

Students To Compete In UIL Events Next Week

Students who will be competing in the various interscholastic league events at Happy next week will be representing the Silverton elementary, junior high and high schools.

Representing Silverton High School will be Clayton Fowler and Colleen Hutsell, Persuasive Speaking; Patti Perkins, Jennifer Martin, Lydia Younger and alternate Diji Couch, Poetry Interpretation; Becky Perkins, Karen Ziegler and Rose Lee Perkins, Prose Reading; Roger Cantwell, Lisa Childress, Becky Perkins and alternate Arlene Lavy, Spelling and Plain Writing; Brenda Cantwell, Marilyn Hardin, Melissa Greenhaw and alternate Patti Perkins, Ready Writing; Mignone Rauch, Mark Reeves, Jennifer Martin and alternate Thomas Perkins, Science; Lisa Childress, Slide Rule; Karen Martin, Melissa Greenhaw, Rose Lee Perkins and alternate Lisa Childress, Typewriting; Beverly Boling, Susan Payne and alternate Colleen Hutsell, Shorthand.

Entered in the journalism contests are Brenda Cantwell, Colleen Hutsell and alternate Lydia Younger, Feature Writing; Penny Cogdell, Beverly Boling and alternate Clayton Fowler, Editorial Writing; Marilyn Hardin, Melissa Greenhaw and alternate Tracy Gill, Newswriting.

The one-act play, "The Happy Journey to Camden and Trenton," is 24 minutes long and is directed by Miss Cathy Woodyard. The play will be presented Thursday in Clarendon. Members of the cast are Earl Jarrett, Liz Brown, Ramona Clay, Cam Forbes, Marilyn Hardin and Bill Denton.

Representing Silverton Junior High School in UIL competition will be Cynthia Edwards, Dani Whitfill, Stacey Robertson and alternate Jeni Denton, Creative Writing; Dani Whitfill, Dena Green, DeAnn Strange and alternate Jan Reynolds, Number Sense; Melinda Sutton, Jeni Denton, Michael Greenhaw and alternate Shane Reagan, Spelling.

To represent the Silverton Elementary School are Michael Flowers, Tammi Edwards, Kerry Copeland and alternate Stana Cobb, Spelling; Kristy Fogerson, Donna Tomlin, Alesha Patton, Billy Allen and Kori Baird, Picture Memory; Suzann Settle, Debra Wadlow, Carey Blackerby and Regina Myers, Story Telling.

Doctor's Mother Dies In Philippines

Word was received by Dr. James Chua Tuan about noon Saturday of the death of his mother, Juana Sy Chua, in the Philippines Friday night. Dr. Tuan was unable to go to the Philippines for the funeral because of not having a visa to travel and would have had to wait his turn to return to the United States—a process which takes months or even years.

Dr. Tuan flew to New York Sunday morning to be with his sister, Rosario, who left for the Philippines Tuesday. Dr. Tuan returned to Silverton Tuesday.

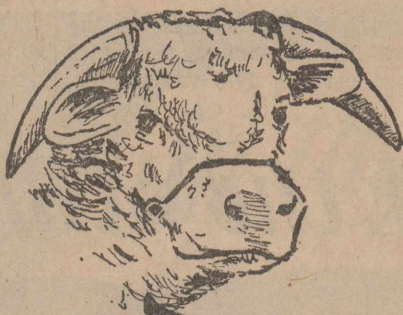

In lieu of sending flowers to the Philippines, a memorial fund has been started at the First State Bank in Silverton. It was suggested that Dr. Tuan could buy medical books with the fund, creating a permanent memorial to his mother.

CLINIC TO BE CLOSED

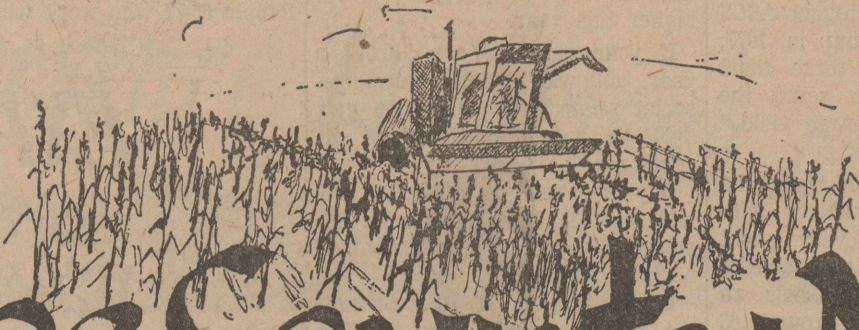

The Briscoe County Clinic will be closed April 5-7 while Dr. Tuan is in Dallas. He will be taking an English test there on April 5, and will have his hearing before the Immigration Department there on April 7.

Mrs. Clyde Hutsell was taken by the Silverton Volunteer Ambulance Service to Nichols Hospital in Plainview Monday afternoon. Emergency Medical Technicians on the trip were Jerry Patton, Darla Greenhaw and Charles Sarchet. Clyde Hutsell also accompanied his wife in the ambulance.

Mrs. Winston Hamilton was taken by ambulance from Central Plains Hospital in Plainview to a Lubbock hospital for a series of tests early this week. She was returned to Central Plains Hospital by ambulance when the tests were finished.

Library Tea, Book Shower Is April 7

The Annual Library Tea and Book Shower will be held from 3:00 until 5:00 p.m. Friday, April 7, in the public library in the basement of the Briscoe County Courthouse.

The event is sponsored by the March of Time Study Club to help the library and to focus attention on the public library.

Mrs. Claudine May is the librarian, and is helpful in getting library material for area residents on loan from the larger libraries.

The public is invited to attend the tea and book shower, and to get acquainted with the services offered by your public library.

Saturday Is Election Day

Elections will be held at the City Hall in Silverton by the Silverton Independent School District and the City of Silverton Saturday, April 1.

The terms of school trustees Harold Storie and Mrs. Anne McMurtry are expiring, and neither is seeking re-election. Those who have declared themselves as candidates and will be listed on the ballot are Don Cornett, J. E. Patton, Jr., and Elton Cantwell.

No one has signed up as a candidate for mayor to fill the unexpired term of Fred Mercer, who resigned to seek the office of Briscoe County Judge. It will, therefore, be necessary to elect a mayor by write-in, and voters are asked to consider the election seriously.

Councilmen whose terms are expiring and who are not seeking re-election are H. A. Cagle, who has moved to Quitaque, Wayne Nance and Charles Sarchet. Those who have filed for places on the ballot are Doyle Stephens, Fred Edwards, Donnie Martin and David Tipton.

The polls will be open from 8:00 a.m. until 7:00 p.m.

Personalities Selected In SHS

Student personalities were selected recently by the Silverton High School Faculty. These included Mark Reeves, DAR Good Citizen; Susan Payne and Clayton Fowler, Most Likely to Succeed; Mignone Rauch, Outstanding Student; Debbie Storie and Jackie Vaughn, Citizenship Award; Susan Payne and Brent Brannon, Most Dependable.

Elected to Who's Who were Penny Cogdell and Warner Bill Settle, freshmen; Melissa Greenhaw and Paul Brannon, sophomores; Liz Brown and Thomas Perkins, juniors, and Mignone Rauch and Brent Brannon, seniors.

The following were chosen as favorites by the students in Silverton High School.

Jackie Vaughn and his sister, Linda Vaughn, were elected Mr. SHS and Miss SHS. They are the twin son and daughter of Mr. and Mrs. H. M. Vaughn. They were unanimous choices.

Mitchell Simpson and Rebecca Reid were elected Best Dressed. The other candidates were Mark Brown and Karen Ziegler.

Paul Brannon and Susan Payne were chosen as Most Popular. The other candidate was Kirk Durham.

Wittiest Girl is Twila Wood. The other candidates were Teresa Crosslin and Penny Cogdell.

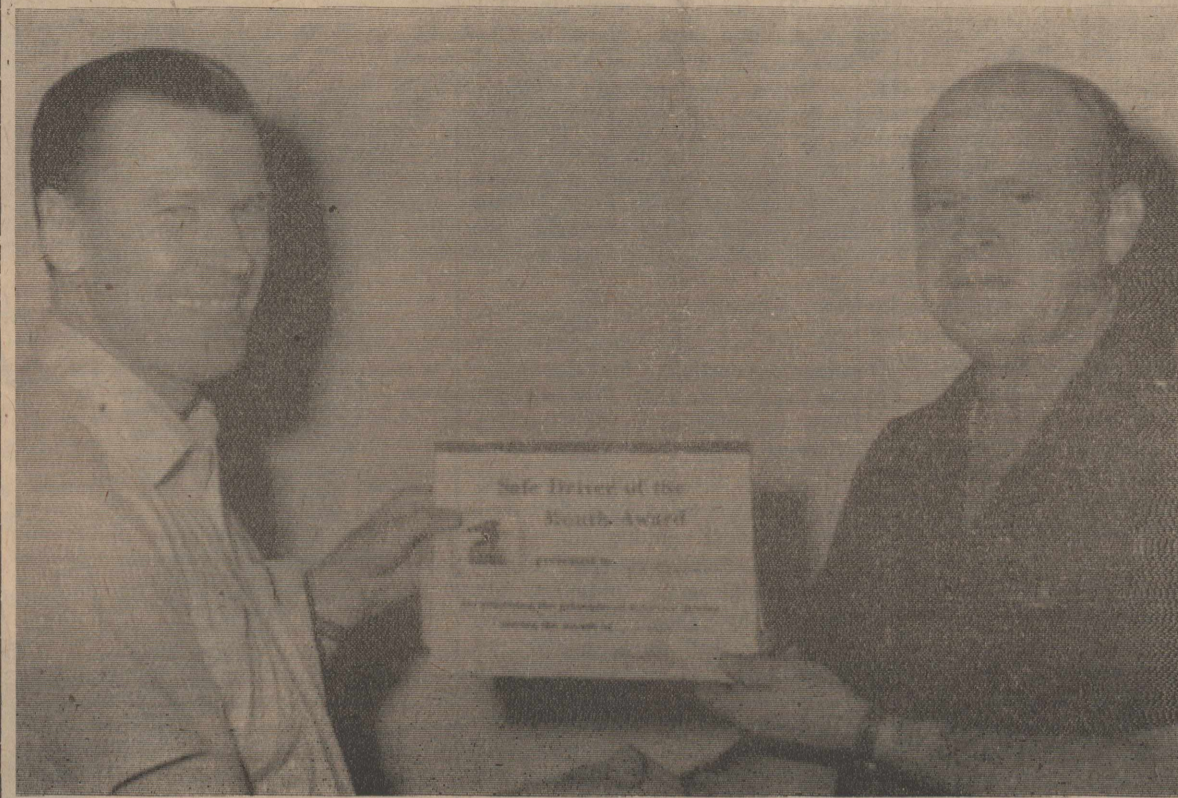

Candidates for Wittiest Boy were Bryan Burson, Tim Dea and Clayton Fowler. A runoff was necessary between Bryan Burson and Tim Dea. Bryan was the winner of the runoff.

Thomas Perkins was named Friendliest Boy. Candidates for Friendliest Girl were Kim Fitzgerald, Becky Perkins, Melissa Greenhaw and Arlene Lavy. A runoff was necessary between Melissa Greenhaw and Arlene Lavy. Arlene was the winner of the runoff.

Brent Brannon and Mignone Rauch were chosen as Most Athletic. Also a candidate was Doug McJimsey.

Cam Forbes was chosen as Most Handsome Boy. Jace Francis was also a candidate for this honor. Debbie Storie was elected Most Beautiful Girl, with Traci Mayfield having also been selected as a candidate.

Mr. and Mrs. Randy Powell and children moved to Quitaque last week.

Postmaster Fred A. Strange who has been a rural mail carrier for more than 18 years and 23,000 hours without an accident. He is pictured this week as he presented the Rural Delivery Driver of the Month award to F. E. Hutsell, (Briscoe County News Photo)

Hutsell Selected As Rural Delivery Driver Of The Month

F. E. Hutsell, rural delivery mail carrier out of the Silverton Post Office, has been selected as Rural Delivery Driver of the Month.

Hutsell has been a rural carrier for more than 18 years out of the Silverton Post Office, and has logged 23,000 hours of safe driving. His route covers 84 miles per day, and is performed six days out of every week. His route runs over 56 miles of dirt road and 27 miles of pavement, and crosses three highways and the railroad tracks three times each

day. Hutsell practices good defensive driving to prevent accidents or delay of service to postal customers. He has not been involved in any vehicle accidents or had a traffic violation.

With this selection, Hutsell is now eligible for the Rural Driver of the Year Award in the Lubbock Sectional Center.

Hutsell's selection for Rural Driver of the Month was made from all rural delivery offices in the Lubbock Management Sectional Center, including Zip Code Areas 792, 793 and 794.

Park To Be Landscaped At Mackenzie

A park area is to be landscaped at Lake Mackenzie this season, and Acting Lake Manager John McCammon says that they are asking people in this area to donate trees in memory of loved ones for this park.

Arrangements have been made with E-Kay Supply of Tulia to furnish the trees at discounted prices. Evergreens are on special for \$10.95 each, with trees on hand at the lake and at E-Kay Supply for your inspection. Shade trees are also available at discounted prices. Telephone number at E-Kay Supply is 995-3583, if you would like further information.

The park will be located on the south side of the lake near where the temporary toilets are now. Bids are being taken on the construction of permanent restrooms which will be located south of the present temporary toilets. Swings, monkey bars and other playground equipment is being sought for the park. A "tot lot" is also planned in conjunction with the park.

McCammon also said that 180,000 walleye and 50,000 smallmouth bass were stocked in the lake about the first of March. Fishing is improving at the lake, with one and a half to two pound bass being caught in shallow water. Quite a few people were at the lake camping, fishing and skiing over the weekend.

Trees are also to be planted at Overlook, where a marker is to be dedicated soon. This will be located at the base of the flagpole near the entrance to Lake Mackenzie. Directors who were serving on the board of Mackenzie Municipal Water Authority when the contract was signed for

Senior Citizens Asked To Meet

Silverton Senior Citizens interested in keeping their building open two half days and one whole day each week are asked to meet at the Senior Citizens building at 9:30 a.m. Monday, April 3. This announcement was made by Wade Steel, president of the Silverton Senior Citizens.

March Of Dimes Walkathon Is Saturday, April 1

The Silverton chapter of Future Homemakers of America will sponsor the annual March of Dimes Walkathon on Saturday, April 1, 1978. Registration will be from 9:00 to 9:15 a.m. at the school cafeteria. The walk will begin at 9:30 one mile west of Silverton and continue for about ten miles to the Claude Crossing bridge. Afterward the FHA will provide a picnic lunch for all the walkers at Lake Mackenzie.

Prizes awarded will be: one collecting the most money, \$50 savings bond from the First State Bank; one collecting second most money, \$25 passbook savings account from Central Plains Savings and Loan; one collecting third most money, \$10 savings account from Jones Dept. Store; one to come in first in walkathon, \$25 savings bond from Nance's Food

One-Act Play To Be Presented Friday

Friday morning at 10:30 o'clock, Silverton High School's entry in the interscholastic league one-act play contest, "The Happy Journey to Camden and Trenton," by Thornton Wilder, will be presented in the school auditorium.

The play is about a family in the late thirties taking a trip to visit relatives.

The play is directed by Miss Cathy Woodyard. The cast is composed of Earl Jarrett, Liz Brown, Ramona Clay, Cam Forbes, Marilyn Hardin and Bill Denton.

The public is invited to attend.

Weather Warning System To Be Installed On Silverton Cable TV

A weather warning system is to be installed soon on the Silverton Cable TV system. The total cost of new equipment to be installed is \$2,300.00. Civil Defense is to pay one-half of the cost and the City of Silverton will pay \$400.00. The Silverton Volunteer Fire Department has agreed to pay the balance.

The warning system will operate similar to that used by the National Weather Service offices, ex-

cept that there will be no accompanying picture of the person speaking. When it is necessary to make weather announcements, a beeper will alert the audience of the message to follow. Then the voice, which will probably be that of City Secretary Jerry Patton, will describe the current weather situation on all five of the cable TV channels simultaneously.

The one making the announcement will have been in touch with the National Weather Service by telephone, the Texas Department of Public Safety and local weather observers by two-way radio, and will be describing the situation from the local point of view.

The equipment is very costly, and local firemen are donating the pay they would normally receive for fighting fires (\$3.00) and for attending practice (\$2.00). If anyone else would like to donate to the part that is to be paid by the Volunteer Fire Department, they may do so at the City Hall.

He was a member of the Revised Vision Church of the Latter Day Saints.

Survivors include his wife, Lucy, of the home; a daughter, Alice Bower of Bloomington, California; two sons, James Eldon Baker of Markham, Illinois and Benjamin M. Baker of Lamoni, Iowa; one sister, Mrs. Bessie Hunt of Silverton; 14 grandchildren and seven great-grandchildren.

A daughter, Uldene E. Davis, preceded him in death on November 26, 1977.

The family will arrive at the home of Gene and Grace Vaughan Monday afternoon.

Memorial Service Planned April 4

A memorial service will be held for former Silverton resident, Jim P. Baker, 83, in the Silverton Cemetery at 2:00 p.m. Tuesday, April 4. Interment will be there, with arrangements under the direction of the Moore-Rose Silverton Funeral Home.

Ben M. Baker will be in charge of the service.

Mr. Baker died December 10, 1977 in San Bernardino, California, where he resided. Funeral services were conducted there and the body was cremated.

He was born March 3, 1894, in Briscoe County.

Store, and one to come in second, \$15 savings account from Grabbe Simpson Chevrolet-Olds and Caprock Grocery.

Honorary chairman for the event is Jesse Dea, pastor of the First United Methodist Church. Co-chairmen are Becky Perkins and Brenda Cantwell. For information contact Becky, Brenda or Mrs. Roy Reed, FHA sponsor.

SENIOR CITIZENS

INVITED TO OPEN HOUSE

Silverton Senior Citizens are invited to attend open house in the new Crosbyton Senior Citizen's Center, 100 B. N. Berkshire, north of the bank in Crosbyton, on April 2, 1978 from 1:30 until 5:00 p.m.

Charlie Payne has been a patient at Nichols Hospital in Plainview this week. He was transferred to Methodist Hospital in Lubbock Wednesday.

Mr. and Mrs. O. E. May spent Easter weekend with their son and daughter-in-law, Mr. and Mrs. Orrin May, at San Angelo. They returned home Monday.

Mrs. Ollie McMinn went to Amarillo Tuesday to see her doctor. She also visited her son-in-law and daughter, Mr. and Mrs. Melvin Watkins.

Mrs. Jerry Baird, president of L. O. A. Junior Study Club, recently made the presentation of a check for \$1,130.00, representing the proceeds of the Christmas Greeting

Page, to Silverton Scout Leaders John McCammon (left) and Mike Long. Part of the money will be used to remodel the Scout Hut. Games will be purchased for the

Scout Hut and new equipment will be added to the program. Part of the money will be used for a week-long camping excursion this summer.

New Payment Yield Regulation Effect Needs To Be Remembered

South Plains grain farmers need to think twice about the effects of new payment yield regulations before planting their acreage this spring, an economist with the Texas Agricultural Extension Service cautions.

"A circumstance involving the Agricultural Stabilization and Conservation Service calculation of feed grain and wheat yields for 1978 can adversely affect many farmers in this area," warned Marvin Sartin, Extension area economist-management here.

Because of new regulations under which ASCS must operate this year, farmers should give careful consideration to planting sorghum, wheat, corn and cotton to protect their ability to prove yields in these crops in years ahead, Sartin said.

"Future payment yields may hinge on what producers plant this year," he noted. He urged farmers to talk to their county ASCS office staff to get a thorough understanding of the yield payment situation.

The matter is urgent, Sartin stressed. "The spring-like weather

of the past several days has encouraged farmers to get back on the tractors, and preplant herbicide is being applied very rapidly. Unfortunately, this might prevent some producers from planting a protective acreage of feed grains if they are not informed before herbicide application is completed."

County ASCS offices calculate county yield averages for each payment crop, explained Leonard Williams, state executive director of ASCS. In counties with both dryland and irrigated farms, the county average is a composite of yields from both types of farm. The average payment yield in the county must balance with a composite figure compiled by Statistical Reporting Service of USDA.

In the past, because of allotments associated with each farm, the allotment and projected yield for each farm was considered in balancing to the county average, whether or not the crop was planted.

However, Williams said, the new farm program has suspended allotments, and the 1978 projections

will be based on 1977 planting. Because many dryland and limited irrigation farms on the South Plains planted all cotton in 1977, sorghum production was generally found on the higher producing units, Sartin noted. "Thus, only those farms with the higher ASCS yields planted sorghum in 1977, but the average of these must be factored back to equal the composite county average yield," he said.

As an example, the economist said, a sorghum producer with 110-bushel yield last year might be in a county with a composite average of only 60 bushels an acre, and a factor of around .63 might be required to adjust yields. That farmer's yield for 1978 would be projected at 69.3 bushels (110 by .63). This is the yield that would determine the amount of deficiency and disaster payments he could receive for sorghum in 1978, Sartin explained.

Local ASCS offices are now calculating the yields for their counties, and these calculations will be mailed to farmers soon, Williams said.

If a farmer feels the yield projections are too low, and he has records for 1974-76 on his feed grain and wheat production, he can prove his yields and use the average production for those three years as his payment yield for 1978, Williams said.

"The situation is serious in several South Plains counties as individual producers' payment yields will be substantially reduced from previous levels," Sartin said. He encouraged such farmers to prove their yields with their 1974-76 records.

The procedure for proving yields makes it important that farmers give careful consideration to planting a small acreage of each payment crop they might wish to grow in the next two to four years, Sartin stressed.

"It is my understanding that yields must be proven each year, using production records of the three consecutive years immediately prior to the previous growing season," he said. Thus, 1977 production will be used in proving projected yields for 1979, 1980 and 1981, and plantings in 1978 will affect projections for 1980-82.

"With this in mind, producers who don't have a problem with NCA on their farms might be

Your 1978 Social Security Deduction

The social security (FICA) deduction from your paycheck is higher this year.

If your earnings are \$10,000 a year, you will pay \$20 more into social security in 1978 than you did last year. That's about 38 cents more a week.

If your earnings are \$16,500, you will pay \$33 more into social security this year—an additional 63 cents a week.

On earnings of \$17,700 or more, the social security tax in 1978 will increase by \$105.60—or \$2.03 a week.

The higher contributions to social security reflect an increase in the tax rate from 5.85 percent in 1977 to 6.05 percent in 1978. In addition, the "wage base"—the maximum amount of earnings on which social security taxes are paid—went up from \$16,500 last year to \$17,700 this year.

Employers also will pay more into social security in 1978 since they match, dollar for dollar, the social security taxes paid by employees.

In addition to the increases in the tax rate and wage base previously scheduled for this year, the social security law recently was amended to provide for additional revenues in later years to insure the financial stability of the social security system well into the next century.

Social security provides disability and survivors insurance protection throughout your working years, as well as a monthly income you can depend on when

wise to consider planting each payment crop they might wish to grow in the next four years," Sartin said.

According to the ASCS handbook, Williams explained, farm requirements for proving the yield must have acreage of the crop for harvest all three years of the base period and have actual production evidence for all the acreage harvested.

"If failure to harvest is due to a disaster," Williams said, "the county ASCS committee is empowered to make adjustments."

ing any social security benefits you retire.

Another change in the law increases the amount people age 65 to 72 can earn and still get full social security payments.

People 65-72 who work while they

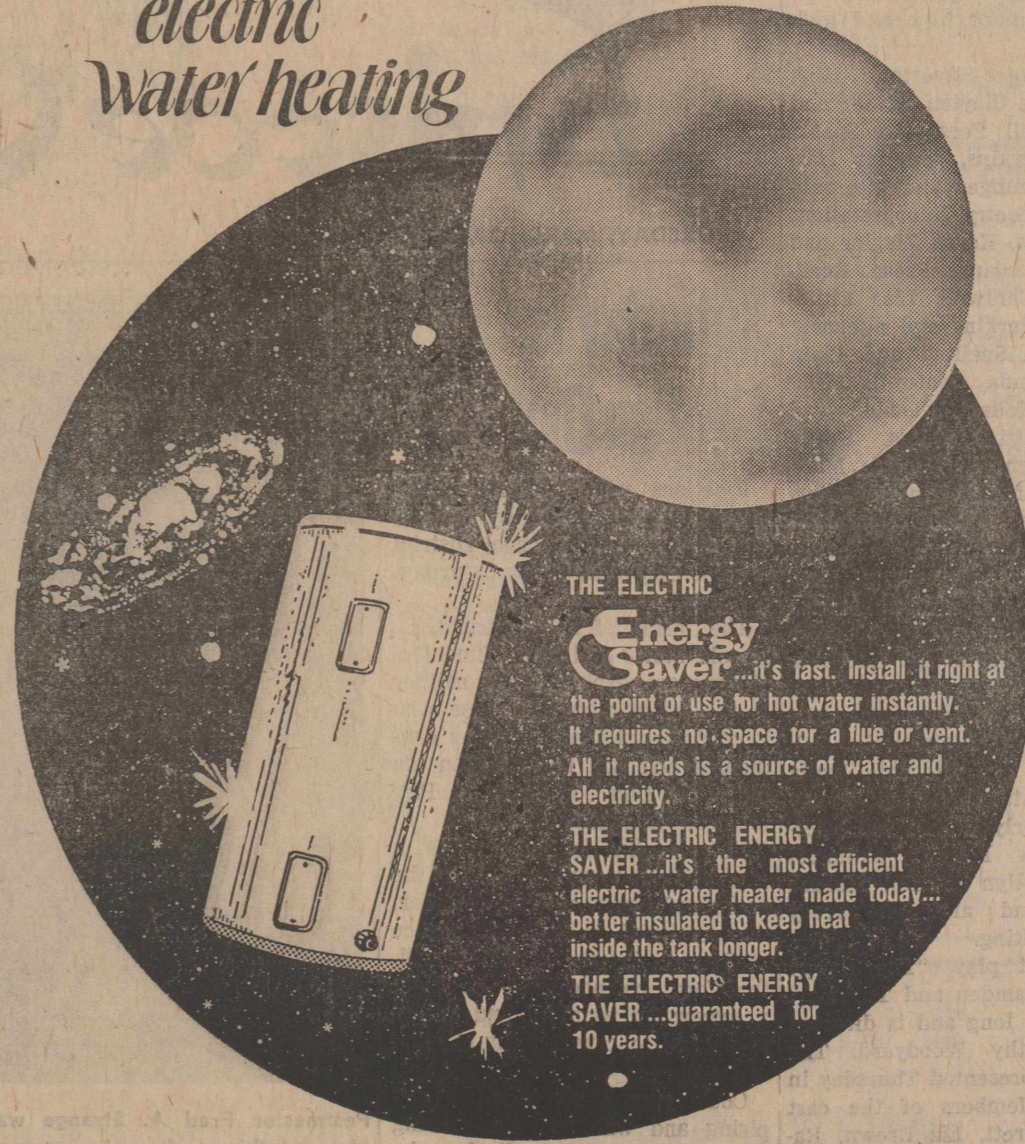

get social security payments can earn up to \$4,000 in 1978 without

losing any of their benefits, and that amount will increase in the future. The amount people under 65 can earn in 1978 without los-

is \$3,240.

Under present law, there is no limit on earnings for beneficiaries 72 or older. The new law provides that, starting in 1982, there will be no limit on earnings for beneficiaries who are 70 or older.

Paymaster DWARF*
 CERTIFIED COTTON SEED

1 out of every 3 acres of cotton on the High Plains is planted to PAYMASTER varieties (U.S.D.A. statistics). PAYMASTER DWARF is just one reason why.

Cotton producers in the Northern High Plains have taken advantage of the extreme earliness of PAYMASTER DWARF to produce large yields of lint that mature well ahead of frost. Although it was developed primarily for narrow row production, it performs very well in regular row spacing.

PAYMASTER DWARF gets things going in a hurry. It is a fast maturing variety recommended for both early and late planting.

First blooms are usually present 45 days after planting and after first bloom fruiting progresses rapidly, giving the large storm resistant bolls plenty of time to mature.

If an early maturing cotton variety is what you need... plant PAYMASTER DWARF cotton seed.

SEE YOUR LOCAL GINNER OR PAYMASTER DEALER

America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

First State Bank

Easter Eggs Are A Way Of Life For Pinky Godfrey

Easter egg decorating time is just business as usual for Housatonic Mrs. E.W. "Pinky" Godfrey, jr. Her 1300 decorated eggs make up possibly the largest collection in the country, and Mrs. Godfrey designed and decorated them all in the last six years. She is currently packing up her collection to take to her hometown of Memphis, Texas for the first one-woman egg show in Texas, Saturday and Sunday, April 1 and 2, in the town's community center. The show is being sponsored by the Atalantean Club in Memphis.

Egg art is a very old art form used by such cultures as the Persian to celebrate the first sign of spring, and the Romans as part of the feast of the new year, explains Mrs. Godfrey. Many famous works of art emulate the egg, perhaps the most famous being the fabulous Faberge Imperial Easter eggs made of precious jewels, pearls, silver, gold and special enamels. Mrs. Godfrey has faithfully reproduced all of the Imperial Easter eggs designed by Faberge using real eggs as the base and covering them with special painting techniques, gold findings and a variety of flea market finds.

Extensive research has gone into all 57 of these egg creations, and they have been carefully reproduced to the exact dimensions of the original jeweled eggs. Mrs. Godfrey's husband, Jack, designs and makes the bases for the eggs by studying pictures and descriptions in reference books. The same careful study goes into the egg's design to match the enameling, the jewels, the intricate detailing. A close examination will reveal the only obvious difference. Where Faberge placed photos of Russian royalty, Mrs. Godfrey honors her own royalty, the members of her family.

The variety of these jeweled eggs is amazing, most of them either open up or have pieces which fold in or pop out. One gold egg folds out into eight screens showing all of the Texas universities; Faberge's version displayed famous Russian buildings. "Pinky knows how to start it and finish it, but I handle all the mystery in between," explains Jack Godfrey about his contributions to his wife's art.

Exactly how did they both get hooked on eggs? Mrs. Godfrey says she got started by trying to prove a point. At an art show she saw a velvet covered egg and inquired how to do one. When the exhibitor refused to reveal her secret, Mrs. Godfrey got mad, went home, and in two hours had created her first velvet egg. She had then officially joined the more than 150,000 others in the country

who look at eggs as something more than breakfast. Her acquaintance with eggs does go back to the breakfast variety, however. The daughter of a farmer in Giles, Texas, a small town outside of Memphis, she says her chore was gathering the eggs each morning. She admits enjoying eggs as art much more than she did when they were merely a chore.

Her work with eggs today begins with a small hole being drilled in the top and a larger one in the bottom of the egg. An air compressor is used to "blow" the egg from the shell. The eggshell must then be thoroughly rinsed and dried before it can become a work of art.

From that point on, every egg is handled a little differently, depending on which of her collections it is destined for, says Mrs. Godfrey. If it is to be cut for a jewel box, or a shadow box, or perhaps a cut-out lace egg, the shell is painted with at least two coats of base paint and a delicate saw is used.

Lettering, flowers, patriotic pictures, birds, faces can all be decouped on either the outside or the inside of the eggshell. One of Mrs. Godfrey's prize eggs, which won first place in Dallas a few years ago, has birds decouped in more than 250 layers of special varnish at various thicknesses, giving it a three-dimensional appearance. The cut-out eggs have a lacy

pattern of flowers or leaves decouped on them, and all of the space between the pattern is carved out with the fine saw. They are some of the most impressive eggs, says Mrs. Godfrey.

Almost any egg will serve as the canvas for Mrs. Godfrey's art. She has over 100 different types of eggs including quail, ostrich, peacock, dove, pigeon, goose and guinea eggs (considered the most fragile). Wild bird eggs are about the only kind of egg she won't work with because they are protected by federal law. Most of her eggs are given to her by friends and other eggers, often in exchange for Mrs. Godfrey's egg blowing expertise.

Every egg Mrs. Godfrey does is unique, and every one has a story. She has at least 13 different collections, including 300 varieties of jewel boxes, small hinged eggs, large enough to hold one or two favorite rings; and no two are alike. Her favorite collection is the "Sense of Humor" eggs all based on puns or funny sayings, like her take-off on the "Pet Rock" — the "Flying Rock", a winged pebble suspended in a small egg.

She also has a grouping of eggs in bottles. How did they get there? Her secret is they are not really eggs, merely the membranes from inside the eggshell which she has carefully removed, decorated inside and out, and then delicately placed inside the bottles to dry, giving the appearance of

a whole egg in a small bottle. Patriotism is one of Mrs. Godfrey's strongest emotions. She has a major collection on U.S. History commemorating important happenings and dates. All 50 states have special eggs for their songs, flowers and birds. The Old West is also remembered in eggs in Mrs. Godfrey's home.

There is a collection of nursery rhymes, seasonal and zodiac eggs, Christmas eggs and children's eggs, a collection of old sayings and charms, and her newest collection, inspired by last summer's Women's Conference, a collection honoring famous women in American history.

What does she do with all those eggs? Her husband explains that most of their closets look more like egg hatcheries. "Where you're supposed to have clothes hanging, we have eggs," he laughs.

Mrs. Godfrey's egg collection is growing every day, particularly since she spends from 10-15 hours daily working on her art. She says she will never sell any of her eggs, but she has given many of them away to her friends, including Alabama Governor George Wallace. When she presented Mississippi Governor Bill Waller with a special egg honoring his role in Mississippi government, he made her an honorary citizen of the state. However, she quickly points out that she is only one percent Mississippian and 99 percent Texan!

A Truckload Of Spelunkers And 5,000 Gal. Of Paint

What could be as exciting as a day at Six Flags Over Texas filled with the sights and sounds of rides, shows and happy people?

Would you believe . . . a day in mid-winter at Six Flags as hundreds of craftsmen prepare the park for another season?

A different kind of excitement — maybe — but watching truckloads of fiberglass Indians, stuffed wolves and riverboats being hauled past the Southern Palace Theater isn't exactly dull.

Many people assume that each November when Six Flags closes its gate for the year, it becomes as still and quiet as a West Texas ghost town. But the 300 employees who work year-round to keep the entertainment center in shape, will testify that it remains a hub of activity between December and mid-March.

Starting in December, employees begin dismantling major parts of the park, piece by piece, to begin a massive renovation.

Logs are removed from the Flume ride to be repainted, re-needed. Merchandise is taken out of all gift and souvenir shops so that each building may be thoroughly cleaned and painted, then the shelves are restocked. And, all flower beds are cleared, then replanted.

One of the biggest jobs in the yearly fact-lift procedure is to give the park a fresh coat of paint. Approximately 5,000 gallons of paint are used to get the theme park in shape every year.

All rides, ride queue houses and other structures throughout the park are painted.

Replacing lightbulbs is another big job tackled during the winter. More than 5,000 lights must be replaced before each season begins.

Park landscapers work year-round to maintain the lovely scenery for which the park has become well-known. As each season ends, the staff of 30 gardeners cleans out flower beds, trims shrubs, prunes trees and plants flowers. When the park reopens, more than 50,000 pansies, daffodils and tulips fill the park with spring time colors and scents.

Hundreds of animated figures are scattered throughout the park, but few people realize that most of them are constructed and decorated in a specialized department within Six Flags. At the end of each season, every "dancing tamale" seen from the Train ride, every "Indian," "trader" and "wolf" seen from LaSalle's Riverboat ride and every "spelunker" from the Cave Ride is completely overhauled by park craftsmen.

Nearly 300 "characters" are mechanically repaired, or rebuilt and repainted. The craftsmen sometimes even build the figures from scratch.

Once the animated characters have been refurbished, they must be fitted in new spring wardrobes. The task of dressing the figures is accomplished by two women who sew everything from loin-cloths to fuzzy, glow-in-the-dark spelunker hair.

In addition to designing and sewing all costumes for the animated characters, the women also upholster every cushioned ride in the park.

Park guests rely heavily on the

thousands of signs scattered throughout the entertainment center. Whether looking for rides, show schedules, restrooms or restaurants, visitors can find more than 10,000 signs for information. Before each new season starts, almost half of those signs are replaced.

Safe ride operation is a primary concern during the off-season. During that time, every ride undergoes thorough and scientific examinations by park technicians. Resulting adjustments in the systems may be as minor as replacing a fuse, or as involved as replacing a complete computer safety system.

Guests who become hungry during their visit can choose from more than 40 restaurants and snack stands spread throughout the park. So that those locations will have an adequate supply and variety of food, the Food Service department spends a great deal of the winter ordering food for the coming season.

Just to be prepared for opening weekend, Food Service must order 12,000 hot dogs and 6,000 pounds of hamburger meat. And to quench the thirst of park guests, Six Flags also has more than 5,000 tanks of cold drink mix on hand.

Keeping those drinks cold, as well as chilling the water at all fountains, is part of the job of workers in the ice house. They spend the off-season preparing the facility to produce 15 million pounds of ice used during the operating season.

Most guests who come to the park like to take home a memento of their fun day, so personnel in the Gifts and Souvenirs department order more than 8,000 different pieces of popular merchandise to fill the 33 shops and stands.

Obviously, much more goes into making Six Flags Over Texas one of the most popular theme parks in the nation than meets the eye. The hustle and bustle of park preparation goes on until the last minute. When the first guest enters the front gate, the last painter will be walking out the back gate.

LEGAL NOTICE

General Telephone Company of the Southwest has filed tariffs with the Public Utility Commission of Texas to implement the Federal Communications Commission's telephone equipment registration program (FCC Docket 19528). The tariffs have an effective date of April 15, 1978. The proposed changes will reduce rates for extension telephones and 25 foot long cords; will restructure one-time charges for service connection, moves and changes, increasing some and reducing others; and will offer reduced monthly rates for one-party business and residence customers who provide their own primary telephone instrument. The proposed changes in rates, with some increasing and others decreasing, will reduce General's gross revenues from its Texas operations by \$2,565.00.

GENERAL TELEPHONE

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective April 14, 1978.

It is expected that the requested rate schedule will furnish an increase of 11.4 percent in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the Company's public business offices.

Wimberly - Davis Vows Exchanged In Formal Church Ceremony

Miss Stephanie Elaine Wimberly became the bride of Alex Benton Davis in a 2:00 p.m. ceremony at the First United Methodist Church in Silvertown on Saturday, March 25. Rev. Royce Denton, pastor of the First Baptist Church in Silvertown, performed the double-ring ceremony.

The bride is the daughter of Master Sergeant and Mrs. E. W. Wimberly of Stuttgart, Germany. Parents of the bridegroom are Lieutenant Colonel and Mrs. Carol D. Davis of Fort Huachuca, Arizona.

Ty Wayne McMurtry was best man, and Ms. Camilla Thompson of Many, Louisiana, served as matron of honor.

Guests were seated by Max Davis of Fort Huachuca, brother of the groom, and Cary Fleming, cousin of the groom.

Mrs. Johnny McNamara of Clarendon, cousin of the groom, and Mrs. Buddy Comer of Lockney, aunt of the groom, registered the guests.

Background for the ceremony was a wrought-iron archway entwined with fresh daisies, symbidium orchids and greenery, flanked by tall baskets of daisies, iris and cymbidium orchids. Wrought-iron spiral candle trees holding blue votive hobnail cups completed the decorations.

John Graham of Lovington, New Mexico, cousin of the groom, was vocalist, and was accompanied by Mrs. Brian Dell Vining of Pampa, also a cousin of the groom. Selections included "You Light Up My Life" and "Wedding Song."

Given in marriage by her great-uncle, Mr. Nolan Reneau of Troup, the bride wore an A-line formal gown fashioned with a wide antique lace inset from collar to hemline. The organza gown was tightly fitted at the waist and featured a softly-rounded neckline and short sleeves. The full chapel train was edged in matching antique lace. Her fingertip veil of illusion was attached to a bandeau of organza and lace. She carried a cascade bouquet of fresh daisies, baby's breath and two single long-stemmed red roses. The roses were presented to her grandmother, Mrs. Grace Reneau of Troup,

and the mother of the bridegroom at appropriate times during the ceremony.

For something old, the bride carried a white linen handkerchief which belonged to the late Mrs. H. Roy Brown, great-grandmother of the bridegroom. The bride's dress was new, and she added a strand of pearls borrowed from the bridegroom's mother and a blue garter. She also placed a penny in her shoe for good luck.

The matron of honor was attired in an A-line floor-length ensemble of pale blue and white stripe polyester knit. The gown featured a high cowl neckline and was sleeveless. She carried a miniature cascade of fresh daisies and baby's breath.

A reception was held following the ceremony in the fellowship hall of the church.

The serving table was covered with an Army-Navy cloth of applied linen and lace which was purchased by the groom's father in Vietnam. The three-tiered cake was separated by colonial columns and was topped with miniature wedding bells. Blue roses and white ropes of icing decorated the confection. Fruit punch and coffee were served with hand-made blue mint roses and nuts from silver appointments. Napkins were embossed in blue with the names of the couple and their wedding date. The bridal bouquet added to the table decor.

Serving in the houseparty were Miss Betty Turnley of Leesville, Louisiana; Misses Annette Fleming and Scotti Fleming, cousins of the groom; Mrs. W. H. Graham of Lovington, New Mexico, an aunt of the groom; Mrs. George Rampley of Roswell, New Mexico; Mrs. Dean McWilliams of Broken Arrow, Oklahoma, and Mrs. Flute Hutsell.

For a wedding trip to Dallas, the bride wore a peach polyester knit dress trimmed in white.

Both the bride and bridegroom are graduates of Leesville, Louisiana High School. The bride has also attended the University of Southwestern Louisiana at Lafayette, Louisiana. The bridegroom has attended the European branch of the University of Maryland in Munich, Germany, and is now attending Northwestern State University at Natchitoches, Louisiana.

Special guests at the wedding and reception included Mrs. Grace Reneau, grandmother of the bride, and Mrs. D. H. Davis and Mr. and Mrs. O. M. Dudley grandparents of the bridegroom.

Out-of-town guests were Mrs. Vera Stanford, Mrs. Rodney Horne, Jayme, Sherry, Joann and Heather, Mrs. Jim Reid, Warren and Lori, DeVonna, DeLisa and DeLana Jarnagin, Mr. and Mrs. Wayne Rampley, Mike and Rene' and Mrs. Jeanne McLeland, Kevin and Russell, all of Amarillo; Ms. Camilla Thompson of Many, Louisiana; Miss Betty Turnley of Leesville, Louisiana; Mr. and Mrs. Brian Dell Vining of Pampa; Mrs. Grace Reneau and Mr. Nolan Reneau of Troup; Mr. and Mrs. Johnny McNamara of Clarendon; Mr. and Mrs. Norlan Dudley of Lubbock; Mr. and Mrs. Paul Ray McWilliams and Dee of Stratford; Mrs. George Rampley of Roswell, New Mexico; Mrs. Dean McWilliams of Broken Arrow, Oklahoma; Mr. and Mrs. Clayton Pigg and Krisse of Quitaque; Mrs. W. H. Graham, John and Steve of Lovington, New Mexico; Mrs.

CROCKETT L. GRABBE

Grabbe Earns PhD Degree In Physics In Calif.

Crockett L. Grabbe completed requirements for a Ph.D. degree in physics at the California Institute of Technology, Pasadena, California, last August.

He received a B.S. degree with highest honors at the University of Texas, Austin, in 1972 and a M.S. in physics there in 1973. He entered Caltech in September of 1973.

His dissertation dealt with the structure of the wave fields and resonance surfaces of waves propagating in bounded magnetic plasmas. His research was under the supervision of Dr. Roy Gould, a well known plasma physics scientist and a one-time director of the controlled fusion branch of the Atomic Energy Commission.

Dr. Grabbe has had research papers published in "The Physics of Fluids" and has presented several papers at American Physical Society seminars. He is a member of The American Physical Society, The American Association of Physics Teachers, and The Mathematical Association of America. He is presently carrying out research sponsored by the National Science Foundation, at Caltech.

Dr. Grabbe is the son of Mr. and Mrs. Warner B. Grabbe of Silvertown and is a 1969 graduate of Silvertown High School.

COOPER TO ADDRESS JUNIOR CLUB, GUESTS

The L. O. A. Junior Study Club invites the public to hear Marshall W. Cooper, Executive Director of Girlstown, USA speak at 7:00 p.m., April 3, in the Pioneer Room at First State Bank.

Girlstown, USA is a state-wide project of the Texas Federated Women's Clubs.

Buddy Comer, Christi and Cami of Lockney; Miss Cindy Coswell of Levelland; Ty Rampley of Lubbock, and Miss Lynelle Herndon of Panhandle.

Mrs. H. M. Vaughn and her children, Jackie, Linda and David Vaughn, spent the long weekend in Texarkana, where her mother, Mrs. Lena Deloney, is a patient in Room 499 at Waley Hospital. Mrs. Deloney suffered a broken hip in a fall.

Mr. and Mrs. Berton Hughes had as their guests over the Easter weekend her sister and brother-in-law, Mr. and Mrs. Hubert Hall of Memphis, and her sister and brother, Mrs. Billie Overmyer and Gayle Renfro of Vernon.

☆☆☆
To Marry Soon

Mr. and Mrs. Loyd Stephens are announcing the engagement of their daughter, Tammy Lynn Ste-

phens, to Joe Brent Brannon, son of Mr. and Mrs. Joe Brannon.

Vows will be exchanged June 1, at the First Baptist Church in Silverton.

LITTLE DRIBBLERS GOING INTO FINAL ROUND

The final round of play in local Little Dribblers will be held tonight, Friday night and Monday night. Games missed earlier in the season are being made up in preparation for participation in the Regional Tournament.

Don Cornett's Mean Green led off the action Thursday night of last week with a 25-15 win over Jo Kirkland's Blue Team. Kathy Brown caged a big 14 points to lead all scorers, while her teammate, Shavonne Lowrey, added eight. Shellie Cornett tossed in a field goal and Necole Whitfill added a point from the line.

For the Blue Team, Kori Baird led the offense with five points. Right behind was Lynda Gayl Greenfield with four points. Gloria Segura and DeLynn Fitzgerald canned two points each.

Mean Green	5	15	20	25
Blue Team	5	9	9	15

Curry's Green Team took a 13-11 victory over Harold Eddwards' Red Team. Matt Clardy led the scoring for the Green Team with 11 points. Todd Reagan added two points.

Brent Kirkland was the highest-scoring individual for the Red Team with five points. Joe Ted Edwards, Russell Simpson and Joe Ramirez added two points each.

Green Team	3	7	7	13
Red Team	0	6	10	11

Gary Younger's Green Team took a 23-21 decision over Dewey Estes' Red Team, with Jim Forbes ringing up a big 13 points. Warren Jarrett caged six points and Barry Eddleman and Scott Davis added two points each.

Ross Estes and Monroe Hill led the Red Team with nine points each. Tim Wilson tossed in three points.

Green Team	2	10	18	23
Red Team	6	10	15	21

The girls really poured it on as they whipped Wayne Stephens' Blue Team 31-6 in the finale. Lisa Lavy and Angie Lowrey burned the baskets with 12 points each, while Rita Denton, Sonya Greenfield and Jena McFall rang up two points each, and Tammi Edwards tossed in a free throw.

David Schott led the boys team with three points, Michael Curry caged two points and Dick Cogdell added a point.

Girls Team	1	17	21	31
Blue Team	2	2	3	6

Barbara Pigg's Red Team defeated Jo Kirkland's Blue Team 18-13 Friday night. Lee Ann Durham led the winners with a big 12 points. Melissa Stone caged four and Suzann Settle added two points.

Lynda Gayl Greenfield led the Blue Team with eight points. Gloria Segura rang up three points and Kori Baird added two points.

Red Team	8	8	14	18
Blue Team	4	4	9	13

Riley Harris' Blue Team took a 27-12 decision over Harold Eddwards' Red Team. Leading the offense for the Blue Team was Scotty Harris, with 15 big points. Cal Brannon scored eight and Corey Robertson added four points.

For the Red Team, Brent Kirkland rang up seven points, Joe Ted Edwards got three and Russell Simpson tossed in a pair of points.

Blue Team	4	14	25	27
Red Team	2	2	4	12

Don Cornett's Mean Green defeated Barbara Pigg's Red Team Monday night 36-21, with Kathy Brown caging 16 points, Shavonne Lowrey adding 12 and Necole Whitfill ringing up eight.

Lee Ann Durham led the Red Team with a big 17 points. Melissa Stone and Donna Tomlin added two points each.

Green Team	16	16	32	36
Red Team	8	8	10	21

Riley Harris' Blue Team defeated Curry's Green Team 14-10, with Cal Brannon leading all scorers with seven points. Corey Robertson caged four and Scotty Harris added three.

Todd Reagan led the Green Team with five points, Matt Clardy added three and Bobby Curry rang up two points.

Blue Team	3	5	12	14
Green Team	4	8	9	10

Gary Younger's Green Team took a 25-18 decision over Wayne Stephens' Blue Team. Warren Jarrett led all scorers with 13 points, Jimmy Forbes added 10 and Barry Eddleman caged two points. For the Blues, Cary Fleming led the scoring with nine points. David Schott put eight points on the board, and Michael Curry tossed in a free throw.

Green Team	4	12	17	25
Blue Team	2	5	11	18

Dewey Estes' Red Team defeated the girls 11-10 in a very exciting game. Tim Wilson led the

CLUB HAS PROGRAM ON FLOWER ARRANGING

The Young Modern Home Demonstration Club held its regular monthly business meeting on Monday night, March 27, at 7:00 p.m. at the P.C.A. community room with Dorothy and Roma Martin as hostesses.

Evelyn Wood of Potpourri gave a program on Dried Flower Arranging. Two arrangements were made during the program by Miss Wood. They consisted of the new cloth flowers and different types of dried flowers.

Refreshments were served to members and these guests: Susie Tiffin, Donna Rowell and Celia Martin.

Next meeting will be held on April 10 in the Pioneer Room at First State Bank. Home demonstration clubs are open to all, regardless of race, color, creed or national origin.

Mrs. Ollie McMinn and Zane Henderson attended services Sunday morning at First Baptist Church in Quitaque and ate lunch with Mr. and Mrs. Gaston Owens. Mr. and Mrs. Eddie Owens of Plainview and Mr. and Mrs. Dwain Henderson and Wayne

were also lunch guests of the Gaston Owens in Quitaque.

winners with six points and Monroe Hill added five. For the girls, Shea Green caged four points and Donna Boling, Lisa Lavy and Tammi Edwards added two points each.	Red Team	4	5	9	11
	Girls Team	2	4	4	10

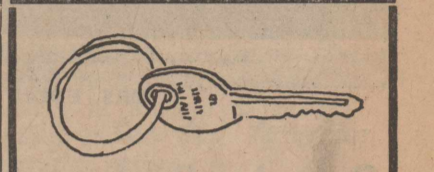

Club Hosts Easter Egg Hunt Here

The Young Modern Home Demonstration Club hosted an Easter Egg Hunt for their children on Saturday, March 25, at the home of Vicki Bean.

After the hunt, refreshments were served to members and their children. Those attending were Dorothy, Brian and Kami Martin, Vicki and Kristi Bean, Ramona and Dusty Martin, Lori McWilliams, Sandra and Trent Smith, Sally, Alison, Jennifer and Jeffrey Grimland, Anita, Brian, Amy and Kayla Ramsey, Sheryl and Alisha Breedlove and Nedra Hardin.

Mrs. Ollie McMinn had as her guests Sunday night Mrs. Ella Pay Atkinson of Lancaster, Mrs. Alma Riddell of Grand Prairie and Mrs. Ollie May Dorman of Hale Center. They attended services at First Baptist Church in Silverton and left at mid-morning to go to Amarillo to visit a sister, Mrs. Myrtle Messimer. All the ladies were sisters of the late Bud McMinn.

were also lunch guests of the Gaston Owens in Quitaque.

Dry Land Farmer

GLENN CONRAD

He drove his tractor over 700 hours last year!

Glenn Conrad has been a full-time farmer all his life except for the time he spent in school and the two years he served in the Peace Corps. He's a farmer's farmer from a family of farmers.

While still a little shaver, Glenn was introduced to farming on his dad's John Deere two-cylinder model D tractor. Since then he's been through the good years and bad.

He now works about 2,000 acres near Claude, Texas. Part of the land is his, part of it his dad's, and he leases some of it. Last year Glenn planted 700 acres to wheat and 500 acres to maize. The remainder laid out.

Hail got about 40% of his wheat crop last year and 20% to 30% of his grain sorghum. And, come harvest, he faced the same low, unfair prices as did every other farmer in the 66th District.

When elected as your State Representative, Glenn Conrad will continue to farm. But he will be assisted by his brother, so that he can spend all the time needed to represent you properly in the statehouse.

Even though the State Legislature cannot write a national farm program, Glenn will use the prestige, authority and influence that the office of State Representative commands toward getting a national farm program that provides some equity between the farmer's cost of production and the price he gets for his crop.

Glenn believes that our State Legislature must be careful not to impose unnecessary burdens on farmers. And, that it must do everything possible

to give Texas agriculture a competitive edge in the marketplace. He will be a positive influence to see that agriculture gets a fair shake in Austin.

With a degree in Agricultural Economics from Texas Tech and a lifetime of experience in practical farming, Glenn is well qualified to work for the best interests of agriculture and businesses related to agriculture.

He believes that action on the state level can help develop profitable markets for our farm products and pledges to do his dead level best to bring this about.

It would, however, be a gross miscarriage of responsibility to neglect other vital state issues with a preoccupation with the national farm program. The representative from this district must also have a thorough knowledge of, and deep concern for, such important issues as taxes, roads, water, energy, and the improvement of our educational system and an equitable plan for funding it. And, he must be concerned with the health care of all people in the 66th District, especially for the welfare of our older citizens. To neglect these vital state issues under the guise of solving the national farm program would be irresponsible.

Glenn Conrad is a common-sense kind of fellow who won't promise you the moon. But he's not afraid of work, and you can be sure that he'll be in there pitching to get the things done that you need done in Aus.

Glenn Conrad deserves your vote and whole-hearted support.

Pol. Adv., Bob Byrd, Box 365, Claude, Texas

Glenn CONRAD

DEMOCRAT FOR STATE REPRESENTATIVE

Common Sense in the Statehouse

MRS. EDDIE DEAN WOOD

Couple Exchanges Wedding Vows In Joseph Hill Memorial Chapel

Joseph Hill Memorial Chapel in Canyon was the scene of the wedding of Miss Darla June Strange and Mr. Eddie Dean Wood. Bob Crass a cousin of the bride and minister of the University Church of Christ in Canyon, performed

the double ring ceremony. Vows were exchanged before an arch of candelabra and jade palms tied with yellow and blue satin bows and a basket of yellow roses, blue carnations and baby's breath. The bridal aisle was marked with satin bows.

The bride is the daughter of Mr. and Mrs. Fred Strange of Silverton and the bridegroom is the son of Mr. and Mrs. C. A. Wood of Dimmitt.

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of silk organza over bridal taffeta. The bodice had a deep yoke and long sleeves of embroidered organza edged with wide bridal lace, a Victorian collar of wide bridal lace and a ruffle at her wrist. The skirt had a straight front, falling into a short train in back. She wore a cascade of fresh flowers in her hair which matched her bridal bouquet. She carried a cascade of white lace and satin wedding leaves, yellow roses, blue carnations, baby's breath and fresh camellia leaves, with streamers of bridal satin tied in lovers' knots. An old silver dollar, given the bride by her father, was tucked in her bouquet. Carrying out tradition, her dress was something new, she borrowed a Bible from her maid of honor on which to carry her bouquet, and added a blue garter. She placed pennies in her shoes which bore the birth dates of the bridegroom and herself.

Robbie Martin of Clarendon served as maid of honor. She wore a formal gown of yellow challis with a front bodice of lace and long sleeves with lace past the wrists. Her circular skirt was finished with a deep ruffle at the hemline. Edward P. Calhoun, uncle of the groom, served as best man.

What Think Ye?

"Jack Lee is in jail," said Mrs. R. to Mr. Bob, when she met him as she was entering her front gate. "Well, I declare! But then, now that I hear about him being caught up with, I have never been too sure of him. Poor Mrs. Lee; to think she would marry a man

A reception was held in Joseph Hill Memorial Chapel. The table was covered with a lace cloth over yellow. A centerpiece of yellow roses, blue carnations and baby's breath was used. The three tiered wedding cake (made by the bride's cousin, Butch Brannon) and punch were served with crystal and silver appointments.

The bride is a 1975 graduate of Silverton High School and attended Amarillo College and West Texas State University. Mr. Wood is a 1971 graduate of Dimmitt High School, and attended South Plains College.

After a wedding trip to a ski resort in New Mexico, the couple will be at home at 4302 West 51st in Amarillo, where the bride is employed by Woodruff-Moore-Motley Insurance, and the groom is employed by King Trailer Company.

Butcher Family Has Easter Get-Together

The family of O. L. Butcher gathered Easter Sunday at the Wil-

lie Room in Tulia for a dinner. Those present were Ruth Brown, Mr. and Mrs. Timmy Bruner and Angie of Yuba, Oklahoma; Mr. and Mrs. Billy Manning and Mary of Bonham; Mr. and Mrs. Don Osborn, William and Tresa of Mid-

lothian; Mr. and Mrs. James Butcher, Steve, Randy and Carmen of Plainview; Mr. and Mrs. Dean Butcher, Mike, Coby and Trent of Hereford;

Also, Mrs. Bernice McPherson and Donna, Mrs. Becky Shelton and Kim, all of Tulia; Mrs. Connie Moore, Michelle, Heather and Shane of Lubbock; Ricky McPherson, Terri and Milton McPherson, all of Happy; Mr. and Mrs. Chris Hodges and Brian of Vega; Mr. and Mrs. Riley Ziegler, Karen, Delinda, Brad and Mr. and Mrs. Dean Ziegler, all of Silverton and

Jonetta Peery of Turkey. Mike Martin of Silverton came after lunch.

The afternoon was spent playing dominoes, taking pictures and visiting. Due to falling health, Mr. Butcher was unable to attend. He is in a rest home at Bonham.

Enjoying lunch with Mr. and Mrs. Seymour Brannon Easter Sunday were Mr. and Mrs. Joe Brannon and sons, Mr. and Mrs. Wade Brannon and son, Tammy Stephens and Cindy Green, all of Silverton; Mr. and Mrs. Jerry Don Brannon and family, Quitaque; Mr. and Mrs. R. E. Young and Peggy of Floydada, and Mr. and Mrs. Ted Pitts of Lubbock. The children also enjoyed an Easter egg hunt.

The Congregation Of The CHURCH OF CHRIST Meeting At Rock Creek

EXTENDS A GRACIOUS WELCOME TO ALL TO
ATTEND ANY AND ALL OF OUR SERVICES.

SUNDAY

Morning Worship 10:30 a.m.
Evening Worship 6:00 p.m.

WEDNESDAY

Evening 7:00 p.m.

TO OUR MEMBERS:

FREE TREES!

Buy a G.E. Weathertron heat pump from Swisher Electric Cooperative between January 1 and April 1 - - -

- * Receive 4-6 trees FREE!
- * All trees between 5 and 8 feet in height!
- * Select and mix and match from 3 varieties! Pecans, Fruitless Mulberry, Maples
- * FREE INFORMATION on proper care of trees! Information localized for our area by the Extension Service in Swisher County. In addition, the Extension Service is planning a public information session in April that will include care of trees.
- * TO QUALIFY FOR THIS OFFER! Swisher Electric will make a free heat-loss, heat-gain calculation of your home. Your house must either meet Swisher Electric's minimum weatherization standards, be brought up to these standards, or if under construction, standards must be incorporated into your house plans.

BENEFITS!

- * Heat pump heats & cools your house year 'round!
- * Heat pump conserves energy! Provides up to 2 units of heat for every heat unit of electricity used.
- * Trees help in conserving energy! Placed on west or south side, they shade windows in summer to keep house cooler, allow solar heat to enter windows in winter to aid in heating!
- * Proper weatherization keeps your costs down!

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship. Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.
