Annual Meeting To Be Held Here Saturday Night

The annual stockholders' meeting of Briscoe Cooperatives will be held Saturday, April 28, beginning at 7:30 p.m. in the Silverton School Cafeteria.

The meeting will begin with a dinner for the stockholders and their families, followed by the cooperative's business meeting. The company's auditor will give his report and three directors will be elected. The terms of directors John Francis, Harold Storie and Fred Mercer are now expiring.

Mayfield Aids Buffs Track Meet Victory

The West Texas State Buffalo track team, coached by Silverton native Bobby Kitchens, piled up 104 points to far outdistance Wayland Baptist (59), Lubbock Christian (16) and Eastern New Mexico (10) in their own invitational meet last week.

A sophomore from Silverton, Dayne Mayfield, established a new WT school record. He hurled the hammer 131-4½ to up his own record by 12½ inches. Mayfield finished second in the hammer to an excellent 163-5 by Wayland's Mitchell Wiseman.

But Mayfield earned first place in the discus, spinning the platter 157-8 to upset favored Steve Partridge of Wayland. Partridge has thrown over 180 feet in the discus this fall but managed only 156-7 at this outing.

The Buff thinclads will be in action tomorrow in the WBC All-College Meet in Plainview and in the Missouri Valley championships May 19-20 in Des Moines, Iowa.

DENTON PLACES THIRD IN QUALIFIERS' MEET

Bill Denton placed third in the regional qualifiers' meet held at Groom last week.

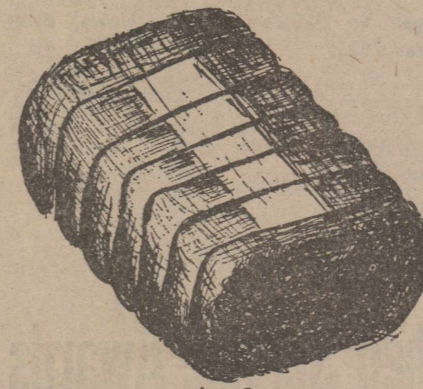

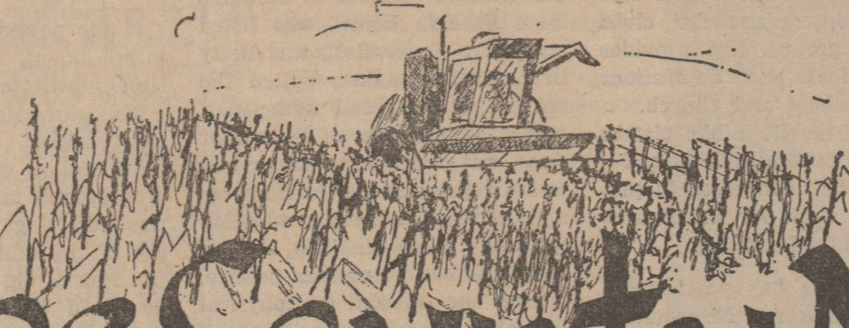

He will be in Levelland Friday and Saturday for the regional track meet, and will be running in the 880 at 4:55 Friday.

Warm Soil Can Mislead Cotton Planters

Soil temperatures on the South Plains already have warmed up enough that farmers are anxious to begin planting cotton. Although soil temperatures are an excellent guide for establishing the earliest feasible time for planting, they could be misleading, specialists at the Texas A&M University Agricultural Research and Extension Center in Lubbock caution.

"Soil temperature by itself may be misleading," warned Dr. James Supak, area cotton agronomist with the Texas Agricultural Extension Service.

In many areas of the South Plains, the soil has reached a 10-day average temperature of 60° at a depth of eight inches. The soil usually doesn't reach that warmth until early May, Supak noted.

"In addition to the soil temperature, we need to look at the calendar and especially at the long range weather forecast," Supak said. Several days of cool, rainy weather are normal in this area during late April and early May, he noted.

In fact, the 30-day weather outlook valid through mid-May predicts just the type of weather about which Supak is concerned, said Kenneth Wigner, agricultural meteorologist with the National Weather Service, stationed at the TAMU center at Lubbock.

Through mid-May, the forecast says, below normal temperatures are expected over the entire area. Near to slightly below normal rainfall is expected for the southern and southeastern counties of the South Plains, but above normal rainfall is likely over the rest of the area.

"Often, there is a dip in the soil temperatures in the South Plains in the first week of May," Wigner said. This occurs following rains which are common at that time, he explained.

The last 15 days of April often are much warmer than the first 15 days of May, agreed Elmer Hudspeth, director of the USDA cotton research laboratory at the See **WARM SOIL—**

April 30 Is Homestead Tax Deadline

The final day for applying for a Residential Homestead Exemption is Monday, April 30, 1979, according to Carlye Hill, school tax assessor-collector.

Anyone who owns their own home and were residing in it on January 1, qualifies for the ex-

emption. Mrs. Hill urges anyone who feels that he may qualify to come in and sign the affidavit as soon as possible.

The tax office is now located in Room 1 of the Silverton High School building.

All Small Grain Must Be Certified By May 1

All seeded wheat that reaches the dough stage will be considered as wheat for program purposes. Any such wheat requires an acreage certification not later than May 1 of this year.

All producers who have wheat they want to enroll in the voluntary haying and grazing program must do so by the end of the sign-up and this acreage also requires certification.

Volunteer wheat is not considered as wheat unless it is cut for grain. Any such acreage re-

quires certification by the May 1 date.

Producers without wheat acreage do NOT have to give a zero certification.

If you have wheat acreage to report, be sure that you MEASURE (don't guess) before you attempt to certify. An erroneous report could be costly. Measurement service is available through the County ASCS office.

New Product Being Manufactured Here

There is a new product being manufactured by Silverton Industries which goes on sale this week. It's the Whirr Bee, a plastic disc toy that makes a whirring sound when it is sailed through the air.

This \$7.77 retail toy is being offered locally by Nance's Venture Foods, Caprock Food and Bud's Hobby and Gift Shop.

The Whirr Bee was patented in 1978, and Silverton Industries, operated by Ted and Anthony Kingery, will be marketing at least 10,000 of them this year.

Bailey Hill had the misfortune of breaking his ankle in two places in an accident at his farm east of Silverton at noon last Thursday. He was taken to Central Plains Hospital in Plainview Monday by his wife and daughter-in-law, Mrs. Ralph Hill. He expected to undergo surgery for a placement of a pin.

JUNIOR STUDY CLUB TO HAVE MOTHER'S DAY PROGRAM MONDAY

L. O. A. Junior Study Club will meet Monday, April 30, at 7:00 p.m. in the Pioneer Room at the First State Bank for their annual Mother's Day program.

Members are reminded to be sure to bring their mothers, grandmothers or guests with them for an evening of fun.

The redbud tree which is blooming on the south side of the Briscoe County Courthouse is approximately 35 years old. In the 1940's, Mrs. Josie Wimberly of Frederick, Oklahoma sent seed to Mrs. Jim Watson in Silverton and asked that she plant them

and have at least one of the seedlings set out on the courthouse yard. Mrs. Watson did this and her son, Obra, transplanted the seedling about 1943 or 1944. Milton Perry, who was custodian at the courthouse at that time, helped Watson set it out. Other seed-

lings were set out near where Mr. and Mrs. Sid Richards now live, near the home occupied by Mr. and Mrs. Terry Holt, at the Don Garrison farm and in the yard at the Obra Watson home.

Women Nominated For Distinguished Service Awards

One hundred and seventy-three women were nominated from 37 Texas Panhandle communities to receive the fourth annual Distinguished Service Awards April 21 on the West Texas State University campus.

The awards luncheon, which was held in the WTSU East Dining Hall from 11:00 a.m. until 1:00 p.m., was sponsored by the WTSU Office of Programs for Women.

Featured speaker was U. S.

Congresswoman Lindy (Mrs. Hale) Boggs of Louisiana.

Her talk emphasized this year's awards and luncheon theme, "The Volunteer—a Valuable Voice."

Thirty-two area women, including Mrs. O. C. Rampley of Silverton, have served as area representatives for this year's awards program.

These women have helped area organizations and individuals submit nominations, and were a local source of information about the program, according to Lila Vars, director of the WTSU women's program.

Thus far, 28 women from the Panhandle area have been selected to receive the awards.

Nominees from Silverton for 1979 are Mrs. F. E. (Junis) Hutsell and Mrs. Gary (Cathy) Weaks.

Mrs. Hutsell's volunteer work began at the age of eight keeping house and helping raise a baby brother. Her mother, who had been very ill for several years, died when Junis was thirteen, creating more responsibility for her. She is now the mother of three children and oversees a live-in nephew. She is a gracious and caring person as is revealed by her volunteer activities.

Mrs. Hutsell is a member of the WTSU Ex-Student Association and Zeta Moms. She is a member of the Silverton High School Ex-Student Association and served as chairperson to organize and promote a homecoming. She is Briscoe County's Heart Fund chairperson and is

serving her third two-year term as secretary and treasurer of the South Plains Rural Letter Carriers Association Auxiliary.

A member of the Texas Fine Arts Association, Amarillo Fine Arts Association and Plains Fine Arts Association, Mrs. Hutsell has presented various arts and crafts demonstrations for clubs and other groups. She provides creative ideas and decorations for club, school and church.

She has taught Bible classes and Vacation Bible Schools for 23 years. She is involved in producing art work for her church bulletin and advertising.

Mrs. Hutsell has participated in "Hot Meals for Newcomers" and has been the annual chairperson for decorations for church luncheons for high school seniors. She worked with Girl Scouts for eight years, has judged Interscholastic League contests and Farm Bureau beauty contests. She has done secretarial and dispatcher work for Silverton Volunteer Ambulance Service. She helped organize and has supported the annual Miss Mackenzie contests and served as a hostess for the Briscoe County Bicentennial Celebration. She also helped design and present the Briscoe County Flag.

Community volunteer projects Mrs. Hutsell has assisted include Salk vaccine and TB patch tests for school children; initiation of public school music; gathered wigs and books for M. D. Anderson Hospital; made cookies and donated money for the Mental Health and Mental Retardation Center in Plainview; gathered supplies for local clinic; helped with tennis court repair and upkeep and the addition of new lighting and benches; instrumental in replacing trees in the city park.

Mrs. Hutsell has served as officer and committee chairperson for the Century of Progress Study Club, which nominated her for the Distinguished Service Award, and has also served in various ways the Caprock District of the Texas Federation of Women's Clubs.

She also enjoys keeping her grandson, Matthew Hutsell.

Cathy (Clem) Weaks was born in Floydada and attended all 12 years of public school in Roaring

Spring. In high school she was active in extra-curricular activities. She was chosen to receive the Fighting Heart Award and the Outstanding Player Award. In FHA, she received the State Degree, the highest award given in the organization. She was also chosen as a member of McCall's Teen Fashion Board, was listed on the A Honor Roll, was Betty Crocker Homemaker, edited the school yearbook and newspaper, served as president of the senior class, was outstanding senior and was a representative to Bluebonnet Girls State. Upon graduation from high school in 1968, she entered Lubbock Christian College, where she worked as physical education teacher in Lubbock Christian Schools for 2½ years working with the first through the fourth grades. She also worked as a receptionist in the office of the President of LCC.

She was a member of Theta Rho Service and Social Club, serving as chaplain and president. During this time she met Gary Weaks and they were married February 6, 1971. They moved to Silverton to make their home and Mrs. Weaks has continued to be active in service projects.

As a church member, Mrs. Weaks has served the congregation by doing art work, posters and decorations for gospel meetings, ladies classes, coffees and luncheons honoring high school seniors. She sings with the funeral choir, and as a Bible class teacher has taught every age group from infants through high school age. She has taught Vacation Bible School for the past eight years.

As a member of the L. O. A. Junior Study Club, which nominated her for the Distinguished Service Award, Mrs. Weaks has been involved in drives for the March of Dimes, Cancer Crusade and the Heart Fund. She has held most of the offices in the club and has served as president. She has held local club chairmanships and has served Caprock District of the Texas Federation of Women's Clubs. She instituted a progressive dinner which honored members of the other local federated clubs, assisted in purchasing playground equipment for the city park and in presenting a Christmas play for school children. She has assisted in conducting the Miss

What Think Ye?

If the power to do hard work is not talent, it is the best possible substitute for it.

The story goes that two men were talking. One was a huge, strong fellow while the other was a real small man. The small one was admiring the physical stature of the other and said, "Boy, if I was as big as you I wouldn't be 'fraid o' nothin'. I'd go out in the woods and find the biggest bear there and I'd tear that ol' bear limb from limb."

Mackenzie Pageant, has been involved in baking birthday cakes for children at the High Plains Training Center in Plainview and has worked as a seamstress for the adopted daughter at Girlstown U.S.A. of L. O. A. Junior Study Club.

Mrs. Weaks and their two children live 10 miles west of Silverton where they farm. Mrs. Weaks is a professional seamstress and makes fabric dolls and clowns which she sells in several gift shops and department stores. She enjoys cooking, crochet and gardening. She is also available when something needs doing. She is very active in her church, club, town and home.

The award winners included Genevieve (Mrs. T. M.) Caldwell of Clarendon; Ethel (Mrs. John) Coleman, Wellington; Mary Lou (Mrs. Alex) Hazelrigg, Amarillo; Agnes (Mrs. Jonnie) Howe, Panhandle, and Poppy (Mrs. Kirk) Hulsey, Tulsa.

Also named were Eva (Mrs. Roy) Miller of Friona; Margaret (Mrs. William A.) Moore, Canyon; Vickie (Mrs. Perry) Moose, Pampa; Pet (Mrs. Ira W.) Ott, Hereford, and Ann (Mrs. R. B.) Reynolds, Dalhart.

A special posthumous award was given in honor of Mrs. Hanna Bluhm, who died April 8 in Amarillo. Mrs. Bluhm was well-known for her volunteer work for Northwest Texas Hospital and St. Anthony's Hospital. Accepting the award was Beulah Casperson of Northwest Texas.

The big fellow smiled and said, "There's a lot of little bears in the woods, too, you know."

(It's not what we have that counts but how we use what God has given us.)

The weakest among us has a gift, however trivial it may seem, which is peculiar to him, and which, worthily used, will be a gift to his race forever.

He who thinks he can find in himself the means of doing without others is much mistaken; but he who thinks that others cannot do without him is still more mistaken.

To devote a portion of one's leisure to doing something for someone else is one of the highest forms of recreation.

So, take responsibility upon your shoulders, and you will see that it leaves no room for chips.

Not what happened to me today but what happened to others

through me, should be my concern at sunset.

There is something that I can do to make the world better. I can give to it, as I pass through, one consecrated life. Giving our best today is the recipe for a better tomorrow.

It is not the talented people that serve the Lord the best, but it is the consecrated ones.

It is not what we do for God that really counts, but what we allow Him to do THROUGH us.

The American farmer builds two things better than anyone else in the world. He builds the next generation, passing along a special kind of wisdom... respect for the soil, honesty, independence, and faith in the future. And he builds his land, leaving it better than he found it. That kind of building usually requires borrowed long-term capital. That's where we have helped for 60 years.

THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-storied buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Rolling Plains Production Credit Association will have its 45th Annual Stockholders' Meetings Friday and Saturday, April

WARM SOIL— CONTINUED FROM PAGE ONE

center. The 60-degree average minimum soil temperature tells when not to plant as much as it tells when to plant, he added. Research has shown that until the 10-day average soil temperature surpasses 60 degrees, the percentage of emergence of planted seed is only about 30 percent, he said.

Supak said that present soil temperatures might induce farmers to plant now, but do not insure an earlier crop than if cotton is planted about May 1. He cited a three-year study conducted on the South Plains by Dr. J. D. Bilbro, jr., research cotton agronomist with USDA—Science and Education Administration, Lubbock. It showed that cotton crops planted on April 10, April 20 and May 1 all reached the first bloom stage around July 5.

Earlier planting increases the possibility of stand reduction due to disease, early hail and sand, Supak said. "We're just looking at two more weeks of hazard and not gaining anything in time, because the blooming date will be about the same," the agronomist said.

Since there is no apparent advantage in earlier fruit set and since anticipated rain and soil cooling in the next two weeks can lead to serious problems with seedling diseases, farmers might be wise to delay planting until May, he said.

**HARTZOG—MERCER
WEDDING PLANS REVEALED**

DAVID KENT MERCER

BRENDA KAYE HARTZOG

Announcement is being made in Houston of the forthcoming marriage of Miss Brenda Kaye Hartzog and David Kent Mercer.

Miss Hartzog is the daughter of Mr. and Mrs. W. Lawrence Hartzog of Houston. She is a 1976 graduate of Northwest Academy and is a junior speech pathology major at Abilene Christian University.

Her fiancé, a former Silverton resident, is the son of Dr. Jim

Ed Mercer of Missouri City, Texas and the late Mrs. Nadine Mercer. He is the grandson of Mr. and Mrs. Joe B. Mercer of Silverton and is a 1975 graduate of Pampa High School. He is a senior clinical psychology major at ACU.

The couple plans to exchange marriage vows in Houston at the Church of Christ on Bammel Road on May 26, 1979.

**MISS CLAY IS BRIDAL
SHOWER HONOREE**

Miss Ramona Clay, bride-elect of Curtiss Craddock, was guest of honor at a tea and miscellaneous shower from 2:30 until 3:30 in the afternoon on Saturday, April 21, in the Pioneer Room at the First State Bank in Silverton.

Guests were greeted by Mrs. Roy Younger and presented to the honoree and her mother, Mrs. Lee Clay, and to the mother of the prospective bridegroom, Mrs. Don Craddock of Hollis, Oklahoma. Their corsages carried out the bride-elect's colors, blue and yellow.

Miss Karen Ziegler presided at the guest registry, and refreshments were served by Mrs. Russell Baldwin and Miss Rebecca Reid. The table was covered with yellow cloth and the centerpiece was an arrangement of yellow mums in a straw basket. Assorted cookies and punch were served using crystal appointments.

Out-of-town guests included Mrs. Don Maddin and Miss Kelley Maddin, Hale Center, and Misses Nancy and Lavenia Craddock of Hollis, Oklahoma.

Hostesses were Mrs. Charlie Payne and Susan, Mrs. Glen Lindsey, Mrs. John T. Francis, Mrs. Jarus Flowers, Mrs. Harvey McJimsey, Mrs. Buck Hardin, Mrs. Joe Kitchens, Mrs. Riley Ziegler, Mrs. Berniece Wood, Mrs. Brent Brannon, Mrs. John Gill, Mrs. Don Brown, Mrs. Russell Baldwin, Mrs. Roy Younger, Mrs. Walter Bean, Mrs. J. W. Reid, jr., Mrs. Bill Durham and Mrs. Charles Sarchet.

**Club Program Given
By 4-H Youth**

L. O. A. Junior Study Club members met Monday, April 16, for a very informative and enjoyable meeting. The 4-H demonstration teams comprised of Kathy Brown, Alesha Patton, Kristy Fogerson, Cynthia Edwards, Joe Ted Edwards and Todd Reagan presented several demonstrations as practice for their upcoming competition in Lubbock.

Kathy and Alesha presented a demonstration on correcting bad habits in puppies. Kristy showed how to take care of hair, and Joe Ted and Todd shared information on the detection and treatment of horse colic. Cynthia gave a very informative presentation on methods of sewing with wool.

The 4-H leaders, Lynda Fogerson, Ellen Edwards, Carolyn Reagan and Earnest Kiker, shared ideas for preparing demonstrations and 4-H functions and activities.

Following the presentations, the guests and members enjoyed refreshments served by Jane Self and Martha Milhollon.

The second program of the evening was presented by Ione Kirkland, handwriting analyst from Scottsdale, Arizona. Mrs. Kirkland was the guest of Gail Wyatt. She had each member write a sentence in her own usual handwriting and then gave a brief analysis of each. Members were all amazed at the accuracy of the analyses to point out personality traits.

A brief business meeting was held. Members present were Lajuan Eddleman, Tish Whitfill, Pat Edwards, Martha Milhollon, Gail Wyatt, Mary Lane Younger, Patsy Towe, Jane Self, Tina Nance, Susie Tiffin, Cathy Weak, and guest Linda Sanders.

stand overnight. Sponge the mildew off, in the morning. The mildew should not return if this treatment is repeated monthly.

**Varnish-like Stain on
Shower Base**

This is a buildup of body oils and soap scum which most cleaners will not remove from ceramic tile.

Remove the stain with liquid laundry detergent. Pour it on the stain full strength and let it stay for a few hours or overnight. Then sponge or scrub, and rinse with plenty of water.

**LINES FROM
LYNDA

Briscoe County
Assistant Extension Agent**

Sunny days and blossoming flowers herald the coming of spring. This also means "spring cleaning."

For some reason, we are supposed to clean out all the closets, wash the curtains, and throw away all the junk we have accumulated since last spring cleaning.

One area that presents a special cleaning problem is badly stained tile, especially in showers.

Often there's a rough, white build-up on them, a brownish soil along the grout lines and a dark, varnish-like stain in the center of the shower base.

Actually, the blame falls to three different culprits, so three different cleaning methods are needed.

Avoid using abrasive cleansers—they harm the ceramic glaze.

Just follow these three treatments:

Rough, White Build-up
These are hard water salts left when water evaporates. The same thing happens in a tea kettle.

Use a commercial tile cleaner weekly to dissolve the scale, and then wipe it clean.

Brownish Soil on Grout Lines
This is mildew. Scouring and scrubbing will work, but the mildew will grow back. Spray an ordinary household spray disinfectant on the dry tile, and let it

**we pay taxes, too...
10-million dollars worth!**

At Southwestern Public Service Company, we know that what's good for the communities we serve is also good for SPS. When the communities grow and prosper, so does SPS. The taxes paid by the citizens and SPS contribute to this growth and prosperity. In 1978, Southwestern Public Service Company paid approximately \$9,000.00 in ad valorem and street and alley rental taxes in Briscoe County alone. In the 45,000 square mile area it serves, SPS paid a total of 10-million dollars in these taxes from the revenue we received from our customers. Southwestern and its customers, through taxes paid, make things happen in our communities.

MOUNTAIN TOP

"MOUNTAIN TOP EXPERIENCES" ... It is not yet vacation time, however that time is approaching and we start remembering the wonderful feelings and experiences of our last trip to the mountains, and now we can start to plan new adventures.

That closeness, and the exciting feeling when worshipping the Lord is often referred to as a "MOUNTAIN TOP EXPERIENCE." We invite you to come worship the Lord in his house, and receive the joys of being close to God. Attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This long Easter weekend will be the last respite for legislators before we move into the final busy weeks of the 66th session of the Texas Legislature.

The Senate has acted somewhat slowly recently with lengthy on-again, off-again filibusters. There have been some lively debates in the House, too, but the House calendar has remained crowded. This week alone, before Thursday adjournment, House members dealt with over 100 Senate and House bills and resolutions.

With so many bills coming out of committees and now reaching the floor of the House for debate, certain issues are drawing considerable attention from people in the district. My mail shows that you are concerned about the Blue Law, teacher pay raise, legalized Bingo, mandatory headgear for motorcyclists, utility rate settings, and various bills related to child care services.

Many of you, I know, are keenly interested in the status of particular pieces of legislation. For your convenience, a Legislative Information Service was established in 1975. This was a joint venture of the House and Senate. The information center is located in the Legislative Reference Library on the second floor of the Capitol. The toll free number is 1-800-252-9693.

Seven operators are on duty Monday through Friday, 8:00 a.m. to 6:00 p.m. The operators use computer terminals to research a bill when persons call in with questions. The information is updated every ten to fifteen minutes.

Bills are indexed by number, author or subject matter. It is possible for you to call the toll free number and learn the status or committee scheduling of any bill introduced this session. I think this is a tremendous service for the people of Texas.

And, of course, my staff members in Pampa or Austin are always glad to answer any questions you may have regarding legislation, the judicial and executive branches, or administrative agencies.

CATTLE FEEDING ON INCREASE IN AREA SERVED BY SOUTHWESTERN PUBLIC SERVICE COMPANY

Sam Thomas, manager of agricultural development for Southwestern Public Service Company, has announced that 4,974,530 fat cattle were produced in 1978 in the 45,000 square mile area served by SPS. This is an increase of 600,680 or 13.7 percent over the previous year and is the largest number ever produced in a 12 months period.

The survey, which has been conducted since 1963, is quoted throughout the United States as the most authoritative source as to the production of fat cattle in the Southern Great Plains area. "During the 1978 period, the feedlot capacity came to 2,728,400, which reflects a reduction of about 6,000 head over 1977. This also represents the consolidation of feedlots and the conversion to growing operations," Thomas said.

The total impact of the feedyard industry on the business community exceeded 8-billion dollars for the second year," Thomas said, "and the farm sale value exceeded 2-billion dollars. Profits on feedlots or fed cattle have ranged from a low of \$3.33 per head to a high of \$137.00 during the last 120 days."

Route 1, Box 70
Pampa, Texas 79065
806 669-3251

The survey also showed that the packing plant annual slaughter capacity continues to exceed 5-million head.

"The only foreseeable limitations on the future of the fed cattle industry is the possibility and probability that the customer's ability to buy may be exceeded, however, this is not in sight," Thomas said.

The survey has made a major contribution to the development and growth of the industry and has been especially valuable in the vertical integration that has occurred in the SPS service area.

Copies of the survey will be available at Southwestern Public Service Company offices in about 60 days.

JUNIOR HIGH OWLS

PLACE SEVENTH IN DISTRICT

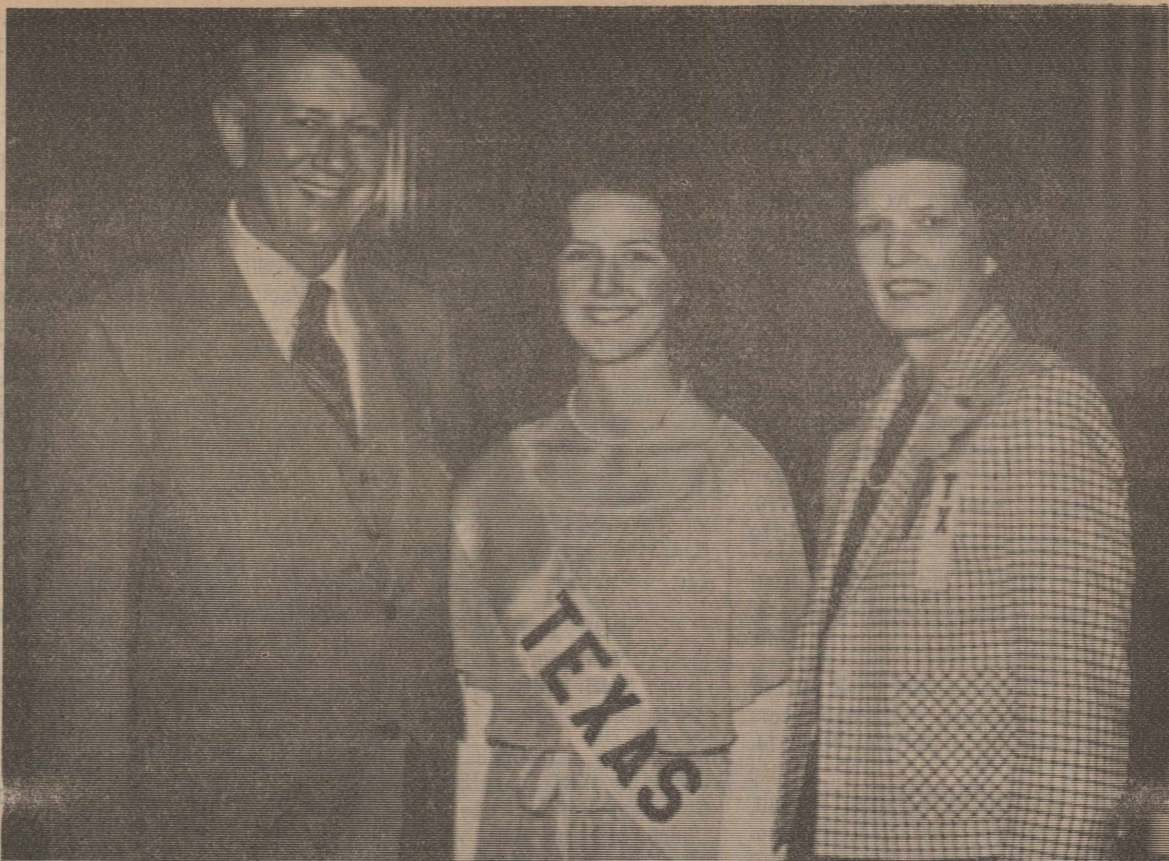

The Junior High Boys District Meet held recently at Groom was very competitive and the top placings were hard for the Owls to get.

Mitchael Martin came through with second place in the discus, and Bob Arnold earned third in the 330 Yard Low Hurdles with a time of 53.2.

The 440 Relay team, composed of Terry Green, Kyle Couch, Bob Arnold and Clifford Clardy, finished fifth.

Eric Patton ran the 880 in 2:41.6 to win sixth.

Clifford Clardy ran a 11.7 100 to place seventh.

Miss Hightower Takes Part In Cherry Blossom Festival In Washington

Texas' Cherry Blossom Princess Alison Hightower, daughter of Congressman and Mrs. Jack Hightower of Vernon, joined her parents in Washington for the week-long Cherry Blossom Festival activities which began with the lighting of the ancient Japanese Lantern at the Tidal Basin Monday evening and ended Saturday night with the 1979 National Cherry Blossom Ball.

The Japanese cherry trees, 3,000 of them donated to this country in 1912, were in full bloom providing a fragile and fragrant setting of pastel pink for the opening ceremony and the presentation of Princesses, representing the 50 State Societies which have organizations in the nation's Capitol.

The first night ceremonies were followed by a reception for Princesses and their families at the Japanese Embassy. During other mid-week activities the Princesses were presented at a Congressional Reception and Luncheon Fashion Show at the Shoreham Americana Hotel.

They enjoyed a private tour of the White House where President and Mrs. Carter greeted them, a tour of the Washington National Cathedral, the Smithsonian, the State Department, and other points of interest in Washington.

Each Cherry Blossom Princess exchanged gifts representative of her state. Miss Hightower's gifts to the other Princesses were a miniature bale of cotton and a Texas-manufactured game.

Miss Hightower, a Baylor University freshman, was honored Thursday night at a reception on Capitol Hill, hosted by her parents, Congressman and Mrs. Jack Hightower.

About 125 Washington area friends were served Cherry Blossom Cheese Cakes, pecan tarts, cheese balls, assorted finger sandwiches, fresh vegetables with dip, and pineapple boats filled with pineapple chunks and strawberries, coffee and punch.

CHEERY BLOSSOM CHEESE CAKES
1 lb. pkg. Vanilla Wafers

the 1979 Cherry Blossom Princess.

- 2 8-oz. pkgs. Cream Cheese
- 3/4 cup Granulated Sugar
- 2 Beaten Eggs
- 1 teaspoon Vanilla
- 1 can Prepared Cherry Pie Filling

Mix cream cheese, sugar and eggs until smooth and add vanilla. Crumble vanilla wafers and spoon some into each cupcake paper. Fill 3/4 full with cheese mixture. Bake at 375 for about 15-18 minutes or until some of the cakes begin to crack on top. They should still look white—not brown. Cool. (They can be frozen.) When serving, spoon on a cherry or two and a small amount of filling on each cheese cake. Makes 55 miniature or 25 muffin size.

His phone is ringing. Unfortunately it's ringing in the living room.

If he had an extension in his workroom, he wouldn't have to work so hard to get to it. General Telephone offers extensions in a wide range of styles and colors. And each and every phone is backed by all our years of experience.

extension phones are a convenience you deserve and they're not expensive. Just a few dollars per month and think of all the legwork they'll save you. You can't be in two places at once. But your phone can.
