Wing sets CFC record!

Wing members' generosity has enabled Reese to reach its \$85,000 Combined Federal campaign goal in record-setting fashion. Less than two weeks into the drive, wing project officers said the base had reached its goal; as of Wednesday, Reese exceeded the \$90,000 mark (106 percent) — an unprecedented feat.

The campaign runs through Oct. 27; wing members who want further opportunities to support CFC should contact their unit key worker.

Fire Prevention Week

Wing leaders urge members to be fire safe

by Col. Roger Brady
64th FTW Commander

Fire Prevention Week, Oct. 3 through 9, marks the observance of one of America's worst fires, which occurred in Chicago Oct. 9, 1871.

That fire took 250 lives, destroyed 17,430 buildings and caused 168 million dollars in damage. Despite unparalleled technological advances in our society and improved fire prevention programs, fires continue to kill more than 6,000 Americans annually, injuring over 30,000 innocent people and causing a staggering loss of \$3 billion per year in property.

President Warren G. Harding proclaimed National Fire Prevention Week in 1922, and it has been observed every year since. This year's theme, set by the National Fire Protection Association, is "Get out! Stay out! Your fire safe response."

With the combined effort and support of all, we can make a positive change and prevent needless destruction, injury and loss of life. The continued vigilance toward reducing fire losses is a goal that can be accomplished this year and in the years to follow.

Help us "lead the way" at Reese and protect our people with the best fire prevention program ever.

by Col. Robert Brooks
64th SPTG Commander

In 1992, more people died in home fires than in any year since 1981. On the average, 13 people a day die from home fires. Some are burned; over half die from smoke inhalation, often while they sleep.

Tragedy and pain from fire accidents affect the lives of thousands of Americans each year. While you may be able to replace some of your household goods, you can never replace the life of a loved one.

This year's AETC Fire Prevention Week slogan is "Let's be partners in fire prevention." Simply stated, each one of us must be committed to eliminating needless destruction. We must work as a team, and make a special effort to be partners in fire prevention. Not just during Fire Prevention Week, but all 52 weeks a year.

A careful walk through your home, checking areas such as kitchen appliances, water heaters and electrical wires, goes a long way to help protect your family's life and belongings.

Here at Reese, we have an excellent track record of preventing fires. This is a direct result of fire-conscious individuals. Let's not rest on our laurels. Take that extra step to ensure our homes and work places are kept free from fire hazards. The

base fire department will place special emphasis on fire prevention throughout the week with numerous activities and displays. Please join them in these activities and learn more about fire safety.

by Lt. Col. Duncan Showers
Reese Fire Marshal

It is a terrifying word when shouted in the still of the night. Fires occur in more than 1,500 homes in this country every day — one house catches fire every 57 seconds. Four out of every five deaths from fire occurs in the home, and for every fire death, there are over 100 burn injuries.

Within AETC, there has been a total of 25 fire incidents during fiscal year 1993. Fortunately for us, no fires occurred at Reese. This is due to every person on Reese aggressively identifying and eliminating fire hazards in their homes and work areas. The fire department will be conducting fire prevention activities during the coming week. Please support the firefighters in their effort to maintain our excellent fire prevention record.

I encourage everyone to be a part of the solution and not one of the statistics. Remember to "Get out! Stay out! Your fire safe response."

by CMSgt. Joe Johnson
Base Fire Chief

When I discuss fire prevention, I always stress the importance of having a fire escape plan. Escape plans are not just for homes. Fire drills are important features of school and employee fire safety programs that should be carried out regularly with everyone's participation. Individually, we can protect ourselves wherever we are by planning how we'll get out in case of an emergency.

For example, when staying in a hotel or motel, select one with automatic sprinklers as well as smoke detectors. As soon as you check in, locate the two exits nearest your room and count the number of doors between your room and the exit so you can feel your way along the wall if necessary. When in an unfamiliar location, perhaps a theater or restaurant, look around you and locate the exit signs and other potential exits. Being aware of how and where to escape in these settings could save time and prevent panic in an emergency.

All members of the household should participate in the process of developing home escape plans, even young children. Take a walk through your home and locate two escape routes from each room, then make sure each exit is accessible. Establish a meeting place outside, a safe distance from your home, where all members of the household can wait for the fire department. Practice your escape plan regularly throughout the year.

Colonel Geisler takes over OG

An alumni of Reese UPT took command of the 64th Operations Group Sept. 24 during a ceremony in the officers club.

Col. Frank "Paco" Geisler replaced Lt. Col. (Col. selectee) Julius "Bo" McRee, who served as interim group commander for three months.

A Florida native and University of Florida graduate, Colonel Geisler comes to Reese from Luke AFB, Ariz., where he was deputy commander of the 58th OG. In the past, he also served as an F-15 squadron commander, referring to his old unit, the 58th Fighter Squadron, as the "world's largest distributor of MiG parts in Southwest Asia."

The colonel is a 21-year service veteran with more than 3,500 flying hours in the F-4, F-5, YF-110 and F-15A/C/E aircraft.

Prior to assuming command of OG, Colonel Geisler visited Reese, and that visit left him looking forward to coming back.

"I came out here two-and-a-half months ago, and Bo received me with open arms," Colonel Geisler said during the change of command. "That left a very good impression — he made me feel like I'd known him forever. I can't tell you how much I appreciated the day-and-a-half I spent here."

During his remarks at the change-of-command ceremony Colonel McRee thanked all of the people on base and in the Lubbock community for their support during his time as OG commander, adding that he looked forward to working with Colonel Geisler and felt the new commander will be a "tremendous asset" to the wing.

Logistics NCOs earn awards

by SSgt. Mike Breslin
Editor

Two members of the 64th Logistics Squadron have been honored by AETC as the year's best in their career field.

MSgt. Gerald Schnyder and TSgt. Richard Hamilton were chosen as the outstanding supply superintendent and senior technician in the command, respectively. Both NCOs work in the forward asset support training warehouse, better known as the "FAST" warehouse, where they ensure supply support to the aircraft maintenance community.

Sergeant Schnyder, a Los Angeles native, was cited for numerous initiatives that increased effectiveness for the wing's flying mission. Among them, the 17-year service veteran implemented the consolidation of the J-69 and J-85 engine mission capable sections with the maintenance shops that handle those engines. The result was a drop in the "not mission capable" supply rates from 33 to 2 percent for the J-69 engine and 42 to 1.8 percent on the J-85 engine.

Sergeant Hamilton is a

nine-year service veteran and native of Wisconsin. His accomplishments include setting up a program to ensure that critically needed items are expedited through the supply process.

Both sergeants were cited during the April AETC inspection, earning praise individually and helping their section receive an unprecedented top rating.

Sergeant Schnyder and Sergeant Hamilton pointed to

the support they have received from their superiors and the "great job" done by the people that work for them as keys to their success.

"Sergeant Schnyder and Sergeant Hamilton are both first-rate NCOs and supply experts," said Maj. Melinda Edwards, LS commander. "They definitely deserve this award, and I'm sure they'll be outstanding representatives of the command at the Air Force-level competition."

Local AFSA chapter earns international recognition

Reese and Lubbock recently received worldwide recognition when the local chapter of the Air Force Sergeants Association (1068) received the International Small Chapter (under 500 members) of the Year Runner-up Award.

The award was presented at the international convention in Kansas City Aug. 19. Competition for this award is extremely stiff and involves chapters around the world. It is based on community involvement, membership growth, legislative inputs and leadership.

This is the first year the chapter has received international recognition. "The organization was runner-up for Division 10 chapter of the year in 1991 and won that award in 1992, which made it competitive for the international award," said MSgt. Donald Carroll, Chapter 1068 president. "If courses run true, we should win it all in Las Vegas next year."

The plaque was officially presented to Sergeant Carroll Sept. 8 at a special meeting of the executive council at the enlisted club by Division 10 (Texas) President Jim Hodges. Accompanying President Hodges was his wife, Amelia. At the same ceremony, Col. Roger Brady, 64th FTW commander, was made the honorary chapter president and presented a certificate, AFSA coffee cup and flag set.

AFSA officials reminded enlisted members that the Air Force Sergeants Association is the "voice of the enlisted," and they need help and support. "We do a lot of good things for the community, but right now we are doing it with a lot fewer members than we used to have," said Sergeant Carroll. "Come on out and support us and what we are trying to do."

Meetings of the organization take place on the third Monday of each month at the enlisted club at 7 p.m. The next meeting will be Oct. 18; executive council meeting will be Oct. 12 at 6 p.m. in the club. Interested persons or members are invited to attend.

Colonel McRee congratulates Ray Reynolds and members of the last sortie crew, while Major Britton and Captain Como also offer their thanks to Joe D'Amico and Bill Smith.

Last sorties of fiscal year flown

by A1C Tabatha Eanes
Wing Public Affairs

Reese ended the 1993 fiscal flying year Tuesday with a ceremony recognizing the teamwork that resulted in a successful year. Two T-37s, two T-38s and a T-1A taxied to the front of base operations to mark the last sorties of the fiscal year. Maintenance, support and operations personnel gathered to congratulate each other on a job well done.

"I just want to thank everyone here at Reese for putting forth an outstanding effort and making this a tremendous year," said Lt. Col. Bo McRee, deputy commander, 64th Operations Group.

The last T-37 sorties were

flown by Lt. Col. Robert Samay, Capt. James Leber, Capt. Andy Berry and Capt. Stan Allen. Lt. Col. Mark Rumohr, Capt. Brian McCullough, Capt. Ed Brockhaus and Capt. Gregory Foo flew the last T-38 sorties. The last T-1A sortie was flown by Colonel McRee, Maj. Dave Britton and Capt. John Como.

Reese ended the year with T-37s flying 21,600 sorties for 27,648 hours; T-38s flying 19,410 sorties for 23,302 hours; and the T-1As flying over 7,000 sorties for 17,646 hours.

Highlights of the year included the introduction of Specialized Undergraduate Pilot Training and a fully operational T-1A.

Denny Dent Brings His Two-Fisted Art Attack To Lubbock

LUBBOCK—Performance artist Denny Dent will perform at 8 p.m. on Oct. 7 at the Texas Tech University Center (UC) Allen Theatre.

Reserved-seat tickets, priced \$5 for Tech students and \$8 for the general public, are on sale at the UC Ticket Booth (806-742-3610).

Armed with three paintbrushes in each hand and a six-foot canvas, Dent's show, which he calls the "Two-Fisted Art Attack," combines music and visual arts. In the time it takes to play a few songs, Dent paints a portrait of the subject. He has more than 80 subjects including Shakespeare, Jimi Hendrix, Willie Nelson and Martin Luther King, Jr.

Dent appeared at the Unofficial Blue Jeans Bash as a part of the 1993 Presidential Inauguration Celebration. Dent depicted President Clinton, playing his saxophone, on a six-foot canvas. The painting was presented to President and Mrs. Clinton to be framed for the White House.

"Art never has been a song, a dance, a sculpture or a painting," said Dent. "Art is not a thing, it is an expression from the heart. What comes from the heart, lands on the heart and nothing or no one can stop it. This is what is known as creativity, and this is the essence of the Art Attack."

The event is sponsored by UC Programs.

Flu shot time returns

SSgt. Richard Lawrence, 64th Medical Squadron, gives a flu shot to Capt. Frank Rossi, 64th Communications Squadron commander. The annual influenza immunization campaign is under way. All active-duty members must get the vaccine; times will be established for immunization personnel to visit base squadrons to administer shots.

Times and

location will be publicized through unit orderly rooms. When reporting for a shot, members must bring their immunization records as well as any medical waivers prohibiting receiving flu shots. The active-duty program is expected to be completed in late October or early November. For more information, call 3846.
