

## All Around the Town

by Mary Ann Sarchet

Last Friday night's activities following the two-car collision in downtown Silverton prompt a plea to the public to cooperate more fully at a time like this when the Emergency Medical Service is attempting to render aid to the victims.

First of all, anyone going to the scene of an accident, fire, or other disaster, should remember to park their cars far enough away from the scene to allow easy access by the emergency vehicles.

I heard one of the EMT-firemen breathe a sigh of relief this week that no fire resulted from the crash. Had this happened, it would have been necessary to get a fire truck through the crowd, which observers say would have been impossible. In the case of fire, the possibility of an explosion would also have been present. Should there have been an explosion, many would have been injured and some might have been killed.

The second thing to remember when you arrive at the scene of an accident is to leave the victims where they are unless they are threatened by fire or unless you are trained to handle such cases. You could seriously injure someone by not using the proper procedure and equipment, and unless there is a real danger threatening them, things are better left as they are until the emergency personnel arrives.

Please don't ever be guilty of obstructing emergency personnel. It is actually an offense for which you could be fined.

### UNDERGOES SURGERY

W. A. (Bill) Holt was transported to Central Plains Hospital in Plainview about 4:30 p.m. Tuesday with a broken hip.

He had fallen in his shop that morning about 9:00 o'clock, but was not found until about 4:00 p.m. Ambulance attendants said that he was in good spirits about the ordeal.

Mr. Holt underwent surgery for the replacement of his hip ball and socket shortly before noon Wednesday. He expects to be in the hospital about two weeks.

TOMMY PERKINS

KIRK DURHAM

## Durham, Perkins Tie For Players of Week

For the first time this season, there was a tie in the fans' Player of the Week for the game between Silverton and Valley. Earning the honor this week were Kirk Durham, 155-pound senior tailback-safety, and Tommy Perkins, 140-pound senior wingback-defensive back.

Durham is the son of Mr. and Mrs. Bill Durham, and is repeating as Player of the Week. Perkins is the son of Mr. and Mrs. Thomas Lee Perkins.

According to Coach Jerry Watson, Durham rushed for 69 yards in the game against Valley and caught three passes for 17 yards. He made six tackles and four assists on defense.

Perkins didn't play very much against Valley on offense, but made nine tackles and two assists on defense. He works harder on the sideline than any other player, switching jerseys everytime he changes from offense to defense.

The fans' Player of the Week selection is being conducted by Nance's Venture Foods, and a ballot for voting on the Player of the Week for the game between Silverton and Nazareth is located next to Nance's ad in this issue of the Briscoe County News. Voting coupons are also available at Nance's and balloting must be done at the store before 6:30 p.m. Monday of next week.

1978 Football Queen, Miss Kim Cornett, a senior in Silverton High School, was escorted by Kirk

by the other senior members of the Owl football team last Friday night in a pre-game ceremony.

## Large Crowd Enjoys Homecoming Game

A large crowd of fans enjoyed nice fall weather for the homecoming football game between the Silverton Owls and Valley Patriots last Friday night.

In pre-game activities, Kim Cornett, a senior and the daughter of

Mr. and Mrs. Don Cornett, was presented as the 1978 Football Queen. She was escorted by Kirk Durham, and the other senior players, Kyle Bean, Tommy Perkins, Bryan Burson, Earl Jarrett, James Alan Patton, Larry Stephens and Wayne Reed, took part in crowning the queen and presenting her with a bouquet of flowers, a banner and a congratulatory kiss.

The other candidates for Football Queen were Stacey Robertson, freshman; Kimberly Fitzgerald, sophomore, and Karen Martin, junior.

The Owls lost the game to the Patriots, 26-10, much less than the 36 points which had been predicted by the Harris Rating System. The game was an exciting one for the fans of both teams, with both teams having additional scoring plays which were nullified by penalties.

Silverton's offense has improved steadily as the season has progressed, and the defense, which came into its own first, also has been improving. The Owls now own a season record of 3-4, and have every reason to believe that they will improve it in the three remaining games. The team has come a long way from the 1-9 season record posted in 1977, when that one game listed as won was actually a forfeit by Claude for having used an ineligible player. The last winning team that Silverton fielded was in 1970, when the varsity was co-district champion with Clarendon in Class A. (The junior high Owls won district that year, too.) The varsity season record that year was 7-3; in 1971 and 1972, identical records of 3-7 were posted; in 1973, the team went 1-9; 1974, 4-5; 1975, 0-10; and 1976, 2-8. So the team stands to have the best won-loss record in quite a few years.

Much of the success has to be credited to the excitement and enthusiasm that has been placed in the players and fans by the new coaching staff.

The Owls lacked a lot having the size and speed to match Valley in last Friday night's game, but they tried to make up for what they lacked in those departments with finesse. They did a good job of this, but the game

was costly for the Owls with the loss for the rest of the season of Mark Brown with a shoulder dislocation. Brown has been very valuable to the Owls this season, having played several positions, and filling in wherever he has been needed. He has been Silverton's back-up quarterback.

The Owls received the kickoff to open the game, but Valley intercepted a Silverton pass on first down and carried it all the way for a touchdown. This play covered 45 yards, and with 11:42 still to be played in the first period, Valley kicked the extra point and led 7-0.

After receiving a Silverton punt, the Patriots mounted a drive which saw first downs made on the Silverton 45, 30 and 13 yard lines. A Valley touchdown was called back due to an infraction, and on their next play they crossed the double stripe again. The kick was good, and with 6:20 showing on the first quarter clock, See VARSITY FOOTBALL—

## County Extension Service Having Celebration Day

Today, October 26, is Briscoe County Extension Information Day.

You are invited to the Briscoe County Extension office anytime today (Thursday) between 9:00 a.m. and 4:00 p.m. to visit Lynda Fogerson and Earnest Kiker, the County Extension Agents. Coffee and cookies will be served by Mrs. Sheryl Breedlove, secretary.

Program for the Information Day and Celebration will be: Review of 75 Years of Demonstration Work in Texas. There will be presentations of certificates to producers who have conducted farm demonstrations in 1978.

Slide presentations, photographs, bulletins, and personal visits will be used to explain what your Extension Program is doing in Briscoe County in regard to Agriculture, 4-H, Home Economics, Family Living, and Community Resource Development.

The year 1978 marks 75 years of Farm Demonstration work in Texas.

The first farm demonstration was set up at the Walter C. Porter farm near Terrell, Texas in 1903, under the direction of Dr. Seaman A. Knapp, a special agent of the U. S. Department of Agriculture.

Since that time, more than 150,000 Texas farmers and ranchers have participated in cooperative farm demonstration work. Last year, more than 4,300 demonstrations were underway, covering a wide variety of farm and ranch programs.

## Sunday Is Time To "Fall Back"

Sunday, being the last in October, will mark the end of daylight saving time for a few months.

If you are one who remembers the time change procedure with the phrase, "Spring Forward, Fall Back," you know that it will be necessary to move the hands of your clock back one hour Saturday night. Actual time change is 2:00 a.m. Sunday, but if you don't want to be an hour late for church Sunday morning, you'd better "roll back the hands of time" before going to sleep Saturday night.

Twenty-five of these farm demonstrations are underway in Briscoe County this year.

To set aside October 26 and the presentation of certificates is only a small way the Extension Service can pay tribute to its heritage and the present producers for their dedication and effort in carrying out Farm Demonstration Work.

Everyone is cordially invited to come by the Extension office for this Celebration Day.

The public is always welcome in the Extension office anytime. The office is open from 8:00 a.m. until 5:00 p.m. Monday through Friday and the telephone number is 823-2343.

## One Remains Hospitalized Following Accident

Connie Rowell remains hospitalized at Central Plains Hospital in Plainview after having been taken there by the Silverton Volunteer Ambulance Service about 11:00 p.m. Friday after a two-car accident under the blinker light in downtown Silverton.

Connie was a passenger in a car driven by Patti Perkins. Miss Perkins was taken in the same ambulance to Central Plains Hos-

## Tot Finder Decals Available From Fire Department

TOT FINDER decals which are highly visible during the day and reflective from a light source at night, are now available free of charge from the Silverton Volunteer Fire Department and may be picked up at the City Hall.

These decals are designed to mark the location of a child's, invalid's or retarded person's room. Should fire strike, the decal alerts firemen to clear the marked area first. Its durability, of course, depends on local climate conditions.

The decal is to be placed on only one window in each child's room. Pick the one facing the street or drive or the one most likely to be seen first when the firemen arrive. If the decal is too big for any of the panes, trim it carefully; don't overlap lattices. It goes on the outside to be more visible. On bedroom doors, put the decal on the outside at the bottom. (Smoke is least dense near the floor.)

It's important that, if a family moves, or a room is changed, that the decal be removed or relocated. You may receive new decals if you need them.

pital, where she was treated and released. Dr. James Tuan accompanied the EMT's in the ambulance to Plainview.

Tommy Bullock, driver of the other car, was not seriously injured.

Two other passengers in the Perkins car, Kimberly Fitzgerald and James Jarrett were taken by a second Silverton Volunteer Ambulance Service crew to Swisher Memorial Hospital in Tulsa, where they were treated and released.

## Halloween Carnival Promises Fun For All Here Saturday Night

A Halloween Carnival, with a variety of booths which promise fun for young and old, will be held in the County Show Barn beginning as soon as the Halloween Coronation is over at school, or about 7:30 p.m. Saturday.

Even if it rains, the road to the Show Barn will be passable, and the Carnival will go ahead as scheduled.

Booths may still be reserved by contacting Mrs. Wayne Nance, president of L. O. A. Junior Study Club, the sponsoring organization. Booth rental fee is \$5.00, and the booths will be assigned on a first come, first served basis.

The Show Barn will be open Saturday from 9:00 a.m. until 5:00 p.m. for setting up booths. The

barn will be locked from 5:00 until 7:30 p.m.

Booths which had been booked for the Carnival before presstime Wednesday were: Silverton Lions Club, bingo; Our Lady of Loreto Catholic Church, Mexican food and concession stand; Young Modern Home Demonstration Club, cake walk; Southwestern Home Demonstration Club, fishing pond; Boy Scouts, boxing ring; Silverton Young Homemakers, pie walk; Mike Cornett & Company, dart throw; Eighth Grade Class, dating game; S-Club, sponge throw; Silverton Young Farmers, money slide; Senior Class, homemade candy and kissing booth; Silverton FFA, car wash, baseball toss and Simon Says.

## Halloween Royalty To Be Presented Saturday Night

The 1978 Halloween Coronation will be sponsored by the Silverton chapter of Future Homemakers of America Saturday, October 28, at 7:00 p.m. in the Silverton School Auditorium. Admission will be 75c per person.

The FHA will also have a "Sunday House" smoked turkey for everyone to taste at the Coronation and will be taking orders at \$16.95 per 8-10 pound bird for Thanksgiving delivery.

The Halloween royalty will be elected by the popular vote of those attending the coronation.

Crowning of the grade school prince and princess and the high school king and queen will be by FHA President Karen Ziegler, daughter of Mr. and Mrs. Riley Joe Ziegler, and FHA Beau Earl Jarrett, son of Mr. and Mrs. Claude Jarrett.

Crown and scepter bearers for the grade school royalty will be Robin Fugett, daughter of Mr. and Mrs. Don Fugett, and Bradley Brunson, son of Mr. and Mrs. Perry Brunson. The crown and scepter bearers for the high school royalty will be Crystal Miller, daughter of Mr. and Mrs. Jerry Miller, and Bryan Breedlove, son of Mr. and Mrs. Van Breedlove. All are kindergarten students.

Candidates for grade school prince and princess will be: FIRST GRADE: Kimberly Tiffin, daughter of Mrs. Terry Holt, and Jim Cogdell, son of Mr. and Mrs. Billy Cogdell.

SECOND GRADE: Tara Nance, daughter of Mr. and Mrs. Wayne Nance, and Neal Edwards, son of Mr. and Mrs. Fred Edwards.

THIRD GRADE: Carey Black-

by, daughter of Mrs. Tommie Blackerby, and Marlon Greenhaw, son of Mr. and Mrs. Mabry Greenhaw.

FOURTH GRADE: DeLynn Fitzgerald, daughter of Mr. and Mrs. Guinn Fitzgerald, and Kinan Flowers, son of Mr. and Mrs. Jarus Flowers.

FIFTH GRADE: Necole Whitfill, daughter of Mr. and Mrs. Richard Whitfill, and Barry Eddleman, son of Mr. and Mrs. Randall Eddleman.

SIXTH GRADE: Belia Montelongo, daughter of Mr. and Mrs. Dario Montelongo, and Russell Bingham, son of Mrs. Gloria Craig.

SEVENTH GRADE: Rita Denton, daughter of Rev. and Mrs. Royce Denton, and Dario Montelongo, son of Mr. and Mrs. Dario Montelongo.

EIGHTH GRADE: Shelli Hester,

daughter of Mr. and Mrs. Ronnie Hester, and Rank Cogdell, son of Mr. and Mrs. Billy Cogdell.

Candidates for high school king and queen are: FRESHMEN: Katy Francis, daughter of Mr. and Mrs. Alvie Francis, and Kelly McMurtry, son of Mrs. Anne McMurtry and Wayne McMurtry.

SOPHOMORES: Sally Northcutt, daughter of Mrs. Larry Jarrett and Pat L. Northcutt, and Roger Cantwell, son of Mr. and Mrs. Elton Cantwell.

JUNIORS: Karen Martin, daughter of Mr. and Mrs. Donnie Martin, and Greg Hill, son of Mr. and Mrs. Robert Haley Hill.

SENIORS: Rebecca Reid, daughter of Mr. and Mrs. J. W. Reid, and Larry B. Stephens, son of Mr. and Mrs. Wayne Stephens.

Though ham is a good meat choice all year, many of us especially begin to consider buying a ham in the fall when we begin to think of holiday dinners. Because pork is a relatively expensive meat choice at this time, selecting a ham to fit your budget may not be easy, but keeping it in the best condition until served is easy when you know certain facts about ham.

Ham, like all meat, naturally contains certain bacteria, according to the U. S. Department of Agriculture (USDA).

Keeping the ham at its maximum condition requires three steps:

1. Storing it properly
2. Cooking it thoroughly
3. Handling leftovers with care

All ham must be refrigerated before cooking. The only exceptions are easily spotted—the small canned ham which is NOT labeled "Perishable, Keep under Refrigeration" and the dry cured ham such as country style and Smithfield.

For best quality, a cured whole ham should be kept in the refrigerator no longer than seven days. Any cured ham cuts smaller than a whole ham will keep in the refrigerator safely for three to five days.

Unopened canned hams labeled "Perishable—Keep under Refrigeration" can be kept in the refrigerator up to six months without loss of quality.

Freezing is not recommended as a routine procedure for cured hams because of possible changes in flavor and texture. When necessary, cured hams may be frozen one or two months if wrapped closely, sealed tightly in moisture-resistant wrap and stored at 0 degrees F. or lower.

When you're cooking ham, there are three temperatures to remember, depending on the kind of ham you select.

1. If the ham is canned or fully cooked, which you can determine from its label, it may be eaten cold without any kind of advance preparation. Or, if you prefer warm ham, heat it to an internal temperature of 140 de-

grees F. and serve. Use a meat thermometer.

2. If the ham is the cook-before-eating kind, simmer or bake it to an internal temperature of 160 degrees F.

3. If the ham is a shoulder cut of pork such as cured picnics or shoulder butts, heat them to an internal temperature of 170 degrees F. Shoulder cuts of pork are from the forelegs of swine, therefore, they are less tender because they have had more exercise. Hence they must be cooked longer to make sure they are tender.

Fresh ham, an uncured product, should be treated like fresh pork and heated to 170 degrees F. internal temperature.

Once the meal is over, refrigerate ham immediately. Never leave it at room temperature for more than an hour. Staph germs multiply rapidly at room temperatures between 45 and 115 degrees F.

A good rule of thumb is: keep hot foods HOT, 140 degrees F. or above, and cold foods cold, 40 degrees F. or below.

Chill leftovers as rapidly as possible to prevent staph growth during cooling. Refrigerate leftover ham in small containers since food in small containers cools more rapidly. Use leftover ham that has been refrigerated within two days.

Always remember that ham is

### John Hill calls for state tax freeze

"Our state taxes in Texas are among the lowest in the nation, and I want to keep them there. As I've said many times, I'll veto a tax increase before the ink dries on the bill."

As Attorney General, John Hill proved he could increase the efficiency of his office without any unnecessary budget increases. He absorbed a three-fold increase in his office caseload by hiring top legal talent capable of higher productivity. The result: his staff lawyers doubled their average workload, and the increased court judgments and enforcement of civil penalty laws returned \$25 for every \$1 of state funds spent on his office.

As Governor, John Hill will insist on this same type of increased productivity for all state agencies. He will institute new controls over federal funds, demand that we follow our "pay-as-you-go" budget policy, and use zero-base budgeting to eliminate unneeded programs before any new programs are added. And he'll block any state tax increase — there won't be any new taxes under John Hill.

## Junior High Plays Here Today

The Junior High Owls will be playing the Nazareth Junior High Swifts here this afternoon at 5:00 o'clock.

The Junior Varsity Owls had a game scheduled with Nazareth, but due to injuries, Nazareth has cancelled its junior varsity schedule.

Both the junior high and junior varsity teams lost to Valley last Thursday at Valley.

### JUNIOR HIGH

Valley scored on the last play

of the first quarter and ran a two-point conversion. Valley was penalized on the conversion run, and the second attempt resulted in no conversion. The junior high Patriots then held a 6-0 lead.

Shane Reagan passed complete to Bob Arnold for an Owl first down on the Valley 35, but the Owls fumbled and Valley recovered on their own 28.

Valley scored with 1:40 remaining in the first half, but failed on the two-point conversion try.

Reagan ran for about eight yards before the half ended, with Valley leading 12-0.

The Patriots recovered another Owl fumble on the first play of the third period, and scored with 4:21 remaining in the quarter. The

two-point conversion was good and Valley led 20-0.

Craig Patton ran 13 yards for a first down on the Valley 45, and Clifford Clardy gained another nine yards, but the ball went over on downs on the Silverton 43.

Valley scored with 4:25 remaining in the game, but the pass for extra points failed, and the Patriots held a 26-0 lead.

Craig Patton and Reagan each gained four yards and Clardy added a first down on the Valley 45, before Clardy completed a pass to Arnold for a first down on the Valley 25. Then Valley intercepted an Owl pass and carried it all the way for a touchdown with 41 seconds remaining in the game. The two-point conversion failed.

Valley scored again on the last play of the game on yet another pass interception. Again there was no PAT, and the Patriots won 38-0.

### JUNIOR VARSITY

The Owls allowed Valley only one first down before causing the ball to go over on downs on the Silverton 42, but were unable to move the ball on their own behalf. The Owls forced a punt on Valley's next possession, and Mark Patton returned it to the Silverton 48. After runs by Gary Juarez and Patton, a pass from Casey Bean to Juarez made a first down at the Valley 40. The Patriots shut down this drive and the Owls punted to the 33.

Valley made a first down at their own 43 before scoring with 9:20 remaining in the second quarter. The running conversion failed, and the Patriots led 6-0.

The Owls concluded their next series of plays with a punt to the 25 yard line, from where Valley mounted a drive which resulted in a first down on the Patriot 8. They passed for a score with 4:14 showing on the first half clock and ran for the PAT which was nullified by a penalty. Their second PAT try failed, and the Valley team led 12-0.

Russell Couch intercepted a Valley aerial to end their next series, and Bean completed a pass to Couch for a first down on the Silverton 29. The first half ended with Silverton trying to pass for a score.

Silverton opened the third quarter with a drive that looked like it had notched a first down on the Valley 40, but which was called back due to a penalty. Valley intercepted a Silverton pass on next down, and scored on their next play. Their extra point kick was blocked by Juarez, and the Patriots led 18-0 with 7:50 remaining on the third quarter clock.

Silverton fumbled and the Patriots recovered on the Owl 3, and Valley scored on the next play with 7:09 still showing on the clock. Again the kick was blocked and the Patriots led 24-0.

Runs by Patton and Segura netted a first down on the Valley 46, but the Owls were forced to punt on their next fourth down. The

Zane Mayfield of Silverton has been accepted into membership of the American Hereford Association, according to an announcement by H. H. Dickenson, Executive Vice President of the AHA.

The American Hereford Association, headquartered in Kansas City, Missouri, is the world's largest beef breed registry organization, having entered some 17 million head into the records since it was founded in 1881.

The Hereford breed, one of the oldest in the United States, is well known for its high fertility, ability to adapt to extremes in climates, and its ability to convert grass and grain to beef efficiently.

ballcarrier was stopped by Juarez and Couch.

The teams traded punts, then Valley mounted the only real sustained drive of the evening which saw first downs at the Silverton 40, 28, 16 and seven yard lines. The score came with 2:30 remaining to be played in the game. The PAT pass was incomplete, and the Patriots led 30-0.

Bean completed another Owl pass to Brandon Jarrett and Valley intercepted still another Owl pass before the game ended.

Plan to pack the home stands this afternoon to yell for the junior high team. These boys need your support.

*In need of a Pull...*

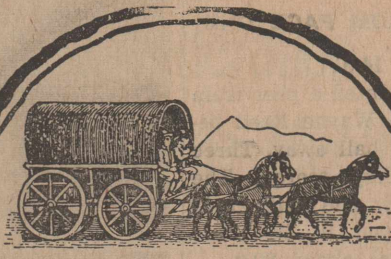

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

*how DO you COVER A Wagon?*

The wild, wild West. Land of hope and opportunity to thousands of courageous settlers. But, if it weren't for the dollars of thousands more Americans taking stock in their country, there might never have been a West to go west to.

You see, money raised from the sale of government securities helped us purchase the Louisiana Territory from the French. Other securities helped buy the states of California, Nevada, Utah, western Colorado and most of New Mexico and Arizona from Mexico. Even settlement of the Oregon Territory was made possible through the issuance of United States securities.

Today, you can still take stock in your country's growth by buying U. S. Savings Bonds.

Just sign up for the Payroll Savings Plan where you work. There's no easier, safer way to save or help your country. After all, U. S. Savings Bonds are still a great way for you to go West. Or East, North and South.

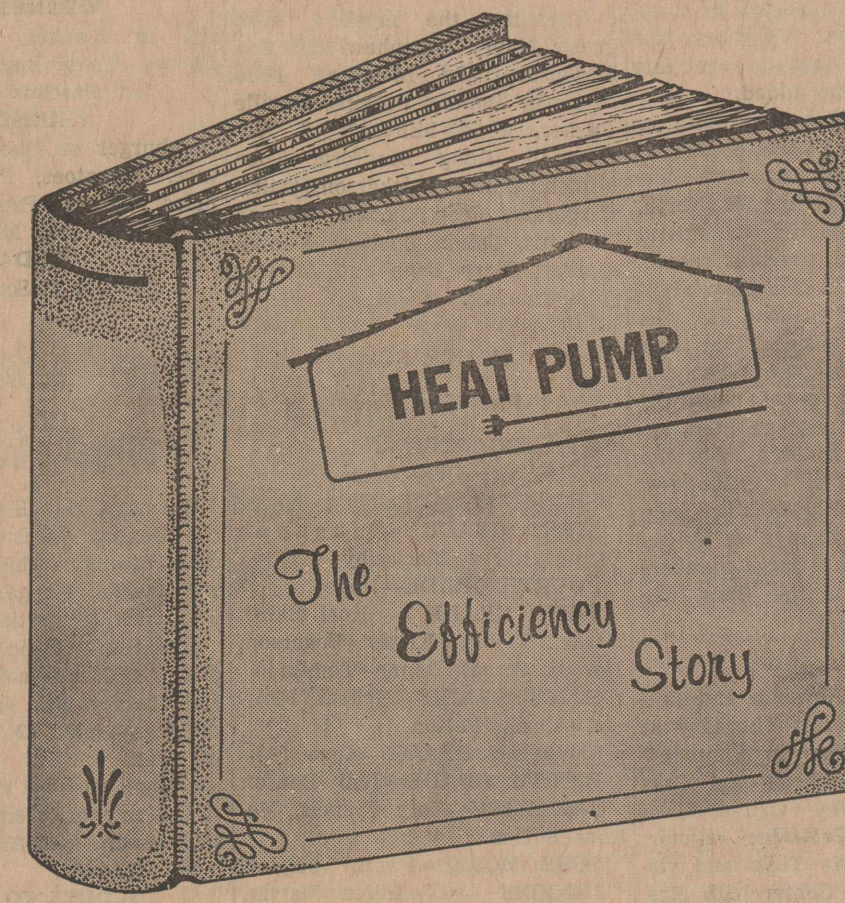

Now U. S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

the Patriots led 14-0. The Owls completed a pass from Paul Brannon to Wayne Reed before punting the ball away. Three plays later, Valley scored. The PAT kick failed, and with 3:48 still to be played in the first stanza, Valley was ahead 20-0.

Silverton's next series of plays was cut short by a pass interception by Valley which was carried for an apparent touchdown. This was nullified by a 15-yard penalty against the Patriots, and after making one first down the Patriots lost the ball via the fumble route to Greg Hill.

The ball changed hands several times, with neither team able to do very much offensively. Valley had another touchdown called back because of a penalty and a field goal attempt failed.

The Owls mounted their first serious threat on offense when Kirk Durham carried to the Silverton 35, and the Owls moved ahead on a 15-yard penalty against the Patriots. Runs by Durham and a pass completion by Brannon to Durham picked up another first down, and a completed pass by Brannon to Reed and another penalty against the Patriots moved the Owls to the Valley 14. With time running out in the first half, Brannon kicked a field goal to put the Owls on the board, and the halftime score stood at 20-3.

Valley received the kickoff to open the second half, fumbled on first down, and the Owls recovered on their own 39. Brannon passed to Bobby McPherson for an apparent touchdown, which was called back due to a 15-yard penalty against the Owls.

The Patriots recovered a Silverton fumble on the Valley 38, and this set up the final Patriot score. The pass for PAT was incomplete, and the Valley boys led 26-3.

Brannon completed a pass to Reed before the Owls lost the ball on a fumble. Valley was unable to capitalize on the turnover, with Reed throwing the Patriot ball-carried for a loss on fourth down. The ball went over on the Silverton 39, and three plays later Brannon completed a pass to McPherson for a touchdown for the home team. Brannon kicked the extra point, and the Patriot margin had been cut to 26-10.

There was no scoring in the fourth quarter, even though Valley penetrated to the Silverton five before losing the ball on a fumble. The Patriots penetrated to the Silverton 10 late in the game, but the ball went over on downs to the Owls with 23 seconds showing on the scoreclock. According to Coach Jerry Watson, the coaching staff is very proud of the progress the Owls are making. Defensively, he credited Kelly Comer with making 15 tackles and seven assists, and Wayne Reed with 13 tackles and three assists, but said that the way the defense is set up, these two players are expected to make the most tackles. "They are just doing their job when they get this many tackles," he added.

The Owls will be traveling to Nazareth to play the Swifts at 7:30 p.m. Friday. The Owls now stand 1-1 in District 2-B North, and will be seeking to extend their conference won-loss record. It was obvious last Friday night that the boys respond to the cheers of their fans and that their success ratio improves when the crowd makes a lot of noise for them. After playing so hard against Valley, it could be that the team will have a bit of a let-down at Nazareth, and the fans can help keep this from happening by going to the game in large numbers and cheering for the Owls. See you there!

**A TAXPAYER'S BILL OF RIGHTS IS PAST DUE**

Bill Clements believes we still have a chance to preserve our future by establishing constitutional protection against excessive taxation and runaway government spending.

Bill Clements believes the people of Texas should have the power necessary to ratify or reject tax policies made by legislators.

To establish this power (of the people), Bill Clements will introduce an amendment to the Texas Constitution that would give the people of Texas this right.

Bill Clements' "Taxpayers' Bill of Rights" would:

- Give Texans the right of initiative and referendum, a phrase that means we, the people, have a right to vote on the taxes to be levied on us.
- Place a ban on corporate or personal income tax in Texas.
- Require a two-thirds record vote of both houses of the legislature to pass a tax bill.
- Allow local taxpayers to call an election to ratify or reject a tax increase created by a local governmental unit.

Bill Clements believes in Texas and the people of Texas. Bill Clements thinks that elected officials must work for the people and represent them properly.

As governor of Texas, Bill Clements will work for and with the people of Texas.

*It's about time someone recalled that our form of government was conceived, to be a servant of the*

*people and provide the means to insure that principle endures*

**HESSTON CHALLENGE SWEEPSTAKES OPENS AT BROWN - McMURTRY**

One of the biggest sweepstakes in farm equipment history has been recently launched by the Hesston Corporation. The contest, which runs from October 1 to November 25, 1978, offers the Grand Prize winner in each of four geographic areas of the U. S., the Hesston product of his choice free.

This is one of the first farm equipment sweepstakes to offer the sponsor's own products as Grand Prizes. And, according to Don Brown, if any of the four Grand Prize Winners have purchased the Hesston product of their choice between September 1 and November 25, 1978, they will get their purchase price back PLUS a \$5,000 bonus. Forty \$250.00 certificates for

merchandise from Shepler's western wear catalog will also be awarded as runner-up prizes across the U. S. Shepler's is the world's largest western wear store. All winners will be determined by a random drawing.

According to Don Brown, there are more than 45 Hesston products eligible for the sweepstakes. Contestants must be at least 18 years old and actively engaged in farming. Entry information is available at the Brown-McMurtry dealership in Silverton.

Highlight of the sweepstakes will be the announcement of the four grand prize winners during the popular Hesston telecast of the National Finals Rodeo. The two-hour telecast will take place in mid-December. Check local TV listings for time and channel. The National Finals Rodeo telecast is exclusively sponsored by Hesston Corporation and participating Hesston Farm Equipment dealers.

**Cruz Infant Buried At Tulia Saturday**

Graveside rites for 15-day-old Rosemarie Cruz, daughter of Mr. and Mrs. Esbarido Cruz of Tulia, were conducted at 10:30 a.m. Saturday in Rose Hill Cemetery.

Officiating was the Rev. Max Broussard, pastor of the Church of the Holy Spirit. Burial was under the direction of Wallace Funeral Home.

The baby girl was born prematurely after her mother was involved in an ambulance-car crash October 5 in Amarillo.

She died about two hours after arriving at care facilities of Texas Tech School of Medicine in Lubbock. The infant weighed just over two pounds at birth at Northwest Texas Hospital in Amarillo, and had been in critical condition there before the transfer to Lubbock Friday.

Mrs. Cruz was enroute to the Amarillo hospital by ambulance from Tulia when the ambulance in which she was riding collided with a car at the intersection of 45th and Bell. Five persons were injured in the collision.

The child's father, the ambulance attendant, the ambulance driver and the wife of the driver of the car.

Officers said the ambulance had lights and siren on at the time of the accident.

Survivors include the baby's parents; a sister, Beatrice Chapa, and a brother, Richard Chapa, both of the home; and her grandparents, Mr. and Mrs. Emilio Cruz of Silverton and Mr. and Mrs. Vince Chapa of Tulia.

Mr. and Mrs. Fred Pilz of Cuba, Missouri visited in the George Seaney home Friday. They were on their way to visit Mrs. Pilz's cousin, Ted Bell, at Floydada. He is recuperating from a heart attack. Mrs. Pilz's father, Ed Daughtrey, was buried in the Silverton Cemetery in 1918.

**HEALTH CARE SYSTEM GRANT AWARDED PRPC**

The Panhandle Regional Planning Commission has been awarded a grant in the amount of \$175,000 from the Department of Health, Education and Welfare, Bureau of Community Services, for the purpose of assisting rural communities with their health care services.

The program will be under the direction of the Panhandle Rural Health Corporation. Serving on the Board of Directors from Briscoe County are Jack Robertson, Bill Griffin and Mabry Greenhaw.

The purpose of the funds is to develop a health care system that will initially serve Armstrong, Briscoe, Donley, Hall and Swisher counties of the Texas Panhandle, by providing personnel and services not presently available. Application has also been made for professional staffing through the National Health Service Corps.

It is anticipated that the sharing of health care resources among the rural areas will ultimately result in services that could not be provided by individual efforts.

The Board of Directors will be sponsoring meetings to discuss services that are wanted in the community. Citizens are invited to contact the Board and to participate in their business meetings.

Monty Rex is the great nephew of Mrs. Freeman Tate and the great-great nephew of Bud Long of Silverton.

**Statue of limitations.**

One thing Americans didn't need back in 1776 was a statue of King George III.

What they did need was ammunition.

So on the evening of July 9, 1776, a crowd gathered and toppled the four-thousand-pound statue.

Then, adding insult to injury, they melted it down to manufacture exactly 42,088 bullets.

That was one way Americans took care of their country's needs.

Today, over 9 1/2 million Americans take care of their

country's needs, and their own, by buying U.S. Savings Bonds.

Whether bought through the Payroll Savings Plan, or regularly where you save, Bonds add up fast to take care of all your needs. Education, retirement, travel, whatever.

So buy U.S. Savings Bonds. There's no limit to what you can save.

**Take stock in America.**

200 years at the same location.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. # Putting forth a *Real* effort

A child's first attempts at printing require deep concentration and great effort. However, with patience and practice he becomes more adept and lettering is easier. Then he is ready for the next step, learning to write.

The Lord expects us to put forth an effort to improve ourselves.

*"I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Aoudad Permits Not Limited This Year

An unlimited quantity of aoudad permits is available to landowners in eight Panhandle counties due to the increase in the number of sheep throughout the caprock country.

"The Texas Parks and Wildlife Department will issue approximately 500 aoudad permits to the landowners and they in turn can issue these permits to sportsmen wanting to hunt the elusive aoudad sheep," said David Dvorak, wildlife biologist.

The 1978 aoudad season will be from November 4-17 in Armstrong, Briscoe, Donley, Floyd, Hall, Motley, Randall and Swisher counties.

The daily and season bag limit

and in 1923, Northcutt began his lifetime farming operation when he bought land from his father and brother. He still lives on his farm northwest of Silverton. His main enterprise has been wheat, cotton, grain sorghum and cattle.

Mr. Northcutt said he presently rents out most of his land, but still keeps enough to farm and run some cattle.

Other county agents who have worked in Briscoe County are Bill Williamson, Lem Weaver, Leo White, Robert Ledbetter, Clarence Kearns, Leon Grosdidier, Ken Cook, Jackie Johnson, Jimmy Vanstony, Eddie Holland, and the present agent is Earnest Kiker.

The 1978 farm demonstrators are Calvin Shelton, Larry Jarrett, Joe Brannon, Tobe Riddell, Claude Jarrett, Jerry Baird, Bryant Eddleman, Lane Garvin, Fred Mercer, Doug Forbes, Wendell Hardin, Elton Cantwell J. E. Patton, Joe Edd Helms, Glen Tiffin, E. G. Ridgeman, Narcio Hinojosa, Lynn Cox, Don Burson, E. A. Birdwell, Dale Smith and Bill Woods.

of one aoudad will be hard to fill if the statistics from recent years are duplicated in 1978. Last year, approximately 450 permits were issued to hunters with only 133 aoudad bagged during the two-week hunt for a hunter success rate of only 30 percent.

The record aoudad for the Panhandle was bagged in 1976 with a horn length of 34½ inches. This record still stands with many 1978 hunters hoping to come home with a bigger horn.

P&WD wildlife biologists will be spot checking the hunters during the hunt to obtain animal and hunter information vital to future management of the sheep.

Texas game wardens will also be checking hunters for the permit and license requirements throughout the eight-county area.

Most successful aoudad hunters spend 95 percent of their time glassing the rough caprock area due to the extreme difficulty in seeing the sheep. The aoudad is rufous or dark brown with dark brown areas about the head and forequarters. The inside of the legs, the chin, a line on the under parts and the inside of the legs are whitish in color. There is no recognizable difference in color between sexes.

The main on the older males may nearly touch the ground even when the head is held upright. A distinctive characteristic is the long, tufted tail which normally reaches the vicinity of the rocks. Horn characteristics on both sexes include horn tips that remain sharp throughout life and sweep outward, backward, and then, inward reaching a tip-to-tip spread of over 30 inches on some animals. A full curl is never reached by aoudad as compared to

native North American wild sheep such as the bighorn.

The aoudad is gregarious and generally associates in small family groups consisting of an adult male and female with their young offspring of various ages. They normally escape detection by remaining motionless rather than leaving whenever danger threatens.

Sportsmen looking for a trophy aoudad will find the four-to-seven year old male with the longest, thickest horns.

Briscoe County Extension Agent Earnest C. Kiker was pictured as he presented a certificate of appreciation for result demonstrations to D. T. (Chick) Northcutt. The Extension Service this week is celebrating its Diamond Anniversary, and Mr. Northcutt was one of the pioneer demonstrators when the Extension Service was organized in Briscoe County in 1933.

## County Extension Service Celebrating Diamond Anniversary

Farm demonstration work began in Texas when Dr. Seaman A. Knapp went to Terrell in 1903 at the request of area citizens to set up a demonstration to "im-

prove farming methods." Walter Porter was the first farmer to participate.

Extension work began in Briscoe County in 1933 when the following Commissioners, H. L. O. Riddell, L. E. Graham, P. D. Jasper, H. T. Gill and County Judge W. Coffee, jr., appropriated funds to hire the first County Agent, Finley R. White.

One of the first pioneer farm demonstrators that worked with Mr. White was D. T. (Chick) Northcutt. Mr. White and Northcutt worked on water erosion with the use of terraces. Mr. Northcutt recalls several visits with county agents through the years.

Chick Northcutt began trading cattle in 1917, in 1918 served in the Navy in World War I, returned to Bailey County and worked as a ranchhand in 1919. In 1920-22 he moved back to Briscoe County and bought and sold cattle

The judging of protein for potency and quality for human consumption has been one of controversy among nutritionists these past few years. The cattle producer and his allies have claimed for many years that animal protein has many advantages over plant protein and have impressive evidence to support this argument.  
Dr. Bruce Taylor, an animal nutritionist, says one of the most important aspects of judging protein is an evaluation of the amount of protein actually used by the body compared to the intake. Using a scale of 100 for egg protein, Dr. Taylor says beef would rate at 80 while corn would rate at 56.  
With this in mind, feed grain could just as easily be used to feed out a steer for human consumption and from the steer gain the same amount of protein from the meat in usable protein as he would get from the same amount of grain it takes to feed a steer.  
So the choice is yours . . . beef or corn.
