

# Jap Navy Suffers Major Blow Chinese Trap And Destroy Invaders

## Mandalay Is Attacked By Chinese Army

Other Cities Lost To Japs Re-Taken, Under Stilwell Leadership

CHUNGKING, China (P)—A strong Chinese Army force which the advancing Japanese by-passed in Central Burma has smashed hard into the exposed rear of the Japanese, recapturing the former Allied headquarters of Maymo and driving against both Lashio and Mandalay, the Chinese announced Saturday night.

This sudden maneuver, involving a forced march of more than 90 miles north from Taunggyi, already has cut off the main communication route and line of retreat of the Japanese units that pressed so quickly along the Burma Road into Yunnan Province, China, said a communique.

The Japanese in Yunnan had split into two columns to try to outflank the Chinese, but one of these columns already has been wiped out and the other is vainly trying to break out of an encirclement, said the Chinese communique.

### Japanese Trapped

Giving a broad picture of a startling reversal for the hitherto uniformly-successful Japanese campaign in Burma and Southwest China, the Chinese communique said a military spokesman said that when the Japanese rushed northward through Burma they sent one force eastward along the Burma Road and another west to complete occupation of the Lashio-Mandalay railroad and cut off Chinese troops still in the Mandalay area.

But suddenly the supposedly trapped Chinese became very active, said the communique, and the Japanese forces which had rushed ahead to cut Chinese communications now are faced with the danger of being "sandwiched" between the Chinese.

### Expect To Kill All

"It is expected that this Japanese column will be liquidated in a few days," said the communique, apparently referring to the Japanese who had moved along the Lashio-Mandalay railroad.

Maymo was recaptured Wednesday, said the Chinese, and now the Chinese are thrusting out in both directions, fiercely attacking Mandalay, 25 miles southwest of Maymo, and pushing towards Lashio, 110 miles northeast.

This development came just as the Japanese in Yunnan, in the vicinity of Chefang, were suffering what the Chinese announced Saturday was a "crushing defeat."

That invader force, with a supply artery severed, now is in dire straits, the Chinese asserted.

## Mascho Andrews Strike Swabs 8 Barrels An Hour

By Frank Gardner Oil Editor

Swabbing eight barrels of new oil hourly on a 10-hour test, Mascho Oil Company of Midland No. 1 Sun Oil Company-University Saturday opened a new Permian lime pool in Southern Andrews County.

The Mascho discovery is 660 feet out of the northeast corner of section 27, block 10, University survey, two miles northwest of the Emma pool. However, the new well is bottomed at 4,514 feet and is producing from a deeper zone than the Emma pay horizon. It has been shot with 310 quarts of nitro from 4,440 feet to total depth. Prior to taking the 10-hour test, which was gauged in a 250-barrel water tank, operator had swabbed an estimated 180 barrels of oil into pits, recovering more than double the amount of oil which had accumulated during

## THE PRESIDENT WRITES:

THE WHITE HOUSE  
WASHINGTON

Dear Mr. Sibley:

Not by machines alone will we win this war.

Unitedly, unstintingly, and without interruption or delay, we have solemnly promised to give our men a mounting tide of guns, tanks, planes and ships.

We shall keep that promise, and one promise more - that we shall preserve for them, wherever they may be, and without regard to race, creed or color, the moral and spiritual values of the democratic ideals and freedoms for which they now are fighting.

Because the USO is unitedly dedicated to that high purpose, and because that high purpose is a vital part of the job of winning this war, the USO should be supported by everybody - cheerfully, generously, and now.

Very sincerely yours,  
*Franklin D. Roosevelt*

Mr. Harper Sibley,  
President,  
United Service Organizations,  
United States Building,  
New York, N. Y.

With the USO set to raise \$3,000,000 in a nation-wide War Fund Campaign to be held May 11-July 4 to support the operation in the next year of more than 900 clubhouses and units in this country and overseas, President Roosevelt has sent to Harper Sibley, United Service Organizations president, the above letter, an enthusiastic endorsement of the work of the USO.

## Name Geologists, Engineers To War Work In Midland

Ferguson, Wahlstrom, Vertrees Named By W. T. G. Group

A joint War Effort Committee has been appointed by the West Texas Geological Society and the Permian Basin Engineers Association. Kenneth S. Ferguson, district geologist for the Shell Oil Company, is chairman. The other two members are E. A. Wahlstrom, chairman of the Goldsmith Pool Engineering Committee, and C. D. Vertrees, district geologist for the Continental Oil Company. Vertrees also serves as the South Permian Basin representative of the American Association of Petroleum Geologists.

It is the purpose and desire of this committee to be of service to all technically trained men in West Texas and New Mexico whether they are connected with the oil business or not.

The aims of this committee are threefold: first, to help win the war by aiding each technical man to find the place in which he can best serve in the armed forces of the United States or as a civilian.

The second aim is to keep a record in writing of the different experiences of technical men in seeking such places and of the results of their efforts. This written record should serve as a guide to others. The committee hopes soon to issue a mimeographed summary of this information as an index to the fuller material in its files.

It is requested that each man who has had some such experience communicate it to W. S. Ferguson, the committee chairman. Any man needing help or advice should get in touch with one of the three committee members.

The third aim of the committee is to cooperate with the different national technical and scientific organizations in attaining the first aim. The committee will cooperate with the American Association of Petroleum Geologists and its National Service Committee; also with the War Effort Committee of the Geological Society of America which W. W. Rubey represents in Washington, D. C., and with the National Register of Scientific and Specialized Personnel, which is the official government bureau for this type of work.

Ben Dansby, Jr., Midland oil operator, apparently has brought in a new pool two miles northeast of Putnam in Callahan County. His wildcat well in that area encountered a promising showing of live oil and an estimated 500,000 cubic feet of gas in the Caddo lime at 3,223 feet. The prospect temporarily has been shut in pending completion orders.

Mother's Day Founder Prays For Peace, Calls Youth To Honor Mothers In Work, Not In Gifts  
PHILADELPHIA (P)—The gray-haired spinster who founded Mother's Day suggests this year's observance be reversed because of the war.

"It will be up to the Mothers themselves to do the remembering on Sunday," said 64-year-old Anna M. Jarvis.

"Perhaps one of our boys will fall on the battlefield. Then his Mother would like to know there was a letter from home in his pocket."

Miss Jarvis' love for her own Mother led her to persuade Congress in 1914 to designate the second Sunday in May as Mother's Day. Since then, she had written thousands of letters to promote the observance in every state and in more than 50 foreign countries.

"I have another message for Mother's Day," Miss Jarvis said. "Sons and daughters should

## Allies Wary, For Still Outnumbered By Foe To Press Offensive

Victory Is Tonic For Allied Arms; But Spurs To Tightening Of Defense, For Harder Attack; All Other Battle Fronts Show Some Axis Losses

By Richard McMurray Associated Press War Editor.

A crippled Japanese armada limped desperately away from Nippon's greatest naval defeat Saturday night but even in the flush of victory, the United States and its Allies warned that the enemy might return in greater strength to Australia's approaches and attempt to convert his disaster into triumph.

The Japanese naval force broke off the great six-day battle in the Coral Sea, fleeing in a long, curling wake like the thrashing of a wounded snake after the powerful plane-ship teams of the predominately American forces had sent 11 of the mikado's proud ships in tortured wreckage to the bottom and gravely damaged six others. With the derelicts were bodies of thousands of Japan's best fighting men, fliers and seamen.

But the Allies were not yet through. In the words of a communique from Gen. Douglas MacArthur's Australian headquarters, "Our attacks will continue."

Deny Jap Claims  
Japanese claims of sinking a U. S. battleship and two carriers were flatly denied by the Navy Department in Washington as well as MacArthur's headquarters which called them "entirely fictional." Allied losses were described officially as "relatively light."

"Reports received in the Navy Department to date fail to substantiate the loss of any U. S. aircraft carrier or battleship in that action," the Washington announcement said. Details of damage to U. S. ships will be announced when it "will be without value to the enemy."

For the moment at least, Australia and its lifeline to the United States were secure and the inactive still lay firmly in Allied hands.

But the Japanese, enjoying numerical superiority and shorter communication lines than the American Navy, still had deadly naval and air forces clustered in the region of the battle and might at any time recoil in greater power.

## Says Von Spiegel Captains U-Boat Off Texas Coast

NEW ORLEANS (P)—Standing on the bridge of a German submarine that had just torpedoed their ship a deeply tanned, shortstreaked officer called out Wednesday to the survivors "Sorry we can't help you. Hope you get ashore OK."

This farewell in what was described as "perfect American" and other circumstances of the first announced sinkings of two ships by U-boats in the well-protected waters of the Gulf of Mexico Saturday brought speculation that Baron Edgar Von Spiegel, hard-bitten Nazi, had returned to fight the United States in the waters he knows best.

Von Spiegel, former German consul general for the entire Gulf Coast from Florida to Texas, with headquarters here, commanded a U-boat in the World War and it is recorded that he never sank a ship with loss of life, which earned him the title of "Germany's most chivalrous U-boat captain." The British captured Von Spiegel in 1917.

Although several officers were injured by shrapnel in Wednesday's sinkings, announced Saturday, no lives were lost and survivor stories indicated that after their ships were stopped there was a deliberate attempt to let them get off safely before the ships were sunk. They were permitted to proceed with best wishes and without molestation aboard life rafts and boats. The survivors all reached shore within a few hours.

## All Aboard For The USO!

Twenty thousand Texans will begin telling their neighbors Monday of a way to provide those important "extras" for America's fighting men.

The 20,000, from all walks of life, are the organized committees in every county, under H. C. Wiess of Houston, state chairman, who will conduct Texas' part in the \$32,000,000 War Fund campaign to finance during the coming year the United Service Organizations' work in military centers throughout the world where American fighting men are stationed.

In Midland, approximately 50 civic leaders, determined to do everything within their power for the fighting men, will gather at breakfast Monday, hoping to complete Midland's drive for \$2,344.20 by Tuesday night.

Six great welfare organizations banded together at President Roosevelt's suggestion to form the USO. They are the Salvation Army, YMCA, YWCA, National Catholic Community Service, Jewish Welfare Board and the National Travelers' Aid Association. USO centers have been opened in hundreds of training centers and the organization is now spreading its work to serve America's Armed Forces in foreign lands.

Mobile units have been established to carry recreational materials, entertainment, writing materials, cigars, candy and hundreds of other "extras" to men at lonely outposts. Traveling troupes of professional entertainers put on shows for American fighting men.

Only 360 USO centers were planned during the first year the organization functioned, but before it ended, May 1, the number had increased to 640, and 940 will be in operation by next year, the USO promises, due to the spread of war to new frontiers.

Some of the more elaborate centers are being built by the Army and turned over to the USO for operation. Others go into leased buildings or wherever space can be found. USO is following the flag. Its Manila center was wrecked by a Japanese bomb. Four of its workers were captured and five still are missing.

Warmly endorsed by service men from privates to generals, USO has the full support of President Roosevelt and the secretaries of war and navy. In Texas, Major General Richard, Donovan, Eighth Corps Area commander, aided Wiess and his associates in organizing the campaign.

County quotas have been set on a population basis and adjusted to conditions changed by war.

Wiess recently pointed out that Texas has a higher percentage of its men in service than any other state and he expects it to be a pace-maker in the USO War Fund drive. It is the civilian's service to his fighting men.

President Roosevelt has said: "The USO should be supported by everybody—cheerfully, generously and now."  
Midland and Texas will not fail the men who are guarding our freedom.

### American Legion To Make Junior High Awards To Boy, Girl

Honor Awards for outstanding accomplishments by and leadership qualities Junior High School students, a boy and a girl, again will be made this year by the Midland Legionnaires, in keeping with the state and national program of the American Legion. The committee, to cooperate with the school authorities in selecting the honor students, has been named by Bob Preston, Post commander, and includes Fred A. Wemple, Percy Mims, and Fred J. Middieton.

First awards made in Midland, a year ago, were received by Frances Hill, daughter of Mr. and Mrs. George McEntire, Jr., and Billy Holcomb, son of Mr. and Mrs. Gordon Holcomb.

Presentation of the awards will be made this year at the high school auditorium, at 1 o'clock in the afternoon, Thursday, May 14.

The Legion awards are the outstanding award made in the nation to junior high school students, and is intended to encourage a thorough study of American institutions and ideals, to prepare the young people for more intelligent, active participation in public life.

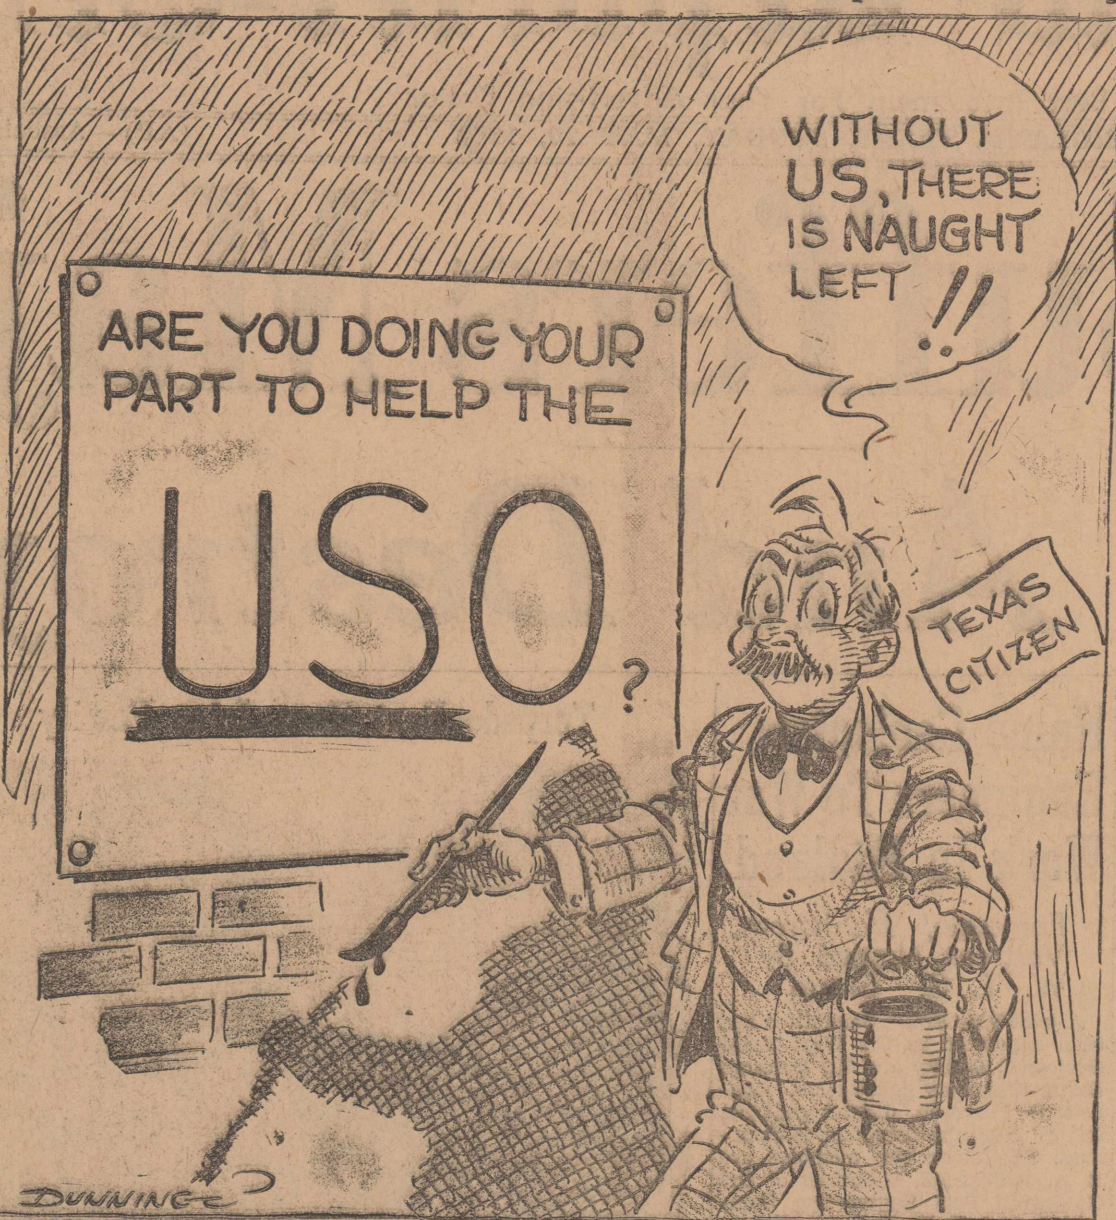

The outstanding boy is selected on his qualities of honor, courage, scholarship, leadership and service; while the girl is selected for her qualities of courage, companionship, character, service and scholarship.

### Land Owners Voting Saturday On Soil Conservation Plan

Midland County land owners will vote Saturday, May 16, on the proposed annexation of the county to the Martin-Howard Soil Conservation district, so as to get the benefit of the field workers for the lands of the county. Voting boxes will be in Midland, Warfield, Stokes, and Grenewood, it was announced by Tra Sturkie, county agent.

No county funds would be spent for this service, and no additional taxes would ever be levied for its support, it was explained by Sturkie. Funds are already allocated on a territorial basis, but are not used in any county until approved by the majority of the land owners.

### Leaders Happy Over Victory, But Say Very Little

WASHINGTON (AP)—Immensely stirred by the battle of the Coral Sea, Washingtonians regarded it as vivid proof of President Roosevelt's recent statement that enough men and materials had been poured into the Australian area to check the Southward drive of the Japanese.

At the capitol, some legislators began to talk of an early offensive in the Pacific. For one, Senator Lucas (D-Ill) declared "If we have been able to disperse the Japanese fleet in this first battle, as appears likely, our continued efforts to supply General MacArthur with more men and materials are likely to be decisive in that area and there is no reason why we cannot take the offensive soon."

Calling the engagement a "very heartening victory," Senator George (D-Ga) said the losses sustained by the Japanese might check further moves by them for a long, long time. He said he looked, however, for resumption of the sea battle.

## Ruple And Martin, Midland Soldiers, Training For Service In Hot Sands

Two Midland men are training in what Uncle Sam calls his "Little Libya", a desert training ground in California, where the men become acquainted with conditions that they would meet if soldiers in Libya or other points in other deserts of the world.

Thurston Ruple, brother of Theron Ruple, superintendent of the Midland Reporter-Telegram press room, and H. L. Martin, are these two Midland boys. They were fine mechanics here and enlisted in September, 1940, and were placed with Company C, 55th Regiment of the Quartermaster Division, which is now servicing equipment for the large contingent of men in the California desert area.

Nearing two years of service with the Army, these boys are now getting a special experience serving mechanized units in mimic warfare in the hot sands country.

A recent story carried by the United Press gives a graphic picture of these desert maneuvers. It tells of the fast work of these practical mechanical units, driving across the sands. It tells of the attack, of how the support was planned for airplanes, etc., etc., and goes on to say:

Battalions of medium and light tanks were supported by self-propelled half-tractor tank destroyer 75mm. guns, field artillery, reconnaissance companies, motorized infantry, and supply and service units.

The new training area, with main camp and headquarters in the Chuckwalla Valley, touches three states, Arizona, California and Nevada. It is almost 200 miles long by 100 miles wide, and in it may be found nearly every conceivable type of desert terrain from virtually impassable mountains to flat dry lakes.

Officers and men are all seasoned, with previous tank training, sent into the desert as a sort of "finishing school", where summer temperatures of 130 degrees in the shade are common, so that they may be sent overseas to join American armored divisions.

These men have been in the desert a month, right where jackrabbits and rattlesnakes had held full sway, and they have a real setup that is as comfortable as possible in such heat. The camp stretches for miles across the sands. They are making "raids", going one day's travel out, "fighting" one day, and returning the next. It is a hot, jolting

## New Pipeline Is Approved, Old To Be Re-Located

WASHINGTON (AP)—W. R. Boyd, Jr., chairman of the Petroleum Industry's War Council, announced that a program had been worked out for relocating existing pipelines and extending others. These changes, when combined with transportation of oil by barges and tank cars, would increase the daily amount of crude oil and products delivered to the East to a total of 700,000 to 800,000 barrels a day, exclusive of ocean-going tanker delivery.

He asserted, however, that even this total figure was below the 1,265,000 barrels a day estimated as the minimum essential supply and added that a new pipe line, sufficiently large to supply the shortage, was the only answer. The pipeline committee of the council, he said, therefore recommended construction of a 24-inch line from the East Texas area, through Salem, Ill., to the New York-Philadelphia refining area. Construction of such a line would require about a year, he said.

Of changes in existing pipelines, Boyd said that one line starting in the Baton Rouge, Louisiana, area, would have its flow increased 50 per cent by installing intermediate pump stations.

The line now ends in North Carolina, he said, but would be extended to a point somewhere north of Norfolk, Va. The program also involves the extension of some lines from the Texas, Louisiana and Arkansas fields to the Mississippi River to facilitate inland waterway shipments, he said.

## 'Hell From Heaven' Now Universal Term

The name and fame of Midland Army Flying School's "Hell from Heaven" men has spread nationwide. It is practically a stock name now for bombardiers.

Came a letter to the MAFS public relations officer, address to the Hell From Heaven Flying School. It was from Camp Wolters and read: "From the selectee's West Point to the Hell from Heaven boys".

Recently a large daily newspaper in the United States, evidently noting that "Hell from Heaven" meant bombardiers at Midland, ran a full page illustration without even bothering to name the school other than "Hell from Heaven" bombardier college.

And, it is Ruple and Martin who help keep these mechanized units on the go. They study the effect of heat, of sand, on motors and all other mechanical elements. When they go into actual fighting, they will know the answers. They report the experience very interesting, and very different from ordinary Army maneuvers. And . . . they like it.

# Alsab Tops Requested, Sun Again To Win In Preakness Stakes Saturday At Pimlico Downs

## Junior Champion Moves Up From Far Back To Win

By Sid Feder  
PIMLICO, Baltimore—(P)—Alsab came back Saturday. With the same thunder in his legs and iron in his heart that carried him to greatness a year ago, the little colt roared down Pimlico's stretch to win the classic Preakness Stakes and end the jinx on him all this year.

He did it the hard way, too, as a record crowd of 42,000 fans roared him on. He came from far back and on the outside to run over eight of the nine other horses in the field in the last quarter mile and finish on top by a length.

Ben Whitaker's Requested from Texas and Warren Wright's Sun Again, the big youngster who was a doubtful starter until two hours before post-time, battled it out for second honors.

They hit the tape so close, first neck and neck, then head and head and finally nose and nose on the wire that not even the camera could split them and they finished in a dead heat. A length back of them came Maryland's pride, R. Sterling Clark's Colchis.

Half a length back of them was last week's Kentucky Derby hero—Shut Out.

Fair Call, owned by Mrs. Barclay Douglas, of Long Island, was sixth; Emerson F. Woodward's Valdina Orphan, the long-legged Texan who ran third in the Derby, was seventh; Mrs. Whitney's "Glamor Boy," Devil Driver, supposed to be better than Shut Out, stopped cold and was eighth; William Woodward's Apache was a tired ninth after cutting out the pace for three-quarters of a mile, and the English-bred Domingo, from the barn of moviemani Louis B. Mayer, chased all the others home.

Although he was second to Shut Out a week ago, even the bettors knew Alsab was not. They backed him down to the favorite's slot at \$2.05 to 1 and let the Whitney double-threat ride at \$2.40 to 1.

In picking up \$58,175 for his first victory this year "The Sab" boosted his all-time earnings to \$182,075.

Alsab will go to Belmont Park Tuesday to run in the Withers and Belmont Stakes.

The dead-heat for second turned up some peculiar odds in the place and show pools, although Alsab was

## Jefferson High Wins State Track And Field Meet

AUSTIN (P)—Thomas Jefferson High School of San Antonio Saturday won the 1942 state interscholastic track and field meet with a total of 17 points.

Sunset High of Dallas was second with 13 points, Jefferson Davis of Houston was third with 12 1/2 points, John Reagan of Houston was fourth with 12, Alamo Heights of San Antonio fifth with 10 and Brackenridge of San Antonio sixth with nine.

Charles Parker of Thomas Jefferson was high-point man with 11 1/4 points followed closely by Steven Loube of Jeff Davis with 10.7.

Two new state interscholastic track and field records were set almost simultaneously when the 440-yard relay team of Thomas Jefferson school in San Antonio was clocked 43.1 seconds and Dewitt Coulter of Masonic Home in Fort Worth hurled the shot an even 56 feet.

## Benton Notches First Win For Detroit Nine

DETROIT (P)—Hard luck Al Benton, top 1941 Detroit Tiger pitcher who had gone without a victory in five starts, Saturday notched his first triumph by blanking the Cleveland Indians, 1 to 0, in an abbreviated game. The contest was called in the Detroit half of the sixth because of weather.

In extending Detroit's home winning streak to eight games, Benton pitched two hits, both by Manager Lou Boudreau of the Indians. His mates gathered seven of the veteran Mel Harder, who was charged with his second defeat against two victories, Jimmy Bloodworth singled home the lone marker in the fifth. The score R H E Cleveland ..... 000 000-0 1 0 Detroit ..... 000 010-1 7 0 Harder and Denning; Benton and Tebbets.

## Southwest Conference O. K.'s Service Teams

DALLAS (P)—The Southwest Conference football champion either will play in the Cotton Bowl or not appear in any bowl game under a rule passed by the faculty committee at its spring meeting Saturday. Six of the seven members voted to commit the champion to the Dallas classic. The University of Texas, did not join in the movement.

The conference fathers also made provisions for football games with Service Teams and will likely follow the same plan in other sports. Varsity, freshman and B squads can play Service Teams.

\$3.70 in the second "hole," and \$3.40 in third, Requested was \$6.10 for place and \$8.70 for show and Sun Again was \$4.00 and \$5.10.

## American League Makes Thousands For War Relief

CHICAGO (P)—President Will Harridge of the American League predicted Saturday that the league would contribute \$375,000 to the Army and Navy Relief Funds.

## White Sox Snap Losing Streak By 2-1 Victory

ST. LOUIS (P)—The desperate Chicago White Sox broke a six-game losing streak and almost broke Johnny Niggeling's heart as they made three hits, all in the first inning, yield a 2 to 1 victory over the St. Louis Browns Saturday.

## Vander Meer Goes Route As Reds Stop Cardinals

CINCINNATI (P)—Johnny Vander Meer, pitching nine innings without issuing a walk for the first time in his career, gave the Cincinnati Reds their first 1942 victory over the pounding St. Louis Cardinals Saturday. The score was 5 to 2.

## SPORTS--BOMBER

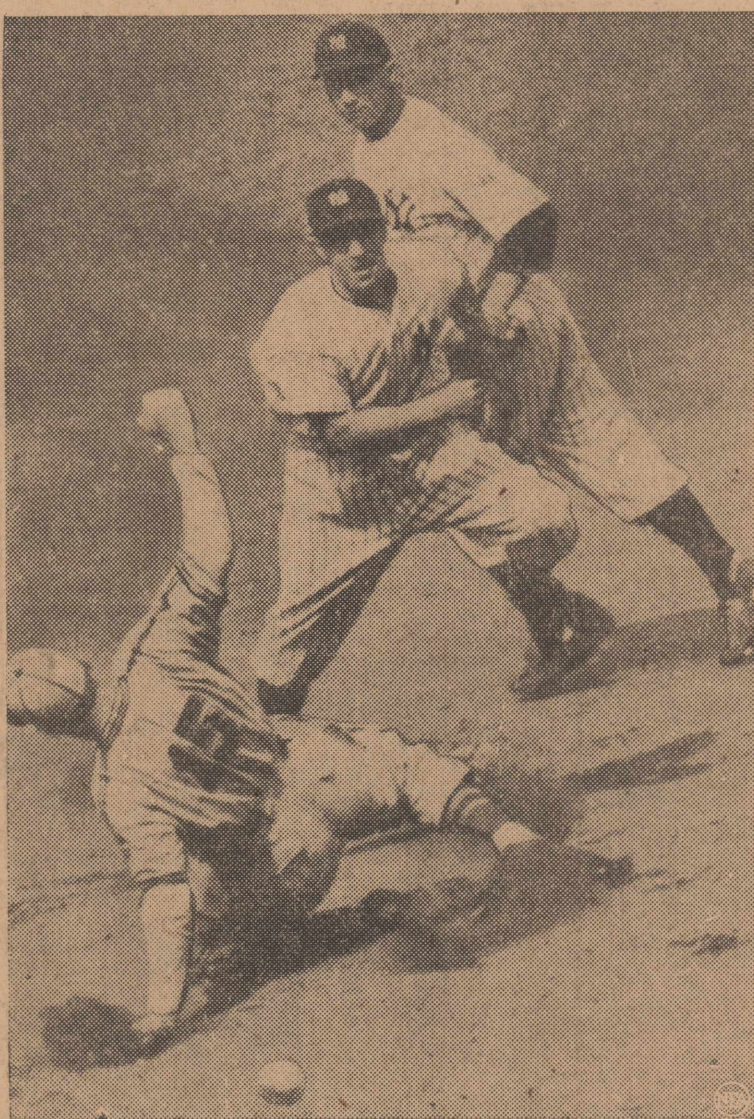

Here is a short sport saga, but long on human interest and in the signs of the times-wartime! Bombarrier Cadet Larry Covin of MAFS is the LARRY COVIN of Lone Star Conference fame. Larry won three football letters at Stephen F. Austin Teachers College in Texas. Also he was a sprinter on the track team and number two golfer of the school's varsity team. Larry was captain in football and made the all-Lone Star Conference eleven. Larry had a brother at North Texas State Teachers College. That brother was all-conference too. They were great friendly rivals. Now what do you think? Larry's in the Army Air Force—his brother in the Naval Air Force. That makes them both "All-American" and on the same team—Uncle Sam's. And, what an aerial attack the Covin brothers and their team mates are going to stage.

Dixie plays for blood! Yankees are deadly! Sounds like a bad battle deal but that's not the point this time. The point is: now with athletes from South and North congregation in Army camps it gives a chance to observe how each acts in sports. Yes, the Rebel plays for keeps and is a hot-tempered competitor. His Yankee brother is cooler and methodically cautious but determined in a longer term sort of way. Which is the best athlete cannot be wholly answered. But take a slant at the two types on the softball diamond—both have the build and the physical properties to start with they drift off into different temperaments as the game gets underway. Probably the Yankee is pitching; the Rebel batting. There's the pitch and mayhaps the Reb slashes out and misses. He has some words about that little strike. The Yank grins and gets ready for another one. Thud to catcher's mitt and Johnny Rebel missed again. More words-louder and the face gets red, and redder. A little Yankee banter and the deep South boy is ready to use the bat and not to hit the ball either. Better leave the story drop before that third pitch for fear of thunderous revival of Green and Lee. So it's all in sport and both Blue and Grey athletes make good soldier-sportsmen.

Schoolboy Rowe is seeing things this season—that he never saw before. Rowe could count on his fingers all the American League managers he has seen chased in his nine years of baseball. Not in the National League, though. In his first four days with Brooklyn, Rowe saw three pilots get the heave—Frank Frisch, Billy Southworth, and Leo Durocher. As other sights added to his first four days in the senior loop, he saw six of his teammates get the air. Rowe has never been put out of a game or fined—I'm just wondering if he can keep his slate clean since he joined the ranks

## Best Double Play Combination

Phil Rizzuto takes toss from Joe Gordon, who circles behind him forces Glen McQuillen of Browns at second and whips ball to Buddy Hassett at first to nip George McQuinn. Baseball's slickest double play combination was broken up temporarily when Gordon was forced out of Yankee lineup with injury.

## Sports Slants

By Shorty Shelburne

Lew Jenkins—the "sweet swatter from Sweetwater." The man with the motorcycle brain. He is going to take on Fritzie Zivic in a welterweight scrap, it has been announced. And about the only reason I can see in it is to make a little "dough." Jenkins and Zivic fought to a draw in 10 rounds in December, 1940, but Lew has slipped a lot since then. From where I sit, it looks like Zivic should polish Jenkins off in short order.

Midland High's Bulldogs will be playing Brownfield for the first time in a number of years when the two teams meet to open the season next September. And, judging from what the Cubs did last season with practically the same team they will have next season, it will get a flying start.

Coming to think of it, our own Midland High squad may be a bit on the salty side in the coming campaign.

Old Dog Learns New Tricks  
Larry French, one of the Brooklyn pitchers, offers evidence that "an old dog can learn new tricks." It was new to Larry, anyway. French broke, no fewer than 15 knuckle balls in his brilliant 11-inning, 3-1 victory over the Cardinals recently. And the Brooklyn southpaw says the knuckle ball is newly developed with him ... Leo Durocher should welcome all new developments like that one. It adds to the marks in the won column of the standings.

Schoolboy Rowe is seeing things this season—that he never saw before. Rowe could count on his fingers all the American League managers he has seen chased in his nine years of baseball. Not in the National League, though. In his first four days with Brooklyn, Rowe saw three pilots get the heave—Frank Frisch, Billy Southworth, and Leo Durocher. ## Ordnance Squadron At MAFS Will Be Source Of Plenty Good Softball Men

Currently the hottest soldier softball team at Midland Army Flying School is the Ordnance outfit—a galaxy of ex-civilian stars that have shone on many diamonds of the U. S.

Pitcher Pvt. Johnny Carroll who helped toss the Cincinnati, Ohio American Legion team to the national semi-finals in 1937, is one of the aces. He pitched semi-pro ball in 1938-39 after four years of high school baseball. Also Carroll twirled for Deland in the Florida State League, winning 11 and losing only 4. So rich is the Ordnance gang in talent, men like Carroll play outfield.

National Aces  
Speaking of pitching, there is moundman Pvt. C. M. York, winner of 13 games while losing 2 with the Newburn, N. C. team of the Coastal Plain League, Class D. York pitched four years at Staley, N. C. and 5 years with the McCrary Eagles, winner of third place in the national tourney at Wichita, Kas.

Buddy Day played in the Mountain State League, Ashland, Ky. in 1940 and hit .368, was sold in 1941 to the Cincinnati Reds and sent to their farm for seasoning at Columbus, S. C. Had not Uncle Sam beckoned Mister Day would be having his day with the Syracuse Chiefs in the International League this year.

Staff Sergeant Pete Archerda is a shortstop for you and Ordnance and a good one. Pete, from Grass Valley, Calif., played four years in high school and three years in the Sacramento Valley League. He turned down contracts to play professionally with the San Francisco Seals and St. Louis Cardinals.

The Ordnance team is glad it has Pvt. George "Toughie" Rose, outfielder. This tough baseballer took a turn with a Boston, Mass. high school and for five years was outfielder for a team in the Boston Park League. One year he played for Burlington, Vermont in the Northern League and had a tryout with Harrisburg in the New York-Pennsylvania League.

Ike Is Good  
S. Sgt. Richard R. Ike can boast of championship membership. He played softball with Company E of the North Dakota National Guard, which copped the Regional championship two years straight 1929-30. Also Ike pitched semi-pro baseball in the lower Yellowstone League at Sidney, Montana.

Sure and begorra Pvt. Patrick McDonnell played with Burr-Paterson team, Detroit.

## Simpson Loses In State Tournament

AUSTIN (P)—Clarence Mabray of Alice High tops Interscholastic League tennis players for the year. He won the singles crown by defeating Don Goldbeck of Brackenridge, San Antonio in the finals. Mabray encountered a bit of trouble when he met Jack Simpson, Midland High ace, in a semi-finals match.

Simpson was defeated by the champion only in the state meet where Texas' best court-artists congregate.

Jack Hight and Bernard Bartzon of San Angelo won the boys' doubles division in a tough fight which Corpus Christi dropped by default when each team held two matches.

Michigan, state champions in 1940. He was signed by the Briggs Club of Detroit, which went to the World Series semi-finals in softball in Detroit, 1941. He's a centerfielder.

Don't forget Pvt. Dixon "Dixie" Kirk, who played with Berger in the West Texas-New Mexico League in 1939 and a semi-pro player down Houston, Tex., way a lots.

Another reason for the Ordnance percentage elevation is Pvt. C. B. Curry, a Texan from Buffalo and Kennard, where he played at both cities. He was on a civilian conservation corps team at Kennard.

Hardy Is Good Hand  
Pfc. John Hardy makes a softball hand for the Ordnance. Hardy played for Calvert Hall high school in Baltimore for two years and was third sacker for an independent team in Baltimore also.

Pvt. Carl E. Layman was a softball man for Caneyville, Ky. and with a CCC team at Henderson, Ky. Also he played at Leitchfield, Ky.

Pvt. Anthony "Tony" Romito played for oil company teams before entering the service.

hand from him. Today's hand is one of his contributions which brings up an interesting point in defense.

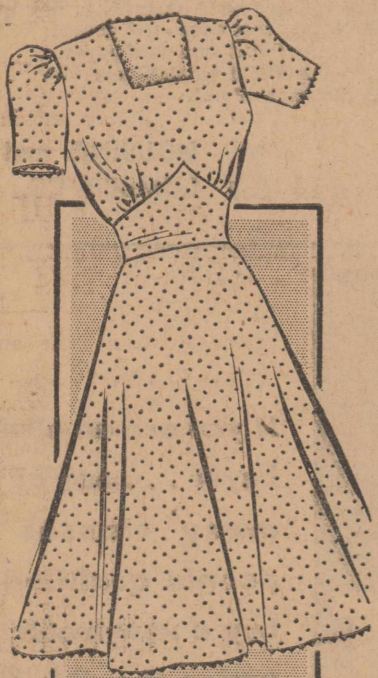

After winning the first trick with the queen of clubs, declarer led a low diamond and the jack lost to the queen. West exited with a heart. After some thought, declarer took the finesse and Murray, sitting East, won with the king.

Now the "book" lead in returning partner's suit, from a four-card length, is the lowest card. But, as Murray points out, a low club lead here is not good. Declarer is known to have had four clubs originally. A low club lead would allow declarer to play low, thus forcing West in, and limiting his club losses to two tricks. The only chance is to lead the jack, hoping that West has as good as the ace-ten.

**YOU DON'T SAY NO TO A SERGEANT**  
FORT GEORGE G. MEADE, Md. (AP)—There wasn't a seat left in Constitution Hall in Washington for a concert of the Philadelphia Symphony Orchestra, but the usher told Sgt. J. H. Althen to "stick around a minute."

A moment later Mrs. A. A. Berle, Jr., wife of the assistant secretary of state, appeared, told the usher her husband had been detained, and asked if anyone wanted the vacant seat in their box? Sergeant Althen did and Mrs. Berle pointed out to him all the notables during intermission.

## For Dress And Play

Every active young woman will approve this thrifty combination pattern which offers a frock and a play suit. The frock is soft and feminine, with a cool low neckline, soft bodice, snug set-in belt and back. For a play suit, use shoulder ruffles in place of sleeves, shorten the skirt and repeat the same back buttoning. Both are smart in cottons so plan to have both—the cost will be so little.

Pattern No. 8176 is in sizes 10 to 20. Size 12 street dress, monotone requires 3 3/4 yards 35-inch material, 9 yards ric rac. Sports dress 2 5/8 yards plus 1 1/8 yards contrast for sleeves, belt and hem. For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

## Rationing Board Sets Total For Sugar Poll

Final count in the individual sugar rationing registration released by the Midland County War Ration Board shows a total of 12,983 applications for the entire county—revealing an increase in population since 1940 of at least 1,292 persons. The sugar rationing registration is a good method of determining population since every person supposedly has registered.

Sugar registration in the city of Midland totaled 12,038 and rural registrations totaled 945. Only 2014 stamps were detached from books of persons having an excess of sugar on hand. Rationing books issued totaled 12,777, no books being issued to people having a sugar supply on hand covering two or more months.

FRANTIC WEEKEND

BY EDMUND FANCOTT

MAROOINED AGAIN CHAPTER XXII

PEGGY, pleased with her brilliant staff work, slid into the water in her Hawaiian swimming suit. To the average man she would have been a perfect completion of the morning scene on that quiet lake, but Baldy closed his eyes. It was all like the cover of a travel folder—Peggy the inevitable pretty girl with an attractive figure. All his life he had been plagued with pretty girls and sentimental scenery in the show business. He lay back and shut his eyes to forget it.

If it had been Peggy's sister, Baldy mused, he might have kept his eyes open. In these days of fancy make-up and beauty business it was seldom one saw an honest-to-goodness homely face, one that had no nonsense behind it. Yes, she was quite a girl, and if he were a younger man without all that alimony to pay, he'd pick a girl like that.

Yes, a man could go places with a girl like Myra and not be afraid to leave her alone for fear of having hanging around while he was away. That was the trouble with Blossom. That was the trouble with Maisie and Angela. He'd picked 'em from the show business when he still thought a pretty face was a fortune and good figures added up to something. But a man learned even if he had to pay and keep on paying for it.

Baldy's thoughts drifted until he dozed off into quiet slumber. When Peggy came out of the water she covered his open mouth with his handkerchief to keep the flies out and lay down to drift in the sun and dream of her swift flight to fame. When she was at the top she would come back to Montreal in beautiful clothes. Then some faces she knew would go green with envy. With this unworthy thought she drifted into a complicated daydream.

Neither of them saw the reconnaissance patrol in the woods on the shore of the lake. Neither saw the two soldiers with the skill of trained campaigners put off in the other canoe, approach the island

silently, land and creep around to the blue canoe. Neither heard a sound and neither noticed the blue canoe drift lazily into the lake, aided by a gentle push.

When Peggy sat up, the blue canoe was almost 50 yards from the island, just about to drift out of sight. She looked at Baldy. He was asleep. She could swim out and get the canoe and bring it back. Peggy ran around the island and dived into the water, cutting through it with the clean strokes of a good swimmer, but the canoe seemed to be moving steadily away.

Slowly she reduced the distance but it was a long pull. She was getting tired when Nigel swam easily around the end of the canoe and with careful skill hoisted himself aboard.

Peggy paddled the water with a look of surprise on her face. Only then did she suspect a trap.

Nigel grinned down at her and paddled the canoe by her side.

"Want a lift?" he offered with a broad smile.

She clambered aboard, suppressing a sudden desire to tip Nigel out of the canoe, restrained by a realization that she was too tired for fooling. She looked at Nigel, her green eyes calculating the proper reply to his obvious grin of triumph.

"Paddle back to pick Baldy up," she said at last.

"Nothing doing," said Nigel. "Let him swim back."

PEGGY'S temper flared. "You . . . you beast! I know what this is! It's all part of a plot to cheat Baldy and cheat me. Beasts! All of you! I hate them and you too! I loathe you! I never want to see you again!"

A man in love, Nigel should have been disturbed by this burst of passion, but he had had the most of the morning to think about it and had been warned of Peggy's violent temper by Myra.

He rediscovered that in Peggy's company he felt stimulated in some inexplicable but very pleasant way. Her burst of anger made him laugh with pleasure and his laugh only made her temper

worse. What she said in the next few minutes as they pulled to the shore should have withered him and cast his spirits to the depths. She made it quite clear, and in biting language, that his face, his person, his character, and everything about him in minutest detail, were the most hateful and most despicable traits she had yet met with. Furthermore, she was going to take good care that she never saw anything of him again.

This made him laugh more than ever, delighted to see how vital and attractive her face was when she was angry.

His laughter was the last straw to her impatience and as he threw back his head in delight she jumped up on the side of the canoe, overturning it, pitching both of them into the water.

Nigel swallowed more water than was good for his comfort and came up spluttering and gasping. Peggy wrenched at his hair and pushed him under again. He came up again flailing and gasping. She put her foot in his face and pushed hard. She felt it was a very satisfying climax.

Nigel came up the third time, thoroughly disconcerted, and when he got his breath he saw Peggy clinging to him. His eyes took on a determination that sent her with a plunge and a fast stroke towards the shore. Nigel was after her, gaining on her. She stretched every ounce of strength to beat him and had just touched the wooden wharf when his hand wrenched her away. In a moment his strong arms had turned her around to revenge his ducking when a sudden twist of emotion as they touched one another crushed their lips together.

With a frightened gasp, fearful of her own inner turmoil, Peggy pushed him away, clambered to the wharf and ran to the boat-house.

He watched her go with strangely still eyes. She turned as she stopped by the door of the boat-house.

"I still hate you," she cried. Then he began to smile again.

Demands Exhaust Funds For Farm Aid, Will Be Available After July 1

The heaviest demands in the history of the Farm Security Administration by low-income farm families and small operators for loans with which to produce increased war foods has exhausted this agency's current loan funds, according to word received here this week by Oscar M. Fowler, rehabilitation supervisor, with officers in the Court House.

"Although all-out food for victory cooperation of Midland County farm families unable to secure other production credit has been extensive, the need for assistance was far greater than Farm Security's loan budget," said Fowler. "As a result," he continued, "new Farm Security Administration loans cannot be made until congressional action has been completed on appropriation for the new fiscal year, beginning July 1."

To assist the nation's war effort, the FSA had introduced a new loan program known as the Food for Victory loan program. This was handled in addition to the regular rehabilitation program. Food for Victory loans were available to extremely low-income and part-time farmers who were not immediately eligible for the agency's regular loans.

Approximately 1500 of the special Food for Victory loans have been made in the West Texas and New Mexico area served by the Amarillo, FSA office. The Regular FSA rehabilitation loans are serving thousands of other low-income farmers in this same area.

Indicative of the all-out Food for Victory efforts of local farmers is the fact that rehabilitation loans totaling \$19,226.00 have been made this year to farm families in Midland County. In addition to these rehabilitation loans, many small and part-time farm families have received loans for the production of

food for home use and market.

Farm Machinery Plan

Farm Security cooperatives for joint use of farm machinery and equipment, and other cooperative facilities that save vital materials for the war effort are serving 15 farm families in Midland County.

"Moreover," he concluded, "we will do all we can to assist needy farm families in obtaining credit from other federal or private lending agencies in order that these people may produce a maximum amount of food this season."

### Jap Navy--

(Continued from page 1)

United Nations.

A "powerful force" of huge British bombers—meaning several hundred—returned to its task of destruction of Europe's second front, leaving a German aircraft factory at Warnemunde in seething flames, and again hammering the Baltic port of Rostock, already a shambles from four recent heavy raids.

These were blows of attrition against Nazi submarine nests and the Luftwaffe. Daylight raiders continued to attack the bustling coast of Northern Europe.

The amazing Russians proceeded grimly with their mission of killing Germans—60,000 before Leningrad alone in two months—and charged for the first time that the frustrated Nazis had used poison gas. The charge perhaps was a prelude to even bloodier and ghastlier warfare which appears imminent on the vast 2,000-mile eastern front.

**Japs Bomb Port**  
The Japanese bombed the Indian port of Chittagong, 220 air miles from Calcutta, twice, but the damage was slight. At the opposite end of the Indian Ocean, the British proceeded to mop up scattered Vichy resistance in Madagascar and secure its strategic position against Adolf Hitler's Oriental Axis partners. The French said two forest still were resisting.

The African battlefield remains quiescent in sweltering desert sunshine, and Malta's defenses claim- ed ten more German planes.

All in all, it was a good picture which Winston Churchill could paint for his worldwide audience in a radio address.

The British Prime Minister whose sally rhetoric has done much to rally the United Nations to a fighting pitch, had an enormous story of cheer to tell of the great sea battle off Australia, even though the victorious forces were predominantly American.

In the Coral Sea graveyard lay a Japanese aircraft carrier, two cruisers, two destroyers, four gunboats and two supply or transport ships. Another carrier probably was sunk, but the Allies said officially it was damaged along with two other cruisers, a seaplane tender and two transports or supply ships.

### Many False Claims

The Japanese, indeed, acknowledged the loss of a carrier and 31 planes, but claimed the sinking of an American battleship, two carriers and a destroyer. The Japanese said they damaged three other warships and shot down 81 planes, but it sounded like Tokyo was whistling in the dark to keep up its courage.

A similar flamboyant claim of victory came from Admiral Sankichi Takahashi, former commander of the Japanese Navy. He said: "The fate of Australia seems to have been sealed and her days seem to be very much numbered."

More logically, Secretary of State Hull commented that it was difficult to restrain one's self from expressions equal to the magnitude of the victory. But he too cautioned against conclusions before the full facts are at hand.

These facts include the Allied losses, and the disposition of Japanese naval power still within striking distance. Japan's main fleet has been reported at the mandated island of Truk, to the northeast of the Coral Sea and it appeared might return with strength greater than he has ever before deployed on the high seas.

Japan's losses were inflicted where they hurt the most, since already there was evidence that the enemy was feeling the pinch of shipping losses.

The victory meant that at least two and perhaps three of her eight or nine regular carriers were sunk. The cruiser strength had been reduced by 19, or 35 per cent. At least 37 destroyers had been sunk, or 20 per cent of her strength in that category.

Allied headquarters felt that the spearhead of the first major Japanese thrust toward Australia or its supply lines had been broken or blunted.

Preliminary accounts ranked the battle's magnitude with those of Macassar Strait, the Sea of Java or Matapan—and fuller accounts might even place it in the category of the Battle of Jutland, one of history's turning points.

**GUESTS OF JOHN B. MILLS**  
Mrs. L. C. Harrison of Lubbock and her mother, Mrs. J. J. Mills, were Saturday night guests of their brother and son, John B. Mills, and Mrs. Mills here.

On initial natural production test it flowed 120.1 barrels of oil in 24 hours through 2-inch tubing swung at 10,106 feet. The well is three and one-half miles northeast of Monahans. It is near the center of a 30-section block held by Shell.

Several miles east of the south end of the Shipley pool in Southeastern Ward, Jimmie O'Quinn and Ray Pool No. 1 Nichols logged increase in oil in sandy lime from 2,434-29 feet, total depth, and shut down until Monday, when operators will start running casing. It had 1,200 feet of oil in the hole from pay zone entered at 2,339 feet.

Plymouth Oil Company announced Saturday it will plug and abandon its No. 1 D. L. Alford et al., Eastern Upton County wildcat and deepest active operation in West Texas. Total depth is 10,384 1/2 feet in chert and lime. Small-like progress through the hard chert section resulted in decision of owner to abandon the project, which apparently failed to reach its objective, the Ordovician.

### Deferred Men Must Work Or Go To Army

AUSTIN (AP)—Many Selective Service registrants deferred from military service because of dependents eventually will be inducted unless they become engaged in activities essential to the war, General J. Watt Page, state Selective Service director, asserted Saturday.

"We are rapidly approaching the stage where everyone must be either working or fighting to win this war," General Page said.

War requirements--the demand for manpower by essential industries and the armed forces--will compel many local boards within the next several months to find selectees for their quotas among registrants who have dependents, he declared.

## MAFS--Prop Wash

A new class of cadets starting to work, technical graduation, Camel Caravan, and just plain routine rounded out the week at Midland Army Flying School.

Of course the personnel read about MAFS in Collier's Magazine, are looking forward to next week's issue of Life Magazine, and a staff writer for Saturday Evening Post will come soon to see what makes bombardiers.

Squadron and organization chat: Headquarters & Headquarters Squadron

One recent night Staff Sgt. William W. Shoulers was C. Q. He carefully set his alarm clock in order to wake some of the boys up about 5 a. m. A "friend" slips up and runs Shoulers' clock up. Result—Shoulers prodded some very sleepy men and got them up hours too early . . . No casualties.

The first class of chemical warfare for Headquarters has been completed. A second starts this week. Instructors included Sgt. Murray W. Newsel, Sgt. Ray H. Gaabo, and Captain Knox.

Technical Sergeant Carmel Mixon was promoted to rank of master sergeant. He is chief clerk at a bomb trainer.

Promotions: (to rank of private first class): Pvt. Henry B. Abrams, Joseph Berthelme, Truman Lains, A. M. Massey, A. L. McClelland, Don Steffler, Frank Valent, and Richard Wind.

Pfc. Horace Busby was promoted to rank of corporal. 487th School Squadron

Three squadron members who have been helping to "Keep 'em Flying" are going to learn to

fly 'em themselves—Sgt. Lloyd C. Langseth, Corp. Scott C. Johnson, and Pvt. Jack I. Phillips have qualified for aviation cadet training.

Pfc. John Kimmins, Pfc. Theodore Knauf and Pvt. K. Klime have gone to Sheppard Field, Texas, for aviation mechanics training.

With the new date for the G. I. Pollies set for May 23, members of the cast are concentrating on putting a fine polish on the dance routines, skits and songs.

Quarter-finalists in the squadron table tennis tournament are Sgt. Keith Johnson vs. Sgt. Jewell Germany, and Pvt. Omar Hunt vs. Pvt. Joe Hoffman. After the conclusion of the present table tennis competition a pool contest for squadron members gets underway. First Sergeant John P. Huff, Jr., and Tech. Sgt. Howard F. Berry motored to Carlsbad Caverns Sunday last.

Sgt. Ray P. Moore is visiting in Dallas with friends. (Furlough).

33rd Air Base Squadron

The 33rd concluded its chemical warfare course last week. It was conducted by Sgt. Homer L. Bourland and Staff Sgt. Kenneth B. Ritchie.

With the softball season now well underway, the 33rd has its official umpires: Pfc. John Weslo and Pvt. Wendell Shannon.

Promoted to master sergeants this week were Tech. Sgts. Robert Fairlee and Ted Dykes.

Master Sergeant Tony Bauer will soon be commissioned a first lieutenant, reporting for duty at a new post.

Sgt. John J. Herbert, Pfc. Weslo and Pvt. George Scharmett are hard at bowling practice in order to challenge all other teams.

### Galveston Leads Texas Building

By The Associated Press  
A war housing project costing \$724,787 gave Galveston an easy lead in building permit totals issued for Texas cities last week. Galveston's total permits were 870-404 and Houston was second with 827,045.

Engineering projects costing \$1-132,361 were reported for the week by the Texas Contractor which also reported that contracts for April came to \$75,739,692, three times the total for April of last year.

Cities reporting:

CITY	WEEK	YEAR
Galveston	\$730,404	\$1,346,349
Houston	257,045	5,333,630

## Miss Peggy Mathis, MAFS Officer Wed

### Archway Of Bombs For Couple Stresses Military Theme

With the Rev. Theodore G. Schoech officiating, Miss Peggy Mathis, daughter of Mrs. R. J. Silberman of Midland, and Lieutenant Clifton A. Grisso of Roanoke, Virginia, and Midland Army Flying School were married in the post chapel, Friday evening at 8 o'clock.

Trees of woodwardia fern and baskets of calla lilies and salmon-pink gladiolus decorated the altar which was lighted by twin seven-branched candelabra holding white tapers.

Proceeding the ceremony, the tapers were lighted by Private Jim Navrogeorge and Corp. J. K. Kellerman, at the organ, played "I Love You Truly" and "O Promise Me," and sang the pre-nuptial solo, "Because." He also presented the wedding marches.

Mrs. T. H. Stringer attended the bride as matron of honor and Lieutenant James B. Crain of Midland Army Flying School was best man. The bride wore a tailored suit of pearl gray gabardine with rose-cream silk blouse. Her brimmed felt hat was brown and other accessories in cream de cocoa and her corsage of green orchids.

Mrs. Stringer wore a beige-and-green printed silk jersey frock with green linen jacket and brown accessories and her corsage was of purple orchids.

Arch of Bombs  
Leaving the chapel, Lieutenant Grisso and his bride walked beneath an archway of bombs held aloft by officers, the Bombardier College's unique interpretation of the traditional arch of sabres. The military motif was further car-

ried out when the young couple entered a jeep and were driven away from the church by a khaki-uniformed chauffeur. Immediately afterward they left by automobile for a brief honeymoon trip to Dallas and Austin. They will return Monday night and will be at home at 400 W. Storey.

Mrs. Grisso is a graduate of Wichita Falls High School. She attended Hardin-Simmons University of Abilene for two years and the University of Texas for two years. At the latter school she was a charter member of A. O. P. She has lived in Midland nearly five years and is secretary to the manager of KRLL radio station.

Lieutenant Grisso is a graduate of the University of Virginia where he was a member of Phi Delta Kappa, honorary educational fraternity. He is now a first lieutenant bombardier instructor with the Fourth Training Squadron at Midland Army Flying School.

PLASTIC threads, so supple they can be handled like fibre, make this lacy mesh bag of medium price. Josef designed it, with mesh handles, a solid plastic frame. It comes in red, white, navy, black, beige, or brown. Its rough texture harmonizes with the texture of the huge star cartwheel.

## Artist-Singer Will Appear In Concert Here

Midland Civic Music Club will present Miss Mary Louise Beltz, head of the voice department of Mary Hardin-Baylor College at Belton, in artist recital at the high school auditorium, Wednesday evening at 8:15 o'clock.

Enlisted men will be guests of the club at the concert.

Others may obtain tickets at the door or in advance. The public is invited to attend the concert, proceeds of which will go toward purchasing musical equipment for the recreation department at Midland Army Flying School.

Before being appointed head of the voice department at the college, Miss Beltz was holder of a fellowship in voice at the Juilliard Graduate School for the preceding four years. She sang with the Chattanooga Opera Company; with the Erie Symphony orchestra in Carnegie Hall; at the Worcester Festival at Worcester, Massachusetts. She has been presented in concert engagements not only in New York but also in Richmond, at Princeton University, in North Carolina, and in Ann Arbor, Michigan. She was soloist with the Bach Circle in two oratorios at Town Hall in New York and has done radio work with the National Broadcasting Company.

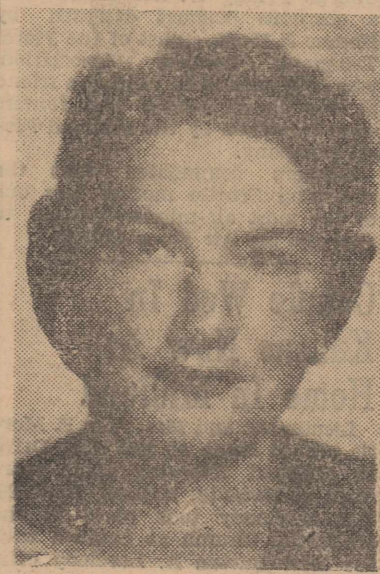

She was selected winner in the Lone Star district contest held by the Texas Federation of Music Clubs last year in Dallas and then tied for first place in the national contest held in Los Angeles during the national convention of Federated Music Clubs. She is a contralto.

Accompanist for Miss Beltz will be Miss Willa Mae Kelly of the Mary Hardin-Baylor faculty. She is a graduate of the school, holds a master's degree in music from the Cincinnati Conservatory of Music and has been teaching at Belton college for four years.

Officers of the Music Club include: Mrs. C. M. Linehan, president; Mrs. W. Lloyd Haselton, vice president; recording secretary Mrs. Joe Mims; corresponding secretary Mrs. W. B. Robinson; treasurer Mrs. B. W. Stevens; historian, reporter Mrs. F. C. Cummings; librarian Mrs. Edmund S. Hitchcock; and choir director Mrs. De Lo Douglas.

### Bub Brewer Is Honored With Open House

Honoring Bub Brewer, Mr. and Mrs. Roy McKee and Mr. and Mrs. Ray Bevil held open house at the McKee home, 907 W. Michigan, Saturday evening from 7:30 o'clock to 9:30.

Mr. Brewer, nephew of Mrs. Bevil, is being transferred by the Hughes Tool Company from Midland to Clay City, Illinois.

Assisting the host couples during the evening were his mother, Mrs. De Alva Brewer, and Mrs. Geo. Vanaman.

As each guest arrived he was asked to sign his name and address in an address book, a farewell gift to the honoree.

Roses, phlox and honeysuckle decorated the party rooms.

A crystal punch bowl centered the refreshment table which was spread with hand-crocheted lace.

Miss Marian Newton presented piano selections.

A large group of friends called during the evening.

### Mrs. Cole Hostess To Lucky Thirteen

Mrs. W. N. Cole, 700 N. Marienfeld, was hostess to the Lucky Thirteen Club, Friday afternoon.

Knitting and handwork occupied the club members and a refreshment course was served.

Present were: Mmes. Ellis Conner, J. T. Walker, C. H. Shepard, J. C. Hudman, L. F. Joplin, S. P. Hall, H. S. Collins, Mrs. Holman, mother of Mrs. Cole, the hostess and her small daughter, Carolyn Kay.

### AAUW Calls Special Meeting

A special meeting of members of the American Association of University Women has been called for Monday night, 8 o'clock, at the home of Mrs. E. E. Reagle, 613 West Storey.

Defense projects suitable for the organization will be submitted by defense chairman, Mrs. L. C. Thomas. All members are requested to attend and take part in the consideration of the proposed group activity.

### Bombardier College Names Mrs. Seeds As Its Official Mother

Mrs. Margaret Seeds of Seattle, Washington, is the Official Mother of the Midland Army Flying School.

The title was conferred on her because she traveled a longer distance than any other mother of a Bombardier College man to be with her son on Mother's Day.

Her son, Lieutenant Dale S. Seeds, is a pilot at the Bombardier College. Mrs. Seeds estimated she traveled 2,200 miles to spend Mother's Day with her boy.

Awaiting her at the Bombardier College Friday on her arrival was a gorgeous bouquet designed by Horace J. Head, stylist of the Floral Telegraph Delivery Association, who happened to be visiting a friend at the flying school. The flowers were furnished by the Midland Floral Company.

Others commented that the charming Seattle mother was one of the most air-minded women to visit the big Air Force College.

### Couple Wed In Kansas Now At Home In Midland

Lieutenant and Mrs. Jack E. Morris are at home at 105 Club Drive in Midland following their marriage at Satanta, Kansas, April 28. The ceremony took place in the Methodist Church at Satanta with the Rev. Burton A. Lovelady officiating.

Mr. and Mrs. A. L. Richert of Newton, Kansas, parents of the bride, and Mrs. Lovelady were present for the wedding.

The young couple went to Taos, Santa Fe, and Albuquerque, New Mexico, and El Paso, Texas, on a honeymoon trip before returning here.

Mrs. Morris, the former Miss Lois Richert, attended the University of Kansas, where she was a member of Sigma Kappa Sorority. She is also a member of Beta Sigma Phi.

Lieutenant Morris is the son of Mrs. Minnie Morris of Hollywood and attended the College of Los Angeles. He has been at Midland several months and is a bombardier instructor at Midland Army Flying School.

### Official Stylist Of Florists Association Is Midland Visitor

Horace J. Head of Detroit, official stylist of the Florists Telegraph Delivery Service, came to Midland on a brief vacation to visit a friend at the Bombardier College and promptly was drafted to design a beautiful bouquet for the Official Mother of the Army School.

Flowers for the floral creation of the expert were furnished by Fred Fromhold of the Midland Floral Company and Head promptly went to work. Soon he had the floral piece ready for presentation.

Head conducts schools for members of the FTD and their employees in all sections of the country, teaching latest styling. More than 5,500 florists belong to the organization and they expect the largest Mother's Day business in history, he said.

The florist business last Easter was the largest for that day in history, he explained.

Men of the Armed Forces, he explained, are sending florists orders from Australia, England, Hawaii, Scotland and all parts of the world to remember their mothers Sunday.

### Club Meets With Mrs. Geo. Phillips

Iris and roses decorated the party room when Mrs. Geo. Phillips was hostess to the Needlecraft Club, Thursday afternoon at her home, 200 South L Street.

Knitting and crocheting were the afternoon's occupation and a tea plate was served to: Mmes. B. C. Girdley, H. H. Watson, J. A. Tuttle, John C. Dunagan, J. O. Vance, Wallace M. Ford, and the hostess.

Next Thursday the club will meet with Mrs. H. G. Bedford.

## Washable Rayons Are Summer Fashion Hits

By NEA Service  
NEW YORK.—Spic and span and bright as a soap bubble are this summer's fashions, especially the wash outfits and those that just look washable. The crisp rayon costumes pictured above give you some cases in point. Some of these outfits, though rayon, are hand-launderable.

Spanking white washable gloves and gilet, and candy-striped sailor,

go with the dark suit, shown at center right, and they really "make" the costume. The suit is a new spun rayon of combined bengaline and shantung weave.

All rayon yarn is washable, but certain constructions of cloth and, more often, certain complexities of dressmaking, indicate dry-cleaning. That is the story of the lark "little suit". The same thing is true of the "duster" coat, right, which looks

exactly like handsome brown, washable linen. That's Designer Sally Victor's giddy yellow hat, made of bright yellow shantung.

The other two rayon outfits shown here are simple enough of weave and of cut to do perfectly well in suds. Fabric manufacturers warn against sending them right along with the flatwork, since rough handling might hurt them, but women are encouraged to tub their

own. The gay, red and white awning-striped jacket and white pleated skirt, center left, are rayon shantung. Color-fast stripes may be blue, green or brown.

Sharkskin, always tough and always fresh, is used to make the two-piece dress in crisp plaid, at left. Grosgrain ribbon matching the darkest plaid-color binds and trims the jacket.

### Red Cross Notes

Of the group of First Aid instructors who finished their training several weeks ago when Mr. — Kreth of St. Louis was here, four teachers now have classes in progress and the fifth class completed its course this week. Miss Bertie Sexton and Bob Norris were the teachers of about thirty-six students who made up this class. These teachers, according to some of the class members, made the class more interesting by obtaining some of the material from the local hospitals. The group finished sooner than was scheduled due to over-time work in order that W. A. Sidwell Jr. might complete his course before leaving for the Army service.

Since the Red Cross room is only open from 9:00 a. m. until noon it is necessary that people who wish to check out thread go to the hall in the mornings. The chairman of knitting reports that there is some yarn available for those who wish to knit. With wool so scarce and time so valuable it is worth noting that all rules of knitting instructions be carefully read and followed.

Mrs. H. C. Cornwall mother of John Cornwall who is visiting from Spring Hill, N. J. has knitted two sweaters in ten days and has taken out the yarn for two more to be completed before she leaves Midland. The local chapter appreciates this gesture of Mrs. Cornwall.

The Red Cross Chapter has completed curtains for the soldiers recreation center on Main Street. The gay colored material which gives so much color to the hall was donated by Mrs. Ray Rhodes.

### Chiropractors West Texas Meet Sunday; Discuss War Work

Thirty-five members of the Fourth District of Texas State Chiropractic Association are meeting in Midland Sunday, for a special discussion of health problems in war times. They represent all West Texas. Wives of many of the doctors are in attendance. Sessions will be held in the Crystal Ballroom at the Hotel Scharbauer.

A luncheon will be served at noon Sunday in the Blue Room of the Scharbauer. Music for this occasion will be furnished by the Watson School of Music. The principal address will be made by Dr. J. R. Drain of San Antonio.

"Most of the sessions will be devoted to health problems as affected by war," said Dr. Henry Schlichting, in announcing the meeting. "We shall also discuss some of the ways to reduce the amount of driving that doctors have to do, in light of scarcity of tires."

### Governor To Open USO Drive In Texas

AUSTIN (AP)—Texas' drive for \$1,000,000 for the USO will be launched with a radio address by Governor Coke R. Stevenson at 8:15 a. m. Monday.

Kickoff breakfasts will be held in hundreds of Texas cities Monday morning and radios will bring the governor's message to the campaign workers.

The governor is honorary state chairman of the USO.

### DeWolfe Named Official Pianist For Lions Meet

Roy DeWolfe, pianist for the Midland Lions Club, has been named by District Governor H. C. Pender of Lubbock as the official pianist for the annual convention of District 2-T, Lions International, in Odesa May 17, 18 and 19.

Members of the Midland club will have charge of the singing at the convention Tuesday morning, May 19. Dan Hudson is the song leader. Members of the Midland club plan to attend the convention in a body on that day.

### Merchants Invited To Attend OPA Clinic

Merchants and other interested parties of Midland have been invited through the Midland Chamber of Commerce to attend an OPA Clinic at the city auditorium in Big Spring at 8 p. m. Tuesday.

The Price Ceilings become effective May 18 and it is essential that merchants understand fully the plan of operation. A representative of the Office Price Administration will discuss price ceilings and answer questions.

A large group of Midland merchants is expected to attend the meeting.

### New School Building To Cost About \$66,000

FORT WORTH.—Bids will be opened at 10 a. m., Friday in the office here of Wyatt C. Hedrick, architect, for a contract to provide additional school facilities for Midland. The contract calls for a 15-classroom elementary school building with a library, activity room and principal's office. The estimated cost is \$66,000. The project will be federally constructed and financed through grants.

### ARTIFICIAL COLORING

Dyestuff, consisting of the dried bodies of tiny female bugs (the cochineal, which lives on cactus), provides the brilliant red coloring of many artificial foods and beverages.

### Methodist Men Organize Class

Eighty-one men attended the brotherhood banquet Wednesday night, when a brotherhood class in the Methodist Church was organized.

Ross Carr is assistant teacher for the class whose teacher will be announced later. Other officers are Ray Bevil President; Harvey Powledge secretary-treasurer; Roy DeWolfe pianist; and De Lo Douglas song leader.

### Midland High Model Plane Builders Will Get Certificates

Fifty-five Midland High School students, three of them girls, will be awarded certificates Wednesday morning for their work in building model planes for the armed services. Midland Army Flying School officers will present awards for the Army Air Corps, and Supt. George A. Heath will make those for the Navy. The program will be held at 11:15 o'clock, and the public is invited to attend.

### George S. Corey To Enter Army Air Corps Monday

George S. Corey, assistant geologist in this district for Shell Oil Company, has been named a Lieutenant in the Army Air Corps, and will leave Monday for Miami Beach, Florida to enter training in the ground school program.

Corey has been in Midland for the past three years with Shell.

### White's Plan Opening Of New Store Friday

White's Stores, Inc., hopes to be in its new home at the corner of Main and Wall streets Friday with a complete line of furniture, men's clothing, appliances, auto accessories and home needs, Jack Daniels, manager, said Saturday.

Remodeling of the large building, formerly the home of West-Tex Food Store, is being rushed to completion. The structure is being succioned on the exterior and will have a tile front.

The interior, 50 by 100 feet in size, is being remodeled completely, as is the basement. Fixtures are being installed and merchandise and furniture for the new store are arriving almost daily.

The official opening probably will be held about May 22, but Daniels hopes to have the store ready for business by next Friday.

### Congratulations to:

Mr. and Mrs. L. M. Upton on the birth of a son at Western Clinic Hospital Friday.

Mr. and Mrs. Chester Blackford on the birth of a daughter at Western Clinic Hospital Thursday.

Mr. and Mrs. W. L. Cook on the birth of a son at Ryan's Hospital Friday.

MIDLAND HARDWARE & FURNITURE CO. welcomes these new arrivals and requests their parents to call by our store, and receive a welcome gift for them. (Adv.)

### Dance To Honor MAFS Cadet Class

Beta Sigma Phi Sorority will sponsor a formal dance at Hotel Scharbauer, Saturday night, honoring the 42-7 graduating class of Midland Army Flying School.

The Hell-from-Heaven Swingers, the post dance band, will play for dancing in the Crystal Ballroom. The Grand March will be at 8:45 o'clock.

**"UNCLE SAM" wants Your Gas Range to LAST!**

Your Gas Range is one of the most durable of cooking appliances—a reliable, economical servant. It will give you perfect performance for years if you exercise a little care in its use.

**Easy-to-Follow Hints for Longer Service**

**HOW TO PRESERVE THE ENAMEL**

1. After use wipe range enamel with soft dry cloth while range is warm... NOT HOT.
2. If further cleaning is necessary, wash with mild soap, rinse and dry.
3. Don't place wet dishes, bottles or glasses on top of the range.

**HOW TO CARE FOR TOP BURNERS**

1. Wipe burners with damp cloth after use.
2. When necessary, clean with mild soapy water, rinse and dry thoroughly.
3. If burners become clogged, clean with stiff brush. Modern range burners are non-clog.
4. Do not boil aluminum or enamel burners in soda. Cast iron burners may be boiled in a solution of one tablespoon sal soda to each three quarts of water. Wipe dry and turn upside down to drain before replacing.

**HOW TO CLEAN THE BROILER**

1. Remove broiler pan and grill after food has been served.
2. Allow to cool before washing.
3. Wash broiler compartment with soap and warm water.
4. If broiler is beneath oven, remove empty broiler pan when oven is in use.

**HOW TO CLEAN OVEN**

1. If boil-overs occur, allow oven to cool and then remove char with a good cleanser or fine steel wool.
2. Wash sides, bottom, door and racks of oven occasionally with warm water and soap.
3. Do not place oven bottom into water if it is insulated.
4. Low temperature roasting of meat reduces spattering of grease... minimizes oven cleaning.

War Coiffures Take A Short-Cut

For comfort, cleanliness and convenience, the short type of bob shown above has become increasingly popular in England. Some experts believe the fad for short hair may sweep the country. War workers and other war-active women started the fashion.

## Cotton Rides Crest of Style Wave

The bright, freshly-starched, unpretentious clothes that helped make Dixie women's charm famous now adorn Miss America everywhere—witness this picture of a summer furlough day at the zoo in a big eastern city.

The girl's dress is candy cane striped corded cotton chambray. Fabric comes from Dan River, Virginia, is sold everywhere in ready-made budget-priced garments of all kinds from date dresses to jeep suits.

Citified and sophisticated cotton clothes are making wartime fashion history, and here's an example of it. Black cotton gabardine is used for bonnet and suit. Fitted jacket has beige and pink paneled front.

It's plentiful now and will be through the summer, in dotted Swiss effect, daisy-patterned prints, stripes, and florals made into gresses of marked dainty simplicity—dress for every age.

By Marguerite Young  
NEA Service Staff Writer

NEW YORK —Dark, citified cotton clothes are the newest expression of a wartime-fashion trend which may last for the duration—and then some.

Right now, with scarcely a hot day passed, Fifth Avenue store buyers are hopping to keep up with the demand for black cotton shantung and black and white striped pique suits, dark red and

navy-and-white corded cotton suits, plaid and checked gingham jacket dresses, and black skirt with white jacket outfits made of cotton gabardine and poplin.

Women are, of course, buying cotton instead of wool and silk. But that's not all. They're going back for more cotton when they discover how cool, rugged and various is this fiber.

### USED FOR CRADLE CLOTHES AND WEDDING GOWNS

It's available now in dozens and dozens of things, from cradle clothes to bridal gowns, that rarely were made of cotton before. Fine specialty houses are showing cotton organdy pastel dresses, all flounced, and in fine rainbow-duplicate colors, for brides and their attendants.

Designer Mary Lewis offers "fresh-faced" cotton clothes for all day—calico and denim for play, poplin and shantung for tailored hours, and a gingham gown for evening. Hat designer Lily Dache makes practically all of her summer collection out of cotton pique, ribbons and string.

Another modest cotton which is making dress history is electrically embroidered lawn. Four million yards of it have sold this season, and that may be the last of it for a while because the mill is uncertain of its future supply of gray goods.

### PERSONALS
