US-RAF Planning Nazi Air Invasion

Allies Said Ready With Attack Plan

Expect Germany To Be Struck By Giant Fleet As Relief For Russia

By Robert E. Bunnelle
LONDON — (AP) — The United States Air Force will join the RAF in blasting Germany within a month, and the two Allies will do everything in their power to help Russia's epic effort to crush the common Nazi enemy, highly placed experts predicted Saturday night.

This, they said, would be the upshot of the visit here of the United States Chief of Staff, Gen. George C. Marshall, and Harry Hopkins, President Roosevelt's trusted supply man.

The British and Americans were pictured as expecting Germany's supreme effort this summer to be directed at the two supply lines over which increasing quantities of vital material are moving to the decisive Russian battlefield to equip the vast Soviet, long on manpower but short on machines of war.

Expect Nazi Thrusts
The German thrusts are expected toward the oil riches of the Caucasus and the Persian Gulf, and against the Northern route which ends at Murmansk and Archangel.

The growing military establishments which Marshall is inspecting and the increased pool of United States planes in Britain were taken as indications that American pilots would be bombing Germany within a month to retard the Nazi's eastward offensive.

The United States, Britain and Russia all see a Japanese stab in the Russian back in Siberia as one of the main dangers this year. British military opinion is convinced that a Japanese attack will take place either just before or coincident with the opening of Hitler's main effort. The Russians say simply, "We are ready if it comes."

Plan To Bomb Tokyo
There are equally candid hints that if Japan attacks the Soviet, Red bombers will swiftly span the 680 miles to Tokyo and the great industrial cities with the object of destroying the Japanese war foundries. This would be accompanied by a carte blanche invitation to the United States to join the Russians in the blasting of the closely packed and highly inflammable Japanese industrial cities.

Both American and British quarters were silent officially on the trends of the conferences. Gen. Marshall and Hopkins are holding with British leaders, because of the danger of tipping off the Axis on 1942 strategy. But no one is making a secret of the urgency with which they regard the matter of immediate aid to Russia.

Argentina To Halt Communist Operations

BUENOS AIRES (AP)—The federal government Saturday night ordered 27 Argentines and 32 aliens to leave the country or submit to internment for alleged Communist operations.

Twenty-two of the 32 foreigners involved are already under arrest.

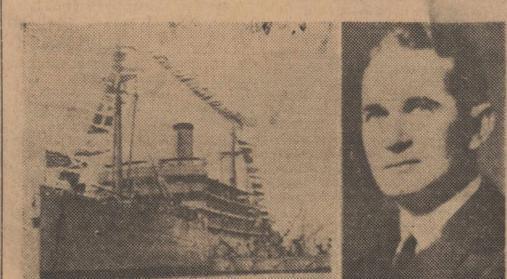

Model Plane Contest Sunday Open To Public; Prizes Will Be Offered For All Models, Types

A model airplane meet and contest will be held Sunday afternoon, one mile south of town on the Cloverdale road, and ribbons will be awarded the winners, it was announced by R. C. Ferguson. The contest will have three divisions, the first for Junior High, South Ward and North Ward school students; the second, for Senior High School students; and the third for any high school student who took honors or graded high in the second contest, and for adults, men of the city.

Eighty students had registered for the contest late Saturday, and several men have indicated that they will enter, and others are invited to feel free to come out and enter Sunday afternoon.

"Voice Of Freedom" Assures Tired, Blood-Stained Filipino-American Forces World Will Remember Them

By Dean Schedler
CORREGIDOR FORTRESS, April 9 (Delayed)—(AP)—Amid the swish and roar of bombs and shells, tired, blood-stained Filipino-American forces tonight heard the radio "voice of freedom" assuring them that they had done far more than could be humanly expected in the epic siege of Bataan.

Men and nurses who had fought to the last and then run a two-mile gauntlet of Japanese bombs and machinegun bullets and Manila Bay sharks to get from Bataan to Corregidor Island received the praise in varying fashion—some with tears, others with fixed stares, some without sign of emotion.

Stirring Word Salute
"This voice of freedom, which has been broadcasting encouragement to the defenders from some undisclosed place in the Philippines ever since the Japanese overran Luzon Island, delivered a stirring word salute even while the men of Corregidor still were fighting back at the invaders and wondering what had become of their thirty-odd thousand comrades trapped in Bataan.

"Bataan has fallen," said the voice of freedom. "The Filipino and American troops in this war-ravaged, blood-stained peninsula have laid down their arms."

"With their heads bloody but unbowed they have yielded to the superior force and numbers of the enemy."

"The world will long remember the epic struggle they put up x x x. They have stood up uncomplaining under the grueling fire of the enemy for more than three months x x x."

"The adversary in the pride of his power and triumphs will credit our troops with nothing less than the courage and fortitude his own troops have shown in battle x x x."

"Bataan has fallen—but the spirit that made it stand—a beacon to all liberty-loving peoples of the world—cannot fall."

Mrs. Hal Peck To Direct Ticket Sales For Legion

Mrs. Hal Peck has been named to direct the ticket sales for the dance and barbecue which the American Legion will hold Saturday and Sunday, April 18 and 19, when the local post entertains the more than 200 delegates to the district convention. The announcement was made Saturday by Dan Hudson, convention chairman.

Sixteenth District officials were here recently to meet with the local committee in planning for the meeting. W. B. Preston, post commander, has named Hudson as general chairman.

Committees named to handle the various phases of the meeting include: The finance group, with Homer Epley, J. F. Friberg, Q. M. Shelton and John Shipley as members; the registration committee, with Fred Wemple, George N. Barton, and James H. Goodman; entertainment committee, R. W. Hamilton, Otis A. Kelly, John W. House, and Lawrence Boynton; religious services committee, Rev. H. D. Bruce and Charles W. Kerr; and the food committee, Paul Barron, C. V. Lyman, Leonard Proctor, Hugh Corrigan, and Tom H. Grammar.

Cripps Fails In India, As Plan Refused

Congress Party Wanted Absolute Dictatorship, British Diplomat Says

By The Associated Press
NEW DELHI, India—The mission of Sir Stafford Cripps came to naught in an atmosphere of gloom Saturday with rejection by the Congress Party and the Moslem League of the British proposals for Indian dominion.

"With the enemy at the gates," Sir Stafford announced, his proposals had run afoul of a "state of criticism" and a "critical and unconstructive attitude." He said he was withdrawing the offers and returning to London.

Neither the Congress Party in which the country's 240,000,000 Hindus are dominant, nor the Moslem League, which widely represents the 77,000,000 Moslems, the two powerful parties which stand at the polls, found the proposals acceptable.

It was on the issue of formation of an interim government pending settlement of India's constitutional problems after the war that negotiations were wrecked. Involved were defense powers which such a government would wield.

Congress Party leaders insisted upon a National government functioning with full powers as a cabinet, and said the British plan bore too much resemblance to the present executive council of the viceroy.

Cripps said a nominated cabinet, as proposed by the Congress Party, would be responsible to "no one."

Humble Well Extends Shallow Clara Couch Pool, Crockett County

By Frank Gardner
Oil Editor
A one-half mile southeast extension of the Clara Couch pool in Crockett County was assured Saturday when Humble Oil & Refining Company No. 1 Mrs. Clara Couch topped pay line at 2,071 feet.

The well drilled ahead to 2,091 feet in line, then cemented 5 1/2-inch string of pipe at 2,067 feet with 60 sacks. Operators were drilling with wet hole, carrying some 1,300 feet of upper water, when the pay was struck. The well showed 150 feet of oil and some gas through the water, indicating reasonably strong pressure.

In the same pool, Humble No. 1-D Owens is drilling at 728 feet in shale, No. 1-E Owens at 1,190 feet in sand and No. 1-F Owens at 507 in shale.

Amerada Petroleum Corporation No. 2-A J. S. Todd estate, in the Todd Deep pool of Crockett, is drilling below 4,090 feet in shale.

Texas Oilmen Consider Petition To FDR For Pipe Lines To East

FORT WORTH (AP)—A petition is being circulated among East Texas and West Texas oil operators for presentation to President Roosevelt, requesting an executive order for the building of pipe lines to the East.

The petition cites "The major oil companies have failed to provide adequate transportation facilities for the war emergency, and apparently are unable and unwilling to solve the problem."

Contending the problem is not unsurmountable, the independent operators in the petition ask the president:

1. To order the major oil companies to construct pipe lines with a capacity of not less than 120,000 barrels of gasoline per day from a terminal in the East Texas field to the Eastern Seaboard.

2. To order the War Production Board to release the steel necessary to the construction of these lines.

3. To order the shut down of all drilling operations, except wildcat wells, in the entire Mid-Continent area to provide the steel and machinery necessary for the construction of these lines.

Clint Dunagan Is Named President Midland Jaycees

Midland Jaycees Friday night elected Clint Dunagan as president for the ensuing year, and named Taylor Cole and Frank Monroe as first and second vice presidents; Cecil Waldrop as treasurer, and Bill Collyns as secretary. Joe Mims and Ed Prichard were named directors.

Starting the evening with an old-time get-together, informal dance, buffet dinner, and playing games of various kinds, the Jaycees and their wives and other guests held their annual open-house program and frolic.

Scores of couples from among the younger business and professional families of the city were in attendance. Out-going and incoming officers cooperated in setting up committees to plan the organization's work for the incoming year.

Dunagan succeeds Delbert Downing as head of the live-wire group.

Latest available statistics credit the commercial airlines with about 340 transports.

Since the war began the Army has received at least 30 airliners from operating companies. On January 16, it announced that Transcontinental and Western Air had turned over its fleet of five strato-liners—ships equipped for operation at very high altitudes. A month later, the department said that 25 transports, urgently needed for military service, were being made available by commercial companies.

U. S. Submarine Sinks Two Ships

WASHINGTON (AP)—A lone United States submarine, cruising through enemy waters in the Western Pacific has sent a 7,000-ton merchant ship and a small vessel of the submarine chaser class to the bottom, the Navy reported Saturday.

In addition, the submarine scored hits on a 4,000-ton freighter, the Navy said, and possibly sank it on the same patrol.

Battle-Stained Heroes Valiantly Fighting, As Japs Landing On Cebu

Bataan Defense Has Cost Japan Heavily, Delayed Other Invasion Blows In Pacific War Theatre

By Richard McMurray
Associated Press War Editor.

The battle-stained men of Corregidor fought valiantly on Saturday night while the Japanese extended their invasion of the Philippines with costly landings on Cebu. In India the Allied defense problem was complicated enormously by the rejection of a British offer of dominion status.

The thunder of battle came even closer to India when the British defenders of next-door Burma withdrew to 58 miles north of Prome, and the Japanese advanced over the bodies of 2,000 of their dead against the Chinese armies deployed along the Sittang front.

Australia was quiet, and the sea and air action in the Bay of Bengal appeared to have died down after punishing blows to the British Navy and to the enemy's sky force.

U. S. Sub Scores
A United States submarine cruising the Western Pacific sank a 7,000-ton merchant ship and a submarine chaser and scored hits on a 4,000-ton freighter.

Bombers and artillery, based around Manila Bay and on Bataan Peninsula where the epic defense of four months ended Thursday, hurled shell after shell upon the two mile square fortress of Corregidor, and its nearby strongholds.

Despite the intensity of the bombardments, the damage was small and the casualties among the hungry and weary heroes were slight. Corregidor's big guns duelled with enemy shore batteries.

The Japanese insisted their warships had joined in the shelling, but this was unconfirmed as was a Japanese claim of the capture of six boatloads of United States troops fleeing Bataan.

Whether the U. S. and Filipino troops on the rocky peninsula had surrendered in exhaustion or whether some had escaped to harry the overwhelming number of Japanese in guerrilla warfare was not known.

Japs Land on Cebu
The landings at several points on Cebu, a narrow island well to the south of Luzon, were made by 12,000 enemy troops protected by dive-bombers and naval vessels. Defending troops inflicted frightful casualties and held the invaders in small pockets. The Japanese landed tanks to continue their drive in the mountainous island. The Japanese said they had captured burning Cebu, second city of the Philippines.

An unspecified number of dog-tired soldiers and nurses joined the 3,500 marines and sailors evacuated to Corregidor in hair-raising escapes from Bataan. Some swam through shark-infested waters.

The Japanese claimed their flag was planted on the southernmost

All West Texas Represented Among Winners At Monahans Cattle Show

Glass, Brooks, Brunson Of Midland Took High Awards Various Groups

MONAHANS (Sp)—Jack Reeves of Kermit showed the Grand Champion 4-H club calf of the third annual Pecos Valley Livestock Show here Friday. Bobby Ryle of Wickett exhibited the reserve champion, W. L. Stangel of Lubbock, head of the animal husbandry department of Texas Tech, judged the eighteen calves entered in the show.

Carroll Estes of Monahans had the grand champion lamb, a fine-wool Rambouillet, which won over a crossbred exhibited by Kenneth Stroede of Balmorhea. Seventeen lambs were shown.

Glass Winner
Carrelina A 3rd, a Hereford cow exhibited by George Glass of Midland, was adjudged grand champion of its class when she won over Betty Lady, bred by G. P. Mitchell of Kermit, L. L. (N) O'Brien of Wickett showed the grand champion Hereford bull, S. W. Carlos 33rd, and Glass had the reserve

champion in the bull class. A Jersey bull exhibited by R. O. Brooks of Midland took grand champion honors over a bull shown by Fern Tatom of Monahans. Tatom's bull was reserve champion.

Volunteer's Black Beauty, a Jersey cow which won the division last year, won over a female shown by L. A. Brunson of Midland. Arthur R. Elkins of Monahans exhibited the winner.

About 250 head of stock was shown in the three-day exposition and large crowds attended the judging and auction sales. Hugh Campbell of Ballinger judged the horse show Saturday morning, and M. G. "Mac" McConal of Kermit served as auctioneer at the calf, lamb and Hereford bull sales Saturday afternoon.

Rumor: John L. Lewis May Bolt The C. I. O.

The Crisis Looms

The rains have begun to fall in Russia. Where General Winter has been a stout ally of the Soviet Union, now General Mud is taking command on the fighting front. By some this is hailed as good news. Well clothed, properly fed, adequately equipped, hardy men can march and fight even in the bitter cold of winter Russia. But even a native duck has to watch his step in the spring mud over there. Beyond dispute, the mechanization which has been Hitler's most potent weapon has met its match in Nature.

But unfortunately, mud has no national allegiance and knows no friends. If the Nazis can not move their tanks and trucks through the mire, no more can the Reds. And therefore the successes which the Russians have been achieving during the winter must bog down into a series of local actions which, whoever wins, can have no more than a sentimental military value. Meanwhile, relieved of the pressure of Stalin's annoying offensive, Berlin can prepare for the great drive upon which the fate of the world may depend.

Hitler understands as well as we do that time fights for the United Nations. He realizes that our economic resources are too great for the Axis to withstand, once they have been brought fully into play. He is aware that, up to now, we have been delayed by a slow start, by poor planning, by failure to realize the situation's gravity, by group selfishness, by politics, by the growing pains inevitable in such a tremendous industrial expansion as we are undergoing. He knows that we are having trouble in delivering to the fighting fronts even some of the material already manufactured.

He knows, also, that these handicaps are only temporary—that, if we can squeeze out enough time, we are unbeatable in an economic war.

Realists, on the inside of the situation, have no doubt that from the moment Russian mud dries out sufficiently to bear the weight of wheels, the Nazis will stake everything upon desperate attack designed to destroy the U.S.S.R. before we can become a real factor in the shooting war. Starting from a front far to the east of the 1941 boundary, and undelayed by any such upset as the Serbs precipitated a year ago, the Germans will have a full summer season in which to push whatever successes they may achieve.

There is the possibility of some very, very bad news from Europe. Those wishful thinkers who have visualized Russian capture of Berlin may be due for a shock. Mercurial temperaments may go down into the depths of despair.

The stable and the far-sighted, however, will continue singing the song they began long before Pearl Harbor. This is going to be a long, hard war. We may take a terrible mauling before we can so much as begin to dish it out. The tide will not turn until the vast weight of our industrial power has begun to move with a speed and momentum that still is little more than a dream.

But if we hold out under such a beating, week after week and month after month, until we really get going—perhaps a year from now—we can and will beat Hitler.

The need in the coming months is going to be for a type of courage which our people have not needed so badly since the days of Valley Forge—the fortitude to get up from one knockdown after another when we are so battered we can hardly see whence the blows are coming, and to go back to the fight. Given that, we have what it takes to win.

And Go In Slugging

American sailors, unlike their commissioned officers, have long known how to take care of themselves in a street brawl in which no holds are barred.

American midshipmen at last are learning to kick, claw and give 'em the knee. And they are learning with the blessing of Secretary Knox, who has called for a Navy "that can fight dirty if it must."

At Annapolis courses in navigation are being coupled with classes in the fine art of street brawling.

This is not the American tradition. Neither, unfortunately, are the tactics of the foes whom the Navy must meet.

America will not mourn the loss of a tradition if losing it helps win the war. Traditionally Americans would rather fight fair but if need be they can adopt the tactics of a foe who has tossed all the rules out the window in a desperate effort to win at any price.

Russia Strikes Hard At German Forces As RAF Bombs Industries

Russia struck hard and repeatedly against gathering German forces reaching for the initiative, and the British continued their powerful blows at the Nazi industrial front Saturday.

Soviet airmen were credited with destroying 300 German planes in three days and Stockholm dispatches said the Reds had inflicted a heavy defeat on a German tank division in the Crimea.

The RAF dropped "some thousands of bombs" on Germany in four raids during the week in their mounting offensive against the industrial sections which cloak Hitler's armies in machines of deadly steel.

Attack Krupp Works
The bombing fleet, joined by four-motored Stirlings which carry eight tons of explosives, concentrated on the great Krupp works at Essen and the German-occupied French harbor of Le Havre.

As spring melted the snows of Russia, fighting from Finland to the Black Sea increased in intensity and the Russians continued the grim business of killing Germans and disrupting their offensive springboards. In the Bryansk area alone, 3,000 fresh German corpses lay on the field of battle.

Hitler's headquarters claimed 12 more ships had been sunk off the United States shores. The U. S. Navy Department said two medium-sized freighters had gone down. The Navy also said the submarine Perch was overdue and presumed lost in the Western Pacific. It was the fourth United States submarine and the twenty-ninth naval vessel lost since Pearl Harbor.

The African front was relatively quiet with only advance patrols and aircraft active.

Germans Have More Trouble
Fresh reports of unrest and attacks on German overlords in the unhappy, conquered lands of Europe came from many quarters. Greek guerrillas, fighting in the mountains, took German troops hostages and killed the governor of a Nazi-held port after wrecking a military train in which 1,000 Nazis were killed or wounded.

Four Poles were sentenced to death for attacking German military transports, and additional residents of the tiny Duchy of Luxembourg were jailed for anti-German activity. The Archbishop of Vilna, Lithuania, was arrested by the Nazis and the primate of the Baltic country was wounded in what the Germans said was "an accident."

"Induced Savings" Plan Is Advocated

WASHINGTON (AP)—A program of "induced savings" to help ward off inflation and finance the war was advocated Saturday by Chairman George (D-Ga.) of the Senate finance committee.

George and other Senators also urge overall control of prices and wages, replacing the present selective service control system, as part of the general anti-inflation campaign which President Roosevelt said was being mapped.

"If we were brutally realistic we would know that some system of compulsory savings is not far off," George said in an interview. "Before we get to that I favor trying a voluntary system of induced savings, as part of the pending new tax bill."

He explained that by "induced savings" he had in mind a system whereby a taxpayer would be allowed certain deductions from net taxable income for income invested in government bonds, or war securities.

George also said he felt that a "withholding tax is inevitable now or later" and suggested this might be started at 5 per cent of "all wages, salaries, dividends, and interest payable at the source."

Loan System To Aid Oil Men Is Connally's Plan

WASHINGTON (AP)—A plan to establish a federal loan system to encourage production and exploration by independent oil producers was advanced Saturday by Senator Connally (D-Tex.).

The Texan, chairman of the Senate foreign committee, added in a statement that he believed Secretary Ickes, the petroleum coordinator, would favor the program.

"Under present circumstances it is next to impossible for independent oil producers to finance their operations out of their incomes from production because of its radically reduced output brought about by lack of adequate transportation facilities," he said.

He pointed out that a shortage of tanker service and a congestion of railroad transportation had resulted in a slowdown of production, particularly in Texas, adding:

"Under the rulings of the railroad commission, wells have been prorated down to very low levels. It is becoming increasingly difficult for independent producers with limited financial resources to continue development and exploration."

He proposed that the agency to extend the loans be set under the petroleum coordinator. He said legislation probably would be required.

African Natives And Camels Aid Air Force

WASHINGTON (AP)—An Army flier of the air force ferry command reported Saturday that thousands of "half-naked African natives" and heavily-laden camels are playing a vital part in keeping American long-range bombers moving to distant fighting fronts.

Major Geoffrey Bonnell said the natives and camels had made it possible to convert a string of small British air fields into route across jungle and desert, which the big bombers could use in shutting to the Middle East and Southwest Pacific.

"Four months with the ferry command in Africa and the Middle East shows you much of this war has to be won on the ground before it can be won in the air," Bonnell said.

"The ground is being won," he continued. "Airdromes are being up, supplies are coming in, and communications are much improved since we set up the first ferry command base in the Middle East last winter."

Red Cross Notes

To say that the Midland Red Cross Chapter is doing its quota in the work for the Army and the Navy and the Foreign Relief Service is an evident fact according to the women who file into the work room each day of the week. But more helpers are needed to sew and knit is a necessity, declares the chairman of production and chairman of the sewing room. Women are asked either to come material which will be used in making muslin pajamas for hospital use in outpost defense areas.

Knitters are needed to finish knitting the wool that is now on hand and aid in getting the garments to the much needed destination. The idea that only 125 pounds of wool will be allotted to the Midland chapter from July 1942 to June 1943 for the Army and Navy must not be confused with the urgent need of finishing that which has already been allotted to the group.

The American Red Cross sends out a message to all chapters which will be of special interest to all women of Midland. According to the production chairman, "any donation of new garments from other organizations such as the Good Housekeeping clubs will be accepted with thanks and included in our shipments to the warehouse. Even though the garments are of a lighter weight than those we generally are making or are of different styles and patterns, they can be used to excellent advantage. Several hundred thousand light weight garments were sent to the Near East, Hawaii, and the Philippines last year.

The chairman of knitting lists the following rules in order that mistakes will not be made by women who are willingly doing their bit. All garments will be carefully inspected and if they do not come up to the standard of good workmanship worthy of the American Red Cross label, the maker will be asked to correct the errors. In this way mistakes will not be repeated. The time taken in restitching a seam or in loosening the neck of a tightly knit sweater is well spent.

Red Cross Work Does Not End With Knitting and Sewing as is Seen from the progress made in Midland First-Aid classes. Carl A. Kreth, of St. Louis is here directing an instructor class and by the last of next week there will be twenty instructors in First-Aid who are prepared to begin classes. These classes will have as their quota 35 members in each. A. L. Gilbreth, chairman of First-Aid who gives the above information, also adds that all people who are taking the course in Civilian Defense will be required to take 10 hours in First-Aid and may take as many as 20 hours if they wish and the number of instructors that Midland will require after this week easily can be met.

LONDON (AP)—The failure of the Cripps mission faces the United Nations with a jig-saw pattern unprecedented in military history, but the Allied high leadership on land and sea doggedly is improving a defense against the Japanese who already are menacing the shores of Bengal Bay and beating through Burma.

Indian and British leaders are agreed that Japanese aggression must be stopped—somehow.

One report from New Delhi said Pandit Jawaharlal Nehru, of All-India Congress party, was preparing a personal campaign to arouse India to give her best efforts against the Japanese, and Indian leaders generally were expected to join the British administration in recruiting and urging the last ounce of effort on war production.

A responsible London source expressed confidence in the Indian defense, declaring "if there is any invasion of Indian soil I believe the Indian Army will drive it out."

"The Indian Army has something like a million men—perhaps more by now—and most are armed and fully equipped with materials manufactured in India or brought from the Middle East.

Approximately 221,000 acres of unimproved lands are included in the purchases.

Bascom Giles, state land commissioner and the board also agreed on the subsequent transfer of approximately another 240,000 acres for a consideration of about \$290,000 when titles are perfected. This will increase to more than \$580,000, the amount which will go to school funds from the \$1,500,000 appropriated by the state legislature for the acquisition of more than 788,000 acres for the Big Bend National Park.

STATE SCHOOL FUNDS ARE ENRICHED BY \$287,447

BRACKENRIDGE (AP)—State school funds for the education of Texas children were enriched \$287,447.61 by land purchases made for the Big Bend National Park by the Texas State Parks board at a meeting Saturday.

Wink Takes District Track and Field Crown

Wildcats Score Handily To Win Top; Odessa, Seminole, Midland Follow

By Cleddie Shelburne
Wink High School scored 38 1/2 points to take the District Interscholastic track and field meet held in Midland Saturday, its fourth district crown in five years. Odessa was in second place, Seminole third, and Midland—defending champion—fourth. The second, third, and fourth place teams had 23, 22, and 21 points respectively.

James Rogers of Wink was high point man of the meet with 14 3/4 points. Rogers took first place in high jump; second places in broad jump and discus throw and tied for second place in pole vault. He ran a heat on the first place Wink 440-yard relay team.

James Holcomb of Rankin was second high point man of the meet with 12 points—all the points Rankin scored in track and field meet. Holcomb took first place in high and low hurdles and third place in running broad jump.

Midland Boys Win Firsts

Jack Simpson of Midland took first place in the discus throw and second place in shotput event for high individual scoring on the Midland team. Jack Dyson took first place in the 880-yard dash for second high point honors of the Bulldog team, and Charlie Kelly took third honors with a second in the 880-yard dash, and a heat on the 440-yard and one-mile relays. Robert Wheeler was the only other Midland boy to place, taking third in the shot-put, and running a heat on the one-mile relay team. Marshall Whitnair was on the two relay teams, and John Guy McMillian was on the 440-yard relay team. Burvin Hines was entered in dash events, Bill Chancellor was in the pole vault, and Billy Richards was in hurdles and pole vault. H. G. Bedford was an entry in dash events, and the 440-yard relay.

Besides the first four teams Stanton and Rankin tied for fifth place in the track meet with 12 points each. Kermit was seventh with 9 points, Courtney had 7 1/2 points, Andrews had 5 points, and McCamey had 2 points.

CUBS WIN

CHICAGO (AP)—Capitalizing on a passed ball and walk with the bases loaded in the seventh inning, the Cubs evened the spring city series with the White Sox in the first game played locally Saturday. The score was 3 to 1 and deadlocked the series, at five apiece.

CARDINALS BEAT BROWNS

ST. LOUIS (AP)—The St. Louis Cardinals defeated the American League Browns Saturday, 7 to 2, in the opener of their annual two-game city series.

Baseball Season Opens; Texas League Sunday, Majors Tuesday

Both Majors To Show Wares; War Takes Toll Of Many Game's Stars

By Judson Bailey
NEW YORK (AP)—Sounding a familiar American note above the din of world-wide war, baseball's two major leagues will swing into action Tuesday in a new pennant serial they hope will be as enthralling as any of their previous peacetime adventures.

Both the fans and the players of the 16 clubs have had six or eight weeks of buildup for the opening of the season and the getaway is expected to be made with customary fanfare.

The opening day program with probable pitchers, their last year's records in parentheses, calls for:

American League
New York at Washington—Bonham (9-6) or Chandler (10-4) vs. Hudson (13-14).

Philadelphia at Boston—Marchildon (10-15) vs. Newsome (19-10) or Dobson (12-5).

Cleveland at Detroit—Bagby (9-15) vs. Benton (15-6).
St. Louis at Chicago—Auker (14-15) or Muncie (13-9) vs. Rigney (13-13).

National League
Brooklyn at New York—Davis (13-7) vs. Hubbell (19) or McGee (2-10).

Boston at Philadelphia—Tobin (12-12) or Javery (10-11) vs. Blanton (6-13) or Johnson (5-12).

Pittsburgh at Cincinnati—Butcher (17-12) vs. Walters (19-15).
Chicago at St. Louis—Passeau (14-14) vs. Cooper (16-6).

There will be plenty of evidences of the war. Familiar players like Hank Greenberg, Bob Feller, Hugh Mulcahy and Cecil Travis are among the 60 who entered the Army and Navy.

PIRATES WIN ANOTHER

WICHITA, Kas. (AP)—Outitting the Philadelphia Athletics 11 to 7, the Pittsburgh Pirates scored a 3-0 shutout in their next-to-last exhibition game Saturday. The victory gave them a 6-3 edge over the A's.

PHILS BEAT SENATORS

WASHINGTON (AP)—The Washington Senators returned to their home grounds Saturday and absorbed an 8-0 beating from the Phils.

BABE RUTH RECOVERATES

HOLLYWOOD (AP)—A restless Babe Ruth, recuperating from a pneumonia attack, fiddled with the bedside radio Saturday trying—and finally succeeding—in tuning in a baseball game.

SPORTS-- BOMBER

A sports tale of two cities is: Midland and Odessa are waiting to see what softball plans will develop at Midland Army Flying School, before setting up their summer leagues.

Moguls in both cities outright state they want soldier teams included if that does not interfere with leagues at the field.

MAFS men bowled with the best of them at the recent West Texas-New Mexico tournament and came out near the top. Tech Sarge Dykes won Class B singles and was fourth in all-events. Sergeant Babian and Sergeant Matylinski won second in Class B doubles. As a team, Babian, Dykes, and Corporal Milewski, Staff Sergeant Tadlock, and Corporal Seybold, won sixth place among Class B teams. First Sergeant Matylinski was team alternate. These placings considering competition as strong as the WT-NM produces marks the soldier keepers among the topnotchers. The 491st Squadron has a super bowling team. It is composed of Babian, Dewey P. Linsey, Kalich, Sgt. James A. Collins, Cpl. Eddie T. Milewski and Pvt. George A. Marcy.

Boosting for the bands, a reader writes in about last week's column and its twirler idea, saying: "It takes less than a year to train a talented person to twirl. A musician's training is not complete in a lifetime." . . . The writer doesn't want the bands eclipsed by twirlers. . . . A P. S. read: "Twirlers are gold bricks to bands except for parades" . . . That's one opinion. What's yours? . . . Another opinion is twirlers are the shots in the arm to bands. . . . Mac Webb, president of the Midland softball league last season and now of Odessa, who is a civilian employee at the air school, is one ardent fan for softball which will include the soldiers in leagues in both towns. . . . But Mac, who did a good job as twirler, does not want an executive post this season. He wants to PLAY. . . . Don't tell Cook Vindish of the MAFS kitchens you don't like his pies. . . . He was a former boxing champion. . . . (And his pies are good) . . . It's baseball Tuesday with the Medicos taking on Quartermasters, proving anything could happen when the arm-shooters and party pitter outers are going. . . . New equipment for cadet physical education has arrived and Spruce Keen and George Winters have their program going along . . .

Table Tennis Champ Is On Duty At MAFS; Suggests Tournament

The after supper Joe's don't bounce in the reception rooms at Midland Army Flying School, telling they can beat anybody in the house in table tennis.

Private Elliott K. Friedemann might be around the place. And if he was. Oh, Sadie! The popping off ceases!

Because Friedemann, twenty-eighth ranking player in the United States and holder of a half-dozen or more state titles, can make that ping-pong pellet walk and talk.

Sweet Swatter Friedemann is out to bat the Japs now. If he were still a civilian he probably would be playing in the National Open Tennis Tourney at Detroit.

The soldier pingster won't be there, but he hopped a plane last weekend down to San Antonio and knocked off the Lone Star ace in the Texas Open, advancing to the finals in singles and doubles. Then had to leave to return to MAFS and thus forfeited.

He predicts Pagliaro, top-ranking table artist, will win the National. Pagliaro beat out Friedemann in last year's tourney in Hotel New Yorker.

Friedemann's forehand drive is his Sunday shot and it won't quit. A champion ping-pong player must have to perfection ability in forehand, backhand, side spin, top spin, chop, and counter drive shots, he said.

Friedemann stands one yard from the table and whacks away. He is exponent of the Long Star ace. It is a matter of preference between the two and three-finger grips, he says.

Champ Friedemann takes on all comers. He had not lost a match since coming to Texas. He usually allows opponents about nine points.

First Sergeant Cecil Meadows of MAFS provided the toughest competition so far. Miles Stanley, Midland schoolboy, is a pretty salty player, also, said Friedemann, who would like to play anybody in Midland or Odessa.

Tulsa, Shreveport In Top Selections With Pre-Season Pickers

By Harold V. Ratliff

DALLAS (AP)—The boisterous old Texas League, proving ground for some of the greatest of baseball's roll of honor, opens its fifty-fourth season Sunday moping to do what it never has done before—weather a war year.

And as the eight clubs of this hotbed of the minors rolled to the post, critics said they would finish the regular season in about this order:

1. Tulsa.
2. Shreveport.
3. Houston.
4. Fort Worth.
5. Dallas.
6. Beaumont.
7. Oklahoma City.
8. San Antonio.

A poll of sports writers, with twelve sending in selections, showed Tulsa with five first-place votes and Shreveport three.

Believe Tulsa Stronger
Tulsa a rebuilt machine with some fancy material from the Pacific Coast, was figured to be even stronger than last year when the Oilers were considered by many as the best of the lot despite the fact that the Oklahomans lost in the Shaughnessy play-off.

The league is due for a marked upturn in attendance, in the opinion of officials. They think it will be manifested even on opening day when an estimated 21,500 are expected to jam into the parks at Dallas, Fort Worth, San Antonio and Beaumont.

A post table tennis club. This brings up a good idea of a sponsored exhibition and tournament in Midland.

"Table tennis is popular in Army and service camps," Friedemann said. "It is a sport for everybody and facilities for it are easily provided."

He won the championship of Fort Mommouth and Ralolph Field since joined the Air Corps. He helped organize a team at Monmouth that blasted Fort Hancock.

Texans are not polished table tennis stars, according to Friedemann, "but the game is developing down here, and I'll tell you one thing: women players in Texas are among the best of the nation."

This skill of Texas women probably comes from their competition with men. Up north, he says, the women play among themselves and mixed competition is not as popular as down here.

Texans have come up with a neat ping-pong shot the champion discovered. It is a backhand flick shot and a honey of a lick. Hottest state competition and ability is around Houston.

As the nation plays, Friedemann finds the best players in New York. The Middle West is pretty good especially around St. Louis, and Chicago is a tough circuit.

The game originated in Hungary. Its peoples are the tops in playing it.

Jack Simpson Is Winner Of Boys' Tennis Singles

Jack Simpson of Midland High, the tennis player with the master's form, won high school boys' singles, McCamey High won boys doubles, Marie Holmand of Andrews High won girls' singles, and Andrews High won girls' doubles in the District Interscholastic League tennis meet held in Midland Friday.

Simpson Defeats McCamey Boy

Jack Simpson defeated a game and worthy opponent from McCamey High in the finals of the boys' singles competition. Simpson took the first match by a 6-2 count, but the McCamey lad came back strong to take the second match 6-3. After a hot battle of close sets, Simpson won the third and deciding match by a 6-2 count.

Boys' Doubles

In the preliminary matches of boys' doubles, Odessa defeated Kermit, Seagraves beat Crane, Midland eliminated Andrews, McCamey beat Flower Grove, Odessa stopped Seagraves, McCamey beat Midland, and McCamey defeated Odessa in the finals to win the championship. Author Flemming and Charlie Young are boys' doubles champions.

Girls' Singles

In the girls' singles division, Wink beat Courtney, Andrews beat Wink, Rankin defeated Crane, Rankin beat Midland, and Andrews defeated Rankin in the finals. Miss Marie Holmand is the girls' singles champion.

Girls' doubles competition saw Kermit defeat Courtney, Midland beat Crane, Rankin stop Seagraves, Midland defeat Kermit, Andrews top Rankin, and Andrews defeated Midland in the finals.

All tennis champions will go to the regional meet to be held later this month.

Odessa Girls Win Volleyball Crown

Odessa High School's girls volleyball team won the district Interscholastic League championship at the tournament held in Midland Friday. Courtney High was Odessa's finals opponent.

In the preliminary games, Courtney beat Andrews, Rankin lost to Odessa, Courtney won over Kermit, and Odessa eliminated Seminole.

Texas Trackmen Beat Rice By One Point

AUSTIN (AP)—University of Texas trackmen nosed out Rice Institute by the paper-thin margin of one point Saturday to win a triangular track and field meet in which Louisiana State University came out a poor third.

The Steers collected 72 points to the Owls' 71 while L. S. U. won 27. Bill Cummins, sensational Rice jumper and hurdler, accounted for 22 3/4 points and was high individual scorer.

Hogan Slices Five Strokes Off Nelson's Advantage At Augusta

AUGUSTA, Ga. (AP)—The tireless machine of golf—William Ben Hogan of Hershey, Pa.—all but broke up the Augusta Masters' tournament Saturday and set its galleries buzzing like a barn-full of aggravated bees.

Tall Byron Nelson still was leading at the three quarter mark with 207 to Hogan's 210—but bettors who held wagers on the Toledo stylist were far more worried about his chances than they were Friday when he led Sam Byrd, the one-time baseballer, by only a single stroke.

While Nelson shot a methodical 35-37-72 Saturday and Byrd took 36-38-75, the Hershey prairie fire sliced five strokes off Nelson's advantage with a flat 34 on the front nine and a paralyzing 33 on the home stretch for 67 best round of the day.

BOMB-BLASTS From MAFS

Everybody please give me their full attention please! A Twi-light Warm-Up League has been organized and every squadron is expected to really put out for dear old Alma Mater. Now that each outfit has four bats and four well hidden slush softballs, there can be plenty of practice going on behind the dark rooms. This first warm-up league was organized to give the squadrons plenty of time to get their ball teams in good operating condition. There are going to be plenty of big games later on.

Corporal Happy Jack of Alabama has arrived at the 490th to add voice to the men in the orderly room. Their First Sgt. gone, Happy has been shufflin' into everybody's business and carryin on in general. He's got long droopy ears, silky brown hair, and a pair of pleading eyes that people just can't say no to. Besides raisin' a ruckus at night he never salutes the officers and refuses all attempts to put a curfew on his prowlin'. However a feller just can't help but get a kick out of the antics of a swell little Cocker Spaniel like Happy Jack.

And In Walked Sgt. Blake
First Sgt. L. G. Blake of the 490th dropped over to the P. X. about 4 o'clock yesterday evening and found most of his outfit guzzlin' brew. When he confronted his men the next day with their beer drinking on working time, somebody pops up with, "What were you doin' there yourself, Sarge?" We understand you were there to borrow a toothpick.

Lt. R. H. McDill was promoted to the rank of First Lieutenant at the cheers of his whole outfit. Altogether now 490th—for he's a jolly good fellow, that nobody can deny.

Bowling News
In the West Texas-New Mexico Tournament Sgt. Dykes won Class B singles with 637 pins. He hails from the 83rd Air Base.

Maty Linski and Babain teamed together and were in second place with a total of 1107. Maty Linski is with the 852nd Ordnance, Babain is with the 491st School Squadron.

Midland Army Flying School American League scores—Thursday. The following boys from Midland Army Flying School had some neat scores. McBride, 200, 167, 187 and 555 total. Sgt. Knoke 175, 221, 158, and 554. Sgt. Dykes, 172, 203, 209, and 584.

The Officer's League standing:
W L
Gold 20 10
Red 12 13
Blue 13 20

The high average men were: J. W. McCaslin (2nd Lt. A. C. 490 Sch. Sqdn.) with a 175 average and J. R. Callihan (1st Lt. 493rd Sch. Sqdn.) with a 174 average.

tip of Bataan. The enemy also reported the attempted surrender of the Bataan forces, but his story lacked details as to numbers and time.

Not In Vain
Bataan's defense had not been in vain. Manila Bay—finest harbor in the Western Pacific—still was denied to the Japanese fleet by Corregidor. One battleship and six other large vessels had been sunk and more than 200 planes, many of them large bombers, had been shot from the air. Unsuspected thousands of Japanese material had been destroyed or used up.

Australia apparently had been by-passed, but United States and Australian bombers roared again to the attack on the Japanese base on Dutch Timor. Hangars, other buildings and runways were blasted at Koepang, 350 miles off Darwin.

Army Minister Francis M. Forde called upon the Australians for an all-out war effort. The release of 200,000 Japanese veterans from Bataan meant that a full-fledged invasion might be turned against the sparsely settled continent.

Good News
Here's some extra special news for \$21 a month men. Plamor Bowling Palace in Midland offers fifteen cent bowling for soldiers in uniform, Monday through Friday from 10 a. m. to 5 p. m. Look for notices on your bulletin board for news about leagues.

The schematic construction of our army calls for an order starting in the higher ranks to go down to the non-com in immediate command for execution. Doing his job calls for him to issue further orders of his own. They should be obeyed as implicitly and with the same alertness as if they had come from commissioned officers. It has been long known that the well trained non-com is the rock basis on which our army is formed. It is he who ultimately executes the given command and accordingly the manner in which he does it will reflect back to his superiors. In our Democracy his highest superiors are the popular vote of "We the People."

In wartime his job becomes ever more acute. For now there can be no time to review his work, but it must be accepted as it is performed. Soldiers, he is one of you and knows intimately your abilities and feelings. He is well suited to carry out orders in his own small group. Respect him for his willingness to work, his ability, and loyalty, and effort. If he weren't all these things he would not have earned those stripes that label him, "EXCELLENT SOLDIER."

Rifles Taken Up, Guardsmen Arm With Shotguns

WASHINGTON (AP)—State Guardsmen and Army Military Police battalions will be armed with shotguns, the War Department reported Saturday in announcing it was repossessing from civilians more than 44,000 rifles to be turned over to troops of the United Nations.

At the same time, an appeal was made to sportsmen who own a 1903 model Springfield or 1917 Enfield to turn it over to the Army if in condition for military use.

The War Department said 44,148 of these weapons were sold to members of the National Rifle Association to foster civilian marksmanship in peace time. These will be repossessed along with a few weapons sold to members of independent rifle clubs.

Springfield and Enfield rifles issued to the State Guard and to Army Military Police battalions will be recalled. Shot guns will "fully meet their arms requirements," the War Department said.

Cripps--

but itself, could not be removed and would in fact constitute an absolute dictatorship" by the Hindu majority.

Would Postpone Issue
Maulana Abul Kalam Azad, president of the Congress Party, in a letter to Cripps explained that "we are agreeable to postponing the entire issue so that the largest possible measure of unity might be achieved in the present crisis for India's defense."

But Sir Stafford, possibly hinting at Hindu fear of accepting responsibility in this crisis, said the Congress Party's refusal of a compromise proposal on direction of defense meant that Azad believed he could not rally the Indian people.

Turning to the threat to India, Cripps said Britain would do her utmost to defend the country, that "America is doing all she can," and "now India must devote herself wholeheartedly with special effort in every field of activity in defending her soil and protecting her women and children from those ghastly horrors that have befallen her Chinese friends and neighbors."

"We may differ as to methods by which freedom can best be reached, but upon one thing surely all must be agreed that it can not be reached by conquest of India by a power such as Japan," he added.

British Proposal
The British proposals were for post-war dominion status with right of withdrawal from the British Empire, the right of Moslem states to abstain from the Indian union and even form a union of their own, and the right of representation for the Indian princes in the constitution-making body. Defense at present was to be directed by the British.

Although Cripps said the proposals he brought had been withdrawn, the British government's long-standing offer of dominion status after the war still stood.

Voice Of--

stretch of water toward Bataan, the men of Corregidor heard great explosions throughout the night and saw huge pluffs of smoke and flame indicating that the last of the defending forces were blowing up their own munition dumps, carrying out the scorched earth formula to cheat the enemy of military spoils.

We on Corregidor can only imagine the variety of hell these last men are going through. Bataan has been pounded incessantly by planes. The exhausted Filipinos and Americans can only fight with what they have and take what the Japs are giving.

All night long I saw small boats creeping across the channel with the few soldiers and civilians able to make the perilous dash for the comparative safety of Corregidor.

Interested in Sleep
Japanese planes bombed and machine-gunned their course actively, but that was nothing new to them. The main thing they were interested in was sleep.
Action has been so fast and parts of the situation so veiled in confusion that it is difficult to envision a full picture of what has happened in these last hours.

One striking phase of it can be reported. Yesterday Japanese planes unloaded a stick of bombs on the defenders' base hospital on Bataan. Granting Tokyo the benefit of the doubt, Lieutenant General Jonathan M. Wainwright expressed the belief that the attack on the hospital was unintentional, since the area was well marked.

Bombs tore into some of the exposed wards, among wounded men and nearly exhausted nurses.
Throughout this ordeal Dr. Erwin R. Nelson of the Hospital Corps operated without a letup.

L. Foster, Sterling County Ordovician test, had reached 7,117 feet. Character of the formation was not revealed.

In Southeastern Reagan County's Barnhart Ordovician pool, Amerada No. 1-A RC University, prospective one-mile west extension, is idle after cementing 5 1/2-inch pipe at 8,974 feet with 300 sacks. Total depth is 9,178 feet in Ellenburger, lower Ordovician, dolomite. The well logged a trace of porosity from 8,975-95 feet and better porosity, with slight staining of oil, from 9,047 to 9,108 feet. The same firm's No. 1-RE University is drilling at 7,865 feet in shale and lime shells and the No. 1-RF University at 4,521 feet in the same material.

Midland County Wildcat
Thirteen miles south of Midland, Broderick & Calvert, Inc., and George P. Livermore, Inc., No. 1 Billy Bryant late Saturday was drilling at 4,905 feet in calcareous sand. Some geologists believe the well now is in the San Angelo member of the Permian. Its pay objective is the Clear Fork or Wichita, found deeper in the Permian section.

Thirteen miles west of the Fullerton pool of Northwestern Andrews County, Magnolia Petroleum Company No. 1-11-37 B. B. Ralph estate recovered 80 feet of drilling mud only during a one-hour period. Test was from 7,000-90 feet, with a 3/4-inch bottom-hole choke on testing tool. The well last was reported preparing to run another drillstem test, from 7,090 to 7,200 feet.

Fullerton Oil Company No. 2 H. M. Wilson is drilling lime at 7,055 feet and No. 3 Wilson lime at 6,390 feet.

Thirteen miles west of the Fullerton pool, Humble No. 1 H. O. Sims et al, scheduled 7,500-foot test, is running 3 3/8-inch surface pipe, bottomed at 340 feet in red beds.

Powell Cores Simpson
A mile north of the Apo-Warner Ellenburger pool in Northern Pecos, Anderson-Prichard Oil Corporation and Magnolia No. 1 Mrs. E. C. Powell recovered 13 feet of Simpson, middle Ordovician, lime and shale by coring from 4,816-29 feet. It is drilling ahead, still in the Simpson, at 4,837 feet.

Greenhouse And Flower Cooking To Be Discussed By Midland Women At Garden Short Course This Week At Texas Tech

Two Midland women, Mrs. Frank Aldrich and Mrs. W. E. Ryan, will have part on the program of the two-day garden short course to be sponsored by the department of plant industry of Texas Technological College, Tuesday and Wednesday of this week, at Lubbock.

Mrs. Aldrich will speak on Wednesday morning, discussing "Lath Houses and Small Greenhouses."

Mrs. Ryan will speak Wednesday afternoon on "Flower Cooking". Though it may seem incredible to most people, delicious dishes may be made with flowers. Mrs. Ryan has used canna bulb soup with callendula petals, nasturtium salad which has a spicy, pleasing flavor, various dishes from roses, and even grass biscuits! In the latter, chopped grass is added to the batter and sprinkled on top of the biscuits or rolls.

Addresses by various specialists and instructors during the two days will include such subjects as "New Plants for West Texas", "Day-Lilies", "Dahlias", and "Hormones and Vitamins".

Miss Mabel Erwin, head of the department of clothing and students of Texas Technological College, will direct a garden clothes style show on Wednesday afternoon and on Tuesday evening a banquet will be held.

Several Midland women are planning to attend. Besides Mrs. Ryan and Mrs. Aldrich, these include Mrs. Geo. Abell, Mrs. L. C. Link, Mrs. W. H. Gilmore, Mrs. Frank Stubbeman, and possibly others.

Sergeant Nelson And Miss Parks To Wed April 23

Invitations to the wedding of Staff Sergeant Gordon B. Bruce Nelson of Midland Army Flying School to Miss Josephine Parks of San Antonio, at the Main Avenue Baptist Church of San Antonio, on April 23, have been issued. A reception at 310 Woodlawn Drive East will follow the ceremony.

Miss Parks is the daughter of Mrs. Will Parks of Denton. She graduated from the Denton Senior High School in 1933 and in 1937 from Texas State College for Women at Denton, where she majored in English and business administration. She was a member of the Alpha Lambda Delta, national sorority, and during her college course was secretary to Dr. McQueen Weir, director of Bible. Following her graduation, she was secretary to Murry H. Fly, superintendent of Odessa schools. At present she is secretary to the Rev. R. E. White, pastor of the Main Avenue Baptist Church of San Antonio.

Staff Sergeant Nelson, grandson of Frank L. Hills, of Sioux City, Iowa, is a graduate of Central High School of that city and a former student of Morningside College and Conservatoire of Sioux City, where he majored in piano, organ, and journalism. He was a member of the Alpha Tau Delta social fraternity and the French and Journalism Clubs.

After joining the Army at Fort Bliss, Texas, in 1932, he became the librarian at Fort Bliss. He was organist on the staff of the division chaplain. He attended Texas School of Mines for two years, was active in forensic activities of the college, and was a radio speaker. In 1937 he joined the Army recruiting service and headed the publicity section of the Seventh Corps Area for a year. He also served in that branch for a year and a half at Little Rock, Arkansas, where he took an active part in Diocesan young people's work of the Episcopal Church and was a member of the church in which General Douglas MacArthur was baptized.

Sergeant Nelson is a member of the San Antonio club of International Optimist Luncheon Clubs and the Masonic Lodge.

EAT THE RIGHT FOOD

America needs you strong!

Follow the rules of good nutrition—
Eat these foods every day:

- ★ MILK—at least a pint for everyone, more for children—or cheese, or evaporated or dried milk.
- ★ ORANGES, TOMATOES, GRAPEFRUIT, or RAW CABBAGE—at least one of these.
- ★ VEGETABLES—GREEN, LEAFY, and YELLOW—one big helping or more—some raw, some cooked.
- ★ POTATOES and APPLES—and other vegetables and fruits.
- ★ LEAN MEAT, POULTRY, or FISH—or sometimes dried beans or peas.
- ★ EGGS—at least 3 or 4 a week, cooked any way you choose or in "made" dishes.
- ★ BREAD and CEREAL—whole grain products or enriched bread and flour.
- ★ FATS, SWEETS, and seasonings as you like them.

Midland County Third Call Registrants, Numbers

Names Are Listed Alphabetically, But Orders Will Come Numerically

Below are the names of the Midland County registrants in the Third Registration, together with their national lottery numbers. The order in which they will be called is here indicated.

Some questions have been asked about how these numbers are arrived at. The local Draft Board has nothing to do with these numbers. In the first place, registration cards were shuffled and then drawn, and set up as 1, 2, 3 and so forth. Then the national draft authorities ordered that the number 1 should be listed as 10,001, etc., etc.

At whatever place No. 10,001 was drawn, whether it be 1st or 757th, etc., that is the point at which his name will be picked up here. For example, only 10,001 is so listed as the first Midland County man whose number was drawn was Wallace Lively. He therefore, will be the first Midland man from the Third Draft to be called, or examined to determine whether or not he will go into the service.

New Manager

Jack Collins

Jack Collins Now With Crawford

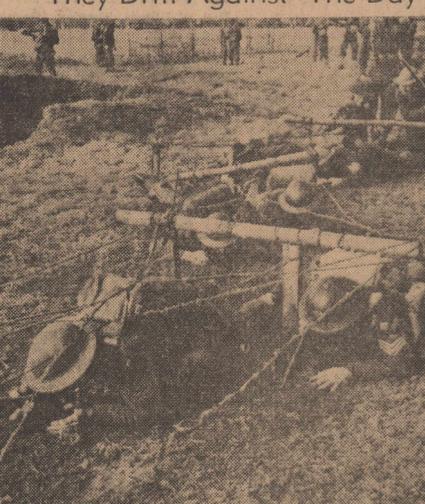

Jack Collins has been made manager of the Crawford Hotel in Midland, succeeding J. B. Crain, resigned. Collins comes to the city from Big Spring, where he has been assistant manager of the Settles. Collins has had several years experience in hotel management. He was first in the hotel business with the Roosevelt in Waco, and was in succession with the Biltmore in Oklahoma City, and then with Jack White at the White Plaza in Corpus Christi.

His next affiliation was with the American National, first at the Queen Alice Courts in Alice, and then with the Plaza in Laredo. For a time he was with the Princess Louise in Corpus Christi.

Last year Collins came to the Settles in Big Spring, where he remained until coming to Midland a few days ago.

They Drill Against 'The Day'

While their fellow soldiers fight in many parts of the world, troops in England go through a toughening-up process against the day when they may launch a full-scale attack on the continent.

Low Brothers
PLAX
THE UNIVERSAL BEAUTY FINISH
FOR PERFECT ENAMELING RESULTS

Experts and amateurs alike acclaim LOW BROTHERS PLAX, the universal beauty gloss for all enameling. And no wonder! PLAX makes it easy to obtain expert results. Adaptable to any surface PLAX hides effectively, covers solidly and flows freely. What's more, PLAX resists wear and weather and many stains and acids—as dramatic "abuse tests" prove. And PLAX, the universal beauty finish, is economical, too, because ordinarily only one coat is needed for refinishing.

Love, It Seems, Is Also in Bloom

Blossoming cherry trees from the land these boys soon may fight form the frame for their romantic interlude. Soldiers and girls gaze across Washington's tidal basin at the Jefferson Memorial.

MAFS--Prop Wash

Visitors Dav. snow in West Texas, and Life Magazine coming to a bombardier party, were the big three news topics of Midland Army Flying School last week.

Unfolding in the various organizations this is what occurred, what is going to occur, or what might occur, in them.

487th School Squadron
Pvt. Ted Krauf, Cleveland, Ohio, recently inducted and sent to M. A. F. S. was pleasantly surprised on his first visit to the squadron engineering office to meet there one Master Sergeant Melburn Holmes.

Ten years ago the two were members of the Third Attack Group, stationed at Galveston, and it was a sort of reunion.

First Sergeant J. P. Huff and his 487th lads had it busy Easter weekend with grooming of the newly-landscaped squadron area. They had it "hip-top" for Army Day visitors.

Members of the platoon which recently completed recruit drill under Technical Sergeant H. F. Bery had pictures as evidence of their mastery of "hay-foot, straw-foot 1-2-3-4" technique and before reviewing officers too.

Sgt. Hubert G. Thompson has gone to Fort Bliss for medical treatment.

Pvt. Tony Grippo is on leave to his home in New York.

"Judge" Woods, who won his nickname by dint of his professional occupation as an attorney, spent seven years at Princeton and Harvard and lapses into calling the post "a campus" and the barracks "dormitories." And to top it all, his fellow soldiers, students.

Corporal Franchier, pulling his regular hitch as C. Q., was taking a religious census. One soldier stated his preference as Episcopalian. The corporal replied: "Can't spell it, make it Methodist."

490th School Squadron
Snow brought memories to the men of this squadron from "up north." It made them think of sleigh rides, ice skating parties, and girls that went with them.

The 490th thinks it swell the

interest shown by visitors on Army Day. Many squadron members expressed themselves on the subject.

A library of photograph records is gaining popularity in the squadron. Midland Chamber of Commerce. Please Listen, as yet the library has no record of "Deep in The Heart of Texas." And the men want it.

489th School Squadron

Furloughs: Corporal Barlow is heading his way to Bay City to visit his parents. Staff Sergeant Marion R. Watters is with his folks in Waxahachie. Pvt. Joseph E. Love probably is half way to Noblesville, Ind. And Sergeant Robert L. Stoffer is raiding the family ice-box in Corydon, Iowa.

The best story to come out of fire-fighting details is Private John Hobson's. A 50-mile trek to combat prairie blazes the other night ended all to the bad of Private Hobson. He got left at the scene of the fire and had to heel it in to camp. He got a ride after 20 miles. As a consolation he can claim "bum's-bun" figure championship.

The sidewalk engineers of 489 represent being called WPA workers.

97th Material Squadron

From lowest private to top kick, the 97th congratulates recently promoted squadron commander, Captain Allen M. Floyd.

Glenn De Priest is acting first sergeant replacing Sgt. John Maher, who left for officer's candidate training school in Florida. The boys call it a good deal, they like De Priest and hope to be saluting Maher before very long.

Recent promotions included these (from buck privates to privates first class) Elmer A. Oliver, Leon Belkin, Leroy J. Aucoin, Eugene Sullivan, Clinton H. Stephan, Harold A. Denis, Bascom L. Parsons, Melvin Mewman, Henry A. Anderle, Melvin Newman, John T. Dolan, Lawrence E. Durbin, Gordon D. Millbrandt, Donald B. Nichols, Joseph V. Felcombe, Wallace B. Riggs, Stephen A. Pogodinski, Charles B. Ransel, Barney R. Priest, Fralfe E. Franks, W. M. Sanchez, James K. Earhart, and Paul H. Bowman.

They say Andrew L. (Yardbird) Kiser is a happy man, now that he is on the \$30 a month payroll. The 97th will never be broke.

It has fifteen cents worth of nickels in the squadron: Donald E. Nichols, Clyde G. Nickle, and Nick Nickels.

Corporal Walter E. Thompson married "an angel." She was Miss Anita Fay Angel. The squadron extends its wishes.

82 Air Base Group (SP)
Headquarters & Headquarters Squadron

Headquarters and Headquarters Squadron has taken the lead in an unscheduled race for the best landscaped outfit of the base group. It was privileged to "borrow" First Class Private Christopher Walsh, a tree surgeon in civilian life, from duty at the postoffice. Walsh is directing details in planting trees, plots for lawns, and laying flower beds. He's working fast for the P. O. may recall him any minute as Pvt. Walsh makes a swell clerk, also.

Sgt. Robert Wistrand soon will leave for a 10-day furlough. He visited his sister in Santa Fe, N. M., and planned to visit other cities in the Sunshine State.

Pvt. Cecil Martin was called to his home by the illness of a grandparent. He lives in Dublin, Texas.

To a man the 82nd appreciates Lt. Col. John W. Hanson. When Hanson was promoted from major he posted a letter giving the credit for his work to his men. He thanked them for service and cooperation from the bottom of his heart.

83rd Air Base Group
Not to be outdone by Headquarters group, the 83rd points with pride to its new streamlined trash-can lids. Artistry is the combined work of Pvt. James M. Callahan and Pvt. Henry Rowe. The lids are painted in patriotic colors. Each has a bullseye top design but Artist Rowe denies it is a target for any bombardier.

491st School Squadron

It is rumor and not to the liking of Sergeant Kalch, master kegler, that the Mrs. beat him at his sport—bowling.

Speaking of bowling, the 491st team serves notice it has nothing short of championship caliber. Members are M. Sgt. Carrol T. Babaian, Dewey P. Lindsey, First Sergeant Kalch, Sgt. James A. Collins, Corporal Eddie T. Milewski, and Pvt. George A. Marcy.

Spring and the turning of young men's fancies did not pass by the 491st. Staff Sergeant Gordon B. Nelson soon is to leave the ranks of the benedicts. He will wed in San Angelo April 23. Reporters of the squadron bring in that Staff Sergeant Robert E. Gordon has announced his wedding soon.

Staff Sergeant Kenneth Echols was transferred to personnel station and was succeeded by Staff Sergeant Gordon B. Nelson.

Sergeant Fred Hamra succeeded Nelson.

Pvt. Herbert Stielau has been added to the orderly room staff.

Lt. W. W. Benham, squadron adjutant, has orders, so say the grapevines, to one soup spoon of sugar for each cup of coffee.

Station Hospital

Congratulations for an Easter wedding went to Sergeant Lawrence L. Penny and Miss Dorothea Mills, of Tonkawa, Okla.

Sergeant A. T. Mendoza has just returned from a trip to San Diego. Sergeant Donald L. Nicodemus visited recently in San Antonio.

The Medical Department has scheduled its first baseball game for Tuesday, engaging the Quartermaster Detachment.

493rd School Squadron

Behind the eight-ball himself, squadron reporter of the 493rd finds out the unit has "Hell from Heaven" bombardier-pool players in their own right. Arched hands are bombsights, cue stick is a detonator and the cue ball the missile. That's the story of bombing on a pool table and it was all discovered when the 493 got a new table. Some "duffers" include: Sergeants Lyle A. Seybold and George M. Ara, Corporals Leo P. Piculka, Harry M. Potts, Frederick M. Radke, James G. Schon and John E. Utz, and Privates Ernest A. Crawford, Daniel Gallucci, George H. Houston, Frank P. LaCasio, Robert D. McCann, Joseph Nowicz, Frank J. Pudko, Ralph V. Venable, Joseph Valvano and Bernard J. Yannotta.

First Sergeant Ray Lipe announces the pool table as another addition to make the 493rd one of the best equipped for recreation on the post. A cabinet radio also has been installed.

The squadron this week welcomed new men and old buddies returning from leave. New are: Edward Allason, Youngstown, O.; Harold W. Kriegenbeck, Cleveland, O.; Victor Jance, Youngstown; Robert W. Cunningham, Lowellville, O.; Frank M. Helman, Salem, O.; Weldon White, Thomas Wallis and Jesse E. Williams, all of Memphis, Tenn.; Patrick Williford, Knoxville, Tenn.; and William G. Yoakum, Covington, Tenn.

Welcomed back home were: Staff Sergeants Roman Pedrazine, and William G. Ebe, Sgt. Granvel Y. Cherry; Corporals Morris Halpin, John L. Robicheaux, Willie J. Rott and Saul Winokur and Privates Jess Gelles, Sam J. Jacobovitz, Henry B. Lazarus, Julius W. Siegel and Philip H. Katcef.

Rev. Sloan Addresses Episcopal Men's Class

The Rev. T. J. Sloan addressed the Episcopal Men's Club at its meeting in Hotel Scharbauer's Blue Room Friday evening.

"Don't think that because a man doesn't see as you or I see that he isn't just as good a man," the Episcopal minister cautioned.

More than 25 men attended the meeting at which R. C. Tucker, president, presided.

Plans were discussed for the dedication program for the Trinity Church here May 24. Bishop E. Cecil Seaman of Amarillo will dedicate the church.

The mission committee of the church held its regular meeting after the club session adjourned.

First Metal Work Defense Class Is Graduated Friday

The first class in general metal work, which has been carried on for the past ten weeks in Midland at the high school building, received certificates at the last meeting of the class Friday night. The class is under the direction of Leonard Miller of Midland.

Boys and men who received certificates at the graduation Friday include: C. L. Coffman, J. H. Furr, W. C. Hyde, L. C. Henson, Paul Kidwell, H. A. Lowe, A. W. Merriman, C. L. Wood, R. R. Newman, J. E. Wallace, and W. M. Patton.

A second class in general metal work will start at the high school building at 7 p. m. Monday. The classes are open to men between the ages of 18 and 24 inclusive, and anyone interested in taking the course is urged to get in touch with Leonard Miller, the instructor, by calling 1700 in the day time or seeing him at the classes at night.

Miss Maria Spencer Elected President Of Women Voters

Miss Maria Spencer was elected president of the Midland League of Women Voters in a meeting of the organization at the courthouse Saturday noon.

Other officers chosen were: Mrs. H. S. Forgeron, vice president; Mrs. B. A. Ray secretary; Mrs. Fred Fuhrman treasurer; and Mrs. Fred Wilcox parliamentarian.

McCamey Trustees Are Re-Elected

MCCAMEY.—J. G. Herrington and Don Cook have been re-elected as members of the McCamey Independent School District. Cook had not been a member of the board long, having recently been appointed to fill the unexpired term of N. E. Waldie, resigned.

Other members of the board are J. W. C. Hayes, Ray Boggs, M. E. Dillingham, H. V. Schrader and J. A. Taylor.

City Councilmen Are Elected At McCamey

MCCAMEY (Sp)—Ernest McKipney, G. H. Fisher and Wallace Littlejohn have been elected members of the city council. McKinney and Fisher were candidates for re-election, and Littlejohn was elected to fill the unexpired term of A. B. Holley.

A. O. Beavers is now serving his first term as mayor of the city. Other members of the council are F. Carter and George Ramer.

C. Of C. Directors Will Meet Monday

Directors of the Midland Chamber of Commerce will meet in regular monthly session in the private dining room of Hotel Scharbauer at 8 p. m. Monday, it was announced by Ralph M. Barron, president. A full attendance of all board members is urged.

Dale Kelly Purchases Two Fine Dairy Cows

STANTON—Dale Kelly of Stanton attended the recent dispersion sale of dairy cows at Ballinger, and purchased two fine registered cows, Premier Dreaming Beauty and another uncatagued. He was accompanied to the sale by Hubert Martin, county agent.

"Copper" Daugherty Sees Baseball Game

"Copper" Daugherty got to Big Spring the hard way last week-end to see the Pittsburgh-Philadelphia game. Copper declared it was worth it, however, since he added Vince DiMaggio's, Connie Mack's, and Frankie Frisch's autographs to his collection. He added proudly that he already had Joe DiMaggio's autograph.

RANGE CONSERVATION CHECKS ARRIVE HERE

The Midland County agents office received the first range conservation checks for 1941, Friday to the amount of \$6,434.42. The checks cover seven Midland County ranches. More checks are expected in the near future.

Midland Ranch Girl And Prize Buck

Hazelle Midkiff, 14-year-old Midland ranch girl, daughter of Dick Midkiff, is shown here with her prize winning buck, "Butch," who is just past two years old. Hazelle goes to school in Midland, but her primary interests are in fine stock, and all the time she can spare is spent at her father's ranch, 35 miles south of Midland. She took "Butch" to raise when he was a little lamb, and she is the only person with whom he is friendly. The photo was made as she started him back to the ranch after showing him in Midland. Midland High Wins In One-Act Play Contest

Midland High School, presenting the one-act play, "He by Eugene O'Neil, won the District Inter-scholastic League one-act play contest in Midland Friday night. Odessa High's presentation, "Jazz and Minuet" was selected district alternative.

Other schools presenting plays included: Andrews, giving "Boor"; Seminole, giving "The Finger of God"; Stanton, giving "The Happy Journey"; and McCamey, giving "Boor."

More Soldiers Come To City By Train

A troop train, loaded with soldiers, steamed up to Midland's station Friday afternoon and men of the armed forces began unloading their equipment.

Soon more than a dozen large Army trucks were at the station. The men piled their equipment into the trucks, got aboard and were driven from the station.

The truck train headed west, but its destination was a military secret.

All Cadets Are Here For Fourth Class

All cadets for the fourth bombardier class at the Midland Army Flying School had reported for duty Saturday and will start their studies Monday morning.

The first class will be graduated about April 30.

Hsin M. Ch'en Joins Air Force To Get Crack At Japanese

"The world is my home; the U. S. Army Air Corps my present address," says Hsin M. Ch'en, a Chinese-American, who came to Midland Army Flying School, largest of all bombardier training colleges, wanting to become a bombardier cadet.

When the former world traveler, lecturer, and writer, found that he was two years over age to become a cadet, he asked for anything that would get him at the Japanese the quickest.

Ch'en wants to be in a combat unit. He asked to be a bombardier because he knows that the "man behind the bombsight" is the key member of the U. S. aerial combat crew, hardest hitting unit in the new U. S. Army Air Force.

Wants Fighting Job Because he is well educated and has traveled around the world several times, Ch'en almost was classified as a translator when he was taken into the Army, but he begged for the active Air Corps; pleaded to be put at a job with a faster tempo.

Private Ch'en was born in Cambridge, Mass., when his parents were in this country attending Harvard University. Ch'en is a graduate of Columbia University, holding both bachelor and master's degrees and with a doctor of philosophy degree coming up when his thesis is completed.

"That will have to wait, though," he said, "I have a more important task right now."

His parents were killed in Peking, China, in 1914 during the hectic revolutionary times following the general upheaval in 1911, "America Must Win."

"Those hands of the Nazis and Japs clasped across the world are strong. We must not underestimate the strength of them. But America is the difference. Its principles of freedom of life are almost a religion with me. The United States dominates in the world picture. It is, then, the responsibility of us who are its citizens to see that the Japanese and Germans don't win," he said.

Ch'en has studied medicine. He volunteered for Red Cross work in Shanghai soon after the war started but came back to America to fit into a more urgent job. Asked about the medical corps, he said: "although I want to be where I can do the most good, I know that an outfit that carries the offensive is the place for me."

This intelligent Chinese young man of 29 says there will be a cleaner and freer world when the war is over this time. He believes America must take the lead in educating the peoples of all nations to the rights that are theirs.

Midland Is 'Home' For New Soldier

New soldiers at Midland Army Flying School will find recreation in the bombardier college's host city—Midland.

All the comforts of home is a sort of motto at the Soldiers Recreation Center, 213 Main St.

There a weekly program of recreation provides fun and entertainment for the soldier. He can play bingo each Tuesday night and compete for prizes and a grand award of a free telephone call to his home, wherever it is. He can learn to square dance each Thursday night, getting in the true West Texas spirit of his new home here.

Then Saturday night he can dance with the pretty West Texas girls at the regular weekly dance. Any night he can drop in at the center—read a book, play the phonograph, write letters, read magazines, and in general make himself at home.

They're T.N.T. Together!

Robert Taylor tricks Lana Turner into believing she has committed a murder in this scene from "Johnny Eager," the new M-G-M drama co-starring these two outstanding M-U-M personalities for the first time, now on the Yucca screen. It's the story of the conflict between an idealistic girl and a ruthless gangster, and it's packed with T. N. T. Edward Arnold, Van Heflin, Robert Sterling, Patricia Dane and Glenda Farrell are in the strong supporting cast.

Smallpox Increases; Measles Is Spreading

AUSTIN (AP)—While the situation was not considered alarming, the State Health Department announced Saturday the presence of 18 smallpox cases in Texas last week indicated the need for an intensive immunization campaign.

The Texas cases were widely scattered among 10 counties.

The department advised a measles epidemic continued unabated with 2,138 new cases reported, compared with a median of 624 for the week.

TO ORGANIZE SAFETY ENGINEERING CLASS

Organization of the safety engineering class, scheduled for Friday night, has been postponed until Monday night at 7:30 p. m. at the high school, J. B. Ellis announced. Postponement was due to conflicting activities on Friday night.

* Plans to make the Army Recreation Center here more attractive and one of the finest in West Texas were outlined at a meeting of the city recreation council Friday evening.

At the request of Mrs. Ralph Barron, council president, Miss Grace E. Wilhoit, new supervisor of activities at the soldiers recreation center on Main Street, discussed her program and its requirements.

Captain R. B. Brown of the Midland Army Flying School attended the meeting.

Members of the council pointed out that more furniture, games and equipment are needed immediately and urged citizens to donate what they can to the center. Plans to place curtains or drapes in the windows also were outlined in the hope that the building can be made more attractive to the men in uniform.

Persons desiring to make contributions may see Miss Wilhoit at the center each afternoon.

Working with the WPA organization, the council is determined to make the soldiers recreation center here one of the finest in West Texas.

Chiropractors Vote Free Services To All Men Of Armed Forces

Members of the International Chiropractors Association have voted to give free service to all members of the Army and Navy for the duration of the war. Dr. Henry Schlichting, Jr., of the Modern Health Clinic said Saturday.

"Many doctors of naturopathy and chiropractic are serving their country," Dr. Schlichting said. "Some have enlisted; others have been drafted. Some have gone into the medical corps, where they are serving as X-ray technicians, and others are serving in the various active branches."

"Naturopathy and chiropractic are not officially recognized by the military establishment — and yet naturopaths and chiropractors are being called upon time and time again to use their skill in keeping the Army and Navy physically sound."

WINK (Sp)—R. C. Priebe, president, and L. H. Riley, vice-president of the Wink Board of Education, have been unanimously reelected to membership on the board.

There was no opposition on the ticket, and the voting was light. There were no write-in votes. It has been announced that school will close May 22. Events scheduled at the school between now and closing include the Senior play, April 17; state regional band meet, May 1 and 2, at Kermit; Senior-Junior Prom, May 8; and Senior Day, May 18.

W. P. Z. German Jr., Enlists In Army

W. P. Z. German, Jr., popular young Midland attorney and justice of the peace, Saturday was wearing the uniform of the United States Army. He enlisted at San Antonio, was sent to the reception center at Fort Sam Houston, and returned to Midland on a three day pass to close his law office.

German said he "just enlisted in the Army" and didn't know to which branch of the service he would be assigned.

He will return to San Antonio Sunday and Mrs. German plans to accompany him.

Tidwell Carnival Playing Here All This Week

The T. J. Tidwell Carnival and Shows are to be in Midland throughout this week at the West city limits. The show travels in 35 truck-trailers and employs 250 persons. It features two big free acts, and has many new rides.

SUICIDE SIMON

One of the most exciting performances ever seen with any show is to be presented as a free act each night. A daring, death-defying dive, "Suicide" Simon dives from a 110 foot tower into a flaming tank of gasoline, after first igniting himself in mid-air. "Queenie," the educated elephant, in another free act amazes the audiences with a series of stunts almost unbelievable. The elephant picks out the American flag from among a large collection and triumphantly waves it in the air with her trunk, and performs many other acts. There are plenty of rides to be enjoyed. Included along the midway are a merry-go-round, double ferris wheel, tilt-a-whirl, octopus, riddo, scooter, merry-mixup, consisting of a Harlem Revue, old time colored minstrel, Congress of Oddities, monkeyland, athletic arena, Hawaiian village, fan show, hot spot revue and others.

Champion Bull Seen By Many While Here At Firestone's Store

J. W. Banner, manager of the Firestone Home and Auto Supply Store, 624 W. Wall street, was host to a lot of Midland people Saturday afternoon as cattlemen, 4-H and Future Farmers boys, dairy and stock farmers, and many others were at his place to see Loyal Alumnus 4th, a grand champion bull raised by Purdue University farms.

The champion bull, brought here by the Farm Service Bureau of Firestone Tire and Rubber Company, is a cross between a purebred Angus bull and a purebred Shorthorn cow. He is a coal black, mature, and in trim condition. He was the 1941 grand champion of the International Live Stock Exposition.

An experienced livestock expert spoke at the showing in Midland, giving in detail the history of the bull, including his feeding schedule since birth, which was of special interest to the many cattlemen and club boys of the area.

More Praise For Midland Council's Action On Grant

From Corpus Christi comes more praise for Midland city council's action in returning to the federal government \$57,000 which it had allotted for a sewer extension program here. The council decided the money could be spent to better advantage for bombs and bullets to whip the Axis and that the sewer program could await victory.

In his column "The Crow's Nest," in the Corpus Christi Caller, Bob McCracken wrote:

"While the rest of the country storms Congress with protests against politics as usual in wartime, it has remained for one Texas city—MIDLAND, the Lookout believes—to make the most effective gesture to date. If other communities would copy its example we would be out of the woods in no time."

After explaining the Midland council's action, the writer commented "That's the spirit."

"We will not be kidding our government of its bureaucratic extravagances so long as we keep on asking for and accepting their benefits and bribes. We won't be straightened out on the road to victory: final and complete, until MIDLAND, TEXAS, becomes ANYTOWN, U. S. A."
