

Silverton: Home of Scenic Lake Mackenzie

Briscoe County News

THURSDAY, MAY 17, 1984

VOLUME 76 NUMBER 20

Earl Cantwell, Briscoe County Judge Fred Mercer, Mrs. Alvin [Winnie] Redin and Alvin

Redin were pictured at the tree planting ceremony Friday morning at Lake Mackenzie.

Tree Planted In Honor Of Mrs. Winnie Redin

A flowering plum tree was planted in the park on the south side of Lake Mackenzie last Friday morning in honor of Mrs. Alvin (Winnie) Redin, a long-time teacher in the Briscoe County and Silverton schools.

The ceremony was directed by Briscoe County Judge Fred Mercer, and the commemoration was sponsored by Southwestern Extension Homemakers.

Winnie Joiner Redin's teaching career began in a one-room schoolhouse known as the Francis School. She taught at the Rock Creek School and later in the Silverton Schools. She was honored for her dedicated service and patience with two generations of school students.

In honor of the occasion, Mrs. Carroll (Glenna Wilson) Garrison read this poem she had written:

A LOVELY LADY— Winnie Redin

We honor a lovely lady,
A lady with style and grace,
Who led in gaining knowledge,
Impartial of station or race.

A teacher loved and respected
Who taught in wisdom's way
Inspiring, never demanding,
Her students were led to obey.

This lady was a teacher,
Whose students early learned
That grades were never given,
Each one was duly earned.

She has retired from teaching,
This teacher, neighbor, friend,
Yet of things we learn from her
We're sure there is no end.

But there is one thing lacking,
As time so swiftly passes;
I'm sure I'd be more brilliant,
Had I been in her classes!

Mrs. Polly Jarrett, Mrs. Lanita Cantwell and Earl Cantwell were also on the program.

A large number of former students and friends of Mrs. Redin attended the ceremony.

Mrs. Bess McWilliams spent Mother's Day in Snyder with her sons and their families, Mr. and Mrs. Larry McWilliams and Mr. and Mrs. Jerry Dee McWilliams and sons.

Immunization Clinic To Be Held May 18

An immunization clinic offering vaccines that give protection against several childhood diseases will be held in the Silverton Schools from 1:00 until 3:00 p.m. Friday, May 18. An identical clinic is to be held at the Valley School that same day from 9:00 until 11:00 a.m.

Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella and mumps.

There will be no charge.

Pre-School Screening To Be Offered Here

A pre-school screening for children ages three, four and five years old will be offered at the Silverton School Cafeteria on May 18, from 9:00 a.m. until 2:30 p.m.

The DIAL screening test will be used to assess children in the following areas: gross motor skills, fine motor skills, communication skills and conceptual skills. Hearing and vision screens will also be administered.

The testing will be administered

ed by professional teachers, trained in recognizing learning problems. Approximately 45 minutes will be required for the screening. Counseling will be offered to parents upon completion of screening.

Parents are encouraged to bring children suspected of having developmental delays in any of the above listed areas to the screening on May 18.

Please call 823-2476 if further information is desired.

Contest Winners Named

Winners have been announced in the recent Free Throw and Hot Shot contests, held in conjunction with the youth basketball program.

In the Third Grade Division, the winners were 1. Brian Martin, 2. Gilbert Moreno, 3. Wil T Bomar, Boys Hot Shot; 1. Christy McWaters, 2. Aimee Francis, Girls Hot Shot; 1. Gilbert Moreno, 2. Lance Smith, 3. Casey Frizzell, Boys Free Throw; 1. Aimee Francis, 2. Christy McWaters, Girls Free Throw.

In the Fourth Grade Division, the winners were 1. Brian West, 2. Abel Maciel, 3. Langdon Reagan, Boys Hot Shot; 1. Gwen Clardy, 2. Amy Ramsey, 3. Monica Arnold, Girls Hot Shot; 1. Langdon Reagan, 2. Brian West, 3. Abel Maciel, Boys Free

Throw; 1. Amy Minyard, 2. Gwen Clardy, 3. Monica Arnold, Girls Free Throw.

Fifth Grade Division winners were 1. Wayne Henderson, 2. Bradley Brunson, 3. Mike Miller, Boys Hot Shot; 1. Genie Lavy, 2. Tonya Baird, 3. Carrie Ann Grabbe, Girls Hot Shot; 1. Wayne Henderson, 2. Robbie Weaks, 3. Mike Miller, Boys Free Throw; 1. Genie Lavy, Girls Free Throw.

Sixth Grade Division winners were 1. Kirk Couch, 2. Bryan Ramsey, 3. Anthony Minyard, Boys Hot Shot; 1. Tracy Tomlin, 2. Penni Fogerson, 3. Julie Towe, Girls Hot Shot; 1. Teddy Hubbard, 2. Bryan Ramsey, 3. Anthony Minyard, Boys Free Throw; 1. Penni Fogerson, 2. Melissa Garcia, Girls Free Throw.

CEMETERY WORKING PLANNED SATURDAY

There will be a working at the Milo Cemetery on Saturday, May 19, 1984. Bring your own implements.

Lunch will be spread at noon. Everyone is invited.

Edwin Davis returned home from the hospital Saturday, and is continuing to recuperate from open heart surgery.

PEE WEE CONTEST WINNERS—Standing, Abel Maciel, Brian Martin, Lance Smith, Wil T Bomar, Langdon Reagan, Gilbert Moreno, Brian West, Casey Frizzell; kneeling, Christy McWaters, Aimee Francis, Amy Minyard, Gwen Clardy, Amy Ramsey, Monica Arnold.

OBITUARIES

J. L. [BUDDY] MORRIS

Funeral services for J. L. (Buddy) Morris of Quitaque were conducted Wednesday, May 9, at 3:00 p.m. at the First Baptist Church in Quitaque. Officiating were the pastor, Rev. Jess Little, and Rev. Wayne Norman, pastor of the First United Methodist Church in Quitaque.

Burial was in Rest Haven Cemetery. Pallbearers were Bob Hammock, Odell Gregg, Arlen Morris, Otis Gregg, James Morris and Terry Morris.

Mr. Morris died early Monday, May 7, at Lockney General Hospital where he had been a patient several days.

He was born September 13, 1898 in Anson, and came to Briscoe County 72 years ago. He was the son of the late Marcus A. and Ann Meek Morris.

He married Leona Witcher at the First National Bank in Quitaque on December 24, 1921.

He was a retired farmer and a member of the First Baptist Church in Quitaque. He had resided the past few months at the Lockney Care Center.

He is survived by his wife; two sons, Danny Morris of New Braunfels and Corkey Morris of Dimmitt; a daughter, Mrs. Nadine King of Colorado Springs, Colorado; a brother, Howard Morris of Welch; two sisters, Mrs. Rosa Gregg of Amarillo and Mrs. Ada Lurana Witcher of Roswell, New Mexico; five grandchildren and 18 great-grandchildren.

**VAUGHAN REUNION
SLATED MAY 27**

The Vaughan Reunion will be held on Sunday, May 27, in the Silvertown School Cafeteria.

Plan on attending. Bring a covered dish, or just come by to visit.

Mrs. Ollie McMinn visited with her granddaughters, Gale and Melanie Watkins, in Amarillo over the weekend and attended Melanie's graduation from Amarillo College. She had lunch Sunday with her son-in-law and daughter, Mr. and Mrs. Melvin Watkins.

**Pre-School Day
Planned May 18**

A pre-school day for next year's kindergarten students will be held from 9:00 until 11:00 a.m. on Friday, May 18, in the Silvertown Schools.

Present kindergarten students will be excused from school that day.

All five-year-olds who will pre-register for kindergarten that day are asked to bring their immunization records and birth certificates with them to school that day.

**AMBULANCE SERVICE HAS
REGULAR MEETING**

Silvertown Volunteer Ambulance Service met in regular session Tuesday night of last week with James Edwards presiding.

It was decided that whenever the men go out on storm watch, the old ambulance will be moved to a new location, in case the City Hall should get hit by a tornado and to ease the possibility of both ambulances being damaged at the same time. It was decided to put some of the ambulance service supplies, which would be needed during a weather disaster, in a basement storage.

Following the business session, and refreshments provided by Tom Burson and Larry Comer, the ambulances were cleaned inside and out and waxed.

Attending the meeting were Bruce Tiffin, James Edwards, Janice Hester, Anthony Kingery, Bill and Della Boling, Mary Ann Sarchet, Faye Self, Tom Burson, Larry Comer, Danny Francis, Riley and Sandy Harris, Shelly Gould, Emmett Tomlin and Dick Roehr.

**SWIMMING POOL
CLEANUP IS SATURDAY**

Swimming pool cleanup day will be Saturday, May 19. Everyone is needed to help.

R. E. Brookshier is a patient in serious condition at St. Anthony's Hospital in Amarillo.

VOTERS OF BRISCOE COUNTY:

I thank you for your support and your confidence. We will do our best to serve you for the next four years the best way we can.

DICK ROEHR

JUNIOR CONTEST WINNERS—Standing, Robbie Weaks, Bradley Brunson, Wayne Henderson, Teddy Hubbard; kneeling, Kirk Couch, Anthony Minyard, Mike Miller, Bryan Ramsey.

**4-H Team To
Sponsor Benefit Dance**

4-H Share-the-Fun members invite everyone to come out and support them at a benefit dance Saturday, May 26, in the County Show Barn from 9:00 p.m. until 1:00 a.m.

Caprock Country band of Silvertown will be playing to help these 4-H'ers raise funds for their trip to Texas 4-H Roundup on the Texas A&M University campus June 6.

Admission is \$4.00 per person, and all ages are invited.

Members of the share-the-fun team are Shellie Cornett, Donna Tomlin, Kathy Brown, Jeannita Stephens, Kristy Fogerson, Melannie Daniels, Katrice Minyard and Cal Brannon.

Accompanying the group to College Station will be their coach, Kathy Frizzell, Vaughnell Brannon and Extension Agent

Lynda Fogerson.

Mr. and Mrs. Paul Ray McWilliams recently moved from Amarillo to Lumberton, a suburb of Beaumont, where he is now serving as assistant district attorney for Jefferson County.

Memorial Day Is Time For Remembering

Memorial Day is a time for remembering someone held dear and the American Cancer Society announced today that it can also become a time for turning losses into victories.

According to Mrs. Leo (Peggy) Fleming, Memorials Chairman for the Briscoe County Unit of the ACS, Memorial Day is an appropriate time to make memorial contributions in memory of a loved one lost to cancer. "We call them 'Living Memorials,'" said Mrs. Fleming. "A gift today may spare others tomorrow."

Contributions to the American Cancer Society are used to sponsor the organization's attack on cancer through balanced programs of research, education, patient services and rehabilitation.

The ACS is the largest source of non-government cancer research funds in the country. The current ACS research investment in Texas alone is more than \$4.2 million in grants at hospitals, universities and medical institutions throughout the state.

"The ACS is also very much a community-based organization, however," added Mrs. Fleming. "Our programs and materials are managed by local volunteers—and I think that's important for the people of Silverton and Quitaque to realize when they contribute to this important cause."

According to the latest figures released by the Society this spring, cancer survival rates are rising steadily. The 1984 edition of its annual **Cancer Facts and Figures** indicates 48 percent of

all cancer patients will survive five years or more after diagnosis. This compares with 41 percent just five years ago in 1979.

"We are winning the fight," said Mrs. Fleming. Progress is

being made but we've still got to do more. I think our memorial program remains a convenient and dignified way of turning losses into victories."

Anyone wishing to contribute to the ACS through its memorial program may do so by sending their contribution to Mrs. Fleming at Box 98, Silverton, Texas 79257.

Contributors should include the name of the deceased in whose name the memorial is

being made, along with the name and address of the individual who should receive acknowledgement of the contribution.

There are 403 steps from the foundation to the top of the torch of the Statue of Liberty.

Early Warnings
Today there are 3 million Americans cured of cancer which was diagnosed early enough for treatment. The American Cancer Society urges everyone to learn the warning signs of cancer.

AS A MAN THINKETH

Gerald Beasley

WEEVILS IN THE RICE

Years ago a wealthy Chinaman, visiting in England, had his first opportunity to peer through a microscope. He was enthralled to study the beauty and detail of crystals and flower petals. He bought the device, carried it back to China, and thoroughly enjoyed its use until one day he casually examined some rice he planned to eat. He discovered tiny crawling creatures!

Since rice was a diet staple, he wondered what to do. To clear his mind of the contemptible weevils, he smashed the microscope!

"... the word of God... is a discerner of the thoughts and intents of the heart" (Heb. 4:12). God's inspired message correctly evaluates our worthy thoughts and intents. It also focuses on and makes evident the ugliness of our sins.

As my inner wretchedness is magnified in the mirror of the Word, shall I slam shut its lids? I must remember that it also prescribes the remedy for my malady.

State Comptroller Sends Out Mixed Drink Rebates

State Comptroller Bob Bullock recently sent checks totaling \$11 million to 221 counties and 419 cities as their share of the state's 10% mixed drink tax collected during the first quarter of 1984.

Bullock said the state collected

a total \$39.2 million in taxes on the sale of mixed drinks during the quarter, up 8.3% over the same period in 1983.

Texas cities and counties each receive a 15% rebate on the tax collected on mixed drinks sold

within their boundaries under the law that legalized the sale of mixed drinks in the state.

The state's general revenue fund will receive the balance—\$28 million—of the tax money collected.

The mixed drink tax is collected by the Alcoholic Beverage Commission and city-county rebates are sent out quarterly by the Comptroller's Office.

Briscoe County's total tax revenue was \$2,924.68, and the county's 15% remittance amounted to \$438.70. Silverton's total city tax revenue was \$1,390.46, and its 15% remittance was \$208.57. Quitaque's total tax revenue was \$10,779.51, and its 15% remittance was \$1,616.93.

At Greater Risk

The American Cancer Society advises women with personal or family histories of breast cancer to consult their physicians about the

need for more frequent examinations, or about beginning periodic mammography before age 50.

PRIORITY, a gospel quartet based in Lamesa, Texas, will appear in concert on Sunday, May 20, at 11:00 a.m. and at a fellowship luncheon at noon at First United Methodist Church in Silverton. Group members are Jenny McClendon, Candy Smith, Gary Barron, Layne Heald and Rick Smith.

PRIORITY TO PRESENT CONCERT HERE SUNDAY

Priority, a gospel quartet, based in Lamesa, will appear in concert at the First United Methodist Church in Silverton Sunday, May 20, at 11:00 a.m. The group will also be guests at a fellowship luncheon at noon.

The public is invited to attend.

Priority began in November 1982, born from the heartfelt desire of its members, Jenny McClendon, Candy Smith, Gary Barron, Layne Heald and Rick Smith, to make Jesus Christ Lord of their lives. The name evolved from this commitment and their music is designed to exalt Christ both in praise and worship.

They are a group of lay people—farmers and homemakers, who are active in the music ministries of their own local churches. They see their ministry as one of encouraging and refreshing the heart of the Body of Christ.

Their repertoire is versatile and consistent with Ephesians 5:18b-20, "Be filled with the Spirit, addressing one another in psalms and hymns and spiritual songs, singing and making melody to the Lord with all your heart, always and for everything giving thanks in the name of our Lord Jesus Christ to God the Father."

Watch Your Mouth!

Avoid very hot food, scalding tea and coffee, and heavy alcohol use, the American Cancer Society warns. These could cause changes in the mouth that might trigger cancer. Regular dental checkups make it easy for dentists to spot suspicious conditions in the mouth, the Society says.

Stella Davis Surprised With Birthday Party

What Stella Davis thought was going to be a quick evening before returning home from a drop-in visit with her daughter in Amarillo, turned out to be a surprise birthday party for her.

Approximately 50 members of

her family gathered at a cafeteria to help her celebrate her 89th birthday. The party was complete with a birthday cake and the traditional clown to do magic tricks and lead the singing.

All of her six children, a sister, Mrs. Edna Swartley of Garden City, Kansas, and a sister-in-law, Mrs. Etha Davis of Amarillo, were among the guests and well wishers.

Donna Grabbe received her bachelor of science degree in education from West Texas State University Saturday night at the Civic Center in Amarillo. Among those attending the graduation

SQUARE DANCERS TO HAVE GRADUATION DANCE

Johnny Gillenwater will be calling for the Caprock Squares Saturday, May 19, at Rex Tiffin's Barn in Silverton.

The students who have completed classes will be graduating. Activities will begin at 8:00 p.m.

JUNIOR CONTEST WINNERS—Standing, Genie Lavy, Carrie Ann Grabbe, Tonya Baird, Penni Fogerson; kneeling, Tracy Tomlin, Julie Towe, Melissa Garcia.

were her parents, Mr. and Mrs. Joe Grabbe, her grandmother, Mrs. Annie Grabbe, and her sister, Mrs. Dale McWaters.

Vada Overall of Stockton, California has been here visiting her cousins, Mr. and Mrs. Seymour Brannon, and other relatives.

The new Miss Teen USA, Cherise Haugen, is the 53rd contestant for the coveted title of Miss USA. The winner will be picked May 17, 1984.

WHAT'S YOUR BEEF?

Barbecued beef brisket, Sunday pot roast, country style chicken fried steak, hamburgers cooked on the outdoor grill and thick rare juicy sirloins are all ways in which Texans in the Panhandle enjoy their beef.

If your "beef" about red meat is that it is fattening and unhealthy, then you are missing out on some delicious, flavorful diet-conscious, healthy eating. As a result of new cattle-breeding techniques, leaner beef with less fat and fewer calories is being produced. A three ounce serving of beef provides 195 calories. Beef is an excellent source of protein and contains all eight of the amino acids which are necessary for growth and maintenance of body tissues. As an important source of iron, phosphorus, zinc and copper, beef contributes minerals and vitamins to our diet. Beef is also an excellent source of the B vitamins which are essential for the good health of our skin,

teeth, appetite and nervous system.

Texas leads the nation in beef production and beef is our number one commodity. In 1981 Texas became the first state in the United States history to top \$4 billion in one year from cash receipts of cattle and calves. Texas has 13.7 million head of cattle which are raised on the state's 162,000 cattle farms and ranches. The cattle and beef industry is important to the economy of Texas and especially the High Plains since it attracts related industries such as feedlots, fertilizers, meat processing and packing, feeds and grains financial institutions and transportation facilities.

When purchasing beef it is helpful to know the two types of muscles on the cattle because they are a guide to tenderness and price. Suspension muscles are found along the back bone in the rib and loin sections. These muscles get very little movement and therefore are naturally tender and command higher prices. The rest of the animal is made up of more developed muscles called locomotion muscles. Since locomotion muscles receive move-

ment and exercise, they are less tender. The more we, as consumers, know about the various cuts of beef, the better choices we can make for our food budget. Americans spend about one-fourth of their family food budget at the meat counter. The most tender cuts come from the beef loin and are suitable for broiling and pan broiling. Less tender cuts come from the round, chuck and flank. These are best cooked by braising. Most tender cuts are best when cooked by dry heat methods, such as roasting, broiling, barbecuing, panbroiling, deep fat frying, and stir frying. Other cuts are made tender by cooking with moist heat methods, such as braising, cooking in liquid, slow cooking, and pressure cooking. In general, it is advisable to cook beef slowly at a low temperature for a tender, juicy, flavorful product.

Using marinades on less tender cuts, prior to cooking will make the meat tender and give it added flavor. Marinades are liquids in which beef is placed for two to twenty-four hours. These liquids usually contain an acid ingredient such as vinegar, wine, citrus juice or tomato juice. Most marinades also contain oil which helps the cooking of beef cuts with little natural fat. The acids in the marinades help to break down the connective fibers which make the meat tough. Meat can also be tenderized through the use of commercial tenderizers, pounding, or cubing (using a special mallet).

When planning menus and making shopping lists, keep these points for purchasing meat in mind: (1) The number of persons to be served at a meal. (2) Appetites. No one eats the same amount. Some have hearty appetites, some less hearty. (3) Are leftovers planned? Or will a cut be divided before cooking for more than one meal? (4) If meat is on sale, is there freezer/refrigerator space to store extra purchases to be saved for later meals? When purchasing a cut of beef or meat, figure the price per serving, not the total price or price per pound, in order to determine if the cut is economical. If determining serving size is a problem, remember these simple rules: For boneless cuts allow at least one-fourth to one-third pounds per serving. If bone-in estimate one-third to one-half pound each. If very bony (spareribs, short ribs, etc.) allow three-fourths to one pound per serving. An economically minded shopper can purchase larger cuts called "subprimals," "family packs" or "beef-in-a-bag" and cut these larger pieces into steaks,

chops, roasts, cubes and pieces for grinding.

Cooking with Texas Beef can add flavor, nutrition and creativity to your everyday meals, not to mention compliments to the cook. So, no matter what your beef is—chicken fried steak, brisket or hamburgers, include delicious, nutritious Texas beef in your menus often!

STEAK-A-BOBS

1 round steak
Quartered bacon slices
Quartered onions
Seasoned flour (salt, pepper, and other favorites)
Tenderize steak and cut into 1-inch squares. On wooden skewers, alternate pieces of steak, bacon and onion. Dredge skewers in flour seasoned with salt, pepper and other spices, as desired. Fry in hot oil. Tastes like chicken fried steak and french fried onion rings.

BEEF-TORTILLA CASSEROLE

6 flour tortillas
Oil
2-3 C. shredded roast beef
Salt to taste
1/2 C. sour cream
1/2 C. chopped green onions
1 C. grated Monterey Jack or cheddar cheese
1/2-1 C. canned green chili salsa
Guacamole (optional)
Sour cream (optional)
Cut tortillas into 1-inch squares and fry in hot oil until crisp; drain. Mix beef, salt, sour cream, onions and cheese together. Place half the tortilla chips in medium casserole; cover with meat mixture. Sprinkle with remaining chips. Top with chili salsa. Bake, uncovered at 350 degrees F. for 20 minutes or microwave for four minutes. Top with guacamole and sour cream, if desired. Serves 3-4. NOTE: Prepackaged tortilla chips may be substituted for the fried flour tortillas.

BEEF BROWNIES

1/2 cup finely ground cooked beef
3 eggs
1 cup sugar
1/2 tsp. salt
1 tsp. vanilla
1/2 cup butter or margarine
2 squares unsweetened chocolate
3/4 cup flour
1/2 tsp. baking powder
1/2 cup chopped pecans
Confectioners sugar
Beat eggs, sugar, salt and vanilla together until fluffy. Melt butter and chocolate. Cool and add to egg-sugar mixture. Add ground beef and mix well. Preheat oven to 350 degrees. Sift flour and baking powder together and stir into beef mixture. Add pecans. Spread in an 8x8 inch greased and floured pan. Bake 35 min-

utes. Cool. Sprinkle with confectioners sugar, cut into squares and remove from pan.

NOTE: If you do not think these sound good, try them; you may be surprised! You cannot really taste the beef if it is very fine in texture. The fat from the beef makes these delicious brownies very moist.

of Agriculture, Jim
Hightower, Commis-
sioner

WILL VAUGHAN FAMILY TO HAVE REUNION

The Will Vaughan family will be having a reunion at Lake Mackenzie over the Memorial Day weekend, and would like to invite all their friends to come by and visit with them.

Mr. and Mrs. Berton Hughes returned home Friday after having spent a week in Roscoe visiting their son and family, Rev. and Mrs. Randy Hughes, Amy Lynne and Matthew. On Sunday afternoon, they attended the piano recital of Amy and Matthew, and on Thursday night they attended "An Evening of Music" when the Roscoe bands presented "Bands in Concert" at the high school gym. Their granddaughter, Amy Lynne, received the Outstanding Music Achievement Award in the Fifth Grade Band. She plays trombone.

Doug Forbes was transported to Methodist Hospital in Lubbock Saturday afternoon after being injured in a fall while dumping refuse into the canyon. He underwent surgery on a badly-injured knee.

His brother-in-law and sister, Mr. and Mrs. Jerry Millhollon, were at the hospital with Mrs. Forbes and her sons. Millhollon has his hand in a cast after having had surgery again on the thumb he injured several months ago in a roping accident.

Students from Silverton who took part in Mrs. Ross Herrington's piano recital Friday night at the First Baptist Church in Quitaque were Colby Self, Tara Nance, Kimberly Burson and Carey Blackerby.

Higher Rates

The American Cancer Society reports that the cancer incidence rate for blacks is higher than for whites, and that blacks also have a higher death rate than whites.

FISHING GOOD AT LAKE MACKENZIE—Randy Wassum, Carl Levassar and Larry Farley, all of Amarillo, proudly display a nice stringer of bass weighing from 2½ to 6¼ pounds, which were caught at Lake Mackenzie Saturday evening, May 5, 1984. The water

temperature is high enough now that fish are moving into the shallow water to feed and almost everyone is catching fish. Bass, crappie, channelcat and walleye are being caught in good numbers. Some nice channelcat are being caught on trotlines.

USDA REQUESTS COMMENTS ON 1985 WHEAT PROGRAM

The U. S. Department of Agriculture is seeking public comment on provisions of the 1985 federal wheat program which, by law, must be announced no later than July 1.

Everett Rank, administrator of USDA's Agricultural Stabilization and Conservation Service, said USDA will consider these comments as well as the most current data on U. S. and world crop conditions and the supply and demand outlook before making final decisions on the program.

Rank said USDA wants comments on the following:

*The loan and purchase prices and the established target price. The minimum target price is \$4.38 per bushel.

*The level to be established under an acreage reduction program. This acreage reduction cannot exceed 20 percent of a farm's wheat acreage base and will be combined with an additional 10% paid cash land diversion program. The diversion payment rate must be at least \$2.70 per bushel.

*Whether to allow haying and

grazing on acreage conservation reserve land.

*Whether summer fallow acreage should be restricted for designation as acreage conservation reserve land.

*Whether there should be offsetting compliance requirements for an acreage reduction program.

*Methods for determining 1985 crop acreage bases for wheat.

*Whether contracts that producers will sign to participate in the program should be binding after the signup period.

Rank also asked for comments on provisions for a farmer-owned reserve, commodity eligibility, premiums and discounts, the establishment of county loan rates and other provisions necessary to carry out a loan and purchase program for wheat.

Further details on the proposal are scheduled to appear in the May 11 Federal Register. Comments, which must be received by June 11, may be sent to: Director, analysis division, USDA-ASCS, room 3741-S, P. O. Box 2415, Washington, D. C. 20013.

In addition, a regulatory impact statement on 1985 wheat program options is available by

writing to the same address.

All comments will be available for public inspection in room 3738-S during regular business hours.

ASCS ANNOUNCES DEADLINE FOR COMMODITY LOANS

Price support loans on 1983 corn, sorghum, cotton and soybeans may be obtained until May 31.

The commodity loan program provides immediate cash for farmers and allows them time to access the market or to hold grain for feeding later. Farmers may repay the money before the nine-month maturity date.

To be eligible for price support loans, producers are required to participate in farm programs. Other farm program benefits include target price payments (deficiency payments) and use of the grain reserve.

Corn and sorghum will be eligible to be placed in the grain reserve when the regular price support loan matures. The reserve program offers farmers three-year loans and storage payments to hold their crops off the market until prices reach stated levels.

SHARON McMULLEN

MRS McMULLEN PROMOTED AT BROWNFIELD BANK

President Howard L. Yandell announced several promotions and election of new officers at Brownfield State Bank following the regular meeting of the Board

Fewer Colostomies Today

According to a recent American Cancer Society survey, many Americans wrongly assume that most colorectal cancer patients require permanent colostomies. Because of improvements in early detection and treatment, only about 15 percent of patients with rectal cancer now require permanent colostomies.

of Directors April 9.

Mrs. Sharon McMullen was promoted to assistant cashier.

Mrs. McMullen, who most recently has been serving in the Loan Review Function of the bank, has been an employee of BSB since January 1982. She went to Brownfield from First State Bank in Tulia, where she was secretary to the President.

A native of Silverton, she was graduated from Silverton High School and attended West Texas State University in Canyon. As well as attending AIB courses, she has furthered her education in Loan Review by attending a BAI Credit Analysis Seminar in Lubbock and just returned from a BAI Loan Review Management Seminar in Houston. She also plans to attend the Texas Tech Intermediate School of Banking in May.

Mrs. McMullen is the daughter of Mr. and Mrs. Shafe Weaver of Silverton and is married to Gary McMullen, who is employed by GTE in the Network Construction Division. They have three daughters, Shonda, a sophomore at BHS, Mona, a fifth grader at Brownfield Intermediate School, and Trevah, a first grader at Oak Grove Elementary. Taking care of three daughters and their activities is Mrs. McMullen's full-time hobby outside the bank; however, she served as a Little Dribbler coach in past years. The family attends the First United Methodist Church.

Mr. and Mrs. Charles Sarchet visited in Tulia with her mother, Mrs. J. M. Hill, last Thursday afternoon.

Water concentrating on this sloping hill caused the gully shown in the picture.

Terraces aid in stopping these erosive gullies.

Briscoe Farmers Troubled By Washes and Gullies In Fields

Briscoe County farmers have a problem with washes and gullies farming in areas where water concentrates in their fields.

"These gullies may not always be controlled with cover crops such as wheat," says Mike Delano, who is with the Soil

Conservation Service in Silverton. Gullies that can't be controlled cost the landowner dollars in reduced crop production and loss of valuable topsoil.

Gullies can be halted with the use of conservation practices such as waterways, terraces and

grass seeding. These practices manipulate the runoff in a manner that is less erosive than land that is left unchecked.

The Soil Conservation Service provides technical assistance for correction of the problem areas. The SCS personnel will help you determine the source of the erosion on the land. Recommendations and designs for erosion control practices are available to the farmer through the SCS. Anyone needing assistance can call 823-2320.

SENIORS HONORED AT LUNCHEON

The United Methodist Women of Silverton honored the 1984 seniors and their sponsor, Rick Agee, at a luncheon in the church fellowship hall on Tuesday, May 8.

Also attending were Superintendent and Mrs. O. C. Rampley and Principal and Mrs. Leonard Morgan.

Mrs. Nadyne Childress, UMW president, gave the welcome. Rev. Jene Greer gave the invocation.

Cary Fleming and Tammi Edwards responded on behalf of the class.

Mrs. Ted Reid of Canyon and her daughter, Mrs. Marcalete Dana, visited in Silverton and attended the tree planting ceremony in honor of Mrs. Winnie Redin last Friday.

TO THE PEOPLE OF BRISCOE COUNTY:

I would like to thank all of the people in Briscoe County who voted for me in the May 5 Primary.

Thank you for your support.

CARDS OF THANKS

Words cannot express all the thanks and appreciation we feel for all the support and help we have received from all our friends, neighbors and relatives. Thank you for all the beautiful cards, flowers, telephone calls and all the good food brought in while I was in the hospital and since I came home. We deeply appreciate all your prayers and treasure each and every visit. Thanks to our wonderful ambulance crew for the great job they do. We appreciate every expression of concern. May God bless you in your time of need.

Mary Dee, "Doc" and family

I would like to thank everyone for the food, visits, cards, plants, phone calls, and everything done for me and my family while I was in the hospital and since I've been home. Special thanks to those who helped with our children.

Reba Self

We want to thank everyone who sent flowers, cards and those who phoned during the illness and death of Ray Savage. May God bless you all.

Mrs. Polly Savage and Randy Ricky and family
