O'Brien happenings

By Audie Johnston

Orval and Helen Manning were in Abilene last week for a doctor's appointment and received a good report. Orval and Helen enjoyed being with their son, Royce, for a noon meal.

Donnie and Diane Roberts were in Lubbock Saturday to attend a ballgame and they also met with their daughter Angela, a student at Texas Tech.

Bernice Rowan was blessed Monday by having her son, Jerry, visit her and do some cleaning around while here.

We have been having lots of ailments going on in our area.

Our pastor Bro. Jim Reid's son Scott came down and then his father Bro. Jim came down and

then the mother Sherry came down. They seem to be getting better.

Delbert Hayes had a pretty long breakdown with flu of some kind, but is better, we have to take it one day at the time and pray.

We also heard that Bertie Ivie is doing real good after having surgery a few days back.

I've heard but haven't met our new neighbors that just moved into Veeta Reid's house that she had lived in before leaving O'Brien and going to be hear her daughter around Dallas. We miss Veeta but we will be happy for someone to live in her house.

Billie Walker was happy over the weekend to get to visit with

her son, Joe Banner. Joe just goes here and there to work and has to keep up where he's suppose to be.

Visiting Vivian Hendrix over the weekend was her daughters, Pretrecia Kinzer from Grandfield, Oklahoma, and her daughters, Kristy Barnett from Frederick, Oklahoma, Kimberly Colbert and son Kasper from ElReno, Oklahoma, and Pretrecia's grandchildren, Karrigan, Kourtnee, Kennedy and Kolton Kinzer from Grandfield. Also LaDocia Morris of Wichita Falls. Vivian really enjoyed her daughter and grandchildren. John didn't come as he went to Wichita Falls to see LaNear who has had lung cancer operation. She is doing real well.

Benjamin News

By Gladene Green

This weekend has been a little bit more pleasant than the several before. The Saturday was damp, misty, foggy and cool, we didn't have heavy rain and Sunday turned out to be fairly sunny after starting off cloudy and dreary. But at least we didn't have two full days of rain.

In news regarding our ill there's really not a great lot to report. Jane Gideon is still doing well and only has about another week of antibiotics left.

Hazel Stockton had her MRI Monday and doctors still can't find out why she feels so bad. The specialist in Abilene is totally shocked about the whole situation and said if she would feel better he would refer her to another doctor. She's undecided about what to do.

Gloria and Leroy West have both been sick all week. She said today she's better but says Leroy still feels horrible.

All-District team announced - Cassie Lyles, a junior in BHS, has been named Offensive MVP of the district this year. Karla Benson was named one of three newcomers of the year and Kaitlyn Kuthler also made the first team. Second place team honors went to Shaylee Propps, Nancy Siemens and Sadie Benson. Nancy is a senior, Cassie a junior, Sadie and Shaylee all sophomores and Karla is a freshman. So you see we have good team material for several years yet. We congratulate these girls and their coach, C.H. Underwood.

Shower honors new bride - Mary Siemens Ham was honored Sunday with a postnuptial bridal shower at FUMC. Mary and Ray were married in January. They received lots of nice, useful things that will really "dress up" their home. Cookies and punch were served the guests.

Hostesses were Pam Duke, Nancy McGreger, Jessie Roberts, Bea Parks, Janet Reed, Belle Grill, Cindy Layton, Jonna Voss, Stacia Propps, Mary Jane Young, Irma Bell, Geraldine Tomanek and Gladene Green. The young couple lives in Abilene.

Birthday bash - Mitchell Ham has turned 13! And to celebrate the big event, his parents, Mitzi and Shane Welch gave him a party Friday night at the ex-students building.

Food and a dance for the Junior High students attending was enjoyed by a bunch of kids.

Here 'N There - Dan Fulton of Coppell visited Jonnie Williams and Mary Bohannon last weekend.

My great-grandson, Dillon, got a good report in Dallas Monday and doesn't have to go back for a year. He does, however, have to see an orthopedic doctor for his ankle which is weak and causes him to limp. If it doesn't worsen it will probably be summer before he sees that type doctor and if surgery is required, he will have the summer to recuperate.

Betty Parker and family of Aspermont visited her parents, the Leroy Wests, last Sunday.

Word was received here last week the death of Melvin Ryder in Burlington, Iowa. He was the brother of the late Bill Ryder and Judie Whitten's uncle. Sympathy to the Ryder family.

Janet Reed was in Austin recently to attend a school relating to her position as secretary to Judge Floyd and the county attorney Bobby D. Burnett. She said she enjoyed it and felt like she had learned quite a bit.

Jonnie Williams and Mary Bohannon were in Abilene Saturday to attend a banquet at St. Paul's First United Methodist Church.

Jonnie was one of the honored guests from this district and was presented a certificate of appreciation for her card ministry at the FUMC here in Benjamin. That is a beautiful ministry and it takes time to do all that it requires to get those cards and notes out to the people and I congratulate Jonnie and the church for this recognition.

Debbie and Mike Moorhouse were in Iowa Park Saturday, along with his siblings and their spouses to help his mom, Bobbie, clean out her house, pack and do all there is to be done when one moves. Bobbie has bought a home in Seymour and will be living there after some remodeling is done. Until that is completed she will be staying at their place at Lake Kemp. She opted to get everything done this weekend as it was a time when all the kids were available to help!

Bud and I were in Tipton, Oklahoma, Saturday, for the funeral of Don Royal, the father of our good friend, Kathy Price, also of Tipton. The family asked Bud to sing at the service held at First Baptist Church there in Tipton. It may be of interest to some of you to know Don was a brother to former UT coach Darrell Royal. I met him, his wife Edith and son Mike and he's as gracious in person as he always appeared at ball games and personally, I think very deserving of the many accolades he has received over the years.

Debbie Stephenson of Clyde was a weekend guest of her aunt, Betty Bohannon and family.

Michael Clower broke his hand Saturday. He was helping to tear down an old building here in town when it happened. Don't have all the details but understand it's his left hand so that won't be quite as bad since he is right handed!!!

Terry's Talk

By Terry Utley
 County County Extension Agent/Ag.

One way to improve your ranch condition in the pasture is doing some prescribe burning. In contrast to wildfires, prescribed burns, as they're called, are carefully controlled operations done only when climatic conditions are right. Burning is very effective in controlling prickly pear and cactus, and retarding the growth of mesquite and other woody brush.

Closely monitored fire also stimulates many of the best grasses. In the hands of an expert, the practice is environmentally and socially safe and very cost effective. More than a century ago, fires were common across the Edwards Plateau, but many ranchers then as now thought any blaze was more destructive than useful. Today, rapidly chemical and mechanical pasture renovation costs have forced range managers to find

a different method.

In most areas of Texas, fire is being used primarily as a brush management tool. In addition to brush control, fire can be effectively used to improve livestock distribution, increase forage utilization, improve wildlife habitat, and suppress parasites. However, prescribed burning is not a cure-all.

Over the past years, prescribed burning has become common, and today, proper techniques are routinely taught to ranchers, technicians, students and other associated with managing rangeland. Prescribed burns are not taught over night they are often planned a year or two in advance so enough grass can be accumulated as fuel. Livestock must be removed from the burning site to allow unrestricted grass growth. Burning is

usually done during the winter to minimize forage damage. Cool season burns also pose less danger to wildlife.

Many of the areas that were not burned have been blessed with recent rains. The added moisture is making prescribed burning especially attractive this year because most pastures should quickly return to optimum grazing levels following the burns.

The American Cancer Society presents

THE KNOX COUNTY RELAY FOR LIFE LUMINARIA LIGHTING SERVICE

Help support the goals of the American Cancer Society and remember or honor a loved one by purchasing a luminaria candle. The votive candles, nestled in a sand bag and lit for a soft effect, are being sold now. The candles will be lit in a special ceremony on April 23rd during the RELAY FOR LIFE, an overnight event held at Phillip McAfee Field in Munday.

For a donation of \$5.00 per candle, you can dedicate the glowing tribute to someone who has or has had cancer. Those who purchase candles are invited to attend this special event to see their donation come to life.

Proceeds from luminaria sales will benefit the American Cancer Society, which is dedicated to cancer research, patient services, advocacy, and education.

To purchase a luminaria and help light the way to a cure, please complete this form and send it to the address indicated.
