Make your life have the right

The carpenter knows that there is a proper way to hold the hammer, and that the nail must be hit from the right direction or the nail will bend. As children of God we need to make the right impact on others. When we attend church we learn how to treat others, and at the same time are setting an example for others. If we remain straight as a well hit nail, then others are less likely to bend. "For I have given you an example, that ye should do as I have done to you."
