Nazis Hammer At Stalingrad

Fear Production Shortage

FDR Warns Nation To Strip Civil Economy For Necessary Arms

WASHINGTON, (AP).— President Roosevelt told Congress Monday that the United States was producing only a little more than 50 per cent of its maximum possible war production and solemnly warned:

"Not until we have reached the maximum — and we can do this only by stripping our civilian economy to the bone — can our fighting men and those of our Allies be assured of the vastly greater quantities of weapons required to turn the tide.

"Not until then can the United Nations march forward together to certain victory."

The President's statement was in a letter transmitting the sixth quarterly lend-lease report in which he spoke of Britain as an "offensive base." The report showed such aid to the British commonwealth of nations and 35 other countries during the 18 months since the program began totalled \$6,489,000,000, with actual exports amounting to \$3,325,000,000. In the same time lend-lease countries purchased \$5,800,000,000 worth of bonds, including munitions, from this country.

China Aid Limited

Lend-lease help is now being provided at the rate of \$8,000,000,000 a year, with the maximum aid possible under 15 separate appropriation acts reaching almost \$63,000,000,000.

At present, the report said, about 35 per cent of lend-lease exports were going to the United Kingdom, 35 per cent to Russia, and 30 per cent to the Middle East, Australia and other areas.

"Aid to China," it was added, "has been limited by the difficulty of transportation, but the development of other means of transportation will relieve this situation."

The President said in his letter that deliveries of lend-lease goods, "which have been growing, will have to grow much larger still."

"We and other United Nations need all the weapons that all of us can produce and all the men that all of us can muster," he added.

Compared with their available resources, he said, Britain and Russia had produced more weapons than the United States.

STUDENT PILOT KILLED IN BIG SPRING CRASH

BIG SPRING, (AP)—The body of an Army student pilot who crashed to his death 20 miles southeast of here Sunday has been identified as that of Louis J. Kastelic, son of Mr. and Mrs. Anthony Kastelic, of Enbaut, Penn.

Officers from the Advanced Army Flying School at Brady came here to complete the identification.

Andrews Wildcat Shows Some Oil On Swabbing Test

By Frank Gardner Oil Editor.
Mid-Continent Petroleum Corporation No. 1 University 'South' Southern Andrews County wildcat, is showing for limited production from the San Andres lime member of the Permian. Operators swabbed out drilling fluid through 2-inch tubing set on bottom at 4,599 feet in lime. They let the prospect stand for 12 hours, then swabbed out four barrels of 32-gravity oil, with no water. The well has been shut down pending orders to deepen, shoot or acidize. It is in section 16, block 10, University survey, two miles west by southwest of Skelly Oil Company No. 1-H University, producer between the Mascho pool and Siemont area, and two and one-half miles east of the West Andrews pool.

Sun Oil Company has staked No. 1 University 660 feet out of the southwest corner of the northwest quarter of section 6, block 10, University survey, in the northeastern part of the West Andrews pool. The scheduled 4,500-foot test will start with rotary Thursday.

The Permian Basin's deepest active operation, Atlantic Refining Company No. 1-A Texu, in Southwest Central Andrews, is drilling unchanged below 9,665 feet in lime and chert.

Union Oil Company No. 1-C Mrs. A. C. Means, Northwestern Andrews wildcat three miles southeast of Shafter Lake, halted drilling with rotary at 4,285 feet in sand, cemented 5 1/2-inch casing at 4,214 feet with 225 sacks, and is tearing down rig. It will replace rotary with cable tools. The well logged a slight showing of oil in sand from 4,275-85 feet. It topped solid lime in the Gravelburg (not San Andres) at 4,210 feet.

Bryant To Plug
M. D. Bryant et al. No. 1 J. A. McDonald, Northeastern Pecos County deep test, is shut down for plugging orders at 5,666 feet in dolomite of the Ellenburger, lower Ordovician, topped at 5,250 feet. It was cored from 5,652-66 feet, recovering 3 1/2 feet of dolomite showing fractures and sulphur water in the bottom five feet. A one-hour drillstem test from 5,561 to 5,666 feet recovered 450 feet of sulphur water.

Daily potential of 1,505 barrels of 44.9-gravity oil, flowing through one-half inch positive choke on tubing, was reported for Tal Vez Oil Company No. 1 Hal Burnett, in the south part of the Abell Ordovician pool of Northern Pecos. Gas-oil ratio was 713.5-1. The well topped pay in the McKee sand at 5,340 feet and drilled to 5,369.

Officers from the Midland No. 9 Shell-University, in the east extension, (Continued on page two)

Strategic Stalingrad . . . City of Destiny

Center of Stalingrad, whose valiant defenders stilled the Nazi steamroller time and again in some of the war's bloodiest fighting, is pictured in new airplane photo. Square of Fallen Heroes is shown.

Record Crowd Sees Toots Mansfield Win Calf Roping Championship, Defeating Clyde Burk In Fast Match

Playing to the largest crowd ever to attend a West Texas event, running well more than 7,500, Toots Mansfield defeated Clyde Burk of Comanche, Okla., in a 12-calf matched roping contest here Sunday to retain the world title. Both men were in top condition and roped as hand-fighting bunch of calves as ever were used in an exhibition.

Mansfield started the contest with a fast catch and tie of his first calf, getting a time of 15 seconds flat, and was never in trouble except on one calf, which kneed.

Port Edwards Winners
Troy Port of Lovington, New Mexico, defeated James Kinney of Comanche in one of the main events, a 6-calf match, which was fast throughout. Sonny Edwards of Fort Spring defeated Jim Epsy of Fort Davis in the other feature 6-calf

throw, but which was caught a second time so quickly that good time resulted.

Burk was fast on the catch, but had some trouble with a few calves in gathering those wild-kicking hind legs. All of the calves were in prime shape, had never been roped before, and were wild and wooly.

Winners in bull riding were Limey Thomas and J. B. Hunter; Eddie Davis in the other feature 6-calf

event, with Epsy having lots of trouble on account of a show-shy horse which caused a lot of misses to slow Epsy to time far below his usual showing.

Rusty McIntire, one-time holder of the world title in bull-dogging for several years straight running, gave a one-steer exhibition match with Homer Pettigrew, present world champ, and beat Pettigrew with a 28.3 second throw, while the younger man took 39.9 seconds.

Other Event Winners
Winners in bull riding were Limey Thomas and J. B. Hunter; Eddie Davis in the other feature 6-calf

War Will Require Married Men And Youths Of 18-19

ASBURY PARK, N. J. (AP)—Major General Lewis B. Hershey, National Director of Selective Service, thinks the war is getting closer to married men with children and youths of 18 and 19.

"We can't call a recess in this war until people grow up," General Hershey told New Jersey Legionnaires Sunday, referring to forecasts that the younger men would be drafted soon. "Prospects of a very large mobilization seem in the cards for next year."

He predicted that the manpower needs of global war would result in previously-deferred husbands with dependents and war production workers being called to arms.

"We will have to come to the realization that there are not enough single men, that there are not enough married men without dependents for the mobilization of, say, between ten million and thirteen million in the United States."

Texas Jaycees Stress 'Battle For Freedom' In War Work Session

Stressing a slogan and program entitled "Fighting The Battle For Freedom on All Fronts," Texas Jaycee officers met Sunday in Midland to perfect plans for war work activities.

Encouraging and giving information to prospective Army and Navy enlistees will be enlarged and activated under the leadership of Oscar Clark of Kerrville and Jimmy Oliver of Houston. Plans were made for closer cooperation with newspapers in promoting a civilian committee handling armed services informational activities.

John Ben Sheppard of Glade-water, president of the Texas Jaycees, reported on a War Bonds purchase plan for each community and the physical education, youth welfare, and Americanism programs.

Taylor Cole, chairman of the post war planning committee, reported on the program which his committee will follow in developing a definite plan for post-war economy.

Lists War Activities
Earl Bunkley of Sweetwater reported on the scrap activities which (Continued on Page 2)

Deliver Twin Aerial Blows On Axis Front

By The Associated Press LONDON — British and Russian bombers, delivering a new twin blow to the flanks of the Axis 1,000 miles apart, smashed at the northwest German port of Bremen Sunday night in a RAF attack probably hundreds of planes strong, and raided Bucharest and the Ploesti oil region of Rumania from bases deep in Russia.

British bombers were back over northwestern Germany again at dawn in follow-up attacks, the Air Ministry reported, announcing a total loss of 19 British bombers.

The Air Ministry said the 100th attack of the war on Bremen was delivered by a "very strong force."

Returning pilots said they unloaded their tons of explosives over the Weser river port by the light of raging fires whose red glow they could see for 100 miles on their flight back to base.

Red Airmen Over Germany
The Berlin radio said Russian bombers were over eastern Germany, and quoted dispatches from Bucharest that the Rumania capital and the Ploesti region to the north were attacked by Soviet bombers.

The dispatches described the Ploesti attacks as ineffective and said Bucharest had two alarms during the night and some bombs were dropped but that no damage was caused.

Bremen is the sight of important submarine building yards and the Focke-Wulf airplane factory.

No Nazi Aerial Activity
The German radio acknowledged that British raiders had caused "material damage and destruction to buildings, particularly in residential quarters," in an attack on a "harbor town," but did not otherwise identify the target.

It was the first RAF attack on Germany since last Thursday night, when Dueseldorf was blasted.

There was no German air activity over Britain Sunday night.

The German radio in reporting on the Rumanian raid, quoted the Transocean news agency as saying: "According to an official statement, other enemy planes ineffectively attacked the oil region near Ploesti."

"It is rumored that parachutists were landed but no confirmation of this report is forthcoming."

MIDLAND MEN ENROLL FOR PILOT TRAINING

Fred Turner, Jr., and A. Knickerbocker have enrolled for pilot training at a Hobbs, N. M., aviation school. They started their course Monday.

Jap Soldier Deadlier And Trickier Than Nazi Say Men Who Have Fought Them Both

MELBOURNE, Australia. (AP)—Australian veterans who fought the Germans at Tobruk and the Japanese at Milne Bay agree unanimously that the Japanese soldier is a wily fighting man more dangerous than any Hitler threw at them.

"It was like fighting tigers down in that jungle and it was a question of kill or be killed," said one Aussie who got a bullet wound in the neck at Milne Bay, in South-eastern New Guinea.

"There was no quarter given and no prisoners taken on either side."

He was among the first wounded to arrive in Australia from the Milne Bay action which started Aug. 26 when a Japanese convoy moved in a naval landing force under cover of darkness in a peeling rain.

Tells of Battle
One Australian unit clashed with the invaders about 3 a. m. and by

afternoon had driven the enemy more than a mile back toward their landing place.

The Aussies encountered a bag full of Japanese tricks, from fire-crackers to infiltration.

This is the story one of the wounded men told:

"The Japanese noise tactics were alarming, to say the least, during the first engagements. They set up a hell of a clatter and chatter, blew trumpets and whistles and set fire-crackers to popping."

"Many of the crackers appeared to be a kind of delayed action grenade which was lobbed behind the lines and caused a racket that gave the impression we were surrounded."

German Offensive At Peak Against Elastic Soviet Defense Lines

By Clyde A. Farnsworth Associated Press War Editor
After three weeks of already frightful struggle on the immediate approaches to Stalingrad, main theater of the world conflict, the German offensive achieved peak ferocity Monday against the elastic Russian defense and the Germans claimed two penetrations of the city itself.

By Russian accounts, however, the battered capital of the lower Volga region still flew her red banners of battle, with the foe checked once more on the outskirts.

The Germans said that Stalingrad had been entered in both the southern and northwestern section. The southern penetration was first reported Sunday, the northwestern Monday. The latest German claim said dominating heights in the northwest of the city had been occupied "after a bloody fight."

Typical of the repeated rectifications in the semi-circle of defense was the official Russian admission that previous ground had been yielded southwest of Stalingrad but only until strength could be marshalled to stop and then blunt the new penetration.

Halt Nazi Drive For Oil
Apart from the Stalingrad action, the Russian front was highly active in the Rzhev area, northwest of Moscow, where the Germans said the Russian continued to attack under artillery cover, and east of Leningrad where the Russians appeared to be trying to improve that city's position for a second winter of siege.

Evidently referring to Russian attacks designed to clear a 12-mile stretch of railway east of Leningrad and south of Lake Ladoga, the Germans reported the failure of several Russian thrusts.

The Russians reported that the (Continued on page two)

Allies Hold Jap Forces At Bay In Port Moresby

GENERAL MACARTHUR'S HEADQUARTERS, Australia (AP)— Allied forces held the Japanese invaders at bay 40 miles north of Port Moresby for the fourth successive day Sunday while medium bombers dropped 17 tons of bombs on the Japanese base and airfield at Lae and flying fortresses attacked three enemy merchant ships and a cruiser off New Guinea's coasts, a communique said Monday.

One Allied bomb blew the stern off a Japanese vessel near Selece Island in the Tanimbar Island group between Australia and New Guinea and she was left in a sinking condition, the communique said.

Another ship was attacked with machine-gun fire in the same raid and farther north, off the Kai Islands, still another Japanese ship was bombed and machine-gunned.

Flying fortresses attacked a Japanese cruiser and destroyer south of New Britain on the eastern side of New Guinea, but results could not be seen, it was announced. All the fortresses returned safely.

Lae twice within a few minutes and destroyed two heavy Japanese bombers and started fires. The communique said. Another bomber unit attacked the base at Salamaua.

MAJOR B. W. REECER TO ATTEND ARMY SCHOOL
Major B. W. Reecer who is stationed at Camp Hulen has gone to Wilmington, N. C., to attend a three weeks course in anti-aircraft at Camp Davis. This is the second special school he has attended in the last three months. The Recers resided in Midland until he was called for Army duty.

Mrs. Reecer and the boys now are residing in Bay City.

Report Explosions Jar Zephyr Train

CRESTON, Ia. (AP)— Twelve explosions rocked the westbound 12-car Burlington Zephyr streamline train two and a half miles east of Nodaway, Ia., at 12:30 a. m. Monday. Burlington officials said passengers escaped injury and damage to the train was slight.

There were about 180 passengers aboard the crack streamliner, which was traveling approximately 70 miles an hour when the explosions occurred, officials here said.

Many of the passengers, asleep at the time, were unaware of the explosions.

The FBI at Des Moines is investigating the cause of the explosions. James L. Dalton, head of the FBI Bureau in Iowa, said the cause was not determined.

Nine of the cars suffered damage. Air brake equipment on three cars was damaged, and the rest suffering damage to undercarriages.

The train did not leave the track. The explosions occurred in flat-level country, and not on any incline or near a bridge.

Bia Traffic Handled Without An Accident
Police, highway patrolmen, the sheriff's department, and the military police cooperated Sunday to handle one of the largest traffic flows in Midland history, coming through without an accident.

Officials were high in their praise of the men who handled the traffic, and commended the care with which the thousands of visitors handled their cars.

WEATHER
WEST TEXAS: Moderate temperatures.

THE WAR TODAY

By DEWITT MACKENZIE

Disclosure that the Nazis have developed three new warplanes for use against Britain, including a sub-atmosphere bomber capable of operating from a height of 40,000 feet, lends substance to Berlin's threat last week that Germany is preparing to launch unprecedented air-raids over England.

There's no reason to doubt that this threat accurately describes one of the Fuehrer's objectives and that he is getting set for the assault. To my mind, however, that doesn't tell the whole story, for the indications are that we also may expect a terrific dog-fight for supremacy of the air over Western Europe.

Hitler On The Spot
The steadily increasing British and American strength has put the Nazi chief on the spot—and a nasty one it is. The Anglo-Yankee combination already holds superiority (though not "supremacy") in the air, and he must answer this Allied challenge to domination—for two reasons:

1. His vital industrial centers are being decimated systematically by RAF and American bombing on a (Continued on page two)

WAR BULLETINS

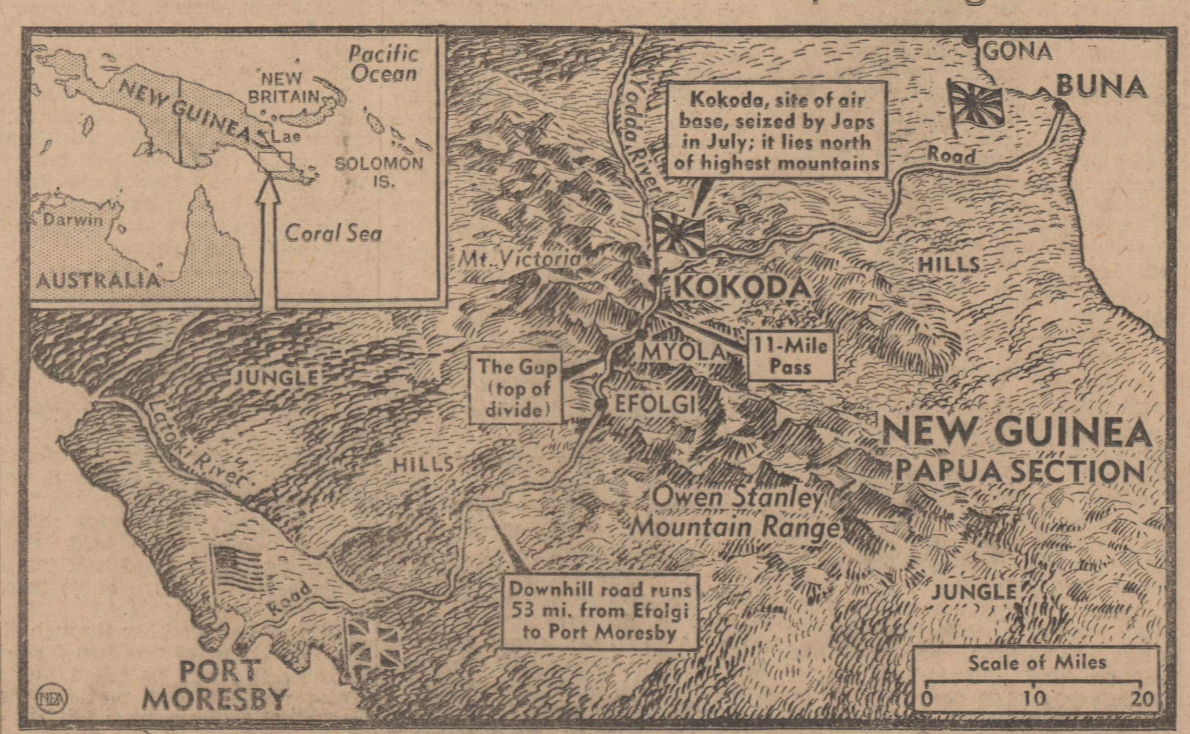

LONDON (AP)—The British announced Monday the capture of Madagascar, and information reaching some military quarters here indicated that advance forces had pushed on to within 100 miles of the capital.

NEW YORK (AP)—The Berlin Radio added a chapter Monday to the story of widespread and large-scale fighting against the Axis in occupied Yugoslavia, reporting that 800 persons described as bandits had been captured and shot.

ROME (From Italian Broadcasts) (AP)—The Italian High Command reported Monday that British forces attempted to land Sunday night at the Libyan port of Tobruk after a prolonged air attack.

BERLIN (AP)—The High Command said Monday that a British detachment of seven men attempted to land on the French coast east of Cherbourg Saturday night, but their boat was sunk by shellfire and all were killed or captured.

New Guinea Mountains Scene of Japs' Jungle Drive

In the jungled mountains of southeastern New Guinea (Papua) Jap troops have passed the peaks of the Owen Stanley range and threaten a downhill drive to Port Moresby from their positions at Efolgi, Myola and Kokoda. Map shows the mountains, jungles and slopes in this sparsely settled area. Only a few native villages lie on the 50 miles of hilly road between the enemy and the great U. S.-Australian base at Port Moresby.

They Did

Inflation To Be Approved

The substance of President Roosevelt's anti-inflation recommendations to Congress will be approved by all except a few professional "leaders" of farm and labor groups.

The American people have made it abundantly clear that they are willing to pay the necessary price to win this war, and the peace that will follow.

Inflation can not be halted, short of disaster, unless the ceilings now placed upon everything else shall be extended to wages and to the price of farm products.

Throughout his message to Congress and his talk to the public, Mr. Roosevelt reiterated the interdependency of farm prices and labor's wages.

"You fellows fix a ceiling for the farmers," said he, in effect, "and trust me to see that a corresponding roof is put over wages."

Having in mind a great many things which have happened in Washington of late years, many congressmen—including at least some New Deal Democrats—do not care for this division of the task.

It is their duty to face the electorate in November. There is, of course, nothing to prevent Congress from going beyond Mr. Roosevelt's explicit demand, and legislating on both wages and farm prices at the same time.

That would be smart politics as well as sound economics. The important thing is that Congress should act.

Members' first reaction, naturally enough, was indignation at the sudden harshness of the message; at the "gun held to Congress' head"; at Mr. Roosevelt's sudden impatience five months and 11 days after his original presentation of a model seven-point program.

But this is not a vital emergency for congressional action to be dictated by resentment. Although we can sympathize with those who have been angered, we could not condone their failure if, because of pique, our congressmen fail now to take the action necessary to save the country from disastrous inflation.

—Buy War Bonds And Saving Stamps—

Impassable Mountains

Once more the Japanese have taught us a lesson about complacency. In New Guinea they demonstrated again that the way to win battles is to forget about the things that "can't be done" and to attempt the impossible.

There is absolutely no evidence that United Nations strategists became careless merely because the Owen Stanley range was considered almost impassable. So far as we know, our generals did everything possible, with the means available, to keep the Japs away from our naval base at Port Moresby.

But here at home we were told not to worry when the little brown men landed July 21 at Gona Mission. They couldn't get through the gap. But they did get through just as, for nine months, they have been doing the impossible.

Perhaps some other things aren't impossible, either. Perhaps Henry Kaiser actually could build those cargo planes we need so badly.

Andrews-

(Continued From Page 1) sion to the Taylor-Link pool of Pecos, gauged large natural flow of 263 barrels per day upon completion at 1,441 feet. It topped main pay at 1,420 feet. Oil is 33-gravity and gas-oil ratio 450. Packer failed nine minutes after tool was opened for a 30-minute drillstem test from 6,477 to 6,530 feet in Magnolia Petroleum Company No. 1 Alan Robertson, North Central Pecos deep wildcat, and an unreported amount of drilling mud was recovered when drillpipe was pulled. Another test may be attempted before deepening. A Pecos Ordovician test 29 miles southeast of Fort Stockton, Phillips Petroleum Company No. 1 Ada C. Price, is drilling at 2,502 feet in line.

North Basin

Ray A. Albaugh of Lamesa No. 1 T. L. Higginbotham, Northern Dawson County wildcat, is shut down for orders at 5,204 feet in line. It is four feet past original contract but may be deepened. Shell Oil Company, Inc., No. 1 D. N. Leaverton, Northwestern Gaines County wildcat scheduled to go to 7,500 feet for a test of the deep Permian, is drilling at 4,590 feet in gray lime. The Texas Company No. 1 J. Bay Robertson in Southern Gaines, exhausted water by bailing down to plugged-back depth of 5,952 feet and gun-perforated 5 1/2-inch casing with two shots per foot from 5,910-50 feet. A bailing test indicated four gallons of salt water hourly, with a rainbow of oil present. Operators then washed hole with 300 gallons of acid and now are bailing five gallons of salt water, with a slight show of oil, per hour. Continental Oil Company No. 1 Dan Auld, wildcat in Eastern Terry County, was nearing 6,500-foot contract as it drilled to 6,442 feet in line and chert. Ohio Prospect Indicating the farthest north

Dempsey Is Elected

New Mexico Governor ALBUQUERQUE, N. M. (AP) — John J. Dempsey, who resigned as undersecretary of interior to seek the governorship of his adopted state, rolled up an apparently impregnable majority in Saturday's Democratic primary elections and tonight received the congratulations of his opponent Bryan G. Johnson of Albuquerque. Democrats gave a landslide endorsement of Senator Carl A. Hatch, New Mexico's senior senator, and Rep. Clinton F. Anderson, in their successful quest for renomination. Hatch trailed in only three of the 31 counties with more than half the state's 915 voting districts accounted for.

Set Ticket Price For District Football Games

Prices of football tickets for the 1942 season were set at a meeting of the executive committee of District 3-AA in Big Spring Saturday. Students, enlisted men and cadets will be admitted for 25 cents; general admission, 50 cents; and reserved section, 85 cents, all prices tax included.

Livestock

FORT WORTH (AP) (USDA)—Cattle salable 6,000; calves salable 3,300; most classes opened steady to weak with cows weak to 25c lower. The War Today-

(Continued from page one) big scale. Moreover, his rail transport is being cut to pieces. That's a bad combination—loss of essential manufactures, and lack of transportation facilities for the supplies still available.

If Hitler is to protect himself against a land invasion of Western Europe, he must control the air, just as the Allies must control it if they are to put an expeditionary army ashore. He certainly doesn't dominate it now, and Major General Carl Spatz, commander of U. S. Army Air Forces in Europe, declares our flying fortresses are the key to aerial mastery.

Nazis Use Resources On Reds For long weeks now Hitler has stood by in apparent meekness and seen his resources disappear in the deluge of Allied bombs; he has seen some of his proudest cities all but wiped out. Only Sunday night a strong force of British bombers was over the great port of Bremen again, while the Russian planes were strafing Eastern Germany. But his meekness has been seeming and not real, for there's nothing meek about this man who would be emperor of all mankind.

The cold fact is that Hitler has had to use virtually every available warplane in his efforts to subdue the volcanic Reds. As reported in this column recently, a high Allied source told me of a certainty that the Nazis are short of planes, short of gasoline and oil, and very short of pilots. Additional proof of this is seen in the fact that Marshal Rommel wasn't able to get the air support he needed for his new drive against Egypt, although that operation is an essential part of the Nazi pincers movement against the Middle East.

However, approaching winter will see a slackening of the fighting in the Caucasus, and Hitler will be able to release planes for operations elsewhere. He also will have recently manufactured machines ready for action. Beside the sub-stratosphere bomber, these include a four-motored Heinkel 177 which carries eight tons of bombs—the equal of Britain's biggest planes. Then there is the Focke-Wulf 190, which is a fast, bomb-carrying fighter.

All this should provide a mighty urge for Uncle Sam's builders of warplanes. Our production is far short of capacity, and it's imperative that a steady stream of bombers and fighters be kept pouring into our bases in the British Isles for war against the Germans. It's vital that the Allies win absolute supremacy over Western Europe if we are to establish that second front and get ahead with the job of beating the Nazi all-highest.

Our task of production is all the greater because our air-fleet now is in action in all sectors of this global war. The number of planes we produce between now and spring will have much to do with the length of time it will take to crush the enemy.

Folks And Facts At Calf Roping Show

Hundreds of old-timers and their families were in Midland Sunday, to see the calf roping matches, and held a reunion all their own, and took out for home soon after the show. New Mexico the Big Bend country, the North Plains, Lubbock and other north areas, south areas, San Angelo, Abilene, Colorado City, Big Spring, Pecos, Stanton, Monahans and Odessa, and every other town and sector had representative ranch families and others on hand.

Troy Fort, one of the headline ropers, who was kicked on the chin was hauled off to the doctor over his protest, got a few stitches in the chin, and returned to see the finals of the matches.

Eddie Caldwell, who took first money in the bronc riding, has been a saddle maker here for months with George Friday. He is a neat rider. Morris Cooper, who took second money, is also a Midland boy. He and his wife and baby came in for the event. Mrs. Cooper is a fine bronc rider herself. Billy Wyche, Midland youngster, did a neat job of bronc riding.

Flight Commander Moxham of the Royal Air Forces, from England, was a wildly enthusiastic visitor at the roping. He sat in the judges box, as a visitor of Ollie Cox of Sweetwater, and marveled at the skill of the ropers. Besides being a great flyer, he is an enthusiastic horseman. He and Sub-Lieutenant Arno Duyzing of the Royal Dutch Air Forces had a fine visit. They had seen action in the same war zones.

Allen Holder and Bill Nix, two of the old-time greats in the rodeo rings helped with the timekeeping in the judges box. They both live at Rankin now, and never miss a rodeo within their range.

Fisher Pollard, one of the great bronc riders of several years back, was a recorder, and had a lot of yarns to swap with other oldtimers. Juan Salinas was here, keeping his record 100 per cent, for he never missed a Midland rodeo event, though he lives away down below San Antonio.

Bob Crosby, probably one of the greatest steer ropers that ever performed, was on hand and rearing to go. Bob has suffered many injuries and doesn't have his old-time speed.

Lon Tyson, Midland chief of police, and Commander Moxham of England swapped yarns about the rodeo held in London during the Empire Exposition in which Tyson was a performer and Moxham a spectator.

Homer Eoley, secretary-treasurer of the Midland Fair, Inc., was on hand with a checkbook to pay off the performers at the close of the great show.

Wool BOSTON, (AP) (USDA)—Sales of scoured eight months Texas wools were reported Monday at a price range of \$1.15-1.20. Medium fleeces wools for Iowa and Indiana were sold at a delivered grease basis price of 51 cents. Some Missouri and Michigan three eighths and one quarter blood wools were sold at 53 cents, grease basis. Reports indicate the supply of fine and medium wools in the fleece states as being well sold out of local dealers' hands.

11,000; cull and common to medium slaughter ewes: 900-5.25; mixed grade feeder lambs 9.00 down.

Defense Class Work Delayed Few Days

Defense classes in woodworking and metal work to be conducted at the High School will not meet Monday night as scheduled. Final federal papers on plans for the class had not arrived Monday, and the school must wait those before actually starting the class work. In the meantime, others will be accepted for the classes. The go-ahead word is expected any day, as the courses are assured, and the class members will be notified through The Midland Reporter-Telegram, it was announced by Harlan Howell, director of the work.

Texas Jaycees-

(Continued From Page 1) the Texas Jaycees were engaged in. Other war work which was discussed included safety control, civilian defense and "Food for Victory" programs.

The Jaycees were the guests of the Midland Junior Chamber of Commerce of which Clint Dunagan is president.

State Jaycee officials here for the meeting included Oscar Clark, Kerrville; Earl Bunkley, Sweetwater; T. J. Plunkett, Henderson; and James T. Oliver, Houston, all of whom are executive vice-presidents in the state organization; and John Ben Shepperd, Gladewater, president of Texas Jaycees.

Other out of town visitors were Bo Williams, San Angelo; A. L. Jordan, Sweetwater; Alcen Rogers, Odessa; and Maurice Rogers, Odessa.

Midland Jaycees in attendance were Clint Dunagan, R. B. Hammond, Frank Monroe, Ray Gwyn, Elmer Dillard, U. A. Hyde, D. D. Downhr, Joseph H. Mims, R. C. Baker, Taylor Cole, Roy Marcon Jr., Ed Prichard, R. J. Graham and Bill Collins.

Nazis Hammer-

(Continued from page one) long developing German drive toward the Grozny oil fields of the Caucasus had been halted but that the Germans were bringing up reinforcements for a new assault.

Nazis Prepare Winter Line Linked with the all-out assault on Stalingrad were signs that the Germans were preparing a strongly-fortified winter line in Russia. Even though Stalingrad was already heavily damaged and might be further ruined in battle the city still could shelter a great chunk of the Axis forces.

Hitler needs Stalingrad for that reason as well as its strategic position over Volga shipping. Information reaching London indicated that the Germans had lost far more than they had counted on in their drive for Stalingrad. The Red Army's retention of a Don river bridgehead in the Kletsyaya region, northwest of Stalingrad, had blocked what would have been a less costly flanking maneuver, forcing the Germans to attack Stalingrad the hard way—frontally.

The obscurity and contradictions in the battle reports left no way of knowing the precise position at Stalingrad or of judging the sticking power of either side. It was obvious however, that time was working against Hitler. Bad weather is at hand.

WAR QUIZ

1. Here are two types of wings worn by men in Naval aviation. One has a round disk on which is inscribed an anchor. The other has a center shield with twisted anchors. What type of service does each wing represent. 2. What Russian city, now in Russian hands, is called "the spigot of the Russian oil barrel"? 3. One of the happiest days in any soldier's life is "eagle day." Why?

MAFS Enlisted Men To Officer School

Sixteen Midland Army Flying School enlisted men have been selected to attend Army Air Forces officer candidate school at Miami Beach Fla., it was announced. They will report immediately. Staff Sergeant Walter E. Burgess; Sergeants Tanner Lain and Robert Whitehall; and Corporals Russell C. Mote, Joe Gallagher, Arthur M. Andersen, Jacob Mishkin, John N. Hellmuth; William H. Porter; Hillard Elitzer; John H. Paul, Jr.; Philip W. Casper; Seldon R. Fleming; Frank H. Hurlbut; David D. Stockdale; and Wade H. Olliphant, are in the group.

Mexicans Will Hold Parade, Celebration

Mexicans of the city have invited all people to help them celebrate the anniversary of the independence of Mexico in a two-day program which will open Tuesday night with speaking and a dance at the pavilion in Mexican town. Several talks will be made Tuesday night, and special music will be on the program, after which there will be a dance free to all.

On Wednesday, a downtown parade will be held at 2 p.m., in which flags of the 21 United Nations will be carried. Wednesday night there will again be talks and a dance.

The red pigment of blood corpuscles, which enables them to carry oxygen is called haemoglobin.

WARNING! BEWARE OF BOWEL WORMS

Inside You or Your Child Roundworms can cause real distress! And nowadays, thousands have this nasty ailment without even knowing what is wrong. So, watch for such warning signs as: nose picking, "funky" appetite, nervousness, uneasy stomach, itching parts. Use JAYNE'S VERMIFUGE to drive out roundworms before they can "get set" and make trouble. JAYNE'S is America's leading proprietary worm medicine; scientifically tested and used by millions for over a century. It acts very gently, yet drives out stubborn worms. When no worms are there, JAYNE'S is just a mild laxative. Be sure you get JAYNE'S VERMIFUGE!

COMING Dr. H. C. Wright, Foot Specialist, Registered Chiropodist, will have offices here in the Hotel Scharbauer, Room 242, Sept. 20, 21, 22 and 23, this month. He specializes in the TREATMENT and CORRECTION of feet. Remove the CAUSE and your foot ills are easily overcome, that's why he recommends HEALTH SPOT SHOES; they remove the cause and give better Foot and BODY BALANCE. He will have with him 300 pairs. Make Your Appointment Early and Avoid the Last Minute Rush.

Front Page Pictures with Front Page News! THIS MAN IS ON THE SPOT He is one of many ace AP photographers covering the world's news where it's hottest. SOCIETY

Bill Porter Has Charge Of Young People's Program

Bill Porter of MAFS was in charge of the Methodist Young People's League program which was held Sunday evening at the Methodist Church.

Porter spoke on "The Responsibilities of Young People Today." He stated the importance of living day by day for Christ and that "each of us are young pioneers for Christ."

Miss Louise Ward led the song service with Mrs. Johnnie Carter in charge of the business meeting after which prayer was rendered by Porter.

Officers are to be elected next Sunday.

The regular Friday night recreation program will be held Thursday night of this week. All Leaders and soldiers are invited to attend.

About forty persons were present.

Cosmeticians Evolve Ways And Means Of Getting Leg Appeal

CHICAGO. (AP)—The nation's cosmeticians put their heads together Monday to evolve ways and means of supplying "leg appeal" for American women to whom wartime fashions decreed conservation in dress material.

The leg motif was one of the principal subjects under discussion by members of the American Cosmeticians National Association which opened its three day annual convention here.

"Fall styles with skirts higher than they've ever been and slippers still appearing without toes and with high built-up lines, call definite attention to the ankles and legs," Mrs. Eilyn Sible Hagood of Tulsa, Okla., president of the Association, explained.

"Stressing 'leg culture,' cosmeticians are preparing for the day, if it comes, of a stockingless America. The experiment of painting legs, she said, has proved successful and several liquid preparations are coming on the market.

Its Really Love on a Budget for Cadet Brides

Home dressmaking is part of the cadet brides' frugal lives. Here Mariann Abrahams measures a hem for Eileen Kimball, while Barbara Musy and Frances Dutton offer suggestions from the sofa.

Each grocery item goes down in the book as Mrs. Kimball balances the household budget.

What is table-setting, cooking and pressing are all crowded into one room? It's all in fun, obviously, and worth the inconvenience to these resourceful, devoted cadet wives.

'Better Youth For Better World' Is P. T. A. War Slogan

Members of Midland Parent and Teachers units have launched their year's program with the slogan "Better Youth for a Better World," Mrs. L. G. Byerley, vice president of the Texas Congress of Parents and Teachers, announced Monday.

She said every Midland unit "will be put to the test of true parent teacher work, the building and strengthening of better home and stronger youth."

"We urge that all mothers and fathers take an active interest in their school program," she continued.

Biggest Job of Lifetime.

"All of our PTA's will prove their right to survive by their achievements and their all out war time programs, which is but a fresh emphasis upon our regular Parent Teacher activities. The activities that have been carried on through the years are now so much more needed during the stress and strain of war.

"We know that the PTA's have the biggest job of their lifetime. We shall meet that challenge and redouble our efforts for the welfare of all children everywhere."

Mrs. Byerley will be busy with field service this week, giving schools of instruction to the Taylor County Council at Abilene, the sixth district board of managers in San Angelo and to the city council of PTA's in Sweetwater.

Five Units Here.

Midland has five active PTA units with a membership of between 600 and 700 members.

Pointing to the aims of the organization, she reiterated the PTA wartime pledge which follows:

We, the members of the National Congress of Parents and Teachers in defense of our beloved country and our country's most sacred heritage and responsibility, her growing sons and daughters, do hereby solemnly pledge ourselves, individually and as an organization,

To remember with reverence and love the ideals of our founders, who cherished above all else the welfare of the whole child;

To continue with zeal and devotion our efforts to secure and preserve the good life for all children, even in the face of war and disaster;

To preserve in discovering new avenues of service and help to youth;

To strive forever forward, counting no effort wasted that brings us a little nearer to the ideal of a world founded on the principle of human brotherhood;

To protect our children against all the dangers of war, whether those dangers be physical, mental, or spiritual; and

To keep the faith delivered unto us by our forefathers, who hewed this America out of the wilderness and dedicated it to liberty, justice, happiness, and truth for every human being.

Light and heat are \$2.50, the telephone bill is 87 cents, and a half dollar goes for incidentals. All told, the weekly cost of living is \$32.12. That makes \$6.42 per bride—with one of them having to kick in with an extra two cents on pay-day.

Cadets have Saturday nights off—till midnight—and Sunday afternoons. They are also off duty Wednesday nights, but now and then official orders keep 'em flying. But for those few short hours each week the cadet brides are willing and happy to live the scrimping life that they do.

Favorite Radio Stars

For the five or six evenings that they're alone, the girls catch up on sewing, reading and letter writing, or play cards. But they have one diversion that's out of the ordinary. When they know their husbands are doing night flying, they gather around the portable radio, tuned to the short wave band, and thrill to the voices of their flying spouses as they call the field for take-offs and landings.

Home and Else

Small allowances from home and an occasional temporary job with a local firm keep them going—for their husbands had to state that their wives were not dependent on them for support. And while things aren't very flashy in this sorority house of young matrons, they're getting by very nicely. Sharing expenses and budgeting carefully is the trick.

Here's where the money goes: rent costs \$11.75 a week and the weekly grocery bill is \$16.50. Food would be more, except that the cadets can do the family shopping at the post commissary.

J. N. Allison To Be Speaker At B&PW

Mr. James N. Allison, editor and publisher of The Reporter-Telegram, will discuss newspapers' part in the war at the B&PW Club meeting to be held Monday evening at 7:30 in the Hotel Scharbauer.

Mrs. Nita Stovall will have charge of the program with the general theme being "Women's Part in the War."

Bill G. Noble Aids With New Students At Texas University

AUSTIN. Ready-made "families" of ten members each are being assigned to members of the University of Texas student committee, as plans for Freshman Orientation Week take final shape.

Each of the 250 members of the committee will get acquainted with the new students assigned to him, and see to it that the newcomers attend the events of Freshman Week—convocations, pep rally and special party after the opening football game against Corpus Christi Naval Air Station.

Since orientation events are scheduled for the last four days before registration begins, the new students and the committee members will be on hand early to get things started. Registration dates are September 21-22.

Members of the committee include Bill G. Noble of Midland.

PERSONALS

Mr. and Mrs. Tom Brown of Lubbock are visiting friends in Midland. They formerly lived here.

Miss Kathryn Francis, daughter of Mr. and Mrs. John Francis, left Sunday night for Dallas where she will enter SMU.

EASE KIDNEY PAIN THIS WAY TO AVOID GETTING UP NIGHTS

Take famous Doctor's herbal tonic to help wash away pain-causing acid sediment. Feel better fast!

For fast relief from backache or getting up nights due to sluggish kidneys, do this at once. Take the wonderful stomachic and intestinal liquid tonic called Swamp Root. For Swamp Root flushes out painful acid sediment from your kidneys. Thus soothing irritated bladder membranes. It's amazing!

Originally created by a well-known practicing physician, Dr. Kilmer, Swamp Root is a combination of 16 herbs, roots, vegetables, balsams and other natural ingredients. No harsh chemicals or habit-forming drugs. Just good ingredients that quickly relieve bladder pain, backache, due to tired kidneys. You can't miss its marvelous tonic effect!

Try Swamp Root free. Thousands have found relief with only a sample bottle. So send your name and address to Kilmer & Co., Inc., Department 080, Stamford, Conn., for a sample bottle free and postpaid. Take as directed. Offer limited. Send now! All drug stores sell Dr. Kilmer's Swamp Root.

Coming Events

- TUESDAY**
- Midland County Museum will be open from 2:30 until 5:00 o'clock.
- Red Cross workroom in the Old Heidelberg Inn will be open Tuesday morning from 9 until 12 o'clock.
- North Ward PTA will meet at the North Ward School Tuesday at 3:30 o'clock. The Rev. Hubert Hopper will be the principal speaker.
- Home nursing class meets at 2:30 at the home of Mrs. L. A. Absher, 1090 West Holloway.
- International Relations Study group of AAUW meets with Mrs. E. E. Reigle, 613 West Storey, at 3 o'clock Tuesday evening.
- The Palette Club will meet at 3 p. m. at the home of Mrs. N. W. Bigham, 605 N. Big Spring.
- WEDNESDAY**
- A New Home Nursing Class will be held at the County Courthouse Monday evening from 7 until 9 o'clock.
- PostTime Club meets at the home of Mrs. N. W. Bigham, 605 N. Big Spring, at 3:30 o'clock.
- Home Arts Club meets at the home of Mrs. N. W. Bigham, 605 N. Big Spring, at 3:30 o'clock.
- Red Cross workroom will be open from 9 until 12 o'clock in the Old Heidelberg Inn.
- The Veinte Cinco Club will meet at the home of Mrs. Charles Patterson, 1005 Golf Course Drive, at 8:30 p. m. Wednesday.
- Play Readers Club will meet at

Lt. Paalman Of MAFS Best Man At Dutch Officer's Wedding

Lt. G. H. Paalman of MAFS was best man at the recent wedding of Miss Inazelle Pierce and Lt. Peter Johannes Paulus van Erbel, eldest son of Dominice and Mevrouw van Erkel-van den Brauder of Holland, at Jackson, Miss.

The vows were read at Galloway Memorial Church by Dr. Clovis Chappell before an assemblage of relatives and friends of the young American girl and the Dutch officer.

The bride was given in marriage by her father, W. W. Pierce.

Following the ceremony a reception was held for the couple at the home of Mr. and Mrs. Pierce.

After the reception the bride and groom left by plane for a honeymoon trip to New York City.

Indians On The Warpath; This Time It's The Axis

FORT HALL, Idaho. (AP)—Blood chilling war whoops and the drumming of racing hoofs again sound over the sage covered foothills and sandy plains of Eastern Idaho.

The Bannock and Shoshone Indians have risen again.

These, however, are volunteer cavalrymen, training like their white neighbors, for emergencies of any kind—the first All-Indian unit thus far reported.

The reason you may not have heard of cadet brides before is that regulations have only recently permitted future flying officers to be married while in training.

Eileen Kimball, Frances Dutton, Barbara Musy, Mariann Abrahams and Mildred Phillips, live in a six-room bungalow. They haven't much money. And they're not the least bit sorry for themselves.

Independent—Or Else

Small allowances from home and an occasional temporary job with a local firm keep them going—for their husbands had to state that their wives were not dependent on them for support. And while things aren't very flashy in this sorority house of young matrons, they're getting by very nicely. Sharing expenses and budgeting carefully is the trick.

Here's where the money goes: rent costs \$11.75 a week and the weekly grocery bill is \$16.50. Food would be more, except that the cadets can do the family shopping at the post commissary.

Home Demonstration Council Meets Here

The Midland Home Demonstration Council met in the assembly room of the courthouse last Saturday for their September meeting.

Achievement day has been planned for November 2 and a tea will be held in the afternoon. Dried fruits and vegetables, balanced food pantry for five, home cleaned garments, and items made from feed sacks will be some of the features of the exhibit.

The yearbook committee suggested the stressing of conserving food and taking the home nursing and first aid courses for the next year.

Mrs. T. D. Jones and Mrs. Bill Countiss gave reports on their trips to the home demonstration convention at Fort Worth.

Members present include: Mmes. J. E. Wallace, C. C. Carden, Johnnie Graham, Floyd Countiss Sr., W. E. Franklin, Sherwood O'Neal, J. W. Pace, S. L. Alexander, Neal Staton, R. C. Frazier, J. C. Bradley, Jim Baker, and Miss Alpha Lynn.

Guests were: Mmes. T. D. Jones, Bill Countiss, and J. E. Baker.

The largest fish of record ever caught was a 2,594-lb. white shark harpooned off Florida in 1912.

Red Cross Notes

More and more we are coming to realize that national health is up to us in our homes. Doctors and nurses must be depended upon for the important work of carrying on the research and caring for serious illness. But homemakers, properly trained, can go a long way toward making the job of the doctor and the nurse easier by taking proper measures in their homes to promote health and to prevent disease.

That training is being given through home nursing classes now being carried on by the Red Cross Chapter, Mrs. L. A. Absher's class is about half through the 24-hour course and Mrs. Tom Potter is organizing another class Monday evening. This class will meet each Monday and Wednesday evening at 7 o'clock at the County Court House. Dozens of women and girls are learning to guard their individual health and to provide a healthful home environment for their own families. They are being taught the right thing to do in case of sudden or prolonged illness; also, how a patient may be made as comfortable in his own home as in a hospital room that is needed for more critical cases.

Let even one person in ten have this knowledge and the general level of health conditions in the whole community will be better. What is more to the point in these critical war times, a reserve of homemakers, trained in home hygiene and care of

AAUW Has First Fall Meeting At The Scharbauer

The first fall meeting of the AAUW was a luncheon held Saturday in the Blue Room of the Hotel Scharbauer with forty-two members and guests attending.

John W. Burnett, who has recently returned from Tokyo, was the principal speaker of the program.

Those present included: Mmes. George Ely, Alma Thomas, Misses Thresa Klapproth, Gladys Pinson and guest, Miss Maria Spencer and guest, Mrs. John Redfern and guest, Mrs. E. E. Reigle and guests, Mmes. H. M. Reigle, Ralph Trossell, Ward West, Ralph Monkross, Miss Ruth Carden, Mrs. Bon Clarke and guests, Mrs. Russell Hughes and Mrs. A. D. Morrow, Mmes. W. C. Fritz, B. A. Ray and guests, Mmes. Richard Gile, V. C. Rogers, Robert Leblond and guests, Mmes. Kenneth Ferguson, Rowell Wheaton, C. F. Henderson, Kirkendall, V. A. Walston, L. C. Thomas, Burnett, George Marsh, G. G. Galligan, Wheeler, Leland Davison, Ernest Sidwell, R. C. Conkling, Linsley, John Burnett and his mother, Mrs. J. A. Mascho.

NOW A MOTOR-LESS PARADE PHILADELPHIA

PHILADELPHIA. (AP)—Philadelphia's famed New Year's Day Mummers Parade will be "de-mechanized" for the duration. Floats will be pulled by horse or hand to save gasoline and tires.

The Red Cross for many years has been sponsoring First Aid classes, as well as Home Nursing classes and we have often been asked the difference between the two courses. When we are taught what to do while waiting for the doctor to come—that's first aid. What we do after the doctor has gone or to keep him from coming at all—that's home nursing.

The Midland chapter of Red Cross hopes for a large number of women to be on hand at 7 o'clock Monday evening at the County Court House to enroll in the home nursing class which will be organized at that time, with Mrs. Tom Potter as instructor.

Four Aces. It looks as if he is really out to establish a record this year. This is his third major victory of the year. Earlier in the year he won the national knockout team-of-four title for the Vanderbilt Cup and the Eastern States open pair championship.

Frey wins many points by making speculative doubles of low contracts. In today's hand he sat West. If you look at his hand alone and consider the bidding, you would think it problematical whether three clubs can be set. East has made only an overcall at the level of one. Supposing that he can win two tricks and West wins two aces, where is the setting trick to come from?

But the fact is that there is so much "body" to East's hand and so little to North's that the three-club contract is hopeless. Declarer actually went down 1100 points, though he had to play very badly to avoid winning six tricks.

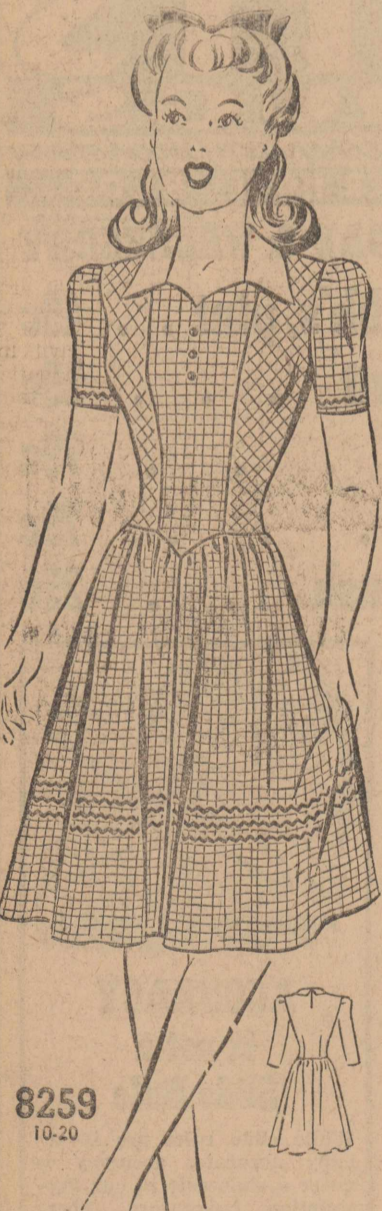

500 APPLICATIONS NOW IN FOR HIGHWAY PATROL JOBS

AUSTIN, (P)—More than 500 Texans have filed applications for the 70 vacancies to be filled in the Texas Highway Patrol, State Police Director Homer Garrison said Monday.

Sept. 30 was set as the last day on which applications will be accepted.

SCRAPPERS SALVAGE HONEY
BOONE, Ia. (P)—Scrap collectors were hard at work dismantling an old gasoline engine in a Boone junk yard. In a cylinder from which a piston was missing, workmen found bees had stored up their honey. They salvaged it.

Dirndl

8259
10-20

Do wear a torso moulding, hip hiding dirndl "rock" like this one if you want to step up your glamour appeal! Do add this rolling collar to the poetic neckline and create a super-flattering background for your fresh, young face! The frock is designed for crisp new rayon weaves or smooth velveteen.

Pattern No. 8259 is in sizes 10, 12, 14, 16, 18 and 20. Size 12, with short sleeves, takes 3 1/2 yards 39-inch material, 1/4 yard contrast, 9 yards braid.

For this attractive pattern, send 15c in coin, your name, address, pattern number and style to The Reporter-Telegram Today's Pattern Service, 211 Wacker Drive, Chicago.

If you have home sewing ambitions, consult the Fashion Book for the latest fashion ideas! This complete Pattern catalogue is 15c. Or you may order a copy of the catalogue with a 15c pattern for 25c plus 1c for postage.

Asks Reconsideration Of Gas Ration Program

AUSTIN, (P)—"Immediate reconsideration" by the federal government of proposed gasoline rationing in the West and Southwest was asked Monday by Robert Lee Bobbitt, Texas Highway Commissioner and President of the Western Association of State Highway Officials.

He said the Association, which includes 12 Western states, is considering what steps it can take to seek "an immediate revision of the plan for blanket rationing of gasoline in the Southwest and West."

The Association's voice was added to growing protests, mostly based on the pleas that gasoline rationing would impose undue hardships on residents of Texas and other Southwestern states where distances to be travelled are great and public transportation facilities not as adequate as they are in the more compact East.

Royce Will Command Southeast Training Base

FORT WORTH, (P)—Maj. Gen. Ralph Royce, one of the heroes of the battle for the Philippines, will take command of the Southeast Air Training Center at Maxwell Field, Ala.

Maj. Gen. B. K. Yount, commander of the Army Air Forces Flying Training command, announced the appointment Sunday.

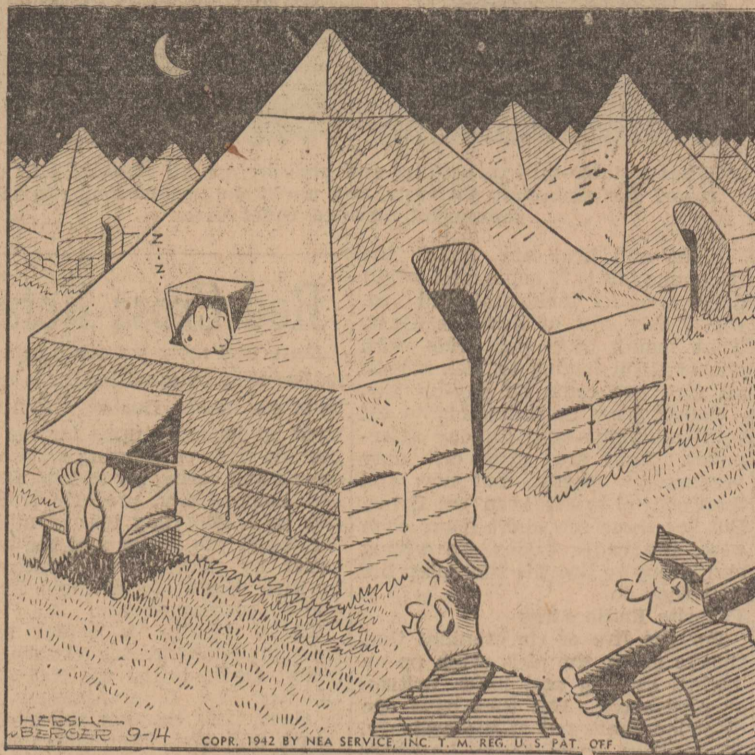

General Royce's practical experience in the Pacific fighting will aid the flying training command's training program, General Yount said.

WOULD TRADE PACKARD FOR HORSE AND BUGGY

CHICAGO, (P)—There's at least one Chicago motorist who apparently doesn't intend to wait for nationwide gasoline rationing.

The following advertisement was placed in the "Barter and exchange" column of a Chicago newspaper: "Will trade—1938 Packard with good tires, for horse and buggy."

Beaumont Beats San Antonio, As Forth Worth Wins

By The Associated Press
The Missions-Shippers Texas League playoff series moved to Beaumont Monday with the Shippers needing only one more game to clinch a place in the finals by reason of a 12-3 win Sunday night.

The Forth Worth-Shreveport series was knotted at two-all as a result of a 2-1 victory by the Cats behind the pitching of Hank Oana.

The Missions will depend upon the slants of Johnny Whitehead Monday night to keep them in the race. The Beaumonters will stake their hope of a decision on the hurling of Clarence Gann.

It looked for five and one-third innings Sunday night as though San Antonio might even the series with the visiting Exporters. It required that long for the Shippers to unlimber an attack that totaled 14 hits—two in the sixth, three in the seventh and seven in the eighth. The Missions scored their two runs in the second inning on two hits.

The Sports collected their lone run in the sixth inning when George Washington Joe Vetter, who had doubled and gone to third on a sacrifice. They retained the lead until the eighth, when two errors allowed the Cats to load the bases. Catcher Russ Ronaldson's single sent home two runs to win the game. Gordon Maltzberger was the losing hurler.

One Freshman Makes Varsity In Oklahoma

STILLWATER, Okla., (AP)— Freshman halfback Merlin London made such a nuisance of himself in football scrimmages with the Oklahoma A&M college varsity that Coach Jim Lookabaugh decided it was time to take action.

He promoted London to the varsity backfield and let him do his running against the freshman squad.

The Aggies are members of the Missouri Valley Conference, one of the few major college leagues that voted to permit freshmen competition on varsity teams because of war inroads on player talent.

Texas School Children Will Aid Salvage Drive

AUSTIN, (AP)— Starting Oct. 5, 1,500,000 school children will probe Texas homes for materials useful to the war effort in a school salvage program involving 1,400 county and city schools.

George B. Butler, executive secretary of the Texas Salvage Committee, has announced that the State Department of Education is sending out a manual to 50,000 school teachers outlining the program.

The heaviest fish of record to be caught by rod-and-reel was a 1,382 lb. tiger shark taken off Australia in 1939.

Dodgers And Cards Stumbling Along, Seem To Dread Hitting Those Yanks

By The Associated Press
The St. Louis Cardinals and the Brooklyn Dodgers are beginning to look like a couple of playboys with empty pockets fighting for the check in a night club, and it might be that they've just discovered the New York Yankees are about to clinch the American League pennant.

You know, the National League winner has to take on the Yanks in the World Series, and in five of the last six sets that has turned out to be about as hilarious as a champagne hangover.

Oh, sure, the National Leaguers always have shown up for the series, but on several occasions in the past they might as well have "stood in bed." And now the hour has arrived when the Yanks can put the clincher on the 1942 flag. A victory in Cleveland Monday or a loss for the Boston Red Sox in Chicago gives the Yanks their sixth pennant in seven years.

Not So Anxious
So the news may have affected the Dodgers and Cardinals accordingly.

Anyway, there were few signs during Sunday's firing that either the collapsible Flatbush Follies or the hot-and-cold Cardinals were any too eager to get in there with the Yanks.

The Dodgers, after three days of dropping their stitches one at a time, came completely apart at the seams, losing both ends of a double-header to Cincinnati, 6-3, and 4-1. It's probably a lucky thing they're able to close for repairs until Wednesday.

Meanwhile the Cards looked somewhat better in splitting a bargain bill with the Philadelphia Phils to take a one-game edge in the race. But with a chance to double that bulge they handed the first game to the Phils, 2-1. They did it mind you, on a couple of errors with two out in the ninth.

Cards Rally A Little
After that, they took the night cap, 3 to 2, when Terry Moore broke a tie with his fifth homer of the year.

Third baseman Lew Riggs committed three errors in one inning to help the Reds along, this tied a modern National League record but before the afternoon was over the mark was broken.

Young Lennie Merulla, the Chicago Cubs' shortstop, apparently existed over becoming a new papa, fumbled four in one frame of the second game with the Boston Braves, but Chicago managed to hang on for a 12 to 8 triumph. The Braves took the opener, 11 to 6.

The Yankees arrived at the pennant doorstep by mowing down Cleveland, 9-1 and 4-1, behind Red Ruffing and Hank Borowy. The Red Sox also clicked twice over the Chicago White Sox 6-1 and 5-0 with Bill Butland winning his seventh in a row in the first and Tex Hughson collecting his 19th of the year in the afterpiece.

This left the Bostons in a spot where the one way they can still

Heads Oilmen

Mid-Continent Oil Meet Will Be Held In Dallas, Oct. 9

Oil men of West Texas are planning on attendance at the annual convention of the Texas Mid-Continent Oil and Gas Association in Dallas October 9 and 10, and George Sawtelle of Houston, president of the organization, has urged every West Texas oil operator to be present.

War-time problems of the industry will be discussed, with a view to working out constructive plans for the year ahead.

Business sessions of the convention proper will be confined to Friday, but many of the organizations will attend the football game in Dallas when Oklahoma and Texas universities play, and some committees will hold extra sessions Saturday morning.

Distinguished service awards will be made by the organization to several men of the industry.

win the pennant is to take all their remaining games while the Yanks lose all their outings.

Otherwise, the clubs were just playing out the string. The New York Giants knocked over Pittsburgh twice, 5-0 and 5-3; the St. Louis Browns gave Philadelphia Athletics the same medicine, 7-0 and 3-2; and Washington took the first from Detroit, 5-2 but lost the second, 8-0.

Naval Cadets To Know Best Ways To Kill Enemies

By LEDGERWOOD SLOAN
GRAND PRAIRIE, TEX. (AP)— Cadets at this Naval Reserve aviation base are learning the neatest ways to slit throats, break necks and smash groins and kidneys.

The aim is to teach them how to deal with Japs and Nazis they may encounter if forced down in enemy territory.

Before they finish the ten-hour course in dirty fighting they'll know how to disable an opponent with a single blow and counter knife, gun or club attacks with their bare hands.

The Navy calls it hand-to-hand work. It's a combination of every barroom brawling trick in jujitsu, football, wrestling and boxing.

"It combines the nastiest parts of all four sports," says Lieut. R. H. (Bob) Berry, director of athletics and former football coach at East Texas State Teachers College.

Superior Physical Condition
Success of the attacks—always directed at a vulnerable part of the body—depends on courage and superior physical condition and skill, he said.

The work is too dangerous to be scrimmaged. Only casualties thus far have been a bully boy who was laid up briefly with minor bruises because he wasn't quick enough in breaking a headlock on an opponent who was poking him beneath the ears with a couple of fingers.

You wouldn't pick mild-appearing Lieut. (JG) A. R. Flood from Oklahoma A. & M. out of a crowd as an instructor. That is, not until you saw the little man work on a husky cadet and learned he has held seven National Amateur wrestling titles. He also won second in the 1936 Olympics in Berlin, losing to a Hungarian. Incidentally, he didn't get a crack at a Jap or Nazi. He wrestled at 120 pounds and weighs 145 now.

Can Take Care Of Selves
The course is one of ten in which cadets receive ten hours of instruction in an equal number of spots.

This training is calculated not only to teach the boys how to take care of themselves in physical combat but to make them competitive minded.

"To illustrate," said Lieut. Berry, "suppose one of our Navy fliers sees a group of Jap planes in formation but he isn't in the best possible position to attack. If he's competitive minded he'll dive into them anyhow.

The program is to make Navy fliers not only the best but the toughest fliers."

Sports Roundup

By Hugh Fullerton, Jr.,
Wide World Sports Columnist

NEW YORK—It was bound to come—what with all these tales of coach-shortages that have appeared since football began making the headlines, and Hal Sayles of the Albuque (Texas) Reporter-News brings the first report of a college player-coach.

The guy is Arthur Wylie, 235-pound tackle at McMurry College, who was drafted by head-man Jim Conger when no line coach could be located... Wylie will play his usual 50 or 60 minutes on game days and coach the rest of the week... If Art pulls a homer, Sayles suggests, there's only one thing for him to do—go to the sidelines, beckon to a sub and say: "Go in there at tackle for that thick-headed Wylie. Won't he ever get what I teach him?"

Today's Guest Star
Nixon Denton, Cincinnati Times Star: "The fact that St. Paul is trying to sell its franchise in the American Association should enable local wits to suggest that it's a splendid opportunity for the Reds to get where they belong."

Those four football-playing eastern Goliaths who traveled to Tulsa U because of its fine petroleum engineering course, have disappeared from the campus... Seems petroleum must be rationed there, too... Fritz Zivic didn't collect a cent for that win over Red Cochran—yet... Jimmy Grippio tied up the dough with a suit for \$19,500 over a Mellon Bettina-Harry Bobo scrap he says Fritz was going to promote but didn't.

First casualty of the Wayne U. grid training camp at Charlevox, Mich., was photographer Snuffy McGill, who went fishing on a rainy day and received a lacerated thumb in a tangle with a great northern Pike... Latest nickname for the Chicago Cardinals—Conzelmannians.

The annual sports writers pool conducted by J. Willard Riddins of T.C.U. awards the Southwest Conference football flag to Texas A. and M... Why play out the season? ... Eddie Stanky, the prize rookie shortstop the Cubs are getting from Milwaukee, warms up by kicking a baseball over the fence around the outfield. Maybe if things get dull next season he and Jimmy Wilson can entertain the fans with a soccer game.

ANSWER:
BECAUSE THE EXPLOSION MIGHT BLEND IN WITH THE PLANE!

John Kimbrough Showing Way In All-Star Games

NEW YORK, (AP)— It's still a question whether the Army all star football teams, with three decisions in five games against the National Pro League clubs, will be able to hold that edge in the remaining three contests but it is a dead sure cinch the pros will have had their fill of John Kimbrough.

Virtually out of the sport for two years except for a few games last season, the Texas A&M graduate of 1940 is the September sensation as a member of Maj. Wallace Wade's Western Army all stars.

Against the Green Bay Packers at Milwaukee Sunday he ran back a kick for 95 yards and a touchdown as his mates went down in defeat, 36 to 21.

It was the second time he went that distance in the four games his soldier mates have played and the third time he reached pay dirt from more than 50 yards out.

In Sunday's defeat he also jumped for another six-pointer and set up a third with his pulverizing.

CHAMBER OF COMMERCE DIRECTORS WILL MEET

The September meeting of directors of the Midland Chamber of Commerce will be held in the private dining room at Hotel Scharbauer at 8 p. m. Monday. A full attendance of board members is urged by President R. M. Barron.

WOMEN COPPER MINERS

GLOBE, Ariz. (AP)— The U. S. Employment Service has issued a call for 150 women to take jobs at copper mines in this district to replace miners inducted into the armed services.

Masonic Home, Wichita Falls Game Tops School Boy Card This Week

By The Associated Press
The Wichita Falls Coyotes, who won the state schoolboy football championship going away last year, meet their nemesis this week in the top game of the first major schedule of the season.

The Coyotes play Masonic Home's mighty mites at Wichita Falls Friday night.

It was Masonic Home that dealt the West Texans their only defeat of the 1941 season. However, the Masons were ruled ineligible before they could clash with Wichita Falls in state play where the game meant something.

The schoolboy campaign brings all but three of the Class AA teams into action this week with 64 games on the schedule, 35 of them inter-district affairs.

Interdistrict Schedule
Thursday, Tyler at Woodrow Wilson (Dallas); Breckenridge at North Side (Forth Worth); Colorado City at Brownwood.

Friday: Burk Burnett at Pampa; Odessa at Lubbock; Childress at Amarillo; Midland at Brownfield; Masonic Home at Wichita Falls; Fort Worth Tech at Olney; Hillsboro at Graham; Paschal (Fort Worth) at Electra; Plainview at Abilene; Mineral Wells at Sweetwater; Arlington Heights (Fort Worth) at Gainesville; Greenville at Sherman; Marshall at Paris; Forest (Dallas) vs. Highland Park (Dallas); Crozier Tech (Dallas) at Amon Carter Riverside (Fort Worth); Mexia at Waco; Ennis at Temple; Poly (Fort Worth) at Bryson; Arlington at Cleburne; North Dallas at Waxahatchie; Corsicana at Longview; Henderson at Kilgore; Adanson (Dallas) at Lamar (Houston); Jeff Davis (Houston) at Conroe; San Jacinto (Houston) at Orange; Austin (Houston) at Galveston; Reagan (Houston) at Brackenridge (San Antonio); Milby (Houston) at Kerrville; Hattiesburg at Jefferson (San Antonio).

Saturday: Nacogdoches at Fort Arthur; Sulphur Springs at Sunset (Dallas); Lukin at Corpus Christi.

Lubbock Horse Sale To Draw Big Crowd

Many Midland men are going to Lubbock Wednesday to attend the horse auction, in which 200 horses, mares and colts of three of the outstanding horsemen of West Texas will be up for sale. It will be one of the largest horse sales ever held in West Texas.

W. W. Brunson, born and reared in Midland, and Fred Snyder of Lubbock and Jess Elrod of San Angelo are breeders of the stock, which includes quarter-bred mares and colts, yearlings and fillies, and 25 geldings, and some quarter-bred Palomino fillies.

Then, there are to be some outstanding draft horses, and some other stock that runs the best blood lines and all in prime condition.

Buyers from throughout the nation have notified officials that they will be on hand.

NEW YELLOW PAGES
replace smashed cakes

Henry arrives home Saturday noon disheveled and dripping from head to foot.

"It's nothing!" he says when the door swings open. "I just slipped off the curb at the corner!"

"You're hurt, Henry, yes you are!" insists his wife.

"Not me!" chuckles Henry, wringing out his sleeve. "I landed smack on the cakes you asked me to bring for your party!"

"H-E-N-R-Y!" cries his wife.

"Now, now," soothes Henry.

Then up steps Mary the maid. "Miz Jones, they's a new bakery opened up down the street aways. If you'll jes look in the YELLOW PAGES of our new phone book under 'Bakers'..."
