Don't Expect to be Sick

Too many people seem to look forward to the season of the year when their favorite disease will make itself felt. It is surprising how few of these people are disappointed.

SOCIETY and Club

Dinner Party

Misses Exa Cahill and Nettie McCollum gave a pretty dinner party Friday evening honoring Terry Randall, who has gone to Galveston and Jesse Campbell of Rule, whose birthday it was. Sweet peas were used as a table center piece with fronds of the flowers extending to each plate where there were nut baskets of sweet peas with the place cards in them. The bunches of sweet peas also hung from the light fixtures.

A four-course dinner was served by Misses Louise Kaizer and Marguerite McCollum. Miss Exa Cahill was toastmistress for the evening. Mrs. Theron Cahill toasted Terry Randall, Miss Marylee Pinkerton rendered a song and a very clever encore. Miss Nettie McCollum toasted Jesse Campbell. A large birthday cake was then brought in and cut and each of the honor guests received a lovely gift. After the dinner the young people attended the Follies at Stamford. The following enjoyed the hospitality: The honorees, the hostesses, Miss Marylee Pinkerton, Marlin Wilson of Rule and Mr. and Mrs. Theron Cahill.

Mrs. Murchison Honored

Mrs. Murchison, who spent last week in Wichita Falls as the guest of Mrs. Buford Long, was honored at some beautiful parties. Mrs. Long entertained with a lovely party at the Country Club honoring Mrs. Murchison. Mrs. Burns also entertained with bridge and Mrs. Murchison received a beautiful guest prize. She attended several other hospitalities. Judge Murchison spent part of the week in Wichita Falls and enjoyed some of the social affairs.

Farwell Party

Miss Lena Echel Hill gave a lovely party Friday evening honoring Helen Caldwell who has gone to Canyon to attend the Normal. As soon as the guests arrived their fortunes were told by Miss Nell of Plainview, who also entertained them with some magic tricks. They were entertained so delightfully that time to go home arrived all too quickly. Refreshments were served to Misses Edith and Mamie Jones, Dessie Kennedy, the hostess and honoree, Rev. and Mrs. M. D. Hill, Miss Nell of Plainview, Messrs. Floyd Cook, Orno Cass, Harry Lee and Jerome Sanders.

Masquerade

Miss Marylee Pinkerton entertained with a most delightfully-planned masquerade dance Saturday evening honoring Terry Randall. The home was decorated to carry out the carnival spirit. Streamers of different colors were draped and hung all over the reception rooms. The guests came in costume and masked and each one carried a balloon, further carrying out the carnival idea. The dining room was very pretty with a large doll lamp as a table centerpiece and black streamers extending from it to the places. The place cards and nut baskets were also black. Altogether the decorations were very striking and unique. The following enjoyed the two-course luncheon and dancing later: Misses Nettie McCollum, Lucille Taylor, Exa Cahill, Lucille Campbell of Rule, Mrs. Flaucy Galloway and the hostess, Mr. and Mrs. T. A. Pinkerton Messrs. Vernay Anderson and the honoree, Marlin Wilson, Ed Verner, Jesse Campbell and Dr. Parmley of Rule.

Parent-Teachers Association

The P. T. A. will meet at the High School Thursday June 12th at 5 o'clock p. m. We hope to have each member present at this meeting.

We welcome anyone who is interested in our school or child welfare work.

Mrs. R. J. Earnest and daughter Miss Lois have returned from a visit with friends and relatives in Ft. Worth and Dallas.

Mr. and Mrs. O. Cole and children and Mrs. H. C. Weaver visited the Earnest and Sanders families here Sunday.

Mesdames and Messrs. B. M. Whitaker and J. A. Couch motored to Stamford Sunday afternoon to meet their daughters Misses Maurine Couch and Majorie Whitaker who attended Baylor Belton this year.

Miss Helen Caldwell left Sunday for Canyon where she will attend the summer school. Mr. and Mrs. Caldwell were fortunate in having two daughters graduate this spring. Helen finished in the Haskell high school and Miss Anna Mae in Canyon State College.

Judge and Mrs. P. D. Sanders have gone to Austin to witness the graduation of their son Cedric at the State University.

Prof. Lebo Takes Vacation at Bryn

Prof. and Mrs. M. B. Lebo left last Friday for Bryan Texas where they will spend their vacation for the summer, after which they will return and Prof. Lebo will take his place as principal of the High School, which he has held the past two terms. Haskell is fortunate in securing the services of Mr. Lebo again and his many friends will be glad to learn that he has accepted the place.

A LETTER TO THE SCHOOL PATRONS OF THE CITY

To the School Patrons and Citizens of Haskell:

I want to take this last opportunity to thank the school patrons and citizens of Haskell for the splendid support they have given me as superintendent of the Haskell Public Schools the past two years. I could not have asked for better support in many ways. My two years work in your schools have been very pleasant and I shall always look back upon them with much happiness.

While I did not accomplish all I had planned for your schools, I did my best for them and your children. I love the boys and girls of Haskell Public Schools and I shall always be vitally interested in their future.

You have one of the very best School Boards in Texas, made up of the best and most successful business men of your town. They are vitally interested in your schools. Back them and your new superintendent to the hilt. Your schools are your greatest asset. They mean more to your town than all your other institutions, except your churches, in your town, and the schools and churches work hand in hand in their great work. In your schools is bound up the success and happiness of your children and the perpetuity of our great nation depends upon our public schools.

You good people have been mighty kind and good to me and my family. Through your many acts of kindness you have won the deep affection of our hearts. No better and bigger-hearted people can be found in Texas, than the Haskell people. We have certainly enjoyed living among you as neighbors and friends.

May God in the future richly bless you, your families and your town as the years go by.

Your friends,
M. H. Brasher and Family

GOULD & RUSSELL REPORT GRASSHOPPER CONDITIONS

At the time of the last extensive field investigations carried out about a month ago by Mr. Gould and Mr. Russell of the United States entomological work in Texas, a fair proportion of the eggs appeared to have been destroyed by weather conditions and parasites, so that the percentage of hatchable eggs was reduced at that time to about 80 per cent, whereas, a month earlier 90 per cent seemed in condition to hatch. Weather conditions have been unfavorable to extensive field observations during the last month, but it may be assumed that the foregoing percentage has been still further reduced.

At the same time, the number of eggs laid last fall is sufficient to cause a severe infestation this season if but only a fair percentage hatch. Favorable conditions for hatching will consist of occasional warm rains with intervening bright days, and if added to this there should occur an extended drouth in early summer, conditions will be much the same as last year.

The entomological forces of the State are not sufficient to scout all corners of the State for the presence of grasshoppers nor even to give adequate aid to all sections in case of a general infestation. Persons observing numbers of young hoppers will aid us in anticipating an outbreak and suggesting a timely remedy by reporting at once to the Entomologist of the Extension Service, College Station; to Charles H. Gable, Bureau of Entomology, Box No. 1077, San Antonio; or to Ernest E. Russell, Bureau of Entomology, Gainesville. Hatching may be expected immediately if warm weather occurs, and the small hoppers will be found in spots in pasture lands, along grassy fence rows, or in grass along creeks. Methods of control will be furnished on request.

HOW MAINTENANCE OF ROADS SHOULD BE PAID

"Tax the automobile and build the road from the revenues," is a principle which has been expressed by the non-informed voter too many times. But education and sound economics as enunciated by bankers and statesmen has changed the cry. Few who now concern themselves with road financing, but understand that the right way to pay for a road is either by road bonds based on general, not specific taxation, or from current general funds.

The experience of years proves that the fees from taxed road vehicles must be spent for maintenance. Maintenance is always being used up; vehicle taxes are always coming in to provide that maintenance. To use the maintenance fund for building more roads is as un-economic as the procedure of a man who builds a house for rent, and instead of using some of the rent to keep his property in condition, and insure it and paint it, spends it for another house, letting the first go to ruin. He will end in the poorhouse, and the county or State which does not provide a steady maintenance fund for road upkeep will be bankrupt in paid roads long before the roads are good for.

W. P. Key and family visited relatives in Anson Sunday. He reports the roads fine and the crops looking good.

ROBERTS

(By Lillian Lewellen)

The health of this community is very good at this writing.

Mrs. C. A. Lewellen is up again and able to go to the singing Sunday.

Miss Maye Cochron spent Saturday night with Miss Dora Ousley of Powell.

Miss Ora Smith of Albany is visiting her sister, Mrs. Lucy Lancaster.

The singing convention was enjoyed by a large crowd Sunday. Mr. C. C. Scott of Rotan was among the good singers. There were several good special songs sung. The next convention will be at Brushy.

Miss Lillian Lewellen spent Sunday night with her sister, Mrs. E. B. Callaway of Curry Chapel.

Jeff Sermones of Glenrose is visiting Elmer Wheatley.

Frank Lewellen and wife, Mr. Leonard Tolliver and wife and Miss Lillian Lewellen went to Olden, Texas, last week to visit their uncle, Alvin Lewellen. They returned home Monday and report a good time.

This community was greatly shocked when Grandpa Stafford died. He will be missed by both old and young.

We were glad to see the good rain which fell Monday but it will call for the kids to get their hoses and go to work.

Mrs. Roy Weaver of Haskell is out at the Weaver Ranch this week.

Miss Thena May Beck and sister of Goree were in this community last week. Miss Beck taught school at Roberts and we are always glad to have her visit us.

Mrs. E. B. Callaway spent Monday night with her parents, Mr. and Mrs. J. C. Lewellen.

Clyde McClintock of Powell spent Saturday night with Clifford Lewellen. The singing at Mr. T. H. Hallmark's was enjoyed by all present.

Shake, Spear!

Ned—Well, what did she say when you proposed to her?

Who Gets the Most for the Money He Spends?

The fellow who buys haphazard—or the one who puts his everyday purchasing on a business basis?

The latter, of course. He is the one who reads the advertisements and discovers just where he can buy what he wants.

He is the one who realizes the great value of advertising when it comes to the important business of spending his hard-earned money.

The well-informed shopper always has the advantage when it comes to the stretching of dollars. And you can't be up-to-date on the shopping news until you make a practice of reading the advertisements.

The advertisements show you how to save money—and steps—and time. Watch them carefully.

Anything that increases your purchasing power is working hard for you.

LEGAL NOTICES

No. 1342
CITATION BY PUBLICATION
THE STATE OF TEXAS
To the Sheriff or Any Constable of Haskell County—Greeting.

You are hereby commanded to summon Scott Norris & Company by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 39th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 39th Judicial District, to appear at the next regular term of the County Court of Haskell County, to be holden at the Court House thereof, in Haskell, Texas, on the First Monday in July, A. D. 1924, the same being the 7th day of July A. D. 1924, then and there to answer a petition filed in said Court on the 5th day of May A. D. 1924 in a suit numbered on the docket of said Court No. 1342, wherein J. L. Linville, is Plaintiff, and Scott Norris & Company, is Defendant and said petition alleging as follows:

1. Now comes J. L. Linville, plaintiff in the above styled and numbered cause and asks leave of the court to file this his first amended original petition in lieu of and instead of one filed herein on the 15th day of November A. D. 1923.

2. For cause of action, plaintiff, J. L. Linville, who resides in the town of Rule, Haskell County, Texas, complains of Scott Norris & Company, whose residence is unknown to plaintiff at this time, and plaintiff alleges that he does not know if said Scott Norris & Company were a partnership, a corporation or if same is an individual operating under the name of Scott Norris & Company, but that at the time the hereinafter transactions occurred, said defendant was then doing business under said name in the City of New York in New York State.

3. Plaintiff alleges that on or about the 10th day of November, A. D. 1923, he entered into a contract with the said defendant, whereby said defendant agreed to purchase for the said plaintiff sixty bales of cotton on the cotton exchange of New York City, or rather on what is known as the "Board," and that said defendant agreed to act as commission agent of the said plaintiff, and plaintiff accepting the terms of said agreement, deposited in the First National Bank of Rule, Texas, the sum of \$240.00 to the credit of the said defendant, and the of money made on said purchase or purchases, or any amount of money owned, he ordered the said defendant day said purchase was ordered, and said defendant, agreed to remit to the said plaintiff at Rule, Texas, all sums due to said defendant, after said trans-

actions were closed.

4. Plaintiff alleges that as was the by wire to sell said cotton on the 10th day of November, A. D. 1923, the same plaintiff alleges that said defendant owes to him by reason of the said transaction a balance amounting to the sum of \$165.00, which is due to him, and which said defendant agreed to remit to said plaintiff at Rule, Texas. That defendant owes to him by reason of such transactions, the total sum of \$395.30.

5. Plaintiff alleges that said defendant is still indebted to him the said sum of \$395.30, that said defendant has not paid same or any part thereof, to plaintiff's damage in the sum of \$395.30.

Wherefore plaintiff prays the court that defendant be cited to appear by publication as required by law and to appear and answer this petition and that he have judgment for his debt, the said sum of \$395.30, all costs of this suit, and for such other and further relief, special and general, in law and in equity that he may be justly entitled to, and he will ever pray.

J. G. Foster,
Attorney for Plaintiff.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Emory Menefee, Clerk of the County Court of Haskell County, Given under my hand and the Seal of said Court, at office in Haskell, Texas, this 20th day of May, A. D. 1924.

(Seal) Emory Menefee, Clerk County Court, Haskell County, (5-23-20, 6-6-13)

SHERIFF'S NOTICE OF ELECTION
Increase School Tax
The State of Texas,
County of Haskell.

Notice is hereby given that an election will be held on Saturday, the 21st day of June, 1924, at school house in Midway Common School District No. 6 of this County, to determine whether or not the school tax heretofore voted in said district shall be increased from 75 cents on the \$100, taxable valuation to Not Exceeding ONE DOLLAR on the \$100, taxable valuation of property in said District, for the purpose of supplementing the State School Funds apportioned to said District.

Machines Aid Surgery

At the recent convention of the American College of Surgeons at Chicago, Dr. Fred H. Albee of New York, an authority on reconstructive surgery, in telling about machine-driven surgical instruments, said:

"One of the best points about automatic machine-driven surgical tools is that they reduce the shock of operation, because of the speed. This may be exemplified by the fact that a man when shot with a steel-jacketed, swiftly moving bullet, often does not realize he is shot until the blood begins to flow. But when a man is shot with a slowly moving, soft-nosed bullet, he is knocked down, so violent is the shock.

"The same thing applies in operations when mallet and chisel are used. There the shock is vastly greater than when the cutting instruments work swiftly and surely, cutting the bones to a true size. Holes are cut to the right size and dowels of living bone are made to fit exactly."

Mars Coming Close

The most important astronomical event scheduled for 1924 is the near opposition of Mars next August. Every fifteen or seventeen years the opposition of Mars occurs when the planet is not far from perihelion, or the point in its orbit nearest the sun. The planet is then about 26,000,000 miles nearer to the earth than it is at its most distant opposition, which occurs when it is near aphelion, or the point farthest from the sun. The last close opposition of Mars occurred in September, 1909, when Mars came within 36,180,000 miles of the earth. On August 22 of this year, a few hours before it comes into opposition with the sun, Mars will be at a distance of 34,630,000 miles from the earth, which is very near, if not quite, as close as it can ever come to the earth, and about one and a half million miles nearer than it was fifteen years ago.

Planes to Spot Fish

The fishing banks off the Japanese prefectures of Kogoshima, Kumamoto and Kyushu are to be exploited by the use of airplanes. The high view will make it possible to spot schools of fish not otherwise visible and by reporting the finds by wireless a new era is likely to break in the industry.

DOUGLAS

Here we come again and it still looks as if we were going to have some more rain.

Most of the grain will be ready to cut this next week.

Quite a bunch from this place attended the singing convention at Roberts Sunday. All reported a lively time.

Mrs. T. S. Brannon returned home from Bowie Tuesday. She reports she had all the good dewberries she could eat while she was gone.

Mrs. Roy Jacobs has been on the sick list the past week but is up at this writing.

Mr. and Mrs. Pote Hilliard's children have also been on the sick list, but we are glad to report them better.

We are sorry to have to put our play off but on the account of one of the characters giving up their part we will have to put it off for a while. We will have it published later in the Free Press.

Well, we got the rain Monday we were looking for. No damage was done to the crops, but maybe the cotton can get a good start of the grasshoppers and weeds.

A Matter of Letters

Teddy and his friend were out to tea.

"Do you like tea?" breathed the sweet little thing.

"Yes, I do; but I like the next letter better." And then she blushed.

The Studebaker Light-Six!

More are sold than of any other six in the thousand-dollar price class!

More because—it is the sweetest, smoothest-running Six you ever drove. Its specially designed offset valve motor, its machined crankshaft, its four big crankshaft bearings, its perfectly precision cylinders, pistons and reciprocating parts are the reason.

More because—no other car in its price class shows such obvious indications of quality—genuine leather upholstery, a hand-tailored top and curtains, carefully selected details of equipment, lustrous baked enamel finish.

More because—its 40-horsepower motor, its correct gear ratio, its beautiful balance and low center of gravity, make it like lightning in the "get-away," never failing on a hill, and effortless under a full load on any reasonable road.

More because—it is backed by a great service organization, immediately and willingly accessible.

More because—its recognized used car value protects you with the lowest possible depreciation when you come to trade it in.

To prove its goodness by performance we will lend you a Light-Six any day this week—come in and ask for it.

DEATHS

MRS. W. P. MOORE DIED SUNDAY NEAR HAMLIN
Mrs. Lou Moore, wife of W. P. Moore, died at their home 9 miles northwest of Hamlin Sunday, and was laid to rest in the family burying ground Monday evening June 2nd. Mrs. Moore was a sister to Mrs. W. A. Carlisle of this city.

MRS. LAVINA ANN KING BURIED HERE TUESDAY
The remains of Mrs. Lavina Ann King of Wichita Falls, were brought to Haskell Tuesday morning, and were carried to the home of Sterling Edwards in the south part of the city and held until the funeral, which was conducted by Rev. Chas. F. Parham of Wichita Falls at 3:30 p. m. Mrs. King passed away at the home of her daughter, Mr. and Mrs. J. L. Roberts in Wichita Falls at 11:30. Saturday night May 31st, after a very brief illness. She was 88 years of age when the end came, but worn with age and

frail in body, her life was yielded rapidly to the destroyer. She lived in Haskell for many years, going to Wichita Falls to make her home with her children about six years ago. She joined the Baptist Church in 1854 and has lived a consistent christian all these years. Her body was given burial in the family lot in Willow Cemetery beside her husband, who had preceded her to the grave several years. A large assembly gathered at the home of Mr. Edwards and at the grave to pay homage to this noble woman and the numerous floral tributes attested the high esteem of which this grandmother of Israel was held by all who knew her. She is survived by a number of children and numerous relatives who were present at the funeral.

W. G. ABBOT BURIED AT KNOX CITY FRIDAY

W. G. Abbott, age 65, who has resided at Smith's Chapel in the north part of the county for several years, died at his home Thursday afternoon after a brief illness. His body was given burial at Knox City cemetery Friday afternoon, funeral services being conducted by Rev. L. N. Alvis of Haskell, who is pastor of the Smith's Chapel Baptist Church, of which deceased was a consistent member. He is survived by a wife and seven children, three of whom were unable to attend the funeral.

HOW VETERANS MUST PROCEED TO OBTAIN BONUS VOTED THEM

Below is a few suggestions which might help some one in getting the bonus he is entitled too. This information was sent out from Washington to the news papers for publication.
If you are a world war veteran entitled to the bonus, here is what you should do:
Get an application blank, which will be distributed through the postoffice, Legion Posts and other agencies.
Fill out the blank and mail it to the War Department or Navy Department. The application will contain several questions which must be answered to the best of the applicants ability. It also will have a place for recording the finger prints so they can be compared with those taken during the war.
Do not write for application blanks. Unnecessary letters only create confusion.
Do not pay any fees other than the notary charge. The law prohibits any person charging a fee for assisting in collecting the compensation.
Do not write to the war department for any information required by the blank. If you do not have the definite information you should supply it from memory.
Mail the application in the envelope which will be distributed at the

same time.
Having forwarded your application, there is nothing further to do. In due time you will receive an insurance certificate, the amount of which will be computed by the government agencies, or if the amount due you is \$50 or less, you will receive a check.
No cash payments will be made prior to March 1, 1925, and adjusted service certificates or insurance will be dated January 1, 1925. If the application is made prior to that date.

PRODUCTION OF POULTRY IN U. S. IS ENORMOUS

The production of poultry in the United States is something enormous and if there were an exact way of getting every pound of poultry produced each year into figures, we would all be surprised. Below we give some statistics of the amount of frozen poultry on hand May 1st, of this year.
On the first of May this year there were 22,568,000 pounds more of frozen poultry on hand in the United States than on the same day last year, according to a release of the Bureau of Agricultural Economics through Texas Radio Market News Service. Total poultry stocks on hand amount to 52,094,000 pounds compared with 76,067,000 pounds a month ago, the report states. Of this quantity on hand May 1, 1924, 6,749,000 pounds are broilers, 16,378,000 pounds roasters, 7,314,000 fowls, 11,622,000 turkeys and 10,931,000 miscellaneous small poultry.
Case eggs on hand on the date mentioned totaled 3,600,000 cases compared with 3,737,000 in 1923 and the five year average of 3,741,000 cases. A month ago egg holdings amounted to but 570,000 cases. Besides the case eggs, frozen stocks to the total of 23,081,000 pounds were checked as on hand May 1 this year compared with 12,921,000 in 1923 and 20,736,000 a month ago this year.
Creamery butter holdings this year are heavy compared with last, there being on hand 8,977,000 pounds this year for 9,248,000 pounds a year ago and average holdings on May 1 for the past five years of 6,401,000. The holdings of all types of cheese are also very much greater than the preceding season, the report states.

or, if they could get no other, would go without.
Every time the government has advanced the tax on large incomes, the volume of money gathered from that source has shrunk.
There would be more money in the national treasury and more business and activity for commerce and industry if every dollar were put out to work in some industrial enterprise earning a modest tax upon itself.
Likewise it would be better for the taxpayer if the issuance and sale of tax exempt securities, by cities, states, school boards and civic commissions, were made less simple and popular.

The efficiency experts who claim there is a waste of motion in every human activity ought to watch a youngster surround an ice cream cone.

TAXES AND MONEY

If Henry Ford were to double the price of his car he wouldn't make as much real money as he is getting now. The people would buy some other car.
