Now, to complete the story, I should be able to say that Sobel took the first seven tricks, but that 'ain't the way I heerd it." Upon completion of the bidding, East led out of turn! Thus Cain was able to call for a heart lead and cashed the first eleven tricks, making three no trump doubled and redoubled, with two over-tricks.

That's the rule! If the wrong opponent leads the declarer can either treat the card led in error as a penalty card, or he can tell the player to pick it up, and call for the lead of any specified suit by the proper leader.
