

## Cowbells Are Promoting Beef For Father's Day

To promote Beef for Father's Day and beef gift certificates, the Terra Cotta CowBells will be giving two \$10.00 beef gift certificates in Silvertown Saturday afternoon. One will be given away at Nance's Venture Food Store and the other will be given at Caprock Food.

The drawings will be held at 3:30 p.m.

Register for your Dad so he will have a chance to win one of these free beef certificates.

The CowBells suggest that you serve beef to your Father on his special day and that you purchase beef gift certificates which are good anytime.

## YOUNG FARMERS TO SPONSOR DANCE HERE

Silvertown Young Farmers will sponsor a dance Saturday, June 17, from 9:00 p.m. until 1:00 a.m. at the concrete slab.

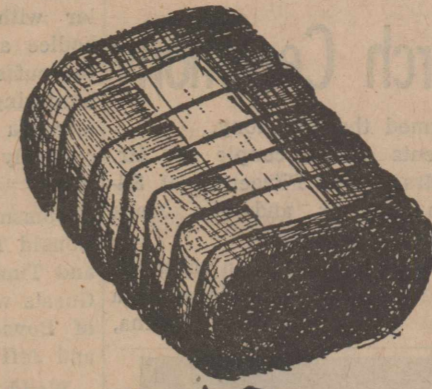

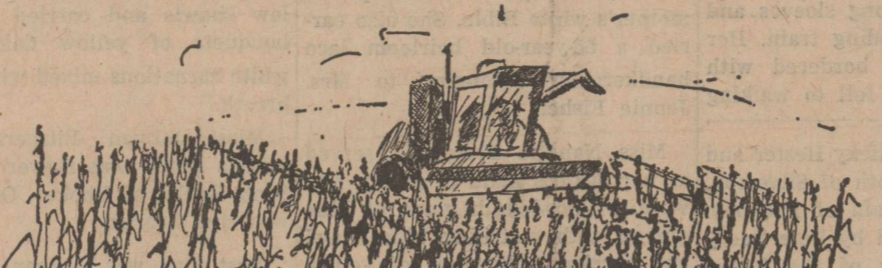

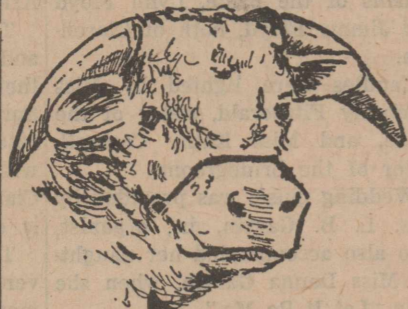

Music will be by Revue.

## VBS Starts Monday At Church of Christ

Vacation Bible School starts Monday, June 19, at the Silvertown Church of Christ. Classes will be held from 9:30 until 11:00 a.m. through Friday.

Teenage classes will be held from 8:00 until 9:00 p.m.

## Silvertown: Home of Scenic Lake Mackenzie

# Briscoe County News

THURSDAY, JUNE 15, 1978

VOLUME 70 NUMBER 24

## Water Panel Rejects Weather Change Bid

The Texas Water Commission has rejected an application by Plains Weather Improvement Association, Inc., for a four-year permit to perform weather modification work over five Panhandle counties.

Commissioners cited the November 8 election in Hale County that resulted in a 1,517 to 1,402 defeat of the weather modification issue as the reason for their unanimous decision.

A new state law requires approval by the majority of voters in weather modification target areas before the commission can grant a permit.

The weather modification organization sought, on October 5, 1977,

a four-year permit for "hail suppression and rainfall enhancement" in Castro, Lamb, Swisher, Floyd and Hale counties.

Although elections were held in the other four counties, the commission's final order noted that "the election held in Hale County was the only election held in any county wholly or partly within the target or operational area proposed by Plains Weather Improvement Association, Inc., in the permit application of October 5, 1977, within 51 days of the first newspaper publication of the notice of intention in each county."

The commission held its first hearing on the matter on January 31.

Commission Chairman Joe Carter and Commissioners Joe Carroll and Dorsey Hardeman heard no oral arguments in the half-hour meeting.

Royce Carthel, president of Plains Weather Improvement Association, Inc., and a Hale County farmer, said he is not sure what action will be taken in response to the permit denial, but he did not rule out an appeal.

"Of course, we didn't like it," he said. "But we'll have to go back and see what we can do. I'm sure we'll have something to announce later on." Carthel predicted the commission action will result in further damage to southern Panhandle crops already hurt by dry weather.

"Several thousand acres of crops have been destroyed already," he said, because of the suspension of weather modification measures.

## Neil Taylor Employed As Manager Of Lake Mackenzie

Neil Taylor of Lubbock has been employed as manager of the Mackenzie Municipal Water Authority, effective June 12.

Mr. Taylor retired as principal of Cooper High School after serving in that capacity for 20 years. Mrs. Taylor is remaining in Lubbock at the present time, but will join her husband here when she has had time to train someone to take her job as tax assessor-collector. She has served in that position for 25 years.

The Taylors have three sons, none of whom are still living at home.

At the meeting of the board of directors of the Mackenzie Municipal Water Authority Tuesday

night, Mr. Taylor was officially welcomed as the new manager.

It was announced that a \$6,000 emergency appropriation is being made by the Texas Parks and Wildlife Department for repairing and enlarging the existing boat ramp. This amount will be matched by \$6,000 from the Mackenzie Authority, and the ramp will be extended to approximately 33 feet wide and 100 to 120 feet long. Work is expected to begin after the Fourth of July holiday. The boat launching facility will be closed five to seven days while the work is underway, this to be about June 5-10.

Depth of Lake Mackenzie at the dam Tuesday was 99.2 feet. Heavy rains on the watershed in Swisher and Briscoe counties put Tule Creek at flood stage again Tuesday night, and at noon Wednesday the lake depth stood at 100.5 feet, with water continuing to be received in the lake. This now gives the lake a surface area of 407 acre feet, and a total capacity of 14,623 acre feet. The lake is 31.7% full, and water temperature is 72°.

Rain in the Tullia vicinity reportedly amounted to 4½ inches in two hours Tuesday night, accompanied by golf ball to tennis ball size hail. A brilliant electrical storm accompanied the rainfall in Silvertown, but there was little or no hail received. Water was reported over Highway 207 for two miles between Silvertown and Four Corners at the height of the storm.

Fred Strange, who keeps the official rainfall measurement in Silvertown, reported that only 1.02 inches was received on the north side of town, with heavier rainfall reported in the south portion of the city. On Monday night, .08 of an inch was measured. This brings June rainfall in Silvertown to 4.85 inches, and the rainfall for 1978 to 14.55. The annual normal for this area is 20.50 inches.

Mrs. Roy Mayfield's lake in the Rock Creek community was nearly to spillway level and was almost as high as last year on Wednesday morning. Water was continuing to come into the lake. Maximum depth at the dam is 59.9 feet.

Rainfall reports from the outlying areas varied quite a lot. At Briscoe Cooperatives, the report was that everyone in that area had received from two to five inches of rain. Ray Teeple recorded 4.75 inches at his home. Mrs. Raymond Teeple told the Briscoe County News that only 1.80 inches of rain fell at their house, but that it was a flood because it fell so fast.

The report from the Rock Creek Grocery was 2.20 inches. Other reports included Roy Mack Walker farm, 3.10 inches; Charles Whitfill farm, 3.00 inches; Norman Strange north farm, 2:00 inches, west farm, 1.80 inches.

These were pretty hefty measurements on an evening which the National Weather Service had designated for a 20% possibility of rain.

# Indian Burial Saved From Lake

A 100-year-old Indian burial has been saved from the rising waters of Lake Mackenzie by a West Texas State University archaeologist.

"We wanted to preserve these important remains for posterity,"

WTSU Archaeologist Assistant Roberta Speer surveys the human skeletal remains and horse gear of an Indian burial that was rescued from the rising waters of Lake Mackenzie.

said Jack Hughes, a WTSU professor of archaeology.

The site was first noticed by Tullia resident Rueben Mireles and his companion who were fishing from a boat in Cope Creek when they saw a human skeleton on the shoreline.

They reported their discovery to assistant lake manager Gary Martin, who, with Game Wardens Julius Stevens and Ronnie Vandiver examined the location and return-

ed to contact Hughes, warning him that the water was rising rapidly.

Hughes arrived several hours later from Canyon to begin a rapid excavation of the remains which were already three-fourths underwater.

Assisted by onlooking swimmers Jeff Jones and Bruce Tiffin, Hughes spent the next hours feeling for artifacts in mud covered at one point by four feet of water.

He recovered a slightly perforated skull and most of the bones of the upper torso of a male possibly in his late 20's.

An Amarillo pathologist tentatively identified the cause of death as vascular tumors which created the lesions in the skull, a congenital defect which often causes death in the late 20's, according to Hughes.

Hughes found his lower right arm encircled with ten broken

copper wire bracelets.

There is evidence of copper stains on both the upper right and left arms, but no other bracelets were found at the site, according to Hughes.

The body also appears to have been wrapped in a red flannel trade blanket, evidences of which are lodged in mud packed into the pelvic region.

Accompanying the burial were two bridle bits, several bridle buckles and a metal stirrup. One bit is of Spanish design which was used for stallions and the other possibly a military Whitman curb bit of the Indian war period.

"The stirrup matches those on military saddles of the 1860's," Hughes said.

"A good many Indian burials have been found in the Panhandle," Hughes added. "This one is fairly typical."

In the 1860's, the period in which the artifacts seem to indicate the burial occurred, the Texas Panhandle was dominated by the Comanche Indians, who shared it with a few Kiowas, according to Hughes.

"The odds would say that this was a Comanche burial," he said.

"Many Great Plains Indians practiced scaffold or tree burials," Hughes said. "The Comanches and Kiowas apparently practiced burial under overhanging rocks."

"From all indications the Indians had placed this person and all his possessions under an overhanging ledge of sandstone," he said.

In time the ledge apparently broke away and slid down the slope a few yards, jumbling and scattering the remains.

A gully had also formed beside the site, exposing some of the bones to bleaching by the sun. And then the lake began rising.

"Everything that can happen to a site, happened to this one," Hughes commented.

### HOURS CHANGED AT JERRY'S MALT SHOP

Effective immediately, Jerry's Malt Shop will not open until 11:00 a.m. on Sunday mornings.

The Malt Shop will continue opening at 6:00 a.m. for breakfast Mondays through Saturdays.

### FFA MEMBERS TO MEET AT LAKE MACKENZIE

All FFA members are to meet at the parking lot by the boat ramp at Lake Mackenzie Friday, June 16, at 7:00 p.m.

### FIRST WHEAT DELIVERED HERE LAST SATURDAY

George Long delivered the first load of 1978 crop wheat to Star Grain in Silvertown last Saturday.

## Ex-Students To Have Reunion Here August 12

Silvertown Ex-Students Association met May 30 to formulate plans for the homecoming to be held Saturday, August 12, 1978 in the school auditorium.

Registration is scheduled to begin at 1:00 p.m.

A hospitality committee will greet the guests beginning a period of visiting and fellowship until the program begins at 3:00 p.m. Following the program, dinner will be served in the school cafeteria.

Speaker for the event will be LTC Carol D. Davis of Fort Huachuca, Arizona.

Anyone having addresses not on the Association's mailing list (or addresses that have changed since the last homecoming two years ago) is asked to extend an invitation to those ex-students or to furnish the addresses to Flute or Junis Hutsell or to his class representative. If you are willing to serve as your class representative this year, please contact Flute or Junis Hutsell.

## History Of Western Music To Be Presented

"Texas: Cradle of the Giants," a musical program which traces the development of western music, will be presented by a group from South Plains College at 8:00 p.m. Thursday, June 22, on the east side of the Briscoe County Courthouse.

There will be no admission charged. The program is being sponsored and paid for by Silvertown clubs.

clubs, but donations to help defray the \$300.00 expense will be appreciated. Contact Mrs. Wayne Nance if you would like to donate to the cost of producing this program.

## Fogerson's Sells Redi-Mix Plant

According to an announcement by Stan Fogerson, owner, Fogerson Lumber & Supply has sold its Redi-Mix concrete plant. The plant will be moved to a location in another city.

"We will continue to assist you with your Redi-Mix needs," Fogerson said. "We will also continue to stock bag cement, sand and rock, and will do forming and finishing."

## Thomas Perkins Was Rodeo Finalist

The T.S.H.S.R.A. Rodeo Finals were held in Amarillo Thursday, Friday and Saturday at the Tri-State Fair Coliseum.

Thomas Perkins, a member of the Silvertown Rodeo Club, made the finals and entered the bareback events Thursday and Friday nights.

Silvertown T.S.H.S.R.A. members have entered many rodeos this year and have made lots of new friends. All of the members have received jackets and have enjoyed wearing them.

Members of the club are Brent Brannon, Cam Forbes, Walter Perkins, Shelly Harris, Darrell Dowd, Paul Brannon and Thomas Perkins.

Doug and Elaine Forbes are the club's sponsors.

### HAYLAKE CLUB

#### TO MEET JUNE 22

Haylake Club will meet Thursday, June 22, at 2:00 p.m. in the P. C. A. community room.

## Youth Encounter Begins Here Tonight

Youth Encounter of Summer '78 starts Thursday, June 15, at 7:00 p.m. at the First Baptist Church in Silvertown. An hour of recreation involving volleyball, table tennis, foosball and air hockey will precede the Encounter sessions.

Session One of the Bible study is entitled "The Word For All Seasons." Following this, there will be a 10 minute refreshment break. Session Two deals with "The Family: Tried and True." Special features will include het-

viligni yiranodcti, romyem ugb, a dramatic dialogue. Characters will be honJ paoCldne and oTm naHral. What role do you play in your family? Are you a nsxhpi or a grde bi???

Special guest will be???? Encounter is for all Junior High youth (77-78 and 78-79 school years), regardless of church affiliation.

If you can't come at 7:00, come when you can. Sessions will be starting at 8:00 and 9:15 p.m.

## Fitzgerald - Cantrell Vows Read In Formal Church Ceremony

Brass candelabra and urns of spring flowers decorated the sanctuary of First Baptist Church in Silverton Saturday evening for the ceremony which united in marriage Miss Suzette Fitzgerald and Mr. Kenneth Wayne Cantrell. The Rev. Royce Denton, pastor, performed the ceremony. Parents of the couple are Mr. and Mrs. Guinn Fitzgerald of Silverton and Mr. and Mrs. Mack Cantrell of Amarillo. Escorted and given in marriage by her father, the bride wore a formal gown of white quiana,

handmade by her maternal grandmother, Mrs. Jessie Bomar. The dress featured a Queen Anne collar with chantilly lace on the bodice and lace motifs accenting the cuffs of the long sleeves and bordering her wedding train. Her mantilla veil was bordered with chantilly lace and fell to walking length. It was made for the wedding by the bride's mother.

The bride's other attendants were Miss Jobe Coffman of Canyon and Mrs. Micheal Grant of Amarillo. They wore yellow floor-length dresses with matching yellow shawls and carried identical bouquets of yellow daisies and white carnations mixed with baby's breath.

Miss DeLynn Fitzgerald, the bride's sister, was flower girl and Scott Boyles of Hooker, Oklahoma, was ring bearer. Best man was Rodney Hales of Canyon, and Dale Yerby of Amarillo and Steve Irlbeck of Canyon served as groomsmen. Guests were seated by Kelly Bomar of Amarillo and Chris Breedlove of Tulla, cousins of the bride, Lynn Floyd and Jimmy Floyd, both of Clarendon.

Candles were lighted by Miss Kimberly Fitzgerald, sister of the bride, and Miss Kathy Cantrell, sister of the bridegroom. Wedding music was provided by Mrs. L. B. Garvin, jr., organist, who also accompanied her daughter, Miss Danna Garvin, when she sang "Let It Be Me."

Fellowship Hall of the church was the scene of the wedding reception which followed the ceremony. A white lace cloth over blue covered the reception table and the memory candle, which was surrounded by spring flowers, was lighted during the reception. Serving refreshments at the reception were Mrs. Bobby Williams, Miss Cindy Walker and Miss Jeanette Arnold. The bride changed to a pink and white summer-style dress for their wedding trip to Pagosa Springs Lodge in Colorado. On return from their trip, the couple will establish their home near Clarendon where the bridegroom is engaged in farming. The bride is a graduate of Silverton High School and is a former student at West Texas State University. The bridegroom is a graduate of Canyon High School.

The rehearsal dinner was hosted by the bridegroom's parents Friday evening at K-Bob's in Tulla, and a bridesmaid's luncheon was given Saturday in the home of the bride's parents.

MRS. DAVID BRAD ZIEGLER

## Peery - Ziegler Vows Exchanged At Turkey Saturday Evening

The Turkey Church of Christ was the setting for the double-ring ceremony in which marriage vows were exchanged by Miss Jon Etta Peery and David Brad Ziegler on the evening of Saturday, June 10.

The service was performed by Jack Hutton, minister.

Greenery and flowers decorated the archway with rainbow ribbon and honeysuckle marking each aisle.

Parents of the couple are Mr. and Mrs. Johnny Peery of Turkey and Mr. and Mrs. Riley Joe Ziegler of Silverton.

Given in marriage by her father, the bride wore a floor-length gown of silk faced organza. Her fitted bodice and rounded neckline were overlaid with scalloped rose lace. The rose lace design extended down the center front, side and back, and her full skirt, bordered with lace at the hemline, swept into a sanctuary train. Her veil of imported illusion was edged with matching lace and was appliqued with lace medallions. It was attached to a bride's crown of lace.

She carried a bouquet of white daisies. Carrying out bridal tradition, she added a linen handkerchief which belonged to her grandmother, a blue garter, a pearl necklace borrowed from her sister-in-law, Pat Peery, and her wedding gown was something new.

Attending the bride as maid of honor was her cousin, Kim Doss of Canyon, who wore a gown of pastel blue with blue silk roses at her neck from which ribbon streamers fell in back. The bridesmaids were her sister, Mary Peery, who wore a dress of pastel pink; the bridegroom's sister, Karen Ziegler, whose dress was pastel green; Bena Patrick of Quitaque, who wore a dress of pastel yellow. All the attendants wore matching silk roses at their necks. The flower girls were Rhenda Leigh Peery of Bowie, niece of the bride, who wore pink, and Mary Oleta Lane of Turkey, who was dressed in yellow.

Dean Ziegler of Silverton served his brother as best man.

Groomsmen were Ricky Hester and Donald Thomas, both of Silverton, and Timothy McMinn of Lockney. Guests were seated by Pete Peery of Bowie, brother of the bride, and Jeff Tiffin of Silverton.

Wedding music was presented by an aunt of the bride, Mary Doss of Canyon, with Keila Wilborn of Kress as soloist.

The bride's mother wore a dress of mint green accented with a yellow rose corsage. The bridegroom's mother wore a blue dress with pastel blue flowers.

A reception followed the ceremony in the church annex. The refreshment table was decorated with yellow carnations and daisies. The four-tiered white wedding cake was topped with a miniature bridal couple and was accented with rosebuds in pastel colors.

Guests were registered by Rebecca Reid of Silverton. Refreshments were served by Mrs. Pete Peery of Bowie, sister-in-law of the bride, Mandy Hughes of Amarillo, Delinda Ziegler, sister of the bridegroom, and Mrs. Dean Ziegler, sister-in-law of the groom.

The newlywed couple traveled to Six Flags and other points of interest in Texas. On their return they will be at home in Turkey, where the bridegroom is employed by Peery and Dugan Oil Company.

**REHEARSAL DINNER**  
The bridegroom's parents hosted a rehearsal dinner at the Big "T" Restaurant in Turkey Friday night.

Betty Olive, Blanche Newman and Opal Hyatt visited Mrs. Gladys Holcomb in Turkey Sunday afternoon.

C. M. Cowell, father of Mrs. Dwain Henderson, underwent major surgery at St. Anthony's Hospital in Amarillo Monday afternoon. It is reported that he came through the surgery fine.

**The STRENGTH of a Nation...**

At this time, our thoughts are turned to our nation and the war that was fought to bring freedom to our land. Pictured here is a monument to the leader of our people at that time. The people were willing to give their lives that we might be free from tyranny, and have the right to worship as we please. God was with us then as he was with the children of Israel when Moses led them from Egypt. Upon receiving their freedom they sang... "The Lord is my strength and song, and he is become my salvation: he is my God, and I will prepare him an habitation; my father's God, and I will exalt him." Exodus 15:2

Help keep our Nation strong by relying on the strength of the Lord. Attend Church Regularly.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Haylake Reunion Held At Scout Camp

The children of the late Bill and Walter Watters hosted an old fashioned Haylake Reunion June 10-11 at the Haynes Scout Camp east of Silverton. Camp Haynes is located in the Haylake community, and has always been the favorite picnic spot for young and old alike.

Approximately 170 attended the reunion. Church services were held Sunday morning. Jimmy Burson led the singing, and Johnnie Burson and Boyd Bingham gave the devotional.

A business meeting was conducted by Glen Lindsey Sunday afternoon. The children of the late Mr. and Mrs. C. L. McWilliams, sr. were recognized as being 100% in attendance. J. E. Wheelock, at 92, was the eldest one present. Arna R. (Mann) Bingham of Pleasanton, California, traveled the furthest to attend. Jim Brooks and Mrs. Mabel Vaughan Welch were recognized as being the earliest pupils from the Haylake School.

The group voted to hold this reunion every two years, with the next meeting to be June 1980 at Camp Haynes.

The business meeting concluded

with the election of the following officers: Johnnie Burson, Silverton, president; Mrs. Lillian Brooks Lindsey, Silverton, vice president, and Russell Lee, Temple, secretary-treasurer.

Attending from Silverton were Mr. and Mrs. Virgil Crow, Mr. and Mrs. Edwin Dickerson and Clinton, Mr. and Mrs. A. R. Martin, Robbie and Mitchel, Maxine Watters Morris, Linda, Clay, Amber and Jodi Dunham, Mrs. Betty Williams and Scotty, Mr. and Mrs. Frank Hunt, Boyd Bingham, Mr. and Mrs. Bill Self, Mr. and Mrs. J. L. Self, Mr. and Mrs. M. B. Self, Roy Mack Walker, Mrs. Mary Rampley, Mrs. Blanche Newman, Mrs. Annie Vardell Williams;

Also, Mrs. Bessie Vardell Kendrick, Mr. and Mrs. R. E. Sweek, Mr. and Mrs. Glen Lindsey, G. W. Lee, Mr. and Mrs. Jim Brooks, Mrs. Anna Belle Tipton, Mr. and Mrs. Johnnie Burson, Mrs. Girtha Mae Vaughan, Mr. and Mrs. Jimmy Burson, Keeley and Kimberly, Mr. and Mrs. Lynn Welch, Wayne (Bud) Vaughan, Mrs. Josephine Anderson, Mr. and Mrs. Raymond Grewe, Mr. and Mrs. Bailey Hill, Mr. and Mrs. Milton Dudley, Mr.

and Mrs. Joe Brannon and Cal; Also, Mr. and Mrs. O. C. Rampley, Mr. and Mrs. C. L. McWilliams, Mrs. Della Askey Jacobs, Mrs. Mabel Vaughan Welch, Glen McWilliams, Mrs. Manemma Riddell Hutsell, Mr. and Mrs. Gene Vaughan, Willard Vardell, Mrs. Ella Leah Riddell, Luree Burson, Mrs. Tone Riddell Brooks, Mrs. Stella Davis, Mr. and Mrs. Onar Cornett, Mrs. Neva Welch Garvin, Mr. and Mrs. Glen Smith, Mr. and Mrs. E. A. Birdwell, Mrs. Jackie Wafford Mercer, Mr. and Mrs. Joe Davis, Mrs. Fern Brooks Minyard, Missy and Amy, Mr. and Mrs. Bob Hill.

Attending from out of town were Mr. and Mrs. Wilson Wyley, Pierre, South Dakota; Bonnie Waters, Yuma, Arizona; Ben Bingham, Arlington; Lucille Davis Butcher, Elbert Pricer, Mr. and Mrs. S. A. Teague, Mr. and Mrs. Jeffrey Meade and Jeffrey W., and Roy Brooks, Amarillo; Lillian Mae McCloud, Mrs. Willie Mae Gerdes, Mr. and Mrs. Carroll Welch and Cathy, Tulsa;

Also, Mr. and Mrs. Mitchell McDaniel and son, Mr. and Mrs. Cliff Inman, Mr. and Mrs. Dwight Rampley and Ty, Lubbock; Mrs. Merriam Bingham Sims, Lee Summit, Missouri; Huber Tillery, Mrs. Arthur Bingham, Stratford; Mr. and Mrs. Frankie Bingham and children, Kansas City, Kansas; Mr. and Mrs. Mann Bingham, Pleasanton, California; Mrs. Lougene McClelland Criswell, Hobbs, New Mexico; Mr. and Mrs. Bruce Gibson, Turkey;

Also, Mr. and Mrs. Russell Lee, Temple; Mr. and Mrs. Larkin Vardell, San Angelo; Mrs. Marie Brooks McCutchen, Lake Brownwood; Mr. and Mrs. Wilson Foley, Norman, Oklahoma; Mrs. Serene Bingham McGowen and Carolyn, Springlake; Mr. and Mrs. J. P. Taylor and Katy, South Plains; Janice Cobb, Mr. and Mrs. Bobby McWilliams, Billy McWilliams, Mr. and Mrs. H. A. Cagle, Truman Merrell, Quitaque;

Also, Mrs. Lina Watters Payne, Clarendon; Traci Carpenter, Norman, Oklahoma; Mr. and Mrs. Cur-

## Little Rustlers Rodeo To Be Held At Lockney

The Little Rustlers Rodeo will be held at Lockney June 17, beginning at 7:30 p.m.

A barbecue supper, sponsored by Young Farmers, will start at 6:00 p.m.

The entry fee per event will be \$3.00, and events will be for those 12 years of age and under. The events will include Shetland Bareback Riding, Barrel Racing, Steer Riding, Flag Racing and Pole Bending. Trophies will be given in each event.

Fifty-dollar belt buckles will be given to the All-Around Cowboy and All-Around Cowgirl.

A fifty cent charge will be made for the following events: Boot Race, Tow Sack Race, Calf Scramble, Greased Pig Chase, Girls Ribbon Race, and a Stick Horse Race for those three to six years old. Ribbons will be given to the first, second and third place winners.

All contestants must register with at least one parent present from June 12-16 from 10:00 a.m. to 5:30 p.m. at Boot Hill Western Wear in Lockney. Will accept call-in entries. The phone number is 652-2602.

## "TEXAS" OPENED JUNE 14 IN PIONEER AMPHITHEATRE IN PALO DURO CANYON

"Texas" opened June 14 in the Pioneer Amphitheatre in the Palo Duro Canyon near Canyon with a gala salute to the broadcasters of

the area who have helped spread the word about the production. A reception in their honor was held near the statue of Quannah Parker on the theatre grounds. The selection of the broadcasters to be honored this year is appropriate because the leading man, Ron Clay Williams who plays "Calvin," comes from a broadcasting family. His father, Jess Williams, worked in radio and early television in Amarillo. He specialized in programs for children and was known as "Honest Jess." One of his beloved phrases was a system of rating things from bad to good as "four to humdinger." The thirteenth season of "Texas" will run through August 26, nightly except Sunday. There will be a performance on Sunday, July 2. For tickets call "Texas", 806-655-2182, or write Box 268, Canyon, Texas 79015. There is no danger to the amphitheatre from flooding, because the amphitheatre is high above the water line and is, outside of the water crossings.

## Graham Accepted For Med. School

Ronald Dale Graham, grandson of Mr. and Mrs. O. M. Dudley of Silverton, has been accepted as a student at the Texas College of Osteopathic Medicine in Fort Worth.

Graham, a graduate of Hardin-Simmons University, will enter the school in August. Upon successful completion of a four-year program and a one-year internship, he will be awarded the Doctor of Osteopathy degree. He has been employed by Abilene Diagnostic Center as a lab technician for the past year.

While a student at Hardin-Simmons, Graham was a member of

the area who have helped spread the word about the production.

A reception in their honor was held near the statue of Quannah Parker on the theatre grounds.

Beta Beta Beta, Singers Ho and Celebration Singers. He received his bachelor of arts degree with a major in biology and a minor in journalism.

Graham also attended Clarendon College and is married to the former Gina Killingsworth, formerly of Matador and Clarendon. He is the son of Mr. and Mrs. W. H. Graham of Lovington, New Mexico. His mother is the former Jeanne Dudley.

Mr. and Mrs. Porter Arnold had as their guests over the weekend her brothers and sisters. Mrs. Lena Young and Mrs. Alta Tyler of Lamesa came Thursday. Mr. and Mrs. Herbert Clay of Muleshoe, and Mrs. Adelle Burdine came Saturday night. Mr. and Mrs. Howard Crosby and Mr. and Mrs. Pat O'Hair came Sunday morning.

They brought lunch and all enjoyed a good time together.

## Flag Wavers' Page To Finance Beautification Project

Century of Progress Study Club is sponsoring the Flag Wavers' Page in the Briscoe County News again this Fourth of July.

The page will appear in the local newspaper June 29.

You can "show your colors" by letting your friends know that you are a patriotic American flag waver by donating \$3.00 or more to the club's park beautification and improvement project.

It is hoped that enough money can be raised to replace some of the trees which have died in the city park.

If you would like to have your name placed on the Flag Wavers' Page, contact Mrs. L. D. Griffin or any other member of Century of Progress Study Club. This is a special project of the president, Mrs. James Davis.

# Winners Announced From First Briscoe County 4-H Horse Show

There were approximately 65 spectators at the Wood Memorial Arena Friday night for the first Briscoe County 4-H Horse Show. The winners included:

Registered Mares (any breed) 5 years and over: 1. Joe Ted Edwards; 2. Walter Perkins; 3. Twila Wood

Grand Champion Mare: Joe Ted Edwards

Reserve Champion Mare: Walter Perkins

Registered Geldings (any breed) 5 years and over: 1. Shelly Harris; 2. Darrel Johnson; 3. Kirk Saul; 4. Zane Reagan; 5. Cynthia Edwards; 6. Susan Payne; 7. DeVona Smith; 8. Lee Ann McMurtry

Registered Geldings, under 5 years: 1. Robert Johnson; 2. Randy Clay; 3. Bill Settle

Grade Geldings (any breed) all ages: 1. Todd Reagan; 2. Jim Forbes; 3. Travis Kimbell

Grand Champion Gelding: Shelly Harris

Reserve Champion Gelding: Derrel Johnson

Showmanship: 1. Susan Payne; 2. Shelly Harris; 3. Cynthia Edwards; 4. Derrel Johnson; 5. Jim Forbes; 6. Robert Johnson; 7. Bill Settle; 8. Joe Ted Edwards; 9. Kirk Saul; 10. Zane Reagan

Western Pleasure: 1. Lee Ann McMurtry; 2. Zane Reagan; 3. Shelly Harris; 4. Robert Johnson; 5. Cynthia Edwards; 6. Shane Smith; 7. Bill Settle; 8. Twila Wood; 9. Susan Payne; 10. Joe Ted Edwards

Western Horsemanship: 1. Derrel Johnson; 2. Bill Settle; 3. Shelly Harris; 4. Cynthia Edwards; 5. Susan Payne; 6. Jim Forbes; 7. Randy Clay; 8. Devona Smith; 9. Twila Wood; 10. Zane Reagan

Reining: 1. Cynthia Edwards; 2. Jim Forbes; 3. Shelly Harris; 4. Joe Ted Edwards; 5. Susan Payne

Pole Bending: 1. Lee Ann McMurtry; 2. Susan Payne; 3. Joe Ted Edwards; 4. Jim Forbes; 5. Cynthia Edwards; 6. Randy Clay; 7. Shelly Harris; 8. Walter Perkins; 9. Devona Smith

Barrel Racing: 1. Lee Ann McMurtry; 2. Cynthia Edwards; 3. Joe Ted Edwards; 4. Susan Payne; 5. Jim Forbes; 6. Shelly Harris; 7. Randy Clay; 8. Shane Smith; 9. Twila Wood; 10. Walter Perkins.

## What Think Ye?

does it wrong, I know that I could do it right." So, all the day was heard the clank of brother SAY, but this one fact from none was hid: SAY always talked, DO always did.

☆

Don't grumble, don't bluster, don't dream and don't shirk. Don't think of your worries, but think of your work.

The worries will vanish, the work will be done. No man sees his shadow who faces the sun.

☆

Henry Ward Beecher once received a letter from a student asking for an easy course. To this letter he replied: "My son, do not try the law; do not think of the ministry; let alone all ships and merchandise; abhor politics; don't practice medicine; be not a farmer, a sailor, a soldier; don't study, don't think. None of these are easy. Oh, my son, you have come into a hard world. I know of only one easy place in it and that is in the grave."

☆

The church is not really made up of good people, but people who are trying to be better. If it only had room for perfect folks you might be excluded. No one ever claimed that there were no hypocrites in the church. It takes a man smaller than a hypocrite to hide behind one. When the church sweeps through the gates into Heaven, hypocrites will be left outside—with you, if you are not redeemed by the blood of Christ. "Let no man take thy crown."

—EARL CANTWELL

## New Arrivals

Mr. and Mrs. Jack Fields of Guthrie are parents of a daughter, Misty Dawn, born June 3 at Methodist Hospital in Lubbock.

She weighed six pounds and three ounces.

Grandparents are Mr. and Mrs. Brubs Bomar of Silverton and Mrs. Sarah Fields of Childress.

The baby's great-grandmother is Mrs. W. J. Hyatt of Silverton.

☆

Mr. and Mrs. Brent Mullin of Turkey are parents of a baby girl, Abby Juanice, born June 10. She weighed six pounds and thirteen and a half ounces.

Grandparents are Mr. and Mrs. Fred Arnold of Silverton and Mr. and Mrs. Otis Mullin of Turkey.

Great-grandparents are Mr. and Mrs. William Mullin of Turkey and Mr. and Mrs. J. T. Cantwell of Brownwood.

☆

Mr. and Mrs. Ben Shoemaker of Amarillo are parents of a son born at 2:00 p.m. June 7 in High Plains

## MEMORIAL PROGRAM

Your Memorial Gift is a fitting tribute to a loved one. This remembrance helps support the research, education and service programs of the American Cancer Society.

Memorial gift funds may be sent to your local Unit of the Society.

AMERICAN CANCER SOCIETY

Mr. and Mrs. George Seaney, their children, grandchildren and other relatives met at the park in McLean Sunday for a picnic. Attending were Mr. and Mrs. Cecil Seaney, Follett; Mr. and Mrs. Daryl Wynn, Booker; Mr. and Mrs. Jim Seaney and Chase of Morse; Mr. and Mrs. Max D. Garrison, Walt and Cody, Canyon; Mr. and Mrs. Elmer Crosby, Erick, Oklahoma; Mr. and Mrs. Gordon Lowrey, Angela, Shavonne and Frank, Mrs. Pascal Garrison, Mr. and Mrs. J. P. Cogdill, all of Silverton; Mr. and Mrs. Buck Henley, Mr. and Mrs. Carl Lee Henley and Gregg, McLean.

Mr. and Mrs. Roy McKenney, Terry and David of Carlsbad, New Mexico, spent from Friday until Monday with his mother, Mrs. Lois McKenney.

Mrs. Ollie McMinn attended the graduation exercises of Monterey High School in Lubbock May 25 at the Municipal Coliseum. Her grandson, Dudley McMinn, was a member of the graduating class.

Mrs. McMinn spent the night in the home of her granddaughter, Mr. and Mrs. Richie Hubbard and Brian, and Friday morning, May 26, the Hubbards and Mrs. McMinn drove to Valley View and visited until Monday with the Travis McMinn.

Mrs. Bertha Rhoderick, Mrs. Lorene Johnson, Mrs. Tommie Blackerby and Carey visited Mrs. J. W. Lyon, sr. in Quitaque Sunday.

Mr. and Mrs. Charles Sarchet attended a Sarchet family reunion at Possum Kingdom over the weekend. Also attending were Jonann Rogers, Plainview; Ken Sarchet, Mr. and Mrs. Jerry Sarchet, John and Paul, Cynthia Cruce, Mrs. Elizabeth Skelton, Mrs. Willie Belle Webb, Mr. and Mrs. Kim Sarchet and Rhiannon, Mr. and Mrs. Johnny Robison, all of Lubbock; Mr. and Mrs. Don Sarchet, Borger; Mr. and Mrs. Robert Sarchet and Kelly, Robert Waco and Alison Sarchet, all of Cleburne; Mr. and

Baptist Hospital in Amarillo. He weighed seven pounds and three ounces and was named Benjamin Todd. He was 20 inches long.

Grandparents are Mr. and Mrs. Melvin Watkins of Amarillo and Mr. and Mrs. B. T. Shoemaker of Spearman. Mrs. Ollie McMinn of Silverton is the great-grandmother.

WHY SPS MUST HAVE A RATE INCREASE

LEE CLAY

The costs of labor, materials and other items necessary to the company's operations continue to skyrocket. Despite the fact that we have adopted programs for cutting expenses and capital expenditures, it becomes increasingly difficult for us to keep up with these rapidly rising costs.

Although we have been operating in a highly inflationary atmosphere for the past several years, there has been no general increase in SPS electric rates since 1974. Now, however, we are forced to seek rate relief if we are to continue to provide the electric service needs of our customers.

Our goal is to provide the best possible service at lowest possible cost, now and in the future. The increase in our rates that we have requested will allow us to realize that goal.

## PROTECT HORSES AGAINST SLEEPING SICKNESS

All horse owners in Briscoe County are urged to vaccinate their animals against sleeping sickness.

Sleeping sickness, or encephalitis, is a virus disease transmitted by mosquitoes. Both Eastern and Western types of the disease can occur in Texas, and immunization and mosquito control are the only effective weapons to prevent the disease. No effective treatments are available once the animal is affected, so prevention is the best weapon to protect your horse.

Since vaccines afford protection for one year only, annual revaccination is recommended. Veterinarians can provide information on the proper vaccine and procedure for this vaccination.

At the time of vaccination, a tetanus toxoid shot can be given in a combined vaccine to protect the horse or colt against tetanus as well.

Since mosquitoes are mainly responsible for spreading sleeping sickness, it's important to vaccinate horses before the mosquito season begins.

Properly immunized horses not only prevent the spread of the disease to other horses, but also can help prevent cases of the disease in humans. The cost of the vaccination is small compared with the loss of a valuable horse or foal.

## EXTENSION CONFERENCE TO DEAL WITH "PEOPLE, PROGRAMS, PROGRESS"

The entire professional staff of the Texas Agricultural Extension Service, more than 1,000 strong, will gather at Texas A&M University June 19-23, to key in on issues dealing with "People, Programs, Progress."

The biennial conference is designed to enhance the professional competence of all staff members so that they can be more effective in conducting educational programs in agriculture, community resource development, family living, and 4-H and youth work.

Along with keynote speakers at three general sessions, the conference will be highlighted by 41 individual minicourses ranging from "4-H Basics" and "Energy Use and Conservation" to "Executive Management" and "Home Food Production." Each staff member will be attending one of the 10-hour minicourses to develop further expertise in a particular area.

A number of national figures will headline the general sessions.

Gil A. Stricklin of Dallas, with the Baptist Convention of Texas, will discuss "Resources for the Future - People" at the opening session on Tuesday, June 20. Joining Stricklin on the program will be Dr. Jack K. Williams, chancellor of the Texas A&M University System; Dr. Perry L. Adkisson, A&M vice president for agriculture and renewable resources and Dr. Daniel C. Pfannstiel, Extension director.

## Schedule Of Events For Senior Citizens

June 15—Thursday afternoon, Stella Davis, hostess.

June 16—Friday, all day, regular monthly luncheon hosted by Southwestern Home Demonstration Club.

June 19—Monday afternoon, Wilma Hunt, hostess.

June 22—Thursday afternoon, Berntha Pavlicek, hostess.

June 23—Friday, all day, Merle Oneal, hostess.

June 29—Thursday afternoon, Rosalie Chitty, hostess.

June 30—Friday, all day, Bill Hill, hostess.

Each Monday evening during June, beginning at 6:00 p.m., ceramics classes will be hosted by Maud McJimsey.

Director of the Texas A&M University System; Dr. Perry L. Adkisson, A&M vice president for agriculture and renewable resources and Dr. Daniel C. Pfannstiel, Extension director.

The second general session on Thursday morning will feature Dr. George Hyatt, jr., Extension director in North Carolina, who will talk on "Coordination of Extension Agriculture, Home Economics, 4-H Community Resource Development and 1890 Programs." Other keynote speakers will include Dr. Lorne Parker, director of instructional communications at the University of Wisconsin, who will discuss an "Educational Telephone Network," and Dorothee Polson, food editor of The Arizona Republic, Phoenix, who will talk on "Communicating Nutrition Information to the Public."

Leading off the Thursday session will be Dr. Jarvis E. Miller, Texas A&M University president, who will discuss "Integrating Teaching, Research and Extension Programs of the Texas A&M University System."

The closing session on Friday will be headlined by Dr. Neill Schaller, acting deputy director for Extension, USDA Science and Education Administration, who will talk on "Extension Programming in the Year 2000." "A Futuristic View of Research" will be discussed by Dr. Neville P. Clarke, director of the Texas Agricultural Experiment Station. The session will also feature the presentation of the Knapp-Porter Award to two distinguished Texans. This award is the highest given by the Extension Service to recognize outstanding contributions to agriculture and family living in the state.

Director Pfannstiel's "Message to the Staff" will conclude the biennial conference.

## Farmers Should Think 'Cows Per Acre' To Protect Investment

Want to maximize your return on a big investment? Then start thinking "cows per acre" . . . not acres per cow.

Pastures are your lowest cost feed source, so it follows that pasture improvement can be your most efficient route to increased beef or milk profits. While it won't happen by magic, a realistic pasture improvement program is relatively simple.

**Start With A Good Stand**  
If your grass species isn't right, or if the stand is too thin to be productive, start over with a new high-producing grass recommended for your climate, soil and intended use. Interseeding or topseeding of the same species or a new one into your existing thin stand can reduce time and cost involved.

If tough perennial weeds have taken over the pasture, it's usually necessary to get them under control before attempting to establish a new seeding.

Another must when establishing a new seeding is a soil test. If your soil pH is below 6.4, start by applying any needed lime. Then apply enough fertilizer to correct any nutrient deficiencies and seed an approved species at the recommended rate.

**Fertilize For Optimum Production**

Again, soil pH is a vital factor in any pasture program. Correcting soil acidity levels to the 6.5 to 7.0 range is the first step in increasing pasture production.

Where lime and fertilizer have been broadcast on pastures without tillage, most of the phosphorus and much of the lime and potash remain in the top three inches. Therefore, the soil sample should be taken from the top three inches so it accurately reflects the acidity and fertility level.

Nitrogen is the lifeblood of a good grass program. However, as N use increases, the need for phosphate and potash becomes more important.

Potash requirements of most grasses rise rapidly as nitrogen rates increase. So applying only nitrogen is inefficient.

Many people feel that pastures require less fertilizer than forages grown for hay or silage. This can be true if you're not using the total production of the pasture as you would be by harvesting hay or silage. But with good management and full use of the forage produced, grasses have the same nutrient requirements whether pastured or harvested.

**Control Weeds**  
Weeds serve no useful purpose. They cause undesirable effects on your cattle: some are toxic and can cause sickness, abortion and even death; some cause undesirable flavors in milk; others can cause physical injury to cattle.

Then there are the effects on the pasture itself. Every weed uses up valuable space, moisture, sunlight and nutrients that are needed by the pasture grasses. Producing a pound of some weeds requires up to ten times the moisture needed to produce a pound of most grasses.

Ignoring the pasture weeds means almost certain death to pasture grasses. When the weather turns dry, the weeds survive and the grass never comes back. Re-establishing the stand means time, expense and lost production.

**Manage For Top Returns**  
The livestock-carrying capacity of many pastures can be doubled or tripled through proper fertilization, weed control and other management practices. But your payoff is measured in meat or milk production. The tallest grass doesn't always translate into the most profit.

The nutritional value of pasture grasses varies greatly depending on time of year and stage of growth. As grasses mature, they become less palatable and less nutritious. Controlled grazing is the only way to maximize your total pasture production.

Your timetable for a rotational grazing program depends on the grass species, production level and livestock numbers. But basically, you should graze grass pastures for 7 to 10 days and then allow from 21 to 30 days for regrowth. This means you need three pastures for a continuous grazing program.

rows and Jitch banks. These can be sprayed at the same time with the same herbicides. Left untreated they will serve as weed nurseries to rapidly reinfest the adjacent fields.

## The Protecting LIGHT

This lighted tower is a light shining in the darkness to guide sailors and ships through the night. Our Lord is our light who guides us faithfully through life, even though it be as a stormy sea — He knows the way. His word, as proclaimed in His church, will light your way and bring peace, joy and comfort. "Thy word is a lamp unto my feet, and a light unto my path." Psalm 119:105.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.,

First State Bank

# Statue of limitations.

One thing Americans didn't need back in 1776 was a statue of King George III.

What they did need was ammunition.

So on the evening of July 9, 1776, a crowd gathered and toppled the four-thousand-pound statue.

Then, adding insult to injury, they melted it down to manufacture exactly 42,088 bullets.

That was one way Americans took care of their country's needs.

Today, over 9½ million Americans take care of their

country's needs, and their own, by buying U.S. Savings Bonds.

Whether bought through the Payroll Savings Plan, or regularly where you save, Bonds add up fast to take care of all your needs. Education, retirement, travel, whatever.

So buy U.S. Savings Bonds.

There's no limit to what you can save.

## Take stock in America.

200 years at the same location.

Now E Bonds pay 6% interest when held to maturity of 5 years (1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

**Tough as mesquite.**  
Funk's G sorghum hybrids are a lot like mesquite in withstanding stress. They're bred to produce a good cash crop in tough years... an outstanding crop in good years. Ask for Funk's G-Hybrids with greenbug resistance, and tolerance to anthracnose, head smut, downy mildew and maize dwarf mosaic virus. And look for bigger healthier yields!

Funk's is a brand name. Numbers identify varieties. The limitation of warranty and remedy on the bag attached to each bag of Funk's G-Hybrids sold is a part of the terms of sale thereof.

**THE BUSH HOG / HUSKY SYSTEM IS A HANDLING AND STORAGE SYSTEM.**

We are the bush hog huskie dealers. Ansley has been in Lockney 23 years, and service has always been a number one priority. Our two U H F radio equipped trucks can be linked to us from any place within Swisher, Briscoe, Floyd or Hale Counties. This provides the ultimate in extended technical information and parts availability to you. If cotton moduling is the answer to your handling efficiency, We would like the opportunity to present our sales and service package to you.

PLEASE GIVE US A CALL
