Mrs. Carl Minyard and girls, Mrs. Oscar Weeks, Mrs. Victor Weeks and Mr. and Mrs. Lonnie Wesley of Tullia also attended the commencement Friday night.

Mr. and Mrs. Glen Lindsey, Mr. and Mrs. W. H. Brooks and Victor Weeks joined the group for a party in Roy's honor in the home of this mother following the graduation.

Memorial Day guests with Dawn Jasper included Gay Lynn Eddleman, Wayma Bomar, Bob and Kaedean Williams, Virgie Harris, Jo Ann Harris and Betty Cuttrel, all of Amarillo, and Mrs. Al Murdock of Happy.

Billie Fay Sluder, Brendi and Linda of Clovis, New Mexico, visited Mr. and Mrs. George Martin here Sunday. Mr. and Mrs. George Martin, Van, and Mrs. Ashel Cross Sunday.

Applications may be picked up now at the Silvertown School office for a basketball camp to be held in Silvertown for boys and girls 12 years of age and older.

This special program is designed by Ron Ekker, West Texas State University basketball coach who was the 1976 Missouri Valley Coach of the Year.

Each participant will be evaluated as to particular strengths and weaknesses and will be given workouts to be completed at home. These are designed to strengthen particular skill areas.

Each participant will take part in four sessions of two hours each session. The participant will be part of a small group. A session will be held one evening each week. Total cost of consultation and development program is \$30.

Participants will be accepted on a first come basis, but participation is limited. Applicants will be contacted in regard to time and days. Local facilities will be used.

Wheat Acreage Reports Needed

Your local ASC Office has repeatedly told you that wheat and feed grain acreage reports were not needed, unless a disaster or low yield situation develops. Regulations have changed and a report of acres for all crops is now necessary.

This change was brought about by action in both the House and Senate Agriculture Committees. They have both reported out farm bills which provide for probable set-aside for 1978 crops. If implemented, the acreage required to be set-aside may be based on a percentage of the acreage planted for harvest in 1977.

This makes it necessary to obtain acreage reports and the report on wheat acres is needed prior to harvest. This leaves us very little time to measure and certify this particular crop.

Those producers who grazed out some wheat have already done this, others who have wheat and barley, hopefully will measure and certify, by not later than the 20th of June.

Cowbells To Give Two Beef Gifts Here

Terra Cotta CowBells will give two \$5.00 beef gift certificates to two lucky Dads in Briscoe County as a promotion in connection with their Beef for Father's Day project.

Registration will begin June 6 at Stan's Grocery and Nance's Food Store. The drawing will be held June 18.

Beef gift certificates make a great gift for Dad on his day.

Make sure now that your Dad's name is in the drawing.

Summer Baseball Program to Organize

All boys and girls interested in the summer baseball program and their parents are asked to meet at the P. C. A. community room in Silvertown at 8:00 p.m. tonight (Thursday).

Registration will be conducted for Pee Wee and Little League baseball and girls softball.

Coaches are needed for all the teams, including women coaches for the girls' softball. If you will agree to coach a team, please be at the meeting.

Gaston Owens, publisher of The Valley Tribune and brother-in-law of Mrs. Ollie McMinn, suffered a stroke at his home in Quitaque Monday morning. He was taken to the hospital in Groom, where he remains a patient. Mr. and Mrs. Dwain Henderson were in Groom Monday to be at his bedside.

Kink Fleming Buried At Byers

Kenneth M. Kink Fleming, 67, of Byers died Monday night in a Wichita Falls hospital.

Funeral services were conducted at the Methodist Church at Byers at 4:00 p.m. Wednesday. Burial was in the cemetery at Byers, with arrangements under the direction of Hampton-Vaughan Funeral Home of Wichita Falls.

Fleming was born May 5, 1910 in Byers. He was a retired cotton gin owner and a member of the Byers United Methodist Church and Masonic Lodge.

Survivors include his wife, Vera; a daughter, Janet Zachry of Byers; two sisters, Mrs. Frank Pratt of Bastrop, Louisiana and Mrs. Ray Harrell of Pineville, Louisiana; three brothers, Walter Fleming of Silvertown, Robert and Nat Fleming, both of Byers, and two grandchildren.

Jeanine and Jimmy Lakey of Grand Prairie are spending a visit with their grandparents, Rev. and Mrs. Lemy Pike.

Joe B. Mercer underwent surgery at St. Anthony's Hospital in Amarillo Tuesday afternoon.

Old-Fashioned Revival Planned At Methodist Church

An Old-Fashioned Revival will be held at the First United Methodist Church in Silvertown from June 5 through June 12, with Rev. William Mayo, former missionary to Burundi, Africa, as the visiting preacher and Johnny Ray Watson leading the revival music.

Sunday services will be held at 11:00 a.m. and 8:30 p.m. Lunch will be served at the church at noon on Sunday. Weekday services will be at 7:00 a.m. and 8:30 p.m., according to the pastor, Rev. Jesse Dea, who extended an invitation to the public to attend any of all of the special services.

Rev. Mayo is currently the South Central Area Representative

for World Gospel Missions, an interdenominational sending agency with 335 missionaries and homeland staff laboring in eighteen areas of the world. International headquarters is in Marion, Indiana.

A native of Texas, Mr. Mayo is a graduate of Asbury College and Asbury Theological Seminary, both of Wilmore, Kentucky. Before going to the mission field, he pastored churches and engaged in evangelism for a number of years.

The Mayo's first term in Burundi began January 1964. They were stationed at Kayero, the oldest of the WGM stations in that country. In addition to doing general station work, Rev. Mayo engaged in evangelistic efforts and youth work in the churches.

When the Mayos returned to Burundi in mid-1968, they worked for a short while in the Murehe area. But the greatest efforts of the term were made at the new Buhonga station in the Kum-

REV. WILLIAM MAYO

JOHNNY RAY WATSON

Large Hailstones Needed By Tech Engineers

"Hail falling? Don't let it melt. We need hailstones, golfball-size or larger only, individually wrapped and fresh frozen."

Texas Tech University industrial

representative gives opportunity for revival preaching and promotion of the work in missionary conventions in the South Central area.

Johnny Ray Watson, singer, writer and composer, blends music, humor and soul into a challenging and unforgettable experience, answering honest questions with positive solutions through the love of Jesus Christ. Motivated by the touch of Jesus Christ in his life, Watson has focused his talents to challenge all with the reality of Christ's claim on each individual's life.

Besides his musical talents, Watson enjoyed much success in high school and college on the basketball court. At 6'8", he was named to All District, All Area and All State teams in high school and was leading rebounder, leading scorer and Most Valuable Player at McMurry College in 1970-1971.

In December of 1972, Jesus Christ filled the void in Watson's life and since that time he has traveled across the country and soon across the world singing and sharing in churches, auditoriums, military bases, high schools and numerous concerts, with Andrae Crouch and the Disciples, with the Billy Graham Crusade in Lubbock, and now has his first album out—"The Straight and Narrow Path." The Lord blessed Watson and his wife, Brinda, with a trip to Japan to witness to thousands of people. Their family consists of two children.

Whether accompanying himself or being accompanied by a full recorded orchestra, Watson will both challenge and inspire those who hear him.

"He who has ears to hear, let him hear." Jesus

engineers are requesting unmelting fresh hailstones to be used in a study of hail damage to solar mirrors.

If you have some hailstones the engineers can pick up, Dr. Milton L. Smith of the Industrial Engineering Department urges you to call or write him. Call collect at (806) 742-3404, or write Dr. Smith at the department, College of Engineering, Texas Tech University, 79049.

A part of the Texas Tech solar energy research project at Crosbyton, the hail damage study requires golfball-size or larger hailstones. As Smith said, "the larger the better."

Smith and associates Dr. Joseph E. Minor and Lynn Beason, both in the Civil Engineering Department, will fire the hailstones from an air gun at sample solar mirror glass.

"We can fire the hailstones at the approximate velocity with which they would fall in a hail storm," Smith said.

"For example, a two-and-a-half-inch hailstone would fall at the speed of about 150 miles per hour. Smaller hail of course would fall at slower speeds. We can duplicate these conditions."

The researchers will then assess the damage caused by the artificial hail storm. Later they will try to devise means to reduce hail damage to constantly exposed solar mirrors.

"Glass windows are ordinarily vertical, but solar collectors form a concave dish at times horizontal, or almost so, to the sky, and thus more exposed to hail storms.

Results of the research will be helpful to scientists studying the feasibility of locating a solar-powered electricity plant at Crosbyton or anywhere else. Also, individual solar-energy homes with roof collectors will benefit from the weather-oriented information, Smith said.

The engineer outlined how to collect the hailstones.

"The hailstones must be collected soon after they fall and before they begin to melt. It is desirable to wrap each stone separately, preferably in wax paper, and then place them all in plastic

NEW HAND AT BROWN-McMURTRY

There's a new hand at Brown-McMurry Implement, by the name of "Doloris."

Doloris stands for Dealer On Line Ordering and Inquiry System. It is a system which will give Brown-McMurry Implement instant computer access to everyone of International Harvester's Parts Distribution Centers throughout the country.

According to Don Brown, "Sh-

bags and immediately into a freezer.

"We cannot use a block of ice formed from hailstones."

ould a customer need a part which is not in my stock and not in my nearest Center, I can punch a few keys on my own computer terminal and an instantaneous search is made in every other Center in the country. The computer will answer me immediately to tell me the part has been found and the order has been placed."

And so there will be no misunderstanding between the dealer and customer, the customer can stand alongside the terminal and read the order as it is placed and confirmed.

Don Brown added, "We invite all our customers to drop in and meet Doloris. She's something else."

Precious SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Area May Be Eligible For Disaster Loans

Rural areas that have suffered substantial losses and hardships due to a diminished water supply caused by abnormal drought conditions may be eligible for loans and grants from Farmers Home Administration (FmHA).

The loans and grants are part of a program of special Federal assistance to drought-stricken areas announced recently by President Carter, according to George H. James, Jr., FmHA County Supervisor for Swisher and Briscoe Counties. FmHA is a rural credit service of the U. S. Department of Agriculture (USDA).

The special FmHA loans and grants may be made to eligible applicants in Federally designated drought disaster areas when needed to provide an adequate water supply to those communities faced with severe problems as a result of the drought conditions. Assistance may be provided for the construction, enlargement, extension, or improvement of water facilities to improve drought caused problems. This assistance may include, but would not be limited to deepening existing wells, drilling new wells, developing a new water source or extending water supply lines to other water sources.

The deadline for applications and certification of eligibility is September 30, 1977. Projects must be completed by November 30, 1977. The special FmHA aid will come from funds in addition to those already allocated for the current fiscal year for FmHA's Water and Waste Disposal loan and grant program. The supplemental appropriation provides \$150 million for loans and \$75 million for grants.

FmHA makes loans for water and waste disposal systems in rural areas and communities of up to 10,000 population to public bodies and non-profit organizations. Loans are made at 5 percent interest and for up to 40 years. FmHA also may make grants of up to half of the eligible project development cost if needed to bring user fees to a reasonable level. Applicants must be unable to get credit from other lenders. To apply for the special water system loans and grants, and for information about this and other FmHA programs, contact George H. James, Jr. at 219 Northwest Second, Tulla, Texas. The phone number is 806-995-3236.

Bentsen Seeks Drilling On Atlantic Coast Bill

Senator Lloyd Bentsen Monday said he will push for early passage of legislation to overturn a court ruling that has barred drilling for oil and gas in the Atlantic Ocean, off the Eastern U. S. Bentsen is cosponsoring a bill to validate existing oil and gas leases in the Baltimore Canyon, which lies in the Atlantic Ocean.

"The best available estimates are that Baltimore Canyon may produce as much as 1.4 billion barrels of oil and 9 trillion feet of natural gas; production that is sorely needed in this time of energy shortage," Bentsen said.

Exploration in the canyon has been held up by the decision of U. S. District Court Judge Jack Weinstein in New York in a suit brought by politicians and other East Coast residents.

Last week Interior Secretary Cecil Andrus announced that a new lease sale would not be held until December 1978.

"It isn't fair for them to come in and drill off the Texas Coast and then block efforts to drill off their own coast," Bentsen said. "Texas has shown, through our experience with off-shore drilling, that you can increase the supply of energy and still protect the environment."

Senator Bentsen pointed out that in the Gulf Coast Outer Continental Shelf area, from 1971-75, there was no oil spill of more than 50 barrels even though 4,105 new wells were drilled.

The legislation Bentsen is cosponsoring would allow exploration to begin immediately by ratifying existing leases. Before production could begin, however, the driller would have to submit plans for production and development to assure that adequate steps are being taken to protect the environment.

Little Dribblers Play In Regional Tournament

The Junior League All Stars were defeated 24-10 by Abernathy in their first round of the Girls Regional Little Dribbler Tournament held last weekend in Abernathy.

Kathy Brown and Shavonne Lowrey scored four points each and Alesha Patton and Shea Green scored one point each.

At the end of the first quarter, Silverton trailed only 5-4, but was held scoreless in the second period while Abernathy scored 12 points. At the third period's end, the score stood at 17-6, Abernathy

You Can BANK on it!

The question is often asked: How much should a family set aside for housing. Most agree that the average family should allocate about 25 per cent of their monthly income.

That means a family with a gross monthly income of \$800 should not be paying out more than \$200 a month for mortgage payments, or rent, including all utility bills in the amount.

Oftentimes a young couple starting out in life let their emotions, rather than sound financial considerations, determine where and how they are going to live. The best way to plan is to make out a monthly budget: so much for shelter, clothing, food, car payments, savings and, of course, entertainment.

Virtually every working person in the country faces the possibility of being out of work at one time or another. That's why it is a good idea to build up at least three months living costs in a savings account to help smooth out any dislocations that might take place. It's really better to have a six month backlog in savings, because it is easier to place the money where it will draw the best interest rates.

having had a scoreless third stanza.

The Major League All-Stars drew a bye in the first round of the tournament, and played Plainview at noon on Friday. Silverton was defeated 34-14 by the team, which was the eventual tournament winner. Plainview jumped out to early lead, and increased it in each quarter.

Missy Brown scored six points, while Dena Green and Jan Reynolds scored four points each for Silverton.

The Junior League team defeated Olton 23-16 in the second round, behind the 13-point scoring effort of Kathy Brown. Shea Green tossed in seven points, Alesha Patton scored four and Shavonne Lowrey added two points.

Silverton outscored Olton in each period of the game to emerge the winners.

The Major League team defeated Hale Center, 25-21, in their second game of the tournament. Missy Brown burned the baskets with 19 points in this game, with Dena Green adding four points and Amy Perkins putting in a pair of points.

Silverton held a 6-4 lead at the end of the first quarter, and was ahead 13-9 at halftime. The third period score stood at 19-16.

Saturday, the Junior League team lost 29-19 to Hale Center, even though the game was close. Silverton trailed 8-3 at the end of the first period, and 13-7 at halftime. At the end of the third quarter, the score stood at 24-13.

Kathy Brown led the offense with nine points, with Shea Green getting six and Alesha Patton adding four points.

The Major League team lost a real heart-breaker to Abernathy in the last game, suffering a one-point, 18-17, defeat.

Dena Green led her team with a 12-point scoring effort, Missy Brown got three and Amy Perkins tossed in two points.

Silverton led 4-2 at the end of the first quarter, and was ahead 15-5 at the midway stop. At the end of the third quarter, the girls held a 15-8 lead, but Abernathy managed to hold Green to two points in the fourth quarter to go ahead.

Considering that all of the schools the Silverton girls played in the tournament are much larger than theirs, it was thought that they performed admirably in their games.

MAJOR LEAGUE ALL STARS- Back row, from left: Sonya Greenfield, Dena Green, Missy Brown, Angie Lowrey, Jan Reynolds, Lisa McFall, Donna Boiling. Front row, from left: Tammi Edwards, Amy Perkins, Jena

JUNIOR LEAGUE ALL STARS- Back row, from left: Donna Tomlin, Kori Baird, Stana Kay Cobb, Shea Green, Shavonne Lowrey, Alesha Patton, Lynda Gayl Greenfield; front row, from left: Gloria Segura, Nicole Whitfill, Lee Ann Durham, Melissa Stone, Kristy Fogerson and Hope Patino.

Mrs. C. M. Chappell Buried Monday

Funeral services for Mrs. Attie Texas Chappell, 87, were conducted at 2:30 p.m. Monday at the First Baptist Church in Silverton with the pastor, Rev. Larry Wilson, and Earl Cantwell, minister of the Rock Creek Church of Christ, officiating.

Interment was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Mrs. Chappell died about 7:00 p.m. Saturday in Tulia, where she had been a resident of the Care Center for about six weeks.

Daughter of the late Mr. and Mrs. J. M. Vardell, Mrs. Chappell was born in Arkansas February 13, 1890. She married C. M. Chappell at Decatur September 28, 1910. They moved to Silverton in 1925 from the Greenwood community near Decatur, and she had lived here since. Mr. Chappell died in 1963.

Mrs. Chappell was a member of the First Baptist Church. One son, Coy Chappell, preceded his mother in death.

Survivors include three daughters, Mrs. Mildred Reid of Silverton, Mrs. Hazel Johnson of Tulia and Mrs. Joyce Gaston of Nocoma; a sister, Mrs. Jessie Bryon of Elk City, Oklahoma; 11 grandchildren; 18 great-grandchildren, and two great-great-grandchildren.

Southwestern Club Has Regular Meeting

The Southwestern Home Demonstration Club met Thursday, May 26, 1977 at 2:30 p.m. at the P. C. A. community room with Polly Jarrett as hostess.

The club selected the candidates it will sponsor in the Miss Mackenzie, Floyd County Fair Queen and Rodeo Queen contests. The names of these will be announced later.

Frances Kellum gave a report on the District Meeting at Leveland. There were 256 members

present at that meeting. The guest speaker was Anita Bass, wife of the mayor of Lubbock.

Briscoe County Extension Agent Linda Mullin gave a program on "Over the Counter Drugs."

Present were Georgia Allard, Theta Holt, Florene Fitzgerald, Frances Kellum, Lois Nance, Christene King, Syble Teeple, Lois Ziegler and Miss Mullin.

The club will host a dinner on June 17 for the Senior Citizens.

NEW ARRIVAL

Mr. and Mrs. Fred Stafford of 5720 Third Street in Lubbock are parents of a daughter, Trevah Leigh, born May 27 at St. Mary's Hospital. She weighed eight pounds, five and a half ounces. She has two sisters, Shonda Lynn and LaMona Dee. Grandparents are Mr. and Mrs.

Shafe Weaver of Silverton and Mr. and Mrs. Jack Stafford of Hedley. Great-grandmother is Mrs. Roy Allard of Tulia.

NEW ARRIVAL

Mr. and Mrs. Walter Lynn Dunham are parents of a son, Mac Charles, born May 29 at Swisher Memorial Hospital in Tulia. He weighed eight pounds and thirteen ounces.

The couple also has three other children, Clay, who is five; Amber, three, and Jodie, who is two.

Grandparents are Mr. and Mrs. P. C. Longan of Clarendon and Mrs. Maxine Morris of Silverton.

Arnold-Cannon Vows Exchanged Sunday

Mr. and Mrs. Fred Arnold of Silverton announce the marriage of their daughter, Kerri Kathene, to Monte Lewis Cannon, son of Mr. and Mrs. Lewis Cannon of Tulia.

Vows were exchanged in the Rock Creek Church of Christ at 1:30 p.m. Sunday, May 22, 1977. Bro. Earl Cantwell, great-uncle of the bride, officiated at the ceremony. The bride's attendant was Miss Suzette Fitzgerald of Silverton, and the groom's attendant was Jimmy McCaslin of Tulia.

Grandparents of the bride are Mr. and Mrs. J. T. Cantwell of Brownwood. She is also the granddaughter of the late Mr. and Mrs. Arthur Arnold.

Grandparents of the bridegroom are Mrs. Pauline Cannon of Tulia and Mr. and Mrs. James Monk

of Flomot. Mr. Cannon is a 1976 graduate of Tulia High School and is self-employed as a carpenter. Mrs. Cannon is a 1976 graduate of Silverton High School, attended West Texas State University, and is now employed as a secretary at Northwest Texas Hospital in Amarillo.

The couple will reside in Kress. Present at the wedding were the parents of the couple, Mrs. Earl Cantwell, Silverton; Mrs. Jimmy McCaslin, Chris Breedlove and Mary Rousseau of Tulia.

SAVE

energy with a conservationist electric water heater

Maximum efficiency in appliances is what we're all looking for... to save energy, save money.

That's why the CONSERVATIONIST ELECTRIC water heater is worth looking at. It saves 15% of the energy used in a like-sized regular electric water heater and delivers all the dependability of electric water heating. The Conservationist is heavily insulated on all sides so heat is retained inside the water heater... used for what you're paying for... to heat water.

And, you save on space above the heater because an electric water heater does not need a flue or vent.

Ask us about the Conservationist... the electric water heater designed to use energy wisely and save.

Rev. Evans Dies From Injuries Received In Accident Here

The Rev. M. O. Evans, 72, assistant to the pastor of First Baptist Church of Plainview, died at 11:00 p.m. Thursday at Central Plains Hospital in Plainview of injuries received in a three-vehicle accident.

The accident occurred at 12:12 p.m. Thursday on Texas Highway 86 five miles west of Silverton. Rev. Evans was driving a pickup, pulling a trailer loaded with six head of cattle, and his grandson, Stephen Michael Johnson, 18, of Olton was driving behind him,

also in a pickup, pulling a goose-neck trailer loaded with 23 head of cattle. Both were traveling east.

Dennis Powers of Tulia, Texas Highway Patrolman who investigated the accident, said Rev. Evans' pickup was hit in the rear by the one driven by his grandson, forcing Evans' pickup in the path of a west-bound one-ton truck also pulling a trailer. Rev. Evans was taken to the Plainview hospital by the Silverton Volunteer Ambulance Service, which was staffed by Emergency Medical Technician Jay Towe and EMT students Anthony Kingery and Mrs. LaRue Garvin.

Archie Flynn, 36, of Magazine, Arkansas was driver of the truck. Flynn was slightly bruised but

did not require medical attention. Johnson and a passenger with him were not injured. Rev. Evans was alone in his pickup.

Funeral services for Rev. Evans were conducted at 11:00 a.m. Saturday in the First Baptist Church in Plainview. Officiating was Dr. Carlos McLeod, pastor, assisted by the Rev. John Lewis, pastor of Olton's First Baptist Church, and the Rev. Hardy Clemons, pastor of Second Baptist Church of Lubbock.

Burial was in the Plainview Cemetery directed by Lemons Funeral Home. Nephews of Rev. Evans were pallbearers and area ministers served as honorary pallbearers.

Milton Odell Evans was born in Greenville April 20, 1905 and moved with his parents to Brice. He attended Wayland Baptist College in 1924-26, when it was a two-year college. He began preaching at the age of 18 in the Brice Baptist Church. Rev. Evans left there in 1942 but returned later for seven revivals.

Rev. Evans moved to Plainview in 1967 from Holliday where he had pastored the First Baptist Church for 14 years. Before going to Holliday he pastored at the church at Skellytown and did supply preaching for a number of churches.

Starting with a three-day work week in ministry to homebound persons and rest homes in Plainview, Rev. Evans soon extended his time to five days a week. He preached as many as four times a day, holding services at all three Plainview convalescent homes and at Christian Manor Apartments.

Rev. Evans and the former Laddella Jones were married February 27, 1927 in Memphis. They were honored with a reception on their 50th anniversary February 27. The Evans home is at 803 Zephyr Street in Plainview.

Surviving are his wife; a daughter, Mrs. Ershel (Mary) Johnson of Olton; a son, Jimmie D. Evans of Lubbock; one brother, Hoyt Evans of Plainview; three sisters, Mrs. John Jones of Clarendon, Mrs. Ethel Fowler of Memphis and Mrs. Ila Mason of Colidge, Arizona; seven grandchildren and four great-grandchildren.

The family suggested memorials be in the form of donations to the building fund of First Baptist Church in Plainview.

VAUGHAN REUNION HELD

A reunion of the Vaughan cousins was held May 29 at the Silverton School Cafeteria. The day was spent visiting and enjoying the beautiful lunch which was served at the noon hour.

Ewing Vaughan presided over a short business meeting following lunch. The members of the family of the late Mr. and Mrs. W. A. Stephens had the most present.

Officers elected for next year are Elbert Stephens, president; French McGavock, vice-president, and Mrs. Theta Holt, secretary-treasurer.

Present were Mr. and Mrs. Dan Vaughan, Mr. and Mrs. Homer Bradley, Mr. and Mrs. Gary Bird and son, all of Amarillo; Mr. and Mrs. Gene Vaughan, Mr. and Mrs. Virgal Mynard and children, Mrs. Mable Welch, Mrs. Girtha Mae Vaughan, Mrs. Wendell Hardin, Mr. and Mrs. Janus Flowers and children, Mr. and Mrs. Rex Holt, Mr. and Mrs. David Holt and son, Mr. and Mrs. W. J. Copeland and sons, Mr. and Mrs. Lynn Welch, Mr. and Mrs. George Seane, Mr. and Mrs. Homer Stephens, Mr. and Mrs. Ewing Vaughan, Mr. and Mrs. Loyd Stephens, Diana, Johnnie, Ramon, Jessie and Beatrice Ortega, Mr. and Mrs. Elbert Stephens and Mrs.

From Lloyd Benisen

It is now widely recognized that the current system of criminal sentencing is not working. Manson and Richard Speck are eligible for parole, and other dangerous offenders are going unpunished. Glaring injustices in the sentences of those who are punished have led to numerous and great injustices.

What I have proposed in the past, and what several of my colleagues in the Senate are now proposing, is that we should have fixed, specific sentences written into the law for specific crimes.

As things now stand, federal judges sentence convicted criminals

to an indeterminate number of years in prison, and then leave it up to the parole board to decide how long any individual should actually serve.

For example, judges are allowed to set prison terms for bank robbery at anything from zero years to 20 years under current federal law. And, at the discretion of the parole board, often only one-third of the sentence is ever served.

It is finally becoming widely accepted that our judicial system lacks standards and guidelines. The disparities in the sentences imposed under the present system have forced us to recognize that the use of indeterminate sentencing is neither fair nor effective.

The concept of trying to rehabilitate by promises of early parole has been an abysmal failure.

Recently the "presumptive" sentence approach which I have long advocated has begun to win broad support among law enforcement officials and in legal circles.

Legislation to revise and consolidate the laws—the Criminal Code Reform Act of 1977—has been introduced by several members of the Senate Judiciary Committee.

It includes a provision similar to one I proposed a year ago which would replace the "indeterminate" sentencing system now used by federal courts with a system of "presumptive" sentencing. This approach sets a middle or "presumptive" sentence to create a uniform standard of justice for all.

For example, a four-year pre-

sumptive sentence might be set for first offense bank robbery, with virtually no eligibility for parole. The presumptive sentences would then increase sharply for repeat offenses.

Too often too many officials in the past have been hesitant to even face the issue of criminal justice squarely, preferring to speak in fashionable terms of "rehabilitation" rather than "punishment." There has been too much concern for criminals and too little thought for the victims of crimes.

As it now stands, there is no certainty for the criminal that he will be punished, no certainty for society that the dangerous will be incarcerated, and no certainty that punishment, when it is meted out, will be fair.

When an adult burglar knows that he has only one chance in 412 of going to jail for any single burglary he commits, it is time to reform criminal justice.

What it all boils down to is that punishment for the criminal offender in this country must once more be known to be swift and to be sure.

It is important for Congress to work swiftly to approve this comprehensive change in the way criminals are sentenced in federal courts.

Is Your Number Up?

If your blood pressure is 120 over 80, what does it mean?

For persons between ages 18 and 45, it would probably mean a normal blood pressure.

It's important to know, however, because high blood pressure can be very dangerous, if not properly treated, Carla Shearer, a health education specialist, warns.

Years of untreated high blood and blood vessels. It is the pressure can damage the heart leading cause of heart disease, it contributes to almost 300,000 deaths annually in this country, she added.

Ms. Shearer is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Unfortunately, less than half of the people who have high blood pressure know it—yet physicians recommend regular blood pressure checkups for everyone, even children," Ms. Shearer said.

Blood pressure is the amount of force required to circulate blood through the body.

The top number (systolic) measures the force of the heart. The bottom number (diastolic) measures the pressure of blood against the vessel walls when the heart is relaxing between beats.

Normal pressures range from 90 over 60 to 140 over 90. Generally speaking, a blood pressure reading of 120 over 80 is normal for an adult between the ages of 18 and 45.

Blood pressure varies not only from person to person, but also in the same person at different times. Throughout the day a person's blood pressure will vary and may even be higher than 140/90. It is only when it is high and stays high most of the time that a person is considered to have high blood pressure, she explained.

PROSPECTIVE BUYERS WARNED TO CHECK SALES TAX LIABILITY

Comptroller Bob Bullock again warned investors Tuesday that if they are interested in buying a Texas business they will be smart to check carefully to see if the business owes the state delinquent sales taxes.

"Without checking, it's like buying a pig in a poke," said Bullock. "It's just not a happy event to buy a business, open up shop and then get a fat bill for delinquent sales taxes before you get started."

Bullock said the sales tax law makes the new owner responsible for any delinquency run up by previous owners.

He urged the news media to help get the warning out to all potential business investors.

Bullock noted that his office has changed procedures to make it easier for business buyers to get delinquency information quickly.

"We have also put out news releases, news columns and public service ads, but this unfortunate occurrence is still too common," said Bullock. "It's a sad story, but unfortunately one we can do nothing about other than issue warnings."

The Comptroller said the law actually requires the new owner to withhold the amount of any delinquent taxes from the purchase price of the business but as a practical matter many deals are already closed and paid before the new owner finds out about the back taxes.

Bullock urged every potential buyer of a business to contact the nearest Comptroller's field office early during purchase negotiations to make certain there is no outstanding delinquency.

"It ought to be as automatic as checking for clear title when buying a new home," he said.

Home Can Save Energy During Vacations

A home can save energy for its vacationing owners—if they will take five conservation steps before walking out the door.

Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A & M University System, advises the following:

Turn off all unnecessary appliances. Unplug an "instant-on" TV or timed coffee pots and clock radios.

If you'll be gone more than a week, consider turning off your refrigerator. If you do, remember to unscrew the interior light bulb and prop the door open so mildew won't form. If you prefer to leave the refrigerator running, put it on a warmer setting—and be sure no foods are left that will spoil at the warmer temperature.

Turn off the air conditioner, but be sure to move any house plants to a friend's house—if warmer temperatures in your house would harm them. Consult a horticulturist about temperature range the plants can withstand.

Turn off the electric or gas supply to your hot water heater.

One appliance you may want to leave on is a timed light to discourage burglars.

Hunter Safety Course Finished Here

The Hunter Safety Course was completed Thursday night with 18 students completing their hours for certification and two students for attendance certificates.

The course was taught by Virgil and Gladys Kidwell, with assistance from Duane Reynolds and Ronnie Tupin.

Those receiving attendance certificates were Clay and David Schott.

Those certified upon completion were Robert Davis, Kerry Baird, Frances Crass, Linda Doerfler, Shane Reagan, Dwain Tipton, Mitchell Martin, Michael Greenhaw, Scotty Roberts, Jan Reynolds, Bill Settle, Bryan Schott, Glendena Thomas, Craig Patton, Shirley Reynolds, John Schott, LaQuetta Schott and Roland Asebedo.

Introducing the ALL-NEW 1977 line of John Deere Chain Saws

Isolated engine reduces vibration for greater operating comfort

All-new styling. All-new features. All-new performance. That's the story of the 1977 line of John Deere Chain Saws.

John Deere Chain Saws are human engineered for greater operating comfort. Strategically located rubber mounts on all models, except the 30, isolate vibration to help prevent "the jitters," even after an all-day session of trimming, bucking, or felling trees.

And there's a saw for just about everyone. From homeowners and weekend woodsmen to farmers and professional woodcutters. Each features an air-cooled engine, 30 to 70 cc's. A capacity-matched sprocket-nose guidebar, 12 to 24 inches long, for improved performance and longer chain life. Externally adjustable automatic oiler. Counterbalanced crankshaft. And nonmodular construction for easy replacement of individual parts. To help prevent overheating, the fuel tank is separated from the engine by the oil reservoir.

Read about the additional features below. Then visit us. We'll be happy to demonstrate the performance and comfort features of these all-new John Deere Chain Saws.

A throttle/trigger interlock on all saws, except the 30, provides added safety. It must be held down and the "trigger" pulled before the chain will engage.

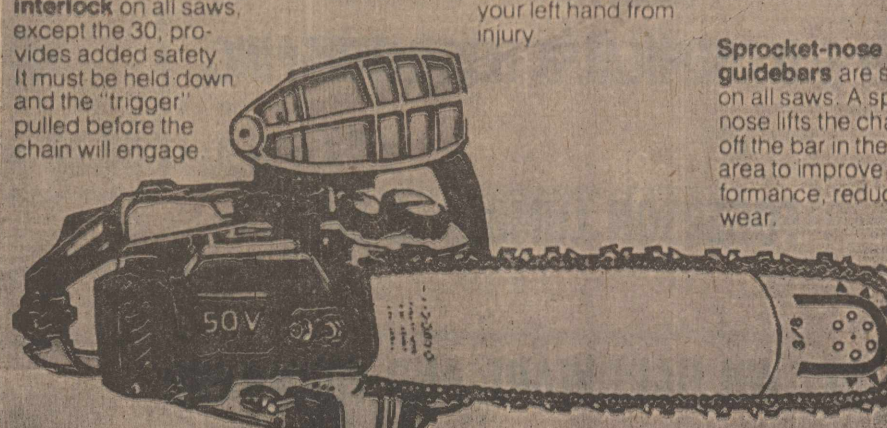

A molded plastic handguard on larger saws helps protect your left hand from injury.

Sprocket-nose guidebars are standard on all saws. A sprocket-nose lifts the chain off the bar in the nose area to improve performance, reduce chain wear.

Chisel and semi-chisel chains cut smoothly and efficiently. Depth gauges and guard links are designed to help eliminate pinching and kickback.

For added safety, the rear handle on all saws is designed for use as a foothold when starting the saw.

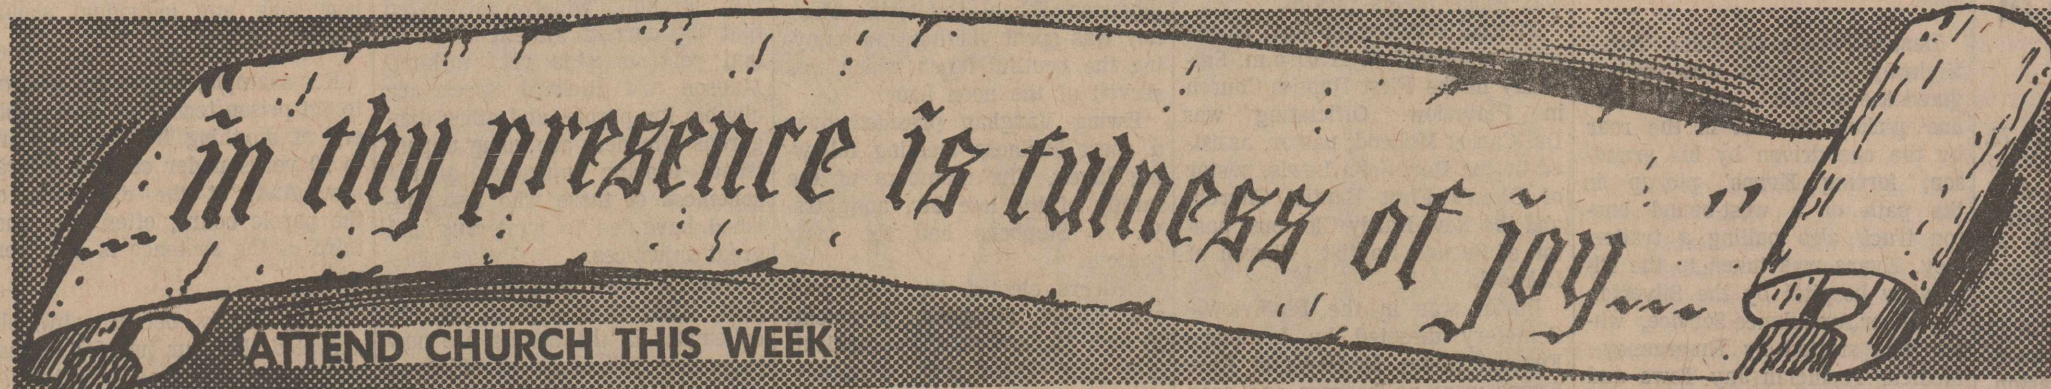

A chain catch located on the power-head of all larger saws helps protect you from injury in the event of a broken chain.

JOHN DEERE

Come in soon. Look over the all-new line of John Deere Chain Saws.

OUTMODED EQUIPMENT

This young man certainly won't get much real cleaning done with this broom. A modern street cleaning machine would do the job so much better. His straw broom makes us think of how we try to get along without God, without spiritual values, without church. Our life would be so much better if we would exchange this life for one that knows God and practices His precepts. Without church and God we have little or no spiritual equipment. Hearing God's word preached, being with his people, working in His church, helping others through the church all give us the spiritual equipment we need for meeting life. We invite you to attend this week and make a habit of coming to God's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

LEGAL NOTICE

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Corn Growers Association, 105 E. Bedford, Dimmitt, Texas 79027, a referendum election on July 29, 1977, under provisions of Article 55C, Vernon's Civil Statutes on the proposition of whether or not corn producers in the following counties shall assess themselves an amount not to exceed 1/2 cent per bushel on all corn sold to be collected at the first point of sale, and to elect members for a 6-person commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, promotion, and education designed to encourage production, marketing, and use of Texas corn.

Counties included in the referendum are: Area I-Deaf Smith, Parmer, Castro, Bailey, and Lamb. Area II-Randall, Swisher, Briscoe, Hale, and Floyd. Area III-Dallam, Sherman, Hansford, Ochiltree, Hartley, Moore, Hutchinson, and Carson.

The referendum and election will be held by physical ballot with voting place to be at each county courthouse in the referendum area. Polls will be open at 7 a.m. and close at 7 p.m. Producers who will be away from their particular voting box location on election day may obtain an absentee ballot from county agent offices, or the Texas Corn Growers Association. Absentee ballots must be mailed in the self-addressed envelope to the central balloting place at 105 E. Bedford, Dimmitt, Texas 79027, before midnight three days prior to election date.
 Any person within this referendum area engaged in the business
