Team members were Kabir Bhakta, Colton Galvez and Larrie Galvan. Brock Buckingham was High Point Individual at the Area 1 Tractor Tech CDE.

Well, hope everyone is enjoying this mild weather we are having but don't hold your breath because I can promise you it will change soon! It changes almost as fast as the books in the library do! I have several very old books I found through my cleaning and rearranging process that are so unique! One of them is named "The Science of Education" and it was published in 1893 written by Johann Fredrich Herbart, to say the least it is a very interesting book and the words they use give you pause. Here is just one quote: "The starting point of education is individuality-what the pupil is and has. The idiosyncrasies of the individual are to be respected, for in them lies the strength of individuality, which is to be maintained as unimpaired as possible, that the child may not become a mere type of the race." This

little book is full of some most useful information and you can view it in my office but alas, it can't leave the library. Another interesting book I found is called 'The Book of Days' and within its cover are listed every day of the year what was celebrated, special events, special people. It is a compendium of information about Holidays, Festivals, Notable Anniversaries and Christian and Jewish Holy Days with notes on other American Anniversaries worth remembering. The first publication of this book was 1937 and it is still used and updated to this day. For instance, today which is January 14th the Roman Catholics celebrate Feast of the Holy Name which started in 1274. It tells the origin of the feast and why it is still celebrated to this day. Libraries tend to have much more than meets the eye and the shelves are walking talking history of our lives and those before us. Come in and take the time to browse and make a new friend with an old book this year!

Updated Property Tax Information Now Available for Texas Taxpayers

(Wheeler) — New and updated property tax information has just been compiled by the Wheeler Central Appraisal District and is available now to assist taxpayers. This property tax information is current and covers a wide range of topics, such as taxpayer remedies, exemptions and appraisals, and has information for select groups, such as disabled veterans and persons age 65 or older.

"Whether you are a homeowner, business owner, disabled veteran or taxpayer, it's important you know your rights concerning the property tax laws," said Kimberly Morgan, Chief Appraiser of the Wheeler Central Appraisal District. "You can contact us about any property tax issues with full confidence that we will provide you the most complete, accurate and up-to-date available information to assist you."

This includes information about the following programs.

• Property Tax Exemptions for Disabled Veterans - The law provides partial exemptions for any property owned by disabled veterans or surviving spouses and surviving children of deceased disabled veterans. Another partial exemption is for homesteads donated to disabled veterans by charitable organizations at no cost or not more than 50 percent of the good faith estimate of the homestead's market value to the disabled veterans and their surviving spouses. The exemption amount is determined according to percentage of service-connected disability. The law also provides a 100 percent homestead exemption for 100 percent disabled veterans and their surviving spouses and surviving spouses of U.S. armed service members killed in action.

• Property Tax Exemptions – Non-profit organizations that meet statutory requirements may seek property tax exemptions and must apply to their county appraisal district by a specific date. Businesses that receive tax abatements granted by taxing units; ship inventory out of Texas that may be eligible for the freeport exemption; store certain goods in transit in warehouses that are moved within 175 days; construct, install or acquire pollution control property; own and operate energy storage systems; convert landfill-generated gas; or store offshore drilling equipment while not in use may also be eligible for statutory exemptions.

• Rendering Taxable Property - If a business owns tangible personal property that is used to produce income, the business must file a rendition with its local county appraisal district by a specified date. Personal property includes inventory and equipment used by a business. Owners do not have to render exempt property such as church property or an agriculture producer's equipment used for farming.

• Appraisal Notices – Normally, taxpayers receive a notice of appraised value from the appropriate local county appraisal district. The city, county, school districts and other local taxing units will use the appraisal district's value to set property taxes for the coming year.
• Property Taxpayer Remedies – This Comptroller publication explains in detail how to protest a property appraisal, what issues the county appraisal review board (ARB) can consider and what to expect during a protest hearing. The publication also discusses the options of taking a taxpayer's case to district court, the State Office of Administrative Hearings or binding arbitration if the taxpayer is dissatisfied with the outcome of the ARB hearing.

• Homestead Exemptions – A homestead is generally defined as the home and land used as the owner's principal residence on Jan. 1 of the tax year. A homestead exemption reduces the appraised value of the home and, as a result, lowers property taxes. Applications are submitted to the appropriate local county appraisal district.

• Productivity Appraisal – Property owners who use land for timberland production, agricultural purposes or wildlife management can be granted property tax relief on their land. They may apply to their local county appraisal district for an agricultural appraisal which may result in a lower appraisal of the land based on production, versus market value.

• Residence Homestead Tax Deferral - Texas homeowners may postpone paying the currently delinquent property taxes due on the appreciating value of their homes by filing a tax deferral affidavit at their local county appraisal district. This tax relief allows homeowners to pay the property taxes on 105 percent of the preceding year's appraised value of their homestead, plus the taxes on any new improvements to the homestead. The remaining taxes are postponed, but not cancelled, with interest accruing at 8 percent per year.

• Property Tax Deferral for Persons Age 65 or Older or Disabled or Disabled Veteran Homeowners – Texans who are age 65 or older or disabled, as defined by law, or who qualify for a disabled veteran exemption may postpone paying current and delinquent property taxes on their homes by signing a tax deferral affidavit. Once the affidavit is on file, taxes are deferred, but not cancelled, as long as the owner continues to own and live in the home. Interest continues to accrue at 5 percent per year on the unpaid taxes. You may obtain a deferral affidavit at the appraisal district.

• Notice of Availability of Electronic Communication – In appraisal districts located in counties with a population of more than 200,000 or that have authorized electronic communications, and that have implemented a system that allows such communications, chief appraisers and ARBs may communicate electronically through email or other media with property owners or their designated representatives. Written agreements are required for notices and other documents to be delivered electronically instead of mailing.

• Protesting Property Appraisal Values – Property owners who disagree with the appraisal district's appraisal of their property for local taxes or for any other action that adversely affects them may protest their property value to the appraisal district's ARB.

For more information about these programs, contact the Wheeler Central Appraisal District at (806) 826-5900 or email us at admin@wheelercad.org. Information is also available on the Comptroller's Property Tax Assistance Division's website at comptroller.texas.gov/taxes/property-tax/.

After the show, we had a delicious barbecue dinner. Then we "sold" our animals. I want to thank all the people that "buy" our animals. I still can't believe people do that just to help all the 4H and FFA kids. It takes a lot of money to show animals and it is very nice that our communities help us. We appreciate all of you guys! That's it!

Parkview Hospital
Emergency, Physical Therapy and Assisted Living Improvements at Parkview Hospital

Parkview Hospital in Wheeler, Texas is a 14 bed CAH facility with a small assisted living unit. The hospital was originally constructed in 1964 and is the primary healthcare facility serving Wheeler and surrounding communities.

Upgrades included a five Station Emergency Department and new Physical Therapy/Rehab Services Department. The Korte Company undertook this comprehensive renovation project of the existing facility for the hospital that began this past summer.

Improvements included a hospital entrance and outpatient area, a new lobby and reception area and a new seven bed, assisted-living unit. Expansion took place in the ER and outpatient services areas and also the assisted living renovation created seven private rooms with a total of 12 assisted living rooms. The upgrades included an extensive renovation of the existing acute and skilled nursing patient care areas, finishing upgrades

throughout the facility, and new imaging equipment that includes a scanner that was incorporated into the new design. Improvements in the Physical Therapy/Rehab area upgrades included showers, dressin rooms and treatment area. Exterior areas of improvement included an expanded sprinkler system as well as a new roof.

"We appreciate the opportunity to serve the residents of our community and are honored to be trusted stewards of our taxpayers funds," said Monica Kidd, RN, MSN and Administrator. Parkview Hospital welcomes the community to the open house in February.

Wheeler is a city in Wheeler County, Texas, situated on the eastern edge of the Texas Panhandle. Both the city and the county are named for Royal Tyler Wheeler, a chief justice of the Texas Supreme Court. The population was 1,592 at the 2010 census. Wheeler is easily accessible with Highway 83 and Highway 152 intersecting at the town's only stoplight.

Out of the mouths of babes
DECIDE WHO TO MARRY
 (written by kids)

You got to find somebody who likes the same stuff. Like, if you like sports, she should like it that you like sports, and she should keep the chips and dip coming.
 -- Alan, age 10

No person really decides before they grow up who they're going to marry. God decides it all way before, and you get to find out later who you're stuck with.
 -- Kristen, age 10

WHAT IS THE RIGHT AGE TO GET MARRIED?
 Twenty-three is the best age because you know the person FOREVER by then.
 -- Camille, age 10

HOW CAN A STRANGER TELL IF TWO PEOPLE ARE MARRIED?
 You might have to guess, based on whether they seem to be yelling at the same kids.
 -- Derrick, age 8

WHAT DO YOU THINK YOUR MOM AND DAD HAVE IN COMMON?
 Both don't want any more kids.
 -- Lori, age 8

WHAT DO MOST PEOPLE DO ON A DATE?
 Dates are for having fun, and people should use them to get to know each other. Even boys have something to say if you listen long enough.
 -- Lynnette, age 8 (isn't she a treasure?)

On the first date, they just tell each other lies and that usually gets them interested enough to go for a second date.
 -- Martin, age 10

WHEN IS IT OKAY TO KISS SOMEONE?
 When they're rich.
 -- Pam, age 7 (Love her)

The law says you have to be eighteen, so I wouldn't want to mess with that.
 -- Curt, age 7
