STORM REPORT

As Reported by Stormie Meriwether, Seventh Grade Student

Dear Friends, Seth Bryant is nine years old! He had Zoo To You for his party. It was fun. There was a large yellow python named Jack. It had only one eye. It is a girl, but they didn't know that when they named it Jack. I think Jack was thirty-five pounds. She loves to wrap around your neck. My favorite animal was a chinchilla. It has the softest fur in the world. It takes a bath in volcanic ash. If it gets in water it's hair falls out. I am glad Seth had a great birthday party.

We went to an Indian Pow Wow. That was a new experience and I loved it! My Uncle Glenn was the honored educator. The person that is honored gives gifts to the other people. His family gets to help give the gifts to the people. All the women and girls have to

ATTENTION EXES!

Send A Message!

Show your fellow exes what you look like now. The Wheeler Ex Student/Teacher reunion will be Friday and Saturday, June 9-10. You fellow exes will be on hand, wanting to get reacquainted or see what you look like now; and they might overlook you. If you can't make it, send a message and/or picture.

Send us your picture and/or a family picture for publica-

tion in the paper. We will have room for some in the June 8 publication of the *Times*. But, not all; send us a picture for an ad. The cost will vary with the size ad you want; the cost is \$3.24 per column inch.

(A column inch is one number of columns wide times the inches long. An ad 2 columns wide and 4 inches in length would be \$26.00) We can mail you a copy of the paper if we have your address.

The ad would include not more than a 50-word message; additional word would be 35c per word. The underlined copy in the paragraph above is 50 words.

Send a message to your fellow exes. Email us a message for publication in the June 8 issue. The cost would be \$6.00 for the first 20 words with a 35c charge for each additional word. We will put in a column of messages with others received.

Remember this?" might be another picture you want others to see. Or, show us the next generation or generations. If you have multiple generation of graduates, that

name but will be looking forward to seeing you. That "grumpy old editor" is what Ex-Teacher Rhonda (Blanchard) Meriwether's mother (Willetta Smith) called me; she asked if that "grumpy old editor" was still at the Times. It was shortly after we met and she had not made the connection.

Historic Plan Gets Another Boost

By Tryon Lewis
Chairman, Texas Transportation Commission

The Texas Transportation Commission recently approved an update of TxDOT's \$70 billion Unified Transportation Program (UTP). The UTP represents a 10-year project funding outlook that includes new plans to add or improve more than 1,200 miles of roadways to improve safety and mobility, and reduce congestion.

Seventy billion dollars is an historic amount of funding. It includes over \$38 billion in additional funding, which Gov. Abbott and the Legislature presented to the public for approval as Proposition 7 and the ending of diversions of highway funds for other purposes. The 12,000 men and women of TxDOT stand ready to immediately execute on these projects that will keep people and freight moving safely and efficiently throughout our state.

Texas is a dynamic state with a robust economy. With more than 27 million people living in Texas—a number that is expected to double by the year 2050—this transportation funding is not only more than welcome, it's absolutely crucial to our overall quality of life, economic health and global competitiveness. TxDOT is committed to anticipating and addressing the

transportation demands of our entire state. The 10-year plan, the largest in TxDOT history, dedicates funding to address safety, maintenance and rural connectivity needs across all 25 TxDOT districts and 25 metropolitan planning areas throughout the state.

Gov. Abbott has charged the Texas Transportation Commission with addressing the growing congestion problem facing our largest and most congested metro areas. Ninety-seven of Texas' Top 100 congested roadways are in the five major metro areas,

wear beautiful shawls. Then we danced the Indian dances. Everyone dances together in a big circle. There was a large drum in the middle. Nine men played the drum and sang the Indian songs. Some of the women wore beautiful dresses with shells and beads. All women and girls wear shawls to dance. When they have a special song to honor someone all the people go to that person and put money at their feet. After the song the person can keep the money or give it to the drum or to someone else. Uncle Glenn gave his money to the eighth grade students that are graduating. The food was wonderful, the dance was fun and everyone had a great happy time! That's it!

A Much Needed Service for Land and Mineral Owners

SALEM ABRAHAM and his team at Salem Oil & Gas, LP are now buying land and minerals in the Northeast Texas Panhandle. Salem began buying and selling ranchland and minerals along with his grandfather and brothers in 1986. His team today consists of Lee Haygood and Colby Waters who have extensive ties to the area and years of experience working on land and mineral deals with Salem. Additionally, our petroleum engineer, John Walker, and our geologist, Stephen Yokubaitis, have many years of experience valuing minerals in our area.

HERE IS THE DEAL: If you have land or minerals to sell at a realistic price, give us a call. We will be in touch with you within two business days and make a cash bid within 72 hours, and be ready to pay off as soon as the title is clear.
