# Food Chief Plans Large Land Army

WASHINGTON — (AP) — President Roosevelt said Friday that his new food administrator, Chester C. Davis, operating virtually an autonomous agency, would take up immediately the question of forming a land army to help turn out the nation's food supply.

At the same time, the chief executive told a press conference that 550,000 farm workers already had been deferred from military service and that Selective Service Director Lewis B. Hershey estimates that 3,000,000 additional people on the farms would be deferred this year.

In a lengthy discussion of farm problems, Mr. Roosevelt also said that the War Production Board has taken steps to insure a greater supply of farm machinery to \*those who till the land.

ALLIED HEADQUARTERS IN NORTH AFRICA-(AP)—Battering down fierce enemy resistance, Gen. Sir Bernard Montgomery's infantrymen have won new ground in the Mareth sector of the Southern Tunisian front, it was announced Friday.

The six-day-old struggle of the British Eighth Army to shatter the Mareth Line defenses apparently has not yet reached anything like a decision, but the counterblows mounted in midweek by Field Marshal Erwin Rome mel have fallen off.

Americans from the command of Lieut. Gen. George S. Patton Jr. repulsed a minor German infantry attack at Djebel Berda, some 20 miles southeast of Gafsa, and held firmly to this mountain on the south side of El Guetaria pass. Another enemy :-

### Dues Are Root Of Labor Rows

Biggest stake in any dispute between two rival labor organizations over which shall represent and protect the workers is control over the dues. In these booming times when almost every workman has to join a union and pay dues before he can get a job, the take is important money and the root of much evil.

Take for example this Oregon shipbuilding case of Henry J. Kaiser's, hearings on which are scheduled to resume soon in Portland, before the National Labor Relations Board. The basis of the entire scrap is which union treasury will get dues of the 80,000 or more employes and this stuff about protecting rights of workers in free selection of representatives of their own choosing is just

The simple fact is that the A. F. of L. got there first, has waxed rich on dues collected, with the natural result that the G. I. O. merine and shiphvilder's union would that the C. I. O. marine and shipbuilder's union would like to see a piece of that change in its own coffers.

Principally, this is the story of Tommy Ray, of Brooklyn, who learned his trade in the east and then was had remained in the former Vichya tramp boilerman here, there and everywhere, moving controlled part of France after the from place to place.

He went eventually to the northwest, where he rose day to have been taken to Gerin the labor movement, became secretary and No. 1 man The United States legation here in the boilermaker's local. ### Police Holding Texas Divorcee After Shooting

TULSA, OKLA.—(AP)—A 44-year-old divorcee was held without charge Friday after Mrs. T. Karl Simmons, 55, widely known horsewoman, was shot to death during an altercation in a hotel room. Sheriff A. Garland Marrs said the divorcee, a resident of Fort Worth, was questioned Thursday night shortly after the shooting, and Assistant County Attorney M. S. Simms said she told him:

"I had checked into the Mayo Hotel Wednesday night. I was in Tulsa on business. Tonight I heard a rap on the door and when I asked who was there, a woman answered, 'telegram.' I opened the door and Mrs. Simmons was standing there with a gun in her hand.

Dies Instantly
"She said, 'I am going to kill
you!" I made a grab for the gun and it went off twice. Then we struggled over the gun and the next thing I knew she fell to the floor and I could see she was shot."

Mrs. Simmons died almost instantly. There were three bullet holes, one through her heart, another through her shoulder and one in her hand. Near where her body sprawled in a corner were two more bullet holes in the wall.

Mrs. Simmons' husband, a wealthy, independent oil operator,

House Committee

The bill, by Rep. Harley Sadler of Sweetwater, was shunted to the subgroup by the House oil, gas and mining committee after proponents claimed it would reduce selective buying and opponents declared it might force some purchasers to take more crude than they could dispose of or pay for.

Opposing the bill was Clint C Small, representing the Humble Oil and Refining Company who assert-ed it would be detrimental to small producers and refiners as well as

"You not only require a man to buy something he doesn't want but you compel him to buy it whether or not he has the money to pay for it." Small said

Sadler made the argument that his bill would require purchasers to take the amount of oil they certified a need for—the basis on which the Railroad Commission makes allowables.

They included city and state officials—even the governors of three states had come to Phoenix for the soaring carnival, and all the people were doubly interested in the air train project. They included technicians, weather men, reporters, newsreel people, committees for this and that. While Captain Carr handled the technical aspects of the train planning, it was Pat who handled all the civilian "front." And she did so without really knowing it. Because her mind was on what Ed Bryan had said.

That had meant, plainly, that Pat herself had a chance to win Jimmy's love. In spite of Loraine Stuart who was already engaged to him.

Unfounded as that hope was, it held power in Pat's mind, and she looked eagerly for the time when she should be with Jimmy again. That pleasure came when Ed Bryan, as planned, brought Jimmy and Loraine to join Pat for lunch. The four of them would go Jimmy and Loraine to Join Pat for lunch. The four of them would go to the Sky Harbor cafe. And that's where 12 o'clock found them.
