Proposed Amendments To Be Voted On Tuesday

Qualified voters in Texas will go to the polls Tuesday, November 3, to mark their ballots on seven proposed amendments to the Texas Constitution.

Proposed amendment no. one would authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds or notes.

Number two would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981.

Number three would allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds.

Number four would authorize before moving to Amarillo 20 years ago. He had moved to Albuquerque two years ago.

Survivors include his wife, Jewell G. of the home; three daughters, Mrs. Wayne (Rubye Jewell) Vaughan of Silverton, Barbara Ann Pence of El Paso and Myrna Jean McCain of Albuquerque; 11 grandchildren and seven great-grandchildren.

the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorize the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved but unissued state bonds; and authorizing a program to retire state bonds.

Voters are being encouraged to support proposed amendment no. 4 because it is believed to be crucial to the continued growth and prosperity of this area because of the need for an assured water supply.

Number 5 would provide for the inclusion of livestock and poultry with farm products as exempt from taxation.

Number 5 has the endorsement of all major farm organizations who urge rural Texans to support the approval of this proposition.

State Agriculture Commissioner Reagan Brown says, "As the law now stands, ranchers and poultry raisers are not getting a fair shake." Other farm products in the hands of producers are

not taxed.

If the proposition is not passed, all counties could require producers to render 100% value on all livestock and poultry and could impose taxes at the current local rate as personal property.

Number six would authorize political subdivisions to provide property tax relief for owners of residence homesteads and changing certain property tax

administrative procedures.

Number seven would authorize the issuance of addition bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds.

Absentee voting will be underway in the county clerk's office through Friday. Election polls will be open in the usual places Tuesday, November 3.

Owls To Host Lazbuddie Friday

Silverton's Owls will be host Friday night at 7:30 o'clock to the conference opponents from Lazbuddie. Both teams have failed to win a district outing this year, and both will be seeking to move out of the cellar with a victory.

The Owls lost their game at Valley last Friday night, 46-8, a few points short of what the Harris Rating System had predicted the point spread would be.

The stingy Valley defense held the Owls to 59 yards rushing, but Silverton gained yardage on

the arm of quarterback Shane Reagan who completed 10 of 30 passes for 176 yards. Craig Patton was the leading rusher for the Owls, making 28 yards on seven carries. Clifford Clardy caught three passes for 55 yards to be the Owls' leading receiver.

In the meantime, Valley gained 264 yards rushing and 73 yards passing, for a total offense of 337 yards.

Valley made 21 first downs as compared with 15 for the Owls. Highest grading players were Clifford Clardy, 80%, receiver; Craig Patton, 78%, back, and Eric Patton, lineman.

Gary Juarez was the leading tackler with 12 to his credit.

Valley had mounted a 40-0 lead before the Owls scored on a Reagan to Clardy pass which covered 37 yards. Reagan ran for the two extra points to cap the scoring drive. Valley then came back to score a final time before the game ended.

The Patriots, state semi-finalists last year, are undefeated in district play. The district title will probably be on the line in the last game of the season when the Patriots tangle with the Motley County Matadors (at Matador). However, Valley has a game with Nazareth (at Valley) and Motley County has a tough one with Happy (at Happy) before that time.

The Owls' last game of the season will be played at 7:30 p.m. Thursday, November 5, at Nazareth.

JUNIOR HIGH OWLS

The junior high Owls travel to Lazbuddie this afternoon for their final game of the season at 5:00 p.m.

Last week the junior high Owls played Valley for the third time this season, and lost 38-6. Daniel Rodriguez took a pass from Cal Brannon and scored Silverton's only points.

Senior Citizens To Have Game Night

Silverton Senior Citizens will have their first Tuesday game night Tuesday, November 3, beginning at 6:00 p.m. at the Center.

Refreshments will be served.

Jim Clemmer broke his leg last week and will be out of his shop for a few days.

Everyone is invited to attend. It has been suggested that parents take their children "trick-or-treating" from 5:30 until 7:30 p.m. that day in order not to find people away from home attending the coronation or carnival.

Green Thumb Workers Met In Memphis Thursday

Green Thumb workers in Armstrong, Briscoe, Donley, Gray, Hall and Wheeler counties met Thursday, October 22, at the City Hall in Memphis to learn some "tricks of the trade" when it comes to finding permanent jobs in their home communities.

The workers participated in a "job hunt" session to teach them how to re-assess their job interests and to promote themselves to local employers.

The nearly 44 Green Thumbers are now working under the sponsorship of non-profit community organizations such as schools, senior centers, libraries, museums, community centers, colleges and housing programs.

The Green Thumb program stresses the needed rural community services when it places a worker with a sponsor. A primary goal of the program is to assist workers in finding permanent, non-Green Thumb employment to meet their individual needs.

Green Thumb, an equal opportunity employer, is the oldest federal senior citizen employment and placement program in the nation. Sponsored by National Farmer's Union, Green Thumb has been active in Texas since 1970 and now has workers in 107 counties.

Local workers attending the training session were Lottie L. Clemmer, Mary L. Miller, H. M. Cowell, James H. Wesley and O. E. May.

Wood, and Mark Malone, son of Mr. and Mrs. David Malone, Sixth Grade; Lydia Aday, daughter of Mr. and Mrs. Charlie Cabello, and Joe Perez, son of Mr. and Mrs. Joe Garcia, Seventh Grade; Shavonne Lowrey, daughter of Mr. and Mrs. Gordon Lowrey, and Ronnie Denton, son of Rev. and Mrs. Royce Denton, Eighth Grade.

The crown and scepter will be presented by Scotty Harris, son of Mr. and Mrs. Riley Harris, and Kori Baird, daughter of Mr. and Mrs. Jerry Baird.

Mrs. King Is Hostess To Club Meeting

The Southwestern Extension Homemakers Club met in the home of Briscoe County Extension Agent Lynda Fogerson at

2:00 p.m. on Thursday, October 15, with Christene King as hostess.

The devotional on "Gratitude," given by Georgia Allard, was taken from John 3:16 and was dedicated to the Extension Agent and members. Lois Nance led the TEHA Prayer, and Polly Jarrett read the Club Creed. Ten members answered roll

call with the number of children in the family.

The president, Lanita Cantwell, called for committee reports. Eunice McFall, yearbook chairman, stated that the club Craft and Food Fair would be held in the Fellowship Hall of the First Baptist Church Friday, November 6, from 10:00 a.m. to 4:00 p.m. Plans were discussed and finalized. Leaders were named, and posters were assigned to be put on display.

There will be a display of members' crafts, and door prizes will be given throughout the day.

Plans were discussed for the club's booth at the Halloween Carnival, and each member was asked to bring 15 small useful prizes.

The hostess presented a five-minute craft program on stained glass cloth for pictures or pillows, etc.

Reports from delegates who attended the TEHA meeting in Austin September 8-11 were given.

Crop And Livestock Reports Are Needed

The Texas Crop and Livestock Reporting Service will begin interviewing Texas farmers and ranchers in mid-November on 1981 final acreage, yield and crop production and end-of-the-year poultry and livestock inventories for Texas and individual counties.

The confidential interviews will be conducted through the

mail or phone or in person by field enumerators. Data collection will end in early January.

Doug Murfield, State Statistician, has urged farmers and ranchers to return questionnaires promptly. He said all information reported is kept confidential and is combined with other reported information for state and county estimates. These estimates give Texas farmers and ranchers information on which to plan their production and marketing activity in a way that will be most beneficial to their individual operations.

2. Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day. \$ _____
3. How many people are in your family? _____
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____
