

## All Around the Town

by Mary Ann Sarchet

The audit of the City of Silverton for the fiscal year ended June 30, contains a review of the expenses of the Silverton Volunteer Fire Department paid by the City of Silverton.

The total expense of the department paid by the City for the last fiscal year was \$7,318.57. Briscoe County contributed \$900 to help defray the expenses of the fire department.

This really seems unfair to the people of Silverton, when the records show that fully half of the fire calls require the fire department to go outside the limits of the City of Silverton.

The fire department must do all it can when rural fires are involved and also when fires in neighboring Quitaque require additional equipment and manpower. But it does seem that the county commissioners should take a closer look at the amount the county contributes to the department.

## USDA Announces 1983 Upland Cotton Program

Secretary of Agriculture John Block has announced a 20% acreage reduction program and a voluntary 5% paid land diversion program for the 1983 upland cotton program.

Program sign up will be October 1 through March 31. Producers may request 50% of the projected 1983 deficiency and diversion payments at the time they sign up, Block said.

The U. S. Department of Agriculture estimates the 1983 deficiency payment rate will be 12.8 cents per pound. When farmers sign up, they can request to receive an advance payment of 6.4 cents per pound. The advance deficiency payment rate will be 12.5 cents per pound.

To be eligible for program benefits, producers must limit 1983 cotton planted acreage to no more than 80% of the farm's upland cotton base and devote to conservation use an acreage of eligible cropland equal to 25% of the 1983 planted acres.

For farmers who participated in the 1982 cotton program, the 1983 acreage base will be the same as the 1982 base. If a farmer did not participate in the 1982 program, the 1983 acreage base will be the average acreage planted to upland cotton in 1981 and 1982.

Farmers participating in the 20% acreage reduction program may also voluntarily divert up to another 5% and receive a diversion payment of 25 cents per pound times the farm payment yield times the acres diverted.

Block said the number of acres eligible for payment will depend on the level of diversion selected by the producer up to the maximum of 5% of the base and on the number of acres planted within the permitted acres. The diverted acreage also must be devoted to conservation use, he said.

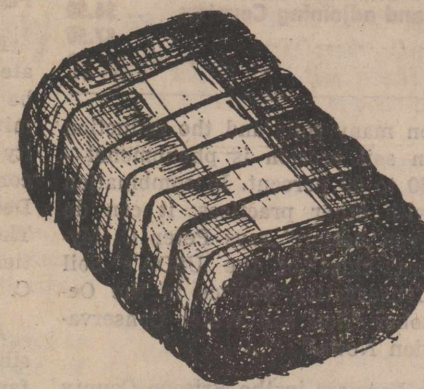

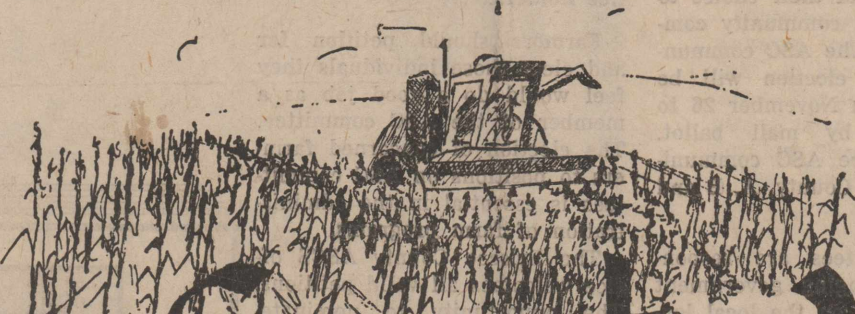

The 1983 target price is 76 cents per pound and the loan rate is 55 cents per pound. The loan rate applies to Strict Low Middling 1 1/16 inch cotton, micronaire 3.5 through 4.9, at average U. S. location.

Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years except for a summer fallow farm, for which the cropping requirement is for only one of the previous two years. It may not be mechanically harvested but may be grazed except during the six principal growing months. Cropland devoted to permanent conservation practices will be eligible for cost-sharing payments through the agricultural conservation program.

Neither cross compliance nor offsetting compliance will apply to the 1983 cotton program.

A recourse seed cotton loan program again will be offered in 1983, Block said. Recourse means the borrower is obligated to pay back the full dollar amount of the loan.

## Progressive Homemakers To Sponsor Annual Halloween Carnival

The Progressive Homemakers plan to sponsor the Halloween Carnival in the school cafeteria on Saturday night, October 30. At least five booths are needed if the activity is to be held.

The carnival is a long-standing tradition, so all who want to see it continue are encouraged to participate. All clubs, groups and

individuals are welcome to have a booth.

Anyone who would like to participate and needs an idea can call Bena Hester, 823-2093. There will be a \$5.00 charge to cover cafeteria cleanup. Anyone interested in having a booth should contact Bena Hester by Monday.

## Owls To Host Nazareth Swifts Friday

Silverton's Owls will host Nazareth Friday night at 7:30 o'clock. The Swifts were undefeated and unscored on until meeting Vega and Valley the past two Friday nights and now have lost two in a row. They will be out to end their losing streak, as will the Owls, Friday night in

Silverton. Nazareth's team is made up of only two seniors, with ten juniors, nine sophomores and eight freshmen. They average 155 pounds each, but have a couple of sophomore tackles who weigh in at 285 and 218, and a senior who tops the scales at 195.

The game was a long one for Owl fans, as the Vega Longhorns intercepted a pass and recovered ten fumbles in trouncing the Owls 57-0 here last Friday night. Playing without one of their senior team leaders, Shane Reagan, seemed to leave the Owl spirits flat.

Vega is, however, the dynamo in the district this year, having just been moved down from AA classification, where they did a pretty good job.

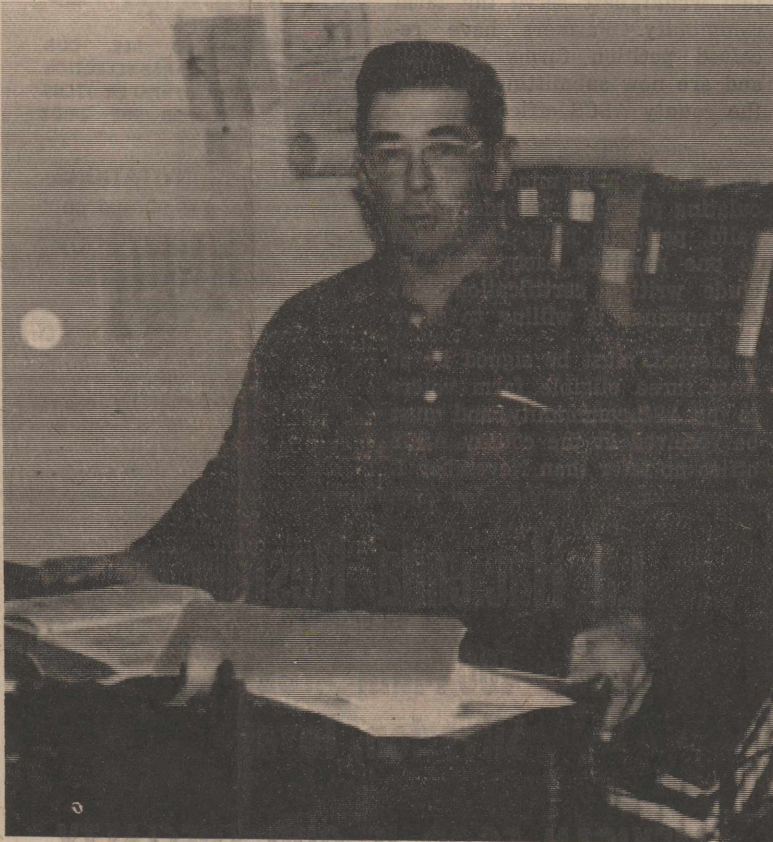

Vega scored 21 points in the first quarter, 14 in the second, 15 in the third and seven in the fourth to control the entire game. They made 15 first downs as compared with three for the Owls. Vega had a total offense of 382 yards as compared with 43 for the Owls.

Tad Cornett was the leading tackler with 13, seven of which were solo efforts. Eric Patton, who has learned how Dallas Cowboy Randy White feels being double-teamed, got 12 tackles, one of which was unassisted. Craig Patton got nine, one solo; Jim Forbes got eight, one unassisted, and Warren Jarrett got seven, three being solo efforts. The Owls rushed for 22 yards and passed for 21.

## FHA ELECTS OFFICERS FOR SCHOOL TERM

Officers elected to serve the Future Homemakers of America this school term are Jan Reynolds, president; Judy Northcutt, vice-president; Missy Brown, secretary; Aida Ramirez, treasurer; Amy Perkins, historian; Donna Boling and Tammi Edwards, parliamentarians.

The FHA will be serving a chalupa supper Friday night and will also be selling turkeys.

MIKE DELANO

## New Soil Conservationist Transfers To Silverton

Mike Delano is the new soil conservationist who has transferred to Silverton to assist the Caprock Soil and Water Conservation District. He began his Soil Conservation Service career in January 1977 at Hartley, and transferred to Lockhart be-

fore being transferred to Silverton.

He was graduated from Tarleton State University with a degree in general agriculture in 1972. He was reared on a farm and ranch operation at Gatesville. Following college he managed a grain elevator in Merkel. His wife, Sherry, is from Blackwell. They have a five-year-old son, Justin, two horses and a dog.

In reply to the question of how he likes Silverton, Delano said, "I think it's a great town with plenty of good people, and I think I will enjoy working here."

## Paul Hobby Visited In Area Tuesday

The son of Texas Lieutenant Governor and Mrs. Bill Hobby of Houston was in Silverton Tuesday morning of last week seeking support for his father's campaign for re-election and urging all qualified voters to go to the polls on general election day, November 2.

Paul Hobby was born September 10, 1960 in Houston and graduated from the University of Virginia this spring with a bachelor of arts in history.

Hobby played linebacker on the University of Virginia's varsity football team for three years and was a member of the university's varsity polo team last year. In addition, he was president of Delta Kappa Epsilon fraternity during his senior year.

With a background of experience in newspaper and broadcast media, Hobby plans to explore work in other areas of communication, particularly media affairs.

Hobby, who will be helping with his father's re-election campaign, said he plans to travel across the state "listening to the people of Texas, and to relay their concerns about the future to the person who can do something about it—Lt. Gov. Bill Hobby."

Mr. and Mrs. Berton Hughes, her brother-in-law and sister, Mr. and Mrs. Hubert Hall, and their cousin, Mrs. Nadine Hall, all of Memphis spent last week in Red River, New Mexico. They returned by way of Taos and Las Vegas, enjoying the magnificent fall foliage.

Fred Brannon underwent eye surgery and received an implant last week at High Plains Baptist Hospital in Amarillo.

## FHA To Serve Chalupa Supper

The Future Homemakers of America will be serving a chalupa supper Friday before the football game with Nazareth. Serving time will be from 5:30 until 7:00 p.m.

Salad, chips, homemade pie and tea will be served with the chalupas. Price will be \$3.50.

## Absentee Voting Opened Wednesday

Absentee voting for the November 2 general election opened Wednesday, October 13, and will continue through Friday, October 29, in the office of County and District Clerk Bess McWilliams.

College students can request that a ballot be mailed to them or can call Mrs. McWilliams when they are home for the weekend. "I will be happy to go to the office so you can vote absentee," Mrs. McWilliams said.

## More Cheese To Be Given Away Here

Silverton Senior Citizens will be assisting with the government cheese give-away in Silverton Friday morning.

The cheese will be given away to everyone who wants some on the courthouse square. If the weather is bad, the cheese will be given away in the community center building north of the Briscoe County News.

## Blood Pressure Clinic To Be Held Friday

Julia Venhaus, who is with the Texas Department of Health Region One, will conduct a blood pressure clinic beginning at 11:00 a.m. Friday, October 15, at the Silverton Senior Citizens Center.

The clinic will be open to the public. There will be no charge.

## SENIOR CITIZENS TO HAVE LUNCHEON FRIDAY

Silverton Senior Citizens will meet Friday, October 15, for their regular monthly luncheon and business meeting.

Ladies of the Rock Creek Church of Christ will be hostesses for the luncheon.

Among those who were in Quitaque Monday to attend the funeral of Mrs. Gladys Wise were Mr. and Mrs. W. E. Schott, Mrs. Nannie Bomar, Mrs. Iris Burson, Mrs. Don Burson, Mrs. Fred Mercer, Mr. and Mrs. Ronald Kitchens, all of Silverton; Mr. and Mrs. Dave Schott Canyon; Mrs. Mary Neff, Trent.

## NEWS OFFICE WILL BE CLOSED FRIDAY

The office of the Briscoe County News will be closed Friday.

Church in Silverton. The Smiths have three married children and eight grandchildren.

## Group Stumping Texas For Democratic Ticket

Texas Democratic Party Chairman Bob Slagle, State Representative Charles Finnell and John Gavin kicked off the Democratic Party's statewide caravan last Tuesday in Wichita Falls to stump for the Democratic ticket.

"We are making a concerted effort to take the Democratic Party's message across the state and to garner support for the Democratic ticket," said Slagle. "I believe we've got the strongest ticket we've ever had," he added.

Chairman Slagle and Balladeer Steven Fromholz will be at the City Hall in Silverton for a rally at 10:45 a.m. on Tuesday, October 19.

The Democratic Caravan tour will span 75 counties across the state and includes North Central, West Texas, East Texas and South Central Texas.

## Mrs. Gladys Wise Buried Monday

Funeral services for Mrs. Vera Gladys (Persons) Wise, 82, were conducted at 2:30 p.m. Monday at the First Baptist Church in Quitaque. Officiating were the Rev. Bob Beck of Fort Worth and the Rev. Mike Grebenik, pastor. Burial was in Resthaven Cemetery at Quitaque by the Quitaque Funeral Home.

Mrs. Wise died Sunday in a Plainview nursing home following a lengthy illness.

Born in Coolidge, she had been a resident of Quitaque 76 years. She was a member of First Baptist Church in Quitaque, and was a former employee of the First National Bank in Quitaque.

She was preceded in death by her husband, Glen Wise; a son, Bruce Persons Wise, and a daughter, Billye Joyce Tibbetts. Surviving are a brother, J. T. Persons of Quitaque; four sisters, Mrs. Sue Berry of Tulsa, Miss Mary Ollie Persons of Quitaque, Mrs. Lucille Savage of Austin and Mrs. Rena Schott of Silverton, and two grandchildren, Cheryl Jackson and Carl Tibbetts.

Pallbearers were O. R. Stark, Jr., James Brunson, Deloy Myers, Bob Ham, Sid McFall and Bruce Price.

## ASSEMBLY OF GOD HAS NEW PASTOR

Rev. James Smith, who will be moving here with his wife from Wellington soon, is the new pastor of the Assembly of God

A number of local highway department employees were recognized in Childress recently at a service and safety award ceremony held by the Childress District 25 headquarters office of the State Department of Highways and Public Transportation. Some 160 employees were present to receive awards and hear

an address by A. Sam Waldrop, Abilene, a member of the State Highway and Public Transportation Commission. Local highway employees receiving awards in Childress were Rick L. Minyard, Johnny T. Tiffin, Lynn H. Smith, Gwan H. Wilkinson and Delbert Gail Bullock.

Congressman Jack Hightower meets with the Hon. Eiichi Nakao, head of the Japanese trade delegation, in Hightower's Washington office. Mr. Nakao is a member of the Diet or Japanese Congress, and is in the United States visiting with key members of Congress on American-Japanese trade issues. Rep. Hightower

urged Mr. Nakao to tell his government that Japan should allow the importation of more Texas and American farm products. Presently Japan maintains tight import restrictions but is under pressure to liberalize its trade policies in view of a Japanese trade surplus and a weakened U. S. economy.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Any one wishing to nominate a farmer for the committee election may contact the county ASCS office for full details, including eligibility requirements for office holders.

- Precinct No. 5—Lake Mackenzie Office, Route 1, Silverton 41-1tc

on many soils and the reduction in soil erosion is phenomenal—50 to 90 percent. In combination with other practices, it can do even better," says Peter C. Myers, chief of the USDA's Soil Conservation Service in the October "Soil and Water Conservation News."

Farmers in the Briscoe County area have reported a savings of up to \$10.00 per acre by using conservation tillage methods to prepare land for cotton or grain sorghum planting. Leaving stubble standing on the soil surface reduces the effects of wind erosion and minimizes damage to young plants. In some cases this can eliminate a replant.

New data from the Department of Agriculture shows that conservation farming is not only less expensive but feasible in more places than expected. "Soil and water conservation thus becomes more than just a good idea for the future and the folks downstream," Myers said. "It can save farmers money right now, as well as their soil and production."

Excessive soil erosion caused by water and wind hurt productivity on one of every three cropland acres in the United States. But Myers said while SCS is looking for even more solutions to soil erosion, the Soil Conservation Service can help almost any landowner resolve conservation problems now.

For more information contact the Soil Conservation Service office in Silverton.

Those visiting with Mrs. Marcella Brown in the home of her son and daughter-in-law, James and Martha Brown, in Gilmer Friday and Saturday were Mrs. Zeldia Dudley, George and Agnes Seaney and Mrs. Donny Garrison, all of Silverton; Mrs. Jeanne Graham of Lovington, New Mexico, and Donnie Hanson of Floydada. Marcella sent hello and her love to her many friends and relatives in Silverton.

### FARMERS ASKED TO MAKE NOMINATIONS FOR ASC COMMITTEE

Farmers are asked to nominate candidates of their choice to be on the ASC community committee ballot. The ASC community committee election will be conducted from November 26 to December 6 by mail ballot. There are three ASC communities in Briscoe County, A, B and C.

ASC committees are responsible for managing government farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals. Briscoe County farmers have the opportunity to nominate persons they feel would best serve the farm community. Farmers have received petition forms by mail and are now submitting them to the county ASCS office.

A few basic considerations should be kept in mind when circulating petitions. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve

if elected, must be signed by at least three eligible farm voters in the ASC community, and must be received at the county ASCS office no later than November 1.

## Discovery by partners

"...one small step for man, one giant leap for mankind."  
 Neil A. Armstrong, 1969

When U.S. Astronaut Neil Armstrong made the first footprint on the moon, he and his partners Buzz Aldrin and Mike Collins fulfilled a centuries-old dream for all mankind.

The success of the Apollo 11 mission was more than a triumph of three crew members working together. It was a triumph of a great network of partners that spanned generations, uniting the discoveries of the past with the skills, courage and imagination of thousands of scientists, engineers and others.

The Apollo 11 lunar mission, which rocketed mankind into the computer age, pioneered the way to a new era of people working together as partners managing technology.

Today, you and Southwestern Public Service Company are partners discovering new ways to manage electricity. For instance, when you install a high-efficiency add-on heat pump to your present furnace, you and SPS work together to help save money. Because the add-on heat pump is a difference worth discovering.

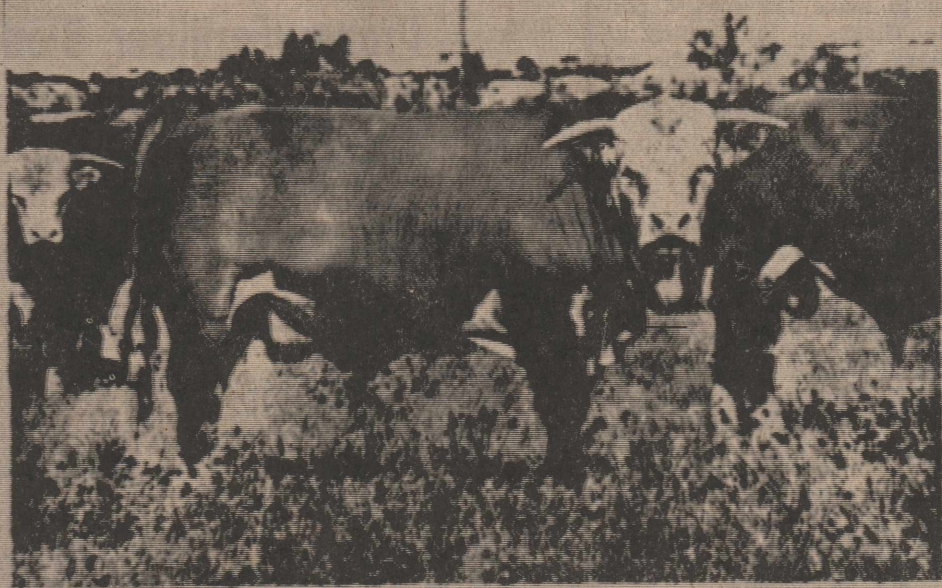

You and SPS, partners managing electricity, make the difference.

The marriage vows will be solemnized at 3:00 p.m. January 8, 1983 at the First Baptist Church in Silverton. Friends and relatives of the couple are invited to attend.

**AS A MAN THINKETH**

Gerald Beasley

**WAKE UP!**

The preacher discoursed interminably and was terrified to see a boy spit-balling certain fashionable members. The youngster, seeing his hesitation, called out: "You keep preaching, Mister; I'll keep them awake!" Said Paul to the spiritually lethargic, "Awake, thou that sleepest, and arise from the dead . . ."

In such sleep one is uncon-

scious, helpless, inactive, living thoughtlessly and purposelessly. Materialism, pleasure, world-conforming (Rom. 12:2) are the poison-laced "Tylenol" dispensed by "the god of this world (who) hath blinded . . . minds" (2 Cor. 4:4).

Even the Corinthians in thoughtless abuse of Lord's Supper observance were "weak and sickly, and not a few slept" (1 Cor. 11). Paul dashed these non-discerners with the cold water of truth (Jn. 8:32).

One time "Peter and they that were with him were heavy with sleep: but when they were fully awake, they saw his glory" (Lk. 9).

" . . . already it is high time for you to awake out of sleep" (Rom. 13:11).

**WATKINS - A FAMILY TRADITION SINCE 1868**

Use these products in your cooking and baking, and discover for yourself the high quality and excellent results which come from using WATKINS. The reason is simple. WATKINS begins with only the highest quality raw materials and uses extraordinary means of producing which enhance the high quality raw ingredient.

**WATKINS VANILLA**

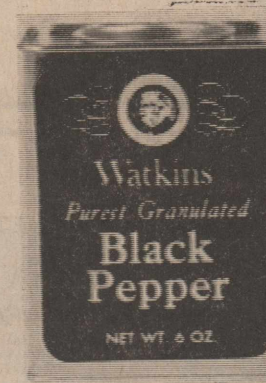

Extracted from the choicest vanilla beans grown, it is aged to produce the finest, most flavorful vanilla you will ever use. Then it is fortified with special ingredients. Pure vanilla alone is very delicate. It loses flavor through freezing or from the heat of baking and cooking. The special ingredients add to the life, strength and stability to make it bakeproof and freezeproof. Because of government regulations, these additional ingredients require the use of the word "imitation" on the label. WATKINS vanilla is double strength; you need only half as much of WATKINS for the full, rich vanilla flavor. WATKINS also makes white vanilla for white cakes, frostings, toppings and candies.

11 oz. \$4.69

**WATKINS PEPPER**

Pepper is one of WATKINS' most popular products. It is pepperier. WATKINS is very selective about peppercorns. They get them from the Far East. The peppercorns are aged to properly prepare them for further processing. Then they are cracked and granulated (rather than crushed) without breaking their vital oil cells. This process also eliminates pepper dust. The result is superior pepper. Available in black, cayenne, red and white.

6 oz. \$3.99

**WATKINS CINNAMON**

Remember when your mother used to roll out her leftover pie dough, sprinkle it with cinnamon and sugar, and bake it for an afternoon treat? Chances are she used WATKINS pure ground cinnamon. It adds a rousing cinnamon taste to hot spiced drinks, hot chocolate and milk shakes. Sprinkle on top of rice, tapioca puddings, ice cream and crisp, juicy apples. Use in pumpkin, apple, peach and custard pies. It is truly a great taste.

6 oz. \$4.99
