Reds Wipe Out Nazi Gains President Asks Big Cut Relief Funds

Will Be Quit Near Future

Social Security Will Be Protected, As Many Never Able To Work

WASHINGTON (#)—Slashing appreximately \$185,000,000 from the total because war conditions permit it, President Roosevelt asked Congress to appropriate \$280,000,000 for work relief in the year starting July 1 plus \$2,767,000 for administration

He had estimated tentatively, in his budget increase to Congress last January, that \$465,000,000 would be

The lower figure, he said in a message to the legislature, will permit an average monthly employment of about 400,000, although it is estimated that there are still some 3,000,000 unemployed

Social Security Plans

Looking farther ahead, the Chief executive said he was considering proposals to revise and extend the social security program and expected to recommend to Congress legislation "to extend the protection of our social security measures to provide alternative means of meeting the needs presented by the residual group now being aided by the works projects administration.

The action which Congress takes

on such proposals, he said, will determine the extent of moves toward further reduction or elimination" of the WPA.

The types of projects to be undertaken in the relief program for the 1943 fiscal year, the Chief Ex-ecutive asserted, will be those which can be prosecuted by day labor of the residual unemployed on WPA rolls and which require a minimum of critical materials.

Shortage Feared

"Shortage of labor and material are rapidly developing,' he informed Congress, citing large war appropriations. "To meet labor shortages the requirement of workers from every available source will be required, and possibly even organized ficial U. S. Navy Photo From migration in some instances."

Many of the 3,000,000 now unememployed will be hired during the coming year, Mr. Roosevet declared. Churchill Support Yet in a labor force exceeding 60,-000,000 people, he added, a substan-Given By Laborites tial number will not be hired because of age, lack of skill, or other handicaps, and some may be unable to migrate from regions with surplus labor to regions with the region of regions with the region of regions with the region of regions with the cause of age, lack of skill, or other plus labor to regions where work- won easy victory Monday in the

Grim Facts

Let no amount of wishful thinking deceive you. Next only to shipping, the rubber shortage is the most tragic bottleneck facing this nation today.

In one respect, the rubber situation is even grimmer than the maritime. We are on the way to solving our shortage of ships. If we have not quite turned the corner, we are about to, but the alarming deficiency in rubber remains a major problem.

Our vaunted industrial capacity depends, more than the layman realizes even yet, upon use of the automobile, which in turn hinges upon rubber for tires.

Take away our tires, immobilize our automobiles and we bring creeping paralysis upon the marvelous plant which we have builded and converted to supply the anti-Hitler world with armament and munitions.

Rubber is utterly essential to the task remaining before us of destroying the ability of totalitarianism to attack

and the Dutch East Indies, seized by Japan.

facts, and grab at every item of false hope they can find. Such items are unfortunately common. There are literally scores of potential sources of rubber right at home. Day after day enthusiasts report that they can extract rubber from some hitherto unpublicized source.

Sure they can. Anything that can be fermented to make alcohol is a potential source of rubber.

But that is incomplete, immaterial and irrelevant, to use our favorite legal objection. Petroleum, of which we have relatively unlimited supplies, will produce synthetic rubber better, quicker, more cheaply than the alcohol.

In Burma and a weary march of 140 miles through wild Burmese jungles, Lieut. Gen. Joseph W. Stilwell looked remarkably fit after the favorite legal objection. Petroleum, of which we have relatively unlimited supplies, will produce synthetic rubber better, quicker, more cheaply than the alcohol.

Miss Griffith Becomes Bride Of Sergeant Crays

Miss Geraldine Griffith, daughter of Mr. and Mrs. Daniel H. Griffith of Midland, and Staff Sergeant Ralph L. Crays of Lowry Field, Denver, Colorado, son of Mr. and Mrs. J. D. Crays of Baxter Springs, Kansas, were married Saturday

evening at 7 o'clock in Denver.

The wedding took place in the Calvary Baptist Church with the Rev. Henry G. Smith officiating. The bride, who was given in marriage by her father, wore a gown of ice blue crepe with white bauvis embroidery. Her accessories were all

white and her corsage of white or-chids. She wore the traditional "something old, something new, something borrowed and something

MIDLAND HARDWARE & FUR-

War-Coiffure Is Smartly Flat-Topped

Here's a quick and complete change from the pompadour hairfix. The flat-topped coif points up a strong new wartime trend—an utterly smooth brow and crown. Locks are brushed out, in horizontal line, from a center part, and are secured with barrettes above the ears. To balance this rather severe effect, back hair is waved and rolled up in softly rounded contour.

Hazen was the winner of the world championship Masters Individual last year. Richard Frey was one of the original members of The Four

Frey's psychic club bid helped his team win 920 points on today's hand. The opening lead was won by the ace of diamonds. Crediting Frey (South) with two aces for his opening bid, the declarer played a small heart from dummy and finessed the nine-spot, Frey winning with the ten. A diamond return was ruffed by declarer and dummy entered with a spade. Now another low heart was played from dummy. North played low and declarer decided to play South for a doubleton ace, played low, and the queen won the trick.

The third diamond was ruffed. Instead of cashing the spades and conceding the loss of the contract by one trick, Declarer attempted a wild chance on making it. A low club was played in the hope that South had the ace and would refuse to win. But of course North won and cashed two long diamonds, setting the contract three tricks.

Had the clubs been attacked before touching trumps, declarer would have found at once that South had made a psychic bid.

FATHER, THREE SONS IN ARMY

CAMP ROBERTS, Cal. (UP) A. C. Vanslike and his three sons, of Galveston, Texas, constitute a sort of one-family army here. The four live in the same barracks and are assigned to the same battery. The sons are Archie, 20; Clarence, 19, and Louis, 18. All volunteered.

Yoke Top Dress

Style appeal in this dress is centered in the flattering yoke top, twinkling with cheerful buttons and in the wide girdle which smooths your waistline down to a minimum. Ship Sinkings Take

By Fred Vanderschmidt The main reason that talk about WASHINGTON (A) - Gasoline a short war has a hollow ring is

this area, some members of the State Appropriations Committee said that if an economical process of extracting gasoline could be developed it might go a long way to-both our Allies and ourselves, must come from the United States, and

coal and shale processes.

"Of course," Ickes told the committee, "we have enough oil now but we do not know when we are enough to be forced to resort to coal. going to be forced to resort to coal effect the present Axis submarine and shale for synthetic gasoline.

"Whether we ought to use it now or not, we ought to know where we be used. Emergency sale price"

and shale for synthetic gasoline.

"Whether we ought to use it now or not, we ought to know where we have not stated and shale for synthetic gasoline.

"Whether we ought to use it now or not, we ought to know where we have not stated and shale for synthetic gasoline.

"Whether we ought to use it now or not, we ought to know where we have not stated and shale for synthetic gasoline. can get an augmented supply when long-range preparation of the great we need it, and we do not know. offensives which must win the war

> The fact that a ship or ships are sunk, the number of men lost or Rep. Edith Nourse Rogers of missing, the number of survivors, Massachusetts, was one of the na- are announced from day to day very little more.

Official announcements for last Nemesis was the Greek god of week, for instance, said 19 U.S. and Allied ships were sunk on our side of the Atlantic, in the Caribbean and in the Gulf of Mexico, with 286 dead or missing and 425

Don't Realize Loss These are serious figures, but they are not very graphic; they do not what the week's toll meant in fighting power lost and fighting time

To tell those things, the authorities feel, wolud give information to the enemy which might aid him Meanwhile, the enemy is grinding out boastful figures on the tonnage of U.S. and Allied ships sunk by submarines, and sending out sly fishing expeditions in the form of claims to the sinking of large U. S.

These claims are not answered for the same reason: lest the enemy be told something he does not know told himself bitterly. Nobody has yet settled this problem; the British, with two years more of war and sea disaster than we have had, have finally abandoned altogether the reporting of merchant ship sinkings at regular avoiding. "The supply boat arperiods.

SERIAL STORY

BILL BRACES UP

CHAPTER XII

MacDowell wouldn't be hurt.

CARIBBEAN CRISIS

BY EATON K. GOLDTHWAITE

NEA SERVICE. INC.

THE STORY—Bill Talcott is about to return to New York after six years on a Butch West Indian island as branch manager for an American chemical firm, to face charges of shortage in his accounts. Bill confronts the auditor who accuses him, charges that he is being framed by someone higher up. The auditor remains in charge of the plant while Bill prepares to depart with Halsey, who was to have been his successor; MacDowell, a private detective; June Paterson, cousin of Bill's former roommate, and two refugees, Martha Swenson and Prof. Constantine, who have been landed on the island by a villatious smuggler named Jackson. MacDowell, though hired by the auditor, arges Bill to refuse extradition. But Bill prefers to go back and face the boss.

* * * *

business, and while he might be secretly sorry for Bill Talcott, there was nothing he could do about it. Halsey represented Old Man Winters, and if the Peter was short in his accounts, he would hammer at the pearly gates until he got an accounting.

Well, Halsey hadn't asked any advice. He'd merely asked for and received a definite answer. This was his one day of management. Let him for this day make his own decisions. And then let him undecisions. And then let him undecisions are the supply boat.

Talcott had gone to the terrace was done for the back of the ring pier. There had been no announcements

Boston Back In Second After Beating Phils; Dodgers Beat Giants

By The Associated Press

If you're one of those skeptical citizens who figured the Cincinnati Reds were in for a rough summer because their pitching had gone to pot, you'd better change your out-

With seventh place in the National League staring them in the face, the Reds called on Johnny Vander Meer and Ray Starr for a bit of hurling against the St. Louis Cardinals Sunday and what they did to the pre-season favorites was enough to make future opponets

Vander Meer tossed a five-hitter in the opening game and singled in the deciding run for a 3-2 decision. Then Starr blanked the Red Birds on three hits for a 2-0 win Now Near Top

The double triumph failed by three percentage points to get the Reds out of sixth place in the standings, but it knocked the Cards out of second place and hoisted Cincinnati into the thick of a battle royal that now finds five teams clustered within three games of the runner-up spot.

The New York Yankees lost to the Washington Senators, 9-8, but added half a game to their American League lead because the St. Louis Browns swept a doubleheader from the second-place Cleveland

ndians, 3-2 and 4-1. The Boston Red Sox finally beat the Philadelphia Athletics, 6-5, after dropping the first game of the afternoon by the same score, but slipped into fourth place in the American League as the Detroit Tigers whipped the Chicago White Sox twice, 6-2 and 14-0, and took over third place.

Braves Near Top
The Boston Braves divided their bargain bill with the Philadelphia Phils, but regained the National League's No 2 berth and the Chi-

While all that was going on, the Brooklyn Dodgers—apparently tired of losing at the Polo Grounds handed the New York Giants their first shutout of the year, 6-0, to salvage the final game of the series and snap a three-game losing

It took the Phils 11 innings to turn back the Braves, 3-2, on Mickey Livingston's single with the bases loaded, but Boston squared accounts with a 6-3 triumph in the afterpiece on a three-run homer by

Rip Sewell's wild pitch in the tenth inning helped the Cubs beat the Pirates, 7-5, and Phil Cavar-retta and Lennie Meruello led a 14hit attack that made it unanimous for Chicago, 11-4.

Beaumont Looks Like Tops To Stay In Texas

By The Associated Press

It looks as though if anyone is cago Cubs surprised everybody, including themselves, by pinning a double defeat on the Pittsburgh P leadership it will have to be Uncle

> Unless the draft makes inroads on the roster, the Shippers appear tough enough to weather the season at the top of the standings. With 30 games won and 14 lost, the Exporters have an impressive lead over the second-place Tulsa Oilers, who have won 24 and lost 17. The Sports took the first game 8-4 Sunday, but Beaumont came back in the seven-inning night-cap to win 5-3. That's been the case all season—the Shippers might

be defeated once but rarely twice

At Fort Worth the Cats and the Tulsa Oilers broke even in two extra-inning contests, the Cats wining the first in the 11th inning, 3-2 and Tulsa the second in the eighth, 5-4. Houston drubbed the Missions 9-2 at San Antonio. The best the Dallas Rebels could do in finishing an unfortunate home stay was to divide a double bill with Oklahoma City, capturing the first 6-1 and dropping the second, 1-2, in eight innings.

RESULTS American League

St. Louis 3-4, Cleveland 2-1. Detroit 6-14, Chicago 2-0. Philadelphia 6-5, Boston 5-6. New York 8, Washington 9.

THAT AMAZING GENERAL DOOLITTLE

Picture Highlights In The Incredible Career Of The Man Who Bombed Tokyo

another laurel by shattering every seaplane mark in the world when he won the Schneider cup race at Baltimore in 1925 at 232.5 miles per hour. Smart as well as speedy, he took a doctorate in science at M. I. T. the same year.

Daring, determined James Harold Doolittle was 25 and a lieutenant fresh out of World War I when he scored his first big flying feat, shooting coast-tocoast in less than 24 hours. For setting this Florida-to-California record he was awarded the Distinguished Flying Cross.

This was the fantastic "all motor" plane Doolittle flew at 252.68 miles per hour to win the Thompson trophy in the 1932 air races. He had left the Army to enter private business and spend more time with his wife and two growing sons.

Mrs. Doolittle went along when
