Anti-Aircraft Guns Thunder At Huge Blimp Or Plane Over California Coast

"Work Or Fight" Legislation May Be Asked To Eliminate Stoppages In Arms Prodution

AIR RAID PLAN NEARS FINISH

Haigh Announces Setup Aimed To Give People Full Training Courses

from, for example Guaymas on the west coast of Mexico, where Japanese submarines are lurking and where plane bases may be main-tained, it is folly to fail to have adequate air raid warning in this area. And, with tank farms only four miles east, and the Midland Army Flying school only eight miles west, and with oil pipelines throughout the area, reasons for air alarm training becomes even more appar-

Add to these the fact that many citizens of Midland might at any time find themselves transferred to a coastal or other zone that has armed forces of any striking worker been and may again be under actual attack, it is obviously the fair thing to do to help such present citizens to be alert and acquainted with air raid precautions before they leave Midland and its immediate

Haigh has named as assistant the job was done. cinct wardens are, for the northwest anybody stop work, even for an precinct Surce J. Taylor; for the hour," Hill told reporters. northeast, R. W. Bob) Patteson; for the southeast, Watson LaForce; and, for the southwest, H. M. Bayer. Other personnel, including senior wardens and deputy wardens, as

a deputy warden for each 25 residences, or 100 people, will be among those named next week. The appointments, when complete, will give coverage throughout the county.

The Midland Air Raid Defense area will include the city and the county, divided into the two zones, western and eastern. Each zone will in turn, be divided into two precincts. Within each precinct the organization will be organized, and then coordinated with all other

Immediately after his return from Austin, Haigh will announce plans for a meeting of all appointees. After that a series of classes of instruction will be conducted, which all wardens and deputies will be required to attend, and which the general public will be allowed to at-

David Allen Is Listed As Guam Prisoner Of Japs

David Martin Allen of Midland was listed Wednesday by the Naval De-partment as among those missing following the fall of the Island of Guam. He is presumed to be a prisoner of the Japanese.

Allen is a gunner's mate, second class, and had served in the Navy about 3 years.

The list published Wednesday contains the names of 44 additional men who are known to have been on the island at the time of the attack. Allen's wife, Mrs. Irene Allen, resides with her parents, Mr. and Mrs. F. S. Lord in Midland. She received a letter about three weeks ago from

the Navy Department stating that he was safe. A short time before that she had had a letter from him written from Guam before the at-

More State Barriers

For years a conscientious group has fought the passage of state laws which tend to hamper the free flow of commerce between the states. Now Georgia's red-gallused governor, Gene Talmadge, threatens to build intellectual barriers. He plans to ask the Georgia legislature to bar graduates of medical schools in other states from practicing in Georgia if those states recognize the American Medical Association's suspension of the University of Georgia Medical School from its accredited list.

Regardless of the merits or demerits of Talmadge's outcry, the results of his plan would be intolerable both to medical graduates of Georgia and those of other states. It would erect a barrier to the free passage of medical and health knowledge when it is sorely needed for the Armed Forces and for home defense.

Spring Conditioning that's

TAILORED TO YOUR CAR!

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, working the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: Longer life from the same full set.

TICK-AND-A-PROMISE spring conditioning won't do this year,

You've got something more important to think about than just changing oil and grease - you've got a whole car that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is tailored to your own particular car.

routine matters.

Your whole car lasts longer when it is conditioned as a unit – especially when trained Buick specialists do the job.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought

to be kept in proper adjustment for safety reasons

alone Beyond that, brakes that are "out" can also

result in unnecessarily increased tire wear. For

best results, let Buick men adjust your Buick brakes

to Buick factory specifications

So we write your spring conditioning ticket to fit your car's needs - not to make up a readymade "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually lower in the long run, because it pays to have a job done right.

We change oil and grease in the Drop in for a FREE check-up by regular way, of course - we our authorized factory-trained check batteries, cooling systems, mechanics and let us detail the wheel alignment and other service your car should have this spring.

McKENNEY ON BRIDGE

By William E., McKenney America's Card Authority

to specific situations. tablished in 1911.

For example, you have opened from A-K-Q-x. In accordance with accepted practice, your first lead of the suit to be ruffed. was the king. If you are going to lead a second round, what card do For example, in the hand shown

be fairly sure that you have the ace, both from the declarer's failure to win the trick and because you must have either the ace or the jack to continue with an honor lead. Therefore, your second lead should be the queen.

On the same principle, if you have opened the king from A-K-Q-J or K-Q-J, your second lead, if you hold the first, should be the jack. But be wary of carrying this down to low sequences.

For example, if you open the jack from J-10-9, dummy turns up with Q-x-x, and your jack holds the first trick, it is risky to continue with the nine-spot. Your partner may imagine that you have led from J-9, and credit declarer with the ten. If, however, you open the queen from Q-J-10 and hold the lead, dummy having K-x-x, it should be safe to continue with the

The "suit-preference" signal was devised to meet a very special situation. One defender has given the other a ruff; the ruffing hand will want to give his partner immediate re-entry to lead for a second ruff. How is he to guess which of two neutral suits to lead?

The partner may be able to direct this return at the time he leads for the first suit. If he can get in through a return of the higher-ranking of the two neutral suits, he leads an unnecessarily high card. If his entry is in the

Here's New U. S. Marine Helmet

The United States Marine Corps has adopted this new type of helmet. Designed and tested by the Army, the headpiece is made in two parts. Without the steel shell, it serves as a sun helmet. The rifle pictured here is the new semi-automatic Garand.

Track Prospects Increasing

All Boys Urged To Take Part In Track-McCollum

By Cleddie Shelburne Plans for issuing first call for track squad candidates the last of this week or the first of next were announced by Midland High coach,

B. E. McCollum, Tuesday.
"Turn out for gym conditioning sessions among the boys is growing stated McCollum, "and although I have no idea as to the number of tracksters who plan to report when actual track training I urge every boy in high school to join the squad."

Last season's great cinder-path team, which carried the colors of Midland High through top flight competition, is gone due to graduation, but such sparkling athletes as Charlie Kelly, H. G. Bedford, Jimmy Watson, Bill Richards, Bill Stickney, Copper Daugherty, L. C. Netherlin, Bill Wells, Pete Lee, Tony Watson, and all the many others will carry the true fight and fire

of the Bulldogs through this season. Charlie Kelly, only holdover from by many track fans to be the finest dropped the gridiron sport for rea- 000-ton merchant ships. half-mile prospect that Midland has sons of economy.
