McArthur Is Organized To Drive On Japs

Outposts Holding, New Raids Made On Bases Held By Japanese

U. S. ARMY HEADQUARTERS IN AUSTRALIA (P)—Gen. Douglas MacArthur signaled the establishment of his new Southwestern Pacific Headquarters and completion of his staff Tuesday by issuing his first daily communique which embraced operations in the Philippines, Dutch East Indies and Australia.

With a staff composed largely of his aides who were in the Philippines, he also highlighted the attention he is devoting to that sector of his command by announcing that Japanese artillery firing upon Corregidor fortress in Manila Bay was abating.

The big American guns firing from the island has registered telling hits upon enemy troops, his communique said, and enemy shelling and bombing was having negligible effect.

Raid Japs Again

Announcing a new raid Monday on Salamaua, Japanese foothold on New Guinea, north of Australia, Gen. MacArthur said the Japanese headquarters buildings were smashed along with some hangars, and a fuel dump was destroyed.

MacArthur's headquarters, which said its communique will supplant those which have been issued by the Australian government, also told of Allied air attacks upon Kepang in Dutch Timor and Rabaul in New Britain.

A previously announced Japanese attack on Port Moresby in New Guinea also was mentioned. Unofficial reports from Port Moresby, said that nine heavy Japanese bombers escorted by six fighters made the 26th attack on that Allied outpost Tuesday, but that the formations were broken up by anti-aircraft fire and Australian fighters.

Allied Outposts Hold

Elsewhere in the Philippines, it was announced that American-Filipino forces were continuing their aggressive patrol action against the Japanese occupying a fringe of Mindanao Island, and that the Japanese had not yet been able to overcome the defenders in Cebu and Panay Islands. At San Jose, the Japanese have made a new landing, it was said.

Dispatches from an advanced base said American planes started fires in a raid on Rabaul and, in addition to scoring one direct hit on a Japanese plane, straddled others with bombs.

Some United States aircraft received slight damage from machine gun bullets and shrapnel but all returned safely.

The American pilot, a spokesman said, were youngsters of remarkable keenness. A young American Captain who probably has more operations against the Japanese to his credit than any other of the Americans said:

"I had taken it in the Philippines, I had taken it in Java, and now it is a real pleasure to dish it out."

Two United States Army officers who helped Gen. MacArthur formulate and execute the plans for defense of the Philippines were named Chief and Deputy Chief of Staff in his Southwest Pacific Command Tuesday.

They are Maj. Gen. Richard K. Sutherland, 48, the Chief of Staff, and Brig. Gen. Richard J. Marshall, 46, the ranking officers of an administrative organization made up of Australian, Dutch and Americans.

Fort Worth-Dallas Flood Damage More Than Million; Many Homeless

By The Associated Press

The Trinity River reached its crest at Dallas of 47 to 48 feet at noon Tuesday after taking three lives, flooding thousands of acres of rich farmland and causing extensive damage to crops and homes.

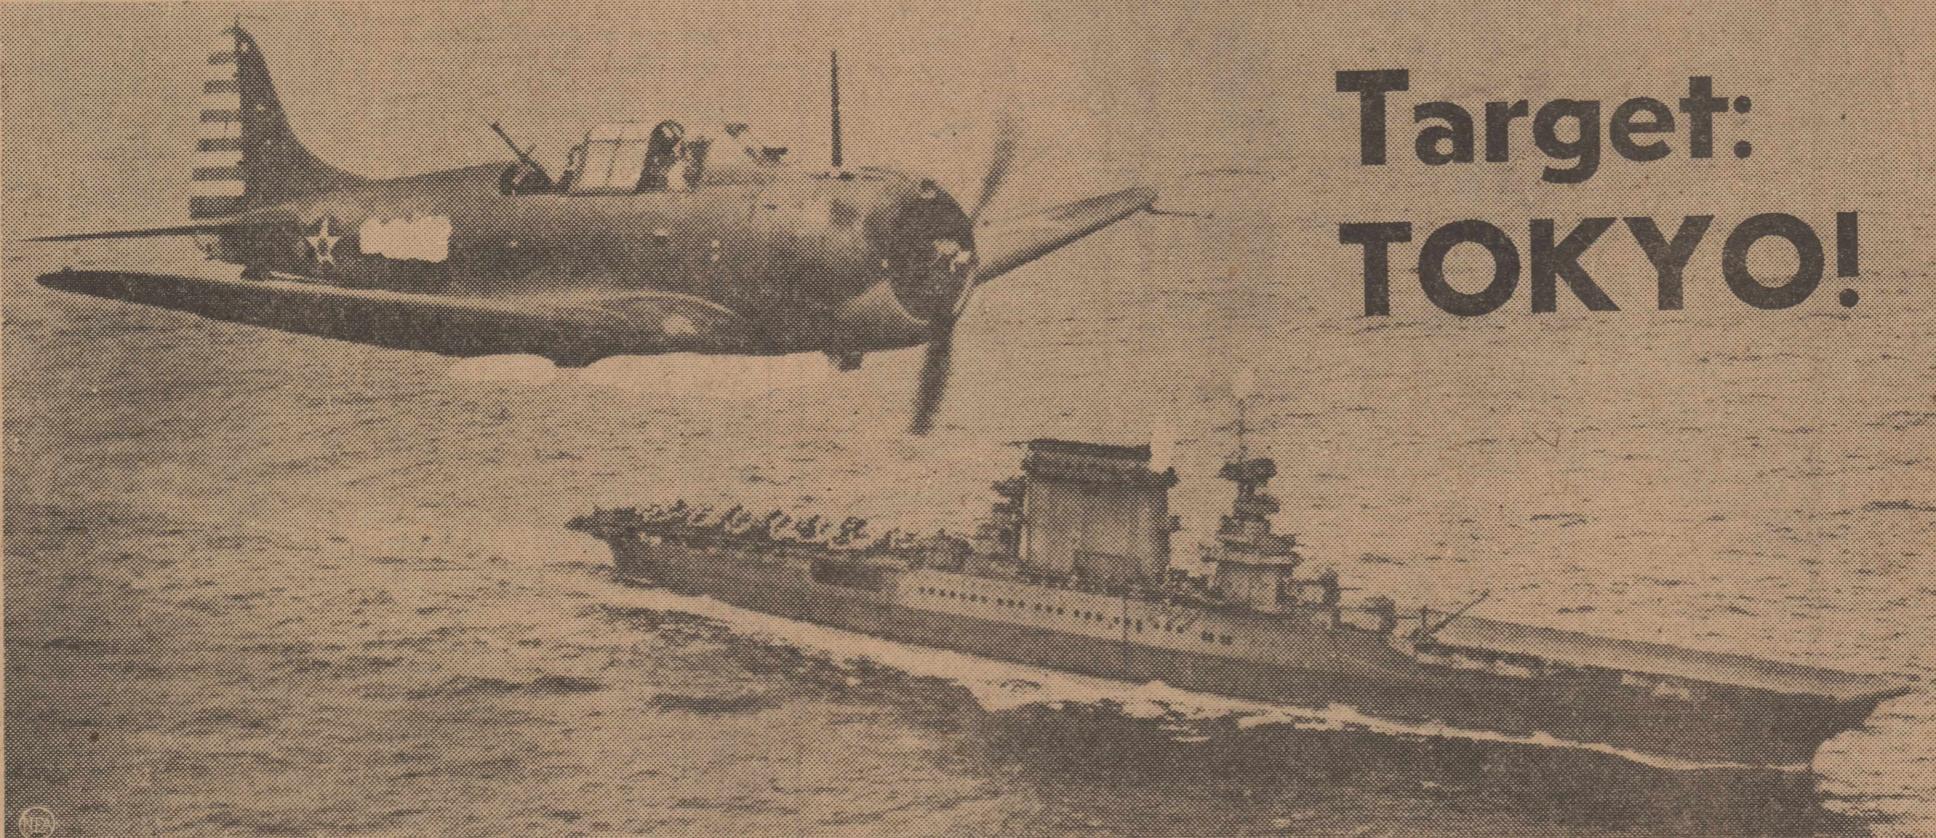

Hundreds of families were forced out of their residences in the Dallas Fort Worth area.

Fort Worth reported the West Fork of the Trinity was receding and some families northwest of the city were returning to their homes. Estimates of total damage were placed at \$1,000,000. Cleaning-up was under way on the north side of the city. Nineteen persons were arrested for looting.

Farms Inundated

It was estimated that from 20,000 to 25,000 acres of Dallas County's richest farmland was under water.

Volunteers Of Today Honor Men Who Won Battle For Independence In 1836

Midland Guardsmen Will Hold Retreat And Review In Memory Of San Jacinto Heroes, At High School

Those volunteer soldiers who wrested the domain of Texas from a many-times superior enemy force on San Jacinto battlefield one-hundred and six years ago, will be honored in Midland Tuesday evening with a special program conducted by Midland's own volunteer soldiery. The Texas Defense Guardsmen will hold a ceremonial retreat and review on the high school grounds, starting promptly at 7 o'clock.

Goodman To Direct State Bar Study Of Child Welfare Work

James H. Goodman of Midland, chairman of the Child Welfare Committee for the State Bar of Texas, will direct the program on welfare at the annual convention of the state bar association in Fort Worth, Friday of this week. A complete discussion of the setup in Texas, and especially of the legal phases of administering the work, will be carried out in a series of talks by members of the committee.

Raymond Gray of Llano; Charles W. Anderson, San Antonio; Glen Fain, Livingston; Hattie L. Hennberg, Dallas; James L. Shepherd, Houston; W. S. Barron, Bryan; Lester Bone, Fort Worth; Fred Cozart, Texarkana; and H. L. Lackey of Gatesville will make talks and lead the discussions.

Goodman has prepared an outline of the legal processes that affect children, and has taken the lead in the development and enforcement of these, directing the child welfare program of the state bar and of the American Legion in Texas. He will go to Fort Worth Thursday to attend the bar meeting.

It was on April 21, 1836, that General Sam Houston ordered the charge of his volunteers, catching the enemy off guard, and routed and killed or captured the superior force. The victory paved the way for final victory, which came within a few days. The Battle of San Jacinto has been ranked as one of the major decisive battles of the world.

The program will be held on the north side of the high school building. The Guardsmen will march on to the field following the assembly of the spectators and honored guests. Honored guests will be seated near the building.

Veteran Rodeo Star Dies At Big Lake

BIG LAKE (P)—Funeral services were held Tuesday for J. Elison Carroll, 80, one-time world champion steer roper, who died Monday.

A county commission at the time of his death, he had been sheriff and was a past president of the Texas Cowboy Reunion at Stamford.

The body of C. L. Phelps, 32, a Rockwall farmer, was found Monday caught against a fence near Highway 67 between Garland and Rowlett. A negro woman, Vivian Haskett, 25, drowned near Dallas. Charlie Cowherd, Collin County farmer, was found in a tree near his home.

Entertainers with the Dallas group included the Early Bird Orchestra, the Cass County Kids and the Plainsmen Quartet. They played, sang and cut capers for the audience. Representatives of the Army, Air Force, Navy and Marine Corps were with the party.

Souvenirs, candy, pennants and other favors were distributed by the visitors.

The special train headed east from here and stops were made at Big Spring and Abilene Tuesday.

Four railroad lines from Dallas were temporarily blocked. The Missouri-Kansas-Texas north, the Santa Fe to Paris, the Cotton Belt east and the Rock Island to Fort Worth were under water. Many highways were closed.

It was estimated that from 20,000 to 25,000 acres of Dallas County's richest farmland was under water.

DO OUR LIVES SHED LIGHT OR DARKNESS?
In Him was life and the life was the light of men.—
John 1:4.

A Challenge To Hitler

It is with deep regret that most Americans consider the possibility of facing the French in a shooting war.

The military aspect—the strengthening of Hitler's naval resources—has been stressed. It is important. But today, as Pierre Laval's resurgence makes armed conflict between Frenchmen and Americans appears imminent, we should like to indulge in a final splurge of sentimentality.

Of all the earth's peoples, until recently one would have said that the French were the last we should have to shoot, bomb and attempt to destroy in defense of fundamental democracy.

Nowhere, we believed, did the love of liberty, equality and fraternity flourish more vigorously and even belligerently than in France.

No nation had contributed so much to the establishment and preservation of democracy in the United States.

* * *

Millions of Americans, now in the prime of life, fought in and for France less than a quarter of a century ago, and came home convinced that in all future world alignments we and France would stand side by side.

Those who realized the essential offensiveness of Germany thought of France as democracy's Maginot Line, which would hold until her democratic allies could come to the rescue.

That, of course, is the key to the sad situation we face today. We counted too much upon that Maginot Line, literally and figuratively. When it broke—when the actual fortifications proved incapable of making up for the moral strength and national unity France had lost—the rest of us were caught unprepared.

So now we see our traditional friend and ally beaten, dismembered, ravished, forced at gun's point to become the military ally of her and our bitterest enemy.

When and if Laval completes the sale of his country, even to the extent of turning the French navy over to German crews and permitting the use of French naval bases by the Nazis, we shall have to lay aside this sentimentality and treat all of France as a part of the Reich.

* * *

But first, there can be no harm in remembering that for most Frenchmen, this alliance with Hitler is not even a matter of expediency. It rests upon bitter compulsion.

Probably the average Frenchman hates Hitlerism worse today than before Dunkirk.

There is reason to believe that the French public, as a whole, desires an Anglo-American victory so whole-heartedly that our bombing of even their beloved Paris does not arouse resentment, since it is an act of initiative against the Nazis.

The French, as a race, have not changed in their love for democracy. Laval may let them down, and place them nominally on the side of Hitler. Their fleet and their bases may be used against us.

But here's a challenge for Der Fuehrer: Does he dare today to raise a French army, equip it with tanks, artillery and planes, and take his chance on which side it would fight?

Used Car Lots

The administration didn't take long about repudiating Senator Downey's bill authorizing the confiscation of all privately owned automobiles.

There is plenty of dynamite in any such plan. The American people will not object to giving up their cars at any time when they are convinced that the military machine really needs them. But they would require a big job of selling at this moment.

It would be worth the rubber that would be used if Mr. Downey would drive by automobile from Washington to his California home, and look over the used car lots he passes. Then, perchance, he would withdraw his bill for the present.

Sensible System

Sugar rationing is coming closer. Registration for cards is not many days off, and thereafter we shall have to drug the sweet tooth with half a pound per person each week.

It is not going to be a bother. But since there is a shortage, the individual rationing plan seems to us to be the only sensible way of handling allocation. With a ration card every person gets his share, and no more. Without one, early birds and hogs get everything, and the rest of us nothing.

What you hear never sounds as important as what you overhear.

If scientists are still trying to break the atom, they might try letting Congress tax it.

Many a shoe that hurts a woman is merely a small matter.

Advance prediction: Too many flies are going to get through the summer without being swatted.

FEMININE FANCIES

By Kathleen Eiland

For the glamour girl or would-be ones we prescribe: An all-white outfit topped by a white pillbox trimmed in red with flowing red veil to fall over snowy shoulders of the frock. Oomph-ish to the nth degree.

Wonder why it is that the little things about sewing take up so much time, more proportionately than the big ones?

We harass ourselves and our household for days while we spend out-of-office hours and evenings trying to fashion a new blouse (thinking thereby to save a few pennies). At last we have it finished and pressed and put it on in high glee, expecting to step out and take the plaudits of our admiring friends. But alas, there are the little things which make perfection—in this case they don't. The cuffs are a wee bit too large—not much but enough to destroy that exactly-so-so air that we want. And the belt likewise is just a shade too big—and a snapping of material should come off here or there . . .

We go wearily back to work again. Sometimes we think we never will try to turn ourself into a seamstress. Never again! But the next shipment of pretty dress materials in the stores downtown will probably make us fall into error again.

Oh well, what would life be if we couldn't do foolish things once in a while? Not much fun, we dare-say.

For a delightfully light but pleasing dessert, try combining crushed peppermint candy, hot milk, and cream and freezing as you would ice cream. Pretty in color and piquant to the taste.

MAFS Sergeant And Bride Are At Home Here

Staff Sergeant and Mrs. John James Conover are at home at 206 South E Street following their marriage at San Angelo, Saturday evening at 8:30 o'clock.

The bride is the former Mrs. Frances Dunning Wilson of San Angelo, and the wedding took place in the home of her parents, Mr. and Mrs. Geo. Dunning, 921 Spalding Street.

Dr. B. O. Wood of the Presbyterians Church officiated at the single ring ceremony, which was read in the presence of the bride's family.

The bride's wedding dress was a blue street costume with accessories of Jersey cream. She wore a corsage of white roses.

Sergeant Conover is stationed at Midland Army Flying School, having been at Midland about two months.

Midland To Have Table Tennis Tourney

Tourney Open To Bombardiers And Local Civilians

Midland's first table tennis tournament will be held May 8-9 at the high school gymnasium. It will be called the Midland Closed Table Tennis Tourney and is open to personnel of the bombardier college and civilians.

Midland Army Flying School presented the idea and the WPA recreation department agreed to cooperate in staging the event, expected to draw a large entry of ping pong swatters from the city and the flying school.

Matches will be run off on five tables on the two nights of the tourney. Only men's singles will be contested. There will be no entry fee and entries should be mailed to Truett Fulcher, recreation director, P.O. box 652 Midland and be posted by May 5.

A trophy will be awarded the winner. A Midland sponsor will be chosen to present the trophy. A medal will be awarded runner-up. Official rules of the United States Table Tennis Association will be used.

Starting time each evening of the tourney will be 7:30 p.m. with entrants forfeited if more than five minutes late.

Only tennis shoes will be allowed as footwear. Players may come test in stocking feet if they desire but no leather shoes will be allowed.

The tourney is open to spectators and no admission will be charged. The public is invited to witness the events and will have an opportunity to see a top-notch exhibition Saturday night to close the event.

National ranking table tennis ace Elliott Friedemann, who is assisting in direction of the tourney, will play the winner in an exhibition. Also a doubles team of Friedemann and Pvt. Michael Konny will contest Miles Stanley, Midland star and his partner as an exhibition.

The tourney is expected to draw a large entry from the flying school. Preliminary squadron contests may be held to determine entries for the closed contests of the city joust. Also the tournament is expected to prove popular with civilians. Several high caliber players are in Midland and they are urged to enter the competition.

If the singles tournament proves a popular event, other tournaments will be held in Midland.

Montgomery Wins In 10-Round Bout

PHILADELPHIA (AP)—Bob Montgomery hammered his way to a unanimous 10-round decision over Mexican Joe Peralta Monday night to regain part of the prestige he bootied in his sorry showing against lightweight champion Sammy Alfog last month.

Monty Stratton To Hurl For Lubbock

LUBBOCK (AP)—Monty Stratton is expected to make his second pitching appearance of the season Tuesday, this time for a little serious hurling as he attempts to show that a man with an artificial leg can do something in baseball except direct the team from the bench.

The former Chicago White Sox pitcher, whose big league career was cut short several years ago when he lost the leg in a hunting accident, tried hurling last week but mostly for the benefit of photographers.

He started cold and didn't do so well against the North American Aviation team of Dallas but Tuesday as his Lubbock Hubbers play the Amarillo Gold Sox Monty is due to really put himself to the test.

Sergeant Ted Dykes Rolls First Ball At MAFS Bowling Alley

Initiating bowling as a major sport and opening a recreation facility to its large personnel, Midland Army Flying School Monday opened its new bowling alley, becoming one of the few newer Air Corps fields with such a facility.

Sgt. Ted Dykes, master kegler and winner of several places in the West Texas-New Mexico Bowling Tournament, sent the first ball rolling down one of the four maple-wooded alleys. The alleys are equipped with the finest materials and devices purchased and is complete to alleys, proper balls and pins, scoring devices, automatic pin-setters and other accessories.

Capt. James L. Duke, post exchange officer, said the alleys were open from 11 a.m. to 11 p.m. for enlisted personnel and officers. Lane fees can be paid with coupon books.

Squadron and other inter-organization bowling competition probably will be arranged.

Requested Slips From First Slot Derby Favorites

NEW YORK (AP)—Signs that the bettors and the boosters of Ben Whitaker's Requested and the weak-sisastic about prospects of a good year for themselves and a good year to produce record food supplies for the United Nations, said Oscar M. Fowler, rehabilitation supervisor for this federal agency.

"Farm families cooperating with the FSA," said Fowler, "are showing more interest than ever before. They are talking about more miles from their cows, more chickens and bigger gardens because they realize how important food has become in the fight against the aggressor nations in this second world war."

Diversification Expands

"For the past several years these families have been devoting more time to diversified farming, producing more of their living on the farm, improving their living conditions and gathering for themselves a more desirable life," he continued.

"But now, as never before, they are realizing how important the little farmers are to the cause of democracy."

"They noticed," he said, "that this year the men refer to the poultry flock as 'our chickens' and to the garden as 'our garden.' Formerly these were described as 'my wife's chickens and my wife's garden.'

More Vegetables

More news about the farm women's spring work in connection with the Food for Victory program comes from Miss Nunnally, home management supervisor for the Farm Security Administration. She reports that on average the gardens of farms in Midland County will be much larger this year than ever before and that they will contain a greater variety of vegetables. She reported also that many of these farm women have completed their plans for purchasing more land in which to put up the record food supplies which they expect to produce this year.

"Last year," said Miss Nunnally, "the poultry flocks on farms where the families were cooperating with the FSA averaged about 75 birds. This year, it is believed the flocks will average 100 head, an average gain of approximately 25 per cent.

Small Farms Needed

"We have been told that the large farms in America are producing the maximum amount of products, and that the majority of needed increases must come from the small farms throughout the United States. If this is true, then if all small farmers over the nation are planning to work as hard and produce as much as the small farmers in Midland County, I know this country need have no fear of a food shortage," Miss Nunnally declared.

So far a total of 37 leases amounting to \$19,226.00 have been made by the FSA in this county since last fall. There are 14 new families on the program this year. The FSA office, managed by Fowler, is serving 95 families in Midland, Ector and Andrews counties.

Higher Education

Sammy Byrd tells one about the time when he and some of the other Yankees spent most of a year perfecting the old "trapped ball trick."

In an exhibition game against Yale, the colleagues went on first and second, and the Yanks decided it would be a good time to try the play.

Byrd came racing in for a short fly, pretended to make the catch, dropped the ball then quickly picked it up and fired to second.

Instead of a double play, he discovered the Yale boys hadn't gone back to tag up so one was sliding into third, another was safe on second and the Hitler had reached first.

The play went right back into mothballs for the season.

Sparkling in the infield for the soldiers were Ratliff, Norman, and Lott.

Starting lineup for the Warriors include: Patterson, pitcher; Johnson, catcher; Lott, 1b; Norman, 2b; Lovett, 3b; Ratliff, ss; Miles, lf; Martin, rf; and Powell, cf.

Wesley G. Lewis is team manager. Trainer is Melvin D. Johnson and team secretary is Boyd Fitzgerald. Fred A. Davis, first Sergeant, is in charge.

Texas League Is Washout Monday

By The Associated Press

The Texas League, plagued by bad weather at the start of last season, has run into the same trouble this year.

To date eight games have been postponed, meaning almost one-fourth of the schedule for the nine days since the campaign started.

All four games were put off Monday night. Two were postponed Sunday, one Saturday night and one last Tuesday night.

Sports Roundup

By Hugh Fullerton, Jr.
Wide World Sports Columnist

NEW YORK (AP)—Latest fuel for the baseball fires comes from Jersey City's opening day ticket sale.

Jimmy Powers of the New York News nominates Mayor Frank Hague to succeed Judge Landis as baseball czar, claiming that anyone who can sell 55,000 tickets in Jersey City should be recognized as baseball's greatest promoter.

Byron Hollingsworth of the Tampa (Fla.) Times forwards an editorial from his paper suggesting that Landis should investigate the methods of selling those tickets.

Set 'Em Up Exercise

When Frank Clifford, who operates a Kansas City bowling emporium, discovered the other night that he was short a pin boy, he telephoned another establishment about two miles away.

A short time later he breathless 17-year-old trotted in and said: "I'm your man."

"You made good time," Clifford commented. "You must have caught the first street car."

"What do you mean, street car?" he interrupted. "I ran down here."

When Virgil Trucks of the Tigers was belted off the mound in his major league debut, home town papers headlined it: "Trucks Run Out Of Fuel."

Andy Pilney, Washington U. (St. Louis) golf coach, took two members of his squad out the other day to give them a few pointers. Coming to a short hole, Andy explained it called for a No. 8 iron. He proved it by making a hole in one.

Texas 4-H Boys Told Work To Win Victory

KANSAS CITY (AP)—Plainview,

Texas, boys too young to fight in the country's armed forces, were told Monday night they could help beat the Axis by raising more beef.

The youths, 65, of them, all 4-H club members, came here on Plainview's sixth annual community visit to market steers and lambs.

W. C. Bradshaw, Kansas City

commission man, told them at a dinner "when the boys set foot on a foreign shore, the first thing they want to do is eat. That is where you come in. You boys are on the first line of defense in producing food to help the men in arms fight the war."

Curtis Martin, Matador, Tex., owner of the Grand Champion steer of the Plainview Fat Stock Show received the top price of \$16.50. John H. McCorley, Happy, Texas, had the Grand Champion lamb which sold for \$12.85.

Dodgers And Red Sox Topping Heap As Major Season Gets Under Way

Yanks And Indians Miss Chance To Come Up By Losing Monday's Games

By The Associated Press

The Brooklyn Dodgers and Boston Red Sox were all alone at the head of the major league pennant parades Tuesday, having earned their positions with the help of the Chicago Cubs, the Cleveland Indians, and some of that stuff the weather bureau says is not to be mentioned.

The Dodgers bounced the Boston Braves out of a three-way partnership in the National League with a 9-2 assault, while the Cubs took care of the Pittsburgh Pirates, third member of the triumvirate that shared first place before the start of Monday's games, 8-2.

In the American League, the Red Sox dropped a 10-4 decision to the Washington Senators but clung to the lead by a half game over the New York Yankees and the St. Louis Browns.

Yanks, Indians Miss

The Yanks missed their chance to pull even with the Red Sox when their scheduled tussle with the Athletics at Philadelphia was postponed by conditions which must remain a military secret. Similar conditions possibly saved the Red Sox from further embarrassment, since a second game with the Nats had to be called off.

On top of that, the Cleveland Indians ruined the St. Louis Browns' chances of gaining the top spot by trouncing the Brownies, 4-3.

At Brooklyn, the Dodgers got a seven-hit pitching performance out of Kirby Higbe, who chalked up his first triumph of the year, and slumped three Boston pitchers for 11 blows.

At Pittsburgh, Max Butcher of the Pirates and Jake Mooty of the Cubs hooked up in a tight pitching duel for seven innings, but the Chicagoans exploded for a half dozen runs in the eighth, putting both Butcher and the game away.
