THINK SILVERTON!

THURSDAY, JANUARY 23, 1986

VOLUME 78 NUMBER 4

## All Around The Town

BY MARY ANN SARCHET

As some of our friends sell, close or move their businesses, or leave the farm to find employment elsewhere, we would like to say how much our association with you has meant to us through the years. We appreciate the business you have given us, as well as having numbered you among our friends.

We will miss all of you, but we do wish you well as you continue your work, enter new jobs, return to school, etc.

Let us hear from you from time to time—we will be anxious to learn of your progress.

## Sophomores to Have Hamburger Supper Tuesday

The Sophomore Class will have a Hamburger Supper beginning at 5:30 p.m. Tuesday before the basketball games. The supper will be served in the school cafeteria and the charge will be \$2.00 each.

The money will be used to meet class expenses.

## Briscoe County Livestock Show Is Friday, Saturday

The Briscoe County Livestock Show begins Friday at the County Show Barn in Silverton. Exhibitors are to weigh in their animals between 3:00 and 6:00 p.m.

Judging begins at 10:00 a.m. Saturday with lamb classes. This is followed at 11:00 a.m. by dairy heifers; 11:15 a.m., steers; 11:30 a.m., beef heifers; 1:00 p.m., barrows.

A beef stew lunch will be served at the noon hour.

Judge for the show is Ken Cook of San Angelo. John Schott is show superintendent.

## Senior Citizens to Have Special Pioneer Program

Silverton Senior Citizens will have a Pioneer Program Thursday, January 23, at 6:00 p.m. at the Center.

Refreshments will include Vinegar Pie, Pioneer Cobbler and Bread Puddings.

Come one, come all to enjoy an evening of fun.

Mr. and Mrs. Claude Jarrett have moved to Lubbock, where he is doing substitute teaching and she is employed by Rhode Pipe Company.

Joe Edd Helms is superintendent of the lamb show. Perry Brunson, superintendent, will be in charge of the swine show, and Doug Forbes is superintendent of the cattle classes.

Directors of the livestock show are Jimmy Burson, Pascal Garrison, Don Burson, Johnnie Burson, Ken Wood, Doug Forbes, Larry Jarrett, Brian Burson, Mike Delano, Jim Saul, John Schott, Jack Graham, Jerry Bean and Kenneth Helms.

Ribbons and cash prizes will be awarded to the show winners.

## Reappraisal Is Scheduled For 1986

The Briscoe County Appraisal District is in the process of reappraising all properties in Briscoe County. At the present time all improvements are being checked by Carlye Hill, Chief Appraiser, to see if classification, size, etc. are correct on the tax rolls.

Letters have been mailed to farmers concerning their present irrigation situations. Farmers are URGED to respond to questions in the letters by mailing them back to the tax office or coming in personally to discuss their particular water situation.

## Miller Seeking Re-election as District Judge

District Judge George W. Miller of Floydada has announced for re-election to the post he has held for the past ten years as a candidate in the Democratic Primary to be held May 3.

Judge Miller, a 23-year resident of this district beginning as Briscoe County Attorney, also served six years as District Attorney in the 110th Judicial District. He is a Navy veteran and attended both legal and judicial colleges, and has held both church and community leadership posts.

In announcing, Judge Miller stated that he would ask the voter to base a decision upon the better qualified person.

(Pol. Adv. Paid For by  
George W. Miller,  
Box 696,  
Floydada, Tx. 79235)

## Edwards Seeking Re-election as Peace Justice

James Edwards has authorized this newspaper to announce that he is a candidate for re-election to the post of Justice of the Peace, Briscoe County Precinct 1, subject to action of the Democratic Primary in May.

"I have enjoyed serving as your Justice of the Peace,"

## Janice Hill Seeking Election as Treasurer

Janice Hill has authorized the Briscoe County News and Valley Tribune to announce that she is a candidate for County Treasurer, Briscoe County, Texas, subject to the action of the Democratic Party Primary in May 1986.

In making her announcement, Mrs. Hill said, "I am a candidate for Briscoe County Treasurer, and will appreciate your vote and influence in my behalf. I will make an effort to visit with each of you before election day, and until then I will appreciate your support."

Mrs. Hill, the former Janice Hester, has served as office deputy for Briscoe County Sheriff Dick Roehr for several years.

## SILVERTON P-TA MEETS THURSDAY, JANUARY 30

The Silverton P-TA will hold its first meeting of the new year at 7:30 p.m. Thursday, January 30, at the City Hall.

All members are encouraged to attend.

Edwards said, "and I would like to ask your continuing support. The experience I have gained in this office will enable me to serve you even better in the future, and I pledge myself to continue to conduct the duties of the office to the best of my ability."

"I will appreciate your vote and influence in my behalf," he concluded.

Classes in cardiopulmonary resuscitation were held for members of the Progressive Extension Homemakers on Monday and Tuesday nights last week in the Pioneer Room at First State Bank. Anthony Kingery was instructor for the classes and was assisted by members of the Silverton Volunteer Ambulance Service. Pictured

are [left to right] Mrs. Dwight [Anita] Ramsey receiving assistance from EMT Stephen Stephens; Mrs. Anthony [Kathy] Kingery and Mrs. Rick [Beverly] Minyard doing two-person CPR, and Mrs. Steve [Marsha] Green demonstrating infant CPR.

**OBITUARIES**

**VERNON GARRISON**

Funeral services for Vernon Garrison, 73, were conducted at 2:00 p.m. Saturday at the First Baptist Church in Tulia with the pastor, Rev. Charles Davenport, officiating.

Burial was in Rose Hill Cemetery, with arrangements directed by Wallace Funeral Home of Tulia.

Mr. Garrison died at 3:15 a.m. Friday in Swisher Memorial Hospital at Tulia following a lengthy illness.

He was born May 16, 1912 at

Flomot, a son of the late Mr. and Mrs. Gabe Garrison. The family moved from Flomot to their stock-farm west of Silvertown on February 1, 1928, driving their livestock and bringing farm implements on wagons. Mrs. Garrison and two of the children rode in their 1927 Whippet automobile.

Vernon Garrison was graduated from Silvertown High School with the Class of 1929. He married the former Lois Hodges November 21, 1937 in Silvertown. They moved to Swisher County

Members of the Brownies inspected the Silvertown Volunteer Ambulance Service's paramedic unit and learned about emergency first aid at their meeting last week. Pictured are Carrie Baird, Kimmie Blazier, Staci Hill, Heidi Tiffin, Jessica Maciel, Molly Bomar, Kara Kingery, Amanda Cruz and Shannon Weaver.

in 1930 and to Tulia in 1972. He was a farmer and a member of the First Baptist Church.

Survivors include his wife; two sons, Tom and Clifford Garrison, both of Tulia; a sister, Mrs. Hudson Saul of Idalou; three brothers, Carroll Garrison of Tulia, Don and Pascal Garrison, both of Silvertown; and three grandchildren.

Pallbearers were Max Garrison, Chuck Saul, George Reed, Gerald Smith, Frank Odom and Buck Hardin.

**Brag Page  
 Planned Soon**

The Briscoe County News Valentine Page for grandchildren is scheduled for Thursday, February 13. Deadline for the publication is Monday, February 10.

All grandparents need to do is bring the picture or pictures they wish to be printed in the newspaper to the News office. The charge will be \$7.00 per picture.

Black and white or colored photos will be accepted. (All photos can be picked up at the News office anytime after February 13.)

Be sure to include the name (or names) of each grandchild and also list the names of the parents, grandparents, great-grandparents, etc. It is not necessary that the children or their parents live in Briscoe County . . . they may live anywhere in the world.

This is a unique way for grandparents to help their grandchildren say "Happy Valentine" to the rest of the family and friends. It is also an opportunity for proud grandparents to show readers of this newspaper they have the finest, prettiest, or most handsome grandchildren to be found anywhere.

Mr. and Mrs. Jerry Bean and Kristi have moved to Lubbock where he is employed by the City of Lubbock.

Mrs. Flute (Junis) Hutsell was listed as a patient in an Amarillo hospital last week.

**Class of 1960  
 Planning Reunion**

The graduating class of 1960 of Silvertown High School is planning a reunion in Silvertown on August 15, 1986.

Letters will be mailed to class members later this month.

Anyone having addresses of these class members is asked to contact Jerry Patton, Gordon Lowrey or Glenda Couch.

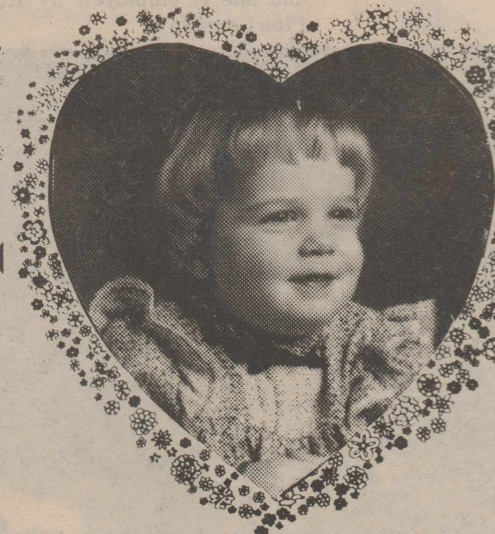

For a "Go-Go" shake, combine a small banana, 1/4 cup smooth peanut butter, 1/2 pint vanilla ice cream and a cup of milk. Whirl in a blender until smooth. Serves two.

Caprock Camera Club Elects New Officers

The Caprock Camera Club met January 9 in the Community Room at the First National Bank in Quitaque. Officers elected for 1986 were Walter W. Taylor, president; Randy Stark, vice president and program chairman; Kathy Frizzell, treasurer.

Dues for 1986 were set at \$15.00 a family.

Information on a Scavenger Hunt was given to those present, and plans were made for the next meeting.

The Camera Club sends out a newsletter each month and meets on the second Thursday nights of each month. Everyone is welcome to visit the meetings.

CHECK SMOKE DETECTOR

Smoke detectors are an inexpensive and reliable way to protect your family and home from fire. But without proper maintenance, you can't rely on a smoke detector to do its job, says Texas A&M University Agricultural Extension Service housing specialist Dr. Peggy Owens.

To test the detector, hold a lit candle six inches under the unit, she says. Let the flame burn if you have an ionization detector. If you have a photo-electric unit, extinguish the candle and let visible smoke drift into the detector. Most photo-electric models have a test button that simulates smoke in the detector which can be used in place of the candle test. In either case, the unit's alarm should begin to sound within 20 seconds.

### Dukes of Dixieland To Present Community Concert Program

The Dukes of Dixieland will present a rousing concert as the second program of the 1985-86 Plainview Community Concert Association series Thursday, January 23, at 8:00 p.m. in Herral Auditorium on the Wayland Baptist University Campus in Plainview.

Admittance is by membership card only. Members of the Dimmitt Community Concert Association also are eligible to attend.

The Dukes of Dixieland, a six-member ensemble hailing from the city where jazz was born, are among the world's foremost exponents of New Orleans jazz. Their music is a distinctive blend of traditional dixieland, blues, pop with innovative jazz stylings, preserving such favorites as "Bourbon Street Parade," "Basin Street Blues," Scott Joplin's "The Entertainer," Star Wars' "Cantina Suite" and "When the Saints Go Marching In."

### Stodghill Reunion Held in Amarillo

A Stodghill family reunion was held at the Bill Stodghill home in Amarillo on a recent weekend.

Attending were Mr. and Mrs. Clifton Stodghill, Silverton; Mr. and Mrs. Joe Ray Stodghill, Borneo, Indonesia; Mrs. Mozelle Purcell, Dalhart; Mr. and Mrs. Bill Curby, Mr. and Mrs. Gerald Knapp and family, Mr. and Mrs. Jerry Stodghill and family, all of Amarillo; Mr. and Mrs. Fred Turner, Perryton.

### Ambulance Service To Have Annual Banquet February 1

Silverton Volunteer Ambulance Service will have its annual banquet Saturday, February 1, beginning at 7:00 p.m. at the City Hall.

Members and guests have been asked to RSVP to Janice Hill by January 24, so that preparations for food can be made.

There are 1,678,815 Smiths in the United States.

### Senior Citizens to Have Birthday Party

Silverton Senior Citizens will have their monthly birthday party Tuesday night, February 4, at the Center beginning at 6:00 o'clock.

Refreshments will be served.

The rarest breed of dog is the Chinese fighting dog. Only 23 specimens are known to exist, all in California.

**Rules to be Discussed  
Regarding Auto  
Dealerships in Texas**

A public hearing to discuss proposed rules regarding car dealerships has been scheduled for January 28 by the State Department of Highways and Public Transportation. The rules outline the implementation by the highway department of House Bill 1953, which was enacted in 1985 by the 69th

Texas Legislature.

"This legislation ensures that dealer licensing is no longer an optional provision of the law," said Dian Neill, assistant director of the highway department's Division of Motor Vehicles. "Our understanding is that the intent of the law is to provide a degree of administrative control of car dealers by a state agency, and to maintain their accountability to the public."

The 13 proposed rules include several key changes to the former law, Neill said. Prior to the new law, dealers or individuals that regularly sell or exchange vehicles. Persons or firms selling fewer than five vehicles a year are exempted from the law.

"Another key change addresses the location of the dealership," said Neill. "The proposed regulations require a dealer to either own or have a 12-month lease on the sales lot." This will eliminate the one-day or weekend rental of a parking lot to sell a large volume of vehicles without providing a continuing office of sales should the consumer have a problem, she said.

The hearing will begin at 2:00 p.m. in the first floor conference room of the Dewitt Greer Highway Building, 11th and Brazos, Austin, Texas.

**Sesquicentennial  
Moment**

A year to remember—1986—the year of the Texas Sesquicentennial.

From the beginning of 1986 to the end, articles in your hometown newspaper will remind citizens that the State of Texas this year is celebrating 150 years of independence from Mexico.

The Texas Wagon Train left Sulphur Springs on January 2, with a total of 100 wagons. The route for the month of January is taking the Wagon Train through Longview, Nacogdoches, Lufkin, Conroe and on to Giddings on January 31.

Other events and activities during this Sesquicentennial year will include the Texas Trail Rides, the renovation and restoration of the 1986 State Fair of Texas, Texas Independence Express and the Texas Air Show to be held in Waco.

Briscoe County was organized March 15, 1892. Before, it was a part of Donley County, originally a part of Jack County.

The first officers of the county were J. N. Stalbird, County Judge; Minor Crawford, Sheriff; T. L. Anderson, County and District Clerk; O. T. Reeves, Tax Assessor; R. J. Hanna, Treasurer; N. J. Waller, County Attorney; J. A. Northcutt, Commissioner, Precinct 1; J. M. Honea, Commissioner, Precinct 2; H. W. Savage, Commissioner, Precinct 3; W. L. Malone, Commissioner, Precinct 4.

T. L. Anderson was County and District Clerk for 24 years nine months and fifteen days. J. E. Daniel was the second Clerk, J. M. Oaks was the third, Frank Gerdes fourth, T. L. Anderson fifth and R. E. Douglas the sixth. He took office January 1, 1927.

Mrs. Ollie McMinn underwent surgery on her leg at High Plains Baptist Hospital in Amarillo Monday. She came through the surgery fine.

**Special Observances  
Planned During  
Texas Sesquicentennial**

Plans are underway for special observances of the Texas Sesquicentennial Year in Briscoe County.

The steering committee, made up of residents from both Quitaque and Silverton, met recently in Quitaque to hear reports on plans for observances during the Sesquicentennial year. Meetings are planned for the first Monday night of each month to formulate plans.

Judge Fred Mercer reported to the group that special trees which have grown for the past three years will be set out in Quitaque and Silverton at an Arbor Day program on March 2, which will observe Texas Independence Day. O. R. Stark gave a report on efforts that are being made to secure a museum at Caprock Canyons State Park to house the extensive artifact collection of Otho Stubbs.

There will be celebrations and observances in each community during the year leading up to the "Sesquicentennial Celebration Briscoe County Style" on August 9. This will be a joint celebration with many activities planned for the day.

It is expected that every person in Briscoe County will be involved in some way throughout the year in projects and events to commemorate Texas' 150 years of independence.

**4-H Clubs to Meet  
Here January 30**

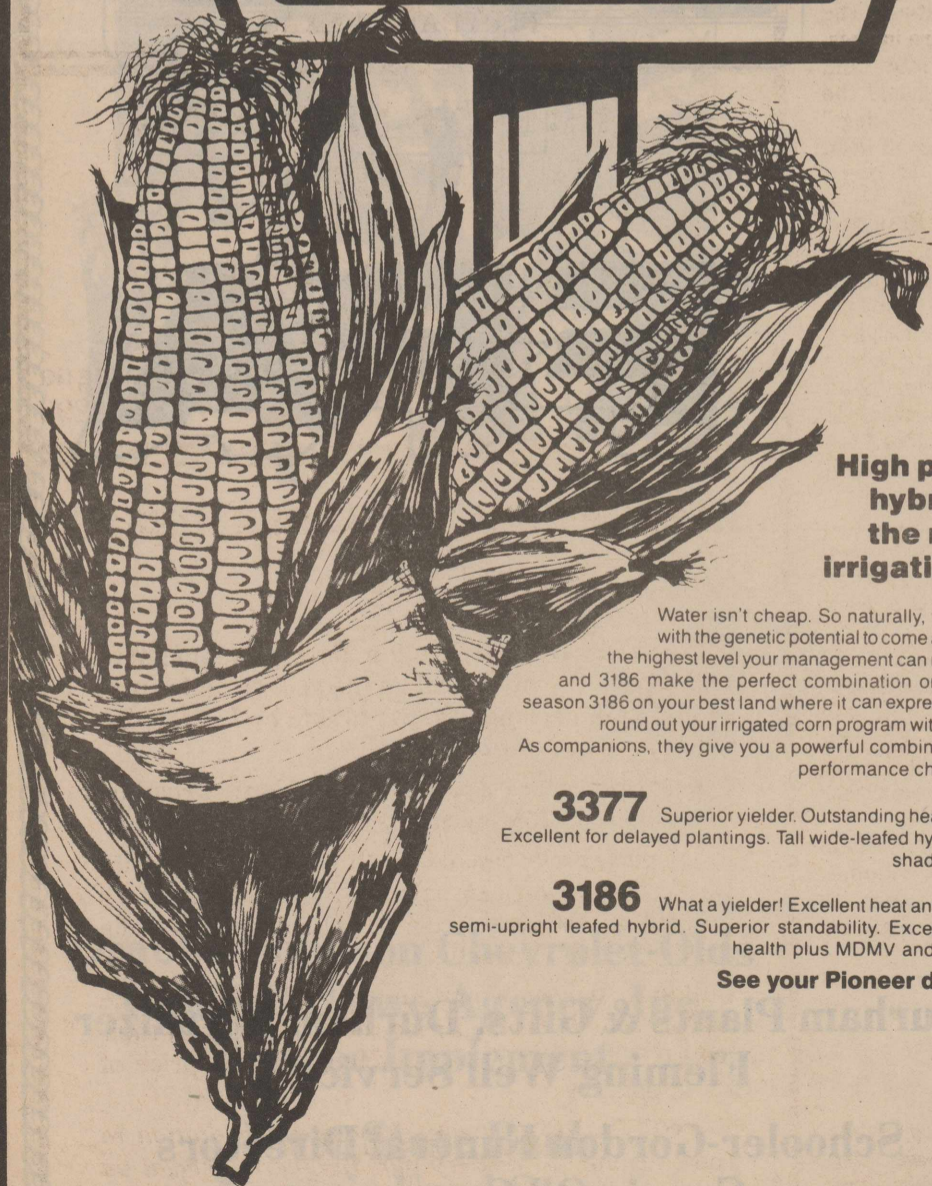

Thursday, January 30, the Junior 4-H Club will meet at 6:30 p.m. in the Pioneer Room at the First State Bank in Silverton. Judging teams and clothing projects will be discussed.

The Don Herrington Discovery Center in Amarillo is sponsoring a paper airplane contest and 4-H'ers will make an entry at this meeting. Plan ahead and have a design in mind—but all 4-H entries must be completed at this meeting. Glue and tape can be used only to hold the shape, not to add weight. Parents will be needed to help supervise this activity. The planes will be taken to Amarillo for judging. The Center will be giving prizes for the best designs.

Thursday, January 30, at 8:00 p.m., the Senior 4-H Club will meet in the Pioneer Room at First State Bank in Silverton. There will be a program on photography. If you can, please bring your camera.

It is time to start planning if you want to qualify for a trip to the State 4-H Round-up at Texas A&M University.

4-H is an educational activity of the Texas Agricultural Extension Service, and is open to all boys and girls between the ages of nine and nineteen without regard to socioeconomic level, race, color, handicap, religion or national origin. 4-2tnc

**High performance  
hybrids to make  
the most of your  
irrigation program!**

Water isn't cheap. So naturally, you need corn hybrids with the genetic potential to come along with you and yield the highest level your management can reach. That's why 3377 and 3186 make the perfect combination on the Plains. Plant full-season 3186 on your best land where it can express its full potential. Then round out your irrigated corn program with earlier maturing 3377. As companions, they give you a powerful combination of high yield and performance characteristics you need.

**3377** Superior yielder. Outstanding heat and drought tolerance. Excellent for delayed plantings. Tall wide-leaved hybrid with good ground shading. Large, girthy ears.

**3186** What a yielder! Excellent heat and drought tolerance. Tall, semi-upright leaved hybrid. Superior standability. Excellent late season plant health plus MDMV and heat smut resistance.

**See your Pioneer dealer right away.**

**Male monkeys lose the  
hair on their heads in the  
same way men do.**

Joe Brannon made an unusual find in his field near the Briscoe Cooperatives recently. It was a string of balloons, some of various colors and some white ones with "T.G.I. Fridays" and "Twentieth Anniversary" printed on them. Some of the balloons were still partially inflated but many had been broken. There was nothing to indicate from where it had come.

### Informal Survey Made By Parks and Wildlife Department

Results of an informal survey by the Texas Parks & Wildlife Department to determine the best lakes for certain species of fish did not include any lakes in this region of the state. The reason was because of the nine species of fish named in the survey, smallmouth bass and walleye were not included. Sunfish were included.

Regardless of their absence from the survey, smallmouth bass and walleye provide good fishing and good eating for many Panhandle-South Plains anglers. To attempt a rating of the quality of smallmouth and walleye fishing locally, Joe Kraai, TP&WD fishery biologist based in Canyon, was contacted.

Kraai said the Panhandle-South Plains region of the state provides good to very good fishing for walleye and very good to excellent smallmouth bass fishing. The best lakes for both species are Greenbelt, five miles north of Clarendon, Meredith and White River.

"Meredith is the best in the state for smallmouth bass," Kraai stated. "It's the best lake by far for the number of smallmouth, not necessarily size." He added that the walleye at Lake Meredith are strong and thriving.

Lake Mackenzie, near Silverton, has experienced an astounding turn-around as a fishing lake, according to the fishery biologist. "It is becoming an excellent lake for crappie," Kraai stated. "The crappie at Mackenzie are impressive in individual size and number, and there should be exceptional results this spring." He added that there had been "An incredible spawn of large-mouth bass" at Mackenzie.

"I'm really pleased with the striped bass growth at Buffalo Springs Lake," Kraai said. "Their numbers and size are looking very good." He noted an additional stocking of stripers is scheduled for this spring. And while a remnant population of walleye is few in number, net surveys indicate all of the fish are lunkers.

soy sauce; beer; active yeast preparations, bananas; avocados; sherry, and other wines in large quantities.

Oral contraceptives—The Pill—is known to deplete the blood's content of some vitamins, like folic acid and vitamin B-6, but this is not usually a serious problem in healthy women with good diets.

Modifying the diet to include foods rich in necessary vitamins and minerals is preferable to taking vitamin and mineral supplements.

This information was adopted from an FDA consumer publication.

The most poisonous animal alive, according to some scientists, is the arrow-poison frog, says National Wildlife Federation's Ranger Rick magazine. These insect-eating frogs live in the rain forests of Central and South America. And, as its name suggests, the frogs' poison is carefully spread by hunting Indians on their arrow tips.

### MONEY PLAN FOR THE NEW YEAR

Now that the chaos of Christmas is behind, it's a good time to get organized for the new year.

One New Year's resolution that shouldn't be hard to keep is to set up a workable family financial plan for the whole new year.

A sound family plan geared for the next 12 months helps the family to take a realistic look at current and pending obligations in comparison to the total yearly income. Also, you will be able to save for bigger expenditures such as insurance premiums.

This can't be a one-man job—since each member shares in the "spending" each should be included in the understanding of how it's spent and how they'd like it to be spent.

Set up a certain place for bank statements, bills, etc. to be placed. Add up last year's bills and divide by 12 which will be the amount to save each month to meet those expenses.

You may wish to consult your Yellow Pages for Credit Counseling.

Happy, prosperous New Year!

### New Year's Pattern

"My days are swifter than a weaver's shuttle." Job 7:6.

As each day of 1985 quickly passed "faster than a weaver's shuttle," it was a strand being woven into the complete pattern for the whole year. The pattern for some of us may have been a beautiful one, while for others it may have been a confusing pattern—with perhaps evil surmising, envy, bitterness and jealousy creeping in to spoil the design!

How different 1986 can be if even though we may have committed one wrong while the other person has committed twenty, we would take the stand of the chief offender, soften our hearts and say, "Will you forgive me? I want my record to stand clear for a new year."

### Counting Conveniences

Did you go to bed last night with the snow sifting in through the cracks in your bedroom? Were your feet so cold that you had wrapped fruit jars filled with hot water to keep them warm?

Did you awake at night dreading to go down to the outhouse and feel the cold winter wind flinging stinging snow?

What a life! Most of us are so rich we don't even realize it—rich in conveniences, rich in our freedoms.

### LINES FROM Y N D A

Briscoe County Extension Agent

Some medications can affect the way your body uses foods or cause dangerous reactions to certain foods.

Long-term use of diuretics or "water pills" can lead to serious potassium depletion. In heart patients taking digitalis, the heart may become more sensitive to the effects of the drug if the potassium deficiency is not corrected. Foods high in potassium are most fruits—tomatoes, oranges, cantaloupes, bananas, raisins, prunes, etc.—potatoes, sweet potatoes and winter

squash.

According to the Food and Drug Administration one of the most hazardous food-drug interactions is that between MAO inhibitors, drugs sometimes prescribed for depression and high blood pressure, and such foods as aged cheese, Chianti wine and chicken livers. MAO inhibitors can react with a substance called tyramine in these foods and force the blood pressure to dangerous levels, sometimes causing severe headaches and other serious complications.

To prevent a possible reaction, those taking MAO inhibitor drugs should avoid aged and fermented foods, including pickled herring; sausages, such as salami and pepperoni; sharp or aged cheeses; beef and chicken livers; yogurt and sour cream;

## News From The AG SHOP

The saying, "Close counts only in grenades and horseshoes," really hit home this week. Some of our students went to sleep the third six weeks and they will suffer the consequences. I have mixed emotions about the no-pass, no-play rule. Yes, this state ruling even affects Vo-Ag. If a student fails only one subject he is ineligible to compete even in our local stock show as well as the major stock shows. I know they will benefit from this law, but at times it seems unfair when a student is so close to passing all of his subjects.

The main event this week is the Briscoe County Livestock

### PUBLIC NOTICE

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice that a Private Pay Telephone Service Tariff has been filed with the Public Utility Commission of Texas.

Under the proposed tariff, Private Pay Telephone Service would be offered for use with a privately-owned coin or credit-card operated telephone, at the request of the customer. The new service is scheduled to become effective on March 16, 1986, or upon approval by the Public Utility Commission of Texas.

The matter has been assigned to Docket No. 6309.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Friday—Hamburgers, French Fries, Salad, Cookie, Milk

### Owlettes Drop Their District Game At Valley Friday

Silverton's varsity Owlettes dropped their game at Valley Friday night, 49-29.

Hitting a low percentage of their shots was not overcome by the fact that the team had only four turnovers.

Kathy Brown and Suzann Settle led the scoring with eight points each. Kathy also had three rebounds, two assists and two steals. Suzann pulled down four rebounds.

Also scoring were Kori Baird, five points; Tonnette Miller, four; Kristy Fogerson and Sha-vonne Lowrey, two points each.

Lee Ann Durham led the rebounding with eight. Tonnette and Kori grabbed five rebounds each, and Tonnette also caused the opponent to make two mistakes.

Owlettes	7	7	8	7	29
Valley	13	12	13	11	49

The eyes of the four-eyed fish of Central and South America are most unusual. These fish swim on the surface of the water. The upper half of their eyes are adapted for seeing in air, the lower half for seeing in water.

### Owls Win First District Game

The Silverton Owls basketball team travelled to Lakeview on Friday, January 10, 1986 for the opening of district play. The Owls came away with an impressive victory and their first district win.

The Owls led at halftime by the score of 25-22, and then outscored Lakeview with a 27-12 performance in the second half.

The Owls were led in scoring by Scotty Harris, who poured in 20 points, closely followed by Cal Brannon, who finished the night with 18 points. Neal Edwards added seven points.

"The overall performance of the entire Owls squad was a team effort and it was especially brightening to see some of the younger players starting to show promise with their play in the game. Jamie Frizzell was extremely impressive on defense with his overall play," said Coach Bob Loy.

On Monday, January 13, the Owls travelled to Kress to take on the Kangaroos. The Owls fell behind at halftime by the score of 28-21 and at the end of the third quarter had rallied to knot the score at 36-36.

In the early stage of the fourth quarter, the Owls took the lead at 39-36 and "then the mistakes that have plagued us in the past came back to haunt us," said Coach Loy. By the time that quarter was over, the Owls had turned the ball over 22 times. "This fact is disturbing, since there were only 31 turnovers in the entire game," the coach added.

"One of our strong points in the game was our defensive rebounding. We pulled down 25 rebounds," the coach added.

The leading scorers in the game were Russell Simpson with 11 points, Scotty Harris, nine, and Ricky Clardy, nine.

"An intelligent man never snubs anybody."

Anti-Litter Program To Be Enforced On Texas Rights-of-Way

Better think twice next time you start to trash the highways. The eyes of Texas are upon you.

And it just might mean a fat fine as Texas law enforcement officers focus keen attention on litterers under a new highway department program.

The new antilitter enforcement program invites municipalities to enter into year-long contracts whereby they are reimbursed for issuing citations to persons who dump trash on state highway rights-of-way.

The enforcement effort is part of the department's \$4 million antilitter "Don't Mess With Texas" campaign that was launched last fall to reduce litter along Texas highways by 20 percent.

The antilitter enforcement program will reimburse a city \$20 per citation. "We have to get tough with these litterers, and that's exactly what we're going to do through this program," said Craig Steffens, head of the department's landscape section.

"There is nothing more effective than to have a police officer stop you and give you a ticket," said Steffens. "We especially want to ticket persons who create illegal dump sites by the side of the highway."

The program is intended to provide an incentive to increase enforcement of existing litter laws. During the first six months of 1985, 237 citations for litter violations were issued statewide.

The department will provide reimbursement for the ticket, not for the conviction. The maximum penalty for littering has been raised to \$400.

"Our goal is to reduce the overall litter in the state, but we know from research and past experiences that you don't reduce it by picking it up. You reduce it through public awareness," said Steffens.

In addition to the \$1 million enforcement program, the campaign includes a \$2 million public education and media program, a \$300,000 subsidy for the state-wide Keep Texas Beautiful, Inc. organization, and \$700,000 in landscaping projects for winners of the annual Governor's Community Achievement Awards for Clean Communities.

Keep Texas Beautiful, Inc. will be contacting cities and furnishing contract documents to solicit participation. City officials interested in the program may contact Keep Texas Beautiful, Inc. at (512) 478-8813 or they can call their local highway district office.

Reimbursement for litter citations will be made quarterly. The population of a city will determine the total amount of the contract.

For more information, contact Craig Steffens or Melody Hughes, 512-465-6301, Safety and Maintenance Operations.

"Little minds are wounded by the smallest things." La Rochefoucauld

Tradition has it that in Scotland the first one in a house on New Year's Day gets a big bear hug. Why? Because he has brought the host good luck. Scot celebrators carry cakes and spiced ale to wish their hosts a good year.

People named an area in South Dakota the "Badlands," because it was poor farmland and difficult to traverse. This vast exhibit of many-colored ravines, ridges, valleys and hills was proclaimed a national monument in 1929.
