What Think Ye?

He didn't know what to say, so he swore. PROFANITY: the most uncalled for, useless, repulsive, fruitless, God dishonoring use of the human tongue. It is purely a habit, the satisfaction of which could well be replaced by gentler terms. It is remarkable how often I hear someone justify its use by saying, "I just can't help it." Suppose for a moment that a law were passed which said "He that takes the name of God in vain shall have his tongue cut out." It might be interesting to note how quickly our conversations would be cleaned up.

Why wash the mouth of your little one for saying a word that he learned from you? Would it not be less trouble first to cleanse your dirty mouth before the child heard your filthy expressions?

I suppose that the most confusing thing that can happen to a person is for a Christian, who constantly testifies to what God has done for him and to how much she loves the Lord and makes an effort to direct the hearts of others to the Saviour, and then constantly curses and takes the name of God in vain. Think on this before you shake your head and say, "I'll never read that man's column again."

I submit ten reasons you can give for using profanity.

- 1. It pleases my mother so much.
- 2. It is such a fine mark of my manliness.

- 3. It is such good evidence of my self-control.
- 4. It indicates so well how clearly my mind operates.
- 5. It makes my conversation so enjoyable to others.
- 6. It leaves no doubt in the minds of others as to my good breeding.
- 7. It impresses everyone with my more-than-ordinary educa-

tion.
8. It makes me a personality whose presence is always desirable in companies of women and children.
10. It is my own way of honoring my God who said, "Thou shalt not take the name of the Lord thy God in vain." (Exod. 20:7)

Mrs. Brown Is Lamesa's First Juvenile Officer

Announcement was made recently by Lamesa Police Chief Lee Bartlett, jr., that Officer Cora Brown will head the Lamesa Police Department Juvenile Division.

The need for a separate Juvenile Division has been brought on by the increased number of juvenile cases handled by the Police Department—90 percent of the cases in the county.

"By designating Cora as Juvenile Officer for the City of Lamesa," Bartlett said, "we will have a better system of handling juvenile offenders than we have had the past several years."

The new title actually is in close conjunction with Mrs. Brown's job as Crime Prevention Officer, since most criminal behavior begins at the juvenile age and the right kind of contact at that age sometimes can prevent future problems.

Mrs. Brown is now on call 24 hours each day to assist with juveniles in any way she can.

"Due to her rapport with young people, her experience and her all-round ability to get along with the young people, she is the most qualified person in the department to handle the job," Bartlett said. He added that he has talked with officers, non-officers and young people alike and all have responded favorably to both the idea of the

Mac's Backhoe Service to Clarendon Riding Club, second place winner.

juvenile division and Mrs. Brown as head of it.

Later this month another officer will be named to assist Mrs. Brown in the Juvenile Division.

Mrs. Brown is finishing her fourth year with the Lamesa Police Department, having moved to Lamesa from Plainview.

She has been teaching the law enforcement class at Lamesa High School, a program which gave Lamesa the distinction of being the second city in Texas to implement it. The program has been well-received by parents, faculty and students alike.

The former Cora Ivory moved from Quitaque to Silvertown in her senior year in high school and was graduated with the Class of 1967. She received the girls citizenship award and a \$50 scholarship from the Future Teachers of America. She earned a B.A. degree in law enforcement at Wayland Baptist College in 1975, and has attended West Texas State University for one year. She needs only 100 hours of clinical practice to finish a speech and hearing therapy program.

Her "street experience" came while she was doing volunteer work at the Harry Hines Juvenile Delinquent Center in Dallas.

Having passed the 240 hours required of all certified peace officers, Mrs. Brown has gone on to advanced courses, attending at least seven such courses in Lamesa alone as well as 40 hours of crime prevention. The crime prevention session included about eight hours devoted to juvenile crime prevention.

She has attended classes on traffic control, the penal code, group therapy counseling and even riot and mob control.

Because of her schooling and expertise in presenting a program on shoplifting, she was asked to teach a class at San Marcos for the Crime Prevention Institute. The institute normally has speakers from Los Angeles or New York to teach the classes, and this again shows the high quality of officer she has become.

The mayor of Plainview recognized Mrs. Brown's efforts by presenting her with an award after she ran the Austin Heights Neighborhood Center, resulting in a marked decrease in juvenile

Mini Marathon To Be Held Labor Day At Lake Mackenzie

A mini marathon will be held Labor Day (Monday, September 3) at Lake Mackenzie, with races and divisions for men, women and children of all ages.

All of the races will begin at Coronado Shores on the north

side of the lake.

The first race begins at 8:00 a.m., and ends at the same point at which it begins so that parents and friends can watch both the beginning and end of the race. This will be a one-mile run for kids, and its divisions will be for boys and girls ages eight and under, ages 9-10 and ages 11-12.

The second race will cover three miles, and begins at 8:15 a.m. This race will have eleven divisions: ages 8-10, 11-12, 13-15, 16-18, 19-29, 30-39, 40-49, 50 and over for men and boys, and 18 and under, 19-25, 26 and over for women and girls.

The third race is the 10,000 meter (6.2 miles) run and starts at 8:45 a.m. This race will have eight divisions: 18 and under, 19-29, 30-39, 40-49, 50 and over for men and boys, and 18 and under, 19-25, 26 and over for women and girls.

Trophies will be awarded to the three overall winners, and ribbons will be awarded to the division winners.

PATIENCE

The child threw down her fishing pole, "I quit!"

Father inquired, "What's the matter?" "Nothing," said she, "except I can't seem to get waited on."

A bumper sticker reads "Lord, give me patience . . . Right. Now!"

Instant food, instant credit, instant pleasure surround us. There's too little willingness to plan ahead and work to make a thing come true. Graduates want instant success.

Man, like the family pet, paws at and spills his dish while the master attempts to provide his needs.

Your child asks, "How many more miles? What's the next town?"

The mail is five minutes late and you fret.

We may even, like Job, call God on the carpet: "I cry unto thee, and thou dost not hear me." (Job 30:20)

Many scriptures set forth patience as a tremendous quality. If I spurn its development in myself I am forsaking the path to real maturity. "For we have need of patience." (Heb. 10:36)

Some fishermen "toiled all night and took nothing" (Luke 5) but soon the Lord blessed their persistence and "they enclosed a great multitude of fishes."

"I wait for the Lord, my soul doth wait, and in His word do I hope." (Psa. 130:5)

WELCOME TO THE SKY

From the moment you leave the runway, you'll sense the excitement, the freedom, the potential that the sky offers you. It beckons you to ride the wind. To chase the sun. To reach out and take charge of life, and all the adventure it holds.

The sky belongs to all of us, but to make it yours you have to learn to fly. It's not difficult to do, but it's challenging.

So it's important to take your first step into the sky with the help of the finest instructors, the best airplanes and the most thorough training program available.

You'll find all of this, and more, at the Beech Aero Center. And at the heart of it all, you'll find the Beechcraft Skipper.

Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you. "Oh that my ways were directed to keep thy statutes!"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
