## Japs Move Troops North To Siberia; Mass Large Fleet

By The Associated Press.  
Japan attempted to allay suspicion Wednesday that she might be preparing an attack on Russia's "back door" as Chinese reports said that 100,000 Japanese troops had been moved north toward Siberia in the past month and that a big Japanese fleet was massed off North Japan.

Presumably, one of the first targets of a Japanese invasion of Siberia would be an attack on the vital port of Vladivostok, 650 miles across the sea of Japan from Tokyo.

In an apparent attempt to mask the Tokyo war cabinet's real intentions, a Domei broadcast quoted Premier Gen. Hideki Tojo as declaring that his assumption of the foreign ministry "will not result in any way in an alteration of Japan's foreign policy."

**Indicates Jap Move**  
Shigenori Togo, who negotiated the Moscow-Tokyo neutrality pact and was regarded as opposed to Japanese hostilities against Russia, resigned the foreign ministry Tuesday.

Togo's resignation, coupled with the aggressive Tojo's decision to take over the foreign portfolio, had been widely interpreted outside of Japan as presaging a possible Japanese attack on Siberia.

In Chungking, China's war-time capital, the influential newspaper Ta Kung Pao said that Tojo had been known as a Pro-Russian and that his exit showed "Japan has no more need to maintain diplomatic relations" with the USSR.

Other Chinese comment declared the shakeup "portends some bold move by the Japanese war party."

## Propose Fifty Percent Levy For Earnings

WASHINGTON (AP)—A proposal for a 50 percent levy on the excess earnings of individuals was drafted by Senator Connally (D-Tex) Tuesday as the Senate Finance Committee awaited an outline from the treasury of its suggestions for an unprecedented spending tax.

Connally said he had asked legislative aides to draw an amendment to the new bill patterned after the excess profits tax on corporations.

He explained that the proposed amendment would fix a base period to compute average earnings of an individual in much the same manner that such earnings are figured for corporations which use this method for ascertaining excess profits tax liability.

If an individual made more money in 1942 than the average for the base period, it was Connally's proposal that he be taxed 50 percent of his additional or excess earnings. He said some allowances would have to be made for persons who are on a fixed salary basis with automatic yearly increases in pay.

## Extension Wells In Fullerton Pool Get Final Gauges

By FRANK GARDNER  
Oil Editor

Final gauges have been made of two extension wells in the Fullerton deep Permian (Wichita) pool of Northwestern Andrews County. Extending the pool three-eighths of a mile due south, Fullerton Oil Company of Los Angeles No. 1-A H. M. Wilson flowed 974.12 barrels of 42.5-gravity oil in 24 hours through a one-inch choke on 2-inch tubing, with gas-oil ratio of 325. It topped the deep pay at 6,742 feet and drilled to 7,250 feet in lime. The well was acidized with a total of 22,000 gallons at various depths.

A one-quarter mile southeast extensioner, Fullerton No. 5 Wilson also was tested through one-inch choke on 2-inch tubing, tanking 929.41 barrels of 43-gravity crude in 24 hours, with gas in a ratio of 445. It was acidized with 26,000 gallons in pay lime between 6,800 and 7,275 feet, the total depth.

In the southwest corner of the pool, Fullerton No. 1-B Wilson is drilling at 7,065 feet in hard lime. While bottomed at 6,974 feet, it swabbed four barrels of oil hourly after acidizing with 2,000 gallons through 2-inch tubing set at total depth, with packer at 6,860. A re-treatment of 5,000 gallons resulted in its swabbing and flowing three to five barrels of oil per hour.

**Rommel's Attack Against the British In Egypt Indicates Hitler's Grand Strategy**

By DeWitt MacKenzie  
Nazi Field Marshal Rommel's attack against the British in the Egyptian desert bears the earmarks of being the big show for which we've been waiting—an all-out German effort to make quick conquest of Egypt and the Suez Canal.

This action is part of Hitler's grand strategy for overrunning the Caucasus and Middle East. He is placing wholesale dependence on this vast operation to win him the war.

Rommel's drive is inaugurated at the peak of the crisis in his master's battle in Southwestern Russia. It comes at the critical moment when Stalingrad is in grave danger, and the Nazi chief is threatening to break through into the lower Caucasus.

**Want To Nullify British Fleet**  
Thus we have a classic example of Nazi coordination on a big scale. Actually Marshal Rommel's forces form the right flank of Hitler's Caucasian drive. The Fuehrer's plan for this operation, which encompasses many countries, is this: If Rommel can overrun Egypt, capturing the great naval base of (Continued on Page 2)

## Coach McCollum Is Speaker At Meeting Of Midland Lions

Termining football as nothing more than a game of determination, Coach McCollum, head football coach at Midland high school, addressed members of the Lions Club at their meeting at Hotel Scharbauer Wednesday noon.

McCollum was introduced by George A. Heath, superintendent of schools, who lauded the ability, character and record of the new coach. The Rev. Hubert Hopper was in charge of the program.

The speaker stressed the necessity of placing football players in proper positions and described the type of boy he should like to have in each position. He discussed changes in football during recent years. Rule changes also were mentioned, as were plans for the season at Midland high school. A blackboard was used to illustrate his point.

Johnnie Bizzell played two piano selections. He was introduced by Roy DeWolfe.

## A. H. Wadsworth Enters Army Engineer Corps

A. H. Wadsworth, Jr., who has been here with The Texas Company for the past year, has resigned to enter the Army Engineer Corps and is now stationed at Eldorado, Arkansas, on a government building project.

He has been designated to go to the conclusion of that job to a special officers training school.

## Cowboy, 'Cross Between A Bottle Of Whiskey And A Poem', Not Lured Away By High Wages

WASHINGTON (AP)—The princely paychecks of war industries may lure the hired man off his hayrack but Senator McNary (R-Ore) contends mere money will never pry the American cowboy out of his saddle.

"Your true cowboy is a cross between a bottle of whiskey and a poem," the Senator mused in explaining the happy labor relations he said prevailed between the buckaroo and his boss.

"He is a figure out of another world—a dream world all his own—and he would spit in your eye if you suggested he start driving rivets in a shipyard."

In private life the Republican Senate leader is a farmer, and the McNary acres are devoted largely to fruit trees.

## John P. Butler Is Elected Captain Sheriff's Posse

John P. Butler was elected captain of the Midland County Sheriff's Posse Tuesday night at the first annual election, succeeding T. Paul Barron who has led the group in its first year of activity. The Tuesday meeting was well attended, and plans were made for several activities for the next month.

R. C. Tucker was named lieutenant, succeeding Elmer Harrington, who assisted in organizing the posse. D. H. Turner and J. P. Gibbins were elected sergeants, succeeding Dan Hudson and P. A. Nelson; and H. L. Hoover was named corporal to succeed Butler Hurley. R. J. Kelly was re-elected adjutant.

Sheriff Ed Darnell was elected corral boss, succeeding J. A. Tuttle; and Tucker and Gibbins were named as assistant to Darnell. Turner will be drill sergeant.

The organization has been very active in many civic and defense projects since starting a year ago. Several members have been lost to the group through enlistment in various branches of the armed service.

Turner and Tucker were named as a committee to plan a special outing and horseback trip for the latter part of September.

## Appearance Of Yanks Starts Irish Rioting

BELEFAST, Northern Ireland (AP)—The appearance of two United States soldiers on Belfast streets touched off the first disorders Wednesday soon after Thomas J. Williams, 18-year-old member of the outlawed Irish Republican Army, was hanged in a heavily guarded jail for killing a policeman.

When police sought to disperse a crowd of about 300 persons, angrily shouting at the Americans, "Why don't you stay at home?" two demonstrators hurled missiles. The police charged with drawn batons and the crowd quickly scattered.

## To Stabilize Wages; FDR Outlines Plan

WASHINGTON (AP)—From usually reliable administration sources it was learned Wednesday that President Roosevelt has about decided to stabilize wages, but is debating whether to include salaries, as well.

Wages and salaries, along with control of farm prices, were described by these sources, who preferred to remain anonymous, as the major decisions to be made before the Chief Executive delivers his Labor Day message on the cost of living.

Presidential advisers have divided the compensation question into three parts as follows:

Wages—primarily manual labor, especially in war factories, paid on an hourly or daily basis. Unofficial guesses are that the President will ask that wage rates in this field be stabilized, by permitting increases in the hourly or daily rates of pay only if the raise is in proportion to the rise in the cost of living. Apparently, there will be no interference with workers getting bigger pay envelopes by working more hours.

Salaries—Mostly white collar workers paid by the week, month or year, up to \$10,000 a year. If included at all, some allowance probably will be made for pay raises accompanying bona fide promotions.

Big incomes—Salaries and other forms of compensation in excess of \$10,000 a year. Some suggestions have been made of discouraging such large incomes by forbidding employers from taking income tax deductions as part of their operating expenses, for more than \$10,000 for any one employee.

**Farm Price Plans**  
On farm prices, the President was reported to be choosing between three alternatives:

1. Let farm prices find their own levels, but use government subsidies to hold down the retail price of food.

2. Fix price ceilings on farm products, as now permitted by law at 110 per cent of parity, and use subsidies if necessary to hold down the cost of food.

3. Use war powers to nullify the 110 per cent parity provisions and fix ceilings at whatever level that will keep down the cost of food without subsidies.

## Gene Farris Arrives With Army In England

Gene Farris, son of Mr. and Mrs. C. G. Farris of Midland, has arrived in England with a quartermaster unit, his parents were informed Wednesday noon in an airmail letter from young Farris.

Farris is a mechanic with the unit, and only recently graduated from a special training school in Virginia. He has been in the Army several months.

## American Troops Arrive In The Belgian Congo

LONDON (AP)—American troops have arrived in the Belgian Congo, the Belgian Government News Agency reported Wednesday.

The troops were welcomed at Leopoldville by the population "who admired the spirit and magnificent equipment," the agency said.

The Congo is near the center of Africa athwart of the Allied supply route across the continent to Egypt.

## Allied Battle Line Braces For Rommel's Surge Toward Suez

By The Associated Press.  
CAIRO—British forces were locked heavily in battle with Axis armor all day Tuesday in the southern sector of the Egyptian front, the British Headquarters announced Wednesday.

The war bulletin, issued jointly by the headquarters and the RAF, said United States Army Air Force planes participated in extensive air operations over the entire area in which an Allied battle line was braced against the expected shock of Field Marshal Rommel's powerful tank forces, again trying to grind forward toward Alexandria, the Nile and the Suez Canal.

The readiness of the Allies to meet Rommel's challenge was indicated by the communique's report that British Forces made their own sally Monday night on the northern flank of the El Alamein line and brought back a

batch of German prisoners.

A censored dispatch from Edward Kennedy, Associated Press correspondent at the battlefield, said American tanks in "greater number than ever before" were supporting Gen. Sir Harold Alexander's British Imperial armies.

Despite swirling sandstorms, a British communique said, Allied planes attacked the enemy on a large scale, breaking up at least two big Stuka formations and pounding enemy transports on the coastal road between Gambut and Sidi Barrani.

Front-line dispatches said Rommel's armored spearheads had split into two columns after advancing eight miles through British minefields at the southern end of the 35-mile corridor between El Alamein, on the Mediterranean Coast, and the desolate Qattara depression.

The main Nazi tank column turned north, it was reported, while a smaller column branched off to the south.

Several weeks ago Sadler resigned office to join the Army and then withdrew his resignation. During the election campaign he maintained no vacancy existed.

The Democratic state executive committee, however, declared the office vacant and permitted candidates to file for it.

## Single Men Will Be Called First

WASHINGTON (AP)—Draft headquarters Tuesday issued orders intended generally speaking, to call all available single men to the colors before the systematic induction of married men is begun.

Heretofore, state selective service directors have called upon local boards for men without regard to the proportion of married and unmarried men in those districts. Consequently the levies on some districts have exceeded the number of unmarried registrants and quotas have been filled out with married men. In other districts, meanwhile, unmarried men were left still awaiting call.

## Watch The Cowponies, Folks; You'll Really See Something There

Forget the roper. . . don't look at the calf. . . pass up the rest of the show. . . and glue your eye on the horse!

That's where you got something! Yes, when the world's championship calf roping is held here September 13, . . . you'll have a chance to see some horseflesh that is horseflesh. And, count those horses in on the pleasure, for they will be enjoying the show as much as you do. . . it gets in the blood of a real cowpony!

Ask Toots Mansfield, ask Clyde Burk, two of the greatest ropers in the world. . . they'll tell you what a good horse means. He makes it possible for them to make their records. Each has several fine mounts, some of which cost more than the average good race horse. And, each has spent thousands of dollars in time training and conditioning those mounts.

So, when the world's champions are here to rope, squint one eye and "blackout" the rider and the calf on a catch or two. . . study that horse. . . the beauty of his movements. . . the fluid grace. . . the perfect timing of his actions. . . the smooth and powerful swing of his legs. . . the way he watches that calf. . . the response to his rider. . . his start. . . his go. . . his stop. Folks. . . you got something there!

He may be good to look at. . . or he may not be such a handsome critter. . . but he is still a champion sportsman. . . a beautiful creature in action.

You got something there, Folks! Watch that horse!

## To Promote Understanding

Nazi propagandists have utilized temperamental differences between English and Americans to sow seeds of distrust, which sometimes fall on fertile ground on both sides of the Atlantic.

Now, for the second time in a generation, Americans and British are fighting side by side against an aggressor Germany, to preserve for democracy the right to exist in this world.

When World War I ended, the nationalistic jealousies of the Allies resulted in our losing the "peace" and set forces in movement which made World War II inevitable.

The English and the Americans must come to an understanding between now and the writing of the next peace treaty, if 1919 history is not to be repeated—if, this time, democracy is to have a real chance, so that we shall not have to fight another ideological war within 20 or 25 years.

It is not necessary or desirable that Americans become Anglophiles. All we need do is educate such of our Anglophobes as we can, and ignore the rest. Across the water, men of good will have a similar task to persuade their intolerant fellows that Americans are not the selfish, money-grabbing, half-savage creatures we have been painted.

Maurice Dreicher has laid down his idea of a 10-point program by which mutual understanding could be promoted. His first point typifies the spirit of the program and, if observed, would put an end to the traditional mistrust between the two peoples.

"Remember," he suggests, "neither side is perfect. In past differences between Britain and America, there were usually three sides to the argument—the side of the United States, the side of Great Britain, and the right side."

"This is not a war to preserve the British Empire," says Dreicher, we think correctly, "but to preserve the free way of life of a group of independent countries."

England, Canada, Australia, New Zealand, South Africa, the United States—none of these is fighting so much for the others as for its own right to exist free of German domination and totalitarian ideology.

Each is as near a true democracy as mankind has been able to evolve in practice. Each recognizes that its right to democracy is linked indissolubly with the preservation of the others. Why, then, should any of us hate any other, when our likeness is so fundamental and our differences so superficial?

The England that we fought no longer exists. Can we risk the world's future security on phobias arising from purely temperamental differences?

## Tire Allocations Are Less; Old Tires Must Be Carefully Used

Truck and passenger car tire allocations have been reduced for September, it is reported by G. M. Shelton, chairman of the Midland County rationing board. Only the most essential needs can be cared for, under these circumstances, as so many cars are now being used in farm and defense work.

Pneumatic tires, and those used only for minor work over short distances will have to make use of the tires which they have so long as conditions remain as they now are.

"All motorists are going to have to intensify the effort to conserve tires," said Shelton. "Many on the eligible list are going to be disappointed as the supply is so small. That means making the most of the tires that they have."

## Man's Body Is Found In Old Odessa Well

ODESSA.—The body of a man, evidently dead for some time, was found in an old well Tuesday by workmen who had gone into the well to remove pumping equipment. It had not been determined at latest reports whether the man was white or negro.

It took several hours to remove the body after its discovery due to its condition and to the depth and narrowness of the well shaft.

## The Wisdom Of Solomon

## Rommel's--

(Continued from page one)

Alexandria, Port Said and the canal, he will pretty well have nullified the effectiveness of the British fleet in the Eastern Mediterranean. This will render the whole Middle East vulnerable to attack.

Meantime Hitler hopes to capture Stalingrad and crack the Red Line which now bars him from a drive southward through the Caucasus to the northern border of the Middle East. Should he succeed, he and his henchman would be in a position to make an assault from both east and west on the zone comprising Palestine, Syria, Iran and Iraq—a nutcracker movement.

**Watch Winter Campaign.**  
And it's important to note that this latter phase of the plan could be carried out after winter had largely stopped fighting on the Russian front north of the Caucasus. The winter isn't severe in the Southern Caucasus, and military operations both there and in the Middle East would be quite feasible.

With this background it's obvious that the Allies must stop both Rommel in Egypt and his boss in the Northern Caucasus. It would be a catastrophe difficult to estimate if this Hitlerian scheme should succeed.

It's a dangerous moment for the Allies, but taking the position as a whole there's no reason to despair over our chances of dealing with it adequately.

## Smith Joins Ferry Command Air Forces

Lee Cornelius, scout for Gulf Oil Corporation, was elected secretary-treasurer of the West Texas Oil Scouts Association at the group's weekly "check" held Wednesday in Hotel Scharbauer.

Cornelius succeeds O. L. McNew, scout for Amerada Petroleum Corporation, who plans to leave soon to enter the armed forces. The new officer had been second vice-president of the association and chairman of the land and geophysical check. He has been succeeded in those posts by Bill Cones, Humble Oil & Refining Company scout.

The association also voted to sponsor a troop of Boy Scouts in Midland, appointing Paul Martin of the Pure Oil Company chairman and listing H. B. anese troops had been sent north after being withdrawn from the Chinese war theater.

In the Southwest Pacific, Gen.

Douglas MacArthur's headquarters announced that Japanese troops, badly mauled at Milne Bay, were striking with increased strength toward the key Allied outpost at Port Moresby, New Guinea.

A communique said "our ground forces are closely engaged" with the enemy in the Kokoda sector, 80 miles west of Port Moresby. Allied planes heavily strafed Japanese positions and lines of communication.

Action in the Milne Bay sector, on the southeast tip of New Guinea, was described as limited to "scattered jungle fighting of a guerrilla type."

A spokesman at United Nations headquarters said Japanese losses had been heavy as the enemy fell into a carefully prepared ambush by Australian forces supported by a small group of U. S. service troops.

## Red Cross Notes

Midland's American Red Cross chapter must make and fill 400 emergency kit bags for the Armed Forces. Anyone who can do so is urged to go to the sewing room and offer her services.

The emergency kit bags are filled and given to the men as they leave for foreign service. The bags are filled with such necessities as needles, thread, shaving cream, tooth paste, and numerous other articles.

Donations to purchase fillers for these bags will be greatly appreciated. The cost for purchasing these articles amounts to approximately \$1.00 per bag. Sample bags have been placed in the show windows of Everybody's, Midland Hardware, Dunlap's and the Chamber of Commerce.

The Red Cross workroom is located in the Old Heidelberg Inn, east of town on highway 80. It is open every week-day morning except Saturday from 9 'til noon.

All America Knows Budweiser... but Few Know This

## THE STORY OF BREAD

may well be called The Story of Civilization

Bread, the most venerable of prepared foods, has helped man, and man in turn has bettered the quality of his staff of life.

YEAST is the life of bread... and the story of yeast is the story of scientific research, uniform quality, mammoth production, modern refrigeration... and daily delivery to bakers in every city, town and village throughout the land... even by boat, by sled and by plane when other transportation is interrupted by floods and blizzards.

Anheuser-Busch is one of America's biggest sources of baker's yeast.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

## Endless research in making the world's leading beer has led to other products

**VITAMINS, B COMPLEX**—For manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

**VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

**CORN SYRUP**—many millions of pounds annually for America's candy industry.

**SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.

**STARCH**—for food, textile, paper and other industries—millions of pounds annually.

**VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

**REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

**DIESEL ENGINES**—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

## Military Theme Is Featured At Meeting Of Church Organizations Monday At First Methodist Church

Mothers and wives of the men in the Armed Forces were given special recognition Monday afternoon at the meeting of the Fifth Monday Organization. The meeting was held at the First Methodist Church with the Methodist members of the organization acting as hostesses.

Guests were greeted at the door by Meses. S. H. Hudkins, V. G. Stolte, S. P. Hazlip, C. H. Shepard, J. W. Thorne, W. Carl Clement, and George Vannaman. Red, white, and blue emblems were pinned on the honored women.

### Chaplain Schoech Main Speaker

Serving as ushers for the 115 who attended were Meses Elaine Hedrick, Virginia Stolte and Ann Vannaman.

Mrs. George R. Grant, retiring president of the organization, presided for the meeting. She introduced the main speaker for the occasion, Chaplain Theodore G. Schoech from the Midland Army Flying School.

In his speech the chaplain said that the soldier needs spiritual care as much now, if not more, than he did in civilian life. "The soldiers are conscious of their spiritual need, and they expect the religious services to be such that they will be benefitted spiritually," he said. He suggested that church programs not be changed in an attempt of adjustment to the soldier's congregation, because the soldier likes to find the same programs he has been used to at home. One interesting point the speaker brought out was that the soldier is often accused of being irreligious, and yet statistics show that a higher percentage of soldiers attend religious services than do civilians.

### Chaplain Requirements

The chaplain brought out how vitally interested the government is in the religious life of the soldier. There are 700 chaplains over the nation with a chaplain for approximately every 1200 men.

"The chaplain is one true friend of the soldier, and it is surprising how many of the men avail themselves of the opportunity of talking with him," Chaplain Schoech said. He went on to say, "The chaplain does not administer to the soldier's religious needs alone, but he goes with them wherever they go—on the battlefield, in the sick wards, and yes, even in the guardhouse. If he can't fulfill these requirements, then he fails to qualify as a chaplain in Uncle Sam's forces."

### Others On Program

Others appearing on the program were Sergeant Kellerman who sang a solo accompanied by Corporal Donald Gillett, and Mrs. Louis F. Caddell, who spoke on "Unity in Service."

In her address, Mrs. Caddell stated, "Only through representative and united action can we hope to

### Bridge Club Compliments Mr. and Mrs. Calvin Jones

STANTON — Mr. and Mrs. Calvin Jones, who are leaving to make their home in Amarillo, were honor guests in the home of Mr. and Mrs. Phil Berry, who were hosts to the Thursday Night Bridge Club.

Red and white rosebuds decorated the living room where three tables of bridge were played. Ice cream and cake were served to the following members and guests: Mr. and Mrs. Morgan Hall, Mr. and Mrs. James Jones, Mr. and Mrs. Paul Jones, Mr. and Mrs. O. B. Bryan, Mrs. Jim Tom, Miss Beryl Tidwell and the hostesses.

Mr. and Mrs. Jones were original members of the club and as a parting gift the club presented them with an electric toaster.

make our community a healthier, happier, and safer place to live—not only for ourselves, but for all who live here. We must unite our efforts, our strength, and our prayers for a lasting Christian peace—a peace which shall mean freedom for all men on earth and defeat for tyranny, slavery and intolerance. That is a responsibility and task of church women in this war crisis. The Council of Church Women is a doorway to unity for this task—a doorway through which we may walk to lives of love, fellowship, loyalty and service. United in service, church women can demonstrate the practicability of Christianity in a world at war."

### New Officers Announced

Mrs. Grant announced the election of new officers for next year. Mrs. Caddell was elected president, Mrs. Hubert Hopper vice-president, and Mrs. Dana M. Secor secretary-treasurer.

A tea hour in the educational building followed the program. The tea table was laid with an Italian lace cloth and was centered with a crystal bowl placed on a reflector and filled with red, white and blue flowers. Miniature figures representing the different branches of the war services were also on the table, and white tapers burning in crystal candelabra added a further decorative note.

Refreshments consisting of red punch, cookies, and red, white and blue mints were served. Napkins with patriotic designs were placed on the refreshment plates. Mrs. B. F. Haag and Mrs. Clement poured from the two punch bowls which were placed at either end of the tea table.

## Miss Lucille Ford And Sergeant Kerth Repeat Wedding Vows

Miss Lucille Ford of Midland and Technical Sergeant C. J. Kerth of the 83rd Base Headquarters and Air Base Squadron at Midland Army Flying School, were married at 8 a. m. Tuesday in a ceremony held at the home of the bride's mother, Mrs. Annie Ford, of 1111 West Wall Street, Midland.

Maid of honor was Miss Betty Mae Curtis of Midland and best man was Technical Sergeant Isaac E. Whitehead, assistant Sergeant Major at the flying school's post headquarters.

The bride wore a cadet-blue dress suit with black accessories and carried a corsage of white gardenias. The room was decorated with white and salmon gladioli.

After a wedding breakfast which was served in the home to the attendants and guests, the couple left on a brief wedding trip to Mexico. Upon their return Sgt. and Mrs. Kerth will be at home at 501 North Colorado Street, Midland.

The former Miss Ford has lived in Midland for 15 years, having attended Midland High School, where she was a member of the Choral Club. She was graduated from high school at Our Lady of the Lake, San Antonio, where she majored in music. Her mother has been a business owner in Midland since 1926.

The bridegroom, son of Mrs. Marie Kerth of Racine, Wis., attended St. Catherine's High School in Racine and was employed in that city before entering military service.

### Mrs. C. Jones Honored At Tea In Houston Home

STANTON — Mrs. Calvin Jones, who is leaving for Amarillo to make her home, was honored recently for a tea in the home of Mrs. W. Y. Houston with Meses, Houston, Morgan Hall and Phil Berry acting as hostesses.

The lace-laid tea table was centered with a large bowl of roses. Mrs. James Jones and Miss Beryl Tidwell poured, and were assisted by the hostesses in serving.

Those calling to wish Mrs. Jones "bon voyage" were: Meses, James Jones, O. B. Bryan and daughter Linda Bess, Annie Stone, Gorton Stone, O. C. Southall, Emmett Pittman, Jim Tom, Edmond Tom, R. W. Daventport, J. N. Woody, C. M. Houston, H. A. Houston, W. C. Houston, Harry Hall, J. L. Hall, J. R. Sale, A. A. Kendall, Wilmer Jones, Joe Pindexter, G. W. Aisup, Brick Eidsos, Hubert Martin, B. F. Smith, J. E. Kelly, Evelyn Woodard, Miss Tidwell, Morris Zimmerman, Floyd Smith, Guy Eiland, C. C. Russell, B. F. White, J. S. Lamar and her granddaughters, Jane and June Lamar, Carl Clardy, Edmond Morrow, Bill Clements, J. R. Nichols, Harrison Bickley, Sam Stamps, Earl Powell, Filmore Epley, Lenora Epley, J. D. Poe, Ben Carpenter, Miss Maud Alexander, Miss Corinne Wilson, and Jo Jon Hall.

Mrs. Bill Gibson was admitted to Ryan Hospital Tuesday.

## "Back-To-School"

The little miss pictured above will surely receive "A" in appearance when she arrives at school on opening day dressed in this dark plaid cotton gingham. The pattern capitalizes on every inch of its WPB fabric allowance to achieve the utmost in style. Pegtop pockets in the skirt and a smart bolero effect, set off by a white pique collar, are the sort of details to endear this frock to a junior miss.

### Mrs. Bond And Children Visit Stanton Friends

STANTON — Mrs. George Bond and two children, George Bond, Jr., and Caroline Ann, stopped in Stanton for a brief visit Monday afternoon. They were en route to their home in El Paso after visiting Mr. and Mrs. George Bond in San Angelo. George Bond, former county agent of Martin County is now a major with the armed forces at Leavenworth, Kansas. He is being transferred to Columbia, South Carolina, where Mrs. Bond will join him in about a month. Mr. and Mrs. Bond have a baby son, Howard Arthur, born the first of July. He had remained with his grandmother in El Paso.

### SIGN ON DESK SAYS SHE IS SERGEANT LAMBERT

She is a Sergeant! A neat, black-on-white sign is on her desk and "says" so.

Maybe Doris Lambert, civilian employee at MAFS, is hinting at the WAAC or is just the first female employee at the bombardier school to take her uniform seriously and worked for a promotion.

Or did she just start out as a three-striper? Her dad is Major Clarence J. Lambert and she was practically reared at Army posts. She knows her "military."

Anyhow there it is—that sign—Sergeant Lambert.

**That Extra Something!**

...You can spot it every time

ON the campus or off, Coca-Cola has that extra something that rates with youth. That's why Coca-Cola—a long-established product—belongs to the younger set year after year. Choicest, special ingredients and special care in its making, give Coca-Cola a special refreshing taste and quality.

This unique taste comes from a finished art in its making, unknown to others... a blend of flavor-essences merging the ingredients of Coca-Cola into a taste all its own. And it leaves that unmistakable after-sense of refreshment that everybody recognizes... and welcomes.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke, Coca-Cola and Coke mean the same thing... the real thing... "a single thing coming from a single source, and well known to the community."

"Let's go see if the Coke's in", and off they troop to enjoy youth's ritual of refreshment... a custom particularly "special" in these war days when there's less Coca-Cola.

# McKENNEY ON BRIDGE

**By William E. McKenney**  
**America's Card Authority**  
 Last year Mrs. A. M. Sobel of New York was the first woman to win the McKenney trophy, which is awarded annually to the outstanding bridge player of the year. Now Mrs. Sobel becomes the first woman to win the world championship Masters pair event. Her partner was Charles H. Goren of Philadelphia.

Here is a hand in which Mrs. Sobel displayed fine defensive skill. The ace of diamonds took the opening lead. Three heart leads from dummy were ruffed by North, re-entry to South being gained through the king of spades and ace of spades. After North cashed the king of spades, he held four trumps and two losing spades, while Mrs. Sobel (West) held four trumps and two hearts. North led the eight of trumps and Mrs. Sobel won with the ten. She returned the jack of trumps, which went to the queen. North laid down the ace of trumps. Mrs. Sobel tossed the king on it, to avoid being thrown in and forced to lead hearts. Thus the declarer had to lose two spade tricks.

### Must Tell People What Is Needed To Win War

PENDLETON, Ore., (AP)—The greatest urgency in the United States, says Associate Justice William O. Douglas of the U. S. Supreme court, is for the people to be told what is needed and what needs to be done.

If they are told, they will supply what is needed and they will do what should be done, he told a war bond dinner crowd.

"We hear that America is not awake, that it is playing war, that it is not taking seriously either the war or the probable sequel to the war," Douglas said.

"Those who think America is complacent about these matters do not know America. The four million American families who have contributed sons and fathers to the armed services have a flesh-and-blood stake in this war."

"They know what the issues are."

### Stamps Replace Cigars Since We Are At War

BALTIMORE (AP)—Promotions usually mean cigars at headquarters of the third service command.

So when Capt. Jack B. Dunn appeared the day after his promotion from lieutenant, he carried a cigar box. Maj. Gen. Milton A. Reckford, commanding general, was one of the first to congratulate him, but the general declined a cigar, saying he did not smoke them.

"But this is war time, sir," said Captain Dunn, opening the box full not of cigars, but of 10-cent War Stamps. They disappeared faster than cigars.

CINCINNATI, (AP)—Uncle Sam is now preparing to take care of his new war veterans and the dependents of those who won't return, Brig. Gen. Frank T. Hines, has announced.

General Hines, Administrator of Veterans' Affairs, told the 43rd encampment of the Veterans of Foreign Wars in a prepared speech that a ten-year hospital expansion plan was being accelerated; that the Veteran's Administration had been decentralized for more efficiency; and that service life insurance was already providing for many families who had lost breadwinners in action.

### Disputed Playoff Plan Faces Texas Baseball Circuit

BY THE ASSOCIATED PRESS  
The shadow of the Shaughnessy playoffs fell athwart the Texas League schedule Wednesday and with only a few rays of the regular season left there were still six teams in the running.

All but the last two teams—Oklahoma City and Dallas—were battling it out for the right to take part in the post-season series, although admittedly sixth-place Tulsa had scant hope to finish among the first four.

The Beaumont Exporters, who have been in first place all season, weren't harmed much Tuesday night when the Oilers beat them 6-1 at Tulsa. The victory, however,

### Clouting Clan Takes In Four New Members

kept alive Tulsa's chance to climb into the first division.

San Antonio, tied with Houston for the fourth spot, divided a twin bill with the Rebels at Dallas, losing the opener 1-0 and taking the second game 5-1.

Second-place Shreveport, assured a place in the after-season series, dropped a 1-0 decision to the Indians at Oklahoma City.

The Houston Buffs swept a doubleheader with the third-place Cats at Fort Worth, 6-5, 4-1.

### Twenty-Game Winners In Big League Have Increased During This Season

By Judson Bailey  
Associated Press Sports Writer  
There has been no Bobby Feller around this season, threatening the sacrosanct ranks of baseball's 20-game winners, but it looks like the major leagues will have their full quota of 20-game pitchers.

Rich now Mort Cooper and rookie Johnny Beazley of the St. Louis Cardinals, Claude Passeau of the Chicago Cubs, Tex Hughson of the Boston Red Sox and Ernie Bonham of the New York Yankees seem almost certain to cross the line that is considered the mark of a successful pitcher.

Cooper and Passeau won their 18th victories Tuesday, Hughson nailed his day before, and Beazley and Bonham have 17.

Cooper came through Tuesday night against the Boston Braves with a 4-3 triumph that kept the Cardinals within 3 1/2 games of the first place Dodgers.

So He Got Hit  
He needed a little lift to beat the Braves and this may have inspired him to crack out a pair of singles, one of which drove in two of the St. Louis runs. In addition he spaced nine hits, fanned seven and walked none.

Al Javery, the Boston ace, had won seven straight and his teammates gave him a two-run lead before the Cards started clicking, but they finally made their 13 hits counting the deciding run in the seventh with a long fly after leading the bases on three singles.

Brooklyn Wins Again  
Brooklyn had placed the issue squarely up to the Redbirds by winning an afternoon tussle from the Pittsburgh Pirates 4-2 on the hit hurling of Kirby Higbe. It was the 14th triumph for the Dodger righthander, who never before had beaten the Pirates as a starting pitcher. In six seasons he had lost to Pittsburgh nine times and won just once in a relief assignment.

The defense mathematically eliminated the Pirates from the pennant race.

Passeau's 18th victory was by a 10-5 score that snapped a six-game winning streak of the New York Giants.

Cincinnati completed a sweep of its four-game series with the tail-end Phils with a 4-3 verdict achieved in the 11th inning when Frank McCormick singled with the bases loaded.

The Washington Senators won the day's only game in the American League in the same fashion as James (Mickey) Vernon singled with the sacks filled in the 10th to nose out the Cleveland Indians 4-3.

### Eighteen Players Report For First Football Practice

Eighteen players answered Coach Gene McCollum's opening practice call Tuesday afternoon at Midland High School's Lackey Field. Tuesday was the first day that practice sessions could be held under the rules of the Texas Interscholastic League.

Limbering up exercises together with long drills on fundamentals were stressed in the opening practice. Coach McCollum has just three weeks to whip the Bulldogs into fighting trim for their first game with Brownsville on September 18.

The following boys reported Tuesday afternoon:  
Ivan Hall, Marshall Whitmore, Billy Richards, Charles Kelley, H. G. Berford, L. C. Netherland, Jack Taylor, Jimmy Watson, Ralph Verizes, Monty Mayfield, Red Roy, Jack Dyson, J. T. Robinson, Junior Bird, Buddy Davidson, John Guy McMillen, Corbie Friday and James Moore.

Doyle De Arman is serving as student manager for the team.

### Sports Roundup

By HUGH FULLERTON, Jr.  
Wash. Sports Columnist  
NEW YORK (AP)—Know the shortest fight on record? ... Don't grab for record books, we'll tell you ... It was the Fritzie Zivic-Jackie Wilson fust slated for the Garden next week ... Well, it was "on" for just five minutes and then permission came through for Red Cochran to fight on the USO card Sept. 10 so it was called off and Zivic-Cochrane substituted ... Look for Yale and Virginia to resume their football series next year if there is any football in '43.

Confusion Corner  
When this ad: "Wanted—golf club, No. 4 wood," appeared in the Newport (Vt.) Express, it got results but not the kind that were expected ... Two days later a farmer phoned that he had four-foot firewood to sell and should he take it to the Newport Country Club?

Today's Guest Star  
Francis Sargent, Lowell (Mass.) Sun: "We've heard a lot about horse racing doing much more for the servicemen than baseball, but you don't see the tracks tossing any of those foul balls they have running around to the men in service, do you?"

Big League Stuff  
The Tucson, Ariz., semi-pro league is willing to back its contribution to the war effort against anything the big leagues can offer—size considered ... The other night the league staged a "Victory Bond barbecue," combining a big feed with a ball game between stars of the service and civilian teams in the circuit. The admission price was one \$25 War Bond and the affair drew 1,600 people and raised over \$10,000 in bond sales ... "It is a cinch to put over," writes League-President Roy P. Drachman.

The Chanute Field (Ill.) Planesmen figure they've seen everything in the baseball line since second baseman Coleman Kays was spiked on the nose during a game with the Savannah (Ill.) Ordnance school. It wasn't a nose dive, either, Kays tagged a base runner who couldn't slide very well and the man's foot kicked high in the air ... There'll be plenty of variety in the football played at the Norfolk Naval Air Station this fall. Coming three of the intra-mural teams will be Ace Parke, who favors single and double wingback formations, Joe Maniaci, who likes the "T" he used as a Chicago Bear, and Chet Gladchuk, who learned the Notre Dame style from Frank Leahy at Boston College ... The Norfolk Naval Air Station baseball team (not to be confused with Bob Feller's outfit) finally has been stopped after 20 straight victories. But it took an unearned run for Camp Pendleton to do it, 1-0.

### North Texans Win In Oil Bowl Football

WICHITA FALLS (AP)—Despite a valiant defense, the West Texas team went down 20-7 before the swift passing attack of the North Texas eleven in the annual Oil Bowl gridiron contest Tuesday night.

Bury Batsy of Paris pitched and Troy Stewart of Wichita Falls caught to spark the alert North offense.

In the third period Gordy Brown of Masonic Home intercepted a pass by Roy Smith of Mart and dashed 80 yards to a touchdown. Brown kicked the point.

**Kids Win Fans Over In National Tennis**

NEW YORK (AP)—There always is something immensely appealing about a youngster competing against grownups, and little Shirley Fry of Akron, Ohio, already is the sentimental choice to win the Women's National Tennis Championship at Forest Hills.

Shirley is an appealing, shining-faced kid of only 15 who already has won her way to the quarter-finals. It is doubtful that Shirley will get any farther, because her next opponent will be Pauline Betz of Los Angeles, the tournament's second seeded woman player.

### Only Real Victory Will Be On The Battle Field

PORTLAND, Ore. (AP)—The victory bell will not signal University of Portland triumphs this fall.

The Rev. Charles C. Miltner, president, ordered the clapper removed.

"There can be no real victory," he explained, "until our boys have returned victorious from the battlefields of the world."

The 2493rd anniversary of the birth of Confucius was celebrated this year.

### Only Real Victory Will Be On The Battle Field

NEW YORK (AP)—Brooklyn Dodger officials said Wednesday they expected Pete Reiser, their ailing centerfielder, would be released from his Baltimore hospital either Wednesday or Thursday but that he would rest at President Larry MacPhail's Maryland farm until Saturday.

Dieppe was named Diep by early Norman settlers, because of its deep, sheltered position.

### Jap Foreign Policy Declared To Be Same

TOKYO (From Japanese Broadcasts)—(AP)—A Domei broadcast quoted Premier General Hiroki Tojo Wednesday as declaring that his assumption of the foreign ministry, vacated by the resignation Tuesday of Shigenori Togo, "will not result in any way in an alteration of Japan's foreign policy."

(The resignation of Togo, who was regarded as adverse to Japanese hostilities against Russia, and Tojo's decision to take the foreign portfolio, has been widely interpreted outside Japan as presaging possibly a Japanese attack on Siberia.)

The resignation of Harohito Nishi, Togo's deputy, also was announced Wednesday. His successor is Teruichi Yamamoto, chief of the foreign office's East Asia bureau.

### Desk, Cabinet Needed By Red Cross Room

Do you have a small desk that you are not using? A mirror, a filing cabinet?

The Red Cross surgical dressing supply room, at the courthouse, can use these to good advantage, right away, if you have such to give to the work.

Furnishing of the room is about complete, except for these few items. Any one who can help with these will please telephone Mrs. A. N. Hendrickson, at 2650.

(And, somebody might help the room to a complete finishing by giving an American and a Texas flag.)

### 'Drive Carefully And Protect Our Children' Says Midland Police Chief Tyson As School Opening Nears With New Record Enrollment

Several hundred Midland children soon will be a major part of the traffic stream in Midland, as schools are ready to open. Chief of Police Lon H. Tyson, and school authorities have issued an appeal to the public to tune driving to a pace that will mean full safety for the children.

In the school areas, streets will be marked with a giant "15", which means to hold driving speed to 15 miles per hour. Police will be on duty, and on special occasions patrol units of students; and drivers should be on the lookout for such signals as may be given. To care for the heavy crossings of streets by the children, and the frequently heavy number of automobiles in the school zones.

"We had a splendid record last year," said Tyson, "and want to maintain it. But, of course, we could never have enough police on duty to do the job without the full cooperation of the public. It is, after all, up to the public to keep a sharp watchout for the children, to drive slow, and never to take the slightest chance with the lives of the children."

Parents Must Assist  
"Parents should talk this matter over with the children before school opens, and at frequent intervals. Parents, themselves, should make it a rule never to stop just anywhere and call to their children to come across the street and get into the car. Pick them up at regular crossing places, don't jeopardize their lives by calling them to run through traffic.

"Children should be instructed to ride their bicycles on the right-hand side of the street, to stay as near as possible to the sidewalk, and to avoid sudden dashes out into the street. In fact, in riding a bicycle the child should observe all the rules that apply to automobile driving. Actually, it is more dangerous to violate those rules on a bicycle than it is with a car, in ordinary traffic. Children should never take advantage of being young to take a chance. Drivers of cars may find it impossible at times to stop in time when children sverve in front of them, or dart into the street, either on a bicycle or on foot.

**Warns Bicyclists**  
"Bicycle riders must have licenses on their bikes," said Tyson. "They cannot be used on the streets unless they are licensed, and any who have not attended to this should do so at once. The license fee is 50 cents. That includes the tag; the number is permanent, and the fee is paid only one time in the life of the bicycle."

Police will maintain at least two men on duty in the school zone in the early morning, and during the noon hours. In the afternoon there will be three men on duty. "With parents and children trying seriously to assist us, we can carry our children through another year without an accident, and at the same time give them traffic instruction that will benefit them all their lives," said Tyson.

**PERSONALS**

Miss Emma Schulz, Mrs. Charles F. Scott, and Fern and Frederick Lugenheim, houseguests of Dr. J. Schulz, have returned to their homes in Wichita Falls.

Jack Simola was discharged from Ryan Hospital Tuesday.

Mrs. C. E. Musgrove who has been critically ill is reported steadily improving.
