THIRTY-NINTH YEAR

## THOUSANDS WITNESS BIG RACING EVENTS

The thousands of people who crowded the grandstand and bleachers at the Haskell County Fair Association race track last Friday and Saturday were enthralled by the thrilling thrills of the aggregation of last drivers who were entered in the two days racing classic.

During the time trials five different drivers lowered the track record set by Dick Calhoun, West Texas favorite, last year at 77 seconds for two laps. B. Gerber of Duncan, Okla., driver of a Chevrolet Special, set a new low record this year, circling the five-eighths mile track twice in 73 seconds.

Gerber had plenty of company, however, among the many who were here. Red Shafer, Geo. Souder, Harry Miller, A. M. DeMuth, Slim Harper, Leo W. Tennil, Walter Higley and others who were in for their share of the money.

Red Shafer, who was expected to carry off the big purses by virtue of his national reputation, was handicapped from the first by motor trouble, which he followed Gerber across the track line for second place. In the 15-lap race Friday Shafer easily led the field for 22 laps when he was forced to get repairs for his car in time to enter the events Saturday.

Dick Calhoun, who set the track record here last year, was unable to compete in the events this year on account of motor trouble. He came in Saturday as a visitor and was given an ovation by the crowd in the grandstand.

Below we give a list of winners for the two days in the different events, and the time made.

## Weinert Schools Open With A Good Attendance Monday

(By John F. Odor.)  
The Weinert school opened Monday October 5th, with a very good attendance.

A large crowd of patrons and friends came out to witness the beginning.

Bro. Burns, pastor of the M. E. church and Bro. Tatum, pastor of the Baptist Church conducted the devotional exercises. After short talks by each member of the Faculty, Mr. Rich made a short talk for the Board of Trustees. The Vaughan Quartet was present and rendered two very fine numbers, to the delight of all present.

The rest of the forenoon was put in in classifying pupils, assigning lessons, etc. Regular work began Tuesday.

The faculty for this year is as follows: Jno. F. Odor, superintendent, who was educated in the school of Missouri and Simmons College, now Simmons University and has had many years experience as a superintendent and teacher. James R. Grisso, principal, who comes to us from Ft. Worth, Texas. He has had much experience as a teacher and comes well recommended. Miss Erma Harp comes from Munday, Texas. She was educated at Denton in the N. T. T. C. and has taught five years. Miss Catherine Lesh hails from Simmons University and has had two years experience. Miss Julia Williams received her training at Canyon City and has taught 12 years. Miss Audra Mathison has taught 8 years and received her training at Denton in the N. T. T. C. Mrs. Margaret Miller teaches our music and expression. She was educated in C. I. A. at Denton, which insures her efficiency. She has had three years teaching experience in piano, voice and expression. We bespeak for her a large class.

Our school will soon have a 30-barrel, elevated tank with 12 drinking faucets attached and this will settle the water question.

This is our first year here and we are looking forward to a good year. We earnestly beg for the co-operation of all in our work.

## 1925 TAX ROLLS ARE COMPLETED

The Tax Rolls have been completed by Tax Assessor Mike Watson and are now in the office of Tax Collector Chas. M. Conner. They have been approved and are now ready for collection.

The valuations have increased materially over last year. According to the rendered rolls the total tax values for 1924 were \$6,657,816.00. The total values for 1925 are \$9,302,708.00, making an actual increase of \$2,644,892.00.

The State Tax for 1924	\$24,894.39
County Tax for 1924	\$51,946.89
Road Tax for 1924	\$18,100.79
School Tax for 1924	\$80,974.81
<b>Total</b>	<b>\$176,916.87</b>
State Tax for 1925	\$70,890.44
County Tax for 1925	\$55,216.90
Road Tax for 1925	\$18,000.18
School Tax for 1925	\$49,891.07
<b>Total</b>	<b>\$194,000.59</b>

To total increase of taxes to be paid is \$12,247.97 over 1924. The decrease in the road tax of 1925 is due from Precinct No. 1, in retiring a portion of their bond issue.

The number of Poll Tax assessed for 1924 were 5254 and for 1925 is 5754, showing an increase of 500. This does not include the supplementary list nor exemptions, which will be counted in the voting strength of the county.

## LIBERAL EXCURSION RATES TO STATE FAIR AT DALLAS

The Wichita Valley is making liberal excursion rates from Haskell to the State Fair at Dallas this season. Below we give the rates handed to us by J. L. Southern, station agent:

Dallas Fair, October 10th to 25th. Round trip, Haskell to Dallas, \$9.50; these tickets on sale October 8th to October 24th, inclusive. Final limit, October 28th.

Special rates Friday nights and Saturday—Round trip Haskell to Dallas, \$5.95. Final limit following Monday.

## HON. MARVIN JONES WILL BE HERE OCT. 10

Hon. Marvin Jones, Congressman from this district will be in Haskell Saturday October 10th, according to a letter received from him by Judge L. D. Ratliff.

Mr. Jones expects to be in Haskell the most of the day and will be glad to meet as many of his friends as possible. He will make a talk in the District Court Room about 2:30 in the afternoon if arrangements can be made to get a crowd together to hear him.

## Ford Roadster Is Stolen from the Fair Grounds Saturday

A Ford roadster belonging to E. J. Boedeker of the Bunker Hill community southwest of Haskell was stolen from the fair grounds last Saturday night while Mr. Boedeker was in the Fair Park. Mr. Boedeker before leaving the car secured one of the wheels with a chain held by a Yale lock but the thief managed to get the chain off in some way and get away with the car. No trace of the car or the thief has been reported.

## OPENING PARADE A BRILLIANT AFFAIR

One of the biggest parades from a standpoint of entrants, and one of the greatest from the standpoint of time devoted to individual floats and floats took place last Thursday morning preceding the formal opening of the gates for the 1925 Haskell County Fair. This parade would do credit to a town many times the size of Haskell, in fact many visitors from some of our cities stated that the quality of a big town parade was all there, lacking only perhaps in quantity. The parade formed at the Haskell High School and came south to within a block of the square and turned east to the next street and on to the square between the Farmer's State Bank and Oates Drug store. If space would permit we would like to elaborate on the merits of each car, for they deserve it and we are glad to give them praise, but we feel especially grateful to out-of-the-county and out-of-town cars. The Weinert car in its delicate shades of pink and orchid was a thing of beauty as was the Munday car with its bevy of girls throwing confetti, the Goree car also came in for its share of praise. Of the town cars the judges picked a very classy car in the Courtney Hunt & Co. car for first prize and for second prize the Morrison Studio car with its miniature pianos and hats and quartet of vari-colored gowned students received deserved commendation. The school classes, advertising floats and cars, features, stunts and various companies showing cars, took much pains to make their department stand out. The line of parade follows: Herald; Miss Ellen Clifton; Haskell Band; Haskell Fair, City and County Officials; Queen, Miss Mary Ella Pace and her attendants, Misses Mary Long and Ermine Daugherty; Out of town Duchesses; Out of town decorated cars and floats; City decorated cars and floats; Old timers; Rural district cars and floats; Advertisements; Neighborhood town's delegations; Fire Department; School Classes; Features; New Models of Cars; Stunts; Extras.

The following received prizes: Out of county decorated cars and floats: First prize, Munday; Second prize, Goree; City decorated cars and floats: First Prize, Courtney Hunt & Co.

## Repairs Awaiting in Front of Store.

A new tin roof is being put on the awning at Hancock & Company's dry goods store this week which will keep the awning in good repair and make the front of the store building more attractive.

## COTTON COMING IN FAST AT WEINERT

The cotton gins at Weinert are now running at full capacity and the yards are crowded with cotton awaiting their turn from early morn until late in the night. The number of bales ginned up to the first of the week has passed the 1,100 mark. Weinert had a wonderful trade last year from the excellent crop of cotton which was produced in the trade territory and this year the cotton is going to make a great deal more than was thought during the dry weather in the summer.

## TAKE COUNTY EXHIBIT TO THE STATE FAIR

W. P. Trice County Agent for Haskell county and Elmer C. Watson teacher of Post school south of town left Tuesday for Dallas with a farm exhibit for the State Fair. They left in fine spirits but would not make any comment on what they expected to win in competition with the counties of this great state. Haskell county has made good winnings in the State Fair when she had exhibits on exhibition for the past several years and we still have the confidence that we will still be in the ring. Trice and Watson are both experienced men in this line. Trice has won first place in the West Texas Fair at Abilene on his exhibits the two-year young and Elmer C. Watson won first place on booth in the recent Haskell County fair and Haskell county was third place once in the Dallas Fair and has never been below the eighth place since she has put exhibits in the fair. We believe the boys will hold up the standard this time.

## \$100,000.00 Road Bond Election Called In Sagerton Precinct

The Commissioners' Court of Haskell County has issued an order for \$100,000 road bond election for Nov. 7 for the southern half of Commissioners' Precinct No. 4, the issue to build a hard surfaced highway from Sagerton to Stamford. The proposed highway will follow the route of the defunct state highway No. 18. It is hoped that a designated state highway can be secured at this time or later which will connect Lubbock, Crosbyton, Dickens, Spur, Jayton, Peacock, Swenson, Aspermont, Old Glory, Sagerton and Stamford, this highway to parallel the Stamford and Northwestern Railroad from Spur to Stamford.

## INTERESTING AND VARIED EXHIBITS DRAW LARGE CROWDS TO SECOND ANNUAL FAIR

### Abilene Man Buys Local Theatre and Is Now In Charge

M. M. McNeese who has had charge of the Haskell Theatre for the past year recently sold the Theatre to Mr. B. F. Trammell of Abilene. Mr. McNeese's stay in Haskell has been very pleasant and he has endeared himself to the people of Haskell and Haskell county while making this city his home. His business was conducted on a high plane and his shows at all times were high class and the best that could be brought to our city. The people of Haskell regret to know that Mr. McNeese will return to his former home in Dallas and the best wishes of all follow Mr. and Mrs. McNeese to their home in that city. Mr. Trammell comes to Haskell well recommended and under his management the Theatre will maintain its high class entertainments. He will make some slight changes as to improvements as the trade demands and he expects to keep pace with the demands of his patrons, at all times. Read his ad in another column of this issue of the Free Press.

The second annual Haskell County Fair which closed Saturday night following a run of three days was a success in every respect, according to the statement of the president of the association, Hardy Grissom. Due to the success of the fair this year plans are now under way to make enlargements in the various departments to take care of the entry for another year.

The automobile displays shown for the first time and housed in a tent were proclaimed to be a success with the result that better housing facilities are being planned for the next fair.

The three days of warm and dry weather, well laid plans to take care of all entries in the various departments, good automobile races for two days and the work of the directors are given as the reasons why the second annual fair held here was a success.

Following the parade which was completed at 11:35 o'clock, the hundreds of spectators lining the street moved to the fair grounds, two blocks southeast of the business district where exhibitors already had completed the arrangement of their displays.

The Agricultural display drew a heavy attendance during the entire fair. Five communities, Howard, Center Point, Cook Springs, Post and Midway, were displaying their products in attractive booths.

More than 100 farmers have entered individual exhibits while an equal number of women entered displays in the woman's department.

The colorful pageant, Texas Under Six Flags, was the big drawing card Thursday night. Several hundred people took part in the presentation which was witnessed by a large crowd. The Stamford fire department band attended the fair Thursday night, and were guests of the Haskell Fire Department at an oyster supper.

Judging of the agricultural display was begun Friday morning by John Bagan of the extension service of A. and M. College. Because of the variety and attractiveness of the many exhibits and the intense rivalry between the five communities entering the community display contest, much interest was shown in the agricultural exhibit and a steady stream of people poured into the building.

From outward appearance there was little to choose between the five community displays as well as the portions of the Haskell county exhibit shown by County Agent W. P. Trice. This display was first placed at the West Texas Fair at Abilene and was not in the community contest since it represented the entire county. Prizes of \$25, \$50, \$40, \$30 and \$20 were given in the community contest.

The Howard exhibit, under the supervision of A. J. Josslet, has won first place during the past two years and was up against its stiffest competition at present. It was an unusually attractive booth with red and white paper streamers across the sides and top. The name "Howard" was written with grains of white maize in a background of red maize.

The Post exhibit was in the charge of E. C. Watson. The name also was written with grains of maize. This was encircled by cotton, oats and other grain and a quadrangle of sorghum heads. Stars made from maize and other grains were placed in each corner. Three stalks of cotton, which had 340 green bolls, was one of the big

### First Real Norther Of the Season Hits Sunday Afternoon

The first real norther of the season reached here about 4 p. m. Sunday with a high wind from the north and a sudden drop in the temperature. Fortunately the wind did not bring much to the open cotton and no freeze or frost was experienced, which was highly pleasing to the cotton farmers over this section.

## INCREASE IN NUMBER OF CARS REGISTERED

An increase of almost 1,000 in automobile registrations over last year up to October first against the same date last year is reported by Chas. M. Conner, Tax Collector of Haskell county. This is evidence of the progress, prosperity and thrift of the people of this county. The greatest increase is in passenger cars, but there is also quite an increase in the truck service. Below we give the registration of 1924-25 in comparison in actual figures:

1924	1925
Passenger Cars	2,041 3,512
Trucks	129 232
<b>Total, all cars</b>	<b>2,170 3,744</b>

The grand total of the increase is 983 cars and trucks.

### DEALER TENDERS USE OF CARS TO FAIR MANAGERS

G. T. Carney, auto dealer of Haskell and Knox City, tendered the use of three new closed Oakland automobiles to the managers of the Fair and they were used by them in the parade Thursday morning. These were beautiful automobiles and added much to the beautiful parade and we are sure the fair managers appreciated the generosity of Mr. Carney.

## President of West Texas C. of C. Will Speak Here Saturday Afternoon

R. Q. Lee of Cisco will speak in the District Court room in the Haskell court house Saturday afternoon Oct. 10th, at 3 o'clock. He will be here at the request of the Board of City Development and the Chamber of Commerce of Haskell. He will talk on marketing and diversification. His talk will be of material benefit to the farmers and business men and all are urged to come and hear him. He has made this talk over the state and it is received with much enthusiasm by all who have heard it.

### FIRST MONDAY HORSE TRADING PASSING OUT

Monday, known as "First Monday" or Trades Day, which originated in the West with what was once called "horse jockeys" who would congregate in the county seat towns and trade horses and other valuables which were in demand. This was always a day with many thrills and great enjoyment to those who were regular attendants of these eventful days. Only a passing scene is witnessed nowadays and the "horse jockeying" is almost a lost art and is but little practiced. Only a thin line of what was once a formidable army of traders are seen on the streets. Last Monday on the streets of Haskell there were just a few on the jockey trade and very little trading if any was done.

### BOTH BANKS WILL BE CLOSED NEXT MONDAY

Monday Oct. 12 being a legal holiday (Columbus Day) both local banks will be closed. Patrons are requested to transact their banking business on Saturday to save any inconvenience.

## J. L. Staley of Wichita Falls Takes Over Meyer Interest in Terrell-Meyer Well

J. L. Staley of Wichita Falls, one of the most successful independent oil operators in the North Texas fields has taken over the interest of Mr. Meyer in the Terrell-Meyer well on the Becker ranch three miles northeast of Haskell and will finish the contract. The well will be known in the future as the Terrell-Staley well. Work will be resumed at once according to information received here.

Kouri No. 2 on the Ballard Ranch 10 miles east of town has set 10-inch casing and is now drilling at below 1400 feet. New casing has been received for finishing the well and good progress is being made.

The Herbert Oil Company on the McGregor Ranch in the northwest part of the county is drilling at 2100 feet. Six inch casing was set at 2040 feet and they are now drilling in a gray limestone formation.

The Adams, Proctor No. 1, in the southeast part of the county has plugged back to the 1704 foot sand and will endeavor to make a producer at this depth. Work is progressing very slowly, but indications are good for a small well, according to those interested here.

**PREMIUM LIST TO BE GIVEN  
COMPLETE NEXT WEEK**

We were unable to get the premium list complete for this week's issue but will make the effort to publish in next week's paper the premium list and the names of the prize winners in the Haskell county fair.

Mr. John Oates came in off of the road long enough to take in the Haskell Fair.

**ROAD BOND ELECTION NOTICE**

To the Resident Property Tax Paying Voters of Road District No. 7, of Haskell County, Texas:

Take notice that an election will be held on the 7th day of November, 1925, in and throughout Road District No. 7, of Haskell County, Texas, upon the question authorizing the issuance of \$100,000.00 road bonds for said district, and levying a tax in payment thereof, pursuant to the following order of the Court:

**Order for Road Bond Election**  
The State of Texas,  
County of Haskell.

In the Commissioners Court of Haskell County, Texas, at a regular term of said court, with all the members thereof present, on the 14th day of September, 1925, came on to be considered the following petition of W. W. Newton and 50 or more other property tax paying voters of the territory therein described, to wit:

**Petition for Road Bond Election in Road District No. 7, of Haskell County Texas.**

The State of Texas,  
County of Haskell.

To the Commissioners Court of Haskell County, Texas:

We, the undersigned, being resident citizens within the hereinafter described and defined territory, to be designated and known as Road District No. 7, of Haskell County Texas, respectfully represent:

1. That we are resident property tax paying voters residing within the territory hereinafter described, to be designated and known as Road District No. 7, of Haskell County, Texas.

2. That we constitute more than 50 of the resident property tax paying voters within said territory.

3. That said territory does not overlap or embrace any part of any political subdivision or defined road district that has heretofore been established and issued road bonds which are now outstanding.

4. We desire that your honorable body create, establish, define, and describe said territory as Road District No. 7, of Haskell County, Texas, for the purpose of constructing, maintaining and operating macadamized, graveled, or paved roads and turnpikes, or in aid thereof.

5. We pray your honorable body order an election to be held in and throughout said Road District No. 7, of Haskell County, Texas, to determine whether or not the bonds of said Road District No. 7, of Haskell County, Texas, shall be issued in the amount of \$100,000.00, bearing interest at the rate of 5 per cent per annum, and maturing at such time as may be fixed by the Commissioners Court of said County, serially or otherwise, not to exceed thirty years from their date, for the purpose of constructing, maintaining and operating macadamized, graveled, or paved roads and turnpikes, or in aid thereof, within said district; and whether or not a tax shall be levied upon the property of said road district subject to taxation for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity.

6. The territory which we pray your honorable body to create, establish, define and describe as Road District No. 7, of Haskell County, Texas, lies wholly within said Haskell County, and is accurately described by metes and bounds as follows:

Beginning at a point in the west boundary line of said Haskell County, Texas, where said west line of Haskell County, intersects the north boundary line of survey No. 10, B. B. B. & C. R. R. Co. land in said Haskell County, Texas.

Thence East with said north boundary line of said survey No. 10 in said Haskell County, Texas, to the Brazos

River;

Thence in a northeasterly direction across the Brazos river to the northwest corner of the J. Pointevent survey in said County;

Thence east with the north boundary line of said J. Pointevent survey passing its northeast corner and continuing on in a straight line across the W. P. Rice survey to a point in the west line of Survey No. 81, H. & T. C. R. R. Co. land in Haskell County, Texas;

Thence South with said west boundary line of survey No. 81, passing its southwest corner, then with the west boundary line of survey No. 82 and survey No. 90, H. & T. C. R. R. Co. land in Haskell County Texas to the southwest corner of survey No. 80 H. & T. C. R. R. Co. land;

Thence East with the North boundary line of survey No. 79, H. & T. C. R. R. Co. land passing its north east corner;

Thence along the north boundary line of survey No. 78, H. & T. C. R. R. Co. land passing its northeast corner, then along the north boundary line of survey No. 77, H. & T. C. R. R. Co. land, to its northeast corner.

Thence south with the east boundary line of said survey No. 77, to its southeast corner, which is also a point in the north boundary line of the Coryell County School land survey No. 62.

Thence East with the north boundary line of said Coryell County School land passing its northeast corner to a point, the northeast corner of the C. P. Killough survey;

Thence south with the east boundary line of said C. P. Killough survey, with the west boundary line of survey No. 55 and survey No. 54, H. & T. C. R. R. Co. land to the southwest corner of said survey No. 54;

Thence east with the south boundary line of said survey No. 54 and the south boundary line of surveys No's 53 and 52 H. & T. C. R. R. Co. land to the southeast corner of said survey No. 52 which is also the northeast corner of the Matthew Dunn survey;

Thence south with the east line of said Matthew Dunn survey, the east line of the Geo. Harris survey, the east line of the Geo. J. Johnstone survey, the east line of H. & T. C. R. R. Co. survey No. 91, with the east line of survey No. 92, in the name of H. M. Rike and S. R. Rike, continuing south with said line across the M. E. P. & P. R. R. Co. survey, which line also follows the Rule Public Road, continuing along said public road south across the John Harvey survey to a point in the north boundary line of survey No. 12, B. B. B. & R. R. Co. land;

Thence west with the north boundary line of said survey No. 12, to its northwest corner;

Thence south with the west boundary line of said survey No. 12, B. B. B. & C. R. R. Co. land to the point where the south boundary line of Haskell County intersects the west boundary line of said survey No. 12;

Thence west with the south boundary line of said Haskell County to the southwest corner of Haskell County, Texas;

Thence north with the west boundary line of Haskell County, Texas to the place of beginning.

And it appearing affirmatively to the Court that said petition is signed by or more of the resident property tax paying voters residing in the territory therein described, and that said territory does not overlap or embrace any part of any political subdivision or defined district that has heretofore been created and established and has

issued road bonds, any portion of which are outstanding;

And it further appearing to the court that said petition is in all respects in conformity with law and that the same should be granted and that such road district has been established and such election should be ordered;

It is therefore ordered, adjudged, and decreed by the Commissioners Court of Haskell County, Texas, that in accordance with said petition and in accordance with the Constitution of the laws of the State of Texas, an election be held in and throughout said Road District No. 7, of Haskell County, Texas, as described in foregoing petition, on the 7 day of November, 1925, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 7, of Haskell County Texas, shall be issued in the amount of \$100,000.00, bearing interest at the rate of 5 per cent per annum, and maturing at such times as may be fixed by the Commissioners Court of said County, serially or otherwise, not to exceed thirty years from their date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, within said district; and whether or not a tax shall be levied upon the property of said road district subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

A copy of this order, signed by the County Judge or certified by the County Clerk, shall constitute a proper notice of said election, and notice of said election shall be given by publication in the Haskell Free Press a newspaper of general circulation, published at Haskell, Texas, in said County, for at least four consecutive weeks prior to the date of said election; in addition thereto there shall be posted notices of said election at three public places in said Road District, and one at the Court house door of Haskell County, for at least three weeks before the date of said election.

Said election shall be held at Sager-ton at school building, Frank Pillely, Presiding officer; Bunker Hill, at school building, J. J. Woffard, presiding

officer; Joe Bailey at school building, W. M. Medina, Presiding officer; in said Road District No. 7, of Haskell County Texas:

Said election shall be held under the provisions of Article 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes of 1911, as amended by Chapter 203, Acts of 1917, of the Regular Session, and amendments thereto, and the manner of holding said election shall be governed by the general laws of the State of Texas, regulating elections when not in conflict with the provisions of the hereinbefore mentioned statutes.

All persons who are legally qualified voters of this State and this County, and who are resident property tax payers in said Road District No. 7, of Haskell County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue such bonds shall have written or printed on their ballots the words "For the issuance of bonds and the levying of the tax in payment thereof," and those opposed thereto shall have written or printed on their ballots the words "Against the issuance of bonds and the levying of the tax in payment thereof."

The County Judge is hereby directed to cause notices of said election to be published and posted as hereinbefore set out, and further orders are reserved until said election shall have been held and returns thereof made to this court.

Jesse G. Foster,

**You are Invited to take a picture trip through an automobile plant**

Learn how quality is attained with modern production methods! This week we are making a special photographic exhibit illustrating the precision methods by which quality is achieved in the manufacture of the modern motor car.

**Showing the Reason for Quality at Low Cost**

The exhibit consists of 40 remarkable photographs of the most interesting processes in modern automobile manufacture. It will provide the same interesting knowledge that you would get by taking a trip through the plants where Chevrolet cars are built. Each picture is accompanied by a full description of the operation it illustrates. It is an exhibit of unusual interest and value. Bring the children.

MAKE IT A BOX OF "MISS SAYLOR'S" FOR NATIONAL CANDY DAY

National Candy Day—Saturday, October 10—is a great event—especially so if you make sure of providing sweets for all. A box for the wife, novelties for the youngsters—but be sure they're Miss Saylor's.

Good, pure wholesome Candy, such as you get here, is both healthful and tasty. You can give plenty of it to the kiddies.

# SOCIETY and Club

**Queen's Coronation.**  
The social event, not only of Haskell County Fair, but of the county this season, was the coronation and reception that took place on the south side of the house lawn last Friday evening at 7 o'clock. The lawn itself with its trees and the myriad of lights illuminated by the bright, clear moon and the approval just as Queen Ella of the House of Pace, and her attendants, Misses Mary Long and Daugherty and the visiting ladies and their attendants took places on the platform. An overture by the Haskell Band preceded the program. Mr. McDonald of Haskell sang in his clear, strong tenor voice "A Little Gift of Roses" which carried well in the open and received a round of applause. He was followed by Mrs. White of Rule sang "Queen of the Fair," she has an unusually strong, sweet voice and it was heard by hundreds of people. Mr. Hardy Grissom, president of the Haskell County Fair Association sang "The Queen," as she stood there surrounded by her maids and train. Little Misses Katherine Ware, Geraldine Conner and the crown princess, Wynona Frances and the gorgeously gowned duchesses and their attendants, it generally conceded that all together made one of the most brilliant spectacles that ever took place in this section. Mrs. H. D. Neff then took her place at the piano and for the delectable of the Queen and her party, solo songs were given by Miss Ella D. and Annie Maud Taylor and

Mary Helen Neff. The coronation ceremony was followed by an elaborate reception when the hostess comprised the Queen's party and the Board of Directors of the Fair and their wives, President and Mrs. Hardy Grissom, Vice President and Mrs. Henry Alexander; Secretary-Treasurer and Mrs. M. H. Post; Messrs. and Mesdames R. V. Robertson, J. U. Fields, J. B. Post, H. M. Smith, M. S. Spurlock, O. E. Patterson, and especially invited friends who helped to greet the hundreds of Fair visitors who attended this event. Mr. J. B. Post was the debonair herald for this, one of the most elite social functions ever staged in Haskell and was personally directed by Mrs. Henry Alexander.

**Queen's Party at Friday's Races**  
On Friday the Queen's Party, accompanied by the Duchess and attendants from Weinert were guests of the Fair Board at the races and were given the choicest of box seats, where they showed off to quite an advantage in their smart sport's attire.

**Heads of Departments to be Commanded.**  
Among the many faithful workers that helped to make the 1925 Haskell County Fair a success were the heads of the departments of the Exhibit Hall. While there may not have been as many booths this year, from the rural communities, those on display testified to the careful thought and preparation given. In the Textile, Art, Culinary, Home Demonstration and Home Beautiful. In the Home Demonstration booth, Mrs. T. A. Pinkerton and helpers were fixtures and seemed never to

tire of giving information and the same can be said of the others: Mrs. Clarence Lewis, as chairman of the Art Department deemed it her duty to be ever present as her assistants came and went according to schedule—this department was largely made up of Haskell talent, however, seven original paintings by Texas Artists were kindly lent for the occasion by Mrs. G. W. Greathouse of Fort Worth, State Chairman of Art of the Texas Federation of Women's Clubs. In the Textile Department Mrs. Leo Southern and her assistants were loyal to their post and very courteously gave out information. Mrs. Hugh Smith and helpers were faithful before the opening and through out the Fair.

**Peace Pageant.**  
On Thursday evening on the large platform in front of the Grandstand, Mrs. H. D. Neff and Miss Lois Ware, expression teacher, directed a Peace Pageant in which one hundred and fifty characters were used. With Mrs. Neff at the piano and the herald calling the various divisions and they representing in folk dance or song their country or calling, this made a lovely scene and was also very effective. A large and appreciative audience witnessed the entertainment.

**Harmony Club Luncheon.**  
Owing to the Harmony Club ladies being busy with their division in the Fair and too, the president, Mrs. Leo Southern spent the week end in Dallas, the initiative luncheon was an impromptu affair. But the Harmony Club is known not only for its harmony in melodies but for its competency even at a moment's notice. And the cafeteria style luncheon was plentiful and delicious. The library was brightened by bowls of lovely fall roses and the small tables around which the members sat were centered by rose bud vases each containing a choice flower. Mrs. Leo Southern, president of the club, greeted the ladies and during the serving, Miss Ware gave a delightful reading and encore and Mrs. John W. Pace rendered a piano solo. The luncheon was so arranged that the junior members and teachers could come at the noon hour. The entertainment committee comprised Mesdames Jesse G. Foster, F. M. Squires, and C. L. Lewis. Members present: Mesdames G. Mulkey, O. E. Patterson, H. D. Neff, F. M. Squires, D. L. Cummins, John W. Pace, Jim Bailey, Jesse G. Foster, Wayne Koonce, T. A. Pinkerton, Leo Southern, and Misses Marjorie Rogers, Sula May Ratliff, Kathryn Rike, Mary Couch, Ruth Robertson, Aneta and Frances Grissom, Lois Ware, Tucker and Lucile Taylor.

**First Lyceum Number October 18th.**  
The first Lyceum number will be at the High School auditorium on the evening of October 18th. This will be a play "The Storm," which is widely known as one of the best both on the stage and screen. In talking with one of our local merchants and his wife they stated while buying goods in the east last year they gave enormous prices for ordinary seats but felt they were more than repaid in seeing this great play. Haskell and surrounding communities are fortunate in securing the White-Brown Lyceum Course for this year. It was secured through the Parent-Teachers Association.

**The Cemetery Association.**  
The Cemetery Association wishes to thank all who so graciously contributed either material or money to their booth during the Fair. This was a busy time and those who assisted us, did so at a sacrifice.

**Haskell County Agent.**  
"Say it with flowers and say it now," some one has said—we don't have the flowers but we wish to call the attention of everybody in Haskell county to the work of our County Agent W. P. Trice. Before his coming to the county, clubs for rural boys and girls in the county were practically unheard of. And it is through his untiring efforts that these same clubs, and the poultry, stock, hog and farm products are of the high class that they are. It was with pride that we looked upon the exhibit that Mr. Trice had compiled that took first prize at the West Texas Fair at Abilene. We take off our hat to Mr. Trice as one of the worth-while men of our county.

Mrs. Kelly of Seymour very kindly came to Haskell and judged textile, canned goods and children's work.

## Executive Board Luncheon.

On Tuesday of last week, Mrs. Sam A. Roberts entertained in her hospitable home with a one o'clock luncheon, honoring the executive board of the Woman's Missionary Society of the Baptist Church. The charm of reception and dining rooms was the bowls of lovely cut flowers. The guests are loud in their praise of the luncheon itself, declaring that not only were the table appointments ideal but that the hostess proved herself a culinary artist. Mrs. Roberts was assisted in serving her guests by Mesdames Grady and J. W. Roberts of Chillicothe. The executive board members present were: Mesdames W. E. Kirkpatrick, Alfred Pierson, C. M. Conner, Alvy Couch, Ed Sprows, John Lampkin, A. J. Tuck, John Ellis, Vaughan Bailey, Albertson, K. D. Simmons, N. T. Smith, L. N. Alvin and E. M. Whiteker.

**The Youngest Social Set**  
Little Miss Eva Joe Ratliff celebrated her third birthday last Wednesday September 30th at her mother's home Games were played on the lawn, and the interesting packages brought by her little friends were opened and then all enjoyed ice cream cones and cake. Some of this cake was cut from the birthday cake bearing three wee candles. The little guests were: Jeff Davis and Charles McDonald, Louise Pierson, John Guest, Wynona Frances Post, Frances Edwards, Katherine Ware, Martell and Tommy Clifton, R. J. Johnson, Marjorie Ratliff, Virgil Meadows, Jr., Helen Looney, Marie Ballard and Frances Ratliff.

**Weinert Matrons Club.**  
The Weinert Matrons Club met at the home of Mrs. G. C. Newsom in a social gathering October 1st. The hostesses for the afternoon were Mesdames Cadenhead, Barton, Monke and Newsom. A number of "42" games were enjoyed, after which the hostesses served a refreshment plate with pink and white bon bon baskets as favors, of apricot sherbert, angel food and jam cake, to the following club members: Mesdames Jones, Baker, Whitsett, P. F. Weinert, W. R. Weinert, Johnson, Lewis Williams and Miss Julia Williams.

**Weinert's Duchess and Maid.**  
Weinert had the distinction of being the only town in the county to furnish a Duchess to the Haskell County Fair. Miss Omalie Furrh, who was dressed in a gorgeous costume of rose georgette with fur and silver trimmings. Her attending maids, Miss Ruby Brinlee, dressed in peach colored georgette, trimmed in Irish lace and Miss Ruth Malcolm in orchid crepe over yellow satin, with hand-made roses, were a lovely picture seated in the float which was a beautiful creation of pink, white and green.

## SCHOOL NEWS

The Sophomore Class of 1925-26 met Tuesday September 29, 1925 at 12:40 with their sponsor, Miss E. E. Jackson for the purpose of organizing their class. The following officers were elected: President—Katherine Rike. Vice President—J. L. Odell. Secretary and Treasurer—Vera Bradley. Reporter—Lewis Smith. The colors chosen were turquoise blue and white; the flower chosen was the white rose. Several committees were also appointed. The Float Committee decorated a beautiful car with our class colors for the parade. The Entertainment Committee was also appointed and has

promised to give us some good entertainment soon. The Sophomore Class of this year is the largest and best the Haskell High School has had in the last few years. We feel that with the help of our sponsor we can help the high school a great deal.

Each month in this column there will appear an original theme written by a High School student. The one this week was written by a Sophomore: "MY DREAM"

By Katherine Rike.  
"The history lesson which was about Queen Elizabeth and Sir Walter Raleigh had just been read by the teacher. Instantly my eyes sought the window and my mind wandered farther and farther from the schoolroom. I became utterly unconscious of the lesson, teacher, classmates or anything about me. I did not even hear the pupils answering the teacher's questions. "I was Queen Katherine of England. The 'jelly-beans' that I was so accustomed to seeing were now Sir Walter Raleigh's with high ruffled collars and handsome red velvet coats. Not only were their clothes like those of Sir Walter Raleigh, but their politeness was the same. My girl friends and classmates were in the realm, also, yet I was QUEEN, having no time to waste in noticing them.

"I had wardrobes of pretty clothes, and other luxuries for which I had always longed. The dress of Queen Elizabeth was not half so gorgeous as mine. The ruffles and frills that I had often admired in the picture shows and fashion plates were on all of my dresses. The hoops seemed larger than those of the colonial dames. I had a large feathered fan exactly like the one Auntie promised me when I grew to be a lady. The gold slippers, the gold lace collars, the rings and jewelry were for me to wear. The fairy god-mother never made Cinderella more beautiful. I had a gold coach with footmen on each side; oriental servants like those of

Cleopatra to wait on me at all times. Could it be true? "I was thrilled at the attention and respect everyone paid me. I was not afraid of getting a scandal slip from any teacher—the whole faculty bowed before me. Queen Elizabeth was merely one of my attendants and lo! the real Sir Walter Raleigh placed his plush coat for me to walk on. The President of the United States came

from the present to show honor and respect to me. Everyone obeyed Queen Katherine. "Katherine, aren't you going to pass out? came the teacher's voice which sounded so disrespectful to me, the Queen of England. However, 'Queen Katherine' was only my dream or bubble for the real little Katherine answered meekly, 'Yes'm,' and passed on to her Latin class."

#### ENCOURAGEMENT

The following editorial appeared in the Abilene Morning Reporter of Friday October 3rd concerning the effort which the Haskell County Fair Association has put forth in putting over one of the best County Fairs in the state. The encouraging words of The Reporter are appreciated very much and we are pleased to reproduce the editorial:

"It takes courage, to say nothing of hard work and plenty of money to put on a County Fair such as Haskell is staging this week. Apparently Haskell has a plenitude of each, since its fairs are becoming famous for their size and quality.

"Abilene people should visit Haskell's Fair during its three days run, Thursday, Friday and Saturday.

"Haskell has paid Abilene the compliment of sending a large delegation to the West Texas Fair and it is nothing but right that Abilene should reciprocate in kind.

"Take a day off and run up to Haskell this week."

#### HASKELL HI RATTLESNAKES LOSE TO STAMFORD HIGH

Last Thursday afternoon the Haskell Hi Rattlesnakes failed to poison the Bulldogs, and the Bulldogs chewed up the Snake by a 13-0 submission. Stamford took the lead, when after two minutes of play, Bruce, the triple threat man of the Bulldogs raced 40 yards and again 5 yards for Stamford's first touchdown. The rest of the first quarter Stamford kept the ball in Haskell's territory, but failed to score. Stamford opened up again in the second quarter and soon scored their second touchdown, Bruce again scoring. He kicked goal for 1 point, making the score 13-0. The second half showed Haskell was still in the fight, for she held the Bulldogs scoreless the rest of the game. Haskell's work was largely defensive, only making one first down to Stamford's twelve. Kimbrough showed up well in his punting, far out-classing his opponent, who averaged only 28 yards to Kimbrough's 40. Smith and Kimbrough were called to carry the ball mostly for Haskell. Sherman and Eastland played a steady game, Sherman especially returning punts in good fashion. The line failed to hold up at all times, but Whitman and Alvis made many good tackles.

The big threat to the Rattlesnakes was the play of Bruce, the big, rangy fullback, who scored all the points against Haskell. Hoyt, left end for Stamford, was outstanding on their defense. Haskell was unable to make much around Hoyt's left end.

Although we were defeated on the football field, our pep squad put over a big victory on their part. The leader, Miss Jackson, with her faithful assistants, put out the best pep and yells that has been experienced in many years in Haskell High. The Haskell Band was a big support for the team, let's have them out again. Boys, show your deepest appreciation of your supporters, by winning the remainder of your games. Our next game will be Friday, October 9, when we will motor over to Knox City. Go and help the Haskell Hi Rattlesnakes win.

#### ROCKDALE

(By Reba Cobb)

The Sunday School at the Rockdale Baptist church was well attended last Sunday and much interest was manifested in the lessons.

Mr. and Mrs. M. M. Cobb were guests in the home of V. P. Bunkley Sunday. A number of young people were guests for the day at the home of Mr. and Mrs. G. V. Cobb.

The B. Y. P. U. is progressing nicely with good attendance.

There was preaching at Lindsey chapel in this community at the 11 o'clock hour and also in the afternoon.

Bill McLennan and family were the guests of the Tull Newcomb home Sunday.

B. H. Bunkley and family were Rule visitors Sunday.

#### "RIDERS OF THE BORDER LEGION" TO BE SHOWN HERE

Zane Grey's great tale of a band of outlaws who rode the Southern Idaho border in the old days of the West, preying upon cattle and gold towns. A true story!

It is another big sensation of the year by the author of "The Call of the

Canyon" and "Wanderer of the Westland," the first full length, natural-color picture, etc., filmed on the actual locations described by the author.

Antonio Moreno and Helene Chadwick are featured in the principal roles of the production which was directed by William Howard, a newcomer to Paramount but an old hand at turning out A-1 entertainers. George Hull wrote the scenario.

The story has to do with the love affair of a beautiful daughter of the West and a young cowboy. The girl brands him as "too lazy to even be bad," and the boy does his best to belie the statement by joining the outlaws and becoming a regular rip-roaring, six shooting, law-defying cut-up.

#### SAYLES

(By Mrs. G. D. Payne.)

Miss Pearl Fee arrived Friday to spend the fall and winter with her uncle, M. H. Harris.

A. M. Byrd and son are in Dallas on business. Mesdames Cora Bennett and Stella Phillips spent the past week with A. M. Byrd.

Mr. and Mrs. Demas Ivy of Oklahoma are visiting relatives here.

John Payne returned to his home at Brashear Monday after an extended visit with his brother.

Miss Ethel Bland spent the week end with her cousin, Miss Tena Bland.

Clyde Bland has purchased a new Chevrolet.

Claude Bland attended the circus at Stamford Friday night.

Everyone and their dogs attended the Haskell Fair the past week.

Cotton picking is the chief industry in Sayles now and hands are needed very badly as lots of the farmers are just starting to gather their crop.

#### McCONNELL

(By Valentine Bland)

I suppose everyone had a great time at the Haskell County Fair. There were many nice exhibits which everyone enjoyed seeing I am sure.

Miss Mary Bunkley was the guest of Miss Jaunita Adams of the Post community Sunday.

J. D. Jones of Stamford spent the week end with his parents, Mr. and Mrs. M. L. Jones.

Messrs. John Kahout and Deisman of the Plainview community were in this community Sunday morning.

Mr. and Mrs. M. V. Bland and their daughters Misses Orle Lee and the writer, visited their niece and cousin, Miss Tena Bland of the Sayles community Sunday afternoon.

Mrs. T. E. Jones, who has been ill for several weeks is improving, which her many friends will be glad to learn.

As everyone has been so busy in the fields there isn't much news.

#### Card of Thanks.

In this lonely sad hour, after the death of our dear husband and father, we wish to express these few words of thanks to the many friends that were so faithful and thoughtful during the six years of his afflictions, and in his last hour, when the call of death came; and for the lovely flowers that were given to cheer his path while he

was living. When this sad hour comes to you, may God help you as he has us in the giving up of loved ones.

We also thank one and all for the beautiful floral offerings and kind deeds. We appreciate the comforting words spoken by Bros. Albertson, Reed and Alvis. It strengthened our sad, bereaved hearts. May God's richest blessings be bestowed upon everyone is our prayer. Respectfully submitted, Mrs. J. S. Stephens and children.

#### POMEROY EXPLAINS COLOR PHOTOGRAPHY IN "THE TEN COMMANDMENTS"

Roy J. Pomeroy, technical director of "The Ten Commandments," the Paramount Picture coming to the Haskell Theatre on October 12th, explains the marvelous natural color photography of the picture in these words:

"We used what is known as the Technicolor process to film the Egyptian scenes. In them, one sees the children of Israel crossing the desert. The bright barbaric colors of the thousands of people and their animals against the somber grey sands has a remarkable effect on the observer.

"Contrary to earlier developments in the field of color photography, these scenes do not flicker or cause eye-strain neither do the colors run together. It is as clear as the ordinary film, and has that added novelty of color which takes it out of the stereotyped type of pictures.

"Engineers and photographers of the Technicolor Company aided us in taking these scenes of 'The Ten Commandments.'

"The only apparent difference in a color-equipped camera is that two films pass behind the lens simultaneously, while in the ordinary camera but one film is used. Prisms separate the reds and greens of the scene being taken. Thus on one film are recorded the red tints and on the other the green.

"When they are combined at the laboratory a red filter eliminates everything from the green film except the green, and a green filter eliminates from the red film all but the red. The two films are then cemented together in such a way that the finished print shows the blue, yellow, orange, gold and straw colors, as well as shades of green and red.

"The natural effect would be for one to forget the story and study the colors. But to such a height has the dramatic intensity been maintained, that the color just adds to what already is a powerfully strong picture."

#### Had Reason to Complain.

Abner, the farm hand, was complaining to a neighbor that the wife of the farmer that employed him was "too close for anything." "This morning," he said, "she asked me, 'Abner, do you know how many pancakes you have eaten this morning?' I told her I didn't have no occasion to count 'em. 'Well,' says she, 'that last one was the twenty-sixth.' And it made me so mad I jes got up from the table and went to work without my breakfast."—Wall Street Journal.

#### CENTER POINT

(By Ethel L. Bland.)

The members of the B. Y. P. U. rendered their first program Sunday evening at 7:30. Let everyone come and be with us and help make this Union one of the best in the county. Sunday School at this place is still improving. Come and be with us each Sunday morning at 10:30.

The farmers are sure making their cotton fields look dark this week.

Mrs. Mayfield of Aspermont visited her daughter, Mrs. R. G. Brannan last week.

Everyone in this community attended the Fair last week and all reported a nice time.

Miss Freddie Johnson visited at the teachers last week helping Mrs. R. G. Brannan prepare the booth for the Fair.

Miss Annie King of Swans Chapel visited Misses Sally and Lelia Morgan Sunday.

Callie Powell and Jessie and Clyde Bland of Sayles visited W. E. Bland and family Monday night.

Mr. and Mrs. Frank Patterson and children of Weinert visited in this community Sunday. Also Mr. and Mrs. Slover Bledsoe of Pleasant Valley.

Mr. and Mrs. Lorell Kirby visited H. D. Bland Sunday afternoon.

Bro. Morris of Sagerton filled his regular appointment here Sunday at 11 a. m.

Bro. Gage preached at this place immediately after B. Y. P. U. services Sunday evening.

We take this opportunity of thanking publicly Mrs. Bryant, Mr. Fields and Mr. Oates for their co-operation and assistance in making our class car a success. We appreciate their kindness very much.

#### WOMAN DIES SUDDENLY ON THE ROAD

Mrs. Winnie Smith died suddenly in a wagon while traveling along the road near Morris Chapel, 10 miles southeast of Haskell, last Sunday about 12 o'clock. The wagon in which she was riding with her husband and her two sons had stopped and they noticed her fall forward from her seat and she was found when picked up to be in a dying condition and soon passed away. Her body was carried to the home of J. C. Montgomery where it was held until Monday and was given burial in the Howard cemetery. Rev. I. N. Alvis conducted the funeral services at the grave at 12 o'clock. The deceased is survived by her husband and two sons. The family lived in Grayson county in the drouth-stricken district and were out here picking cotton. They are said to be by those who know them, to be fine people and the lady who passed away was a noble christian woman and has lived a consecrated christian life and was a member of the Baptist Church. The deepest sympathy of all our people go out to the bereaved loved ones in this dark hour of sorrow.

#### UNCLE MIKE PERRY PLANS TO GO TO SPUR

Uncle Mike Perry, who has been a citizen of Haskell county for a number of years and has lived in Haskell the past ten years is now planning to go to Spur and go into some kind of business. He left this week to make his permanent arrangements and expects to return and move his family there some time next week. He says that he is burning no bridges and if he wants to return at any time he is going to feel at liberty to do so and really expects not to be away from Haskell very long. He further states that he regrets to leave his many

#### Makes Night Driving SAFE

The Controllable Beam on the Better Buick  
Night driving strain, the blind insecurity when you dim to keep glare out of the eyes of an approaching driver—both have been eliminated by the Controllable Beam Headlight, a feature of the Better Buick. Daytime visibility every inch of the way! Bright light all the time! A simple control on the steering wheel lowers the beam when you near another car. And this is only one of many 1936 improvements which Buick engineering has given to the Better Buick. 75 horsepower and more; Duotone in Duco finish; Triple Sealed Valve-in-Head engine; light-pedal pressure clutch; approved mechanical 4-wheel brakes; and many other exclusive advancements now make the Better Buick the better car to own and drive.

Alex Edwards of Giffisboro was in the city last week attending the Fair. He is a former city marshal of Haskell and lived in Haskell many years before going away. He has many friends here who were glad to see him. He renewed for the Free Press to keep up with the news from home.

**PUBLIC ASKED TO CO-OPERATE**

The management of the Haskell County Fair states the grounds and buildings will be cleared this week and the property will be under lock and key.

It seems to have been the practice for those wishing to enter the gates to destroy the hasps and destroy the locks as well and the management asks that this be discontinued. Two sets of keys will be available at all times. M. H. Post, Secretary-Treasurer will have a key to every lock on the property, some eight of them in all, as will Manager F. N. Clifford have a set. Mr. Willis, who lives on the property will have a key to the big gates at the race track and his feed sheds but all other keys, unless otherwise announced, will be found at the office of the Manager or at the office of the Secretary-Treasurer, both offices in the Pierson building.

**Women's Missionary Society.**

On last Monday afternoon at three o'clock fifteen women gathered at the Methodist Church and the president, Mrs. I. W. Kirkpatrick presided over a business meeting. All branches of business was discussed and as far as possible disposed of. On next Monday afternoon Mrs. T. A. Williams will direct a Voice Number, Dependent Children. On the following Monday at the regular hour, A Bell Bennett Memorial Program will be directed by Mrs. P. D. Sanders at which time the auxiliaries from a number of our sister towns will be invited to be present, as the District Chairman of the Bell Bennett Memorial Fund, of the district lives here. Mrs. R. C. Montgomery, and it is the wish of the local society to help her get this important subject before all of the auxiliaries of the district.

**Farmer of Weaver Community Is Very Ill.**

Alvin Summers, who lives in the Weaver Community is reported very ill and much anxiety for his recovery has been felt by relatives and friends, but it is hoped that he will soon recover. A number of relatives from a distance have come in to his bedside.

**Old Timer Visits Haskell**

John D. Hughes of Georgetown was in the city this week on business. He is one of the owners of the Hughes Ranch on Paint Creek and is the father of J. D. Hughes Jr., who is the present manager. He came to Haskell county

in the year of 1864 and lived here for three or more years, leaving his cattle business in the hands of his friend F. G. Alexander when he went away, who looked after his affairs for a number of years. During this time a friendship grew up between Mr. Hughes and Mr. Alexander that is cherished today as in the former days.

**Miss Eunice Huckabee Undergoes Operation.**

Miss Eunice Huckabee, daughter of Mr. and Mrs. W. N. Huckabee of this city, who is spending the summer in Denver, Colorado, underwent an operation at a Denver hospital last Sunday afternoon at 3 o'clock for appendicitis. On last report she was doing nicely. Mrs. Huckabee left Monday for Denver to be with her daughter. Her sister, Mrs. Marvin H. Post, was with her during the operation.

**Weinert Pastor Moves to Preachers Home.**

Rev. V. W. Tatum, who has been pastoring the Weinert Baptist Church for the past year has moved his family from Abilene to the Baptist Home for preachers in the city of Weinert and he now has full time for this church. He arrived with his family last Friday and has things about rounded up for the beginning of the new year's work. He sends his subscription for a year to the Free Press.

**Moonlight Picnic.**

Thursday night a number of the young people from Sayles enjoyed a moonlight picnic on the Throckmorton road. After a pleasant time spent in fun-making as only young folks can do, a picnic lunch was served to the following: Misses Ethel and Verlie Bland of Center Point, Miss Callie Powell of Wichita, Misses Jessie Bland, Francis Chapman, Oneta Ivy, Bobbie Brann, Freddie Johnson, Messrs. Otis and Shelby Johnson, Clyde Bland, Archie Wiseman, Raymond and Thurman Melton and Roy Gunn, Mr. and Mrs. C. E. Bland acting as chaperones.

**How Doctors Treat Colds and the Flu**

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

**Cars Collide on Stamford Road.**

Last Wednesday afternoon while Tom Morgan of Center Point was trailing a wagon loaded with cotton behind his car he collided with another car and in the wreck the tongue was broken from the wagon. Outside of a general shake-up no other damage was done and fortunately no one was injured. The accident occurred about three miles south of Haskell on the Haskell and Stamford road.

Watch for our daily specials. Alexander's 5-10-25c Dept.

**Stock Injured by Wire Cuts**

J. H. Bland of the Sayles community had the misfortune to get one of his best mules seriously cut on the wire one day last week. Just a few days ago one of his best horses was also injured and the sickness in his family all coming along together with these accidents makes it very hard on Mr. Bland to bear all the sad misfortunes.

# Two Major Advantages Studebaker Alone Offers

## 1-One-Profit Value 2-Unit-Built Construction

**THERE** are (as you probably know) only two manufacturers who actually build their cars complete — make all their own bodies, engines, clutches, steering gears, differentials, springs, gear sets, axles, gray iron castings and drop forgings.

One of these is Ford — in the low priced field. The other is Studebaker in the fine car field.

Because we eliminate the extra profits and overhead that many other manufacturers have to pay to outside parts and body makers — we are able to use finer materials and workmanship — yet charge no more than competing cars.

But there is another side to One-Profit manufacture — a feature that no careful buyer can afford to overlook.

Under this One-Profit policy the entire car is designed, engineered and manufactured as a complete, coordinate harmonious unit in Studebaker plants. Being Unit-Built it functions all its life. And this adds years to its life — gives you scores of thousands of miles of excess transportation — greater riding comfort — minimum repair costs — and, finally, higher resale value.

Examine the Standard Six Coach closely — make detailed comparisons with other cars — and you will understand the full meaning of One-Profit value.

**A Coach of quality**

It is called a coach only because it is the lowest priced closed car ever sold by Studebaker. But it is a quality car through and through.

Do not buy this coach with the expectation that you'll have to trade it in at the end of a year or so. It's not a one-year car.

Instead, it has been honestly built to give you scores of thousands of miles of dependable service.

Notice the durable wool upholstery. See the heavy ornamental hardware; the plate glass windows and windshield; the fine trim to hide all tacks; the clock and gasoline gauge on dash; automatic windshield cleaner; stop light; locks on ignition, steering gear, door and spare-tire carrier — all operated by a single key.

These are all features that you can easily see. But down underneath that glistening coat of metallic enamel you'll find the same quality of materials and workmanship that are out in the open.

The sturdy frame for the body is built from the fine northern ash and hard maple. Slam the door and the sound says quality. Underneath the upholstery you'll find two layers of washed, quilted cotton, one layer of genuine curled hair and extra long springs closely held together by small coil springs. This is the identical cushion and seat construction used in the highest priced cars.

Long resilient springs made of special chrome Vanadium steel give greater buoyancy and protection from road shocks.

The crankshaft is completely machined on all surfaces to eliminate vibration. And the motor is the most powerful in any car of this size and weight, according to the rating of the National Automobile Chamber of Commerce. It is a motor built for smooth, trouble-free service at 5 to 55 miles an hour — not for excessive speed or spectacular stunts.

The body is smart in appearance — yet provides ample room to seat five passengers in real comfort. Ample room to enter or leave without disturbing occupant of folding seat.

**Make comparisons before you buy**

These are advantages made possible by One-Profit manufacture. Check them off point by point — in comparison with other coaches.

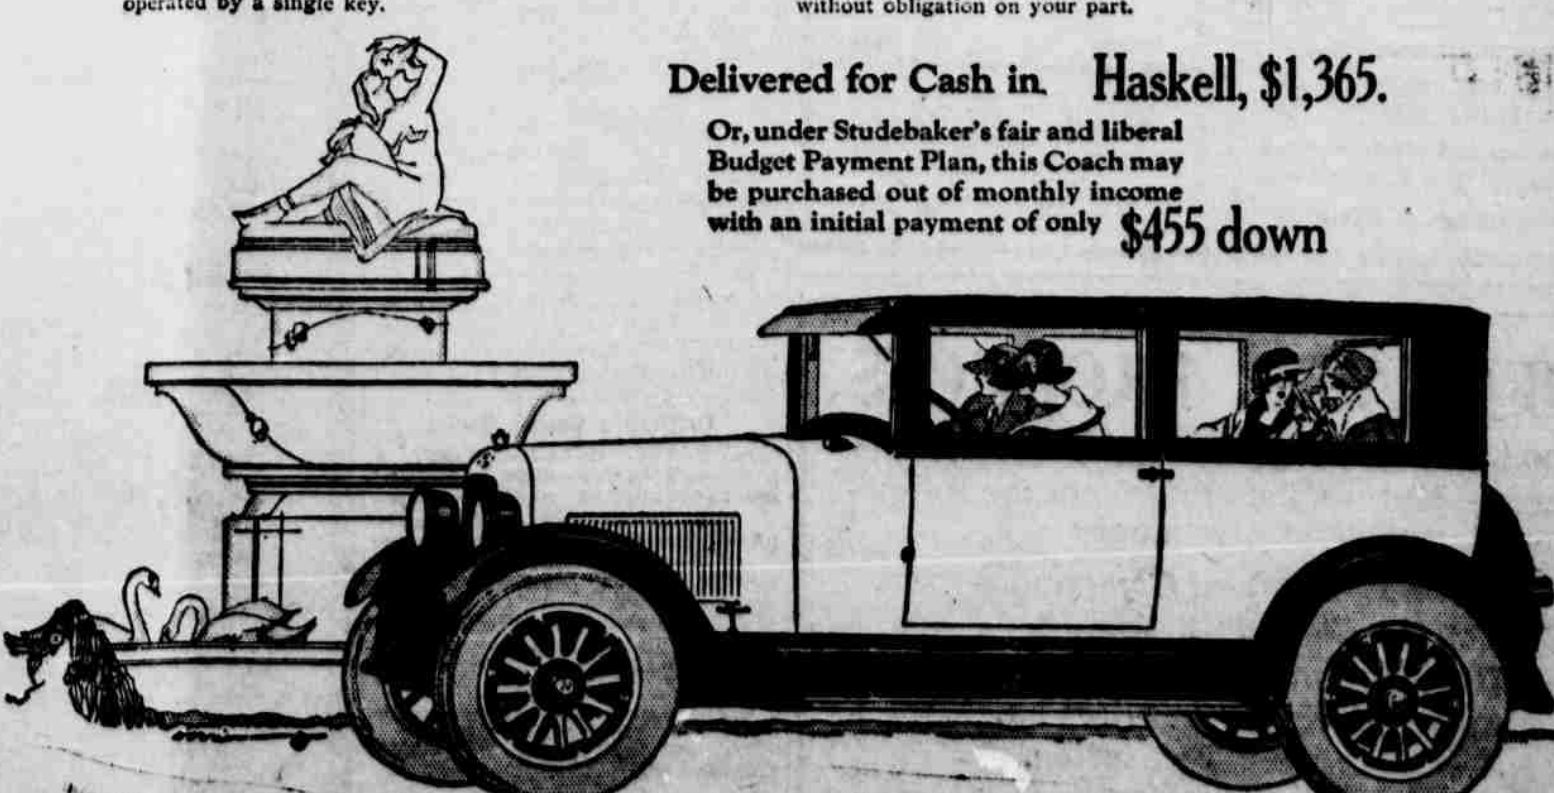

Only after you have seen this One-Profit Studebaker with its Unit-Built construction, will you realize why it offers a value that cannot be obtained in any other car. It is the automobile equivalent of Pullman transportation.

The Studebaker policy of "no yearly models" is a further protection to owners. Under this policy Studebaker cars are always up to date — we add improvements from time to time and do not save them up for spectacular annual announcements which make cars artificially obsolete.

Come in — let us demonstrate the Standard Six Coach without obligation on your part.

Delivered for Cash in Haskell, \$1,365.

Or, under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income with an initial payment of only \$455 down

# Firestone

**Safety and Mileage For All Roads and Seasons**

**OPERATORS** of large truck, bus and cab fleets must have rugged, long-mileage tires if they are to make money. That is why so many of them have standardized on Firestone. Experienced race drivers, almost to a man, equip with Firestone. Car owners can have this same extra safety and economy — by using Gum-Dipped Cords.

Gum-Dipping, the Firestone extra process, impregnates and insulates every fiber of every cord with rubber — insures greater safety and comfort over rough and sandy roads — builds extra strength and flexibility into the sidewalls — an exclusive feature that adds thousands of miles to the life of a tire.

Come in — let us save you money by equipping your car with a set of these wonderful tires — prices are still low.

### INTERESTING EXHIBITS DRAW LARGE CROWDS TO THE FAIR

(Continued from First Page)

#### Features of the display.

The Center Point exhibit was under the supervision of W. H. Brandon and likewise reflected the possibilities of that community in an agricultural way. An attractive background was formed of black cloth. On this heads of maize were woven in the manner of a web.

Included in this web were Haskell, Sagerton, Rule, Stamford and other points. The Midway display was arranged by Will Chastain. Both Midway and Cook Springs, which is in charge of Jason C. Williamson, followed the same scheme as did other communities in showing the name of the community written with farm products.

These displays likewise are strong competitors for first money and attracted many favorable comments from the hundreds of visitors. Individual exhibits poured into the exhibit hall Wednesday and were given all the space in the center of the building.

The best that Haskell county affords was shown in this group, including a 92-pound watermelon owned by H. B. Turner, Jr. It was 20 pounds heavier than the prize-winner shown at the West Texas Fair. What was generally conceded to be the most beautiful display was the flower show supervised by Mesdames H. M. and J. D. Smith. It was a collection of beautiful flowers from various parts of Haskell county.

The display was given a rustic garden setting with flower stands against a brick wall and many baskets of flowers suspended from the ceiling. Twenty-five varieties were included in one bouquet, which was a basket of old-fashioned flowers. Golden glow, belonging to Mrs. Ella Payne, two large ferns shown by Mesdames Ed Thornton and R. E. Sherrill; a rubber plant displayed by A. Nussbaum; and a queen's wreath which covered the entrance to the booth, were among the many attractive displays.

The display of painting, which include pictures by seven of Texas' leading artists, likewise attracted much attention and comment. The paintings by the state artists were: "Tombstone" by Frank Reaugh of Dallas; "Thorn Tree" by S. P. Zeigler of T. C. U.; "Late Afternoon—California" by E. R. Cherry of Houston; "Along the Shore" by Boyer Gonzales of Houston; unpaired pictures by Mrs. G. W. Great house, Fort Worth; Frank Klepper, McKinnon; Mrs. Sallie Mummert, Fort Worth.

Thirty-eight paintings by Haskell artists also were included in the exhibit, many of which show unusual talent. The largest of these, approximately three feet by five feet, is an oil painting, "Easter Dawn" by Mrs. Gertrude Salloway Thomas. Mrs. Thomas has been offered \$600 for this painting, according to Mrs. C. L. Lewis, supervisor of the department. Mrs. Lewis was assisted by Mrs. W. H. Murchison and

Miss Florence Shook. Judging in the livestock department was begun Thursday afternoon by G. A. Barnes of the extension service of Texas A. and M. All livestock divisions were overflowing and a choice collection of cattle, horses, mules and sheep were viewed during the entire fair.

The poultry show was unusually extensive, especially for a county show, around 300 birds being on display. One of these was a prize turkey, shown by Martin Porter. The turkey was purchased last spring by Mr. Porter for \$175 and probably will be exhibited at all poultry shows and fairs this fall. Walter Burton judged the entries to the poultry show. Miss Myrtle Murry of Texas A. and M. extension service and Mrs. Julia Kelly of Seymour judged the woman's textile department.

We were glad to have a number of visitors in the service last Sunday evening. Also it was a pleasure to hear a large choir sing. The gospel in song has a wonderful attraction. The Laymen's Council meets next Monday evening at the Church at eight o'clock. They are planning something special and are anxious for every man to come to the meeting. The president Mr. W. E. Kirkpatrick is working out some special features for this meeting. Be sure to come.

Every man, woman and child in Haskell should be in church and Sunday School somewhere every Sunday. Why not? Let's make it so. Find your place next Sunday. "Seek ye first the Kingdom of God and his righteousness, and all THESE other things will be added unto you."

W. H. Albertson, Pastor.
