NUMBER 24

Johnnie Burson says he is taking some ribbing about the item that appeared in "Looking Back" last week which concerned the 1958 horse show event that he helped judge.

The item stated that Mr. Burson judged the show and Jimmy Burson won first in junior reining. A horse owned by Mr. Burson also was a winner in the senior reining event.

Of course, what it didn't say was that Mr. Burson wasn't the only judge for the show, and he didn't judge the reining events.

There's lots of fun at the ballpark on Monday and Thursday nights when the summer youth baseball games are in progress—especially the games in which the kindergarten and first grade kids play.

We can't say enough about the men who are giving their time so the kids can have fun. They are providing an event just for the boys and girls, and aren't making a big deal about who makes outs and errors or who wins.

I recall last summer one of the kids asked Barry Francis, "Did we win?" Barry answered the question with a question, "Did you have fun?" The kid said, "Yes," and Barry answered, "Then you won."

This is the general attitude, which is much better than waging a do-or-die contest to win at all costs.

Now there are some others in the 13 to 65 age group who are wanting to play baseball, too.

If you want to play, you are asked to meet at the ball park Friday at 9:00 p.m.

City Asks For Return Of Tapes

Whoever has the City's sewer tapes is asked please to return them to the City Hall.

There are four of the tapes owned by the City, and all of them are missing.

Silverton Pool Is Now Open

Silverton's swimming pool is open from 2:00 until 7:00 p.m. Tuesdays through Saturdays and from 2:00 until 5:00 p.m. Sundays. You must have stock to be able to swim.

Anyone interested in buying stock or making special arrangements about his or her membership is asked to contact Jo Ann McFall.

D.P.S. Looking For Qualified Applicants

The Texas Department of Public Safety is looking for qualified women and minorities to begin a challenging state law enforcement career.

If you'd like to know more about the DPS and what is has to offer, contact the Amarillo DPS Office at 806-359-4751.

Economic Development Opportunities To Be Discussed June 22

The public is invited to a county-wide program on "Economic Development Opportunities" on Wednesday, June 22, from 10:00 until 11:30 a.m. at the First State Bank Pioneer Room in Silverton.

Dr. Don Stebbins, Extension community development specialist from College Station, will

present this program which is being sponsored by the Briscoe County Extension Program Council.

Dr. Stebbins will discuss alternative strategies for economic development—special events and festivals, tourism, agricultural processing and others—as well as how to get organized, including

use of resources such as the Small Business Development Center at WTSU, utility companies, Panhandle Regional Planning Commission and others.

Dr. Stebbins has worked with Fisher and Menard counties in developing economic opportunities and will share the accomplishments and progress made in these counties.

The Extension Program Council extends an invitation to all interested citizens and business people to participate in this effort to provide economic development ideas to both communities.

There is no charge for this program. Educational programs of the Texas Agricultural Extension Service are open to all regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Board Adopts School Policies

After attending to regular business at the June board meeting last Thursday, the trustees of Silverton ISD adopted the TASB (Texas Association of School Boards) prepared Board Policy Manual. This policy manual will take the place of all the previous board policies. It will be continually updated and kept congruent with all state and federal laws concerning education. A copy will always be available in the board room for anyone to read.

Dwight Rice, who has been coach at Darrouzett for the past eight years, was hired as boys basketball coach and Annette Shely was hired to coach girls basketball.

Other business included the first grade TEAMS report (over 90% mastered all the tests), a resolution to sell the San Jacinto School land and approval of commodity agreement, milk bid and bus maintenance. The superintendent reported on the progress of the asbestos inspection which thus far indicates there will be a need to enclose or encapsulate some old pipes and boilers exposed to maintenance areas only. Most of the asbestos is in the high school and none is of any threat to students.

The board meeting next month will be Monday, July 18, at 8:00 p.m.

Anyone having a question or concern related to the school is

encouraged to contact Superintendent David Cavitt at 823-2476 or other appropriate personnel.

In addition to board news, the school has a GED testing schedule, should anyone be interested.

Appraisal District Board Has Business Meeting

Present at the regular June 9 meeting of the board of directors of Briscoe County Tax Appraisal District were members L. B. Garvin, jr., Jimmy Ross, Joe Mercer and John Bowman, and Chief Appraiser Carlye Fleming. Robert McPherson, member, was absent from the meeting.

Minutes were read and approved, and the financial report was given by Mrs. Fleming, who stated that third-quarter payments from the taxing entities will be due in July, and that, overall, the appraisal district is well within its 1988 budget. 1987 tax roll collections through the month of May were: Briscoe County, 95.6%; Silverton ISD, 96.9%; City of Silverton, 93.6%; City of Quitaque, 78.6%; Mackenzie Municipal Water Authority, 93.7%.

Members decided to have a called meeting sometime during the week of June 19 to discuss the 1989 budget. They will have more information about the possibility of obtaining a computer for the appraisal district by that time. Mrs. Fleming stated that an appointment has been set up with the Oldham C.A.D. in Vega to look at their computer system June 17. Any, or all, board members are invited to go. Also, by that time, the members will have more concrete figures

as to the actual costs.

In discussing the justification for purchasing a computer for the office, Mrs. Fleming noted that not only would office work be faster and more accurate, but the annual costs would be approximately the same amount that has been paid out annually to an outside data processing firm to print proof rolls, appraisal rolls, appraisal notices, tax rolls and statements. With an in-house computer, the office staff could not only perform all these functions, but would also have each individual parcel in the county recorded in the computer as to land class, type and class of structures, etc. This would greatly aid in the state annual school and appraisal district reports. It is extremely important that the school report be correct because this particular report determines much of the school's state funding. Bowman stated that another major benefit is that the appraisal district would have control of their records at all times, not at the convenience of another company.

Mrs. Fleming reported that the Appraisal Review Board (ARB) met May 17 to work further on 1988 values. One of the items they worked on extensively was all gins in the county. They made a "fact finding" tour to Quitaque to gather additional information. The ARB set the protest hearing date for July 6 at 10:00 a.m.

Following examination of the current month's bills, motion carried to pay all bills presented.

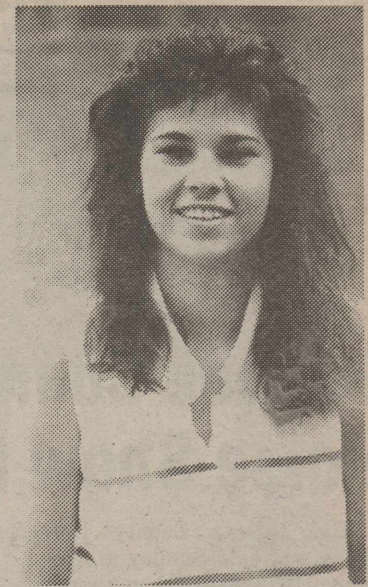

Recipe brochures will be provided. Employed homemakers are invited to come by during their lunch hour.

Cajun Cooking School To Be Held June 20

The public is invited to a "Cajun Cooking School" on Monday, June 20, at 11:00 a.m. in the home economics kitchen at Silverton High School.

Joy Parnell, home economist with Southwestern Public Service, will conduct the program sponsored by the County Extension Service.

There is no cost for the school.

Keeley Burson of Silverton High School was one of 29 outstanding high school science students and teachers sponsored by Southwestern Public Service Company to the 28th annual Texas Energy Science Symposium at The University of Texas-Austin.

Garage Sale Open Fridays, Saturdays

The Briscoe County Activities Association is operating a garage sale on Fridays and Saturdays in the old barber shop building north of Tiffin's Dept. Store.

The sale will be open from 10:00 a.m. until 5:00 p.m. Friday, and from 10:00 a.m. until noon on Saturday.

Everyone is asked to clean out the attic and bring the things they no longer need to the Briscoe County Activities Association to be sold. Proceeds will benefit the BCAA's community projects.

Volunteers are also needed to work at the garage sale. If you could give a few hours of your time to this project, please contact Sybil Martin.

State Democratic Convention Is June 17-18

George R. Brown Convention Center in Houston will be the scene of the Texas Democratic Convention June 17-18. The delegate from Briscoe County is Carrie Dickerson, and her alternate is Josephine Anderson. Jackie Mercer, County Democratic Chairman, also plans to attend.

Pre-convention activities will be held at the Hyatt Regency and the convention will be called to order at 6:00 p.m. Friday.

The 31st Senatorial District Caucus will begin with the call to order at 4:30 p.m. Friday at the Ramada Inn Southwest.

The convention continues at 8:00 a.m. Saturday.

Senior Citizens To Have Luncheon Friday

Silverton Senior Citizens will have their monthly luncheon and business meeting Friday at the center.

Hostesses for the luncheon will be members of the Southwestern Extension Homemakers.

STATEMENT OF INTENT TO CHANGE RATES

GTE Southwest Incorporated, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective July 6, 1988. This proceeding has been previously docketed by the Commission as Docket No. 5610.

The proposed changes in rates will affect approximately 970,500 of the Company's Texas customers who represent all classes of customers subscribing to the Company's local exchange and foreign exchange services within the State of Texas, as well as all entities subscribing to the Company's billing and collection services within the state. The proposed changes in rates are designed to increase the Company's intrastate revenues by \$81,407,000, or approximately 11.8 percent annually.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's office of each affected Municipality.

June 15, 1978—A 100-year-old Indian burial has been saved from the rising waters of Lake Mackenzie by a West Texas State University archaeologist. The site was first noticed by Tulia resident Rueben Mireles and his companion who were fishing from a boat in Cope Creek when they saw a human skeleton on the shoreline. Recovered were a slightly perforated skull and most of the bones of the upper torso of a male possibly in his late 20's. An Amarillo pathologist tentatively identified the cause of death as vascular tumors which created the lesions in the skull, a congenital defect which often causes death in the late 20's. The lower right arm was encircled with ten broken copper wire bracelets. There is evidence of copper stains on both the upper right and left arms, but no other bracelets were found at the site. The body also appears to have been wrapped in a red flannel trade blanket, evidences of which are lodged in mud packed into the pelvic region. Accompanying the burial were two bridle bits, several bridle buckles and a metal stirrup. One bit is of Spanish design which was used for stallions and the other possibly a military Whitman curb bit of the Indian war period. In the 1860's, the period in which the artifacts seem to indicate the burial occurred, the Texas Panhandle was dominated by the Comanche Indians, who shared it with a few Kiowas . . . Reagan-Johnson Vows Exchanged Here June 11

The home of Mr. and Mrs. Snooks Frizzell, grandparents of the groom, was the scene of a double-ring ceremony which united in marriage Benny Zane Reagan and Lorrie Ann Johnson at 7:00 o'clock in the evening on Saturday, June 11, 1988.

Latticework entwined with fresh greenery and peach blossoms served as the background as the couple exchanged their vows with Bro. Jess Little of Quitaque performing the ceremony.

The bride was attired in a peach silk dress with lace bodice and a pleated skirt. She was attended by Melissa LeFevre and Wistie Webb, her sister.

The groom's attendants were Cam Forbes and Todd Reagan, his brother. Chad Johnson, son of

the bride, was the couple's ring bearer. He also assisted Tarron Forbes with the distribution of rice bags.

A reception was held in the dining area following the ceremony. A ceramic bride and groom transcended the wedding cake which graced the refreshment table which was covered with a blue cloth and lace overlay. Fruit punch was served with mints and nuts. Assisting with the serving were Tracy Reagan, sister-in-law of the groom, Tammy Webb, sister-in-law of the bride, and Missy Forbes.

Parents of the couple are Todda and Lanny Webb of Plainview and Bennie and Carolyn Reagan of Silverton.

After a short honeymoon, the

couple will establish their home in Lockney.

Carol Koslowski

Miss Koslowski Wins Honors At Graduation

Carol Koslowski, daughter of Len and Susan Koslowski of Lubbock and granddaughter of Josephine Anderson of Silverton, was graduated June 4 from Lubbock High School where she participated in the Lubbock Exemplary Academic Program. She was a high-honors graduate, ranking 15th out of 368 students with a grade point average of 4.39 on a 4.00 scale.

She received "The Floyd Honey Westerner Spirit Scholarship" as the one who best exemplifies the Westerner spirit of friendship, loyalty and service to the school. She was one of three finalists for All-Westerner Girl, won the Presidential Academic Fitness Award, UIL Scholar Award, English IV Award and was named to the Senior Who's Who List at LHS.

She had previously been named to Who's Who in American High Schools, an Academic All-American, and was runner-up in the Fighting Westerner competition at the athletic banquet.

Miss Koslowski has been a Student Council representative three years, a member of National Honor Society, has played varsity basketball two years, serving as a co-captain this year, received the Most Improved Player award her junior year, played varsity volleyball three years and took part in varsity track two years.

She has been employed by the Food Emporium for two years and plans to attend Texas Tech University to major in accounting. She has received a Texas Tech academic scholarship.

Among those attending the graduation exercises were Mr. and Mrs. Joe Anderson and family, Fort Worth; Josephine Anderson; and Mrs. Tommy Anderson, who came for the graduation and then came here for a visit with Miss Anna Lee Anderson before returning to her home in San Antonio.

Jettie Hardcastle drove to Electra Monday to attend the funeral of her sister-in-law, Mrs. Mabel Hardcastle Deaton, 93. Services were conducted at the First Baptist Church.

Mrs. Deaton also was a cousin of Nannie Bomar.

Iris Graham of Amarillo spent three days last week visiting Jettie Hardcastle.

Receives Mesa Scholarship

Juannah Woods, daughter of Mrs. Elizabeth Woods of Silverton, has been notified by West Texas State University of her selection to receive a Mesa Scholarship for Academic Excellence for the 1988-89 school year. Her award, in the amount of \$500.00, will be equally divided between the fall and spring semesters.

Considerations for this scholarship include academic achievement, leadership ability, financial need and extracurricular activities and references. There were many excellent, qualified applicants and the Mesa Scholarship Committee thoroughly reviewed and evaluated each one in determining the recipients.

LETTER TO THE EDITOR

Dear Editor:

May I please use your column to remind everyone who supports the various activities that are being sponsored or endorsed by the Briscoe County Activities Association, to remember that the Association is still and will

continue to accept donations in the manner of Memorials, whether it be a "Living Memorial" or in memory of a loved one who is deceased. **You do not have to be a member to donate to this organization.** The BCAA is sponsoring or supporting several worthwhile projects county-wide, including the IMPACT Program that is for the prevention of drug abuse, County 4-H Programs, Boy Scouts, Girl Scouts, annual Rodeo and Bar-B-Q, Adopt-a-Highway Program, "Independence Day" Family Entertainment Night, will prepare lunch for the Homecoming, have furnished the tent for our August celebration in the past, and is currently in the process of working on improvements and purchase of the showbarn. I believe your money and time will be used wisely.

For those of you who might still be undecided on the "Shelter Project," I would encourage you to go to Floydada and see the one they have. We recently had the opportunity to attend a gathering there and experience first hand the comfort of the building. I believe it's something the whole county would benefit from. It

seems to me that \$800 spent on the tent to be used only once a year would be better spent on a permanent shelter to be used year around, whether it be a family reunion, an old-fashioned "tent revival," a musical, a farmers' market, flea market, Scout or 4-H meeting, Christmas Jubilee or whatever.

Everyone is reminded to clean out their closets, garages, storage rooms and shops and donate anything you don't use, need or want to the BCAA garage sale at the old barber shop building.

New things are being brought in so just because you've already gone to it doesn't mean there's not something else you might need. Plans are to keep it open every weekend for awhile, so don't forget it.

Anyone whose interested in joining this organization is invited to attend the meetings which are the last Thursday of each month.

Thank you for letting me use your column to express my thoughts.

Four Attend Texas 4-H Roundup June 9

Four Briscoe County 4-H members participated in Texas 4-H Roundup activities at College Station June 6-9.

Roundup is the state level competition for speaking contests, food show and judging contests.

Julie Graham and Rhett Montague placed seventh in the mechanical skills method demonstration. Julie Towe and Penni Fogerson placed eleventh in the clothing educational activity. Some 1600 4-H'ers from throughout Texas were competing in the state events.

Accompanying the 4-H'ers to Texas A&M were Patsy Towe and County Extension Agent Lynda Fogerson.

Boy Scout News

by Scoutmaster Mark Eddleman

Next week I will have a story about our camping trip last week. It was a trip we'll never forget.

If you wonder why we didn't put out the flags Tuesday for Flag Day, it looked like the rain was going to hang around all day and there was a flash flood watch for us, so we will use another

day. The next flag day will be the Fourth of July.

We want to thank all those who let us wash their cars last week.

This week Lance Holt will be taking art lessons from me so he can earn his Art Merit badge. Last week he painted a nice picture.

Lake Mackenzie Fishing Report

The two largest fish caught at Lake Mackenzie and weighed in at Cactus Cove Marina were taken on Tuesday and Saturday of last week.

Tuesday, a two-pound largemouth bass was caught by Steve Green of Amarillo who was fishing with a black and chartreuse Ringworm in Williams Creek.

Saturday, Vearly Biggerstaff of Brownfield caught a 2 1/4-pound hybrid striper in the mouth of Deadman's Creek while fishing with minnows.

Depth of the water at the dam is now 109 feet, and water temperature at a four-foot depth is 74°.

MRS. BOUNDS IS DEGREE RECIPIENT

More than 1,650 students at Texas Tech University received degrees in the spring 1988 commencement exercises.

Included among these is Traci Mayfield Bounds, daughter of Charles Wayne and Joni Mayfield of Silverton, who received the bachelor of science degree in education.

Who is at the Helm?

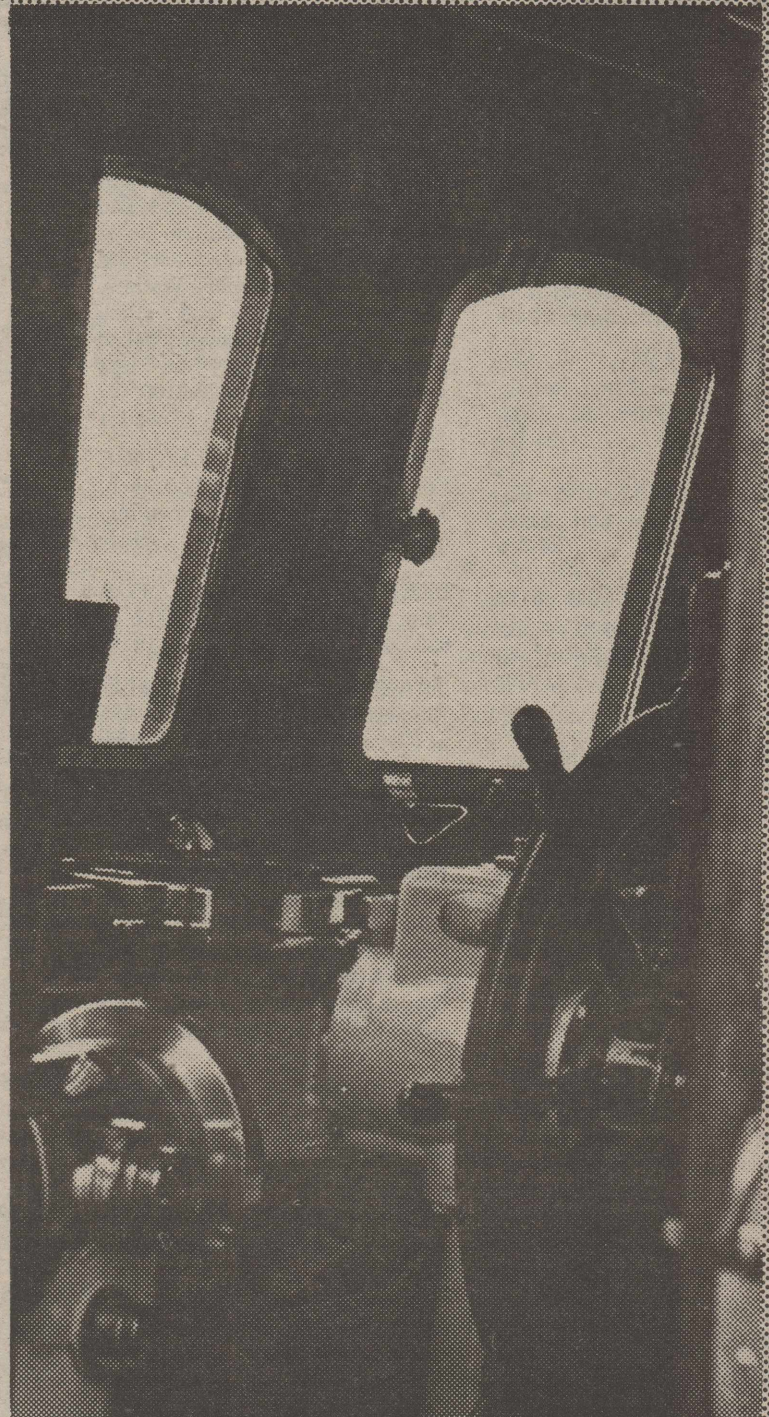

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cards of Thanks

I want to thank each of you for your concern and friendship. I appreciated each card, phone call and visit last week when I was in the hospital for tests.
Thanks,
Lois Walker

We would like to say thanks once more to the Silverton Volunteer Ambulance Service for all their help in moving us around the past nine months.

We are both finally at home and are hoping we can stay.

A special thanks to J. L. and Faye Self, Bro. Kingery, Janice Hill, Mary Jo Brannon and Susan Rose for their help. It certainly is great to have this service available.
