All Around  
The Town

BY MARY ANN SARCHET

Most everyone seemed to have a nice time during the Briscoe County Birthday, Texas Sesqui-centennial and Silverton Homecoming celebrations last week! A number of individuals commented on the clean-up, fix-up that was begun back in the spring, and Pauline Buchanan Nash who lives at Donie, said that if she had been here she would have brought her mower and helped with the project.

Harley Redin and the other members of the Class of 1936 issued a commendation to the residents for their hard work, and expressed this in an ad in last week's paper.

Now we're started, but I don't want us to be finished with our efforts to make our town a better place in which to live. We put on a "happy face" to welcome home former residents last week, but we need to keep up the work in order that our community will not deteriorate to the point that it's just a wide spot in the road with obvious signs of decay for ridicule by those passing through. Even though our population is smaller, we aren't dead and we can keep up appearances and help make our town a better place for all.

Most agricultural towns are experiencing the same things we are. We can react to this in either of two ways: (1) let it die, kick it and walk away; or (2) stand and fight and keep things going as well as we can.

Yes, it is true that work of this nature usually falls to the same people if it is to get done. Were you ever a member of a club, class, church, or any other group in which some didn't carry more than their share of the load? It is the same with the community spirit—some people do more and show their citizenship more by undertaking and accomplishing more than others. We appreciate all those hard-working ones—we don't know how our town could get along without them!

Now, let's all continue.

The following checklist was prepared as a joint effort of the Beautify Texas Council and the Texas Agricultural Extension Service.

#### IN GENERAL

Do the highway entrances to the community create a favorable impression on strangers?

Is the highway mowed, free of litter and neat in appearance?

## Large Crowd Attends Homecoming Activities

A larger-than-usual crowd attended the 1986 Silverton School Homecoming program in the school auditorium Saturday morning, and the eldest graduates answering roll call were Winnie Redin and Anna Lee Anderson, both of whom graduated with the Class of 1918 and both of whom are former long-time teachers in the school system.

Bertha Mae Allard was present from the Class of 1923 and Bonnie Burson represented the Class of 1924.

The class with the largest representation (22) was the Class of 1936 which was celebrating its 50-year anniversary. Eight were there from the classes of 1938 and 1940. The Class of 1931 had seven present, as did the classes of 1941, 1945 and 1966. Six were present from the classes of 1926, 1932, 1944, 1950, 1960, 1963 and 1986.

There were 10 former and present teachers attending, several of whom are graduates of the Silverton Schools.

Carolyn Garrison Lowrey reported that those attending this year's homecoming program numbered 313 and had traveled more than 200,000 miles to attend. Wilma Dickerson of Creswell, Oregon and Mr. and Mrs. John White of Myrtle Creek, Oregon traveled the farthest.

Registration was conducted by Clay Schott, Robbie McWaters, Julia Couch, DeLynn Fitzgerald, Kim Burson, Suzann Settle and Tonnette Miller, members of the local chapter of Future Business Leaders of America.

Coffee and donuts were served during registration in the school library by Shavonne Lowrey, Lee Ann Durham and Kristy Fogerson, members of the Class of 1986.

The group approved the next homecoming for 1988 during the Briscoe County Birthday Celebration. Elected to serve on the committee to make arrangements for the meeting in 1988 were L. B. and LaRue Garvin, Wayne and Norma Vaughan and Clifton and Joy Stodghill.

The current SHS cheerleaders, Kim Burson, Stacie Chappell, Julie Towe, Shannon Bingham, DeLyn Patton and Tracy Tomlin, led the singing of the alma mater.

Superintendent O. C. Rampley, a member of the Class of 1941, who said he had been associated with the school as a student, teacher and administrator for 50 years, was the speaker

**SYBLE G. TEEPLE**

Funeral services for Mrs. Syble G. Teeple, 80, were conducted at 3:00 p.m. Saturday at the First Baptist Church in Silverton. Officiating were the Rev. Milton Baldwin, pastor of the Lone Star Baptist Church of which Mrs. Teeple was a member for many years, and the Rev. Dick Hatfield, pastor of the First Baptist Church in Silverton where Mrs. Teeple held membership at the time of her death.

Interment was in the Silverton Cemetery, with arrangements by Schooler-Gordon Funeral Directors.

Mrs. Teeple died at 3:30 a.m. Thursday at Methodist Hospital in Lubbock following a lengthy illness.

The former Syble Covington, she was born in Hopkins County February 3, 1906. She moved with her parents to Floyd County at the age of three, and was a lifetime resident of Floyd and Briscoe counties.

She married Raymond Teeple May 20, 1928 in Plainveiw and they resided in Floyd County

until 1958 when they moved to Briscoe County. They lived 12 miles southwest of Silverton and farmed until his retirement in 1971. Mr. Teeple preceded her in death in 1979. They were also preceded in death by two grandsons, Monty and Randy Teeple.

Mrs. Teeple was a charter member of Southwestern Extension Homemakers and for many years held membership in a Floyd County Extension Homemakers Club. Last May a red oak tree was planted at Lake Mackenzie in her honor by the Southwestern Club. The oak tree, a symbol of strength, was chosen to represent the beauty, comfort and strength of Mrs. Teeple's life. In all, she had been involved in home demonstration club work for more than 50 years.

A tireless and generous worker, she had held almost every office in her clubs. She was a past president of the LaVentana Study Club at Lone Star and was a long-time member of the Order of the Eastern Star. She was an active member of the Silverton

Miniature covered wagons were circled by the "pioneer" members of Progressive Extension Homemakers on their second-place float in Saturday's parade. The Tulia Chamber of Commerce won first and the Silverton Girl Scouts won third place.

## Class Of 1967 Enjoys Activities

Several members of the SHS Class of 1967 began Saturday by attending the chuckwagon breakfast at the Adams Ranch after finally locating the correct route. They met at the school for the homecoming program, and afterward, J. C. Fowler loaned them his 1967 automobile in which Randy and Judy Hughes, Mike

and Laura Long, Buddy and Connie Comer and Margaret Tomlin rode in the parade. It was reported that another member of the class was in the car's trunk.

The group met under a beautiful handmade flag with the '67 emblem on it and enjoyed the barbecue supper on the north side of the courthouse. Attending the class meeting were Kay Strange Garrison, Margaret Minyard Tomlin, Connie Dudley Comer, Tina Weaver Nance,

Randy Hughes, Mike Long, Buddy Comer, Doug Turner, Max Stevenson, Jimmy Burson and their families. It was the first time Randy and Max had been able to attend a class reunion.

The old class president Buddy Comer called the meeting to order, and plans were made for the 20-year reunion. After lengthy discussion, they decided to change the class flower from the mum to the crysanthemum, and finally decided to meet next year

## Class Of 1944 Has Homecoming Reunion

The graduating class of 1944 met August 16 during the school homecoming at the high school. Ten members of the graduating class were present to renew fond memories of some 42 years ago. This get-together marked the third meeting for this class since graduation in May 1944.

The group met in the Board Meeting Room of the high school for a business session and to renew friendships of their past school days.

Correspondence was read from several members of the class who were unable to attend. They were greatly missed and were remembered at the meeting along with some of their contributions they had made to the class.

The minutes of the 1984 class meeting were read. The class voted to meet every two years. The next meeting will be in August 1988, in connection with the Silverton Homecoming.

A committee was named to direct the next reunion composed of Buck Hardin, Silverton; Ava Nell Kuykendall, Pasadena, Texas, and Anna Rambo, Hale Center, Texas.

A mysterious character (Nosy) who seemed to know everything that went on up and down the halls was portrayed by Merlene Stephens, who wore an Owl costume.

She related humorous tidbits of gossip from the Owl school newspaper. Some of those present had forgotten and denied some of the incidents that were charged against them by Nosy. Later the school newspaper produced "proof of the pudding."

The group enjoyed recalling some experiences they had long forgotten.

in Acapulco. The Class of 1967 likes to do things in a big way!

Following the business meeting, Mr. and Mrs. Doyle Stephens served as host and hostess at their home. Refreshments included sandwiches, chips and dips, cheeseballs, cookies, drinks and etc. Other guests were present to enjoy the hospitalities.

All members of the class are urged to keep the new committee informed on address changes and other information for the next reunion.

Incidentally, the present school song was written by Carlyn and June Wimberly during their high school days. Carlyn was a member of the Class of 1944.

Attending were Cecil and Anita Seaney, Kent, Texas; Norlan and Doris Holt Dudley, Tulia; Mr. and Mrs. D. L. Young, Lubbock; Anna Bean Rambo, Hale Center; Doris Marler and Linda Marler, Floydada; Ava Nell Wilson Kuykendall, Pasadena, Texas, and her sister, Hazel from Plainview, and her aunt, Margaret from California; Elvira Wesley Weaks, J. C. Fowler, Rex and Theta Holt, Buck Hardin, Doyle and Merlene Stephens, all of Silverton.

**Dry Spell Coming  
For Some Texans**

A different kind of dry spell is coming soon for some Texans. W. S. McBeath, administrator of the Texas Alcoholic Beverage Commission, today issued a reminder that the legal drinking age will rise to 21 on Labor Day. The present legal age is 19.

At 12:01 a.m. on Monday, September 1, possession or consumption of alcoholic beverages will be illegal for any person who has not reached his or her 21st birthday. The only exception is if the under-age person is in the immediate physical presence of his own parents or spouse who is over 21. Possession of an alcoholic beverage by the underage person is a misdemeanor with a possible fine of \$25 to \$200.

It is also a crime for the underage person to present false identification or to misrepresent his age in an attempt to purchase alcoholic beverages, or to successfully make such a purchase even without misrepresenting his age. In either case, the first offense fine is the same as for possession. Giving alcohol to a minor carries a fine of \$100 to \$500.

Sale of alcoholic beverages to an underage person is the most serious offense. A fine of \$100 to \$500 and/or a year in jail is the penalty for the first violation. A second violation can result in the same jail term and/or a fine of \$500 to \$1,000.

McBeath also cautioned that the age change will affect persons entering package stores. Liquor stores may not allow underage persons to even enter the store. And most such establishments have warning signs prominently posted.

"Many young people do not realize it is a criminal offense to ignore the warning signs and enter a liquor store," said McBeath. "It is criminal trespass under section 30.05 of the Texas Penal Code, which is a Class B misdemeanor."

Another common misconception is that drinking age violations only apply to public places. "That's not true," said McBeath. "It will be just as illegal in a party barn, a fraternity house or a car parked on private property," he said.

McBeath urged voluntary compliance on the part of both licensees and underage former customers. Anyone who has a question about the upcoming change can obtain clarification from the nearest district office of the Texas Alcoholic Beverage Commission, or at the Main Office in Austin, telephone (512) 458-2500.

# ASCS To Conduct Wool, Lamb Referendum

The Agricultural Stabilization and Conservation Service will conduct a referendum August 18-29 for wool and lamb producers to vote for or against the continuation of a market promotion and improvement program between the U. S. Department of Agriculture and the American Sheep Producers Council, Inc. (ACPC).

The agreement authorizes

## Extension Highlights

Extension Agent

The County Celebration has come to an end, and can again be termed nothing less than a huge success. Due to the hard work of the Silverton Young Farmers, the Silverton Fire Department, Briscoe County Sesquicentennial Committee, and many other volunteers, the celebration is a very exciting time.

Even during the County Birthday, we were blessed with a very good rain across the entire county. You cotton farmers have begun to take measures to control bollworms in the last two weeks. I have been in communication with several area entomologists and I have also assisted several producers in scouting their crops. Bollworm egg lay has been very high and 3/8" worms or shorter have been evident. Remember, the real yield saving comes from controlling smaller worms. Too many people are deterring infestation too late or waiting on control decisions. But when making control decisions, one must remember to look for the maximum economic yield.

In talking to Greg Cronholm, Extension Entomologist in Hale County, I learned he is basing thresholds on the reduced potential price of cotton this year. So the thresholds used should be higher than we have suggested in previous years. The control cost has been generally around \$10.00, depending on the amount of chemical used, etc. At this price, if cotton sells for 40c/lb., then a threshold of 10,000-12,000

USDA to withhold part of any wool incentive payment that might be made to producers on 1987, 1988, 1989 and 1990 marketings to finance the ASPC's activities. Deductions would be used by the Council to finance advertising and sales promotion programs for wool and lambs, and programs to develop and disseminate information on product quality, production management, and marketing improvement for wool and sheep.

If producers approve the agreement, up to six cents per pound on shorn wool marketings, and 30 cents per hundredweight on unshorn lambs would be deducted.

To participate in the referendum, producers must have owned sheep six months old or older for at least 30 consecutive days during 1985. Members of cooperatives which cast votes would not be eligible to vote separately in the referendum.

ASCS will begin distributing copies of the agreement and ballots to Briscoe County wool producers on August 15th. Ballots may be returned by mail or in person to the county ASCS office.

U. S. sheep producers have approved the market promotion and improvement program in each of the eight referendums held since 1954.

Leonardo Da Vinci is believed to have invented the scissors.

larvae per acre should be used.

We must also begin to watch our grain sorghum crop for sorghum midge. Most area reports have been in the 2-3 midge/20 heads range, but two fields in Swisher and Hale counties average 2-3 midge/head.

With all the late-planted sorghum, we need to be aware of the possibility of midge problems developing in blooming fields. Scouting should be done daily between 10:00 a.m. and 2:00 p.m. during bloom. Sorghum should also be scouted for headworms as grain fill begins.

For assistance concerning your crops, feel free to contact me at home or the office, 823-2343 or 847-2251.
