Gas Rationing To Start November 22

Thirty-Five Miles To Be Maximum Driving Speed On Highways

WASHINGTON, (AP).—Price Administrator Leon Henderson announced Saturday that nationwide gasoline rationing would start probably about Nov. 22 with a basic ration of slightly under four gallons per week.

Motor fuel rationing for the country's 27,000,000 private vehicles—patterned after the system now in effect on the Atlantic seaboard will be merged with tire rationing into a single program, Henderson said. He did not explain how this would be accomplished.

Earlier Saturday Joseph B. Eastman, Director of the Office of Defense Transportation, called for a nationwide speed limit of 35 miles an hour. Compliance with this, Henderson announced, will be a basic requirement for obtaining both tire and gasoline rations.

In addition, tires on all cars must be submitted every 60 days after rationing starts for on-wheel inspection to insure that proper care is given them.

Service Cars Exempted
The 35-mile limit speed limit on all highways and streets was decreed in an official ODT order. It did not carry enforcement or penal provisions but Eastman said he would request the governors of all states to make it effective "through proclamation" or otherwise. The governors will be asked to call upon state and local officials for strict enforcement.

The speed limit was ordered effective Oct. 1 for all vehicles except trucks and buses operated by common carriers over regularly-scheduled routes and for the latter Oct. 15.

Motor vehicles operated by the armed forces or under their direction were exempted, as were cars driven in emergencies "for the protection and preservation of life and health or for public safety." The latter must be held to "reasonable" speeds consonant with the emergency existing.

An ODT spokesman said the action was taken under the wartime powers of President Roosevelt, delegated to Rubber Director William M. Jeffers and by the latter to Eastman.

Henderson did not explain how the speed limit would be tied in with the rationing.

The gasoline rationing program will give to each automobile, on the minimum A-car basis, enough gasoline for 2,300 miles of driving a year, reckoned at 15 miles to the gallon.

Provision will be made for supplemental rations in certain cases, as is done now in the East, but Henderson emphasized that "additional gasoline will be allowed only on proof of need and in quantities strictly limited to the degree of essentiality to the nation's war effort."

No date was set for registration of the 20,000,000-odd motorists to be brought under gasoline rationing but the OPA said the plan was expected to be in full operation about Nov. 22.

Axis Play Up Anniversary Of Alliances

NEW YORK, (AP).—Germany has set the stage for an emotionally extravagant observance of the second anniversary tomorrow of the signing and sealing of the military alliance joining the Reich, Italy and Japan.

The propaganda machine was running full-tilt to make the anniversary seem, somehow, to be a great military victory and a political achievement of first magnitude.

Outstanding symbol of the occasion is the Axis claim that a Japanese submarine has berthed in a German U-boat base on the Atlantic coast.

See Victory In Farm Bill Compromise

By Jack Bell
WASHINGTON, (AP).—The Administration's compromise proposal for dealing with farm prices in the anti-inflation bill appeared Saturday to be headed toward adoption by the Senate next week with Republicans counted upon to furnish the necessary margin of support.

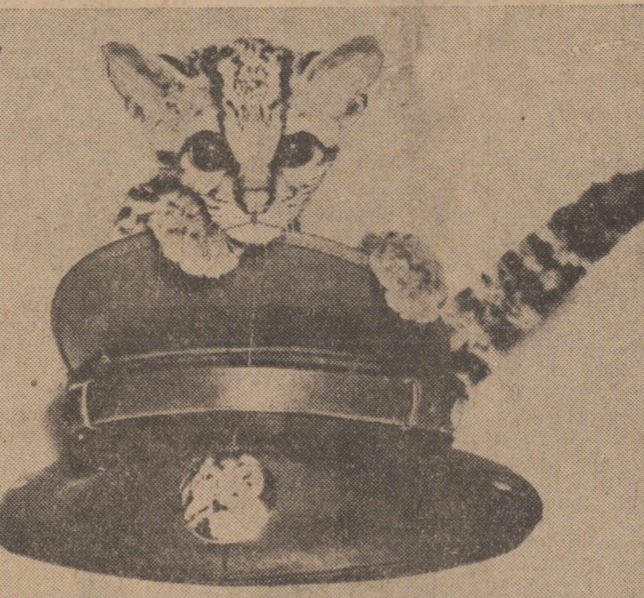

Administration strategists claimed at least 62 of the 96 Senate votes. An Associated Press poll showed 40 Senators publicly committed to the principle of the amendment offered by Democratic Leader Barkley (Ky.), 15 against, 34 either undecided or non-committal and 7 not reached.

The Barkley proposal would require President Roosevelt, or his aides, to lift farm price ceilings where they did not reflect to producers the increased cost of labor and other items on the farm. It was offered as a substitute for an amendment by Senators Thomas (D-Okla.) and Hatch (D-N.Mex.) proposing to increase parity price levels about 12 per cent by including farm labor costs, a move which President Roosevelt has opposed.

Of the 34 not committed, 16 were Republicans and Administration strategists significantly were listing 11 of these as likely to vote for the Barkley proposal in the end.

Any such Republican support would reverse the minority party's trend in the House, where 99 Republicans joined with 103 Democrats to write into the anti-inflation measure—which the House later passed overwhelmingly—an amendment identical to that offered by Thomas and Hatch. Voting against the amendment were 117 Democrats and 54 Republicans.

Chiggers, Jabs, a Flying Tiger!

A real "Flying Tiger" is Chigger, eight weeks old house pet of Mary Jane Crossland of Miami Beach, Fla. Flown to U. S. from Africa, the kittenish cub in another five months will be as ferocious as an American "Flying Tiger" airman seems to the Japs.

"Our Men In Uniform Are Going To Have What They Need"—Gen. Davies

* BIG SPRING. — Only "ostrich mentalities" hope for an easy victory. There are sacrifices ahead, and unless the American people make up their minds to accept these sacrifices it is not an impossibility that we can lose this war.

This, in effect, was the blunt statement put before West Texas county judges and commissioners gathered in convention here Friday afternoon by Gen. Isador Davies, commanding general of the Midland Army Flying School.

General Davies urged the officials to take the message of all out fighting back to their communities because "if the war doesn't become everybody's business we can lose it."

"The fact is," he said, "that our Allies across the seas are fighting this war with their hearts and with a full realization of the struggle ahead. We are trying to fight it with our heads. The truth is that the age of reason has been blacked out by total war—the first total war this nation has ever been called upon to fight. Only a few of us have grasped the full significance of this war and what it is going to require of us."

Must Expect Changes
General Davies told the crowd that Americans must expect their entire pattern of life to be rearranged. "Our men in uniform are

Henderson Predicts Stable Cattle Market

WASHINGTON, (AP)—Price Administrator Leon Henderson, in a letter to Senator Connally (D-Tex.), said that the prospects of a stable cattle market were good and that feeders "who buy wisely" could face the coming year with confidence.

He gave his views in response to a communication from G. R. Bauer, president of the Coastal Cattle Association, Beaumont, Texas, which had been transmitted to the OPA by Senator Connally. Bauer had expressed concern about proposed price ceilings on cattle, urging that there be no discrimination against growers in the fixing of ceilings.

WPB Settles Its Conflict With Army

WASHINGTON, (AP)—In a major reorganization which got no heralding save his pledge to "get tough," Chairman Donald M. Nelson was well advanced Saturday in efforts to liquidate two major War Production Board problems—the faltering flow of materials and friction with the armed services.

From high WPB sources it was learned that Nelson has ordered a wide-open throttle in the transition from priorities to allocations in covering the flow of scarce materials into war plants.

Willkie Urges Quick Opening Second Front

By The Associated Press
Soviet Russia gained the powerful, outspoken advocacy of Wendell Willkie Saturday night for speedy establishment of real second front in Europe, in an hour when the official voice of the Red army gave Stalingrad a fighting chance to throw off the tiring German army masses.

This same hour, the eve of the second anniversary of Nazi Germany's decision to align with Japan for the ultimate purpose of attacking the United States, found Hitler unable to conceal these plain facts:

1. The military campaign to isolate and swallow the Caucasus and its Volga outlet is dangerously late, and may fall far short of its goal before the snows.

2. There is intense trouble of a rising nature in both France and Norway, the countries which were to have been the western and northern bulwarks of the vassal "new Europe" under the Swastika.

Willkie Talks Frankly
3. The only truly coordinated German-Japanese action which the

Navy Construction Men Give Special Attention

Men who were planning to go to Dallas to enter the construction service with the Navy are especially notified that the construction officer will be there only on Sunday (today) and Monday, Sept. 27 and 28, instead of Sept. 29 and 30, as originally announced. All men, therefore, who cannot be in Dallas on Sunday or Monday are asked not to make the trip.

The next recruiting will be on October 11, 12 and 13, in Dallas, further notices of which will be published within a few days.

New Bomber Faster Than Nazi Fighters

LONDON, (AP)—The RAF raid on Oslo Friday was carried out by the new twin-engine light bombers called Mosquitos, which still are on Britain's secret list.

Details were lacking but an idea of their speed was given in the report of a pilot that three of the four raiding planes which escaped Germany's newest and fastest fighters, Focke Wulf-190's.

OPA To Adjust Milk Price Differentials

WASHINGTON, (AP)—Price Administrator Leon Henderson Saturday gave regional OPA offices the power to raise or lower milk prices in smaller communities where price differentials between cities in the same producing area have caused a diversion of milk to the high-price community and a shortage in the other.

Odessa Dies Of Accident Injuries

ODESSA, (AP)—E. F. Rumble, prominent churchman, oil field worker, who was injured Thursday night when a car in which he was riding overturned near Iraan, died Saturday in an Iraan hospital. He will be buried Monday in North Carolina.

He is survived by his widow and three young children. Eddy Eddins, driver of the car, and L. O. Haynes, both of Odessa were slightly injured in the crash.

Two Midland Youths Suffer Painful Burns In Spectacular Blaze

Two Midland youths were burned painfully late Saturday when a spectacular fire destroyed the Gulf Oil Corporation's warehouse and bulk station at Big Spring and Front streets.

Firemen battled the flames for more than five hours and traffic on the main line of the Texas & Pacific railroad was blocked for five hours and forty-five minutes.

About 10 p.m., firemen were able to cool the four large tanks at the plant sufficiently to permit Fireman E. D. Fitzgerald to enter the plant and close valves on the tanks. On his dash into the blazing yard, he was screened by streams of water.

Bobby Girdley, 14 year old son of Mr. and Mrs. Fred Girdley, was burned painfully and his companion, Bobby Drake, who Sunday will celebrate his fourteenth birthday, was burned about the legs and arms. The Girdley youth is in Western Clinic Hospital. He was burned about the head, chest, hands and feet. Bobby Drake is the son of Mr. and Mrs. Frank Drake.

Fred Girdley is contractor for the Gulf sales department and operates the wholesale plant. He was away from his office when the fire started.

Was Pouring Gasoline In Can
Bobby Girdley was filling some gasoline drums for a trucker when the blaze started. A flash of flame burst in his face while he was working on the loading dock at the plant. His companion, Bobby Drake, was sitting in the office, about 20 feet away, in the warehouse where a gas heater was burning. He ran through the flames to escape.

The Girdley youth jumped from the dock and the two ran to a nearby house and reported the fire. They then were taken to a doctor for treatment.

As soon as the youths ran from the building, the trucker, Bill Cook, drove his truck away from the structure.

Among the first to arrive at the fire were Tot Wadlington, proprietor of Tot's Gulf Service Station, and his employee, Odell Ponder. Seeing the flames from their Wall Street station, they hurried to the warehouse. On their arrival, Ponder jumped into a truck and drove it from the warehouse yard. The truck, owned by Girdley, was scorched by the flames.

Only a typewriter and a chair were saved from the warehouse. The flames roared through the sheetiron building as cans of oil and lubricants exploded and as blazing gasoline sprayed from open pipes and valves. The building, its metal soon red hot, collapsed.

Save Four Large Tanks
Firemen, directed by Chief Luther Tidwell, were on the job promptly and battled against huge odds to keep four 15,000 gallon tanks from exploding. Water was sprayed on them for hours to keep them cool, as police worked firmly to keep spectators at a safe distance.

No official estimate of the damage was available, but persons experienced in the oil business estimated it would run into the thousands of dollars.

Explosion of the four large tanks was prevented and much gasoline and kerosene remained in them (Continued on Page 6)

West Texas: Colder.

Kaiser Says "Steel Is The Real Bottleneck" In Nation's Effort For All-Out Production

LOS ANGELES, (AP)—Henry J. Kaiser, West Coast industrialist, Saturday termed steel the "real bottleneck" in the nation's war production schedule.

"There is nothing more necessary than steel, and we plan to help this situation with our Southern California plant, using ore from Western mines," said the former contractor whose shipyards at Pacific ports continually vie with one another for construction speed records.

In an interview, Kaiser said he expects also to set a record with his \$55,000,000 steel plant, now being erected at Fontana, Calif., 35 miles east of here.

"We will be producing pig iron by January, and rolled plate shortly thereafter," he said. "This means only one year, or slightly less, will have elapsed from ore in the mines to finished product, since construction of the steel plant was begun last March."

WAR BULLETINS

ANKARA, Turkey (AP)—Laurence A. Steinhardt, United States Ambassador to Turkey, left Ankara Saturday night by train enroute to the United States for conferences with President Roosevelt and the state department.

MOSCOW (AP)—The Russians reported Sunday the Red army had succeeded in advancing northwest of Stalingrad and had repelled a number of German counter-attacks with heavy Nazi losses.

MOSCOW (AP)—Bluntly warning that "next summer might be too late," Wendell L. Willkie declared Saturday "I am now convinced that we can best help Russia by establishing a real second front in Europe with Great Britain as the earliest possible moment our military leaders will approve."

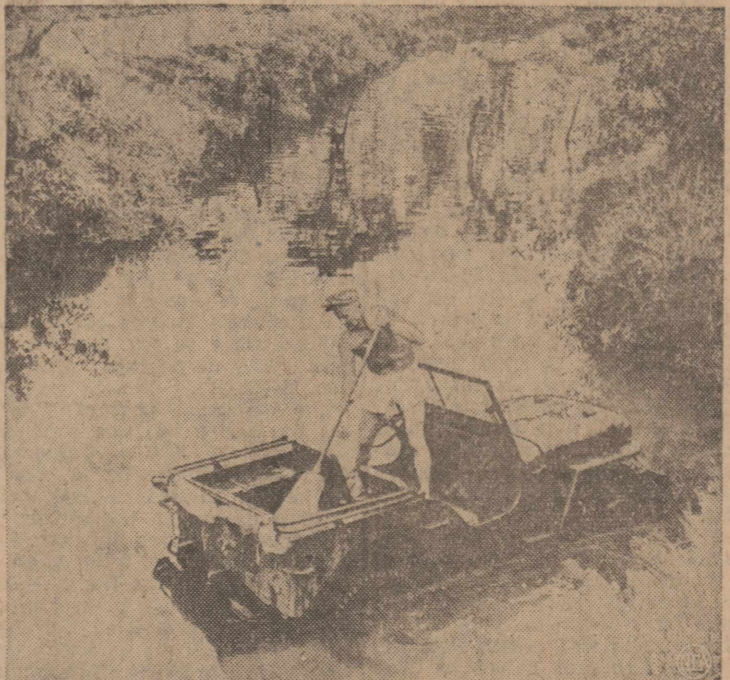

LONDON (AP)—A German broadcast heard by Reuters Saturday night said Russian forces had penetrated into the main German positions north of Stalingrad but that "their attacks were being repulsed."

GENERAL MACARTHUR'S HEADQUARTERS, Australia (AP)—Allied bombers have destroyed a small Japanese transport off the Trobriand Islands, east of New Guinea, and heavily bombed two other ships near Rabaul, New Britain, a communique said Sunday.

Science Promises Post-War Magic

A recent address by Dr. Charles Stine, vice president of E. I. DuPont de Nemours and Co., paints a post-war picture which makes life in the future akin to living in a world of sheer magic. Dr. Stine's scientific post-war world is to be a thing as far removed from modern life as the present contrasted to the period before World War I.

America's entire economic destiny was changed by the last war. Out of that crucible came the auto age, the development of the aviation industry, the radio, motion picture, telephone and rayon industries. America's way of life changed; millions came to the cities, and women, for centuries shackled to the home, abruptly burst forth to compete with man in every field.

This war, says Dr. Stine, will shape our destiny much more strongly than did the last. Science, now devoting its fullest powers to destruction, will turn those powers to constructive ends, and our lives will be revolutionized. To quote Dr. Stine:

More than a century was consumed to bring the world's crude rubber production up to a million tons yearly. America alone, now is attempting to do that in two years, by the manufacture of rubber from petroleum, alcohol and coal.

By the end of 1943, our aluminum production will be seven times greater than was possible in 1939, after 50 years of development. Magnesium, extracted from brine and sea water, will amount to more than 100 times that produced in 1939, when the magnesium industry was 24 years old.

This nation will come out of the war with capacities for making plastics, synthetic fibers, nitrates, hydrocarbons, high octane fuels and hundreds of other commodities on a scale that was beyond belief a few years ago. The sea itself, now yielding only bromine and magnesium as its chief structural products, contains traces of every element found on land. Dr. Stine believes we are entering a staggeringly bizarre new field of chemistry.

Crude oil currently is the chemist's wonderland. Catalytic cracking processes, giving the chemist building blocks of hydrogen and carbon, are pointing to new sources of acids, alcohols, solvents, esters, pharmaceuticals—every imaginable type of synthetic.

Plastics, comparatively a new industry, will give us mass production of materials made of air, water and coal—unbreakable glass and glass that will float, wood that won't burn and shoes with no leather, window screens without wire and machinery bearings that contain no metal. Our cars will be half as heavy, and new cooling devices may end forever the necessity of adding water to the radiator. High octane fuels may give us 50 miles to the gallon, and the tire of the future will be a distant relative to the old tire we knew.

Airplane travel will be revolutionized. Cheap, nearly fool-proof planes will be at the disposal of the man who owned a flivver a few years before. Huge freighter planes, transoceanic air-liners, glider passenger lines—all possible and practical.

Science, which has only recently made strong strides in curative medicine with the sulfa drugs, will come out of the war with a hundred and one new wrinkles to save your life and keep you healthy.

It will be a brave new world, this thing the scientists see—a world of wonder and magic beyond the ken of the old fogies of 1942.

Heroes

Raw courage becomes so commonplace in war time that we get to be a bit undiscriminating about it. We are inclined to give least credit where most is due—to salute the hero who performs some spectacular act in the heat of battle, and fail to appreciate the even greater courage of such men as the two carpenters who went down with the Yorktown.

Trapped five decks below the flight deck where they could not be reached, they accepted their fate stoically. "We know you can't get us out," they said, "but we got a helluva good acey-deucey game going on down here right now. When you do sink her, put the torpedoes up forward. We don't want it to last long."

Don't think those men weren't frightened. Don't imagine they didn't want to live as much as any of us do. Death held full terrors for them. But they were men—the sort of men that some of our most feted heroes secretly envy.

—Buy War Bonds And Savings Stamps—

True Words

Never, since Philip Murray attained the limelight, has he spoken truer words than he addressed to the Canadian Congress of Labor the other day, urging against "strikes calculated to injure your country."

"They will only injure your families and your unions," he added.

If that generalization could be applied by American Labor in every specific dispute, the cause of unionism would benefit.

"LET'S GO, YOUNG AMERICA!"

Yates And Stroup Start Wildcat In Eddy County

HOBBES, N. M.—Eddy County, Southeast New Mexico, has gained another important wildcat test in the Yates and Stroup No. 1 State, six miles north and slightly west of the Barber pool.

The well was staked 1,980 feet from the north and 660 from the west line of section 16-19S-30E. It first was shot with 100 quarts from 365 feet with 20 sacks. The well logged shallow water from 230 to 245 feet and topped the salt at 387 feet.

New pay for the Square Lake pool of Eddy has been defined by S. P. Yates and Marlin Yates Jr., No. 1 M. W. Evans, in section 5-17S-30E. The well topped the new pay at 2,688 feet, drilled to 2,928 feet in lime and was plugged back to 2,775 feet. It then was shot with 170 quarts of nitro from 2,685 to 2,775 feet and later flowed 17 barrels of oil per day through a one-half inch choke on 2-inch tubing hung at 2,648 feet.

Square Lake Oilers
Also at Square Lake, Barney Cockburn No. 11 George Etz, section 35-16S-30E, flowed 70 barrels of oil in eight hours through open 2-inch tubing set at 2,780 feet. It first was shot with 100 quarts from 3,156 to 3,184 feet, then was re-shot with 100 quarts from 2,990 to 3,041 feet. Main pay was topped at 3,015 feet and total depth is 3,184 feet in lime.

Sanders Brothers completed a pair of oilers in the Square Lake pool. The larger, their No. 5-E Leonard, flowed 237 barrels a day through open 2-inch tubing, with gas-oil ratio of 1,111-1, following a 240-quart shot from 2,355 feet to 2,932 feet, four feet off bottom. Pay was topped at 2,868 feet. Their No. 6-E Leonard topped pay at 2,872 feet, reached total depth of 2,952 feet and was shot with 290 quarts from 2,804 to 2,900 feet. It then flowed 58 barrels a day through 2-inch tubing, with accompanying gas-oil ratio of 1,276-1. Both wells are in section 4-17S-30E.

Continental Oil Company No. 2-36 State, Square Lake well in section 36-16S-30E, was completed at 3,020 feet in lime for natural flow of 25 barrels in 13 hours through one-quarter inch choke on 2-inch tubing swung at 3,007 feet. It logged first pay at 2,947 feet.

Grayburg-Jackson Producers
In the Grayburg-Jackson district of Eddy, Grayburg Oil Company No. 7-B Burch, section 23-17S-29E, flowed 206 barrels a day through a three-quarter inch choke on 2-inch tubing set at 2,707 feet. It entered the pay at 2,780 feet and drilled to 2,881 feet in lime. The pay horizon was washed with 500 gallons of acid, then treated under pressure with 1,000 and 2,000 gallons, in successive stages. Gas volume measured 122,000 cubic feet daily.

Anon and Fair No. 1-B Stevens, in the same area, gauged flow of 40 barrels in one hour and 15 minutes through three-quarter inch choke on 2-inch tubing set at 3,265 feet. The well drilled first pay at 3,275 feet and halted at 3,295 feet in lime, where it was shot with 110 quarts of nitro. It is in section 26-17S-30E.

Ohio Oil Company No. 1 State-McCormick, Northeastern Lea County wildcat in section 36-9S-37E, is drilling below 5,135 feet in brown

Delmar Yoakum Given Military Burial Saturday

Delmar M. Yoakum, flying cadet who was killed in a crash near San Angelo late Thursday, was buried in Midland Saturday afternoon, while his former friends and now Texas Defense Guardsmen bore him to his grave and fired a military salute as a closing tribute. As the casket was lowered into the grave, the United States Flag was removed by fellow cadets from San Angelo and presented to their comrade's father, James C. Yoakum of Midland.

Cadet Yoakum was an accomplished and popular high school student here, graduating with the class of 1938. Shortly afterward he entered the Service, and in May of 1942 was transferred to the Army Air Forces for training. He had completed the first phases of his training and was at Goodfellow Field, San Angelo, to complete his work when he was killed in a routine flight.

His father and others of his family were here for the service, which was conducted by Rev. Dewey Jackson.

Texas Defense Guardsmen who took part in the service were under command of Lieutenant H. C. Hanford. The pallbearers included Sergeant W. D. McCarrell, and Privates Therman Ruple, C. W. Stice, C. O. Welch, S. B. Fowler and E. W. Germond. The firing squad, directed by Corporal James T. Jones, included Corporal R. A. Estes and Privates Samuel R. McKinney, Horace E. Harrington, Van D. Meisenheimer, Thomas H. Stringer, Charles E. Rogers, Stephen H. Parr, and A. C. Reeves.

Farm Machinery War Rationing Board Is Set Up For County

A farm machinery rationing board has been set up in Midland County, separate from the food, automobile, tire and other commodities board which has been in operation. The farm machinery group is headed by W. E. Pigg of Midland, and includes D. W. McDonald and Terry Elkin of Midland and B. T. Hale of Stanton. Floyd Countiss, Jr., of Midland is an alternate.

Office of the committee will be on the second floor of the courthouse.

New machinery may be sold only to persons who get certificates. Machinery on which certificates must be issued are beet lifters, beet loaders, combines, corn pickers, disc harrows, feed grinders, fertilizer spreaders, grain drills, train elevators, hay balers, lime spreaders, milk coolers, milking machines, pickup balers, potato diggers, shredders and tractors, including garden tractors. Items exempted are one and two-horse-drawn equipment not included in the above list, and hoes, rakes, forks, scythes, and shovels.

The farm machinery governing

Stocks Of Domestic Crude Show Decrease

WASHINGTON, (AP)—The Bureau of Mines has reported stocks of domestic and foreign crude petroleum at the close of the week ended Sept. 19 totaled 244,234,000 barrels, a net decrease of 377,000 barrels compared with the previous week. Stocks of domestic oil decreased 366,000 barrels for the week and foreign crude decreased 11,000 barrels.

Daily average production for the week was 3,936,000 barrels or an increase of 34,000 barrels compared with the previous week's level. Ruins to stills averaged 3,713,000 barrels daily, compared with 3,710,000 barrels for the preceding week.

Urge Merchants To Attend OPA Clinic Friday

A clinic to explain the overall price control regulations to retailers and wholesalers affected by OPA orders will be held in Midland Friday under sponsorship of the Midland Chamber of Commerce and the Midland County War Price and Ration Board, in cooperation with the Vocational Business Education Division of the State Department of Education.

The sessions will be conducted by Tom Murray, senior merchandising specialist of the OPA regional office in Dallas.

In connection with the clinic, Addison Wadley of the Midland war price and ration board Saturday issued a statement urging all firms and individuals to attend the conference.

He said it is the responsibility of the individual to keep informed of supplementary regulations issued from time to time and that the clinic will afford businessmen the opportunity of learning what is expected of them in the all-out effort to keep down the cost of living.

Merchants and other interested persons from cities and towns of this area have been invited to attend the clinic. Beginning at 10 a. m., individual conferences will be held for those needing assistance with OPA regulations concerning ceiling prices. The conferences will be held at the chamber of commerce.

Posse And Ladies Enjoy Barbecue

Members of the Midland Sheriff's Posse and their ladies enjoyed a barbecue at Cloverdale Park Friday evening. More than thirty persons were present. A number of the possemen rode to the park. Arrangements for the barbecue were in charge of Drexley Turner, E. C. Tucker and Marvin English. John P. Butler is captain of the posse.

Red Cross Notes

Beginning Thursday the sewing room at Old Heidelberg Inn will be open on the following schedule:

Monday, Tuesday, and Wednesday from 9 to 12 a. m. and Thursday and Friday from 9 to 12 a. m. and from 1:30 to 5 p. m.

Your assistance in the sewing room is greatly appreciated, and as there are quite a few kit bags to be completed and some other sewing to be done we would like to see every one who possibly can join us in this work.

Mrs. Eual Donovan and Athel Cole will begin a first aid class Monday evening, October 28, at 7:30 p. m. in the assembly room at the City Hall. Everyone interested in taking this course should try to be present for registration. The time for future meetings will be discussed at the Monday meeting. They are giving their time in instructing these classes—you surely can give your time for a little study!

Mrs. A. P. Shirey will begin a class in nutrition Tuesday at 9 a. m. The class will convene at 4 p. m. in the assembly room at the court house. This is the class so many have been asking about. Before taking the canteen course one must have had instruction in nutrition, so we hope Mrs. Shirey will have a large attendance Tuesday. At that time the future dates and time of meeting will be discussed.

Mrs. L. A. Absher's home nursing class rolled back the calendar and became happy school girls last week—making posters on home nursing, just like our children have been doing in their school work. Some mighty clever ideas are represented on these posters. Wes-Tex Grocery Store has the display. Stop by and see some of the posters these mothers have made. Some of our children have been quite critical and expressed themselves very plainly—something like "they could have done better"—but someone is going to receive a nice prize for the winning poster. We are anxiously waiting for Tuesday's lesson, at which time the winner will be announced.

Mrs. Shipley Returns
Mrs. Tom Potter's home nursing class is progressing nicely and the attendance is holding up well. The class is just about half through with the course.

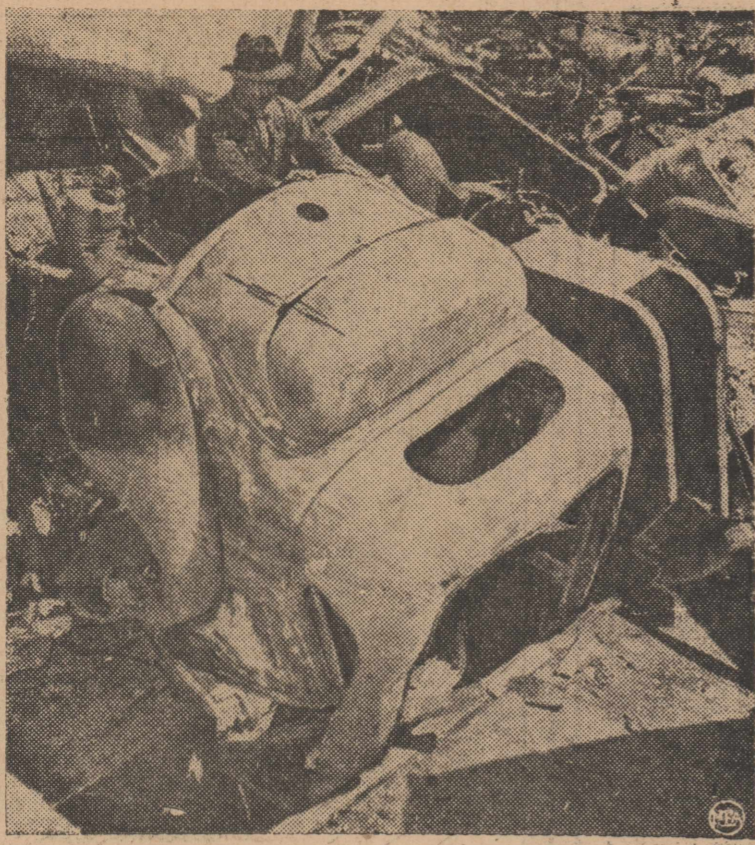

We are all mighty happy to have Mrs. John Shipley back with us after her prolonged absence from Midland. Mrs. Shipley is quite active at the sewing room and we have missed her happy smile and pleasing wit a great deal.

Listen in on KRLL Monday morning at 11:30 for the Red Cross program which is given by a member of the Red Cross each Monday.

Don't forget the one-day institute to be held in Midland October 6. This institute is for everyone interested in learning how to work in Junior Red Cross, home service and disaster preparedness phases of the American Red Cross. There will be speakers from the office staff of the Red Cross from St. Louis, and also visitors from surrounding communities at this institute. Let's have a large attendance of Midland Red Cross workers at this meeting, which is being held in the educational building of the Methodist Church beginning at 9 a. m., Tuesday, October 6.

The word "Commando" refers only to military units and not to the individual soldier.

Big Squeeze

Massive, enormously powerful equipment is required for the reduction of much of the nation's scrap metal to usable form. This old car body, for instance, must be crushed between the jaws of a huge hydraulic press.

Bombardier College Has Scrap Scoopers

You wouldn't think there was anything to salvage after the bombardiers of Midland Army Flying School get through with their destructive activities, but the fact is each cadet who completes training contributes at least one ton of scrap metal to Uncle Sam's salvage drive.

This statistic was made public Saturday by Brigadier General Isaiah Davies to emphasize the part that personnel of the Army Air Forces are playing in the current national scrap drive.

Here's how the general arrives at his figure: About 10 pounds of metal is salvaged from each bomb dropped by bombardier cadets. Each cadet during training at the world's largest bombardier college drops at least 200 bombs, thereby accounting for 2,000 pounds of valuable metal which goes into an endless cycle of bombs to scrap to salvage.

Special details of men scour the Midland bombing ranges at frequent intervals and truck the exploded bomb cases back to the field. Every few days, a full box car of salvaged bomb cases leaves the field for a steel mill in Ohio.

But bombs are not the only items salvaged at the Bombardier College, the general added. More than 20 tons of tin have been prepared for shipment to reclaiming plants and upwards of 500 tons of cardboard has been saved for other uses. Much of this was obtained by saving the paper cases in which the practice bombs arrive at the field.

Plans For Regional Red Cross Meeting Nearing Completion

Plans for the regional Red Cross conference here Tuesday, October 6, are nearing completion, with advance registrations indicating a large attendance of chapter workers.

The one-day institute will open at 9:30 a. m. and will close at 4 p. m. Three major programs of the Red Cross will be discussed in separate conferences by staff members from the St. Louis office. The programs are Junior Red Cross, Home Service, and Disaster Relief Preparedness. Problems confronting local chapters as a result of war time expansion of the Red Cross movement will be discussed and plans for the coming year will be mapped.

Representatives of Red Cross chapters in 17 West Texas counties are expected to attend the institute. Mrs. J. Homer Epley, publicity chairman, said. Invitations have been mailed to chapter chairmen in each of the counties. The regional office also has written chapters stressing the importance of the Midland meeting and urging as many representatives as possible to attend.

The Midland chapter will be host to the visitors at a luncheon Tuesday noon. All sessions will be held in the educational building of the First Methodist Church.

Mrs. Woods Will Conduct Church Women's Council

Mrs. William Woods, state vice-president of the Church Women's Council, will conduct the conference of the council to be held in Monahan Wednesday at 10 a. m.

Mrs. L. J. Ayers and Mrs. Heininger, state officers, will participate in the program. At this meeting a district chairman will be elected. Other important business will be discussed.

Mrs. Louis F. Caddell, local council president, urges all members of the local church council to attend.

Charles Hunter Gets Life Scout Award

Charles Hunter of Troop 51 received the life scout award at the Boy Scout court of honor Friday evening in the courthouse. John P. Buttler, chairman of the court, presided at the session.

Merit badges were awarded to Hunter, Jerry Jourdan, and Chuck McAdams, all of Troop 51.

Gulf Stakes-

(Continued from Page 1) acid, then shot with 340 quarts of nitro.

Phillips Petroleum Company No. 12 University-Andrews, three-quarter mile northwest outpost to the Embar Ellenburger pool, is conditioning hole preparatory to running drillstem test on lower Ordovician dolomite which showed oil in coring to 8,137 feet.

Crane County Gulf will start drilling with rotary Tuesday in No. 1-A M. Dawson, rank wildcat 10 miles north of Girvin in Southeastern Crane, scheduled to go to 6,500 feet for a test of the Ordovician. It has been staked 1,980 feet from the northwest and 660 from the southwest line of section 10, block 6, II. & T. C. survey.

In the western part of the county, Gulf has staker No. 1 W. A. Bates, 1,998 feet from the south and 662 from the west line of section 2, block B-28, public school land, 10 miles northeast of Grandfalls. Location falls three and one-half miles west and slightly south of the north part of the Sand Hills Ordovician pool, opened by Gulf more than six years ago. Gulf's Estes lease comprises 20,604.5 acres. Drilling with rotary to 7,500 feet is to commence Tuesday.

Skelly Oil Company No. 1 E. R. Richardson, Ordovician test in extreme Southeastern Crane two and one-half miles northwest of Girvin, is drilling an unreported formation at 5,200 feet.

Atlantic No. 1 Margaret L. Barnsley, short southeast outpost to the Sand Hills Ordovician pool, is standing at 1,558 feet in line after cementing 8 5/8-inch casing at 1,469 feet with 500 sacks.

Gaines County Shell Oil Company, Inc., No. 1 D. N. Leaverton, wildcat in the northwest part of the county, is coring unchanged at 5,053 feet in line. Cores for the past 125 feet have bled oil and carried poor porosity. The test is scheduled for 7,500 feet.

Peecos County Phillips No. 1 Ada C. Price, seeking Ordovician pay 29 miles southeast of Fort Stockton, is drilling at 4,050 feet in Permian line. Magnolia Petroleum Company No. 1 Alan Robertson, deep wildcat 10 miles southwest of Ramacy in the north central portion of the county, is moving off rotary preparatory to rigging up standard tools. Total depth is 6,561 feet in Delaware sand and 7-inch casing is cemented at 6,475 feet.

Humble Oil & Refining Company No. 1 T. R. Parker of Midland, et al, south extension test in the Abell Ordovician pool of Northern Peecos, is rigging up rotary.

Scurry County Humble No. 1 W. T. Newman, 8,000-foot Ordovician test nine miles northwest of Snyder, is drilling at 5,600 feet in shale and lime.

Terry County Continental Oil Company No. 1 Dan Auld is drilling below 5,627 feet in lime. It is 10 miles northeast of Brownfield.

Shell No. 2 Sealy Smith Foundation, scheduled 6,000-foot deep Permian try in the Monahan Ellenburger pool of Northeastern Ward, had shown nothing as it drilled to 5,224 feet in lime.

Winkler County Shell No. 1 W. D. Blue estate, 8,500-foot Ordovician wildcat in the extreme eastern part of the county, is drilling below 4,415 feet in lime.

MAFS Recruiting Caravan Enlists 100 Men In Iowa

Midland Army Flying School's traveling recruiting caravan has signed up more than 100 aviation mechanics and technicians in Des Moines and is now swinging through Iowa, according to word received here Saturday from Lieut. Foster L. White, who is in charge of the mobile unit.

With upwards of 100 additional mechanics and radiomen signed up by Lieut. Wilbur F. Saul at the field here, the bombardier college now has accounted for more than 200 new Air Forces mechanics and technicians during the last few days.

A truck display of a giant bomber engine, practice bombs and other aviation equipment is accompanying the MAFS recruiters on their swing through Iowa.

Traveling with Lieut. White on the recruiting trips are Staff Sergeants Hugh Bayless, Roy F. Dickey and John Bomar, and Pfc. Hilbert Elson, of the public relations staff.

The caravan will touch Fort Dodge, Mason City, Waterloo, Cedar Rapids, Dubuque, Davenport, Burlington and Ottumwa in Iowa before returning for a wind-up drive in Des Moines.

The MAFS representatives have had the aid on their trip of Constable Bennett and Walter Abel, Hollywood movie stars. At the same time, Lieutenant Saul, who is in charge of the technician recruiting campaign at Midland Army Flying School, announced the drive to provide enough me-

Dramatic Moment

One of the tensely dramatic moments in the filmization of Eric Knight's great novel, "This Above All," is shown here as Tyrone Power assists in the rescue of a trapped woman and child at the height of a Nazi raid. In his strongest role to date, Tyrone is paired with Joan Fontaine in the film now at the Yucca Theatre.

chances and technicians to man all the planes now coming off the assembly lines is being extended to November 1. He urged that men, contemplating enlistment and possible return to MAFS for duty, arrive at a decision immediately.

Men who have been working with or who are handy with tools are especially wanted, he emphasized. The Air Forces provide training in aviation mechanics and wherever

possible, the men are returned to work at fields near their homes.

COFFEE HOUR

The regular Sunday evening coffee hour for soldiers will be held at the Soldiers Recreation Center at 213 North Main at 6 o'clock.

In India, there are only thirty-three cities with a population of more than 100,000.

Mrs. B. Walker Is Honored At Tea At Warner Home

Honoring Mrs. Bobby Walker, who was Miss Ruth Bevil before her recent marriage, Misses Marjorie Warner, Ruth Simmons and Mrs. F. C. Hinton were hostesses at a tea in the home of Miss Marjorie Warner, 937 North Baird, Saturday afternoon.

Gifts were presented to the honoree and displayed. The home was decorated with red roses, blue cornflowers and fern. The color scheme of red, white and blue was carried out in the refreshments.

The honoree wore a white-trimmed black velvet dress and a white corsage of gladioli. Approximately fifty were present.

Miss Hockenberry And Cadet Beck Are Wed At MAFS Chapel

Cadet Paul C. Beck of Aurora, Colorado, who will graduate with the next MAFS class, and Miss Arlyne Hockenberry of Colorado were married Saturday afternoon at 4 o'clock. Chaplain Theodore Schoech read the vows.

The attendants were Lt. and Mrs. Raymond Gunn.

Officers and their wives were present for the ceremonies.

MORELAND HAS ENLISTED AS AIR FORCES SPECIALIST
W. T. Moreland of Midland has enlisted in the Army Air Forces as a specialist, and is now at Fort Sill, Okla. Moreland has been in the electrical business in Midland.

"What happens when I join the NAVY?"

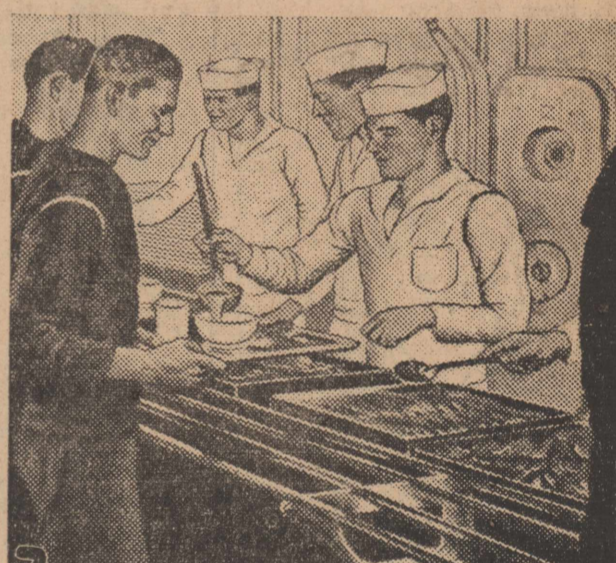

Thousands of men—17 to 50—are asking this question. They're red-blooded Americans, men who want to get in and fight for their country. "Just tell us what to do!" they ask. Okay—here's the answer. First, have a friendly chat with the Officer in Charge at any Navy Recruiting Station. Here are some of the things he'll tell you...

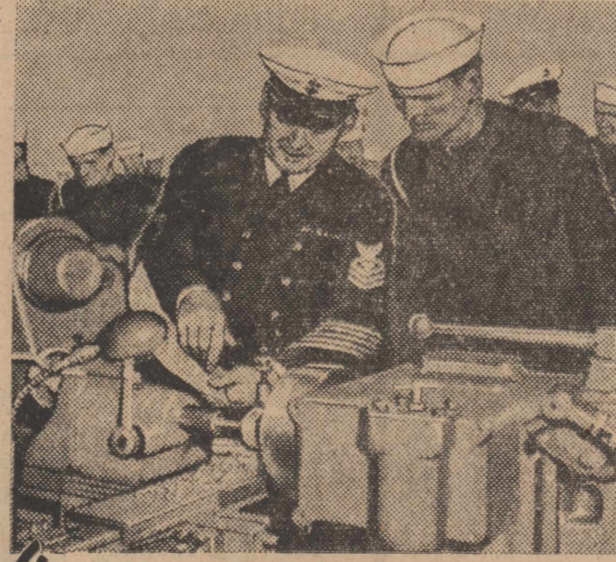

1. You're off to training station! And what a thrill it is! The Navy takes care of all your expenses. Meals in the dining car. A Pullman berth for overnight travel. When you arrive, you'll find comfortable quarters waiting for you. And you'll meet the swellest bunch of shipmates in the world!

2. You get free clothing—\$133 worth! Complete uniforms for both winter and summer. You'll be proud—and rightly so—when you step out in your smart Navy blues. From then on, you soon get into the swing of real Navy life. You learn Naval history, Naval regulations, Naval traditions.

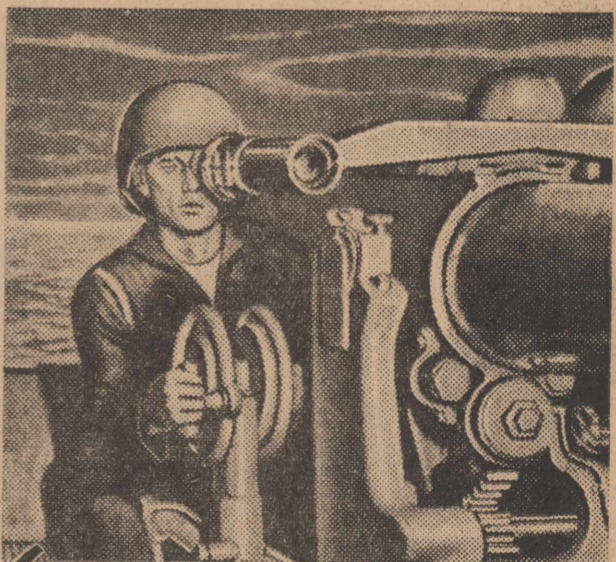

3. You get the finest food! Three square meals a day with all the seconds you want. Wholesome, hearty meals that stick to a fellow's ribs. And you'll have an appetite for them, for you'll be living a rugged, outdoor life—the kind of life that will put you and keep you in tip-top physical trim.

4. You're trained for a trade! If you qualify, you go to one of the great Navy trade schools. Here you get expert training worth \$1500 in your chosen field—radio, aviation, engineering, electricity, photography, telegraphy, welding—or any of 49 skilled trades. Whatever your specialty, Navy training fits you to do a better job now—and after the war.

5. You get good pay, quick promotion! After approximately two months' service, upon completion of recruit training, you get a raise in pay. By the end of your first enlistment, you can be making up to \$138 a month, plus allowances. And remember, your pay is all yours, because your meals, quarters, clothing, medical and dental care are free!

6. You get action, travel, adventure! You go places, meet people in the Navy. And you do big things for your country. Deeds of courage and heroism. Deeds that are writing history. The kind of deeds that are making the U.S. Navy the finest on the seas. Here's your chance for real service. Take it now while you still have time to choose!

FREE NAVY BOOK TELLS WHOLE STORY

HERE IN ONE EXCITING BOOK you can get all the details that will help you decide what to do for your country—for yourself. This book gives you all the facts you want to know about the Navy. It pictures the life you'll lead, the ships you may serve on. It describes the pay you will get, the promotions you can win, the skilled trades you may learn. Covers all the requirements you must meet. Get your personal copy of this free book before it is too late. Just ask at your nearest Navy Recruiting Station for "Men Make the Navy." Do it today!

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

For the past 12 years the New Jersey Bridge League has been host to the summer session of the national tournament at Asbury Park, but due to the war, the tournament was transferred this year to New York.

To remind the players that they were still host to the tournament, the New Jersey Bridge League inaugurated a new one-session pair event and put into play a beautiful trophy to be awarded annually. The first pair to win the trophy,

appropriately a New Jersey pair, was Harry Michaels and Louis A. Robbins of Newark.

Here is a hand that the boys defended well. Robbins (East) won the opening lead with the ace of trumps and immediately returned the four of hearts. South guessed wrong by playing low and Michaels won, back came a heart to the ace and Michaels ruffed a third round.

Cowdens Are Moving To Corpus Christi

Mr. and Mrs. R. B. Cowden are leaving Sunday for Corpus Christi, and will make their home there during the time in which he is engaged in flying as a member of the Border Air Patrol.

Cowden has been in that service for sometime, after having taken the special training course.

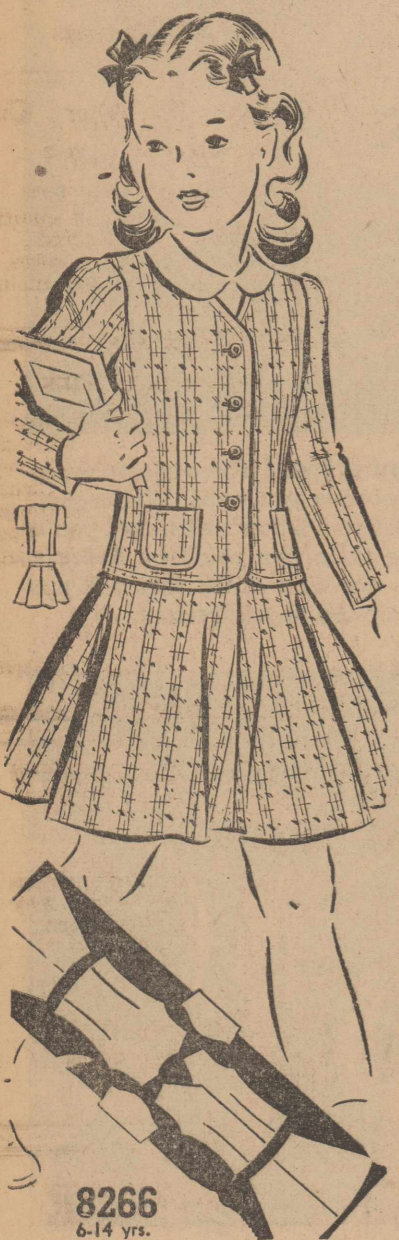

He has been in Midland for the past three days, and the family will return with him.

Officers Have Dance At MAFS Officers Mess

A dance for officers and their wives was held Saturday night at the officers mess at MAFS.

Music for the occasion was furnished by the Hell from Heaven Swingsters.

Girls' Suit

8266
6-14 yrs.

Clothes rationing? We don't have to think of it yet—officially. But in many a family where clothes are very carefully planned because of budget restrictions this two piece for the daughter of the house will be considered an essential. It is grand for wool plaids, corduroy or long wearing gabardine.

Pattern No. 8266 is in sizes 6, 8, 10, 12 and 14 years. Size 8 years, jacket with long sleeves takes 1 1/2 yards 35 or 39-inch material, skirt 1 1/4 yards. Jacket with short sleeves, and skirt, 2 1/2 yards 35-inch fabric; 1 5/8 yards 54-inch.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

Study the Fashion Book for home sewing inspiration. Styles in it are for children and adults, sizes 1 to 52. Order your copy today, 15c. A catalogue may be ordered with a 15c pattern for 25c plus 1c for postage.

Cattle Sales Off Good, But Number Head Shown Less

Showings and sales were fair at the Texas Cattle Sales market this week, with all stock brought to market selling at good prices. The number of animals was somewhat short, however, as range and feed conditions are so good that much stuff is being held for further feeding and added weight.

A good bit of stocker stuff was bought to go on the feed, and some fine lots were sold to the packer markets.

Top buyer was Mike Ralph of Odessa, who took a big lot of beef stuff. Other good buyers included J. D. Poe, Luther Pritchett, J. B. Abbott, O. C. Bayes, T. A. Bullard, M. W. Farrington, Fove Ford, A. D. Freeman, Marcus Gist, H. A. Lowe, Mark Walker, O. C. Whatley, Earl

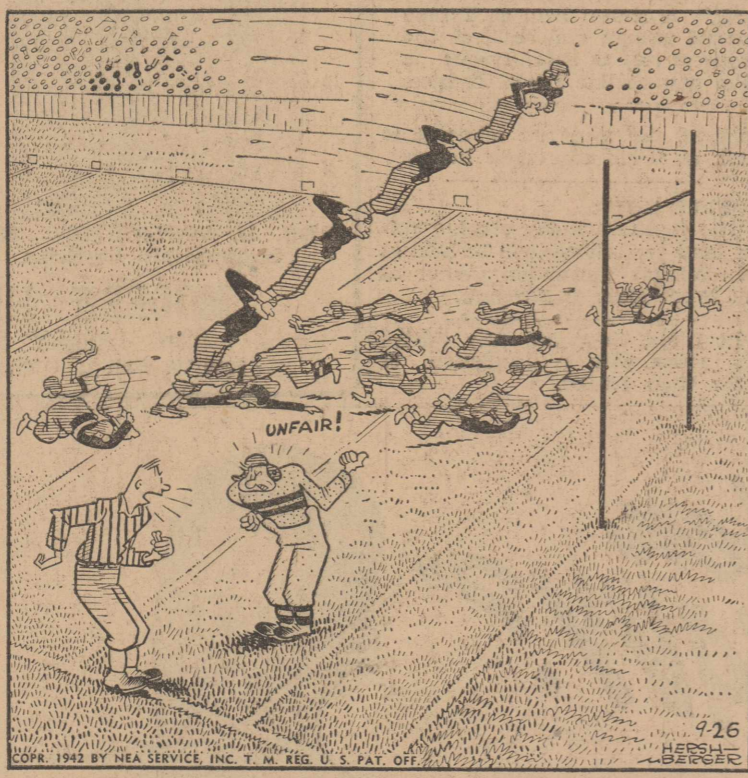

Binyon, L. A. Brunson, J. D. Glass, and W. E. Hanson, W. M. Hittson, Senaldo Hernandez, L. Jeffrey, T. Jeffries, Cecil Leatherwood, Earl Moran, Newell, W. C. Odell, Fred Ratliff, M. G. Richey, J. R. Sale, C. D. Wescott, W. H. Wilson, and others.

Selling were L. A. Brunson, L. M. Anderson, J. D. Beavers, L. Z. Beck, R. C. Frazer, J. C. Hensley, T. D. Jones, T. E. McReynolds, M. & M. Dick Midkiff, W. C. Odell, J. D. Poe, A. P. Scharbauer, H. H. Watford, H. O. Whitmire, J. Wilcox, W. H. Wilson, and

Carl Binyon, T. A. Bullard, A. C. Caswell, Ira Cole, O. C. Collier, Bill Conner, Shelby Davis, K. D. Dickey, Joe Dodson, Tommie Jeffrey, Bill Jones, R. D. Jones, W. L. Jones, A. B. Pau, G. T. Richey, and others.

Most popular fiction among service men overseas is the western story.

BIRTHDAY PRESENT CHAPTER XV

IT was working out, Candace thought happily, in a way that was almost too good to be true. The big intruder had been true, Martin's birthday and, best of all, her transfer all coming at once like this!

She had several days off before she was to start at Good Samaritan. They gave her a chance to make arrangements with Mrs. Prosser for a birthday supper after the dance, and to do some personal shopping.

She squandered long-saved money on a dress she felt better fitting to such a great occasion. Candace was pleased when, at dinner, the solicitous waiter left them alone.

"You remember Pete and I told you about that tea for the prospective in-ternes? You remember we mentioned that girl, Faith Hartshorne, the daughter of the chairman of the board?"

"Some case they've been following went bad," Martin said. "She leaned forward a little. 'Martin,' she said softly, 'I have a wonderful surprise for you. A wonderful present. We won't have to be separated any more. I've gotten a transfer to Good Samaritan.'"

He didn't say anything. But he didn't look moved, he looked startled. First startled, and then guarded. She saw, with a sick shock, that he was displeased.

All her happiness, all her assurance was abruptly stripped from her. Dazed with disappointment, she heard herself apologizing. "I won't hang on to you, truly I won't. If you think it might be embarrassing, it needn't be generally known that we're engaged. I thought that with us both in the same hospital, even though we'll each be busy and won't have much time off, it will still be something just to catch a glimpse of each other occasionally."

Then, when Martin still didn't say anything, "You're not happy about it? You're not pleased?"

Martin said carefully, "I'm surprised, naturally." Nothing more. But later, when they were in a taxi bound for the dance, he said abruptly, "Candace, there's something you should know."

With a frightened sense of impending doom she cried out sharply, "No!" Then she tried to lighten that. "You sound so serious, let's not be serious tonight."

THE evening was a failure. No amount of pretending could save it. Peter didn't show up at all, but she never noticed. Her mind was a blank, she was sick with this sense of foreboding.

She was relieved when Martin finally said savagely, "Let's get out of here."

They went back to Mrs. Prosser's. At the sight of the table and the cake with its candles waiting to be lighted, Candace shivered.

Martin had felt her shiver. "This is the damndest damp moldy place," he said. A fire had been laid and he applied a match to the shavings and drew a rickety chair close to the fireplace for her.

When Martin no longer had any excuse for fussing about, he said finally, "Candace."

It's coming now, she thought. Her shivering stopped, she sat frozen in an icy calm.

"You remember Pete and I told you about that tea for the prospective in-ternes? You remember we mentioned that girl, Faith Hartshorne, the daughter of the chairman of the board?"

"Some case they've been following went bad," Martin said. "She leaned forward a little. 'Martin,' she said softly, 'I have a wonderful surprise for you. A wonderful present. We won't have to be separated any more. I've gotten a transfer to Good Samaritan.'"

He didn't say anything. But he didn't look moved, he looked startled. First startled, and then guarded. She saw, with a sick shock, that he was displeased.

All her happiness, all her assurance was abruptly stripped from her. Dazed with disappointment, she heard herself apologizing. "I won't hang on to you, truly I won't. If you think it might be embarrassing, it needn't be generally known that we're engaged. I thought that with us both in the same hospital, even though we'll each be busy and won't have much time off, it will still be something just to catch a glimpse of each other occasionally."

Then, when Martin still didn't say anything, "You're not happy about it? You're not pleased?"

Martin said carefully, "I'm surprised, naturally." Nothing more. But later, when they were in a taxi bound for the dance, he said abruptly, "Candace, there's something you should know."

With a frightened sense of impending doom she cried out sharply, "No!" Then she tried to lighten that. "You sound so serious, let's not be serious tonight."

something over—" "Do you mean?" she said, "do you mean—you've never told her about me, either?"

He laughed bitterly. "The first minute she was nice to me I suppose I should have warned her. 'Don't you go falling in love with me; I'm taken.' That would have marked me down as a nice chump, wouldn't it?"

Candace flushed resentfully. "All these months since, though," she suggested; but he didn't answer that. She persisted, "You'll chair close to the fireplace for her. When Martin no longer had any excuse for fussing about, he said finally, 'Candace.'"

It's coming now, she thought. Her shivering stopped, she sat frozen in an icy calm.

"You remember Pete and I told you about that tea for the prospective in-ternes? You remember we mentioned that girl, Faith Hartshorne, the daughter of the chairman of the board?"

"Some case they've been following went bad," Martin said. "She leaned forward a little. 'Martin,' she said softly, 'I have a wonderful surprise for you. A wonderful present. We won't have to be separated any more. I've gotten a transfer to Good Samaritan.'"

He didn't say anything. But he didn't look moved, he looked startled. First startled, and then guarded. She saw, with a sick shock, that he was displeased.

All her happiness, all her assurance was abruptly stripped from her. Dazed with disappointment, she heard herself apologizing. "I won't hang on to you, truly I won't. If you think it might be embarrassing, it needn't be generally known that we're engaged. I thought that with us both in the same hospital, even though we'll each be busy and won't have much time off, it will still be something just to catch a glimpse of each other occasionally."

Then, when Martin still didn't say anything, "You're not happy about it? You're not pleased?"

Martin said carefully, "I'm surprised, naturally." Nothing more. But later, when they were in a taxi bound for the dance, he said abruptly, "Candace, there's something you should know."

With a frightened sense of impending doom she cried out sharply, "No!" Then she tried to lighten that. "You sound so serious, let's not be serious tonight."

HE had forgotten that Peter had insisted on it; that was swallowed up in this new and embarrassing development. He pointed out reasonably, "If you were to turn up at the hospital suddenly like that, don't you see how it would look? It would look as though I've been trying to put

Mrs. Horace Hyatt To Be Interred At Spur

Mrs. Horace Hyatt of Spur, sister of Mrs. J. A. Tuttle of Midland, died Thursday in Lubbock and will be buried in Spur Sunday afternoon.

Mr. and Mrs. Tuttle had been in Lubbock several days and were there when Mrs. Hyatt died.

Several Midland friends will attend the service at Spur. Among those going are Mrs. J. O. Vance, Mrs. J. P. Carson, Mrs. M. F. King, Mrs. George Phillips, Mrs. B. C. Girdley and Mrs. A. C. Francis.

Members of the committee are Myrick, Frank Prothro, Luther Tidwell, Claude O. Crane, Delbert Downing, Vesta Deaton, Laura Jesse, George Heath, and the Rev. Hubert Hopper.

Activities in the public school system will be under the direction of Health and Prothro. Fire drills, talks, essay and poster contests will be staged. Inspections in the business and residential sections will be made by Boy Scouts, directed by Fire Chief Luther Tidwell.

Fire Prevention programs will be held during the week at various club meetings. Miss Jesse Scott Price will arrange for the program at the Business and Professional Women's Clubs; Miss Deaton, Junior chamber of commerce; Downing, Lions Club, and Claude O. Crane, Rotary Club. Hopper and Bill Colyns will be in charge of publicity.

The Midland Chamber of Commerce is enrolled in the Inter-Chamber Fire Waste Contest, a national, organized fire prevention movement sponsored jointly by the U. S. Chamber of Commerce and the National Fire Waste Council.

A 16-inch Coast Artillery gun can be fired about 200 times before its barrel must be relined.

If National Ever Decides Winner, Will Have Series

NEW YORK. (P)—Another baseball campaign closes Sunday and another world series opens next week—but the old familiar story has a new and thrilling version.

The New York Yankees, waiting as they have in six of the last seven years for the National League to bring forth a champion, can't be sure yet whether they will face the St. Louis Cardinals or the Brooklyn Dodgers—or even on what day the series will open.

Because of weather forcing postponement of Saturday's scheduled game between the Cards and Chicago Cubs, and the Dodgers beating the Phils, the National League race has been carried right down to the final desperate hours of the season.

The Cards are unable to play again Sunday, or if they win one game or if the Dodgers lose at Philadelphia, St. Louis will clinch its sixth pennant in 17 years. But if the Redbirds were to drop both games Sunday and the Dodgers run their present belated winning streak to eight, the struggle would end in a dead heat.

That would mean a three-game playoff starting at St. Louis Monday night and moving to Brooklyn for games Wednesday and Thursday.

Razorbacks In Easy Win Over Wichita

PAYETTEVILLE. (P)—Arkansas' Big Razorbacks unleashed their best opening game form in six years Saturday to whip the University of Wichita 27-0 before 2,500 fans.

Holding a decided advantage over their Kansas rivals in weight and experience, the Forkers, playing for the first time under the direction of Coach George Cole, started slow in both halves but displayed well-balanced ground and air attacks to completely outplay the Shockers.

Southern Methodist Wins Listless Game

DALLAS. (P)—Southern Methodist, afflicted with a bad case of fumbles and never showing a sustained offensive, opened its 1942 football season Saturday with an unimpressive 26-7 victory over North Texas State before 7,000.

Texas Serves Warning To Southwest As Exhibits Power To Kansas Aggies

AUSTIN. (P)—Three teams of powerful Texas Longhorns ploughed the Kansas Aggies deep under the soil of Memorial Stadium Saturday, the 64 to 0 score standing as a warning to any of Texas' challengers this season.

If the Longhorns' performance last Saturday in topping the Corpus Christi Naval Air Station team by a 40-0 count left any doubt that Texas has returned to the football wars with a team that is going to be hard to beat, Saturday's overwhelming victory should erase it. Texas has at least three fine backfields, a line that hasn't been pierced and plenty of reserves everywhere.

Playing before a crowd of 15,000 the Longhorns scored one touchdown in the first period, three in the second, two in the third and four in the final.

Kansas State was mostly without the services of Jug Zelezak, speedy tailback who engineered two of the visitor's three first downs. He did not enter the game until late in the second period and he was limping when he came back in near the end of the game.

To say that Jackie Field led the Longhorn march would be understating the work of at least half a dozen other fine backs, but the statistics showed he reeled off 19 runs

for 161 yards. The Longhorn ball carriers had all the blocking they needed and the sort of rugged, hard hitting line play that backs must have to give their tricks a chance to work. Texas concentrated on the running attack, but several passes paid off. Again statistics tell the story of Longhorn power: 529 yards gained rushing, 77 on passes. Kansas came up with a meager net of 22 yards rushing and 25 through the air.

Scoring By Periods
Texas scoring: 6 19 13 27—64
Kansas scoring: McKay, Field 3, Petrovich (for McKay), Minor (for Matthews), Jones (for Petrovich), Warren (for Minor), Raven (for Field), Roberts (for Raven); points after touchdown—Field (placement) Roberts (placement), Petrovich (placement), McKay (placement).

LSU Upsets Dope To Beat A&M 16-7

BATON ROUGE, La. (P)—Displaying amazing power both offensively and defensively Louisiana State University struck viciously for a pair of second quarter touchdowns and a third quarter safety to defeat the vaunted Texas Aggies 16 to 7 here Saturday night before 25,000 in an early season inter-conference upset.

Whirlaway Is Beaten—But Track Record Set

NEW YORK. (P)—Whirlaway was repulsed for a second straight time Saturday but it took an American record breaking burst of speed by Townsend B. Martin's Bollingbroke to shunt the turf's leading money winner to second place in the Manhattan Handicap at Belmont.

Bollingbroke, carrying only 115 pounds to the 132 saddled on Whirlaway, spun through the mile and a half in 2:27 3/5 and he rewarded his backers among the 25,230 spectators with \$31,300 for \$2.

Rice Downs Corpus Naval Station 18-7

HOUSTON. (P)—Rice Institute, featuring the passing of Sophomore Virgil Eikenberg and the running of Eikenberg and Stoop Dickson defeated Corpus Christi Naval Air Station, 18-7, Saturday night in its opening game before 9,000 fans.

Season Football Tickets Will Go On Sale Monday

Tickets for reserved seats for the three football games to be played on Lackey Field this season will go on sale at the principal's office of the High School Monday and Tuesday. Starting Wednesday, tickets will be on sale at the Chamber of Commerce office.

A ticket for all three games will cost \$2.55 for reserved seats. The admission for reserved seats at one game will be 85 cents. General admission is 55 cents a game. Students wishing to reserve seats will be charged at the regular reserved seat price. General admission for students will be 35 cents.

For their first game of the season played on Lackey Field, the Midland Bulldogs will meet the San Angelo team at 8:30 o'clock Friday night. On October 23 the Bulldogs will play on their home field with Big Spring. Thanksgiving Day the Odessa Broncos will come to Midland to play.

Fire Sweeps—

(Continued From Page 1)
When the flames were extinguished. The tanks, warehouse, and stocks of gasoline and oil were owned by the Gulf Company. A representative of the company arrived here before midnight to inspect the damage.

More than 50,000 gallons of gasoline and kerosene were in the four large tanks when the fire started. How much was saved could not be estimated Saturday night. Approximately 5,000 gallons of oil, grease, and lubricants were in the warehouse which collapsed as oil cans exploded, sounding like giant firecrackers.

WAFS Firemen Aid
Firemen from the Midland Army Flying School came to the aid of Midland firemen. They brought a chemical truck but were unsuccessful in an attempt to extinguish the flames with the chemical.

Five freight cars on the T&P railroad siding near the warehouse were moved with the aid of a T&P motor truck as firemen feared the large gasoline tanks would explode. One by one the truck started the cars downgrade on a side track.

Before nightfall, railroad workmen arrived with new ties to repair tracks so the interruption to rail traffic would be as brief as possible. Soon after the fire finally was extinguished trains again were moving.

When the fire was discovered, firemen were called to answer two alarms, the second in Ridgela addition. This was a small fence fire and was quickly extinguished. Soon back trucks were at the spectacular blaze.

A few minutes before the fire broke out at the warehouse, E. B. Richardson, attendant there, had departed in the tank truck to make a delivery to a garage.

Cameramen Busy
Military police from the Midland Army Flying School, city councilmen and citizens aided Police Chief Lon Tyson and his policemen in keeping spectators at a safe distance.

It was a field day for amateur cameramen. They came by the scores to take photographs of the spectacular flames, returned to get more film, and came back to snap more pictures.

Telephone lines were burned and hitherto from the Southwestern Bell Telephone Company were quickly on the job to maintain service and to save as much wire as possible.

Army planes flew above the clouds of black smoke which rolled from the oil plant, and spectators by the thousands crowded to the area, only to be warned to keep back by officers.

Firemen were still standing guard early Sunday, and putting their equipment in order.

The blaze was one of the biggest in recent years in Midland and the clouds of churning black smoke could be seen for miles.

As pressure built up in gasoline tanks under the tremendous heat, the fluid was sprayed into the fire shooting flames high into the air.

WOLVES TAKE LORAIN BY SCORE OF 13-0
COLORADO CITY.—Colorado City Wolves scored twice in the second quarter to down the Lorraine Bulldogs, 13 to 0.

R. J. Knocke plunged off tackle for 15 and the first score, and Harmon Jones intercepted a pass and ran 39 for the second. Knocke converted the second time.

LUBBOCK-SAN ANGELO TIE
LUBBOCK.—The Lubbock West-erners scored in the last two minutes of play here Friday night to gain a 6-6 deadlock with the San Angelo Bobcats.

Midland Bulldogs Upset Dope Sheet To Turn Back Austin High By 12-0

The Midland Bulldogs upset the dope sheet Friday night in El Paso when they made two quick scoring thrusts in the second period to down Austin High School 12 to 0.

All Midland players showed up in a well-balanced attack which was marred only by numerous fumbles after they had advanced into Austin territory.

Bill Richards was the Jimmy Watson for the first Bulldog marker. The second tally came on an off tackle smash by Richards who fumbled and the ball was recovered by Ivan Hall in the end zone.

Outrush Austin
The Bulldogs piled up 348 yards from rushing, compared to Austin's 47. Midland made 18 first downs to Austin's 3. Midland completed 11 of 21 passes for a total of 151 yards. Austin completed three for 26 yards.

Austin failed to make a first down until the third when they advanced the ball to the Midland 13 yard line.

The starting lineups:
Midland Position Austin
Watson E Lance
Davidson T Hall
Roy G Wilson
Taylor C Sturman
McMillan T Anderson
Robinson T Arnold
Kelly E Marusich
Whitmire Q Bean
Hall H Denard
Stickney H Bloodworth

September Cold Snap Brings Out Overcoats

By The Associated Press
By-T-T-r!
A September cold snap, second within a week, brought jackets, sweaters and overcoats to the near sections of Texas Saturday.

Near freezing was predicted in the Panhandle, and at Amarillo, where the season's first real north-erly dropped the temperature to 39. The weather bureau issued a warning that flowers and vegetables be protected.

RAZE FEDERAL BUILDING
WASHINGTON. (P)—The five-story home of the Federal Court House and Post Office Building in Louisville, Ky., will be the first government-owned building razed in the nation-wide drive to salvage critically-needed war materials.

The Public Buildings Administration, announcing this, said the building, completed in 1893 as a cost of \$25,231, was expected to yield between 5,000 and 6,000 tons of wrought iron and two tons of copper, brass and other metals.

COLEMAN DEFEATS COMANCHE
COLEMAN.—George Alvey Smith ran 20 yards off left tackle for a touchdown in the third quarter of a game with Comanche here Friday night to bring Coleman a 6-0 victory. Quarterback James Alcorn had set up the touchdown spring with a 20-yard jaunt of his own. It was the only scoring gesture by either team.

WARREN TO COMMAND AT PERRIN FIELD
DENISON. (P)—Col. Robert W. Warren Saturday was named commanding officer of Perrin Field, succeeding Col. Donald G. Stitt, transferred to Kansas City, Mo., as commander of an Air Force storage depot.

SWEETWATER DRUBS BROWNWOOD ELEVEN
SWEETWATER.—The Mustangs again rolled over a non-dis-tributed foe, drubbing the Brownwood Lions, 33-0, and again kept their goal line unbreached.

BIG SPRING BEATS CISCO
BIG SPRING.—Long runs off tricky reverses gave Big Spring's Steers a 20-6 victory over the Cisco Lobos here Friday night.

Ash wood, after steaming, can be permanently bent without losing shock-resisting power.

Willkie Urges—
(Continued from page one)
Nazis can boast about this sinister occasion is the rather pitiful way in which the Tokyo and Berlin propaganda mountains have labored to produce a mouse—the purported presence of a Japanese submarine in the Atlantic ocean.

For the United States and Great Britain, Willkie brought light out on the table the half-hidden issue which has been causing a disturbing divergence of thought between the Soviet Union and the Western Allies.

He spoke while the battle of Stalingrad, which could become the turning point of the war, raged through its 33rd day inside and outside of the city. The defenders still were in command of the situation, the Red armies were retrieving more ground in some sectors, and the Red Star, the official army organ, was saying: "There is now a chance to hold and repulse the fascists."

It was indeed, the fate of Stalingrad and the German penetrations into the Caucasus ranges which gave the Russians the feeling that they were shouldering all the burden of the war with Hitler and that help was too long in coming from the west.

The responsibilities are here now to be faced, he continued, and those who speed to waste rubber or who refuse to contribute scrap metal are those deserving of the wrath of the Almighty. These are the ones who must be cast aside, for our war must be won. The officer concluded: "We are not fighting to preserve the status quo of any individual. We are fighting first of all for our lives, and second, for all that gives life meaning and dignity—the right to freedom here and everywhere in the world."

BALLINGER WINS
BALLINGER.—James Striplin put on an air show for the Harmon field cadets, special guests at the Ballinger-Cross Plains game here Friday night, by passing and running the Bearcats to a 40-0 victory.

Children Charge Field; Braves Awarded Game
NEW YORK. (P)—The Boston Braves were awarded a forfeit game over the New York Giants in the second game of a double-header Saturday when, with the Giant's leading 5-2 in the eighth inning, hundreds of children swarmed onto the field from the stands and play could not be resumed. The umpires awarded the game to Boston by the usual 9-0 forfeit score. New York won the first 6 to 4.

Brooklyn Dodgers Keep Pennant Hopes Alive
PHILADELPHIA. (P)—The Brooklyn Dodgers went on a six-run scoring spree in the sixth inning Saturday to down the Phillies 8 to 3, pull up to within a game and a half of the idle St. Louis Cardinals and keep their flickering National League pennant hopes alive.

Cleveland Indians Win Over Detroit 3-0
CLEVELAND. (P)—Mel Harder pitched Cleveland to a 3 to 0 triumph over Detroit Saturday, assuring the Indians at least a tie with the Tigers for fourth place. Detroit...000 000 000—3 13 0
Cleveland...000 003 00x—3 9 2
Benton, White and Parsons; Harder and Desautels.

Our Men—
(Continued from Page 1)
going to have what they need if civilians are using blankets for dresses and crusts for a meal," he said. And don't consider that a fantastic impossibility.

General Davies referred to the period from 1918 to 1941 as the "era of the American ostrich," and said that this nation had refused to accept the responsibilities that had been placed upon it.

"We are now faced with the crisis," he said. "We have tried to escape it."

"The responsibilities are here now to be faced, he continued, and those who speed to waste rubber or who refuse to contribute scrap metal are those deserving of the wrath of the Almighty. These are the ones who must be cast aside, for our war must be won. The officer concluded: "We are not fighting to preserve the status quo of any individual. We are fighting first of all for our lives, and second, for all that gives life meaning and dignity—the right to freedom here and everywhere in the world."

Miss Alma Heard Is Honored At Farewell Party

Honoring Miss Alma Heard, who is leaving soon to accept a position in Peecos, Texas, Misses W. I. Pratt, Sr., Ralph Guyer and J. H. Fine entertained with a farewell party Friday evening at the home of Mrs. Pratt, 911 West Kansas.

The guests were greeted by the hostess and Mrs. W. I. Pratt, Jr. The house was decorated with marigolds and greenery. The refreshment plates also carried out the gold and green color scheme.

Games of "goldbug" were played with Mrs. T. J. Potter and Mrs. J. A. Porter winning high scores. Miss Mary Elder won low and Miss Jean Bains was awarded the traveling prize.

Gift Is Presented

Mrs. W. I. Pratt, Sr., presented a gift from the group to Miss Heard. The invitation list included the honoree and Misses M. D. Johnson, Jr., S. R. McKinney, Jr., Riley Parr, Porter, Potter, Frances Stallworth, T. H. Stringer, Cecil Waldrep, Raynee Carroll, Hazel Ammerman, J. M. Speed, Jr., W. I. Pratt, Jr., and the hostesses.

Misses Wilma Ruth Holman, Dorothy Newberry, Maedele Roberts, Drotha Johnson, Mary Elder, Vesta Deaton, Josephine Barber, Bains and Roselle Girard.

Country Club Women Have Weekly Luncheon

Women of the Midland Country Club Golf Association held their weekly luncheon at the country club Friday.

Members present included: Misses Bob Woods, Faye Cowden, Prentiss Brown, Bob Henderson, Walter Smith, Left Olson, Ed Warren, Gordon Bird, Donahoe, Hugh Munn, V. P. Neissl, J. P. Ruckman, Ralph Lowe, Y. D. McMurray, J. A. Mascho, David Goggins, S. P. Hazlip, Tom Sloan, Dan Hudson, Essie Stafford and John House.

Mrs. John Canyon of Fort Worth was a guest.

The first airplane flight by Orville Wright at Kitty Hawk, N. C., lasted only 12 seconds.

Captain W. E. White Recruiting More Men For MAFS Glee Club

Capt. Wilson E. White, commanding officer of the Second Training Squadron at Midland Army Flying School, is conducting an intensified recruiting program of his own this week.

Specifically, the captain, who in civilian life was the leader of a well-known orchestra, is trying to persuade a bevy of MAFS shower room singers to come out in the open.

The reason: Capt. White's MAFS Glee Club, which had established a fine and harmonious record, was virtually wrecked by the recent transfers of men to the new bombardier schools at San Angelo and Big Spring.

Singers Are Bashful

"There are plenty of singers around the barracks," Capt. White said bitterly. "I hear them all the time. But they get bashful when we ask them to join the Glee Club."

The result: Capt. White has asked all first sergeants to make up a secret list of the thrushes who warble beneath the showers.

First, however, he's asking all those interested in joining the Glee Club to report to Band Headquarters at 8 o'clock Tuesday evening.

If that doesn't work, Capt. White says he may have the first sergeants issue orders.

MAFS Has Wooden Boxes For Sale

Several thousand wooden boxes, made of matched lumber with screw tops, are being offered for sale to bidders by Midland Army Flying School, Major Seward Hulse, commanding officer of the Bombardier School's Quartermaster Corps, announced Saturday.

The boxes, made of tongue and grooved material, have a capacity of 2.68 cubic feet each, Major Hulse said. They were originally used to ship detonator charges for the practice bombs used by bombardiers and have been carefully opened and stored. Screws from the tops have been saved.

WINS HONORS

Miss Myrabella Lamb of Midland, who is attending Draughon's Business College, Abilene, is among the high ranking students whose names appear on the honor roll this term.

South Of The Border, Uncle Sam Is Setting The Style

Three Thousand Of Mexico City's "400" Applaud First New York Fashion Show

This New Yorker showed fashion-wise Mexican society a green Rodier Jersey dress with the new barrel skirt that sets a fall 1942 trend back home. Soft front fullness is effected by draping from a yoke which is in one piece with center front panel.

By Marguerite Young
NEA Service Staff Writer
NEW YORK. — American style, created here in Manhattan, is ranging far and winning friends across the southern border.

The women—and also the men—of Mexican society used to go to Paris to get the fashion score and to shop. They're noted for a discerning eye for feminine beauty and clothes. This year, they went to the palatial Hotel Reforma in their own Mexico City to see New York models displaying New York creations.

The señoras and their escorts gave the girls and the dresses a reception which the models, just back, cannot stop talking about. It attracted 3,000 socially prominent Mexican women and men—and kept them clapping. Movies were made of the show, and will be shown soon in Mexico and South America.

First Show of Kind

No warm weather wardrobes, the dresses were selected simply as good examples of the fall clothes that are being made in the design studios of New York manufacturers. Each dress showed one or more characteristics which occur often in the season's clothes, and which are catching on and hence setting the style in many U. S. cities. Novel example: a dress with a "barrel skirt"—draped slenderly in a curve which shows off comely hips and legs.

Goodwill-building fashions which strengthen Pan-American friendliness are not entirely new, though the show in Mexico was the first of its kind. Ever since last fall, North American style has reflected strongly a "Good Neighbor" influence—that is, North American designers have been taking their inspiration, often, from the arts of the sun countries.

These New York creations, worn by Manhattan models, kept several thousand Mexican society women and their escorts sitting up and applauding at style review in Mexico City. The sightseeing model, left, stepping out of a relic of stormy days, wears a green velvet dress with a white gilet held in place by jewel buttons. The black sheath dinner dress which takes the señor's eye, at right, has magneta and black striped taffeta ruffles. Styleworthy, too, is the gay caballero's bolero, an heirloom, with solid silver embroidery.

Double Wedding Unites Couple At MAFS Chapel

A double wedding ceremony united Miss Evelyn A. Jelinek of Hopkins, Minnesota, and Lt. George E. Knowles, and Miss Virginia C. Haire of Grand Rapids, Michigan, and La. William H. Zylstra Friday at the MAFS Post Chapel, Chaplain Theodore Schoech read the

Personal

Sheriff J. E. Simeco of Upton County was a business visitor here Saturday.

A. B. Davis, manager of the Lubbock Chamber of Commerce, spent Friday night in Midland.

ceremonies. Both bridegrooms were members of the Thursday graduating class at MAFS.

Attendants of the wedding were Lieutenants N. V. Kelly, A. J. Hau and L. L. Young.

First Girl Scout Court Of Honor Is Held In City

Two Midland Girl Scouts, Betty Jo Greene and Betty Chanslor, were awarded first class badges at Midland's first Girl Scout court of honor at the North Ward auditorium Friday evening.

The ceremony, presided over by Mrs. A. F. Shirey, chairman of the Midland County Girl Scout Council, celebrated the first anniversary of the Midland council. Mrs. Shirey outlined the Girl Scout program, listed accomplishments of the or-

Miss Vadis Moon And Lt. G. L. Blenis Are Wed At MAFS Chapel

Miss Vadis Moon of Milo, Iowa and Lieutenant G. L. Blenis of MAFS were married at 2 o'clock Friday afternoon at the post chapel with Chaplain Theodore Schoech reading the vows.

Attendants were Lieutenant Christian Arnold and the bridegroom's mother, Mrs. Nina G. Blenis.

The bridegroom was a member of the Thursday graduating class at MAFS.

Teachers Will Be Honor Guests At Informal Party

The Parent-Teacher organizations of Midland schools will sponsor an informal party in the high school gymnasium Tuesday night at 8 o'clock, honoring school teachers.

Mrs. William T. Penn is general chairman for the party with PTA officers as co-chairmen.

All parents are invited to attend. Coffee and cake will be served during the evening.

Mrs. Welch Resigns As Member Of League

The resignation of Mrs. Van Welch, who has moved to Dallas, from the Children's Service League was announced at its meeting Friday at the home of Mrs. Cooper Hyde, 314 South L Street.

Members spent the evening knitting for the Red Cross.

Those present included Misses Fred Cassidy, Walter Collins, Robert Dewel, Ralph Fitting, J. M. Hills, T. S. Jones, Vaughn Naley and the hostess.

WEST POINT CADETS

WEST POINT, N. Y. (AP)—The Army is going to sea, if a steamboat trip down the Hudson River can be called an ocean voyage.

The United States Military Academy announced that when the cadet corps makes trips to football games this fall it hopes to use water transportation exclusively.

Bishop Bernard J. Shell organized the Catholic Youth Organization in Chicago in 1930.

Watson, Yeager And Larsh Lead Classes

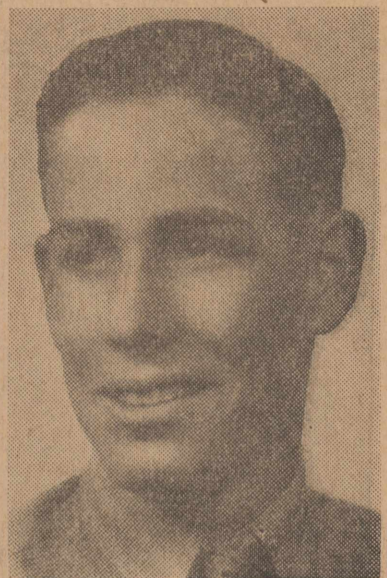

Junior, sophomore and freshman classes elected officers at meetings held during the activity periods last week. None of the elections were complete because of limited time.

Jimmie Watson was chosen president of the junior class. Other officers elected were Billy Jo Stickney, vice president; Nellie Elkin Brinson, secretary, and Joe Ray Murray, treasurer.

Sophomores selected John Larsh for president; Bobby Hyatt, vice president, and Gene Sindorf, secretary.

Wilber Yeager was elected freshman president. Other officers included: Virginia Dumanan, vice president; Betsy Nolan, secretary, and Charles Vertrees, treasurer.

Class meetings will be held this week to complete the election of officers.

Jimmie Watson

Personals

Betty Lou Ward and Kay Rogers attended the El Paso game Friday. Mary Frances Carter went to Big Spring last week-end to have dental work done.

Marie Rogers has as her house guest Zola Patterson of Haskell. Ellen Cochran formerly of Midland, is the guest of Mary and Bernice Hamnford.

Betty Jean Langston attended the marriage of her sister, Louise, former Midland student, in Odessa Friday.

A. P. Baker attended the Lamesa-Brownfield game at Lamesa Friday. Mrs. De Lo Douglas was absent from school Wednesday and Thursday due to the death of her grandfather, Dr. E. W. Salomon.

Mrs. Delbert Downing substituted last week for Mrs. De Lo Douglas.

Second Year Foods Class Meets With Miss Alpha Lynn

Girls in the second year Foods class met in the home of Miss Alpha Lynn, county home demonstration agent, Wednesday to assist her in the making and canning of sauer kraut. The canned kraut was for Miss Lynn's pantry shelf to comply with the Texas Food Standard—a balanced diet for each day of the year. Grape juice, canned by Miss Lynn, was served to the girls.

The second year class, under the direction of Miss Iva Butler, has also been canning vegetables in class, such as: peas, beans, tomatoes and sweet potatoes for the emergency shelf. Jelly, jam and marmalades have been made. The peas and beans were donated to the class by Rose Lee Hart.

The entire coast of Turkey to a depth of 75 miles is forest or bush land.

Here And There On The Campus

Colleen Oates, admiring a pin Mary Frances Carter had on her coat, asked where she got it. Mary Frances replied, "Just a little thing I picked up in Dallas, and I do mean 'picked up!'"

Miss Morrow came running out of her advisory room, 305—all excited and scared. When asked what was wrong she said there was a great big black bird in the room and she wasn't going to stay in there with it. "That great big black bird" was none other than es-tudent Johnny Bizzell's pet crow!

When Kathryn Hanks was asked by Miss Robinson what she was studying and Kathryn told her "Chaucer" Miss Robinson immediately proclaimed that she also had studied "Chaucer" and that she still remembered it. Kathryn in a shocked voice said, "You mean you still remember after all this time!"

State President And Historian Will Speak In F. F. A. Meeting

Speeches by Dixon Manly, state president, and Robert Humber, Jr., state historian of the Future Farmers of America will be the highlights of a district meeting of the FFA to be held in the high school auditorium Tuesday, Sept. 29, at 8 p. m. W. E. Williams, area supervisor, will address the audience. Representatives from six schools in this district are expected to attend. Kelly Lewellyn, president of the local chapter, will preside at the meeting.

Jo Ann Blair Is Sub-Deb Hostess

The Sub-Deb Club met at the home of Jo Ann Blair, 1008 W. Louisiana, Wednesday, September 16, for the first meeting of the year. During the business hour the club voted to outfit five Red Cross kits. Patsy Warren was made a member of the club.

Punch and cookies were served. All members of the club were present, including: Elaine Hedrick, Gina Stolte, Sue La Force, Jo Ray Murray, Janice Pope, Otella Flynn, Margaret Mims, Wanda Jean Girdley, Elsie Schlosser, Mary Frances Carter, Betsy Jo Knight, Eva Barton, Patsy Butcher, Patsy Tull, Ann Vannaman, and the hostess.

Bulldog "11" Will Tangle With San Angelo Bobcats October 2 In First Conference Game For Both

In the first conference game of the season, the Midland Bulldogs tangle with the San Angelo Bobcats Friday night on Lackey Field at 8:30. Little is known of the Bobcats eleven except that they beat Ballinger on Sept. 18, by a score of 30-14.

Several changes in the lineup have been made since last week with Charley Kelly going to right end, Billy Joe Stickney taking over blocking back, Marshall Whitmore moved to quarterback and Billy Richards going to fullback. The rest of the lineup is the same with Jimmie Watson, left end; Red Roy, left tackle; John Gw. McMillan, left guard; Jack Taylor, center; J. T. Robinson, right guard; Buddy Davidson, right tackle, and Charley Kelly, right end.

This game is also the first conference game for San Angelo and is Midland's first home game.

Physical Education Girls Will Have Intramural Games

In the girls physical education classes, ball teams have been organized and managers have been selected for each team. Winners in the class contests will compete and the final game will be played during the noon hour.

The first period class consists of four teams. Kay Rogers is manager of Bobcats; Patsy Butcher, the Tigers; Monta Jo Glass, the Bulldogs, and Faye Doris Douglas, the Phillies.

In the second period class Doris Adams leads the Mustangs and Jean Gunter, the Elks. Betsy Jo Knight is manager of the Panthers in the third period class and Jean Martin, the Wildcats.

Lions in the fourth period class have Louise Sheppard for manager and the Longhorns have Martha Jane Preston.

In the fifth period class Lucille Morren manages the Leopards; Oleta Millhollon, the Broncs; Rosie Lee Hart, the Wolves and Jewel Marin, the Bears.

Shirley Culbertson in the seventh period class has been chosen manager of the Cubs and Jo Ray Murray of the Deer. "The managers will schedule the games," Miss Dalton, director, says. Girls in the physical education department have recently been issued locks for their baskets. Additional equipment has been ordered and is expected at an early date.

Capacity Enrollment Of Twenty Pupils In D. O. Department

The Diversified Occupations class of Midland High School, directed by Sam Spears, has a capacity enrollment of 20 members.

Those enrolled are Ruby Barrington, Roy Collins, Eddy Cook, Hazel Cottrell, Bob Drummond, Roxie Ruth Friday, Claythe Graham, Faye Hooker, Ivan Hall, Mal Kidwell, Hazel King, J. W. Leftwich, Emma Marie Meissner, Lillie Rose Meissner, Charles Reader, J. T. Robinson, Red Roy, John Sindorf, Tom Tisdale and G. W. Wolcott.

The occupations allowed in D. O. are: dry goods clerk, auto mechanic, geological clerk, grocery clerk, theatre management, baker, auto supply salesman, radio repairman, printer, carpenter, stenographer and tailor.

The requirements for students to take D. O. are that subjects must be arranged so they can study directly relative to their jobs in the morning and work in the afternoon. They must also have junior standing in school.

Students Will Aid In Largest Scrap Drive In Midland

October 5th is to be the opening date of the biggest scrap drive ever staged in Midland, it was announced by Superintendent George A. Heath, Thursday afternoon at a general faculty meeting.

Principal Frank Monroe has charge of organizing the schools in this drive. He states that there will be a group of students to every block, street and vacant lot in town hunting for scrap. Clint Dunagan, head of the committee, and James N. Allison, advertising manager, made talks on the scrap drive. They both made clear that every piece of scrap in Midland must be obtained; it must be sorted, cut, processed, and in the factories before snow falls.

Letters boosting the drive are to be written by high school students. Poster contests will be held in junior high and the grammar schools. The contest will end October 2, and the winning posters will be displayed about town the following week.

School Library Has Open Shelf System

The library, under the supervision of Miss Helen Fortenberry, now has an open shelf system which enables the students to select and check out books themselves. It consists of two divisions: one portion is devoted wholly to reference books and the other consists of fiction, biography and travel.

"I personally think the students are enjoying this new addition, because of its convenience," Miss Fortenberry said.

The library assistants are: Martha Preston, Nadine Manning, Vada Lou Jones, Marcia Funk, Nell Shattuck, Virginia Countess, Wilda Drake, Dortha Dale, Norma Stice, Marion Giddings, Bobbie Jean Gibbins, Edwina Hood.

There are 640,000 kinds of insects, of which 10,000 are destructive to man and his possessions.

Volunteer And Emergency Car Are Ready For "Solo Flight"

READY for any emergency, Mary Campbell of New York City checks over the equipment of the only one-woman ambulance service in America. Both Miss Campbell and the ambulance, which was presented to her by officers and employees of the publishing house of which she is executive secretary, are subject to 24-hour-a-day call by the Office of Civilian Defense. Outside office hours Miss Campbell teaches first aid, does volunteer nursing, and polishes instruments for the Medical and Surgical Relief Committee of America.

Calendar Of Coming Events

- Monday** Spelling. Faculty steak supper at Cloverdale at 6 p. m.
- Tuesday** PTA party in gym at 8 p. m. for faculty and all parents. FFA district meeting in auditorium at 8 p. m.
- Wednesday** Assembly.
- Thursday** Organization of all clubs.
- Friday** First public appearance of band in assembly and pep rally. San Angelo Bobcats vs. Midland Bulldogs at Lackey Field, 8:30 p. m.

Music Corner

Mrs. De Lo Douglas states that the boys quartet will include Penny Mertz, Gene Hays, Frank Troseth and Charles Funk. The girls quartet will be composed of Helen Horne, Peggy Anderson, Margaret Mims and Jackie Theis. Students in the girls trio are Sue La Force, Ann Ulmer and Betsy Jo Knight. Joe Haygood, now a student of A&M and former member of the high school quartet, has been chosen as one of the Singing Cadets, who will be featured in the motion picture "We've Never Been Licked," being filmed at College Station.

Gold knee-length capes have been chosen for the majorettes.

Each twirler in the band has selected one girl as an understudy and will assist in training her to become a member of the band next year. Girls who have been chosen are: Marjorie Barron, Marcella McClure, Mary Ellen Midkiff, Ann Ulmer, Cecelia Long and Grace Baker.

Who's Who-Kelly

Kelly Lewellyn, president of the Midland Chapter of the Future Farmers of America, is an average seventeen-year-old American youth who plans to don overalls and a straw hat after attending Texas A&M.

Kelly has been a member of the FFA club two years. He served as secretary of the organization his first year and at the close of the spring term last year was elected president for 1942-43. In November, 1941, Kelly won first place on an essay telling of his work. The award was a trip to Dallas and the State Fair.

Kelly's favorite subject, quite naturally, is agriculture and he spends all of his off periods talking with Mr. Howell, agriculture teacher.

Kelly has no special hobby, just likes to "run around". He had to think a long time before he admitted that "a sissy" was his worst dislike.

Kelly has lived here all his life and doesn't know why anyone would want to live anywhere but West Texas.

Of the district meeting he says, "I am very glad to welcome all the boys and especially the state officers and the area supervisor. I hope all have a swell time."

Pantomime Featured In Assembly Program

The dramatic class presented a pantomime "The Melodrammer" directed by Stephen Briggs in assembly Friday. Faye Doris Douglas read the pantomime. It was acted out by the following: Anne Ulmer, Jim Hazlewood, Jo Anne Blair, Jerry Jones, Cecelia Long, J. S. Patton, Douglas McElish, Glenn Murray, Carlton Galbraith and Shirley Culbertson.

Need A Job? See Principal Monroe

Frank Monroe, principal of Midland high school, announced last week that he had on file a list of jobs telephoned to the office. All students in need of a job are asked to file their names, addresses, telephone numbers and types of work wanted. These are to be handed in at the office.

Bible Study Course Gives One Half Credit

Midland High students now have the privilege of taking Bible through local churches. This course is conducted outside of school by the minister of each church, but is taught through the school. It gives one half credit and is offered to high school students only.

FSA Moves To Aid Food Production

DALLAS (AP)—In a move to increase food production, 60,000 farm families in Texas and Oklahoma would receive aid in a proposed program by the Farm Security Administration.

Area, district and project managers from Texas and Oklahoma were told that FSA rehabilitation and home ownership programs would be reduced and that funds heretofore devoted to them would be used for equipment and livestock loans.

Borgquist And Utley Entertain Students

High School students were entertained in assembly Wednesday afternoon at 2:30 by two faculty members, Miss Lillian Borgquist and Ralph Utley.

Miss Borgquist, accompanied by Faye Dublin, sang "My Hero" and "Will You Remember".

Utley, on the cornet, accompanied by Roy De Wolfe, played "Dark Town Strutters Ball", "I Don't Want to Walk Without You, Baby" and "St. Louis Blues."

The pep leaders, Virginia Stolte, Elaine Hedrick and Sue La Force, led the student body in seven yell.

The assembly ended with the students singing "On Ye Bulldogs" accompanied by Alberta Smith.

Bathymetry is the practice of measuring depths of the sea, especially for scientific investigation.

You've a treasure in your Kitchen

GUARD IT CAREFULLY!

An old friend... a reliable, economical servant... today your Gas Range assumes a new role. It has a war job to do—one of the most important of them all—the job of feeding your family for Health and Strength for the duration.

A little care will go a long way in providing efficient and economical service from your Gas Range... will add years to its life.

A Few Simple Rules for Gas Range Care

1. Use your Gas Range all you need... but make it serve you well every cooking minute.
2. Watch cooking temperatures. Over-roasting or over-baking wastes fuel as well as food. Over-boiling wastes heat and kills health-giving vitamins.
3. For greater efficiency use flat-bottomed cooking utensils. Keeping them covered prevents loss of heat and food flavors.
4. Keep your Gas Range clean! Wash it with soapy water to remove grease and grit. (This applies to cooking utensils too.)
5. Try economical meals such as "oven dinners" or "boiled dinners" that are all cooked at one time.

Remember—GAS, America's preferred cooking fuel, is also vital for war production. Do your part by using it well.

Sgt. Tanner Laine Is Soldiering With Gable At Miami Beach

Down at the Officer Candidate School in Miami Beach, Sgt. Tanner Laine and Corp. Clark Gable are in the same squadron.

At least that's the word from Laine, who is now in training for a commission in the Army Air Forces. Until he left for Miami Beach last fortnight, Sgt. Laine was a member of the public relations staff at Midland Army Flying School. Prior to that, he was sports editor of The Reporter-Telegram.

"Clark Gable drilled us the other day," Laine reported in his first dispatch from Miami Beach. "He's an all right guy, and the fellows here are convinced he will make the Air Force a valuable officer."

Laine reports that the regiment at the Officer Candidate School makes even traditional Army routine sound like a picnic. He's up before dawn and on the go until nearly midnight.

The result, Laine reports, is that he's 10 pounds lighter.

Cadets Take Flights In Altitude Chamber

SAN ANTONIO. (P)—Cadets at the San Antonio Aviation Cadet Center soon will be taken 38,000 feet into the air without leaving the ground.

"Flights" will be made in a high altitude chamber now being installed at the center.

Purpose of the chamber is to instruct cadets and fliers in the physiological principles related to high altitude operation and to familiarize them with equipment employed to improve their efficiency at high altitudes.

It will also aid in classifying flying personnel with regard to their ability to function effectively at high altitudes.

WILL PRODUCE ONLY NOURISHING FOODS

WASHINGTON. (P)—Further tightening of the farm labor supply situation as foreseen by Secretary of Agriculture Wickard, may necessitate government action to reduce, or omit entirely, the production of foods that require much labor and yet have little caloric value.

About one-third of the world's production of commercial arsenic comes from the United States.

Grandma's Right In Fashion... Shawls Are Back Again

By MARGUERITE YOUNG
NEW YORK — Everywhere that NEA Service Staff Writer ter, her scarf is pretty sure to go. Mary goes, this fuel-rationed winter shawl, her muffler, hood, or variations thereof, are offered, some of them all-duty items expected to be worn around the clock, others very fragile and delicate for evening. The idea looks BIG, in every type of costume from campus to formal dinner and dancing ensembles.

There's something typically American in the way the designers have gone to Europe for inspiration and then made free with it for elegance, for casual comfort.

Inspires Dress
Fira Benenson has a "bashlik dress" which takes its name from the artfully draped little thing—half cape, half hood—which just covers the shoulders... or the hair. This is a long black crepe evening dress.

The "bashlik," explains Miss Benenson, is a Don Cossack invention. Warriors wear it, usually white or beige wool, over the heads as hats or over their hats for extra warmth and swank, especially when gold brai dor a gold tassel is handy.

The haughty gold is omitted in Miss Benenson's bashlik, however, and palleted scrolls in wing motif are used to create a graceful effect.

Wilson Poolmer uses a simple triangle of gray wool, edged with mink tails, to make a dashing dinner dress. The dress is gray wool, straight and slender. One point of the triangular scarf hangs to the right while the others are tied on the left shoulder.

Coped For Scarves
When it comes to sports and daytime clothes, the scarf or shawl grows and grows, whether it's part of the dress, or an accessory for use with many dresses.

One house has a rectangular wool scarf—22 inches wide, 72 inches long. This is the Eton muffler, which the boys wrap twice around their necks, and twist down front, and tie around their waist. It has been adapted for American women

Prospect Of Fuel-Scarce Winter

These scarves are a fetching campus version of the "extra-warmth" trend of new fall and winter clothes. The patchwork print, left, is spun rayon challis with wool fringe. The oversized square which is worn as a hood, at right, is plenty big enough to cover the shoulders in dormitory or classroom. Designed by Glensder.

who grow chilly in the living room or who want to really wrap themselves for the campus or the outdoor defense post.

Plaids, stripes and checks are used some of them bright as orange green can be, others quieted by gray and brown tones in the mixed, tweedy fabrics.

Buyers report Americans are choosing those long, muffler-like shawls for general street wear. British women already wear them widely, usually RAF-style—that is, folded in two and wound around the neck, the ends pulled through the loop and tossed backward across the shoulders.

Oversized squares and drawstring-triangles are a campus fad, quite strong at the moment. Rayon and wool mixtures, spun rayon (twill), some cotton-and-rayon fabrics make the "babushkas." They're 36 inches square, and they're worn either tied under the chin exactly as the Russian "grandma" wears them, or tucked snugly around the shoulders like a Puritan collar.

The drawstring idea is a little

Lends Point To Wrap-Up Revival

Great 36-inch square scarfs like this are going over big on co-ed campuses. It is of spun rayon twill with an all-around border of thick wool fringe in contrasting color.

more complicated—the string ties around the neck to form a hood, ties around the shoulders to form a shawl—and the effect is similar to that of the true "babushkas."

New materials: a rayon-and-wool and mohair knit, very fine and light and warm, which looks

Mrs. Noyes Is New President American Legion Auxiliary

Mrs. Iva M. Noyes was installed as president of the American Legion Auxiliary at its meeting Thursday night at the courthouse.

Other officers are Mmes. Hal Peck, first vice-president; Carl Smith, second vice-president; Sylvia Christian, secretary; Johnnie Doyle, treasurer; Fred Middleton, reporter; Vivian Steele, sergeant-at-arms; Della Hannafor, historian, and Dorcas Preston, chaplain.

Officers were installed by Miss Bertha King, president of the Auxiliary in Odessa. Seven other members of the Odessa unit were present.

C. V. (Cap) Lyman, Midland Legion post commander, addressed the Auxiliary. Mrs. Joe Mims sang two solos. Miss Alberta Smith presented two piano selections, and Ralph Utley, accompanied by Roy De Wolfe, played two cornet solos.

Following the business session an informal reception was held and refreshments were served.

Patricia Lou Baker Is Class Secretary

LUBBOCK.—Miss Patricia Lou Baker of Midland has been elected secretary of the junior class at Texas Technological College. Class meetings and elections followed a general convocation at which President Clifford B. Jones made his annual report on the school's progress.

Miss Baker, daughter of Mr. and Mrs. L. I. Baker, is a junior commercial art student, and a member of Las Chaparritas social organization.

AIR FORCE BUILDINGS IN WARD COUNTY FIELD

Announcement of additional buildings and facilities at an air force installation in Ward County, Texas, under \$100,000, was made Friday by Col. Stanley L. Scott, Dallas, western division engineer.
