VOLUME 78 NUMBER 18

All Around
The Town

BY MARY ANN SARCHET

We have a few copies of "Old Filings," the historical newspaper published by the Turkey Sesquicentennial Committee, on sale at the Briscoe County News. They are \$5.00 each, \$6.00 if they are to be mailed.

ANOTHER POSTAL INCREASE!

Would you believe that newspapers are receiving their third postal rate increase in four months?

All Texans agree that declining oil prices have had a major impact on state government revenues. After learning about another upcoming postal rate increase, one Texas Press Association publisher said this week he is convinced the U. S. Postal Service is competing with OPEC in an effort to equal or exceed the negative impact on community newspapers.

The basis of his observations: On April 7, President Reagan signed the final version of the fiscal 1986 Budget Reconciliation Bill (H.R. 3128) which eliminates the limited circulation rate effective April 20 and triggers another round of second-class postal rate increases—the third in four months.

The new rate schedule includes a slight decrease in the in-county rates and hefty increases in the rates for out-of-county copies.

On January 1, the pound rate (5.8 cents) went up to 7.9 cents which went up to 9.3 cents March 9 and was brought back to 9.1 cents April 20.

The level J rate has gone from 3.3 cents to 4.3 cents to 5.0 cents to 4.9 cents. Level K has gone from 1.5 cents to 2.5 cents to 3.2 cents to 3.1 cents. Outside the county, level D rates have gone from 6.3 cents to 8.4 cents to 9.0 cents to 12.3 cents. Level E has gone from 3.7 cents to 5.8 cents to 6.4 cents to 9.6 cents. Level F has gone from 1.8 cents to 3.9 cents to 4.5 cents to 7.8 cents.

It doesn't seem to occur to our Federal government that it is on the verge of pricing newspapers, which deliver their product by mail, out of business. What will all of the newspaper people do when the government has completed the task?

Saturday Is Primary Election Day in Texas

Democratic and Republican Primary Elections will be held across Texas Saturday, May 3, with the polls open from 7:00 a.m. until 7:00 p.m. in all voting precincts.

The Republican Primary voting place for Briscoe County is the home of Mrs. Floyd Williams, 201 North Loretta Street in

Appraisal District Requesting Help

Carlye Fleming, chief appraiser for Briscoe County Appraisal District, is urging all farmers who have not returned their irrigation surveys to do so immediately.

She stated that most farmers have been in to discuss their water situation, but it is those who have not responded to the letters that she is concerned about at this time.

April 30th is the deadline! If there is no response from either the landowner or the renter/lessor, it will be assumed there has been no change in the water situation since 1981.

Senior Boosters To Have V'ball Tourney

The Senior Boosters are holding a volleyball tournament on May 1-2-3. Everyone is invited to come by and enjoy the fun.

Donations are still being accepted on the quilt donated by Mary Brown. One of those who donates will win the quilt in a drawing to be held Saturday night at the tournament. All proceeds are going toward a Senior Trip.

Orders Being Taken For Homemade Tamales

Have you enjoyed a really good homemade tamale lately? The (tired) Senior Boosters will be taking orders until May 21. Delivery will be May 23.

The cost will be \$3.00 a dozen for bean tamales and \$4.00 a dozen for beef tamales.

The tamales will be prepared by Lydia Segura and Connie Patino.

To order, call 823-2322 or 823-2457 or contact a Senior!

**Briscoe Countians
 Invited to Brice
 For Special Activities**

Friday, May 23, 1986 will be a memorable day for Brice, Texas and Hall County. This is the date scheduled for the Texas Sesquicentennial Wagon Train to camp at Brice. Briscoe Countians are invited to come and help celebrate this historical occasion.

The wagon train will "circle the wagons" southwest of the intersection of Highways 70 and 256 on the old Paymaster gin yard. The approximate time of arrival is 12:00 noon, but according to the Texas Wagon Train Association (TWTA) rules, no one will be allowed in the camp for at least two hours after arrival of the wagon train.

The Brice community plans to serve an evening meal for the members of the wagon train only, which has been estimated to include anywhere from 500 - 1000 people. Any contribution toward this endeavor would be greatly appreciated. Donations may be made to the Brice Wagon Train Committee account at either the First Bank & Trust of Memphis or the Memphis State Bank. Everyone is invited to bring a picnic basket and join the residents of Brice in celebrating Texas' 150th birthday.

Musical entertainment is being planned for the afternoon and evening hours. Interested musicians may contact Jimmy Lemons, the official TWTA designated spokesman for Brice for the Wagon Train, at 867-3281.

**Mrs. Nance Attends
 Volunteer Recognition
 Luncheon in Amarillo**

Mr. and Mrs. J. D. Nance were in Amarillo Thursday where Mrs. Nance attended the Volunteer Recognition Luncheon. She was among the more than 200 1986 honored volunteers attending the luncheon.

Alan Armstrong, chairman of the Volunteer Action Center, gave the welcome and introduced the honored volunteers. Certificates of appreciation were presented to the volunteers.

The address was given by Dr. Charles Townsend, professor of history at West Texas State University. He spoke on "Who and What is a Volunteer."

New Arrival

Mr. and Mrs. Thurman May of Amarillo are the parents of a daughter, Kymberli Shalene, born April 22. She weighed seven pounds, fifteen ounces, and was 19 1/2 inches long.

She has two brothers, Preston, age two, and Anthony, who is four years old.

Grandparents are John Lee and Joan Carthel of Lockney and Edwin and Claudine May of Silverton. Great-grandparents are Mr. and Mrs. John T. Carthel of Lockney and Mr. and Mrs. O. E. May of Silverton.

Recently, Mr. and Mrs. J. D. Nance visited Jesse Browning of Turkey who is a patient in Hall County Hospital at Memphis. Eliza Jones of Flomot, presently in the Thomas Nursing Home in Wellington, and Jessie Hooks, a former resident of Quitaque who now resides at the Childress Nursing Home, were also visited as were R. L. Brunson and Ruth Ann Conner, both in Quitaque.

Over fifty years after Clinton L. Smith was returned from captivity, he enjoyed an unexpected reunion with his childhood Indian brothers at an "Old Trail Drivers" meeting in San Antonio about 1928.

Cemetery Association Has Annual Meeting

The Silverton Cemetery Association met Thursday night, April 24, in the Silverton School Cafeteria. Ashel McDaniel, Jewell Lyon and Clifton Stodghill were elected to three-year terms on the board of directors. Donation reminder cards were addressed and the financial statement was discussed.

During the board meeting immediately following, Pascal Garrison was elected president of the association, John Francis, vice-president, and Carolyn Lowrey, secretary. Next year's annual meeting will be held on the first Thursday in May, in an effort to avoid conflicts.

A program will again be held at 10:00 a.m. on Memorial Day, May 26, in the cemetery. It is hoped that many will be able to attend.

Clinton L. Smith's book, "The Boy Captives," republished and copies are now available for sale.

The book was first published in 1927, again in 1965, and is the story of the experiences of Clinton L. Smith (grandfather of C. L. Smith of Silverton) and Jeff D. Smith as captives of the Comanche and Apache Indians. They were the only known brothers who were both returned to civilization after living with hostile Indians.

Clinton and Jeff Smith were two of the sons of Henry M. Smith, a Pennsylvanian who settled in Texas before the Texas Revolution, served as a captain with the Texas Rangers shortly after the group's organization and also served as City Marshall of San Antonio in 1853.

Clinton Smith was nine years old and his brother, Jeff, was six at the time of their capture.

For over five years during the most formative period of their lives, the Smith brothers were well educated in the ways of the wild Indian.

Shortly after their capture at

their father's Dripping Springs ranch on Cibolo Creek near Boerne, Texas, Jeff was purchased from the Comanches by the great Apache Chief Geronimo. The book also chronicles Jeff's adventures with this famous American.

Clinton L. Smith lived in Edwards County from 1910 until his death in 1932 and is buried at Rocksprings.

He was the father of Leona Smith Cory of Junction, Marion Smith and Milton Smith of Rocksprings, in addition to C. L. Smith of Silverton. His deceased children are Virgil, Bert and Allen Smith, sr. and Zona Smith Benskin.

First Silver Haired Legislature to Be Elected in Texas in May

The Texas Silver Haired Legislature is an elected, representative nonpartisan body of citizens 60-plus years of age. The first Texas Silver Haired Legislature will be elected on May 30, 1986 and will meet this fall in the Texas Capitol for the purpose of considering and voting on legislation that concerns the needs of older Texans. The mock legislative session will closely resemble that of the Texas Legislature. At the close of the session, the Texas Silver Haired Legislature will select several issues which it feels are priority concerns of the elderly and present these to the Texas Legislators.

Although the Silver Haired

Legislature is new to Texas, the concept is not new. Many other states have organized and convened a senior legislature with great success.

The legislature, which will debate bills and pass recommendations to the 1987 Texas Legislature, will be made up of 116 Texans over the age of 60. Each of the state's area agencies on aging will sponsor at least four delegates. Five will come from Tarrant, Dallas, Harris and Bexar counties because of their large senior populations.

The Silver Haired Legislature will meet every other year to debate and approve priorities important to senior citizens. The delegates are elected to two-year terms and may be re-elected once.

Why did the Texas Legislature offer this opportunity?

1. To provide older Texans an opportunity to become knowledgeable about the legislative process through involvement.

2. To develop a forum for older Texans for discussion of senior citizens' issues and establishing legislative priorities for the Texas Legislature to consider.

3. To provide advocacy training enabling delegates to continue their role within the community and offering informed assistance to policy makers.

4. To provide an avenue through which older citizens may serve as a resource to public and private sectors, boards and commissions.

Balloting will begin with absentee voting Thursday, May 1, through Friday, May 23, 1986. Election Day will be Friday, May 30, 1986.

Absentee ballots may be mailed to:

Panhandle Area Agency on Aging
P. O. Box 9257
Amarillo, Texas 79105

Each envelope mailed must be clearly marked on the outside ABSENTEE BALLOT. Each envelope mailed must have your written signature above your return address.

The growing impact of Senior Citizens in every aspect of Texas life is the reason for this forum

and what is done will have a direct effect not only on those 60-plus now but all who follow.

AMY DISCUSSES TANNING SYSTEMS

These are a few questions asked most often about tanning systems:

Q: Is the Wolff Tanning System safe?

A: Yes. Natural sunlight emits three types of ultraviolet light, UVA, UVB and UVC. The earth's atmosphere protects us from UVC; however, large amounts of UVB (burning rays) along with UVA reach the earth. Since the Wolff tanning tubes eliminate all but .05% of UVB light, tanning in our sun booth is safer than sun bathing.

Q: Does this mean that I can't get burned?

A: Yes, with normal use you cannot burn. When using our system in recommended dosages, no burning, dryness (leathering effect) or wrinkling will occur as with exposure to natural sunlight.

Q: Is a tan "healthy"?

A: Yes, a tan is skin's natural way of protection against burning rays of UVB exposure, improves body circulation and production of Vitamin D.

Q: Should everyone use a sun system?

A: No, some medications are sensitive to ultraviolet exposure. If you are on any prescription medicines, consult your doctor.

Q: How long will it take to get a tan?

A: Depending on your skin type, you should start seeing results after three or four sessions.

Q: How about using oils, lotions or creams?

A: No, oil based tanning products will only slow down the tanning process.

Q: Will a tan from a sun system effect further tanning in the sun?

A: Absolutely not! It is like tanning in the sun without the UVB rays! Logic answers that question!

Q: How do I start?

A: Call AMY'S (823-2555) or stop by (1006 Commerce St.). Start today.

Perkins Moving To Odessa Job

Randall County Agricultural Extension Agent Tommy Perkins will leave his post to accept the position of Agricultural Extension Agent in Odessa May 16.

Perkins has served Randall County since 1983 and it has been a job well done, according to co-worker and County Extension Agent Robert Devin.

"Randall County was very fortunate to have had Tommy Perkins for three years," Devin said. "He has done an outstanding job with the 4-H program and molding the lives of young people in Randall County.

"Selfishly I hate to see him go, but I realize it is an excellent opportunity for him," he added.

"It is also a reward for the job he has done here to be asked to fill the position in Odessa.

"I join in with the rest of Randall County in wishing Tommy the best."

Perkins will be the only agricultural extension agent for Ector County.

"I really don't want to leave Canyon because of its people and dedication to 4-H," Perkins said. "However I see this opportunity as a challenge and a career move for me.

"Ector County is a real urban population and this will be part of the challenge for me," he added.

"I also feel like I can better their program."

TOMMY PERKINS

Perkins said the highlight of his career in Canyon has been

working with every 4-Her, adult leader and extension staff member in Randall County to build a very successful program in the three years he has been here.

"I want to thank the commissioners' court, the Randall County Extension Service and the Texas Extension Service for giving me the opportunity to work with the citizens of Randall County," he said.

"I also want to thank Randall County for the opportunity to work with such an outstanding group of youngsters."

A farewell reception honoring Perkins for his contributions to the 4-H program will be held on Sunday, May 4, from 2:00 until 5:00 p.m. at the First Baptist Church Family Life building in Canyon, located on the corner of Third Avenue and 17th Street.

The reception is being given by the Adult Leaders Association and the County 4-H Council.

Georgie Perdue, chairman of the Adult Leaders Association, is coordinating the event.

To The Voters of Briscoe County

Dear Ladies and Gentlemen:

As a candidate for District Judge it would seem proper that I should publish some form of communication to you in order that you may know what my position is concerning some of the matters that a District Judge must deal with, the manner in which I think they should be handled, some of the policies I will adopt, and the procedures that I will use in the event that you elect me to the office of District Judge.

I have found in visiting with people that they are concerned about crime and are displeased with the manner in which criminal activity is being dealt with in the district. I hear numerous complaints that many cases of alleged criminal activity do not get to the point of being considered by the grand juries. If elected as your District Judge I will be sure that the grand jurors understand that they have the right to consider alleged criminal violations regardless of whether or not the District Attorney agrees or disagrees that such matters should be considered, that the Grand Jury understands that it has subpoena powers and may on its own motion cause witnesses to appear before it for questioning on the matters before it. The grand jury foreman may notify members to appear and consider matters that come to his attention and to the attention of other grand jury members. The District Attorney has no right to dictate to the grand jury as to the witnesses it questions, the matters it may consider, the time when it meets or the time it spends considering alleged criminal activities, and the particular charge in the indictments. The Grand Jury has a right to consider matters with or without the District Attorney being present. It has a right to notify the District Attorney and the District Attorney has an obligation to assist the Grand Jury if called upon to do so.

I have already told the District Attorney of this District that he may not expect me to go along with every plea bargain arrangement that he might suggest and I intend to consider the circumstances of each individual case before approving or rejecting a plea bargain proposal. Plea bargaining has its place in the system but is not appropriate in many cases. Those persons who sell illegal drugs should be dealt with harshly for

the reason that such sales totally ruin the lives of many of those persons using the illegal drugs and causes many crimes on their part to be committed in order to obtain the money with which to pay for the illegal drugs.

Rule 3 B(4) of the Code of Judicial Conduct provides that, "A judge should not make unnecessary appointments." In keeping with this rule unnecessary appointments will not be made. Floyd County is the only county in the judicial district which has an auditor appointed by the District Judge. Under the provisions of our laws (Article 1645 V.A.C.S.) an auditor is not mandatory for Floyd County. Therefore, unless requested to appoint an auditor by a duly passed resolution by a unanimous vote of the Commissioner's Court an auditor will not be forced on the taxpayers of the county. As these are troubled economic times the taxpayers should not be burdened with unnecessary expenses. Under the provisions of the law all counties must have an outside audit each year by an independent auditing firm and such independent audit is sufficient. Contrary to what Judge Miller told the gathering in Lockney on the evening of March 31, 1986 at a meeting of the candidates the Commissioner's Court of Floyd County DID NOT request Judge Miller to appoint an auditor. The cost of maintaining the auditor's office has almost doubled in the term of the incumbent District Judge.

The District Judge has been authorized by law to order the Commissioner's Court to pay certain expenses. This is a broad power of discretion empowering a District Judge to spend taxpayers' money even when such expenses are not necessary in the opinion of the County Commissioners. I intend to consult with the Commissioner's Court of the Counties before arbitrarily ordering them to spend the taxpayers' money. This is a departure from the policy of the incumbent judge who has ordered the Commissioners to pay certain expenses without consulting the Commissioners.

It is the duty of a District Judge to see that the rules of Civil Procedure are followed in the trial of cases, to see that rules of law are properly applied, and in case of jury trials to properly instruct the jury. I will perform

these duties by studying the rules of law and the interpretations of these laws which are contained in Court decisions in order that errors on the part of the Court will be avoided.

The people of this District are entitled to a District Judge who devotes full time to the duties of the office and does not engage in extrajudicial activities in violation of the Code of Judicial Conduct.

In regard to crime and punishment, it is my opinion that appropriate punishment is a deterrent to crime. I believe that the rights of law-abiding citizens should be protected by the imprisonment of those perpetrators of serious crimes who constitute a threat to society.

Probation has a proper place in our system of punishment but I believe it should be used sparingly and only where it appears that a person deserves a second chance to show that he will straighten out his life and be obedient to the laws. In cases where a person on probation violates the conditions of his or her probation then probation should be revoked and the violator should serve his sentence.

If elected as your District Judge I will impose a sentence that will be at least as harsh as what I believe a jury would have assessed in the same case. I do not intend to impose light sentences for serious crimes. I hope such a policy will make criminals more inclined to elect to be sentenced by a jury so that some of the people of this District will have the opportunity to decide what punishment should be inflicted on people who commit crimes.

I realize the tremendous duty placed on a District Judge and if elected I will make a diligent effort to fairly, correctly and efficiently perform those duties. I ask for your support during the course of this campaign and for your vote on May 3.

Sincerely yours,

David Cave

DEAR EDITOR:

In Mr. Hollums' letter to you dated April 24, 1986, he made numerous statements which are false and are known by him to be false. As Mr. Hollums well knows, the information published concerning Judge Miller's numerous, inexcusable, reversible errors is well-documented and is true and correct. In addition to this, the files on the W. A. Massie estate are matters of public record in Floyd County in Mrs. Collier's Office. She is required by law, as she well knows, to permit these records to be inspected by anyone who desires to do so.

I think the people know that if any of the public papers which have been published by me were not true then certainly Mr. Hollums, in view of his attitude or Judge Miller, would have found such errors and certainly pointed them out. This they did not do. It is clear that the public papers of my campaign contain no false statements.

Mr. Hollums falsely states that at the time of the trial of the Fortenberry murder case from Motley County there was no law to instruct the judge as to the charge that was to be given to the jury. This is not the truth. As pointed out by the Court of Criminal Appeals, the statute which Judge Miller should have followed and Mr. Hollums should have known about was adopted in 1925 by the Texas Legislature. This blunder on the part of Mr. Hollums and Judge Miller was the key topic of conversation among the lawyers, peace officers and others in this whole area after the trial. These false statements by Mr. Hollums are an attempt by him to cover up the blunders which were made by him and Judge Miller. The long chain of cases cited by the Court of Criminal Appeals in its opinion reversing Judge Miller's judgment go all the way back to the 1930's and all prove that the law has been the same since 1925.

Mr. Hollums and I strongly disagree on how Grand Juries in the district should be handled. The problem is that Mr. Hollums thinks that he, as District Attorney, should dominate and dictate to the Grand Juries, decide what matters should be considered, what witnesses should be called to testify, what questions should be asked and what charges should be handed down.

The problem with Mr. Hollums' position is that it is in conflict with the Constitutional and legal right of the people to have a citizen's group (the Grand Jury) to go to with alleged criminal complaints without interference from any public official, including Mr. Hollums. This includes having a Grand Jury in existence at all times. Judge Miller has not promptly selected the Grand Juries at the beginning of each term of Court but instead has selected them when Mr. Hollums decided he had something for the Grand Juries to consider.

The failure of Judge Miller to promptly appoint the Grand Jurors at the beginning of each term of Court denies the people their Constitutional right to take criminal complaints directly to the Grand Jury Foreman so he may call the Grand Jury together for consideration of these complaints. This Constitutional right

of the people to go directly to the Grand Jury foreman was clearly adopted to prevent District Attorneys like Mr. Hollums from arbitrarily deciding which matters will or will not be presented to the Grand Juries.

Mr. Hollums would have the reader believe that somehow Judge Miller is interested in the dignity and integrity of his office. For almost five years Judge Miller violated the Code of Judicial Conduct on a daily basis, took from the Massie Estate thousands upon thousands of dollars that the laws do not permit him to take, and swore under oath in an official proceeding that he maintained a family type relationship with Mr. Massie when the public records of Floyd County reveal that he was not related either by blood or marriage to Mr. W. A. Massie.

Mr. Hollums' office is located next door to Judge Miller's office in the Floyd County Courthouse. Mr. Hollums knew about Judge Miller's improper conduct regarding the Massie Estate. Mr. Hollums did not report the Judge's improper conduct to the bar association or the proper officials of our government as directed by the laws governing attorneys nor did he do one single thing to stop Judge Miller from serving as the Executor of the W. A. Massie estate. It appears that Mr. Hollums adheres to the philosophy that right means a covering up a wrong and hiding it from the public view and the Grand Jury. There can be no dignity or integrity in making false statements under oath, nor in violating the Code of Judicial Conduct. Dignity and integrity comes from

being honest and obeying the laws, not from making false statements and failing to prosecute officials who violate the laws.

NO PUBLIC OFFICIAL IS ABOVE THE LAW and YOU, THE PEOPLE, have a right and a need to know the truth regarding misconduct of a public

official.

Sincerely yours,
David Cave

**Jobs are the number one concern in our area.
Let's vote in strong leadership to rebuild our economy**

The quality of leadership we've been getting from Austin in recent years has been out of step with the times. Today, every county and city in Texas is feeling the impact of economic crisis. We're feeling it where it hurts personally — in layoffs and cutbacks and declining employment. Looking ahead, what will the job situation be 10 to 20 years from now?

The May 3 Republican Primary is your chance to insure the fresh thinking and decisive leadership we need.

Kent Hance has the experience — both in the Texas Legislature and the U.S. Congress.

Kent Hance has the initiative — along with Phil Gramm he was President Reagan's choice for moving the nation's largest tax-cut bill through Congress.

Kent Hance faces the issues:

JOBS

"The early-warning systems were flashing loud and clear. Oil and oil alone can't carry this state. We need new diversified industry, and the incentives to bring business to Texas."

EDUCATION

"Government is taking over the responsibilities of the parent and forcing them on the teachers. The parent is the true steward of the child, not the state. Let's make that a part of our educational policies."

CRIME

"We must stop the early release of prisoners — that's what has made our crime rates go sky high. Let's put our prisoners to work. We must build a crime control program with teeth in it."

ILLEGAL ALIENS

"I have the fullest sympathy for our neighbor to the south, but I have no sympathy for allowing illegal aliens to flood across our border threatening our job-hungry economy and creating new problems."

"I need your vote in the Republican Primary on Saturday, May 3. The Republican nominee must be able to carry the cities and the rural areas of Texas to beat Mark White. I am the only candidate in the Republican Primary who can do that. Please vote for me on May 3 and I will not let you down in November. I will beat Mark White, and if that's your priority, I'm your candidate. Thank you."

THE VOTERS HAVE A RIGHT TO KNOW WHAT IS GOING ON IN THE COURTHOUSE

1. George W. Miller knowingly violated his oath as judge by having served and profited from being executor of the Massie Estate when he knew he was violating the Rules of Conduct. **I will abide by the Rules of Conduct that govern our judges.**
2. Judges are sometimes reversed, but George W. Miller's inexcusable reversals were not on complicated cases, but on simple issues of law and fact. **I will study the law and be prepared for trial.**
3. George W. Miller has made unnecessary arbitrary appointments wasting the taxpayers' money. **I will consult with our County Commissioners before making any appointments.**
4. George W. Miller has failed to appoint Grand Juries at the beginning of the term and thereby denied citizens their constitutional rights to have access to a Grand Jury at all times without having to ask the District Attorney to present allegations of criminal activity. **I will promptly call in the Grand Juries at each term so that justice**

may be done, and advise them they may perform their duties without interference from the District Attorney.

5. George W. Miller has postponed and delayed the collection of delinquent taxes by refusing to immediately sign the orders necessary for the collection of delinquent taxes resulting in some taxes not being collectible because the property has been removed from the Jurisdiction of the Court. The rules of Judicial Conduct request that a Judge promptly dispose of the business of the Court. **I will strictly obey this rule.**
6. Concerning violations of the Rules of Conduct and the numerous reversals of his judgments, the charges I have made against my opponent, George W. Miller, are true and come directly from the public records.
7. Some of George W. Miller's campaign expenses have been paid for by the taxpayers and some of his political appointees have been used for campaign purposes.

You have a right to know the facts. My opponent, George W. Miller, has not answered the charges, because he knows they are all true. The truth is not "mud slinging". No public official, especially a judge, is above the law.

On May 3, you will for the first time in your life have the

opportunity to vote against George Miller by voting for a candidate who needs the job, who will appreciate the job, and who will devote his time to making a diligent effort to fairly, impartially, efficiently and economically perform the duties of the office.

Reporting Service to Begin Contacting Farmers in May

The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in mid-May for 1986 crop acreages and mid-year livestock inventories.

State Statistician Dennis Findley emphasized that information from these surveys will help producers adjust their production and marketing plans for 1986. "Good marketing requires good information and advanced planning. Information from these surveys will provide Texas pro-

ducers with solid facts and figures they can use when making their marketing plans.

"There are many economic uncertainties facing agriculture," Findley added, "and accurate, reliable figures will give producers a chance to make sound production and marketing decisions during the coming year."

Results of the confidential interviews, conducted by mail or in person by field enumerators, will be published in June and July.

To reduce survey costs, Findley is urging farmers and ranchers to return the mailed questionnaires as soon as possible. The reported information will be

combined for state and county estimates.

Annual county estimates are published for livestock, dairy, poultry, cotton, field crops, small grains, fruits and pecans, vegetables, and cash receipts from the sale of farm products.

News From The Ag Shop

Last week we spent most of our time playing in the mud. Mud is a term used by concrete contractors. The Vo-Ag students started last Tuesday removing a sidewalk in front of the gym. With the help of a front-end loader, truck and sledge hammers we managed to tear up a 10' x 24' sidewalk. Next, we argued about which way the ground sloped. After a couple of hours with the transit level we were convinced which way the earth tilted. Forms were set in place on Thursday. Friday was the big day for our work in the mud. The day went well with only one minor injury. After explaining how dangerous concrete reinforcement wire can be, one of the students quickly found out what I meant. After a long day playing in the mud we completed a very professional concrete slab. My compliments to our kids.

This weekend is our Area I FFA Convention which will be held in Lubbock. Some of our students will attend and participate in the convention.

Don't forget the volleyball tournament that is being sponsored by the Senior Class.

Second Conservation Reserve Program Signup Announced

The USDA Agricultural Stabilization and Conservation Service today reported that a second sign-up period for the new USDA Conservation Reserve Program will be held from May 5 through May 16, 1986.

Farmers will be offered the opportunity to bid for a Conservation Reserve Program contract for either the 1986 or the 1987 crop year. Bids may be offered for both years, providing different acreage is involved.

Producers cannot harvest any 1986 crop planted on land to be placed in the program. For contracts which are effective immediately, annual payments will be made beginning October 1, 1986. For contracts which become effective on October 1, 1986, or later, producers will be allowed to harvest their 1986 crop, and no annual payments will be made before October 1, 1987.

Preliminary figures from the first sign-up summary showed that Briscoe County farmers bid a total of 7,057 acres from 45 farms. No bids were accepted.

Farmers will receive annual rental payments for participating in the program, the amounts depending on the bids per acre

and the number of acres under the 10-year contracts. Program participants also will receive conservation payments of up to 50 percent of eligible cost of establishing trees or grass on the acres placed in the Conservation Reserve Program.

The rental payments will compensate farmers for retiring highly erodible cropland from crop production, and the conservation payments will partially reimburse farmers for the one-time cost of establishing required conservation practices on the highly erodible cropland.

The annual rental payments will be issued as soon as possible after October 1 of each calendar year. Conservation payments will be made as soon as possible after individual participants report the approved conservation practice is completed.

LETTER TO THE EDITOR

DEAR EDITOR:

There is one true statement in Mr. Randy Hollums letter of April 18, 1986. It is true that people are wondering why Mr. Hollums thinks the people are interested in his telling them who to vote for in the Judge's race.

After all, it was Mr. Hollums advice about how to instruct the jury AND Judge Miller's FAILURE TO read and understand the laws that cost the Motley County taxpayers \$124,000.00 in the Jinks Wilson murder trial. It was proved in Court that Mr. Hollums is inclined to talk too much when he really does not know what he is talking about.

Instead of Mr. Hollums' advice, I think what we really need is a new District Judge who will follow the rules and a District Attorney who will stay out of Austin Politics AND STAY OUT OF HIS TRAVEL TRAILER long enough to prosecute criminals. After All that is what he gets paid to do.

Mr. Hollums has teamed up with Judge Miller to make both of their jobs less difficult by making plea bargain arrangements and deferred adjudications that have resulted in criminals, including thieves, dope peddlers and child molesters being given probated sentences and turned out on the streets. I have not talked to anyone who does not agree that this practice should be stopped.

Mr. Cave's campaign articles have dealt with issues that involve the office of District Judge and the conduct of the present District Judge. This is not mud slinging.

The Mud slinging that I have seen in the papers is contained in Mr. Hollums' nasty letter.

Yours truly,
Dorothy Merrell

Crappie Fishing Continues Good

The water temperature is 60° and the water depth at the dam stands at 112.40 feet at Lake Mackenzie.

Crappie fishing is still good using minnows and jigs. Chad Glenn of Tulia brought in two crappie that weighed well over a pound. Crappie are still being found in six to ten feet of water.

Several nice bass were caught this past week using plastic worms in Cope Creek.

Hybrid stripers are starting to move some, with most being caught off points in the main part of the lake.

Catfishing is picking up some. A 4½ pounder was caught using live bait.

Walleye are still slow.

To make your glassware sparkle, add a few drops of household ammonia to the dishwasher.

COY LaBAUME

LaBaume Receives Sweepstakes Award

Coy LaBaume recently received the sweepstakes award at the Floyd County Annual Stock Show Banquet and Awards Program. The award is represented by a traveling trophy with the names of winners engraved at the base. He was also awarded a plaque to commemorate the event and a \$100.00 scholarship from the Dusty Burleson Memorial Stock Show Scholarship Fund. The award is the highest given

within the Floyd County Stock Show Association. The award is given based on participation in the show, leadership and citizenship with other exhibitors and other all-around school activities that benefit the overall objectives of FFA and 4-H programs.

LaBaume is involved with his sow operation in raising show barrows to show and sell. He has had numerous winners in local, county and major stock shows during his four years of showing. He also was nominated for swine showmanship, winning on both local and county levels.

He is the son of Jon and Elaine LaBaume of Floydada and is the grandson of Ashel and Mildred McDaniel of Silverton.

LETTER TO THE EDITOR

Dear Editor,

I found the article in your "All Around the Town" column (4-24-86) of the Briscoe County News very interesting.

I was born in Mexico City and lived there for 12 years. My father was a history professor who specialized in Mexican history, and that is how he met my mother who was a kindergarten teacher in Mexico City.

Through the effort of my parents I learned to speak both Spanish and English, and studied Mexican and American history.

I married Jo Jarrett on July 27, 1984 and have since been reading your newspaper weekly.

We apologize for taking so long to send our subscription dues. Thank you for continuing to send The News despite our delay.

Sincerely yours,
Robert M. Bidwell

HAPPY ANNIVERSARY TO . . .

with whom we had lost contact. It was a great day and I am getting many rewards that I had not expected.

When the 69th Legislature passed S.C.R 37, which supported the creation of the Silver Haired Legislature and Governor Mark White signed the bill into law on April 11, 1985, they did not allocate funds for the process of electing the representatives. The Panhandle Area Agency on Aging who is responsible for the implementation has decided to run only the notices of information and election in the Amarillo papers.

There are many people who, for various reasons, do not take that paper. This includes many senior citizens who cannot afford it. Some take both the Amarillo paper and the local paper but most prefer to read the paper that is published in their area.

With so few polling places established, the vote will be very small in number if the absentee ballot is not available and will certainly be far from representative of the senior citizen population.

I hope you consider this information important enough to publish.

Judge Mercer was going to try to set up a polling place in Silverton but I don't think we made it by the deadline. We will have absentee ballots for the Senior Citizens Center and will see that they receive them in time to have several meetings to get their votes in.

If you need additional information, Mike McQueen of the Panhandle Area Agency on Aging, (806) 372-3381, or I, will be happy to supply it.

Mrs. Elvira Cruz was taken to St. Anthony's Hospital in Amarillo Sunday morning by the Silverton Volunteer Ambulance Service. Her son, Emilio, accompanied her in the ambulance, and her son, Manuel, and the two daughters-in-law joined the family group in Amarillo.

Mrs. Mary John Harris went back to work at her flower and gift shop Monday after having been sick with the flu last week. She received treatment at Methodist Hospital in Lubbock and returned home on the weekend.

Two From Silverton Nominated For National Recognition

The Board of Advisors for the Outstanding Young Women of America awards program announced today that Mrs. John (Gail Anne) Wyatt and Mrs. John (Janet Michele) Crowell, both of Silverton, have been selected for inclusion in the current edition of Outstanding Young Women of America.

Now in its 21st year, the Outstanding Young Women of America program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, their professions, and their communities. Accomplishments such as these are the result of dedication, service and leadership—qualities which deserve to be recognized and remembered.

This is the goal of the many leading women's organizations, college alumni associates, and public officials who nominate deserving young women to participate in the program. Serving as chairman of the program's Advisory Board is Mrs. Margaret Long Arnold, honorary president of the General Federation of Women's Clubs.

The Silverton women, along with approximately 26,000 fellow Outstanding Young Women of America from across the United States, will be presented in the prestigious annual awards volume. In addition, they were also considered for one of the fifty-one state awards presented to those women who have made the

most noteworthy contributions

in their individual states. From these fifty-one state winners, the Ten Outstanding Young Women of America were chosen, and these ten national winners were

then honored at the annual awards luncheon held this past January in Washington, D. C.

The Board of Advisors and Editors salute all those honored

as Outstanding Young Women of America. They take great pride in bringing their accomplishments to the attention of the American public.

NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that **SWISHER ELECTRIC COOPERATIVE, INC.** (the "Utility") intends to change rates for electric utility service effective May 7, 1986. Based upon a test year ending June 30, 1985 the increase requested over test year revenues is \$2,296,831.00 or 19.62%. Much of this increase is to offset increases in the cost of wholesale power purchased by the utility from Southwestern Public Service Company.

The changes are applicable to all areas and all customers served by the Utility. The classes and numbers of Utility customers affected are as follows:

Farm & Home	2,813
Commercial	221
Irrigation	4,476
Large Power	39
Special Large Power	2
Cotton Gins	12
Wind Generation	2
Lighting	All

The Utility intends to change its service rules and regulations including rules relating to obtaining service, line extension and line extension charges, the provision of electric service, service fees, and discontinuance of service.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at 401 S.W. 2nd Street, Tulia, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard,
