

Silverton: Home of Scenic Lake Mackenzie

# Briscoe County News

THURSDAY, JUNE 21, 1984

VOLUME 76

NUMBER 25

## Rains Come To Silverton Vicinity

Finally the rains have begun to fall on Silverton, following a very dry May during which only .54 of an inch fell.

There has been no general rain, and while Carrie Dell Dickerson is flooded beyond description at her place, having received 5.10 inches since Wednesday of last week, Don Curry has been farming his place not far west of her. Mrs. Dickerson reports to the Briscoe County News that she has been keeping her car at the home of Mrs. Syble Teeple, and the road between her home and Mrs. Teeple's is underwater in two places.

The Rex Holts have received 1.50 inches since Saturday night, .80 of an inch of that falling Monday and Monday night.

In Silverton, 1.96 inches have

fallen during the past week, bringing the June total to 2.25 inches. These figures were provided by Fred A. Strange, who keeps the official weather records in Silverton.

The June rains brought the 1984 total to date to 5.40 inches in Silverton.

Neal Taylor reported that they measured 1.25 inches at Lake Mackenzie Monday night, and that about .50 had fallen in addition to that, bringing the total for the past week to a little over two inches.

## Rape Crisis Center Presents Program Here

Susan Felty and June Carter of the Rape Crisis Center in Plainview were speakers for the regular monthly meeting of the Silverton Volunteer Ambulance Service Tuesday night of last week at the City Hall.

They told the ambulance service members and guests that Sharon Pigg has recently undergone training and is now a Rape Crisis Volunteer in Briscoe County. Steps to be taken to preserve evidence of a rape were outlined.

During the business meeting, presided over by James Edwards, the ambulance runs for the past month were reviewed. Secretary Janice Hill is attempting to make a list of all the ambulance service members, with their driver's license and social security numbers and certification expiration date. If she has not already contacted you, she will appreciate your

### RECEIVE DEGREES AT WEST TEXAS STATE

Two from Silverton received degrees at the spring convocation ceremony held by West Texas State University.

Annette Minyard, daughter of Mr. and Mrs. J. E. (Doc) Minyard, received her bachelor of science degree in social work.

Teresa Crosslin, daughter of Mrs. Dorothy Crosslin, also received a bachelor's degree.

Both girls are graduates of Silverton High School.

furnishing her with this information.

Attending the meeting were Edwards, Mrs. Hill, Mrs. Pigg, Bruce and Susie Tiffin, Shelly Gould, Riley and Sandy Harris, Emmett Tomlin, Danny Mac Francis, LaRue Garvin, Jackie Mercer, Mary Ann Sarchet, Anthony Kingery, Tom Burson, Jarus Flowers, Dale McWaters, Rick Minyard and Lynn Frizzell.

Father's Day dinner guests in the home of Buck Wesley Sunday included Mrs. Elvira Weaks, Gary and Cathey Weaks and family, Bill and Jannine Brooks and family, Mildred and Bud Mouser of Plainview and Roy Lynn Brooks.

Joe McWaters underwent cataract surgery last week at High Plains Baptist Hospital in Amarillo. He is home now and reported to be doing fine.

Mikel Griffin was taken to High Plains Baptist Hospital in Amarillo last week after being injured in a ranching accident.

Rev. and Mrs. Randy Hughes, Amy and Matthew of Roscoe visited from Thursday of last week until Sunday afternoon in the home of their parents and grandparents, Mr. and Mrs. Berton Hughes, and attended Sunday morning services at the First Baptist Church, returning to Roscoe Sunday evening.

ABBIE MULLIN

## Five-Year-Old Earns Gold Medals

Abbie Mullin, five-year-old daughter of Brent and Laura Mullin, recently competed in the Graham Music Festival which drew contestants from a five-county area.

Abbie was the only contestant under the age of seven to compete in the Festival. Each contestant played two selections which were chosen by their individual instructor. The panel of judges awarded Abbie two superior ratings for which she was presented two gold medals.

Abbie is the granddaughter of Fred and Vivone Arnold of Silverton and Ottis and Rita Mullin of Turkey. Her great-grandparents are Grace and William Mullin of Turkey and J. T. and Opal Cantwell of Brownwood.

## School Homecoming To Be Held During Rodeo

Silverton's School Homecoming will be held August 9-12, 1984, with registration scheduled for 9:00 a.m. Saturday, August 11, on the courthouse lawn if weather permits. Donuts and coffee are to be served during registration. The Homecoming business meeting is to be held from 10:00 a.m. until 12:00 noon, and the speakers are Mari Rhode, Bonnie Watters and Bill Verden.

The Homecoming Queen will be crowned during the business meeting, classes will be recognized, and winners will be presented from the tennis tournament to be held Friday, August 10. Entertainment will be by the Watters Sisters and lunch will consist of homemade box lunches.

A huge tent will be erected on the courthouse lawn for the barbecue to be held Thursday, August 10, at 5:00 p.m. and the tent will remain up for the homecoming activities. Ex-students, teachers and others attending the homecoming will need to bring their own chairs or blankets to sit on. An arts and crafts fair on the courthouse lawn and parade through downtown Silverton will also be held on August 10.

Class reunions will be held Saturday afternoon, and the school will be open and the tent available for visiting.

Rodeo performances will be held nightly beginning at 8:00 o'clock at Wood Memorial Arena, and dances will be held at the County Show Barn from 9:00

p.m. until 1:00 a.m. each day.

The tennis tournament is to be played Friday. Exes, their spouses, children or grandchildren are eligible to compete. For more information about this, you may call 823-2040 or 823-2507 (Shelly).

The 1984 Homecoming committee is composed of Wayne and Tina (Weaver) Nance, Stan and Lynda Fogerson and Lynn and Kathy (Self) Frizzell. The committee presently has a sailing club trying to arrange sailboat races for the big weekend.

A team roping with 400 teams competing will be held at Wood Memorial Arena on Sunday, August 12.

In addition to the regularly-scheduled dances, there will be square dancing at the County Show Barn with Sid Perkins as caller from 4:00 until 7:00 p.m. Saturday, August 11.

The rodeo performance Saturday night, August 11, will feature a Calf Scramble Challenge between the classes of 1965, 1967 and 1969. The Homecoming Queen will be recognized and the Rodeo Queen will be crowned at this performance of the rodeo.

Complete camping hookups are available in Silverton and at Lake Mackenzie, and there will be tours through the newly-completed Mackenzie Municipal Water Authority treatment plant for those who are interested in this. There will be swimming, boating and cliff diving at the lake.

## Appraisal Board Sets Date For Public Hearing On 1985 Budget

The board of directors of the Briscoe County Appraisal District met in regular session June 14, and set July 5, 1984 at 9:00 a.m. as the date and time for a public hearing to consider the 1985 budget.

The budget had been presented earlier in the meeting by Chief Appraiser Carlye Hill, and after much discussion and examination of each item in detail, the \$75,000 budget was trimmed to \$70,000.

Members present at the meeting were Ray Teeple, Robert McPherson, Paul Ramsey and L. B. Garvin, jr. Joe Mercer was the only member who was absent.

The meeting was called to

order by Chairman Garvin, and Secretary Teeple read the minutes of the last meeting. Mrs. Hill gave the financial report.

The new 1984 agricultural land value schedules were examined. Since there is less than 5% variance from the 1983 schedules, there will be no change for 1984.

Mrs. Hill reported that the 1984 current collections through the month of May amounted to: Briscoe County, 95.2%; Silverton ISD, 95.9%; City of Silverton, 95.2%; Mackenzie Water Authority, 94.9%.

There was extensive discussion on certification of the chief appraiser. Members feel it is in

the best interest of taxpayers that the appraisal district have a certified chief appraiser before the next required reappraisal. This would help keep costs of reappraisal down as the chief appraiser could perform many of the duties that required a professional appraisal firm during the 1981 reappraisal.

The motion carried to pay Mrs. Hill's tuition and travel expenses to remaining schools required for her certification, and set the requirement that she must complete her certification by June 1986.

Following examination of the current month's bills, the motion carried to pay all bills presented at the meeting.

**MARTA INGLIS SCHWEDE**

Funeral services for Marta Inglis Schwede were conducted at 10:30 a.m. Friday at the First Baptist Church in Tulia. Officiating were the Rev. Charles Davenport, pastor, and Rev. P. Marc Clayton, pastor of Christ Evangelical Lutheran Church in Tulia. Burial was in Rose Hill Cemetery at Tulia with arrangements directed by Wallace Funeral Home.

Mrs. Schwede was found shot to death Tuesday afternoon, June 12, at her home in Nederland, according to Nederland police. Charges of murder were filed against her husband about 5:00 p.m. Wednesday and bond set at \$150,000 by Judge Wallace McCasland, a Jefferson County justice of the peace. Schwede is currently in Jefferson County Jail in Beaumont.

Mrs. Schwede had two gunshot wounds in her head from a small caliber firearm, said Detective Charlie Myers of Nederland. He said Justice of the Peace Johnny Knowles pronounced Mrs. Schwede dead at 2:48 p.m. Tuesday.

The woman was found fully clothed on the floor of her bedroom. She was found by a neighbor who went to investigate at the request of Schwede who called the neighbor, saying he had become concerned when his wife did not call him at work as arranged, Myers stated. The neighbor called police.

The former Marta Dee Inglis was born August 26, 1957 in Tulia. She and Charles R. Schwede were married April 24, 1976 in Tulia.

The Schwedes moved to Nederland in 1983 from Anderson. She was a Lutheran.

Survivors are her husband; two daughters, Amanda RaDee and Lyndsey Ann, both of the home; her parents, Mr. and Mrs. W. D. Inglis, who live 11 miles west of Silvertown on Highway 86; two sisters, Melody Finkner and

**BEEF OUTDOORS**

The good life—it's a picnic in the park, a barbecue in the backyard or on the balcony, a cookout at a campsite, hearty take-along food served from the tailgate.

The good life—it's enjoying delicious food and warm companionship in the great outdoors—with the family or with a few, or a few dozen, friends.

This good life is built around beef, America's favorite meat, styled for leisure living, cooked to perfection, served with pride and enjoyed to the fullest.

One out of every 11 women will develop breast cancer at some time in their lives.

Marcia Nunn; a brother, Kyle Inglis; her maternal grandparents, Mr. and Mrs. L. L. Anderson of Anton and her paternal grandmother, Hattie Street of Tulia.

**Garrison Injured In Two Vehicle Accident**

Don Garrison was listed in stable condition in intensive care at Central Plains Regional Hospital after he was injured in a tractor-trailer and pickup accident near 3800 North Quincy Street in Plainview late Tuesday morning of last week.

Garrison, 67, received the injuries when the 1982 Chevrolet Scottsdale pickup he was driving was struck by a tractor-trailer rig driven for DePaw Construction Company of Amarillo by Charles August Hunt, 48, of Amarillo.

Police reports state that both vehicles were traveling southbound on Interstate 27 about

11:15 a.m., and the collision occurred as Garrison was attempting to make a turn. He was taken by a Plainview EMS unit to Central Plains Regional Hospital.

He was placed in intensive care for observation due to his having a heart condition. He is improving well, and expected to return home the first of this week.

Recent weekend guests of Mr. and Mrs. Frank Yeary were Mr. and Mrs. Namon Phelps of Farmington, New Mexico, who were here to visit his sister and brother-in-law. Also guests in the Yeary home were Charlie and Bettie Fisher and C. J., Albuquerque, New Mexico, Mr. and Mrs. Max Yeary and children of Floydada.

Mr. and Mrs. Charles Sarchet spent the weekend in Lubbock with Mr. and Mrs. Ken Sarchet, Brandon, Jordan and Molly. They stayed with the children Friday night while Ken and Jonann went to a church picnic and Saturday night while they went out to eat and to a movie to celebrate their wedding anniversary.

**Nance Reunion Held  
At Lake Mackenzie**

Members of the family of the late Joel and Jewel Poole Nance met Saturday for a reunion at Lake Mackenzie.

J. D. and Lois Nance hosted the gathering. The family members enjoyed a pleasant day as they visited, dined and enjoyed the beautiful lake.

Attending from Amarillo were Mrs. Norma Scarborough, Mrs. Jan Parton, Jeff and Phil, Mrs.

but he that doeth the will of my Father . . . Everyone that heareth these words of mine, and doeth them, shall be likened unto a wise man" (Matt. 7).

" . . . Jereboam was a mighty man . . . and Solomon seeing the young man that he was industrious, he made him ruler . . ." (1 Kgs. 11:28).

Success requires action, getting started. As a man rises from sitting, he increases his pressure on the ground. In sitting (idleness), his power is little. In arising (beginning!), he doubles his force. In moving (doing!), he multiplies possibilities!

Confucius said, "The superior man is modest in his speech, but exceeds in his actions."

It was "in the heart" of David to "build a house" for Jehovah, but he was not permitted because he was "a man of war." God chose Solomon as builder. Thus, more than one time David exhorted his son, "Be strong, and do it." Don't just talk, don't just plan, do it!

**LETTER TO THE EDITOR**

It's a pleasure to enclose a check for a renewal subscription. I've really enjoyed the paper during the last year, and wish I'd subscribed much, much sooner.

I grew up in and around Silverton, and despite the fact that I left there over 32 years ago, I still call it my "home town."

Seeing the familiar names and faces in the paper each week is, in a sense, like revisiting relatives and old friends.

I especially enjoy the "Looking Back" column.

Gratefully yours,

## Phelps Reunion Held In Quitaque Recently

The eighth annual reunion of the descendants of the late J. T. and Rhoda Phelps was held recently at the Community Center in Quitaque.

Phelps children attending were Frank and Nora Lee Yeary of Silverton; Flossie Truelock, Paducah; Tommie Harrison, Quitaque; Basle and Nancy Phelps, Dallas; Noman and Lala Phelps, Farmington, New Mexico; Charles and Ruth Phelps, Canon City, Colorado; Delbert and Ruth Phelps, Quitaque; Robert and Shon Phelps, Quitaque; Bobby and Billy Phelps, Dallas; Norman and Melba Harrison, Weatherford; Kim, Vickie, Stacy, Amanda and Kellie Davis, Jo and Dave Hall, Linda and Christy Wright, all of Dallas;

Trueman and Lynn Harrison, Merkel; Billy and Janie Harkey, Robbie and Keith, Lubbock; Judy Smith, Weatherford; Billy and Nancy and children, Anton; Kenneth and Mavis Lea, Weatherford; Charlie and Bettie Fisher, and grandson, C. J., Albuquerque, New Mexico; Suedy Scroggs, Spearman; Oree Cook, Paducah; Litty Jean Mayberry, Odessa; Aquena Reynolds, Canon City, Colorado; Otto and Dee Miller and Tammy, Pampa; Sammie and Kathy Miller, Keith and Deanna Miller, Plainview; John Castleberry, Cloud and Doris Conner, all of Amarillo.

Visitors included Carl and Vera Woods of Quitaque and Carl Wayne Woods of Dumas.

## Summer Means Swimming To Most Children

Summer means swimming to most children, but clean, shallow water and warm weather don't guarantee their safety, warns a Baylor College of Medicine specialist.

Near-drowning, swimmer's ear and chilling are common dangers for swimmers, said Dr. Harold Reuter, who specializes in ear, nose and throat disorders.

However, Reuter said, close supervision, rinsing the ears, and shortened swim periods will help prevent these problems.

Near-drowning, or shallow water blackout, can occur when children compete to see who can stay underwater the longest, said Reuter, a clinical professor at Baylor.

A swimmer taking many deep breaths before going underwater exhales carbon dioxide from his lungs, Reuter explained. Carbon dioxide normally stimulates breathing and prevents a person from holding his breath too long. But if there is not enough carbon dioxide in the lungs, the oxygen level can drop low enough to cause a blackout.

"There are more than 8,000 deaths a year in the United States caused by drowning," said Reuter. "Many have occurred

from shallow water blackout. And many near-drownings are not reported at all."

If someone blacks out underwater, Reuter advises giving artificial respiration immediately. The simple prevention for near drowning is not to breathe heavily and then try to stay underwater for a long time.

Swimmer's ear, or external otitis, occurs when the ear is exposed to water for long periods of time or when wax traps water in the ear. The skin in the ear becomes wrinkled and itchy, and if scratching breaks the skin, a bacterial or fungal infection may develop.

"The big difference between a skin infection any place else and in the ear is that the skin in the ear canal is closely applied to the bone, so the slightest bit of swelling causes a great deal of pain," Reuter said.

People who repeatedly suffer

from swimmer's ear should rinse the ears after swimming with a solution of one tablespoon of white vinegar to five ounces of rubbing alcohol, Reuter said.

Chilling, which may make a child less resistant to colds, occurs even in the hottest weather, because water temperature is always lower than outside air. Staying in the water too long periods lowers a child's body temperature below normal, causing shivering and blue lips.

Reuter advises that children should come out of the water every half hour to warm up.

### ENJOY HAVING CHILDREN HOME FOR A VISIT

Ottis and Rita Mullin were thrilled recently when their children and grandchildren visited them in their home in Turkey. Since their daughter and family, Steve and Jena McClaine and son, Christopher, live in Michigan, it was an unusual treat to have all their children and seven grandchildren at the same time. Besides Jena, Steve and Christopher, they had Brent, Laura, Abbie, Alana and Aaron Mullin of Graham, Connie, Bryan, Corey and Micah Mullin of Abilene. Norman Mullin didn't get home because Halliburton (for whom he works) had him cover another engineer's area that weekend.

### LETTER TO THE EDITOR

Finally I have thought to renew our subscription.

It is impossible to tell you just how much I enjoyed the "pre-school recipes." I took the paper to school for my customers to read. Some asked for copies and said they had not had such a good laugh in years. We have sent a copy to our aunt in California. Am sure she will share the recipes with many of her friends.

This is one of the things I love about the home-town paper. We can share the happy moments our little friends create.

Thanks,  
Ellen (Edwards)

Breast cancer will kill an estimated 37,300 women in 1984.

### Unproven Remedies

Beware of unproven remedies. They may sound appealing, but they are usually worthless. Relying on them can delay good treatment until it is too late. Check with your doctor or the American Cancer Society.

## Chisel wide and deep... tow narrow!

### Hesston 2340 Flat-Fold Chisel Plows

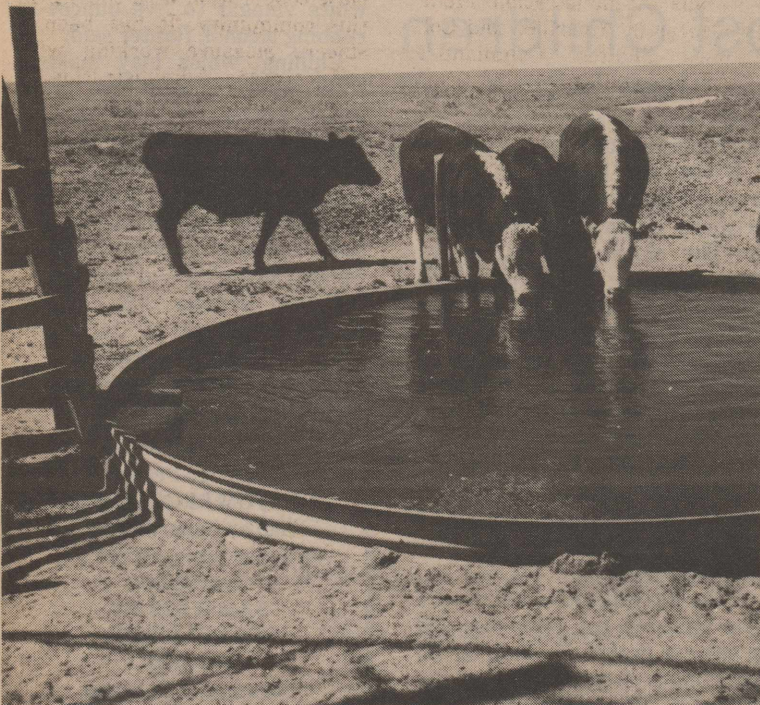

These new medium-duty tillage tools offer working widths from 16 to 25 feet. Their Flat-Fold design provides excellent roading clearances...with road widths from 10 to 15 feet.

Big 5-inch square box-beam frame provides strength for deep plowing. Rugged rigid shanks are standard. New Spring-Cushion Auto-Reset shanks (optional) are ideal for tough soils. They trip a full 10 inches to clear obstructions.

**HESSTON** The **PRIME LINE**

Cattle drinking at a range water tank.

## Adequate Drinking Water Must Be Maintained For Grazing Animals

Stocking rates cannot be evaluated only in terms of forage since it must be accompanied by adequate drinking water for the grazing animal. Maximum livestock gains can be obtained only when both the forage and the water supply are adequate.

Plans for developing adequate water for drought years cannot

be postponed until drought begins. During drought periods, water shortages are often as severe as forage shortages or even more severe. More common is a heavy concentration of animals at remaining water sources after the less dependable springs and reservoirs dry out.

On the other hand, care must be taken that additional water development is not used to crowd more livestock onto a fully-stocked range. There must be adequate forage to go with the new development.

The location of water developments on rangeland is important in controlling the movement, distribution, and concentration of livestock. More watering places are required on rough than on level or rolling terrain. Cattle should not have to travel more than one-quarter to one-half mile

on level or gently rolling range.

Daily water requirements on frequency of watering of range livestock should be considered. Normally, eight to ten gallons per day is ample for mature cows, three-quarters to one gallon per day for range sheep and goats, and ten to twelve gallons per day for horses. High temperatures, low humidity, high salt or protein content in the diet, dry feeds, and increased feed intake, all increase water consumption.

There are various types of water developments. These include lakes, ponds, streams, springs and wells. A combination of two or more types of water developments is often more advantageous than one type only.

For assistance with the design of livestock watering facilities, local ranchers should contact the Soil Conservation Service at 823-2320.

### APPENDIX A STATEMENT OF NONDISCRIMINATION

Lighthouse Electric Coop., Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

## More Power To You

### Pulling Power

When you buy a four-wheel-drive tractor you're buying pulling power. So put your money where the power is... at the drawbar. That's why Steigers are designed to deliver more of their rated engine horsepower to the drawbar. The rugged, reliable and efficient drivetrain is the key.

### Buying Power

It seems like a lot of people think that a Steiger costs more than it does. They look at the tractor's pulling power, its reputation for reliability, and the ruggedness. And then mistakenly assume they have to pay extra to get all this. Steigers cost less than a lot of competitive four-wheel drives that have lesser features and specs.

### SPECIAL SUMMER FINANCING

Now your buying power is even better! For a limited time when you buy a new Steiger in addition to its efficient pulling power you can receive:

- Financing as low as 8.9% APR\*
- Interest Waiver to March 1, 1985\*
- \$5000 Cash Rebate From Steiger

See your Steiger dealer for details today!

**LORD, TEACH US TO PRAY**

Rev. John Bailey

Prayer is an immensely powerful weapon. It is stronger than all armies, more powerful than atomic navies and certainly more effective and at times more devastating than all the nuclear weapons in the world.

These are dark days. Days of terrorism and drug abuse. Days of sexual perversion and alcoholism and fear of nuclear war. Despite these dark clouds of woe, it is a wonderful thing to know that there is a silver lining through prayer. The Bible says, "For whosoever shall call upon the name of the Lord shall be saved." (Romans 10:13)

At times such as these we should remember and listen to what God is saying to us: "If my people which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then I will hear from heaven, and heal their land." (2 Chronicles 7:14)

Prayer changes things and people. It promotes holiness and kills sin. Prayer can remove obstacles and give victory. It changes circumstances and changes attitudes.

We must stay with the basics and use what God has given us. Why do we utilize the greatest force in all the world so seldom? Lord, teach us to pray.

**DOD/VA ACTIVATE SHARING AGREEMENT**

An agreement important to veterans, active duty military personnel and taxpayers will provide improved medical care to both active duty military personnel and veterans at a substantial financial savings to the taxpayers.

The idea behind the agreement is to have the Veterans Administration and the Department of Defense work together and share resources. Improved medical care and saved tax dollars will be the result.

Parties to the agreement will be the Reese Air Force Base Hospital and the Amarillo Regional Veterans Administration, which includes the Amarillo Veterans Hospital and the Veterans Administration Clinic in

Lubbock.

Paul G. Grogan, director of the Veterans Administration Medical Center in Amarillo, told Col. Thomas Sheffer, Commander USAF Hospital Reese, "I foresee a dynamic relationship and look forward to working with you to provide our VA beneficiaries and military personnel quality medical care."

Colonel Sheffer seemed equally enthused when he said, "I'm

very pleased to think that we are going to be able to work in such close cooperation with the VA in this community. It has been a sincere pleasure working with the Veterans Administration in accomplishing this sharing agreement."

Brig. Gen. Bealer T. Rogers, Command Surgeon, Air Training Command, was there from San Antonio to witness the event.

sal forms, specifications and  
plans may be obtained from the  
City Secretary, Jerry Patton,  
Box 250, Silvertown, Texas 79257.  
A. R. Martin, Mayor  
City of Silvertown, Texas

24-2tc

## CARDS OF THANKS

May I take this means of  
saying "thank you" to all four  
church people whom I consider  
my friends, for the prayers  
uttered in my behalf in my recent  
surgery. Also those who came for  
my surgery. It meant so much for  
you to be there to help Raymond  
through the ordeal. Thanks for  
all the nice cards, plants, food,  
visits. It's nice to live in Silvertown  
in time of need—you have every-  
body's support.

My heart is full of love for  
every one of you.

Ravenel

We would like to say thank-  
you to Fogerson's Lumber for  
bringing their forklift to put the  
shingles on the roof of our church  
last Saturday.

We also want to thank the City  
for the use of their dump truck to  
haul off the old roof.

And we especially appreciate  
the men from the Calvary  
Assembly of God Church in  
Pampa who came down and put  
the new roof on for us. God bless  
you all.

First Assembly of God  
Church in Silvertown, Texas

## BUILD A LIVING TERRACE OR PATIO

A living terrace or patio can do  
a lot for a home landscape, notes  
a landscape horticulturist with  
the Texas Agricultural Exten-  
sion Service, Texas A&M Uni-  
versity System.

It can enhance the property  
value, provide space for recrea-  
tion and entertainment, and  
bring indoor and outdoor environ-  
ments together.

A terrace or patio should be no  
less than eight to ten feet wide  
and should repeat the lines of the  
adjacent building. The surface  
should be firm and relatively  
smooth and should slope gently  
away from the house for proper  
drainage. Design a patio to  
provide privacy, which can be  
provided by plants, constructed  
screen or orientation.
