Breedlove Wins National Award

The National Professional Improvement Awards Chairman, Venez Ann Johnson, is happy to announce that Norvell G. Breedlove, County Executive Director of the Swisher County Agricultural Stabilization and Conservation Service (ASCS) is the recipient of the National Association of County Office Employees Distinguished Service Award to ASCS-Agriculture.

Breedlove, son of Mrs. M. F. Breedlove, and son-in-law of Mr. and Mrs. Wayland Fitzgerald, all of Silverton, won this distinct honor for his outstanding contribution to ASCS and Agriculture.

He was chosen for his record of performance in carrying out ASCS objectives, responsibilities and operations in a manner which demonstrates unusual competence, cooperation and teamwork, knowledge and understanding of ASCS programs, contributions to work improvement, eco-

nomy and efficiency of operations, and interest, dedication and devotion to duty.

Some of the many accomplishments for which Breedlove is being recognized include:

County Office Director - 18 years. When Breedlove went to Swisher County, all USDA agencies were housed in different parts of town. He designed a modern office to house all government agencies and they are now housed in a well-equipped one-story modern building easily accessible to farmers.

Disaster Coverage—The County Office in the past two years has paid out more than 10 million dollars in disaster payments due to severe hail and drought damage.

Training Office — The county office is recognized as an outstanding training office. Breedlove has successfully trained ten County Executive Director train-

ees. Three are now serving in Washington, D. C. and two are District Directors.

Training Courses — Breedlove has taken advantage of many training courses to better train

himself to carry out ASCS duties. Some of these are: Shelter Management - Supervision and Group Performance - ASCS Management and Development - Public Speaking, Advanced Management Training - Dale Carnegie Course - Effective English and Letter Writing - CED Training Program Workshop and ASCS Management.

NORVELL BREEDLOVE

ASCS Publicity—He speaks to farm groups and organizations in the area, and participates annually on the program for the Swisher County Soil Fertility Day.

Awards and recognition he has received for outstanding performance to ASCS include: Outstanding County in District - four years

Outstanding County Office in the State - 1979

High Quality Performance Award for outstanding service - two years

Certificate of Merit and Cash Award for his part in developing techniques and methods to aid in making compliance by Aerial Observation a success in the District and other parts of Texas

First Place Winner in the Texas Newsletter Contest - 1978

Second Place Winner in the Texas Newsletter Contest - 1979

Served as Texas Association of County Office Employees (TASCOE) District Director for several years

Made two trips to Washington, D. C. on behalf of the Texas Association of County Office Employees

In his community, he has served as director and president of the Tulia Chamber of Commerce, president of Toastmaster's Club, president of Plains Federal Credit Union, and is president of the Tulia School Board.

Breedlove will receive an expense paid trip, equivalent to the price of an airline ticket to the National Convention in Springfield, Illinois in August. A beautiful plaque will be presented to him at the 21st Annual National Convention's Saturday night banquet.

Breedlove is a native of Silverton and a graduate of Silverton High School. He attended Clarendon College and Texas Tech University. He is married to the former Betty Fitzgerald, and they have three sons, Chris, who is married to the former Karen Ziegler of Silverton, and who both attend Texas A & M University, Craig and Curtis of the home in Tulia.

Another Shower Falls On Silverton

A hard shower, accompanied by wind and another brilliant lightning display, fell on Silverton Tuesday night. The official rainfall measurement in Silverton as recorded by Fred Strange was .80 of an inch. This brought the June total to 2.40 inches, and the year-to-date figure to 10.31 inches.

George Martin reported 1.09 inches at his place west of Lake Mackenzie. Don Cornett measured .90 of an inch at his farm, J. E. Patton recorded .80 of an inch,

and Calvin Shelton's gauge caught one inch of rain.

Only light hail fell on Silverton, and no reports of damaging hail were received even though it appeared that the hail-potential of the front was great.

This storm moved into the area from the northwest in the same manner as the previous two storms had done. Severe thunderstorm warnings were issued for all of the Panhandle.

More of the same was predicted for Wednesday night.

County Horse Show Qualifies 4-H'ers For District Competition

Excitement filled the Wood Memorial Arena as the Briscoe County 4-H'ers competed in the County 4-H Horse Show on Tuesday, June 10. Competition ended just before the fine rain fell throughout the county.

Winning 4-H'ers will compete in the District 2 4-H Horse Show to be held in Lubbock July 1-2.

Briscoe Rangeland To Be Sprayed For Grasshoppers

Approximately 62,000 acres of rangeland in Briscoe County has been signed up for the grasshopper spray program, according to Earnest Kiker, Briscoe County Extension Agent.

This acreage begins in the south part of the county and follows the Caprock around to Lake Mackenzie and extends into Swisher County to FM 2301.

This program will begin on Tuesday, June 24. Champion Avi-

ation out of Friona was awarded the spray contract.

According to Kiker the chemical to be used will be malathion. This chemical could be corrosive to some vehicle paint. If your vehicle comes into contact with the chemical, be sure to wash it as soon as possible.

This information is a public notice, and is not intended for discrimination against any chemical, company or any individuals.

Loans To Be Closed At New Interest Rate

Ted D. Jordan, manager of the Federal Land Bank Association of Floydada, announced that effective June 1, 1980, new loans will be closed at the variable interest rate of 9¼% on farm loans and 10¼% on rural residence loans, the same rate now being charged existing borrowers on the variable rate. This is a reduction from a 12% fixed rate on farm loans and 14% on rural residence loans which was put into effect earlier this year.

The Federal Land Bank of Texas introduced the variable rate loan in 1969, which allows the billing rate to increase and decrease with variables in the money market. Earlier this year, faced with unprecedented high money cost, a fixed rate loan was of-

fered on a temporary basis. Improvement in the money market in recent weeks makes it possible to return to the variable rate on new loans.

The Federal Land Bank Association of Floydada makes long-term real estate loans on farm and rural residence property in the counties of Floyd, Motley and Briscoe.

Horse Clinic To Be Held In Tulia

All 4-H Horse Club members are reminded that the Swisher County Horse Clinic will be held in Tulia June 19-20-21.

Fire Department Receives Check

The Silverton Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Silverton Gin, Inc.

The money will be used for the purchase of equipment.

The Texas Farm Bureau Insurance Companies pay fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The insurance company believes fire departments have contributed to reduce the amount of loss involved by fire and more importantly to prevent fires. It is their hope this money will help the Silverton Volunteer Fire Department in its program.

Swimming Lessons Offered Here

Robin Travis, manager of the Silverton Pool, is accepting names of children four years of age and older for swimming lessons.

Contact Robin at the pool Tuesdays through Saturdays, from 2:00 until 7:00 p.m. for details.

Entry Fees Due

Entry fees are due June 24 for the District 2 4-H Horse Show to be held in Lubbock July 1-2. Eligible 4-H'ers may enter at the Play Day June 24 or may go by the Extension Office and enter.

SENIOR CITIZENS

LUNCHEON IS FRIDAY

Silverton Senior Citizens will meet Friday, June 20, for their regular monthly luncheon and business meeting.

Hostesses for the luncheon will be members of the Southwestern Extension Homemakers.

DEA RECEIVES DEGREE

AT ASBURY COLLEGE

David M. Wesley Dea, son of Jesse and Gail Dea, was graduated with the Bachelor of Arts degree on June 2 from Asbury College in Wilmore, Kentucky.

Dr. Dennis F. Kinlaw, President, conferred degrees upon 274 candidates.

Asbury College, a Christian liberal arts college founded in 1890, has graduates serving around the world in nearly every vocation.

The interdenominational school is named for Bishop Francis Asbury, first Methodist Bishop and Circuit Rider in America.

APPRECIATION

The Briscoe County 4-H Horse Club members, leaders and agent would like to thank the following persons and businesses for donating toward the purchase of trophies for the horse show: Lone Star Chemical, Inc., Harris Gin, Johnnie Burson, Jimmy Burson, and Rusty Baker, judge, who donated his judging fee.

Thank you for making our show possible.

Relatives and friends gathered Saturday and Sunday to help R. N. McDaniel celebrate his 75th birthday. Those attending were Mr. and Mrs. R. N. McDaniel, Robbi and Sherry and Mr. and Mrs. Dean Bowers and Steve of Amarillo; Mrs. Linda Stack of Walters, Oklahoma; Mr. and Mrs. Phil Wilson, Shawn, Torrie and Allen of Midwest City, Oklahoma; Mr. and Mrs. O. B. Fore of Plainview; Chestina and April Kitchens and Mrs. Louise Gillenwater of Tulia; Sue, Bryan and Brandy Breedlove of Silverton.

One of Texas' newest Game Wardens, Steve Barbour, was in Silverton Wednesday making arrangements to move his family to Levelland where he will be stationed beginning July 1. He finished his training in Austin last Friday. His wife, Debbie, and the children have been staying with her parents in Tulia during Steve's training period.

Second Annual Haylake Reunion Held At Lake Mackenzie

reported by Sybil Martin and Carrie Dell Dickerson

On Saturday, June 7, 1980, Haylakers of today and yesterday and guests began arriving at Lake Mackenzie with tents, mobile homes and bed-rolls for the second annual Haylake reunion. When all had gathered, 178 adults were counted.

There were exclamations of delight at seeing old friends, expressed as "Lookie there . . . there is old so-and-so — wouldn't

have thought of him in a hundred years" or as Maxine Donnell was overheard saying, "Isn't it strange how old and fat everyone is getting except me."

The Haylake community, located east of Silverton, surrounded the school, as was the custom in those days. People, we learned with pleasure, we never forget. Those were mostly Depression days.

A barbecue supper with all the trimmings was prepared and

served by Johnnie and Dean Burson Saturday night, and was followed by a musical program.

At the crack of dawn Sunday morning, Sybil, Arch, Edwin, Carrie Dell, Virgil, Eudean, Joe, Vaughnell, Boyd and Lillie Mae prepared breakfast for the reunion group over the campfire. There were homemade breads and cinnamon rolls, bacon, scrambled eggs with lots of black pepper in them, coffee, homemade jams and jellies.

Sunday morning church services were led by Jimmy Burson and Bailey Hill. Jimmy led the group in singing hymns and the devotional was given by Bailey. We might add that both Jimmy and Bailey still live in the Haylake community.

A bountiful pot-luck meal was enjoyed at noon.

Sunday afternoon a business meeting was conducted by Johnnie Burson. The McWilliams clan, headed by Bob McWilliams, was elected to serve as president; Jane Pigg, vice-president, and Sybil Martin, secretary-treasurer.

Mrs. Mabel (Vaughan) Welch and Jim Brooks were recognized as having started to school in the very first Haylake School in 1908. Gay (Merrell) McPherson was recognized as being the last student to start school at Haylake in 1941. After that the pupils attended school in Silverton. Alice Vaughan traveled the furthest (over 3,000 miles) to attend.

SO IT GOES—The curtain came down on the second Haylake Reunion. Our appreciation and thanks goes to the 1980 Haylake Reunion Committee — Johnnie Burson, Lillian Lindsey and Russell Lee. Thanks for a JOB WELL DONE. See you in 1982!

Attending the 1980 reunion were Eudean and Virgil Crow, Carroll and Marie Garrison, Jim

and Agnes Brooks, Johnnie and Dean Burson, Bailey and LaNell Hill, Maxine Morris, Glen and Lillian Lindsey, Maggie and R. E. Sweek, Knots and Madge Brooks, Berton and Vivian Hughes, Faye and J. L. Alternate Energy Sources To Be Discussed June 19

The latest information in the rapidly developing field of alternate energy, especially alcohol fuels, avoid "snakeoil" and pitane energy sources will be presented in a two-day public symposium June 19-20 at the Lubbock Memorial Civic Center.

It is designed to help prospective producers and users of alternatives in the field. It is a follow-up to last fall's "Gasohol Know-How Conference" in Lubbock. Co-sponsors are the Texas Farmers Union, Texas Tech University, Small Business Administration and the Lubbock Chamber of Commerce.

Experts in ethanol production and use will present objective, concise, substantiated information on various topics and endeavor to answer all questions participants may raise, the sponsors said.

Registration is from 7:00 to 9:00 a.m. both days. The heart of the two-day program will be eight workshops. Workshop topics are Business Considerations; Fuel Ethanol Applications, Parts One and Two; Ethanol Production; Legislative and Policy Considerations; Legal, Tax and State Legislative Concerns; Wind and Solar Power; and Inputs For Ethanol—Energy and Feedstocks.

Keynote speaker Thursday, June 19, will be Victor Ray, alcohol fuels specialist with the National Farmers Union. Friday's keynote address will be given by Bill Holmberg, Alcohol Fuels Di-

WOOLLY WORMS

ON THE HIGHWAY

Gobs of them! It happened a few years ago in parts of Oklahoma and Kansas.

Now, if I understand entomology aright, those cute little things are destined to be butterflies (moths?) "Metamorphosis" is the term that describes the almost unbelievable change.

Metamorphosis is of Greek origin, and the same root Greek word is translated "transformed" in Rom. 12:1-2. "Be ye transformed (metamorphized!) by the renewing of your minds."

Yes, we "worms" can be transformed.

But back to the woolly worm:

Carolyn Kitchens
 June 26—Anita Ramsey, Donna Edwards

July 1—Connie Smith, Ann West
 July 3—Marsha Brunson, Cathey Weeks

July 8—Vici Baird, Judy Miller
 July 10—Connie Smith, Carolyn Kitchens

July 15—Latresa Minyard, Von Ann Mercer

July 17—Janice Hill, Ann West
 During the Little League tournament (June 21) concession stand workers will be Vaughnell Brannon and LaQuetta Schott, 2:00 - 3:30 p.m.; Pat Edwards and LaJuan Eddleman, 3:30 - 5:00 p.m.; Ann West and Connie Smith, 5:00 p.m.

Little League would like to thank everyone for your support this year.

If those things aim to be butterflies, they'd better stay off highways. They are in the wrong place if their aim is ultimate glorious flight.

Friend, would you rise high? Then don't be in the wrong places and think the wrong thoughts.

Christ can lift gloriously. But if I don't obediently choose His environment of grace, I am left crawling.

Two conversing caterpillars from their leafy perch espied a butterfly reflecting a bright sun. One remarked, "You'll never get me up in one of those things."

Do we really want to "fly"?

GAS OUTDOOR COOKING

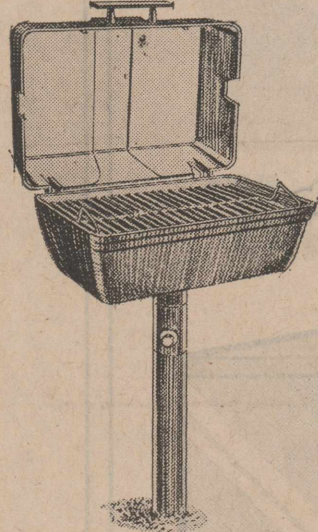

Sizzle a steak. Grill a burger. Bake a potato. Nothing turns on summer fun like outdoor cooking. And no outdoor cooker can compare to a gas grill. You can cook full family meals, everything your indoor range or oven can cook, and all with that great outdoor flavor.

Just look at the advantages of a gas grill:

- solid, sturdy construction for many summers of cooking enjoyment
- no charcoal, no lighter fluid and no wait
- gas grills reach cooking temperatures fast
- controlled heat for perfect cooking everytime
- new features for more efficient energy use
- keeps your house cooler because the heat is outdoors
- and, if you buy before August 1, 1980, you'll save 20% off the purchase price.

Good fun, great taste and savings. Turn it on with a gas grill on the patio.

DEAR EDITOR:

DEAR EDITOR: On Wednesday, May 28, a severe storm intercept team from Texas Tech University filmed six tornadoes in the Texas Panhandle. The activity occurred from west of Dimmitt to east of Tulia. The movies should enable us to learn more about the winds associated with tornadoes by tracking debris, dust and cloud fragments.

We are very interested in news reports you may have published about these tornadoes. These reports and eyewitness accounts may help assemble more information in this investigation. Any pertinent clippings or papers you could send us would be greatly appreciated.

Also, it would help us if you would in some way publish a request that your readers share with us any movies, slides, or other information they may have on these tornadoes. Our study may eventually lead to better engineering of structures to prevent tornado damage. If you need any further information please contact Dr. Richard E. Peterson, telephone (806) 742-3113. Thank you for your cooperation.

Sincerely,
Richard E. Peterson

Brooks - Hill Reunion Held Here Saturday

Approximately 95 people gathered in the Silverton School Cafeteria Saturday, June 14, for a combined reunion of the families of A. T. Brooks, sr. and R. M. Hill.

The W. H. Brooks family led the group with 17 members present. They included Mr. and Mrs. W. H. Brooks and three daughters, Mrs. Wilford Mae Thomas of San Antonio, Roselyn Hutton and Loree Wiley of Houston, and one son, Mr. and Mrs. Jimmy Brooks of Bonham. Rounding out the list were grandchildren and great-grandchildren.

Also attending were the following members of the Brooks family: Mr. and Mrs. Jim Brooks and Mrs. Jane Lusk of Amarillo, Mrs. Marie (Brooks) McCutchen of Brownwood, Mr. and Mrs. Glen Lindsey and Mr. and Mrs. Don Smith and children of Slaton, Bill Brooks and son, Roy Lynn Brooks, Mrs. Fern Minyard and daughters, Mr. and Mrs. Bob Brooks of San Leandro, California, Mr. and Mrs. Floyd Whitney and son, Mike, of Yakima, Washington, Mrs. Tone Brooks, Mrs. Manemma Hutsell and Mrs. Leavie Cherry.

The Hill family also was well

represented. Attending were the following: Mr. and Mrs. Bob Hill, Mr. and Mrs. Robert Haley Hill and son, Monroe, Mr. and Mrs. Bailey Hill and Sylvia, Mr. and Mrs. Ralph K. Hill and son, Denny, Mr. and Mrs. T. V. McClure, Mr. and Mrs. Walter Hill and son, Mr. and Mrs. Fred Hill and daughter, Mrs. Willie Hill, Mr. and Mrs. Bud Long, Mr. and Mrs. Moe Eddleman and four sons, Mr. and Mrs. Ted Childress of Lockhart, Mr. and Mrs. Vance Childress and two daughters, Lisa Childress and Mr. and Mrs. Gabby Aguilar.

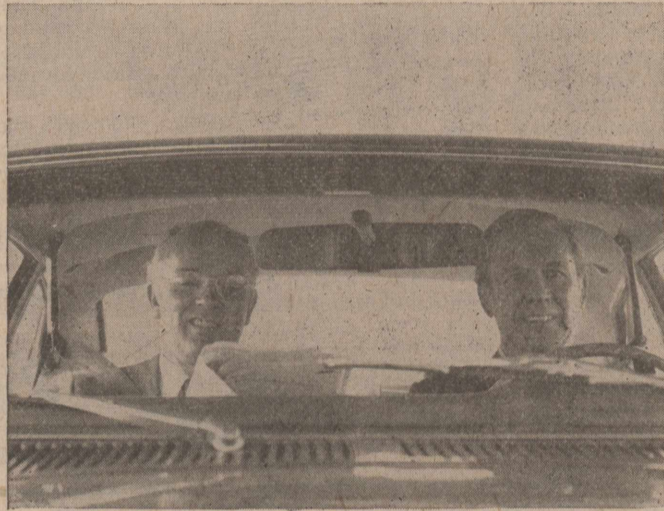

Not living here for several years were the Pitts family. Eleven members of this family attended, including Mr. and Mrs. Shirley Pitts of Amarillo, two daughters and grandchildren, Mickey Pitts of Alexandria, Louisiana, Mrs. Earlene Holland and daughter, Noralene, of Lubbock.

Also attending were Mr. and Mrs. Troy Burson and Mrs. Rosie Dickerson.

Mrs. Blanche Newman, a lifelong friend of both families, also attended.

A bountiful dinner was spread and enjoyed by all. Picture-taking and visiting rounded out the day.

Double up, America.

Two can ride cheaper than one.

If you drive to work by yourself, you're spending twice as much money on commuting as you should.

That's too much.

Cut it in half. Take a friend.

Not only will your daily commute cost you half as much, but that monotonous trip will be a lot more pleasant.

Let's double up. Carpools are a great way to get where we're going. Faster and cheaper.

Small Decrease In Sales Tax Rebates For June In Texas

State Comptroller Bob Bullock Wednesday said a small decrease in the June city sales tax rebates may indicate consumer caution about the economy and spending patterns.

This trend did not, however, hold true in this area of rural Texas.

Bullock said 936 Texas cities would share \$65.3 million this month, compared to payments of \$67.7 million during the same period last year.

June rebates to major Texas cities include:

—Houston, \$13.5 million, compared to \$14.3 million in June of last year.

—Dallas, \$8 million this month compared to \$7.9 million during the same period last year.

—Fort Worth, \$2.3 million, compared to \$2.6 million during the same period during June in 1979.

—San Antonio, \$3.547 million, compared to \$3.556 million during the same period last year.

Silverton's sales tax rebate check brings the year-to-date figure to \$9,610.38, up 14% from a year ago when the payments

totaled \$8,382.81.

The same was true at Quitaque, where \$6,406.51 has been received in 1980. This is up 14% from the \$5,582.69 received for the same period last year.

In neighboring Hall County, rebate payments are up 11% to \$5,952.94 from the \$5,331.04 received in 1979.

Memphis' rebates total \$45,052.87, up 17% from the \$38,481.36 received for the same period in 1979.

In Swisher County, Tulia's rebate total for 1980 is \$60,226.49, up 13% from the \$52,960.69 received during the first six months of last year.

Happy's rebate total for 1980 is \$4,757.65, up 5% from the \$4,491.82 received last year.

Kress' 1980 rebate total is \$5,220.86, up 24% from the total of \$4,182.95 received at this time last year.

The optional city sales tax is collected by merchants and businesses along with the state's sales tax and is rebated monthly to the cities in which it is collected by the Comptroller's office.

Farmers Union Warns Democratic Party To Reverse Farm Policies

A leading Texas farm official, appearing before the Democratic National Platform Committee, has warned that no Democrat can win the state's 26 electoral votes in November unless there is a clear reversal of policies to deal with the impending depression in the farm sector predicted by several noted economists.

Texas Farmers Union President Jay Naman reminded leading Democrats who met in Houston for a party platform hearing that President Carter's 1976 margin was only 51.6% in Texas and indicated rural support for Democrats had deteriorated because of the Administration's actions over

the past 3½ years.

"If the rural vote is interpreted as being a deciding factor in November's election," Naman cautioned, "I suggest President Carter and Senator Kennedy begin to address these (farm) policies. Unless they do, no Democrat will win those 26 electoral votes!"

The farm organization leader additionally stated that while Farmers Union has come closest to the "mainline thinking of the Democratic Party . . . I cannot think of an instance . . . when this Administration has taken one bit of serious counsel from our organization."

Mr. and Mrs. O. E. May and their three sons and families just returned from a reunion in San Angelo. Those attending were Mr. and Mrs. Edwin May and Mr. and Mrs. Guy Breedlove and Alisha of Silverton; Mr. and Mrs. Thurman May of Amarillo; Mr. and Mrs. Bill May of Canyon; Mr. and Mrs. Orrin May of San

Angelo; Mr. and Mrs. W. D. Sewell, Will and Tana of Odessa; Mr. and Mrs. Eddie May and Phillip of Hobbs, New Mexico; and Mrs. Eddie May's sister of Eunice, New Mexico.

Mr. and Mrs. Gordon Jones and Brian of San Angelo joined them for a big fish fry. Mrs. Jones is the daughter of Mrs. Orrin May.

Clarendon College To Offer Emergency Care Training

Clarendon College has announced that an Emergency Medical Technician (EMT) course has been scheduled at the Clarendon campus. Registration will be held in the college administration building at 6:00 p.m. on Tuesday, June 17. Classes are scheduled on Tuesday and Thursday evenings from 6:30 to 9:30 p.m. Registration fee is \$40.00 plus books.

This course consists of 90 classroom hours and 40 hours of in-hospital training. The Texas Department of Health will certify all persons satisfactorily completing the course and a certificate of completion will be awarded by Clarendon College.

Emergency Medical Technicians serving on ambulances have the greatest opportunity of any segment of society to alleviate human suffering at the scene of accidental injury or sudden illness and during transportation to a hospital. With proper training and experience, ready availability of equipment and supplies, radio communication with the hospital and medical staff, and a vehicle designed to meet the needs of the sick or injured, the Emer-

Calligraphy To Be Taught June 21

A one-day course in calligraphy—the ancient art of beautiful lettering—is scheduled for later this month by the Division of Special Services at Wayland Baptist College.

The course, open to both beginner and advanced students 13 years of age and older, is slated for Saturday, June 21, in Room 210 of the Nunn Business Administration Building on the WBC campus. Advanced students will meet from 8:30 a.m. until 4:00 p.m. while beginners will meet from 9:00 a.m. until 4:30 p.m.

Mrs. Jerri Carper, author of a manual entitled, "Calligraphy, A Guide to Artistic Lettering," will instruct the course. Mrs. Carper has taught over 2,500 students the versatile and rewarding art of calligraphy since 1972, conducting the course for various colleges, the Texas Education Agency, and many private and church classes.

Beginner students will receive demonstration and instruction in Roman Seris, Old English and Chancery Italia, while advanced students will learn Uncial and steelbrush lettering, color, free-form, layout, and several other beautiful techniques.

Cost for the course is \$30 per person and includes tuition and supplies.

Registration will be held from 9:00 a.m. until noon on Saturday, June 14, in the Office of the Registrar (Room 102 of Gates Hall). For more information, contact Wayland's Office of Special Services at 296-5521.

gency Medical Technician (EMT) is equipped to serve as the most valuable lay member of the emergency medical care team outside the hospital.

If you are interested in emergency care training, please contact the Registrar's Office at 874-3571 for further information.

Focus On Foods For The '80s

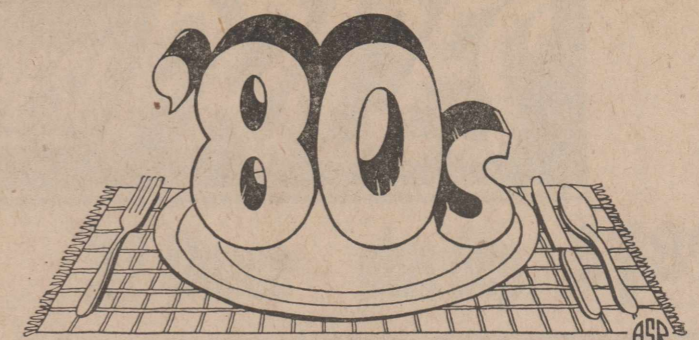

New goals for women, a changing definition of "family," growing focus on leisure time activities and an increasing interest in nutrition and physical fitness are some of the current lifestyle trends certain to have an impact on the food marketing industry in the 1980s.

As the decade rolls out, other trends such as continuing inflation and rising energy costs throughout the entire food chain will make some familiar foods far more costly. At the same time, it will encourage the development of new products geared to conservation.

The recent Woman's Day Family Food Study by Yankelovich, Skelly and White suggests that the future also holds increasing demands for more freshness, open dating, nutrition labeling which is less technical and more descriptive . . . and a continuing demand for high quality foods for a fair price.

Probably the biggest factor influencing America's food selection, preparation and consumption patterns—today and in the future—is working women, who now comprise about 40 percent of the labor force. During the last ten years, their numbers have increased dramatically to include 45 percent of all single and married women under 65 years of age. In fact, according to the U.S. Bureau of Census, the traditional American family—wife/mother at home, father working and one or two children—comprises only 13 percent of all households today. Another important factor is the decreasing size of households with more than 50 percent having only one or two members.

The changing needs of today's households are reflected in the supermarket with the availability of more and more convenience foods—both shelf-stable and frozen, more single-size portions and more products that anyone (not just mother) can prepare.

Other trends in food preparation are indicated by the National Menu Census, a study conducted by the Market Research Corporation of America. They are instant meals and gourmet cooking . . . with food preparation becoming an avocation as well as a vocation for women. The study also indicates that more men, teenagers, and children are shopping for and preparing meals. Thus, meals prepared at home are getting simpler. Eating patterns are more flexible to accommodate the many outside activities of family members and often the menu is a last minute decision.

The Yankelovich study also reports a growing trend toward less discrimination between breakfast and dinner foods (almost any food is suitable for any meal). There is also greater emphasis on the balanced nutrition day rather than the balanced individual meal—a pattern many nutritionists recommend to accommodate away-from-home eating habits.

When they do eat at home, because of higher prices, the Menu Census finds consumers substituting other, less expensive protein foods such as chicken, eggs and cheese for meat . . . and stretching their food dollars by "brown bagging," using leftovers, and serving homemade soups, casseroles, pasta and rice dishes and main dish salads.

At the same time, convenience foods account for nearly half of all goods sold nationally in retail grocery stores. To speed their preparation, an in-

creasing number of consumers are using energy/time-efficient microwave ovens. Especially suited to the needs of smaller households and working women, there are currently 10 million microwave ovens in 15 percent of U.S. Homes . . . and the industry predicts an increase to 45 percent by 1985, with more than 40 million ovens in use by 1990.

This phenomenal growth has created a need for change in cookware, prepared foods and packaging. Many companies are now marketing frozen convenience foods in ovenable paperboard trays.

The flexible retort pouch, recently introduced in the U.S., is what many believe to be a major form of food packaging for the future. This food processing technique is basically the same as canning, but requires one-third to one-half the energy canned foods require for processing. It also provides the convenience of canned foods and the quality of frozen foods without freezer storage. The shelf-stable food is prepared easily by dropping the slim, flexible pouch into boiling water.

Through such technological and scientific innovations, the food industry will continue to produce wholesome foods available at a fair market price. To select wisely from this wide variety of food products, write for a single free copy of "Food Selection, Storage, and Preparation" from Kraft, Inc. Send a postcard with your name and address to "Food Selection" (B8), Dept. MR, South Holland, IL 60473.

OUTMODED EQUIPMENT

This young man certainly won't get much real cleaning done with this broom. A modern street cleaning machine would do the job so much better. His straw broom makes us think of how we try to get along without God, without spiritual values, without church. Our life would be so much better if we would exchange this life for one that knows God and practices His precepts. Without church and God we have little or no spiritual equipment. Hearing God's word preached, being with his people, working in His church, helping others through the church all give us the spiritual equipment we need for meeting life. We invite you to attend this week and make a habit of coming to God's house.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cards of Thanks

Dear friends and neighbors, Please let us take this means of expressing to you our most sincere appreciation for all of the numerous phone calls, cards, visits and prayers received by our family out of concern for Carrie Ann after she was snake bitten. Thank you each and every one for caring. Louis, Alice, Brent, Sloan and Carrie Ann We would like to thank everyone who helped us during our time of sorrow over the loss of our loved one. The cards, food, flowers and phone calls were appreciated. The Martinez family

BRISCOE COUNTY NEWS

Ray Thompson Implement Co.

Silvertown, Texas

Buy a new 90- to 180-hp John Deere Tractor or a used tractor and no finance charges will accrue until March 1, 1981. The same money-saving offer applies to implements purchased with the tractor. If you're thinking of leasing a row-crop tractor, now is the time. Lease payments on the new John Deere Tractor of your choice—along with matching implements—will be discounted 15 percent. A 10 percent lease payment discount will be given on other new John Deere equipment.

Stop in and visit with us soon. We can help your dollars do more.
