FORTIETH YEAR

WINANS-POWELL CAMPAIGN ENTERS SECOND WEEK WITH INCREASED INTEREST

The evangelistic campaign being conducted on the Church lawn of the First Baptist Church here is attracting large crowds. Last Sunday services were moved into the Church auditorium on account of the rain. Every available space in the auditorium and balconies were used to accommodate the large crowd which attended the service Sunday night. Every service seems to grow in interest and power and the series of sermons on the subject of "Second Coming of Christ," are bringing record crowds. Evangelist Winans knows the Bible and knows how to reach people with it. Last night he preached the second of the series of three sermons on the Lords Return. In discussing the "Signs of the Return," he had Singer Powell read verse after verse of Scripture to prove his points and to convince his crowd that he was giving them. "Thus saith the Lord."

"It is not what the preacher or some good brother or sister of the pew says, but what God says that counts," the evangelist said. "I have brought you evidence from the Bible, showing the conditions as we find them in the home, church, social and business world." "Even the most ignorant can see and understand that according to God's Word, we are living in the latter days of this old world. Are you ready to meet Him if He should come tonight?" the preacher said in closing. Many asked an interest in the prayers of the praying people. No propositions have been made thus far in the meetings for any to accept Christ as Savior or to unite with the Church. The services last night was by far the best of the campaign to date. Scores went away thinking about their lives and about their souls destiny. The last of the series of the Second Coming of Christ sermons will be preached tonight. The subject announced is, "The Purpose of His Coming." In this message the evangelist said that he would show why it was necessary for the Lord to come back to earth and will also discuss what will take place when he comes again. Will the world come to an end? Will any be given a second chance? are some of the questions which will be answered in the message this evening. The mens meetings in the store each afternoon at 2:30 o'clock are proving a success. Great crowds of men jam the store rooms at every service. The song services under the capable leadership of the Powells are proving a great help to the services. Their special songs at every service are real messages and with many other places they are filling in the meetings, the booster rehearsals every afternoon, the young peoples inspirational services each evening just an hour before the preaching service, keep this day of workers on the job most of the day. Mrs. Winans speaks to the women each afternoon at five o'clock, for one hour and she has proven herself to be speaker as well as a "fiddler." Her messages to the women are on consecration to the great work of the Master and are aimed to strengthen those who are truly carrying the burden of the Church work in that department. Mr. Powell has announced another Booster Program with the boys and girls for next Saturday night. Those who heard and saw them in the program last Saturday night will not want to miss the one for this Saturday night. He will lead the children in singing "The Holy City" and a number of the old fashioned songs and choruses in this program. The Boosters will not soon forget the Powells for the great work they have been able to do with them during these few weeks of rehearsals.

The Baptists are going after their 350 in Sunday School for next Sunday. They had made a special effort to have that number last Sunday, but on account of the rain, they failed. Mr. Alfred Person, Superintendent of the Sunday School has made a special appeal to all of his teachers to get the boys and girls, as well as the fathers and mothers on the job Sunday morning at 9:45 o'clock sharp. A great program is planned for next Sunday and great crowds are expected. The subjects for the morning and night services are announced in the big display ad, made possible by the firms whose names appear at the bottom of the advertisement. The revival campaign will continue through next week, closing one week from next Sunday.

FORMER HASKELL MECHANIC BACK FROM HOUSTON
Bert "Red" Smith, well known mechanic who has been working in Houston for the past six months has returned to Haskell and has opened a garage next door south of the Hotel Tonkawa, Haskell's new hotel. Bert made Haskell his home for several years prior to going to Houston, and needs no introduction to the Automobile owners of this section, who will be glad to learn that he is back in business here.

Used Car Sales Room Opened In Tonn Bldg.

George Isbell of Munday Sales Agent for the Dodge Automobiles has opened a Sales Room for Used Cars in the New Tonn Garage in this city just west of the New Hotel on Hughes Street. Jim Isbell a brother is in charge of the sales room. He expects to move his family here at an early date and become a citizen of Haskell. We are glad to welcome Mr. Isbell to our city and glad for this enterprise to come our way and we are confident that Mr. Isbell will find a profitable business. Gene Tonn will have a repair shop in the rear of the building and is specializing in different kinds of Automobile work. See their add in this issue of the Free Press.

GRISSOM RESIGNS AS COUNTY ATTORNEY

Clyde Grissom has tendered his resignation as County Attorney, effective on August 1st, and will move to Wichita Falls, where he will enter the partnership of Martin O'Neal, well known criminal and civil lawyer of that city. Mr. Grissom is now serving his second term as County Attorney, and was re-elected again without opposition for his third term in last Saturday's primary, his resignation having been tendered after the ballot had been prepared by the Democratic Executive Committee. He has made an enviable record during his tenure of office as an efficient and capable prosecutor. Mr. Grissom has lived in Haskell practically all of his life, and his many friends will learn with regret of his resignation. The firm with whom Mr. Grissom will be connected was formerly composed of Martin, O'Neal and Alfred, Allred withdrawing from the partnership when he entered the race for Attorney General of Texas. The firm name will be changed to Martin, O'Neal and Grissom in the future. Mr. and Mrs. Grissom expect to leave Friday for their new home, and the best wishes of our entire citizenship follow them.

COUNTY CLUB BOYS VISIT KNOX COUNTY

Thursday of the past week County Agent Trice and Elmer C. Watson went with 11 Haskell County Club boys to Benjamin where they took part in the Club Boy Encampment held there. The camp was located on the McFadden Ranch west of Benjamin and was attended by many of the Knox County Club boys who were to stay for two days and enjoy swimming, athletic contests, ball games, as well as to take part in various judging work. The Haskell boys were served lunch Thursday from a chuck wagon, after which they went back to Benjamin where they took part in a baseball game and a grain sorghum judging contest. The following club boys from Haskell County made the trip: W. J. Carrigan, Marvin Stanford, Norman Nanny, Ansel Davis, H. Watson, Otho Nanny, J. R. Watson Jr., J. J. West, Origan Carrigan, Arthur Watson and J. B. Smith Jr.

Gravel Pits at Sagerton Making Large Shipments

The gravel pits belonging to Park Caudle and Tarleton Moore are kept very busy these days shipping gravel to various points of Texas and Oklahoma. More than 100 cars are shipped from the two gravel pits each month according to information given out by the citizens of Sagerton. The gravel from either of these pits is said to be the very best to be found anywhere in the country. According to reports in these gravel beds are giving up large bones of extinct animals which are in bones of state preservation when first unearthed, but soon deteriorate when they are exposed to the air. One bone they are supposed to be a knuckle bone of some supposed to be a knuckle bone of some animal was found that weighed 16 lbs. and another hip bone was dug out that was much taller than an adult man. The town of Sagerton is deriving a nice pay check from these two gravel pits and other work that is going on in the city. They are paying a royalty to their owners of more than \$400.00 per acre.

The City Cousin

LARGEST NUMBER VOTES EVER POLLED IN COUNTY CAST IN PRIMARY LAST SATURDAY

Haskell County voters displayed more interest in the primary election held last Saturday than at any time before in the history of the county, from the standpoint of the number of votes cast. County returns which are still incomplete show that a total of nearly 4100 votes were cast, which exceeds the poll of two years ago, when only 3708 votes were cast.

In the Governor's race in the county, Dan Moody led the ticket with 1750 votes; Mrs. Ferguson was second with 1699, and Lynch Davidson third with 579 votes. Mrs. Wilmans received 9 votes; Mrs. Johnston 5, and Zimmerman 10 votes in the county, in the race for Governor.

According to the daily press returns from 248 counties in the state, with 135 complete, show Moody leading Mrs. Ferguson by approximately 120,000 votes, lacking about 1,132 of having a majority over all opponents. The count Wednesday stood as follows in the Governor's race: Moody 387,820; Ferguson 266,929; Davidson 116,499; Zimmerman 2,420; Johnston 1,739; and Wilmans 1,364.

In the District offices, according to incomplete returns, Judge Bruce W. Bryant was re-elected District Judge, defeating John Lee Smith of Throckmorton. Clem Calhoun defeated Roy F. Formway for the office of District Attorney. Miss Estelle Tenneyson was re-elected District Clerk of Haskell County without opposition. In the county offices: Judge Jesse G. Foster who is serving his first term defeated Judge R. E. Lee for County Judge.

Emory Menefee was re-elected County Treasurer without opposition. Clyde Grissom was re-elected County Attorney without opposition. J. E. Walling was re-elected Tax Assessor without opposition. Chas. M. Conner and Ed F. Fouts respectively, led the ticket for Tax Collector, with David H. Perrin third. Conner and Fouts will be in the run-off primary August 28th for this office. J. C. Turnbow, serving his first term as Sheriff, defeated both his opponents, W. T. Sarrels and Al Cousins, by a small majority.

Miss Minnie Ellis defeated Allen A. Heathington for the office of County Superintendent. In the race for Cotton Weigher of Precinct No. 1 Mart Clifton, now serving his first term, defeated Geo. B. Fields by a small majority. For Commissioner of Precinct No. 1, J. S. Abarnatha and F. A. West will go into the run-off for this office. West leads Jim Rose for second place by a small majority.

For Commissioner of Precinct No. 2, R. B. Gue defeated Ed Howard. For Commissioner of Precinct No. 3, Clyde Gordon defeated Monroe Howard. For Commissioner of Precinct No. 4, L. C. Phillips was re-elected without opposition. R. P. Simmons was re-elected Justice of the Peace of Precinct No. 1 without opposition, and J. H. Ivey, Constable, without opposition. Complete county returns on every

office by precincts will be published next week. Complete returns may change the totals somewhat but not enough to make any material difference from the above, it is thought.

OLD SETTLERS REUNION AND PICNIC PLANNED

The Old Settlers of Haskell county will hold their annual picnic, and barbeque in the Baldwin Pasture East of the City Friday August 20. It will be held in the same place it was held two years ago. More about the program will be given later by the committee.

CITY BOND ISSUES CARRY TUESDAY

In the bond election held Tuesday, both propositions submitted for vote of the people carried by overwhelming majorities. Proposition No. 1 was for the issuance of bonds in the amount of \$17,000 for the purpose of constructing a City Hall and fire station. The vote on this proposition was 213 for and 32 against the issuance of the bonds. A special feature of the Short Course will be a poultry judging contest, a grain judging contest and terracing contest for boys. Loving cups and metals will be awarded.

Several groups of agricultural workers and organizations will hold their annual meeting during the Short Course. Among them are the following: The extension workers, including county and home demonstration agents and specialists; the superintendents of experiment stations; county school superintendents; agricultural editors; Texas bee keepers, and Texas Farm Bureau Federation. The round trip railroad tickets over the Wichita Valley Line from Haskell to College Station will be on sale from July 31 through August 4. The final return limit is August 9. Meals will be furnished at the College mess hall at a nominal cost, and a room may be had in a dormitory at the rate of \$1.25 for the entire Short Course.

RETURN FROM ELKS NATIONAL CONVENTION

E. Segal, proprietor of the Haskell Bargain Store, returned last week from Chicago, where he attended the National Convention of the Benevolent and Protective Order of Elks. Mr. Segal is Exalted Ruler of the local lodge of Elks and he reports a wonderful convention, with representatives from practically every lodge in the United States and Hawaii in attendance. This was the first time in a number of years that Haskell lodge has been represented at a national convention of the order, and Mr. Segal's attendance on the meeting is worth quite a lot to the Haskell lodge.

GOOD RAIN FELL IN ROBERTS COMMUNITY

A good rain fell in the Roberts community beginning Sunday morning and raining nearly all day. Another good rain fell Monday. This will help the farmers so much for the feed needs rain

Crop Conditions Reported Excellent Around Sagerton

Farmers report that crops in the Sagerton section are very good this year. For the past two or more years the Sagerton country has been among the best producing sections of the county for grain, feed and cotton and it is believed that this year will not be an exception to the past two years in excellent production of all crops. A fine season is reported and the older feed such as maize and sorghum are almost ready to harvest and the yield will be enormous. The land owners of that part of the county are elated over the fact that they have one of the most fertile soils in this section of the state and with good cultivation and a reasonable season a good crop is always assured.

MANY TO ATTEND A. AND M. SHORT COURSE

Thousands of men and women from various portions of the state will take advantage of the Seventeenth Annual Farmers' Short Course at Texas A. & M. College, August 2 to 7, and it is hoped that many of this number will be from Haskell County. The course is open to any man, woman, boy or girl who wishes to study farm or home problems. A special round trip fare of \$8.10 has been arranged by the Railroad company here according to J. L. Southern.

A special feature of the Short Course will be a poultry judging contest, a grain judging contest and terracing contest for boys. Loving cups and metals will be awarded. Several groups of agricultural workers and organizations will hold their annual meeting during the Short Course. Among them are the following: The extension workers, including county and home demonstration agents and specialists; the superintendents of experiment stations; county school superintendents; agricultural editors; Texas bee keepers, and Texas Farm Bureau Federation.

The round trip railroad tickets over the Wichita Valley Line from Haskell to College Station will be on sale from July 31 through August 4. The final return limit is August 9. Meals will be furnished at the College mess hall at a nominal cost, and a room may be had in a dormitory at the rate of \$1.25 for the entire Short Course.

WATER MAIN EXTENSIONS CONTINUED IN CITY

The water mains are being extended through the north western section of the city going as far as the Hardy Grissom home with a number of fire plugs installed through that section. Also a main from the Ford Garage to the Tonn Garage has been put down. This new extension with the added fire plugs has cut down the key rate for insurance more than 5 cents for the city of Haskell. If no disastrous fires occur it is hoped to get another reduction before long. Mrs. Fred Irby left last week for San Antonio where she will visit relatives before returning to her home in Long Beach California.

FAIR CATALOGUE READY EARLY NEXT MONTH

The 1926 Annual Catalogue and Premium list of the Third Annual Haskell County Fair, to be held September 30th October 1 and 2, ought to be off the press and ready for mailing during the first week in August. Any one wishing space in the new book should get in touch with the Management without delay to avoid being left out.

SHOULD PREPARE TO FIGHT LEAFWORMS

The cotton leafworm is now reported in many sections of the State and it is feared that due to the recent rains here this pest will become more or less general over Haskell County in the near future, and especially if moist weather and local showers continue. Farmers should keep a close watch for the appearance of this pest and be fully prepared to control it on first appearance, as past experiences in Haskell County have taught that the earlier the fight is started the cheaper it will be. Calcium arsenate is the best poison to use, considering its cheapness and effectiveness. It may be dusted on by the pole and bag method, but preferably by means of a dusting machine. Best results are obtained if dusting is done while dew is on the plants, so the poison will adhere; but usually enough adheres to make it highly effective. Use from three to six pounds per acre, according to the size of the plants. The next best poison is lead arsenate. Apply in the same manner as for calcium arsenate.

Paris Green may be used, but is apt to burn the plants. Hence it should be diluted with equal parts of air-slaked lime. Many use as high as four parts of lime to one of Paris Green or substitute a cheap grade of flour for part of the lime. This procedure is alright, but in any case some lime should be used to prevent leaf injury. Apply the mixture so that two to three pounds of Paris Green is applied per acre.

Due to the driness of the atmosphere here many of the farmers prefer to spray. Spray machinery should be so constructed that the mixture of poison and water is kept agitated; otherwise the poison will settle to the bottom. Any of the three poisons mentioned may be used, the proportions being about two pounds of either lead arsenate or calcium arsenate or one and a half pounds of Paris Green, to fifty gallons of water. Where Paris Green is used, and equal quantity of quick lime should be slacked and the resulting milk of lime added to the mixture, after straining thru cheese cloth. White arsenic, mixtures of white arsenic and soda compounds, or stock dips, are apt to burn cotton and are not advised by the county agent. W. P. Trice, County Agent.

MORE THAN TWO INCHES OF RAIN HERE

According to Judge P. D. Sanders more than two inches of rain fell in the city Sunday and Monday mornings. This rain was just a strait down pour with no wind or electric disturbances. It looked while raining like an old time wet spell. But the sun has been shining since the rain up to the time we go to press. The farmers from all parts of the county who have been in town since the rain report plenty of moisture. Howard community reports the lightest rain of any part of the county and they have a bountiful season according to the farmers of that section. The best all-round crop Haskell county ever had at this time of year is the report from all sections of the county. It is hoped the prospects continue and a bumper crop will be harvested.

Rule Poultryman To Have Special Exhibit at Fair

C. O. Davis, White Leghorn Breeder of reputation, who registers from Rule, Haskell County Texas, plans to remodel the poultry house erected for his display and educational exhibit, last season, at the Haskell County Fair, and offer an attraction that will block traffic around the Poultry Division. Mr. Davis had a lot of young chicks in the model poultry house last season that was attractive and educational and the success in this attempt has suggested his adding to the display this season when the big County Fair, September 30th and October 1 and 2, is held here. Mr. Davis also announces he is preparing for the Poultry Division, according to J. P. Payne, Director of Poultry and Pet Stock, some of the finest White Leghorns ever shown in the state. In co-operation with County Agent Trice Mr. Davis has offered prizes from his poultry farm to the Boys and Girls Club poultry exhibitors, making that new section of the big show of additional interest. Mr. and Mrs. Mitchell Wyche returned to their home in Dallas Saturday after visiting his parents, Mr. and Mrs. H. C. Wyche, they were accompanied by Miss Mary Wyche who will have her tonsils removed while in Dallas.

IMPORTANT NEWS ABOUT THE FAIR

Community exhibit entries at the Haskell County Fair are advised that while the fancy decorations are attractive and help the general appearance there is no real value in this when awards are made. If exhibits are properly arranged, according to score card, background, neatly and properly arranged; booth floor covered, etc. this answer every purpose under the rules. Community exhibitors realize the cost and the labor in this connection and some have expressed the intention of discarding this fancy display to save time as well as expense and this is entirely satisfactory to all concerned. All booths will have 8 foot instead of 12 foot fronts this year and hereafter as they were originally in 1924. To assist the exhibitors in this space the catalogue will show that Community Exhibitors need not carry roots, like cotton stalks shown, etc. Also item Grain Sorghum in the stalk has been discarded. This makes no change in the points gained in award value. Peanuts and Cow Peas credits are 50 and not 55 points, as previously published. If desired the cotton stalks might be mounted so as to stand. Stems of Grain sorghum heads may be cut a length to assure neatness and attractiveness and is not set at 3 inches as was previously set out in the score card listings.

If in doubt about any entry, or if you have something to enter not listed in the catalogue, get in touch with the Manager of the Fair or see Mr. Pope, if in the agricultural division. He is Superintendent and can help you. Be sure to ask for a catalogue or drop a card for one if you understand they are being mailed and yours has not reached you. The Manager has the address of those entering last season and will try to reach every one with a copy. However, if interested, ask for one, or phone for one or call for one, just as soon as you understand they are off the press.

MAN SERIOUSLY HURT AUTOMOBILE WRECK

Raymond Lawson son of Mr. and Mrs. J. H. Lawson of Midway was seriously injured Saturday night about 10 o'clock when a ford touring car he was driving was completely wrecked near the Open Section on the Rochester and Haskell Road. He was accompanied by Marvin Gibson and Dudley McKelvain who were painfully, but not seriously injured.

Young Lawson was carried to the Stamford Sanitarium as soon as assistance could be secured and on last report his condition was very grave. Lawson was driving the car at a fast clip when a car was discovered standing in the darkness a few feet away. He was said to have thrown on his breaks in an effort to keep from running into the car and the car he was driving turned completely over twice landing back on its wheels throwing all the occupants out of the car and catching young Lawson under the wheels of the car after he had been thrown to the ground. The car is a complete wreck and it is thought it can not be repaired and made fit for further service.

Church of the Day Sunday School

The First Baptist Church

The Winans-Powell evangelistic campaign continues. The interest is growing and the crowds are increasing. Brother Powell is putting over a great song service. The work with the Boosters is fine. They will have a special program Saturday evening in the beginning of the regular service. Don't miss it.

The young peoples meetings each evening at seven o'clock are going in a good way. The attendance is increasing and the interest is growing. All young people from thirteen to thirty are cordially invited. These services will help you in the problems of life.

There are the men's meetings in town from two-thirty to three. The first day we had 138 men to hear the message. Then there are the services each evening at the church at five o'clock for the women, lead by Mrs. Winans. She is bringing some helpful messages.

Brother Winans' sermons are straight from the shoulder. He takes his suggestions from the Bible and brings the "This saith the Lord" for what he is preaching. Don't miss any of these services. Let us rally to the standards of Christ. The battle is joined. We appeal to every loyal Baptist to join us in this campaign. If you are not coming to the services you are missing a great opportunity. We cordially invite those of other churches in the town to take part in the services wherever and whenever it appeals to you.

The goal is set for 350 in Sunday School next Sunday. It will be an easy matter if we all fall in.

W. H. Albertson.

The Baptist Revival began at Post Saturday evening with a large attendance. Rev. Wiley of Littlefield is doing the preaching with Rev. Tucker the pastor conducting the song service. The meeting will last two weeks with two services each day, morning services at 10 o'clock and evening services at 8:30. Every one is invited to attend every service.

Sweet Home Revival in Progress

Bro. E. D. Dunlap of Abilene, pastor of the Sweet Home Church, arrived here Monday to help Bro. Riddell in the revival meeting that is going on at that place. James Tucker of Abilene is doing the singing and they are having some good times. Much interest is being manifested and it is hoped that they are going to have a great revival.

Revival Services At Plainview

Rev. L. W. Walker began a revival meeting at Plainview last Sunday according to our reporter from that section. He expects to continue the services for at least two weeks. He has been having successful meetings all summer and the people of the Plainview community are praying for a great revival in that section.

Elder P. S. Young of Mission Texas was here this week visiting his sister Mrs. J. O. Stark and other relatives. He is giving his entire time to preaching. He is pastor of the church at Mission for full time.

ROCKDALE REVIVAL NOW IN PROGRESS

Rev. C. Jones of this City Pastor of the Rockdale Baptist Church is now in a meeting at that place. No reports have been received from the revival since its beginning Sunday, but Bro. Jones was expecting a great meeting and preparations have been to that end.

BAPTIST REVIVAL WILL BEGIN AT HOWARD AUGUST 5TH.

The Baptist Revival meeting will begin at the Howard Baptist Church Sunday August 5th. Rev. J. F. Mason pastor of the church will do the preaching and large crowds are expected to attend this meeting.

Chautauqua Concert To Be Given Soon.

Miss Perry Lee Smith who has recently moved here from Stamford will give free to the public at an early date one of her high class Majestic programs. Miss Smith has had a number of years of training in expression voice and piano, she being the specialty pupil of Mrs. Harry Randell Fuller of Chicago. Miss Smith plans to leave during the winter for Kansas city to take up Vaudeville and Chautauqua concert work. In this concert, Miss Smith will be assisted by some 3 or 4 out of town artists who are well known comedians in this section, they having also had training for vaudeville work. The date for this interesting Majestic program will be announced later so watch the paper for the date and the place and also remember it is free to the public.

Weinert Making Elaborate Preparations to Entertain.

The Weinert ladies are preparing to entertain the Haskell County Federation of Women's Clubs on the afternoon of Tuesday August 3rd at 3 o'clock. They have given special invitations to all adjacent communities and received answers that they would have representatives present also a delegation from Maudsley Knox County, where they have a county demonstrator, and these ladies will have a part on the program and testify as to the exact benefit derived from a county demonstrator. Mrs. H. M. Smith of Haskell, President, extends to every woman in the county a cordial invitation to be present. What the County Agent for boys work and boys clubs have meant to the boys of Haskell County is an example of what the women's and girl's work will be. Haskell County Women if you want your girls to be good milliners, good dress makers, good house keepers and to learn to conserve and preserve all kinds of products come to these meetings and contribute your help and knowledge, so that the best may be shared universally. What other counties in Texas are doing, Haskell can do. And when you read this make it your business to see that at least two or three car loads of women from your community attend the meet in next Tuesday. Every community will be given a chance to tell of their need. A splendid program has been prepared and Mrs. J. U. Fields will talk on the Biennial. In unity there is strength. See that your community is not lacking in her quota of that strength.

Bates Thornton Entertains Guests On His Thirteenth Birthday.

A most delightful time was had by a large number of friends of Bates Thornton son of Dr. and Mrs. A. J. Lewis at his home last Thursday evening, the occasion being his 13th birthday. All of the enjoyable games, indoor and out were played and the honoree's mother, Mrs. Lewis served a beautiful plate of ice cream, cake, chewing gum and candy to the guests. The plate also carried a zenia to the following: Katherine Wingo, Mary Suth-

Brings Office Nice Cantelopes

Uncle Bob Hollis one of Haskell's most successful vegetable grower and gardner brought to this office a basket of fine cantelopes Thursday morning of this week and left them for the entire force to divide up among ourselves. These were some of the finest flavored mellons we ever tasted and uncle Bob knows just how to grow them rich and luscious. He is making a livelihood and some money in the vegetable business on a five acre tract of land within the corporate limits of the city. We thank uncle Bob for this treat from the fruit of the vine and may his years be long and successful.

Laugh Most of The Time For The Next Seven Days at Haskell Theatre.

Not only will you laugh most of the time while you are present at the Haskell Theatre, but you will laugh every time you think of the really funny comedy situations in a majority of the pictures produced for the next seven days. Beginning Thursday July 29th. Constance Talmage will feature "Her Sister From Paris," in which a neglected young wife leaves her husband Ronald Colman, and through a series of comedy situations brings him to her feet. Constance Talmage produces real comedy she loves comedy and believes that there is a far greater field for a girl in comedy. Friday July 30th, "The Road to Glory," a Melodrama starring May McAvoy, a base relief from the all comedy of the former picture, filled to the heroine, Judith Allen, only to snatch it from her

in utter despair and darkness, for awhile. Saturday July the 31st brings the Usual Western Story, with An Unusual Appeal "Whistling Jim." Then just the right variety will be offered Monday and Tuesday August 2nd and 3rd, a story of universal human interest, "King of the Surf," a racing melodrama, all star cast. Then back to the comedy on Wednesday, August 4th, "Do It Now," store up a laugh for every minute and go to The Haskell Theatre next Wednesday prepared to use them all. Thursday, August 5th, "Yellow Fingers", another intriguing tropical island story, wherein the foreign money lenders controlling the island is resented by the Old Rajah, who loves his country and his people; two out standing features are, an unworthy son of the Rajah tries to gain control and the world old story of the native girl in love with the white man.

**TO THE VOTERS OF HASKELL COUNTY—
THANKS!**

I am deeply appreciative of the vote I received in the primary election Saturday, and it is my desire to again thank my many friends who so loyally supported me and to assure them of my genuine appreciation of their friendship and the confidence they have shown in me. I am anxious to thank each of you personally for your vote and for the interest you have manifested in my race.

It is evident that there will be a run-off on August 28th. In this election as in the former races, I am asking only what I believe any candidate for office should ask; that is to examine my record, and qualifications as an officer and after so doing if you feel that I am entitled to the office again I assure you that your decision will be appreciated; and it shall be my constant aim to discharge the duties of the office in the most business-like manner possible and thus endeavor to show you that your confidence in me has not been unworthily bestowed.

This Newspaper is Your Market Place

THE old-fashioned market place that our grandfathers knew has just about become a matter of history. But the market idea is more effective today than ever before.

This newspaper is your market place; it is the modern means of displaying goods before the whole community. With your paper spread before you, all the necessities and luxuries of life are ready for your selection.

Newspaper ads have entirely changed our habits of living. How they have simplified and improved the system of buying and selling! Today it is not necessary for the buyer to go to market; rather, the seller—yes, the market itself!—comes to you, in the comfort and privacy of your home.

Form the habit of reading the ads and discussing them. Include the children in these important meetings. Let them "go to market" with you, and learn the business of selection and purchase. It will mean money saved—and more happiness gained in exchange for what you decide to invest.

STATE FAIR OF 1926 TO CHRONICLE FORTY YEARS OF PROGRESS

Great Educational Institution instructs in Every Line of Human Endeavor.

Nearly half a century of Progress development in Texas and the southwest will be chronicled through the fortieth annual State Fair of 1926 to be held at Dallas, Oct. 9 to Oct. 24, 1926.

Prizes and awards to be offered at the 1926 exposition encompass departments significant of every activity carried on throughout the territory reaches of the great Star State.

Forty years ago—in 1886—the State Fair of Texas came into being. Every year since, under the direction of a group of far-sighted, earnestly loyal Texas business men, it has been demonstrated to hundreds of thousands of visitors, as a means of comprehensive physical displays, the adaptability, progressiveness and efficiency of Texas in the Southwest.

Great Educational Institution. Educational in the broadest sense cooperating with other Texas educational institutions—notably the Agricultural and Mechanical College the State Fair of Texas runs the gamut of instruction to those who would find out, from agriculture to which it is the ranking state—through the list, including cattle raising, dairying, general livestock production, manufacturing and exports, progress in the fine arts, the latest developments in implements and machinery of every description, port facilities, poultry production, mineral resources and mining development, progress in engineering and various classes of construction every enterprise in which the human mind is interested.

Operated with no thought save that which will come through development of Texas and the Southwest, the State Fair of Texas is entirely self-sufficient in its aims. With physical facilities and equipment, including present buildings, valued at more than \$2,500,000, the home of the State Fair is the 157-acre Fair Park owned by the City of Dallas and maintained as a public park the year round.

They asked Thomas Aloysius Brown, who hailed from old Grand Prairie, what he thought of the Fair, and he'd visited there, and Thomas said: "It's sure keen."

It might be said that the State Fair of Texas is now fair, fat and happy. The fortieth annual exposition will be held at Dallas Oct. 9 to Oct. 24.

Dinner-Horn

When James Stephen Hogg, former governor of Texas, was a "one-gallus" lad on a Wood county farm, he was summoned to his dinner by a dulcet blast from an old-fashioned cow-horn.

J. F. Reeves of Mineola, long-time and consistent booster of Wood county's agricultural possibilities, has the horn, which he cherishes as an historic relic of Hogg and of early days in Texas.

When the big Agricultural Day dinner is given at the State Fair of Texas this year, the diners will be summoned to the banquet just as Hogg was when a boy. A veteran bugler of the Civil War is said to be practicing a letter-day mess call on the "humble instrument, and this is to be a signal for the guests at the dinner to "come and get it."

Mrs. Ernest Grissom and children, Nancy Flo, and Jack Hardy returned to their home in Abilene last Friday after a two weeks visit with Haskell relatives and friends. Mrs. Grissom was accompanied by Misses Anita and Frances Grissom and Bruce Bryant, who will also visit other Abilene friends.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 25c. At any drug store. (Adv.)

OVERLAND WHIPPET NOW BEING SHOWN

It has been anticipated for some months that a large American builder of motor cars would soon be on the market with a European type low, light car. The initial production of what may be the forerunner of a complete change in our great mass production of light automobiles made its appearance in this city this week. It is the Overland Whippet on which the engineers of Willys-Overland, Inc., have been working, both here and in Europe, for the past two years.

It is a quality product in every detail from the trim, smart, extremely low hung body with its brilliant finish and superb upholstery to the last detail of its mechanical construction. The Sedan will travel 58 miles an hour, as easily and comfortably as the great majority of our present day "sixes" and yet it is equipped with a four-cylinder motor.

Perhaps one of the greatest surprises this car has to offer, outside of its performance ability, is the roominess in the body. The interior appointments of this car are tasty in every way. The instrument board is of metal with a Circassian walnut finish on a gracefully designed panel. The board carries the starting and lighting switch, oil gauge, ammeter, speedometer and dash lamp.

The pistons are of cast iron but are extremely light in weight as are the connecting rods. The crankshaft is short and heavier than that used in any other four-cylinder car of equivalent dimensions and weighs 27 pounds. It is and eliminates whipping and vibration to a degree never before achieved in a four-cylinder car.

An innovation in light car construction is found in the four wheel brakes which are of the type of design used on better than 90 per cent of the finest European cars where all types of four wheel brakes have been thoroughly tested and tried out. The brake drums are 11 inches in diameter giving a braking surface greater than on many larger cars.

Certainly its performance ability will find ready recognition for it will be a new experience to the average light car owner to be able to drive at 60 miles an hour with a feeling of perfect security and to step away in traffic at the acceleration rate which has been demonstrated as a quality of the Whippet.

A. M. Ferguson of Sherman is here this week on legal business.

NEW BUICK COMPANY ORGANIZED AT STAMFORD

A new agency for the distribution of Buick automobiles was organized and incorporated at Stamford last week, to be known as the Hardy Motor Co.

The firm is composed of Messrs. Hardy, Bowdry and Rowland, all of Stamford, with Dick Rowland as service manager and J. L. Wileman as sales manager. Hardy and Bowdry are new men who have been employed by Stamford banks and other enterprises in Jones county for several years.

Mr. Rowland has been working on automobiles as a Buick mechanic for 15 years.

Mr. Wileman, sales manager, has been connected with the sales department of R. M. Kinard the former Buick dealer there, for nine years, and neither he nor Mr. Rowland need any introduction to the automobile owners of this section.

W. B. Silvers will remain as local representative of the firm in this city. Mr. Silvers states that the new 1927 model will be on display after Aug. 1.

Mrs. G. M. Bowie of Weatherford, who has been the guest of her sister, Mrs. T. J. Lemmon, Sr., left Monday morning for a visit to friends and relatives in the Rio Grande Valley. She was accompanied by her nephew, T. J. Lemmon, Jr.

Friends of former Mayor Hardy Grissom will be glad to learn that he is well again and he and Mrs. Grissom will reach Haskell from their continued stay in South Texas, about the first of August.

Mr. and Mrs. Charles McGregor Jr. of Des Moines Iowa have returned to Haskell to make it their home. They came with the latter's sister, Miss Lydia Tonn who had been visiting them for several weeks.

Miss Marjorie Whiteker returned to Stamford last Saturday where she has accepted a position in the Publicity Department of the West Texas Chamber of Commerce.

ESSEX "6" COACH

With All-Steel, Bolted and Riveted, Clear Vision Body
The Product of Essex' New \$10,000,000 Body Plant

\$795

F. O. B. Detroit Plus War Excise Tax

"At Your Door"
Standard Equipment Includes:
Automatic Windshield Cleaner,
Rear View Mirror, Transmission
Lock (built-in), Radiator Shut-
ters, Moto-Meter, Combination
Stop and Tail Light.

Many of these advantages you will recognize at a glance. But you will have higher appreciation of their meaning when you know that a plant of 18 acres which with equipment approximated a cost of \$10,000,000, was first built and that special machinery had to be designed, to make possible the New Coach your dealer is now showing.

It is all steel, bolted and riveted, and so rigid that squeaks, rattles and distortions, are as unlikely as in a steel building. Doors are so hung that a man may hang on an open door while the car is being driven over rough roads, without springing it out of true.

And it is so designed and constructed as to permit the use in a totally new manner of a high baked enamel, most lustrous and lasting finish.

There has been constant improvement in the chassis from the first Essex shipped. And only by the accumulation of the resources, the information, experience, and the skill that have resulted from the building of 350,000 Essex "Sixes" was it possible to create this car which we ask you to inspect and to drive as the best looking, best value, best Essex ever built.

NORMAN KELLEY
HASKELL, TEXAS

Rev. and Mrs. James McLean of Munday last Friday. Rev. McLean was stationed at Spur where he was the pastor of that faith at Munday, Texas.

Fifty years ago the only means of reliable distant communication was by letter. A week was required for the transportation of a letter a few hundred miles. Then came the invention of Alexander Bell; people were then enabled to talk with considerable distance intervening. This was indeed marvelous at the time—conversation with an invisible person. But today conversations across the continent are taking place hourly, and accomplished with the same ease as talking with a friend in the same room.

The telephone is indeed a wonderful instrument and through it one can express his personality. Use it for distant communications. It is cheap, effective, and very convincing. No delays are experienced in waiting for an answer—the information desired is given by the called party instantly. There is absolutely no loss of time in waiting for replies.

HASKELL COUNTY MERCHANTS INVITED TO OFFER PRIZES

To attract additional interest in the County Fair, Manager F. N. Clifford offers the following plan, for such consideration as might be given it by every merchant in towns in Haskell County.

Several business men over the county have offered prizes through County Agent Trice, in connection with the Boys and Girls Clubs, which suggests such a plan might prove of interest to every merchant in the county in the local trade territory supporting that particular town.

Merchants might select from their stock some article suggestive. For example, draft teams of decided value and complimentary to the Rochester community are entered at the County Fair. The Rochester Merchant wishing to do so can select something of reasonable value for the owner of the teams, as he might decide, place it in his show window and state just how it will be awarded. Should the Rochester draft team, owned by a customer of that store win first and second prize, for example, the merchant will also present the prizes he has set aside for such winners.

The merchant can decide just how he will make these awards. That is, if he desires to have one of his customers enjoy the prize, he must so state in his window display. Then furnish the Manager of the Haskell County Fair, P. O. Box 957, Haskell details that the offer can be given the County newspapers and everybody understand the plan.

The Fair Management will have no competition with these awards. Just how the merchant wishes to present them is a matter entirely up to him.

The winners at the County Fair will have their ribbons and checks or can secure written statements showing just what prizes and on what they won at the County Fair, and the merchant be guided accordingly.

No suggestion is offered as to what is to be given as a prize nor how it shall be awarded. The County Fair has no connection with this end of the plan, whatever, stated Mr. Clifford, and each community, if desired can make up community prizes and display them in some big show window centrally located for advantage, and a committee have the awards in charge. Any plan that suits each town in Haskell County, or towns adjacent to Haskell County that drew trade from Haskell County citizens because of their location, will answer the purpose.

The Haskell County Fair is a County wide play ground for the county citizenship and this suggestion is offered so that every community or town in the county might join in expressing some appreciation towards their trade, or customers, in further encouragement in connection with their efforts to raise better poultry, live stock, buy better draft teams, and improve agricultural conditions over the county.

Don't wait to see what the other fellow will do, or what a competitor will do. Think over the plan from your point of view, and act in the way Manager Clifford puts it.

SINGING CONTEST TO BE HELD AT NORTH WEST TEXAS FAIR

There will be a singing contest the last day of the North West Texas Fair at Spur, Sept. 18th. This contest will be conducted along the line of the big band contests held in West Texas, it is already attracting much attention and a number of classes have already expressed their intention of entering. This will be something new in the way of entertainment, and we are expecting big crowds on that day, the singing alone from these trained classes will be worth your coming and then some, to say nothing about other attractions of the fair. Every community should enter a class in this contest, if you have no organized class you still have plenty of time to organize one, and bring home the bacon if you will get busy. If we have thirty classes with an average of fifteen members to each class this will give us nearly five hundred singers, these massed with possibly as many more should give us a mass choir of possibly a thousand singers, which will be no doubt the largest choir ever assembled in Dickens County, such choir should make music fit for kings. Then let us all come, and sing to our hearts content. Below is a copy of the rules governing the contest.

9:00 a. m. Band Parade over streets of Spur.

10: a. m. Singing Class Contest will be continued throughout a large portion of the day. This will be in charge of M. D. Ivey under the following rules:

Classes shall not enter the contest under false pretences, which substitutes musicians or musicians otherwise ineligible to compete in the contest. Classes shall be composed of members living within ten miles of community said class represents.

Each class shall be allowed to employ a professional director if desired. Applications will be received from the following counties: Dickens, Kent, Stonewall, Jones, Crosby, Lubbock, Motley, Haskell and Hale. Spur will not compete in the contest.

All classes entering the contest will send their application accompanied by five dollars to M. D. Ivey, Spur Texas, not later than ten days before the contest. No class will be allowed to enter the contest unless this provision is met.

Three judges shall be judged on the following points: Time 25, Tone 25, Expression 25, Attack 25. \$50 will be given to the class making the highest points. \$30.00 to the class making the second highest points. \$20.00 to the class making the third highest points. Class shall number not less than ten members nor more than twenty. Each class shall sing two numbers of their own selection. Members shall sing in only one class.

The contest shall begin at ten o'clock a. m. on the last day of the Fair. Directors shall draw for their places at 9:30. After the contest there will be singing by a massed choir led by M. D. Ivey and we urge classes and all singers to participate. There will be a Sacred Harp Class organized, and we urge all who have them bring Sacred Harp Song Books. Announcement of winners immediately after the massed choir concert.

WHAT'S DOING IN WEST TEXAS?

Big Spring—The main feature of the Big Spring Dairy Program for Saturday, July 31, will be "The Trial of a Scrub Bull," with legal assistance for the defense and the prosecution. Ten registered bulls will be distributed among the communities of Howard County that day.

Floydada—The Floydada City Council has issued a twenty-year gas franchise to McMahan, Broadwell and Tipton, Oklahoma City. The gas is being piped from Amarillo field and will be ready for use by the first of the year. Tulla, Kress, Plainview, Canyon, Abernathy, Lubbock and Lockney will also be supplied by this company.

Amarillo—\$200,000 will be spent on the Amarillo Warehouse, Storage and Ice Company which has recently been purchased by the Home Oil and Gas Company. Ice storage for fruits will be arranged, and ice cream factory built, and the ice manufacturing capacity increased to serve 200,000 people.

Panhandle—The road bond issue for \$1,000,000 carried in the recent election in Carson County. The state will add \$1,500,000 and eighty six miles of concrete highway will be built in the county, placing it first among Plains County highway.

Mineral Wells—General contract for the new Crazy Hotel has been awarded and work begun on the construction. It will be seven and eight stories in height and its several wings will be equipped with a roof garden, motion picture plant, and all other modern conveniences. It will be one of the best of resort hotels. The Crazy Well Hotel Company owns the new construction.

Olney—Thirty new members have been added to the local Chamber of Commerce, after a campaign by Karl Goodman, membership secretary of the West Texas organization and Merle Gruver, secretary of the Olney commercial club.

Wichita Falls—Plans are being made for the erection of a new municipal auditorium to care for the needs of the half dozen conventions which are scheduled for Wichita Falls next year, among them the West Texas Chamber of Commerce Convention to be held in the spring.

Sweetwater—This city has recently voted a \$225,000 bond issue for school purposes. \$175,000 will be used for the erection of a new high school building, and the remainder of the improvements on the ward schools.

Slaton—Actual work on the new paving program for this city has been begun. Machinery for the work has been in use for two weeks.

Tahoka—Tahoka is to have an abundance of water. Wells which have recently been drilled will supply the city with not less than 144,000 gallons per day.

MEETING CLOSSES AT MORRIS CHAPEL

The two weeks revival meeting closed at Morris Chapel Sunday night. Rev. Walker pastor of the church did the preaching and large crowds attended each service. The meeting resulted in 4 conversions and 4 were received into the church, two by letter and two by baptism.

Rev. Walker will go from there to Plain View where he will hold a two weeks revival meeting there.

Bilious dull feeling

"My old stand-by is Theford's Black-Draught—I have used it of and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.

"I get bilious and have a bad taste in my mouth. My head aches dull. I don't just feel like getting around and doing my work. I know it isn't business, but biliousness."

"So I take a few doses of Black-Draught and when it acts well, I get up feeling like new—full of pep and ready for any kind of work."

"I can certainly recommend it." In case of biliousness and other disagreeable conditions due to an inactive liver, Black-Draught helps to drive the poisonous impurities out of the system and tends to leave the organs in a state of normal, healthy activity. Black-Draught is made entirely of pure medicinal roots and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone. Sold everywhere. Price 25c.

ELLIS COUNTY PLANS BIG STATE FAIR SHOW

Plans for the comprehensive agricultural exhibit to be made at the State Fair of Texas, Dallas, Oct. 9-24, by Ellis county, anticipate contributions to the general exhibit by every community in the county.

W. B. Sims of Ennis has been named as general chairman of the Ellis County Exhibit committee, and has announced an executive committee composed of C. H. Pigg, Waxahachie; W. M. Love, county agent; Jekis F. Castellaw of Ennis, secretary of the Ellis County Fair, and Hanks Davis of Waxahachie. A publicity committee with a personnel of a dozen prominent men, and an exhibit committee numbering more than twenty, have also been named. The publicity body will be on hand at the Ellis county exhibit all the while, to give information, either verbal or written, to all who may require.

STATE MANUFACTURERS TO MEET AT STATE FAIR

Announcement is made by G. M. Knebel of San Antonio, vice president and general manager of the Texas State Manufacturers Association, that the annual meeting of the association, that was to have been held at Houston the latter part of May, will now take place during the State Fair of Texas, at Dallas, Oct. 9-24 next. The session will be incident to the holding of the Texas Industrial Exposition during the State Fair. All officials and managers of Texas industries will be invited and there will be addresses by prominent industrial leaders. The exposition will run for eighteen days. On one day alone, in 1926, 150,000 people visited and studied the displays maintained throughout the exposition.

WHO SAID FARM RELIEF? NOT TEXAS FARMERS!

Texas farmers, as a rule, aren't much concerned by all this "holier" about "farm relief."

That man who gets out and hits the ball, most generally, doesn't need any relief—he works out his own salvation.

At the State Fair of Texas, every year, there's a comprehensive demonstration and proof of the manner in which Texas farmers accomplish this, through the attractive, edifying, instructive county agricultural exhibits, and there'll be more of them this year, Oct. 9-24, than ever before.

OLDHAM COUNTY AGENT BUSY ON FAIR EXHIBIT

Harmon Benton, Oldham county agricultural agent, isn't letting any grass grow under his feet, in anticipation of Oldham county's agricultural exhibit at the State Fair of Texas, Oct. 9-24. As early as June 1 Mr. Oldham was active in selecting various small grains which will go into the exhibit, and he is confident that Oldham county's showing will be up in the first rank when the scoring records are made.

CEBURNE CHAMBER AFTER JOHNSON COUNTY EXHIBIT

Johnson county and Ceburne, through the Ceburne Chamber of Commerce, aren't going to overlook their opportunity for showing the diversified agricultural abilities of their section at the State Fair of Texas, Oct. 9-24 this year. The Ceburne Chamber, early in June, issued a call for samples of the oat and wheat crop of Johnson county to be brought in, in connection with preparations for the State Fair exhibit. It is declared that the oat and wheat crops in Johnson county this year are better than for some time, and the belief is strong that first place for these grains could easily be taken.

APPOINTMENT CALLED IN BECAUSE OF RAIN SUNDAY

Rev. I. N. Ains of Haskell, pastor of the Cottonwood Baptist Church, only preached Saturday and Sunday nights at the church because of the rain Sunday morning and there were no church services at the usual church hour.

Lady from Pleasant View Community Taken to Sanitarium.

Mrs. Harris of the Pleasant View community who has been in bad health for some time was carried this week to a Wichita Falls sanitarium where she expects to undergo an operation with the hope of restoring her health. Her many friends and loved ones are anxious about her condition and hope that she will soon be at home much improved in health.

Haskell Lady Goes to San Angelo Sanitarium.

Mrs. Chas. Sargent was carried the past week to the Carrolls-Beth Sanitarium at San Angelo for examination, but was not accepted in the sanitarium as a patient. She returned home after the examination. Mrs. Sargent has been in ill health for three or more years and her many friends trust that she may soon recover.

NOTICE—All men in the city of Haskell and surrounding territory take notice: Nobody is authorized to buy anything and have it charged to me, as I will not stand for it. Fritz Ganzert, Round Rock, Texas. 2ip.

Consult Department Heads Freely Manager Clifford of the Haskell County Fair suggests those interested in the fair, in any division, consult the man in charge of that division, rather than another division superintendent or director of divisions. If any one seeks information or has suggestions that have to do with the poultry division, see J. P. Payne, if agricultural, see W. G. Pope, if about races and sports, see Henry Alexander. If about the buildings or grounds other than race sections see the Manager F. N. Clifford. This is a county fair and not a Haskell entertainment, stated Mr. Clifford. No Director of the Association nor any division director has jurisdiction over another department and does not pretend to take any action and cannot help exhibitors other than those in his respective division with any degree of success.

Returns From Vacation

Mr. and Mrs. R. D. C. Stephens returned last Wednesday from a three week's vacation spent in many places in New Mexico Oklahoma and Arkansas. They went from Haskell to Plainview where their daughter Mrs. Carl Maples and little son Carl Jr. joined them going from there to Clanton New Mexico and Kenton Oklahoma where they visited two sisters of Mr. Stephens coming back by the way of Clarendon where they visited other relatives. Then they came to Plainview where Mrs. Maples stopped over at her home and her daughter Miss Florine came with them to Wichita Falls where another daughter of Mr. and Mrs. Stephens, Mrs. Fritz Taylor accompanied them to Hot Springs Arkansas for a short stay returning home last Wednesday. This was an enjoyable trip for Mr. and Mrs. Stephens.

Long Time Resident of Haskell County Moves to Plains.

C. M. Strickland, a well-known farmer who has lived in the Pleasant View community for 20 years or more has traded out his farm and will move his family to Silverton on the North Plains. His neighbors regret very much to lose this good family from their midst. The best wishes of the entire community follow them to their new home. They will leave this week for their new location.

Farmer Rebuilds Home in Pleasant View Community.

D. D. Eoff of the Pleasant View community is rebuilding his home which was blown from the blocks and otherwise damaged by the recent wind and hail storm which passed through that section. He is putting on a new roof, making other additions and is joining the rooms together which were torn apart by the storm. He will have a good home when completed.

E. B. Sutherland and family of North Arkansas are here this week visiting Mr. Sutherland's brother E. Sutherland of this city. Mr. Sutherland made the trip in his car and said the roads were fine most of the way. He is an old timer of Haskell having lived here many years ago and knows all of the old timers who were here at that time.

Judge E. S. Ratliff of Oklahoma City with his family are here this week visiting Judge L. D. Ratliff and family of this city. Judge Ratliff is prominent in political circles in Oklahoma and was a talked of candidate for Governor. He is filling the Place of Railroad Commissioner at this time.

Sheriff J. C. Turnbow was called by wire to Tennessee to the bedside of a brother who is reported very ill. He left Saturday afternoon and will make the trip in his Dodge Car.

NORMAL SCHOOL OF MUSIC BEGINS MONDAY MORNING

The Elliott Normal Music School will begin at the First Baptist Church in this city Monday Morning August 2, at 9 o'clock. A large attendance is expected from all parts of the county and adjoining counties and the best school of music ever taught in this section will soon be in progress. This will be a three teacher school and every department will have a special instructor. Grades will be maintained just like literary work.

ACCEPTS POSITION WITH LOCAL CHRYSLER AGENCY

Elmer Thomas of Lubbock has accepted a position with Bert Welsh, Chrysler dealer, and assumed his duties this week. Mr. Thomas was connected with the Buick agency at Lubbock for quite a while and comes well recommended as a salesman of ability. Mr. Welsh reports business good with the local agency, and states that the factory is unable to supply the demand for Chryslers in the Southern territory.

BAPTIST REVIVAL IN PROGRESS AT SAGERTON

A large attendance is reported at the Revival at the First Baptist Church in Sagerton which is being conducted by Rev. W. K. Horn of O'Donnell with Rev. A. S. Homes the pastor conducting the song services. There is a general awakening among the members of the church and a great meeting is predicted before the close next Sunday night. Rev. Horn is a forceful preacher of the old type and he makes no compromise with sin but preaches his convictions straight from the shoulder, hewing to the line and letting the chips fall.

FAIR RIBBONS TO BE HANDSOME AND MANY

The Haskell County Fair Management has placed orders for beautiful ribbons for the 1926 Fair, to be held September 30th, October 1 and 2. Additional ribbons to care for specials and sweep stake winnings have been added.

TWO YOUNG LADIES ILL IN McCONNELL COMMUNITY

The many friends of Miss Willie Simons of McConnell will regret to learn that she is ill at this time. Also Miss Lois West is reported ill from the same community. It is the hope of all they will soon recover their health.

COTTONWOOD SECTION REPORTS BIG RAIN

Four inches of rain is reported to have fallen in the Cottonwood community Sunday morning, which was one of the biggest rains of the year. The farmers were indeed glad to see the rain, as it will make a bumper feed crop all over the community and if the worms do not come it will greatly benefit the cotton. Most of the people had to remain at home that day and wait until Monday for election returns.

OLD WHITMAN BUILDING BEING TORN DOWN

The old Whitman building in the rear of the Hotel Tonkawa is being torn down this week, and the site cleaned of rubbish. This building was one of the most pretentious business houses in Haskell in years past, and has housed a number of local firms since its construction. The Free Press was located in the old building for a number of years prior to 1911, when the Haskell Free Press and the Haskell Herald were consolidated and moved to the McNeill & Smith building on Depot Street. The building was a two-story wooden structure, and the ground floor was used as a warehouse for quite a while but has been vacant for the past few years. The property is owned by J. F. Jones of Abilene, and no announcement has been made as to whether he contemplates another building on this lot or not.

Pioneer Citizen Passes Away.

W. L. Curd, 81 years old, died Saturday afternoon July 17th, at his home near Avoca.

Uncle Bill was born January 24, 1845 in Knox County, Tenn. At the age of 16 years he joined the Confederate Army, serving in it for three years. He was seriously wounded in the "Battle of Cedar Creek."

He came to Texas in 1866 and settled in Grimes County, going from there to Bell county. He later moved to Coryell county. He was a resident of that county for over thirty years and helped in many ways in settling the county. He is still remembered by many as being one of Coryell's best citizens.

In 1866 he married Miss Dollie Hoover of Turnersville. To this union were born six children, four of whom are still living: Misses Bessie, Ruby, and Lina Curd of Turnersville, and W. P. Curd of Avoca. He is also survived by two sisters, Mrs. Jane Clark and Mrs. Mary Smith of Turnersville.

Uncle Bill came to Haskell county in 1903, and has since been one of her most honored citizens. He was known by almost everyone and highly esteemed by all who knew him.

By his death Haskell county has lost one of its best citizens, and the people one of their best friends and neighbors.

The high esteem in which Uncle Bill was held was shown by the concourse of people who gathered at Weintert for the funeral service. The services were conducted by Rev. Saunders, then turned over to the Odd Fellows, as he had been a member of this lodge for a number of years.

FARM EDITOR AND FAMILY VISIT IN GAUNTT COMMUNITY

It is with much pleasure that the Farm Editor and part of his family made a pleasant call at the home of George L. Walker and family of the Gauntt community last Thursday afternoon. After arriving we were invited into the home of Mr. Walker and drove out in the field and looked over the growing crops of this good farmer. He has 300 acres in cotton and feed and he and his boys have done most of the work, only hiring a little hoeing done, but at the same time he did some work with his binder for his neighbors that more than paid for what he was out for the hoeing he hired others to do. He has a fine crop his cotton is clean and is growing and putting on nicely. Mr. Walker thinks this is one of the best crop prospects he ever had at this time of year. We enjoyed the evening meal with the family after we came in from the field and Mrs. Walker had our favorite dish (Chicken) cooked in different ways and placed on the table. We also appreciated our hearty welcome into this happy home and went away with many pleasant memories of the things we enjoyed while that home.

Director Pope Happy

"Crop conditions are exceptional fine over the county and I see no reason why the agricultural exhibits at the Fair should not be abundant, more attractive and general than ever before," said Director Pope of the Agricultural Division of the County Fair.

Mr. Pope stated he had been quite a lot of territory and talked several about exhibiting during the season and he looked for additional questions and has answered suggestions of value.
