

# LAMPEDUSA ISLE SURRENDERS

## Duesseldorf Feels Biggest RAF Raid

LONDON — (AP) — RAF bombers struck at Germany Saturday night, it was reported authoritatively early Sunday, renewing the assault after Duesseldorf and other German arms centers had been pounded the night before by the greatest air fleet ever assembled.

LONDON — (P) — Hundreds of British bombers, forming the mightiest air fleet ever assembled, dealt Duesseldorf a crushing blow Friday night with an hour-long assault which spread also over other German armament centers of the Ruhr and Rhineland.

While the RAF announced neither the total number of raiders nor the tonnage of bombs, the formation was said to be the greatest fleet of heavy bombers in history. Its striking power was believed to exceed that of the 1,250 RAF large, medium and light bombers which attacked Cologne the night of May 30, 1942, and the weight of bombs undoubtedly surpassed the 2,000 tons dumped on Dortmund last May 23.

## Coal Strike Threat Dims

WASHINGTON — (P) — The threat of a new coal strike largely disappeared Saturday after the miners' first announcement that the lines would be tested, seven days later.

Other striking groups indicated they would return. At the United Mine Workers' headquarters here, a spokesman said he thought the matter was ended.

The Central Pennsylvania Coal Producers Association said operators affiliated with it had agreed to refund any fines already deducted and to rescind orders for further deductions, if Ickes raised no objections.

The UMW spokesman said union headquarters was taking no action.

## Nation To Observe Flag Day Monday

Monday, Flag Day, will find the Stars and Stripes flying throughout the country on its 166th birthday, representing more than at any time in the history of the United States a symbol of the "land of the free and the home of the brave."

But this year Monday will be more than Flag Day. It also is United Nations Day. Today the Allies are closely united in a struggle which seeks to maintain the things for which the American flag stands.

During the last 18 months the Stars and Stripes have been carried to all parts of the world by fighting men who are endeavoring to preserve the American way of life. Americans for 166 years have looked up to it as the rallying point of patriotism and a symbol of national unity.

Floating from the lofty pinnacle of American idealism, the flag is an emblem of enduring hope. It gives assurance of justice and liberty to those who are Americans by birth and by adoption. It is the revered banner of an assemblage of free people.

It has been the custom of Americans in recent years to observe June 14 as Flag Day. Everyone is urged to display the Stars and Stripes Monday in solemn testimony that the nation-long rights of life, liberty and pursuit of happiness, still menaced by the domineering forces of brute strength and tyranny, shall never be overthrown.

## Posse On Trail Of Two Escaped Nazis

SAN ANTONIO — (P) — R. C. Suran special agent in charge of the Federal Bureau of Investigation office here, said Saturday a posse of several hundred peace officers using bloodhounds was believed to be on the trail of two German prisoners of war reported seen near Florence in Williamson County Friday night.

The two fugitives were Inwig Jung and Harry Stallejean.

## MEDICAL OFFICER NAMED

DALLAS — (P) — Dr. Ozro T. Woods of Dallas has accepted the post of medical officer for the eighth civilian defense region, civilian defense officials said Saturday.

## Victory Bridge

Engineer battalion at Ft. Leonard Wood, Mo., built this cable-supported toggle bridge in a matter of minutes. "V" shape is practical as well as symbolic. (Signal Corps photo.)

## Nation Reports Wild Rushes To Purchase Shoes

By The Associated Press  
The biggest shoe buying wave in American history was on Saturday with everybody and his brother, wife and the youngsters apparently out to use ration stamp No. 17 before it expires.

Some dealers said the buying approached a stampede and looked for it to become that Monday and Tuesday, the last shipping days before the coupon becomes void.

A survey of major cities indicated shoe stocks rapidly were being depleted, but customers were described as being ready, for the most part, to take almost any kind of footwear regardless of style.

In Washington, meantime, the Office of Price Administration announced that stamp No. 13 (in the coffee-sugar book) which may be used in purchasing shoes beginning Wednesday, will be valid through October 31.

This means the stamp will last for four and one-half months—11 days longer than stamp 17.

A Chicago shoeman, executive of a company operating nationally, asserted that more shoes would be sold in the seven days preceding June 15 than during any comparable period in the country's history. He also said that sport shoes were "cleaned out" the country over.

A company operating 14 stores in Chicago said it had more business than it could take care of.

## MEXICO TO LIFT DUTY ON CONSTRUCTION MATERIAL

MEXICO CITY — (P) — The communications ministry announced Saturday it had asked the finance ministry to issue immediate orders permitting the Southern Pacific railroad of Mexico to import construction material free of duty.

## Reds Blast Nazi Bases

LONDON — (P) — Red Army airmen poured more than 600 tons of bombs on German airdromes Friday night in a powerful new blow upon the Nazi air fleet, the traditional spearpoint of German attack. Moscow announced early Sunday, and smashed back three enemy ground attacks Saturday.

"Large formations" of Russian long-range aircraft showered the Nazi airdromes with explosive and incendiary bombs Friday night and early Saturday morning the Moscow radio announced, in a quick follow-up to the record, 700-plane raid against similar targets Thursday night.

More than 600 tons of bombs were "dropped on packed enemy planes, hangars, fuel and ammunition dumps," said the broadcast recorded by The Associated Press, and "a great number of enemy aircraft were destroyed or damaged." Russian losses were put at 2 planes compared with 19 the night before when 150 enemy planes were reported wrecked.

Three German infantry attacks Saturday in the Rostov and Lisichansk areas were beaten back with heavy losses to the enemy, the Soviet midnight communique said, with the strongest attack launched west of Rostov.

## Attacks Beaten

A German broadcast declared that the Russians had launched repeated infantry attacks northeast of Orel on a broad front, breaching the "main German line in some places." But the Russians were "thrown out in immediate counter thrusts in hand to hand fighting and suffered heavy losses in dead, wounded and prisoners," the radio said.

The Russian communique did not mention this area.

West of Rostov two German battalions — perhaps 1,500 men — "launched several attacks one after another," said the Moscow communique recorded by the Soviet monitor, but Russian troops "with well-aimed fire threw back the enemy to their initial positions. The enemy left many dead on the battlefield," and two Nazi tanks were destroyed.

## Two Alternate WLB Members Appointed

DALLAS — (P) — Two alternate members have been appointed to the Eighth Regional War Labor Board, officials of the National War Labor Board Saturday informed Regional Chairman Floyd McGown.

The new members are Garland R. Farmer, owner and editor of The Henderson Times, and Wade Hartwick, instructor in the school of business administration of the University of Texas.

## Italian Island Falls

Lampedusa, Italian outpost in the Mediterranean, surrendered to British forces Saturday after a terrific aerial pounding by Allied aircraft.

## Anti-Strike Bill Is Approved By Senate

WASHINGTON — (P) — Congress stamped its final approval Saturday on legislation to outlaw strikes in government-operated war industries and to curb walkouts in privately-controlled plants.

Denounced by its opponents as a bill intended to "crucify labor," the bristling Connally-Harness measure won 55 to 22 approval of the Senate on adoption of a conference report composing previous differences between the two houses. The House had passed the measure 219 to 129 Friday.

The bill authorizes government seizure of strike-threatened war plants and prescribes delaying regulations before walkouts can be called in facilities not taken over.

It now goes to the White House where President Roosevelt must decide whether the legislation shall become law. There have been indications that parts of the legislation, at least, have White House approval.

Senate passage came after more than eight hours of debate, three of which were consumed by Senator Anger (R-ND) discussing political controversies.

Thirty Democrats and 25 Republicans favored the measure while 16 Democrats, Republicans and a Progressive voted against it. (Texas) Senators Connally and O'Daniel voted for the bill. New Mexico's Chavez and Hatch did likewise.

Admittedly aimed directly at providing new machinery to deal with the coal wage dispute, the measure clothes the War Labor Board with statutory power to settle all labor controversies in war industries and gives it the subpoena power it thus far has lacked to compel President John L. Lewis of the United Mine Workers to submit to its arbitration efforts.

The bill authorizes government seizure of mines or plants where labor troubles threaten or bring about interruption and bars strikes in such instances. Labor conditions there are frozen, except that changes may be made by mutual agreement between workers and the employer or by WLB order.

In plants where the government does not choose to step in, workers may strike only after they have given 30-day notice and only if a majority is favored by a majority of employees on a secret ballot. Any violation of this provision subjects the offender to civil damage suit.

## Third Loan Drive Starts September 9

KINGSTON, N. Y. — (P) — Assisting individual investors may have to contribute about twice as much the remainder of this year as the seven billion dollars in bonds so far recorded, unless the government gets more from taxes, Secretary of Treasury Morgenthau announced Saturday the third war loan drive will start Sept. 9.

"It will aim at raising the largest amount of money from individuals in the history of the world," he told a Hudson River Valley audience.

At the same time the secretary said "From now on we're planning and attacking and I fervently hope that we can continue to work out financing plans together and keep them on a voluntary basis."

## COMPANY TO PRODUCE SIKORSKY HELICOPTERS

DETROIT — (P) — Nash-Kelvinator Corporation announced Saturday it has completed arrangements with the United States Army Air Forces for quantity production of Sikorsky helicopters.

## Italian Garrison Gives Up Struggle

AN ADVANCED ALLIED AIR BASE IN NORTH AFRICA — (AP) — The Italian fortress island of Lampedusa surrendered Saturday to a sergeant pilot of the Royal Air Force who landed his amphibious plane at the airport during the Allied bombardment after being forced down on a flight from Malta.

The Italians came running out, waving white flags and crying:

"Can you stop it?"

Instead of trying to stop it, the sergeant, named Cohen, was forced to join the Italians in a foxhole shelter where he was kept for

two hours by the continuous heavy bombing.

"The bombardment was terrific," he reported. "The island shook from end to end." Island Pounded

During a lull in the afternoon Cohen found that the vibration of the explosions apparently had jarred his plane's engine back into flying order.

He then took off—undeterred by the lonesome Italians—and landed safely at a Tunisian field.

The surrender of the tiny island, second Italian stronghold of the Mediterranean to succumb to Allied air power in two days, came late Saturday after heavy smashes by light and medium bombers laid waste one-third of the town of Lampedusa and the harbor area.

The little island is regarded as being of such slight importance by cartographers that they leave it off most maps. It had less strategic importance than Pantelleria and its capture is more of a blow to Italian pride than a help to the Allied war effort.

Merchant Ship Hit

However, its loss robs the Axis of one more spot at which to check the movement of Allied convoys. Within an hour after Pantelleria yielded at 11:40 a. m. Friday, Lampedusa became Mediterranean target No. 1 for the American and British precision bomb-throwers.

In the first raid they hit a large merchant ship in the harbor and several small boats believed to be barges.

The tactical air force sent groups of light bombers and raiders over the pinpoint island during the day before the defenders reached the limit of physical endurance.

Shortly after the white flag was flown, the British navy sent a landing party ashore to seal the conquest.

Garrison Helpless

Weaving a pattern of devastation, the American airmen walked their bombs near the waterline across the island's harbor and peninsula, destroying docks, barracks, gun positions and buildings.

Plumes and smoke spouted like a field of cabbages and a pall spread over the entire end of the little island.

Several pilots reported they saw absolutely no signs of flak and the small island garrison was completely helpless under this hammering from the skies. With no German air force to save them, the defenders had to buckle under after less than two days of bombings.

## NEW CRUISER HOUSTON TO BE LAUNCHED JUNE 19

NEWPORT NEWS, Va. — (P) — The cruiser Houston, named after the cruiser which was lost last year in the battle of the Java Sea, will be launched June 19 at the Newport News Shipbuilding & Dry Dock Company plant.

## WEATHER

Little temperature change.

## War Bulletins

LONDON — (AP) — Several German fighter-bombers attacked the London area early Sunday in a brief hit-and-run raid in which a few persons were injured and some houses were damaged.

ANKARA, TURKEY — (AP) — Admiral Sir John Cunningham, new commander in chief of the British in the Levant, arrived by plane Saturday from Cairo for conferences with the Turkish high command.

LONDON — (AP) — The Algiers radio reported Saturday night that 30 enemy planes attempted to attack an Allied landing force after Lampedusa surrendered but were driven off.

LONDON — (AP) — The Algiers radio said in a broadcast recorded Saturday night by Reuters that Admiral Rene Platon, secretary of state in the Vichy government, had been arrested by the Germans.

## Jap Cargo Ship Is Hit

ALLIED HEADQUARTERS IN AUSTRALIA — (AP) — A Liberators damaged a 2,000 ton Japanese cargo ship Saturday off Kaimana, Dutch New Guinea, the high command announced in Sunday's noon communique.

Long range fighters destroyed six Japanese floatplanes at their moorings in an attack on the Arde Islands. Two others were damaged and one was shot down trying to intercept the Allied raiders.

Four Allied raiders over Madang, New Guinea, were swarmed upon by 20 Zeros but fought them off, downing one.

## Two Submarines Reported Lost By Navy Department

WASHINGTON — (P) — The United States submarines Amberjack and Grampus, carrying an estimated 60 men each, have failed to return from patrol operations and "must be presumed to be lost," the Navy announced Saturday.

The location of the last patrols was not given by the Navy, but since most American submarine operations are in the Pacific these two ships were presumed to have been lost in that area.

Both Chiefs Honored

The complement of each submarine was estimated, as naval spokesmen said they were unable to state the exact number of officers and enlisted men aboard.

The commanding officer of the Amberjack was Lt. Commander John Archibald Bole, Jr., 37, of Wallkill, N. Y.

The commanding officer of the Grampus was listed as Lt. Commander John Rich Craig, 36, of Jacksonville, Fla.

Both Bole and Craig had received Navy crosses for successful and heroic combat actions in their commands against the Japanese.

Including Saturday announced losses the Navy has now reported as lost a total of 98 vessels in this war, including seven submarines. In addition, the submarine S-28 was lost by accident off the Panama Canal last summer.

The 98 vessels include 74 sunk, 15 overdue and presumed lost, and nine destroyed to prevent capture.

American submarines, for their own losses, have run up a formidable score in their campaign of attrition against Japanese shipping. The Navy has reported to date 169 enemy ships sunk in the Pacific by American subs, 27 probably sunk and 44 damaged.

## Government Worker, Former Odessa Man, Officially Is Dead

ODESSA — (P) — For months Richard L. Milton, formerly of Odessa, tried unsuccessfully to join the Air Corps.

When Milton's father died in Oklahoma a mistake was made in filling out the death certificate and Richard's name was placed on it. That makes him officially dead, and he can't prove to the Army that he is officially alive.

Recently Milton accepted a job with the Office of Civilian Defense in Washington.

### Four Teams May Drop Out Of Pro Football League

CHICAGO —(P)— In seven days Prof. Elmer Layden will assemble his National Football League owners' class and the expectation is that only four cries of "present" will greet the commissioner, with four of the other five responding "that weak 'I-don't-feel-like-cool-today" tone.

#### Chicago Loses Coaches

The seasons next Saturday and Sunday theoretically are for the purpose of adopting one of two playing schedules prepared by Layden, an assignment he was given in April when Cleveland's sudden departure from the 10-team circuit made the previously-mapped cards useless.

Moreover the owners are to draft collegians graduating between June and October, but this is being done only to avoid later confusion on unselected players.

### Athletics Walloped 14 To 5 By Yankees

PHILADELPHIA —(P)— The New York Yankees pounded three pitchers for 18 hits Saturday and walloped the Philadelphia Athletics 14 to 5, scoring eight runs in the second inning alone.

The score: R H E New York 10 32 300 10-14 18 1 Philadelphia 310 000 100-5 8 5 Donald, Sears and Hemsley; Black, Clyde, Kuczycki, Swift and Wagner.

Washington	25	20	.556
Chicago	19	19	.500
Detroit	21	21	.500
Philadelphia	22	24	.478
Boston	22	24	.478
Cleveland	20	25	.444
St. Louis	16	23	.410

#### SATURDAY GAMES

**American League**  
 New York 14, Philadelphia 5  
 Washington 1, Boston 0  
 St. Louis 7, Cleveland 6 (11 innings)  
 Chicago 3, Detroit 5

**National League**  
 Philadelphia 3-4, New York 2-3  
 Boston 2, Brooklyn 1  
 Cincinnati 6, Chicago 5 (11 innings)  
 Pittsburgh 0, St. Louis 1

**BOBO'S BLAZING 'EM**  
**BROOKLYN**—(P)— Bobo Newsum is amazing National League batters this year with a brand of speed he hasn't shown in several seasons.

### Navy Football At Athens Pre-Flight May Not Be Tough

ATHENS, Ga. —(P)— Navy football, as played by the Athens Pre-Flight School, won't be so tough next fall.

Capt. C. E. Smith, USN, commanding officer of the school and long-time football fan, disclosed a little sadly Saturday that the big-name stars of last November have gone to war, even as the collegiate opponents they played. And next fall, he added, only cadets will participate in a restricted, regional varsity campaign.

Last season the star-studded Skyrocket eleven swept through its schedule with only one defeat, climaxing its performance with an impressive 35-19 victory over Alabama.

Of the 11 men who started the final game against Alabama, only two still are at the station. Wingback Bob Foxx, former Tennessee star, in training to become a Navy flying instructor, and Tailback Billy Patterson of Baylor, are at the air station here.

End Jim Poole of Mississippi and Guard Quinton Lumpkin of Georgia now are based outside the United States. Center Ken Whitlow of Rice and Blocking Back Ed Hickerson of Alabama are on sea duty.

Tackle Ernie Blandin of Tulane is assigned to the Navy Flight Preparatory School, Middletown, Conn.; Guard Bob Suftridge of Tennessee is at a similar school, Charlottesville, Va.; Tackle Allie White, Texas Christian, is at the Naval Air Technical Training Center, Memphis; End Herschel (Red) Ramsey, Texas Tech, is at the Naval Air Station, St. Simons Island, Ga.; and Fullback Darrell Tully, East Texas State, is at the Naval Air Station, Dallas.

gether something that counted up to eleven.

Bible said he thought at least six members of the Southwest Conference would play football next fall. Baylor, he explained, is undecided.

**Two Games Cancelled**  
"All the others should carry on," Bible declared. "Each should have enough Army or Navy men, reserves and young players. This is the year when everybody possible should be playing and our athletic programs closely meshed with training programs of the armed forces. This will be no year for thinking of the caliber of the team, of championships or how much money comes in at the gate."

Texas has cancelled games with North Dakota and Oregon because of the travel involved. Longhorn football lettermen in the Marine reserves are due to be sent to some other school, probably Southwestern, are Jackie Field, Ken Matthews, Harold Collins, Les Procter, George Watkins, Harold Fischer and Jack Sasche.

#### JOHNNY'S LIGHTER NOW

**MONTREAL** —(P)—Pvt. Johnny Greco, Canada's lightweight title hope, is practically a featherweight now. He had his tonsils and adenoids removed recently.

### Swedish Runner Violates All Rules On Conditioning Sworn By In United States

HANOVER, N. H. —(P)— American students of running form decried of learning the secret of the incredible speed and stamina of Gunder Haegg, the Swedish holder of seven world records, should consult scientists.

Haegg violates almost all of the rules that govern the conditioning of tracksters in this country.

Although Haegg has broken every

important world record from 1,500 to 5,000 meters on an open track, he refuses to step on that type of surface for training purposes. His workouts consist of four mile jaunts through the woods and over grassy hills, as if he was training for a cross-country racing.

He insists that running such rugged courses enabled him to perfect his flawless strides, strengthened his amazingly swift legs and build up his stamina.

As far as Haegg will admit to his closest associates, Sig Steinwall, former Dartmouth ski coach who serves as his masseur, and Axel Nordquist, who represents the A.A.U. here, he is a self-coached runner.

### Greenberg Defends Clay Courts Title In Net Tournament

DETROIT —(P)— Seymour Greenberg, the little left-hander from Chicago who ranks seventh nationally, will endeavor to become the fourth player to defend successfully the national clay court championship when he puts his title on the line in the seven-day tournament that opens Monday at the Detroit Tennis Club.

Greenberg, one-time Western Conference champion from Northwestern University who captured the 1942 clay courts crown at St. Louis, obviously doesn't belong in the same league with Big Bill Tilden, Bitsy Grant and Bobby Riggs. Yet if he wins the 22-year-old Greenberg will complete a foursome of champions who didn't fold under pressure.

Curiously, Greenberg is seeded second in the 33rd annual tournament that is streamlined to top standards. The top seed goes to Billy Talbert of Cincinnati, the nation's No. 4 player, who bowed to Greenberg in last year's semifinals. James Evert of Chicago and Earl Cohell of Los Angeles, third and fourth, are the only other seeded entries in the men's division.

### Reds Take Overtime Encounter With Cubs

CHICAGO —(P)— Lonnie Frey's single cashed Eddie Miller's fifth straight hit Saturday with the 11th inning run that gave the Cincinnati Reds a 6 to 5 overtime victory over the Chicago Cubs. Frank McCormick homered for the Reds in the tenth, in which the Cubs also scored a run. Lou Novikoff drove in three Chicago runs and scored a fourth with a single and triple.

The score: R H E Cincinnati 000 001 003 11-6 14 3 Chicago 000 100 030 10-5 11 0 Vander Meer, Huesser, Shoun, Mueller and DePhillips; Derringer, Prim, Wyse, Hernandez and McCullough.

### Tigers Upset Chisox After Higgins Homer

DETROIT —(P)— Pinky Higgins' homer sparked a two-run eighth inning Detroit rally Saturday as the Tigers edged out the Chicago White Sox, 5 to 3. Hal White pitched a three hitter for the Tigers to best Lefty Thornton Lee and boost Detroit into a tie with Chicago for third place.

The score: R H E Chicago 010 010 100-3 3 1 Detroit 010 020 02x-5 5 4 Lee and Tresh; White and Richards.

#### IRISH WEAK IN FENCING

**NOTRE DAME, IND.**—(P)— Notre Dame had winning teams this year in every sport but fencing. The swordsmen won only two matches while losing four.

#### THEN HE STARTED

**NEW YORK**—(P)—Ernie Lombardi, the National League's 1942 batting champ while a member of the Boston Braves, failed to get a hit in his first 10 trips to the plate for the Giants.

### Big League Lingo

### Braves Score 2 To 1 Victory Over Bums

BROOKLYN —(P)— Tommy Holmes' eighth inning homer broke a tie and gave the Boston Braves a 2 to 1 victory over the Dodgers Saturday as Charley Barrett pitched a five-hitter for his third win of the year.

The score: R H E Brooklyn 000 100 010-2 8 1 Boston 000 100 000-1 5 1 Barrett and Poland; Davis and Owen.

### Armstrong Decisions Angot In Ten Rounds

NEW YORK —(P)— Henry Armstrong came ripping down the stretch of ten of the fiercest rounds Madison Square Garden has ever seen Friday night to squeak through with a decision over Sammy Angott before a near capacity crowd. Armstrong weighed 140 3-4; Angott 138 1-4.

The score: R H E Al Singer, former lightweight boxing champion, is a private in the army at Camp Murphy, Fla., where he teaches boxing.

### Southern California Captures Annual NCAA Track, Field Championship

EVANSTON, ILL. —(P)—Southern California, voted least likely to succeed, won the National Collegiate Athletic Association's "Ghost" track and field championship Saturday—for the ninth consecutive year.

Thus the Trojans, whose track prowess at long last was judged to be extinct when it came time to dope this 22nd annual collegiate affair, had something in common with the N.C.A.A. meet, which too was supposed to be "dead for the duration" but came back to put on a show comparable with those of peace days.

#### 46 Points Win

Southern California scored 46 points, the lowest winning quota since Illinois squeezed out a title on 17 7/10 in 1927. Last year the Trojans piled up the colossal sum of 85 1/2 points.

California, aided by Hal Davis' double victory in the sprints—his second in two years—finished second with 39 points. Rice Institute, uncorking the meet's only other double champ in Hurdler William Cummins, was third with 36 points and New York University, favored after Friday's qualifying round, was fourth with 32 points.

Other high tally makers were Minnesota with 31, Nebraska with 19, Illinois with 18, Washington with 17, and Texas, Lawrence and Michigan tied with 16 apiece.

#### No Records Fall

A crowd estimated at 6,000 poured into Northwestern University's Dyche stadium to witness the Trojans in their 12th N.C.A.A. win

in the last 18 years. They saw no records but plenty of action. Rice had the day's leading quota of first places with three on Cummins' 14.6 second performance in the high hurdles and 23.9 second time in the low hurdles, and Billy Christopher's winning 24 foot 7 1-4 inch broad jump.

California, of course, took two firsts, on Davis' 10-second century and 21.4 second 220 sprint. No other school took more than one first. Thirty-two institutions in all took part in the scoring.

### Browns Eke Out Win Over Tribe

CLEVELAND —(P)— The St. Louis Browns scored a winning eleventh inning run Saturday to win a weird ball game from the Cleveland Indians 7 to 6. Cleveland had a shortstop behind the plate and a pitcher playing shortstop, as a total of 18 Tribesmen saw action. It was the first time since his college days that Manager Lou Boudreau had donned the catcher's mask.

The score: R H E St. Louis 400 100 001 01-7 9 2 Cleveland 200 003 001 00-6 13 1 Hollingsworth, Caster and Ferrell; Salveson, Dean, Poat, Nayck, Reynolds, Rosar and Desautels.

## We Pledge Allegiance . . .

Thirteen alternating stripes of red and white . . . and forty-eight white stars, in a blue field. That's our flag; made of the cloth of courage in the colors of freedom, and honor. Surely now, more than ever, we revere it. We have all been sharply awakened to the true glory of our nation and of our flag. Let us all proudly fly our colors, and re-pledge our allegiance, this Flag Day, 1943.

# Westbrook Pool Gets 9,000-Foot Wildcat Test

## Anderson-Prichard Stakes Well In Birthplace Of West Texas Industry

**By Frank Gardner, Oil Editor**  
Anderson-Prichard Oil Corporation of Tulsa has staked location for a 9,000-foot Ordovician test in the middle of the 23-year old Westbrook pool in Northwestern Mitchell County, scene of the first commercial oil production in West Texas.

It is the No. 1 H. C. Miller in the NE NE NW section 22, block 28, township 1 north, T & P survey, only five feet from an abandoned shallow producer. Olson Drilling Company of Midland and Tulsa reportedly has been awarded contract to drill the well with rotary.

Walter R. Jarrett of Midland, West Texas-New Mexico division manager for Anderson-Prichard, in announcing the deep location Saturday said the project represents one of two separate deals made with the Standard Oil Company of Texas, original developer of the acreage.

### Also to Drill Shallow Wells

For drilling the Ordovician test, Anderson-Prichard will receive a one-half interest in rights to production below 3,500 feet under 12 sections held by Standard. The Oklahoma City firm also has outlined a drilling program calling for 32 shallow wells on the same 12 sections, which will be carried to the regular 3-150-foot pay horizon of the Westbrook pool. The shallow-drilling contract, however, contains a "release clause." Standard will receive a 1/16th override on production above 3,500 feet developed by Anderson-Prichard.

Rotary already is being rigged up at two of the new shallow tests, with Olson having been given contract on both jobs. The No. 1 W. G. Swenson et al is in the NE SE NE section 15, block 28, township 1 north, and the No. 1 TXL is in the NE NW SW section 33, same block and township.

Jarrett also announced the purchase by Anderson-Prichard of 10-year commercial leases on an additional 3,653 acres surrounding the 12-section block.

Other late developments, by counties:

### Andrews County

Union Oil Company of California No. 1 J. S. Biles, scheduled 7,400-foot wildcat test 4 3/4 miles northwest of the Fullerton deep Permian pool in Northwestern Andrews, is drilling at 5,103 feet in lime.

Eight and one-quarter miles west by southwest of the Fullerton pool, Magnolia Petroleum Company No. 1-20-38 B. B. Ralph estate is drilling unchanged at 7,296 feet in hard lime.

Skelly Oil Company No. 1-K-Union

### Crane County

Magnolia No. 2 P. J. Lea, deep test on the southeast edge of the Sand Hills Permian pool in Western Crane, is drilling at 6,435 feet in brown dolomite of the Simpson, middle Ordovician.

Magnolia No. 2 D. K. Glenn, southwest outpost to the Simpson discovery producer of the McKee pool in southwestern Crane, is drilling at 5,002 feet in Permian lime.

### Crocket County

Moore Exploration Company of Midland and Olson Oil Company of Midland and Tulsa No. A-2 H. M. Half estate, wildcat about one mile southwest of the Noelke pool in Western Crockett, is drilling at 1,230 feet in red beds. Elevation is 2,710 feet.

### Gaines County

Gulf Oil Corporation has abandoned the No. 1 P. H. Kottwitz et al, north Central Gaines wildcat eight miles northeast of Seminole, at total depth of 6,070 feet. The well was drilled as a closed operation but reportedly ran low on structure and showed sulphur water.

Mamolia and Atlantic No. 1-459 Havemyer & Jenny, one-half

## CONSTIPATION

FREE BOOK—On Chronic Ailments

The McCleary Clinic, HE615 Elms Blvd., Excelsior Springs, Mo., is putting out an up-to-the-minute 122-page book on Colon Disorders, Piles and Constipation and commonly associated chronic ailments. The book is illustrated with charts, diagrams and X-ray pictures of these ailments. Write today—a postcard will do—to the above address and this large book will be sent you FREE and postpaid.—Adv.

## To Visit Mexico

Jean B. Wallace, daughter of the vice president, shares her father's interest in Latin America and plans to visit Mexico after her graduation from Connecticut College at New London, where she is shown painting.

## Maljamar Leads New Mexico Oil Field Activity

**HOBS, N. M.**—Field activity this week in Southeast New Mexico was led by the Maljamar pool of Westbrook Lea County, which gained four new producers.

Maljamar Oil & Gas Company No. 2 Cheesman, C NW NW section 22-18s-32e, wildcat production prospect in Western Lea three miles southeast of the Maljamar pool, is testing after plugging back to 4,000 feet from total depth of 4,840 feet in sand to shut off salt water. It logged pay lime from 4,648 to 4,675 feet and had 2,000 feet of oil in the hole while drilling at 4,720 feet.

Two miles northeast of the Maljamar pool, C. T. McLaughlin of Midland and Cosden Petroleum Corporation of Big Spring No. 1-B Peas Miller, section 3-17s-32e, which made a natural flow of 540-barrels of oil per day through 2-inch tubing set at 3,900 feet. Oil tested 39 gravity and originates from lime pay at 4,290 to 4,270 feet, the total depth.

## Paul McHargue Will Address Retailers At Tuesday Meeting

Paul McHargue, president of the Midland Chamber of Commerce, will address the mass meeting of Midland retail merchants in the Crystal Ballroom of Hotel Scharbauer at 10 a. m., Tuesday, Clint Lackey, chairman of the retailers committee of the chamber of commerce, said Saturday.

Merchants attending the meeting will determine holidays to be observed during the year and will act on other matters of importance to retail interests of the city. Current problems affecting retailers and the possibility of staging a rodeo this year likely will be discussed.

**Plan War Stamp Drive**

Lackey said the meeting will be of importance and interest to all retail merchants. He urged every retail firm to have one or more representatives present. It will be the first general meeting for retailers this year.

Paul A. Nelson, chairman of the Retailers for Victory committee, will explain a proposed retailers campaign to promote the sale of War Stamps during July.

## Geological Section Of Library Is Doubled By Russell Lloyd Donation

The geological section of the Midland County Library virtually has been doubled in size by the donation of 750 volumes by E. Russell Lloyd, Midland consulting geologist. Mrs. Rosita Hollar, county librarian, announced Saturday.

Leonard C. Thomas is chairman of the library committee of the West Texas Geological Society, which for several years has maintained a special section in the library for geological publications.

The volumes donated by Lloyd include United States Geological Society Bulletins, Water Supply Papers and Professional Papers, many of which now are out of print.

In addition there are numerous geological periodicals, including volumes of the Journal of Geology, Economic Geology and the American Journal of Science. Lloyd also gave the library 25 to 30 bound volumes of the transactions of the American Institute of Mining and Metallurgical Engineers. Publications of the Oklahoma, Colorado and Kansas state geological surveys, as well as some Canadian Geological Survey issues, were included in his donation.

## Oil Workers Board Backs CIO Program

**FORT WORTH**—(AP)—The executive board of the Oil Workers International Union (CIO) meeting here Saturday wired President Philip Murray complete support of the program adopted by the CIO executive board May 14 at Cleveland.

Highlights are:

Affirmation of the CIO pledge there will be no stoppage of work.

Support of the CIO's position that executive order 9238 should correct the fact that the WLEB was deprived of its authority to make wage adjustments to eliminate gross inequities.

Support of the plan to stabilize prices and to roll back prices to the Sept. 15, 1942, level.

Calls on Congress to rescind its recent actions for imposing limitations on national income taxes on all persons to \$25,000 per year.

Opposes Ruml plan as "a windfall to higher paid minority and will result in a crop of war millionaires."

## Lightning Disables Telephones At Electra

**ELECTRA, TEX.**—(AP)—Fifty-six telephones here were disabled from a lightning bolt which struck during a 1.51-inch rain last Friday.

The rain was lighter in the Red River Valley north of here, while two inches fell to the west at Harrold.

## Operators To Talk Means To Cut Water In East Texas Area

**KILGORE**—(AP)—Methods of reducing the amount of water production in the East Texas field will be discussed at a meeting of operators in Austin Thursday, C. P. Porter of the Blackwell Oil and Gas Company disclosed Saturday.

Porter said the meeting would be held one day before the state-wide prorotation hearing in order that the operators might submit any conclusions to the Railroad Commission.

# Warnings Issued As Sabine River Continues Rise

By The Associated Press  
With East Texas oil wells flooded by the Sabine River, the weather bureau at Lake Charles, La., Saturday issued warnings for the protection of livestock and property from Panola County, Texas, southward for the next few days.

The river will rise rapidly in the Logansport, La., area the next two days and will continue to rise for the next six days, reaching a stage near 32 feet, the bureau reported.

Meanwhile, the Sabine will stand or fall slowly in the Grand Saline-Mincola-Gladewater region the next two or three days.

A rise in the river at Bon Wier, Tex., in Newton County, was predicted for the next two weeks.

**Trinity Crest Expected**

A. M. Hamrick, in charge of the Dallas weather bureau, said the Trinity was expected to reach a crest of 37 feet near Trinidad Saturday night. The river stood at 34.6 feet Saturday morning.

Hamrick quoted the Houston weather bureau as saying the Trinity reached 36.3 feet at Long Lake, and it would rise slowly but steadily from Long Lake southward to Riverdale, Walker County.

A crest of 27.5 feet was predicted late Saturday night by the Lake Charles bureau for the Sulphur River, at Naples, Morris County, Texas. Flood stage is 22 feet. The river had risen 4.3 feet the past 24 hours and stood at 27.1 feet Saturday morning.

## Wire Company Fined For Faulty Products

**FORT WAYNE, Ind.**—(AP)—Judge Thomas W. Slick Saturday fined the Anaconda Wire and Cable Company \$10,000 and costs for the alleged manufacture of defective wire and cable, a crime which it was charged resulted in a \$5,000,000 war contract fraud.

Five individuals also drew fines and three of them were given prison sentences, but Judge Slick said the terms would be suspended if the fines were paid. He allowed them 10 days in which to pay the fines.

## Death Sentence Is Handed Dallas Man

**DALLAS**—(AP)—Robert M. Pierson, 31, was given the death penalty Saturday by a criminal district court jury. He had been charged with murder in the killing of T. J. Vittrup, special officer.

Pierson faces the electric chair for the second time, having previously been sentenced to death for the same killing. The court of criminal appeals reversed the result of the first trial.

## U. S. Will Spend \$106,000,000,000 In Waging War This Year, OWI Says

**WASHINGTON**—(AP)—The United States will spend \$106,000,000,000 this year for war.

The vast scope of the American war effort was disclosed in a report on production progress in 1942 and prospects for 1943, made by the War Production Board chairman Donald M. Nelson, to President Roosevelt this spring and summarized Saturday night by the Office of War Information.

**Far Above 1942**

The 1943 program, Nelson reported, is 80 per cent greater than 1942's

\$59,000,000,000 total. It includes arms output, war construction and the paying, feeding and equipping of the armed forces. In his letter of transmittal Nelson told the commander-in-chief.

"The record certainly makes it clear that the American industrial system can be justifiably proud of an astonishing display of economic muscle."

OWI's condensation of the secret document omitted, for reasons of military security detailed new figures on production of weapons.

Highlighted in the report were: Recommendations that civilian manufacturing and much wholesaling be eliminated from critical labor shortage areas, to free workers for war plants.

**Leaner Days Ahead**

An urgent plea for planning the transition back to a peacetime economy after the war, lest the war effort be held back by wide-spread concern over postwar economy.

A warning that leaner days for civilians are just ahead. Civilian goods and services in the last three months of this year will be 20 per cent under the end of 1942, and inequalities of distribution will "aggravate the burden on consumers."

Actual war production "in most categories fell short of scheduled production throughout most of '42," Nelson said, because the goals were unrealistically high and for other reasons, but in the main production "met the requirements of our war strategy; and the prospects for 1943 are for a quantity and a quality of production that will realize to the full the tremendous potential of American industry."

## Meat Platter To Spend More Time On Shelves Soon

**WASHINGTON**—(AP)—The civilian meat platter may spend even more time on the cupboard shelf beginning next week.

Officials said the new food order can be expected to result in a smaller supply of steaks, roasts and other beefcuts for civilians. They would not estimate the decrease, however.

Since consumer rationing started in March, civilians had first call on the beef supply. Slaughterers were allowed to distribute among civilians an amount equivalent to 65 per cent of the quantity they distributed in the corresponding period in 1941.

Armed forces then took what was left. In announcing the new order, the Food Administration said the government had been unable to purchase adequate supplies of beef to meet urgent military requirements.

Saturday's order affects roughly three-quarters of the beef production, officials said. Unaffected is the production of non-federally inspected slaughterers.

## Effort To Take Away Convicts' Knives Is Started In Prisons

**HUNTSVILLE**—(AP)—A new effort has been inaugurated in the Texas prison system to eliminate possession of knives among convicts.

Hereafter, any convict caught with a knife in his possession, without authorization, will be placed in isolation for at least one year, and will forfeit all overtime and commutation credit.

## Population Of Prison System Is Declining

**HUNTSVILLE**—(AP)—If the population of the Texas prison system continues to decline, officials may have to do some "drafting" of their own if the system's vast industries and agricultural pursuits are kept up to par.

The decline which began with the outbreak of the war continued through May, with total population at the end of the month announced by H. E. Moore, chief of the bureau of records and identification, as 4,402. The figure is compared with 4,503 at the end of April and 5,605 a year ago.

## Governor Invites Food Investigation

**AUSTIN**—(AP)—Governor Coke Stevenson said Saturday he had written Food Administrator Chester Davis inviting him to send his special representative, M. Clifford Townsend, to Texas to investigate complaints that federal regulations are hampering food production.

Stevenson told an Austin delegation that if Townsend comes to Texas they would have an opportunity to interview him.

James Wallace, son of Mr. and Mrs. Irvin Wallace, who underwent a tonsillectomy at Western Clinic Hospital, has returned to his home.

## Slaughterers To Set Aside Part Of All Products

**DALLAS**—(AP)—In order to meet government requirements for beef livestock slaughterers operating under federal inspection will be required, beginning June 14, to set aside 45 per cent of all steer and heifer meat produced. L. J. Cappelman, regional director of Food Distribution Administration, said Saturday.

Deliveries of the reserved beef must be made in the form of boneless and carcass beef which meets Army specifications. The order applies to weekly production of beef but does not apply to inventories.

The requirement follows the terms of a general set-aside order issued last spring. The order, in effect for two weeks prior to the start of the meat rationing program, required these packers to set-aside 40 per cent of their production of steer and heifer beef; 80 per cent of canner and cutter grades of beef; 30 per cent of veal; 35 per cent of lamb and mutton and 45 per cent of their pork. This order was later suspended.

For some weeks the Army has been experiencing considerable difficulty in filling its requirements for beef, Cappelman said.

## BATISTA HAS OPERATION

**HAVANA**—(AP)—An official announcement Saturday said President Fulgencio Batista had undergone an operation and was resting well in a local hospital.

## UNIVERSITY CO-EDS WILL HAVE PLENTY OF ROOMS

**AUSTIN**—(AP)—Housing facilities for co-eds will be ample this fall despite contracts with the Navy to take over two women's dormitories, University of Texas authorities emphasized Saturday. The University has leased several fraternity houses for conversion into small dormitories for women students.

F. D. Spratt, who underwent a major operation recently, has returned to his home.

## Around Town

All railroad grade crossings in downtown Midland were blocked by freight cars for about 15 minutes Saturday afternoon when a locomotive which was pulling the long train got tired and gave up. Members of the train crew and the men around the depot gave it a look-see but the locomotive refused to go ahead on its schedule.

Finally, a troop train arrived and its locomotive pulled the freight train onto a siding until repairs could be made.

These are not dog days, but ask Mayor A. N. Hendrickson about his dog story. It is worth the chips.

It seems that the city's canine retriever picked up a pup which a Midland woman had befriended the night before. She had taken the dog to her home and fed it. The next day it was missing. She called the City Hall and found out the animal had been put in the pound by the dog catcher.

To the pound she went, paid the fee and got the dog. Then she thought, why should she pay the fee, she didn't own the dog. To the mayor she went with a plea for the dog. Her money was refunded, and she then had in her possession both the dog and the money.

That night the dog, failing to appreciate the woman who befriended him, did some plain and fancy howling. The woman then wasn't sure whether she wanted to keep the pet.

She believed perhaps that it belonged to the city anyhow since the fee had been refunded and she offered to bring the dog to the mayor.

He said the city only wanted the dog to have a proper home and that it did not wish to take charge of it if a good home could be found for the animal.

Round and round went the story, but the last we heard the woman still had both the dog and her money; the city had one less dog in its pound, and the mayor had solved, at least temporarily, the particular problem.

Abilene Evangelist Will Preach During Meeting At Church

Herbert L. Newman, pastor of the Church of Christ, North A and West Tennessee Streets, has announced that Evangelistic Homer Halley of Abilene will come here Tuesday to preach in the series of meetings now in progress at the church.

OVER-SUBSCRIBED

ODEM, TEX. (AP)—School children here based their war bond campaign on the theme of bonds for jeeps. They bought and sold enough bonds to purchase 31 jeeps.

Bob May of Colorado City was a visitor in Midland Saturday.

District Head

Mrs. D. R. Carter, district legislative chairman of Business and Professional Women's Clubs, is in Wichita Falls attending the conference of State Business and Professional Women's clubs.

Mrs. Carter And Miss Green Are Club Representatives At Meeting

Mrs. D. R. Carter, district chairman, and Miss Ophelia Green, president, of the Business and Professional Women's Club, are in Wichita Falls as delegates from the Midland club to the annual state conference of Business and Professional Women.

Pagoda Pool Has New Regulations

Mrs. J. Gordon Bird, Mrs. Richard Peters, Mrs. A. P. Lockamp, and Mrs. G. G. Galligan will be in charge of the swimming tests to begin Tuesday morning at the Pagoda Pool.

A simple swimming test will be given each girl entering the swimming pool so she may be classified as to ability and endurance in swimming. Colored bands are to be given on swimming ability and there will be various divisions of the pool, according to depth.

Miss Link Is Feted At Slumber Party And Breakfast Here

Miss Frances Ellen Link was honored with a lovely social courtesy Thursday night, when Mrs. Norman Goodman entertained with a slumber party. Guests were close friends of the bride-elect.

A delightful evening was spent, and on Friday morning a breakfast of attractive appointments was served. Present were: Misses Frances Smith, Jo Ann Proctor, Sue Sheppard, Elma Jean Noble, Mary Lee Snider, Emily Jane Lamar, Charlotte Kimsey, Patsy Griswold, Doris Pemberton, Nancy La Force, Kathryn Francis, and Ella Stewart of Strawn.

SGT. HEDGES WILL PREACH

Sgt. Charles B. Hedges will deliver a sermon at 3:15 Wednesday over KRLH. He also will have charge of the services of the Fundamental Baptist Church at 7:45 p. m. Wednesday.

Service League Does Red Cross Work

The Children's Service League met Friday afternoon with Mrs. John Hills, when the earlier hours were spent making surgical dressings for the Red Cross. Later in the afternoon members worked on the Red Cross scrapbook.

A social hour and refreshments featured. Those present were: Mesdames R. L. Blunden, Mrs. Fred Cassidy, Mrs. Walter Collins, Mrs. Cooper Hyde, Mrs. T. S. Jones, Mrs. Allen Leeper, and Mrs. Vaughan Mailey.

Mrs. Norman Going and small sons have returned to their home in Stillwater, Oklahoma, after a visit in the home of Mr. and Mrs. P. R. Pattison. Mrs. Going was accompanied home by her sister, Miss Dolores Jane Pattison, who will visit for several weeks in Stillwater.

The territorial flower of Alaska is the forget-me-not.

Heads Club

Miss Ophelia Green, president of the Business and Professional Women's club, is attending the annual conference of State Business and Professional Women's clubs in Wichita Falls.

Miss Zimmerman Married To Sergeant

The wedding of Miss Geraldine Zimmerman, daughter of Mr. and Mrs. James Wanish, of Milwaukee, Wis., and Sgt. Harold J. Droegkamp of the finance department of the MAAF Bombardier School, was celebrated Saturday with the Rev. W. R. Mann performing the ceremony.

Student Nurses May Obtain Scholarships

All student nurse applicants who desire to train for nursing should decide definitely on the school to be selected, and contact the director of nursing of the selected school.

If the director accepts her application and the student needs financial assistance, then the applicant must obtain a written statement from the director of nursing stating she has been accepted, and is eligible for admission before any scholarship can be granted.

These scholarships can be used in all accredited schools of nursing. Funds to cover part or all expenses during the three years can be obtained. A deserving student with no income whatever, may also obtain a small monthly allowance for personal expenses.

Clever Ideas Used In Pink-Blue Fete

Mrs. Thurman Pylant and Mrs. Bessie Pogue entertained delightfully Friday afternoon with a pink and blue shower, complimenting Mrs. Frank Flournoy in the home of Mrs. Pylant.

Guests upon arrival were requested to sign the guest book and also to write suggested masculine and feminine names. The living and dining rooms of the home were decorated with clusters of pink roses and hardy flocks.

The guest of honor was requested to follow two ribbons in pink and blue, which led to an infant buggy loaded with miscellaneous gifts brought by the guests.

A salad course was served at the close of the afternoon. Guests were Mesdames Eddie Frank Connor, W. A. Nolen, W. G. Flournoy, Charles Patterson, James Adamson, Jos. Howze, Billie Gilbert, Floyd Pace, Chilton Hobbs, Hoyt Burris, T. R. Shelburne, Tom Carr, J. Wray Campbell, J. P. McIldowney, Charles Galbraith, Pat Merrieman, Tot Watlington, Wimberley, and Miss Pauline Hester.

Boyle-Tarvin Vows Exchanged Here

Announcement is made of the marriage of Miss Jean Boyle, and S/Sgt. Mason Tarvin of the Rattlesnake Bomber Base at Pyote.

The wedding took place Thursday evening in the First Baptist Church parsonage with the Rev. Vernon Yearby performing the ceremony. The young couple was unattended.

A dinner of attractive appointments was served in the Governor's suits at the Scharbauer Hotel, following the ceremony, where covers were laid for eight.

C. B. Dunagan is spending a fortnight in Dallas as guest of his daughter, Mrs. Zeb Williams.

Series Of Fetes Continue For Attractive June Bride-Elect

Outstanding among the series of social courtesies given in honor of Miss Frances Ellen Link, bride-elect of Lt. John Alfred Matthews, was the afternoon tea and miscellaneous shower given by Mrs. P. F. Bridgewater, Mrs. R. E. Kimsey, Mrs. Sam Preston, Miss Charlotte Kimsey and Miss Emily Lamar Thursday afternoon from 4 to 6 in the home of Mrs. Kimsey, 723 West Storey.

A white and green decorative plan was used throughout the interior of the home with quantities of Shasta daisies and gladiolus being in evidence.

Miss Sarah Lew Link, sister of the bride, greeted guests at the door. Her flowers were a corsage of white carnations. Miss Charlotte Kimsey, Miss Emily Lamar and the bride-elect formed the receiving line, and the flowers of each also were corsages of white carnations.

Miss Doris Lynn Pemberton was at the piano, providing music throughout the hours. Miss Joan Proctor gave several voice numbers with Miss Pemberton as accompanist.

In the dining room the table was laid with white Italian cut work cloth, and clusters of white feverfew and ferns encircled the crystal punch bowl. Mrs. L. E. Stewart presided over the punch-bowl during the first hour, and Mrs. V. C. Maley during the second hour.

Miss Maxine Stewart and Miss Ella Stewart of Strawn, house guest of the bride-elect, assisted in receiving the guests.

Gifts brought by the guests for the bride-elect were on display in the den.

Approximately 100 guests called during receiving hours.

Social Interest Centers In June Brides-Elect

Brides-elect and June weddings continue to hold the spotlight on the social stages in the Midland. The past week has seen a round of entertainments for Miss Fredda Fae Turner, bride-elect of Lt. Lynn D. Durham, and for Miss Frances Ellen Link who will be married to Lt. John Alfred Matthews, both weddings will be June 26.

Another wedding to be celebrated this week will be that of Miss Eleanor Wood, daughter of Mr. and Mrs. O. L. Wood of Artesia, New Mexico, and W. B. Simpson, Jr., of Baltimore, Md., son of Mr. and Mrs. W. B. Simpson of Waller, Texas.

The wedding will take place Tuesday evening in the First Presbyterian church, with the Rev. Hubert H. Hopper officiating.

A reception honoring the bride and groom will be held immediately after the ceremony in the home of Mr. and Mrs. J. L. Green at 705 West Louisiana.

Mr. and Mrs. Simpson and Mr. and Mrs. Wood are in the city to attend the wedding.

A limited number of relatives and friends of the bride and groom will be present.

British Women Start Blitz On Long Queues At Shopping Centers

LONDON (AP)—Millions of British women, weary of queuing in order to buy almost anything for sale in Britain, are attempting to end the practice which they claim is costing them jointly millions of hours a year.

Movie and bus queues were frequent in peacetime but the shopping queue is a war child which grows with the increasing scarcity of certain commodities not yet on the regular ration list. Ministry of Food officials say the United States will soon face the same problem now that rationing has begun.

One hundred women, representing three millions of protestants are meeting in London shortly to seek a solution to the problem which merchants abhor and Ministry of Food officials deplore.

Backed by the Trade Union Council the delegates will draw up a nine point shopping plan outlining views, complaints and suggestions, from the women who are trying hard to combine factory work and housekeeping.

In Cambridge, Mrs. Dorothy Kirby, 46-year-old housewife, who looks after eight people, does all her own housework and shopping and works four hours a day in an aircraft factory, told a meeting of women shop stewards representing 1,300 women war workers, that "queuing is the great hindrance to factory production."

Suggestions for the elimination of queues included: Staggered hours for shopping; shops to remain open later at night and not close at lunch time; certain hours to be confined to war workers only.

Many Items Added To County Museum

Mrs. J. M. Conner has announced several new additions to the Midland County Museum, located in the basement of the courthouse.

A hand grenade used in World War One has been donated by J. M. Ferguson of Dallas, adding to the museum's war collection display. A French pocket knife, a number of coins, bills from the Russian Empire, numerous sea shells and a plate and bowl from Mexico also have been placed on display.

The museum is open each Tuesday, Thursday and Saturday from 2 until 5 p. m., and the public is invited to visit it.

Run Preventer Now Learns To Make 'Em

Leo Prone of Lawrence, Mass., seems to spend a great deal of time trying either to cause or to prevent runs of one kind or another.

At Lawrence High School it was playing baseball. In civilian life it was working as an acetate rayon inspector, using X-ray to look for flaws in women's garments—flaws that might cause "runs."

Now as an aviation cadet at Midland Army Air Field, Prone is learning the art of "runs" on targets such as Axis ships, factories and armies.

Now as an aviation cadet at Midland Army Air Field, Prone is learning the art of "runs" on targets such as Axis ships, factories and armies.

Now as an aviation cadet at Midland Army Air Field, Prone is learning the art of "runs" on targets such as Axis ships, factories and armies.

Ragar-Plessis Vows Read At Post Here

Announcement is made of the marriage of Miss Hazel Ragar and Edward Plessis, which was quietly solemnized Saturday in the chapel of the MAAF Bombardier School.

The bride is the daughter of Mrs. M. Ragar, 119 East Harding, Little Rock, Arkansas, and the groom is the son of Mr. and Mrs. Raymond Plessis of Bellaire, Long Island, New York.

The bride and groom will be at home at the Scharbauer Hotel.

Mary Lou Price Is Bible Essay Winner

Mrs. H. L. Bray entertained her Sunday School class of the First Christian Church Thursday afternoon in her home. The class is composed of the young intermediates of the church.

An essay on the Bible had previously been requested of the class members, and merit awards were presented at the party. Miss Mary Lou Price's essay was decided upon as the best, and she was presented a white leather-bound Bible by the hostess.

A social hour and refreshments followed the announcements of winners.

Dance At Scharbauer Honors Class 43-12

A dance in honor of class 43-12 of the MAAF Bombardier School was given Saturday evening in the Crystal Ballroom of the Scharbauer Hotel.

Mrs. W. Watson La Force was chairman of the dance committee and was assisted by Mrs. Fred Fromhold, Mrs. Paul S. Oles, Mrs. H. A. Hemphill, and Mrs. Frances Stallworth, all of whom assisted in the hospitalities of the occasion.

The dance was an invitational event, and it was estimated that some 200 guests danced.

Refreshments were served.

Uses Rainwater

Mrs. Lauritz Melchior—called "Kleinchen" or "Little Bit" by her husband, the famous opera tenor—keeps her dewy skin silky with the help of a famous beauty aid of Queen Victoria's day: rainwater.

"First comes a good cold cream cleansing for my face," she says. "I spread it on lightly, and remove it with tissues. Then I use the rainwater and mild soap for a thorough scrub. Finally, more rainwater, but this time frozen. I wrap the ice rainwater in a piece of thin cloth and rub lightly over my face."

Iva's Jewelers advertisement featuring various diamond rings with prices ranging from \$33.75 to \$125.00. Includes the name John H. Hughes, Manager.

# Civic Theatre Play, "Orphan Nell," Enjoyed By Large First Night Crowd

The first performance of "Orphan Nell" presented Friday evening in City-County Auditorium was enjoyed by a large crowd which took part in the old style way of hissing, booing, and tossing peanuts and paper balls at the villain. The melodrama of the gay nineties made a real hit with the appreciative audience.

U. A. Hyde, master of ceremonies, was received favorably by the audience. Mary Kendrick in the role of Aunt Carrie, Zekial's spunky sister, almost stopped the show. Her singing brought great applause, and her interpretation of the role was exceptionally good.

Pvt. Lee Shirek as Ethelbert La Treen, an actor and villain, was outstanding in his dramatic performance of the character role. Dottie Harpst, as "Nellie," daughter of Zekial Brown, enacted her role well and John Hill as Squire Titus Flint made a good villain. He possesses dramatic understanding, and his interpretation of the role of an aged villain was excellent.

Sgt. Art Cole as Zekial, Elma Graves as Matilda, wife of Zekial; U. A. Hyde as Bullicose Skidbarr, Philadelphia lawyer, and Roy Marcom as Jack Noble, added much to the melodrama, and all were well received.

Naomi Taylor as Veronica Jones, the spoiled daughter of wealth, did a good job impersonating the woman snob. The male quartet composed of C. G. Cooper as a gambler, Charles Funk as a policeman, Gene Hays as a drummer, and Dick Coyle as a bartender, all but stopped the show. Their get-up was most ludicrous, and their singing, with audience joining in, brought much applause.

The chorus girls, Elsie Schlosser, Mary Frances Gier, Beckie Bird, and Norma Jean Hubbard, delighted the audience with their dance act. Their costumes were unusual, and the audience gave them a big hand.

Walt Wilkinson, in the bar scene, did an extraordinary interpretation of the "drunk" who passed completely out.

If the Midland audiences continue interested the melodrama will be staged several times at the County-City auditorium.

The second presentation of the production was given Saturday evening.

## Hindu Jive

American soldier and Indian girl shuffle and slide at enlisted men's club dance at U. S. air depot somewhere in India.

## Aid To Lustrous Hair

It takes a little elbow grease to keep your hair beautiful even when you're blessed with naturally shining locks and a normal, healthy scalp. Pat Ogden, glamorous, Honolulu born blond who is tops among Manhattan models, recommends brushing your hair for five minutes every single night, and using a lemon rinse for that ultra lustrous look.

"Some people think a lemon rinse is drying," Pat observes, "but I find that it keeps my hair soft and bright. I simply squeeze two lemons, strain the juice, mix it into a pitcher of water, and use this as the third rinse after a washing with any liquid shampoo." A rinse with plain water follows the lemon rinse.

## It's Time Now To Dust Off Those Wedding Veils

By Vivian Brown  
AP Features Writer

If there's a man lurking around your doorstep, or if you have a soldier, sailor or marine on your correspondence list, dust off Grandpa's wedding dress, girls—the chances are he'll propose this year. The lowering of the draft age and the vast increase in the armed forces are expected to make 1943 a banner year for marriages.

This May Be Month  
What's more, there's a strong possibility that you'll be married in June, that it will be near his camp or station and that you'll support yourself.

Anyway, that's what the jewelers believe, and they have been busy preparing statistics. A tremendous postwar jewelry business is anticipated when more than a million homes will be established after the war.

Girls may do temporarily without all the things they've dreamed of—an engagement ring, shining silver, fine china, a grandfather clock—but they won't give them up for good.

South Leads Field  
In Washington Cupid inadvertently aided the housing shortage by uniting over 40 per cent more couples in 1942 than in the previous year. Even in nearby Baltimore, an aircraft production center, over 25 per cent more weddings were recorded.

Large cities such as Chicago, Boston, Milwaukee, Youngstown, Akron, Columbus and New York all showed a decrease in marriages because of the number of eligible men in service. In the south, where there is a large concentration of army camps, cities such as San Antonio and Miami led the field in 1942 with increases of more than 50 per cent over the 1941 marriage totals, while San Diego, the great naval aircraft production center, over 25 per cent increase of more than 150 per cent. Two-thirds of the 1,800,000 brides of 1942 were married to service men.

Red Cross surgical dressing headquarters in the court house will be open from 9 to 12 and from 1 to 4.

Holy Communion Service will be

## MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- If a friend dies and you do not know any member of his family, yet want to send flowers, how might they be addressed?
- If a death notice reads "funeral private," under what circumstances would you be expected to attend?
- May a man refuse to serve as a pallbearer?
- Should you write a note of sympathy as well as send flowers if a good friend loses a member of his family?
- Should you burden a recently bereaved acquaintance with idle chatter?

What would you do if—  
You want to attend a funeral but you haven't a black dress—  
(a) Wear any plain, simple dress not too brightly colored?  
(b) Stay away from the funeral?

**Answers**

- In the name of the deceased.
- Only by special invitation of the family in mourning, or if you are such an intimate friend that your presence will be taken for granted.
- No. Not unless he is too ill to do so.
- Yes.
- No.

Better "What Would You Do" solution—(a). It is no longer considered necessary for those attending a funeral to wear black.

If you cannot see your hair-dresser weekly, dip your fingers in to eau de Cologne and massage your scalp to help prevent oiliness.

Sealions swallow small round pebbles, apparently as an aid to digestion.

# If John L. Lewis Wins His Fight--

## And the Price of Coal Goes Up

### We Lose One More Battle With Inflation

★

When the farm bloc, the labor bloc, or any other bloc wins a temporary price advantage, the costs of living go up for the housewife, for the restaurant man—she's got to pay more to feed her family—the restaurant man pays more to feed you.

Individual wages for restaurant employees during the same period have increased from 50 to 100 per cent.

Naturally our menu prices have gone up—an average of 35 per cent. Here's a typical instance—you paid 15c for an order of French fried potatoes in the good old days. Since then the cost of potatoes to us has gone up from \$1.90 per hundred pounds to \$4.19 per 100 pounds. Cooking oil has risen from 65c a gallon to \$1.40 a gallon. Yet in most restaurants now you pay only 5c more for the same order.

So the restaurant man and the housewife are trying to stretch their pennies as far as they will go. We are trying to hold the costs down for you. With a serious shortage of help we are called on to serve a greatly increased number of customers. We have fewer employees than ever before. That's why you sometimes have to wait for your favorite dish.

Despite these war-time difficulties, our pledge to you—our friends and guests—remains the same—to serve you the best possible food at the lowest possible price in the quickest possible time.

Here's how our costs per pound have gone up:

	Jan. 1941	March 1943	% of Increase
Beef (boneless)	.14	.33	135%
Beef tenders	.31	.72	132%
Fryers	.30	.48	60%
Hens	.27	.38	77%
Eggs (dozen)	.30	.40	33%
Ham	.32	.49	53%
Bacon	.25	.38	52%
Cheese	.25	.37	48%
Butter	.35	.50	42%
Tomatoes	.08	.20	150%
Lettuce (crate—5 doz.)	2.25	7.00	115%
Milk (gallon)	.40	.52	30%
Apples (box)	1.65	4.00	142%
Oranges (box)	1.75	5.40	208%
Celery (stalk)	.07	.20	185%

Now you can order a Summer issue of Fashion, our helpful sewing guide and pattern catalog! Contains over 100 new patterns, has information on care of clothing, how to make over, how to alter practical wardrobes. 25c per copy.

## Betsy Beckham Bundy's Advice To The Lovelorn

Q—I am a matron with two lovely children, and I find that after being married to my husband for seven years that we are entirely incompatible. He is interested in nothing in which I am interested and he thinks my interests are little less than nothing. I am seriously thinking of obtaining a divorce, taking my children and establishing a home elsewhere. I could at least have peace of mind. I have thought of this for a long time and nothing seems to take place that tends toward my dropping the thought. I feel sure that he no longer cares for me, and if there has been anyone else in his affections, I do not know of it. I am sure no one has interested me, and I would not think of being interested in other while still married to him. Do you advise my seeking a divorce?

Answer:—I certainly would think most seriously a long time before I would seek a divorce if I had two children. Evidently you do not count your blessings. Your children need their father, and in all probability if you should seek a divorce he would in time be married again. That would cut down your income quite a lot. In fact you might find yourself standing alone with two children to support. Why do you not talk over the matter with your husband and maybe he will change both of you by changing and renew the interest in your lives.

Evidently you did not think you had no common interests when you married your husband. He no doubt thought that you both had mutual interests too. You should consider your children first, when you start thinking of robbing them of their rightful heritage. Every normal child should have a father who provides well for him, and whose interest is in his welfare.

You possibly expect too much attention from your husband. Since you have decided that you two have no common interests, why do you not try to be interested in the things in which he is interested.

I would advise you, above all else, to put forth every effort you can make to keep your home together. Your children need their home and father and mother. Try to change your idea, and cease brooding over the subject. You possibly have enlarged the matter until, if you continue, you will wreck not only your own life, but the lives of your children, and possibly that of your husband.

## Sooners Move Around

NORMAN, Okla. (AP)—If you're having trouble keeping the addresses of friends as they move hither and yon, consider the plight of the University of Oklahoma alumni office. More than 20,000 changes have been made in the past year in the addresses of students now with the armed forces or in war work.

To help strengthen your arches, walk barefoot as much as possible. Don't pick out pebbly places though. Foot bruises won't help the situation at all.

Nothing in the new tax law "forgives" the necessity of paying 2nd quarter INCOME TAX PAYMENT on June 15th.

### London's Little Dressmaker Is A 'Big Shot' Now

LONDON—(AP)—The little dressmaker who once worked almost secretly at home for a few shillings a day, is doing much better right out in public shops as British women are forced increasingly into remade clothes.

The work-at-home seamstress had plenty of jobs for poor pay before the war. The vicar's daughter, the colonel's daughter, or even the duke's daughter might have "home-made" dresses. But it was seldom that their best friends knew it because (1) even the best friend might lure the clever dressmaker away for more money and (2) it didn't do to have it known that the debutante's gowns didn't come from a smart couturier or that her ladyship was bulging a bit and her Paris models had to be let out.

But now all classes come to the little dressmaker for help in stretching war-wearied wardrobes and even compete for her services.

Agencies in London charge large fees just for giving her name and address. Renovating and repairing shops cropping up like mushrooms all over London will pay her almost any salary she asks. Often they cannot get her, for she is busy in essential war work, sewing parachute, making uniforms.

Three years of clothes rationing and only twenty coupons to last the present five months period is taking its toll not only of the wardrobes of the poor, but of the rich. Many sharp shopkeepers with a keen business sense have been quick to seize on the boom in renovated and remodeled clothes, and cash in on the coupon shortage.

### Flirting With A Scanty Swim Suit?

Before buying that new bathing suit, you had better stand in front of a full-length mirror and take a long, searching look at yourself. If you have a slim waist, firm bosom, flat stomach and well-shaped legs, then don't hesitate a moment to buy a panty and bra suit similar to the one Evelyn Keyes, who will be starred in "Officers' Candidate School," wears so well.

But, if such isn't the case, and you haven't time to exercise and diet yourself into shape before taking your first plunge of the season, select a dressmaker type of suit which comes about half-way down your thighs, has a softly flared skirt and a lined, uplift-styled bodice. Or, wear one of the new knitted figure-molding models.

### Enlisted Men Get Opportunity To Be Bombardiers

Enlisted men at the Midland Army Air Field have been offered greater opportunity to become bombardiers themselves, in a new drive to recruit aviation cadets from among men already in the Army.

Officers at the bombardier school pioneer training school for the "Hell from Heaven" men, said Saturday special consideration would be given cadet training applications from enlisted men during the period ending July 1.

"This is the big chance for any men who have been longing to take the place of the cadets for whom they service the planes," said Col. John P. Kenny, commanding officer.

**Age Limit Is 27**

Any enlisted men at least 19 but not yet 27 years old is eligible to apply for cadet training, which includes pilots and navigators as well as bombardiers. Time between application and action has been cut to a few weeks and soldiers' applications will receive precedence over those of civilians.

To apply, a soldier must fill in an application form which can be obtained from his squadron orderly room or the cadet board. The completed form, with three letters of recommendation and a birth certificate, must be submitted to his squadron commander for endorsement to the aviation cadet examining board.

No particular educational background is necessary, but accepted applications who need further schooling might be sent to colleges for brief preliminary training during which time they will retain the grade held upon entrance. Mental examinations, which must be taken by all applicants, will be based upon aptitude and common sense rather than formal education.

### Proud Of His Flag

Symbolizing the spirit of free people everywhere, the American flag has never meant any more than it does this flag day (Monday).

But the flag has come to mean a great deal in particular to Uncle Sam's boys overseas who are going through hell for it. Like this Marine, they proudly wear their country's flag on their sleeves for the world to see.

### Many Motorists Fail To Follow Rules On Inspection Of Tires

During the renewal of gasoline rations for the next quarter the Midland County Rationing Board has learned that many car owners are failing to comply with the regulations requiring a periodic inspection of automobile tires, even though no service is needed.

The following schedule should be followed in the inspection of tires and any persons failing to comply with the regulations loses eligibility for tires or gasoline or both, the board said.

The schedule, listing ration types, frequency of inspection, and minimum time between inspections is: A, every six months, 90 days; B, every four months, 60 days; C, every three months, 45 days; T, every two months or 5,000 miles, whichever comes first.

Mrs. Mary Galbraith of Seymour, Ind., is the guest of her daughter, Mrs. J. M. Armstrong.

Seals have short necks and clawed flippers; sea-lions are long necked and with clawless flippers.

### Personals

Mrs. C. M. Dunagan, who has undergone an operation in Western Clinic hospital, is reported improving satisfactorily.

W. B. Simpson, former Midland business man who now is ranching near Waller, Texas, is here for the wedding of his son, William B. Simpson, to Miss Eleanor Wood next Tuesday.

Mr. and Mrs. B. C. Cook and daughter, Lona Mae, have returned from Weatherford, where they attended the funeral of Mrs. Mollie Yeats, mother of Mrs. Cook.

Mr. and Mrs. Jack Wilkinson and Mr. and Mrs. Ben Black are in San Antonio visiting Lt. and Mrs. Tom Sealy, formerly residents of Midland.

### Women Should Dress To Suit Their Own Types, New York Designer Says

BY DOROTHY ROE  
AP Fashion Editor

If you're the string-bean type, don't try to look like an antelope. If you're a round tomato, don't waste time envying your willowy sisters—just dress to suit your type.

That's the gist of the advice to offize females offered by Fira Benenson, top flight New York designer, whose job is to play up her customers' good points, minimize their bad ones.

**Divulges Few Secrets**

I cornered the talented Fira for a recent lunch-hour, and over our salad plates she divulged a few of her secrets for figure-flattering clothes. Said she, with that touch of Russian accent which seasons her speech:

"Tail girls should not try to look short. It can't be done. They should play up their height—dramatize it.

Fat girls can't look thin, but they can have clothes that will put their figures in proportion. Short girls shouldn't depend on platform shoes—

If they watch their clothes they won't look dumpty, even standing on the ground."

Miss Benenson holds that the human figure should be considered as a square—from the dressmaker's viewpoint. A woman with narrow shoulders and wide hips must have her shoulders built out to conform—so that a straight line can be drawn from shoulder-tip to hipline.

**Designs For Celebrities**

A girl with a large round face should choose a wide, square neckline instead of the usual V-neck. This minimizes the size of her face, balances the areas.

A girl who looks well in severely tailored clothes shouldn't try to go frilly, and the dainty, ultra-feminine girl should stick to her type, and not yearn for mannish tailors.

To illustrate her point, Miss Benenson agreed to design five costumes for five celebrities of stage, screen, radio and opera. Her sketches, shown herewith, prove the practicality of her theories.

For Kate Smith, whose voice is as rich and fulsome as her figure, she suggests a flat crepe dress (without highlights) in black or navy, with vertical tucks, streamlined design and deep, square neckline.

**Silhouette For Pons**

For the minute Lily Pons, who is not quite five feet tall, she designs a long-torso molded silhouette in black silk jersey, avoids exaggerated width of shoulder, and uses skillful drapery, high round neck and long sleeves for an unbroken line.

For statuesque Ann Connolly, the Ziegfeld Polles girl who is over 6 feet tall when she wears high heels, Miss Benenson suggests a V-motif in neckline and bodice, soft drapery

### Midland Trio To Compete In Area Bombing Olympic

A trio of bombardiers from the Midland Army Air Field will really be "sweating out" a target Sunday at the Roswell (N. M.) Army Air Field.

Members of the team which will represent the field at the second round of the Bombardier Olympics are Cadets Clifford L. Coggins of Agnos, Ark.; Jack A. Kinney of Port Allegany, Penn.; and James E. Elie, of Seattle, Wash.

Selected for their outstanding bombing ability, the contestants are members of the class which will be graduated here June 24. At Roswell, they will drop five bombs each, from an altitude of 10,000 feet, in competition with teams from each of the other seven bombardier schools.

**Pickle Barrel Target**

Awards will be made to the highest scoring bombardier and the team which sends the most bombs into the thirty-foot target topped by the pickle-barrel symbol of bombardier accuracy. The Bombardier Olympic is held every three weeks, moving from school to school.

Accompanying the three competing bombardiers is a trio of fellow cadets who will serve as photographers to score bomb hits. They are Cadets Gabriel S. Saccomanno of Chicago, Ill.; Glenn A. Arndt, Skokie, Ill.; and Frank J. Deuringer, Pittsburgh, Penn.

Also accompanying the contestant are three bombardier instructors; Second Lieutenants David H. Morris of Midland; Walter G. Schelst of Odessa; and Mervin Henry of Midland.

Plots selected by the three Olympian bombardiers are: F/O Erich Lempe, Kenosha, Wis.; P/O Verle Mitchell, Midland; and F/O George L. Wiley, Santa Rosa, New Mexico.

### Soldiers In Chemical Warfare Unit Practice Fire Control Methods

Soldiers designated as chemical warfare specialists in their squadrons had a busy time at Midland Army Air Field Saturday practicing control of fires started by incendiary bombs.

Lt. Gabriel L. Dell'Angelo, chemical warfare officer at the field, put the men through the exercises to acquaint them with the use of foam chemical and water extinguishers, as well as sand applied with shovels.

Two old wooden sheds were used. As men conquered the flame in one, Lieutenant Dell'Angelo would set off a grenade in the other, and the details would rush there with the proper equipment.

The detail included men who had taken a special course in chemical warfare. They will be in charge of activities in the department in their respective units.

to accentuate the figure and recommends a big hat. The dress is natural wool jersey with bone buttons, to be worn with black gloves and hat.

For the dainty Billie Burke, she chooses mauve georgette, hand-tucked in front, with a neckline bowed in a darker shade of organza, and a hat to match the bow.

For casual, tailored Greta Garbo, Fira approves a coat of natural wool or linen, with large bone buttons, pockets on a slant.

### Only Woman Medical Doctor With A. E. F. Guards Health Of WAACs

By Rosette Hargrove  
NEA Staff Correspondent

LONDON—The health and general well-being of American WAACs in England is the No. 1 job of Dr. Marion C. Loiseau, the first, and so far, the only woman physician serving with the U. S. armed forces abroad. She is busy now preparing the groundwork for general medical service for the women soldiers.

"Our WAACs will have to get accustomed to a great many differences in their general scheme of living and working, but there's no reason why they shouldn't be able to take them all in their stride," she says confidently.

**Learns Of Conditions**

As a "contract surgeon" attached to the office of Chief Surgeon Col. Elliot C. Cutler, Dr. Loiseau has been able to acquire a very good idea of conditions in England, as she has been here since June, 1941. She was one of 12 women doctors who volunteered to come over on a Lend-Lease arrangement to relieve overtaxed medical personnel here.

Having worked in both London and the provinces, she believes her experiences will be of tremendous help in her work with the WAACs.

Since her appointment last December, Dr. Loiseau has been visiting establishments connected with England's three women's services, the WAACs, the WRENS and the ATS, inspecting working, living and

### Lamesa Field To Be Host Sunday At "Open Post"

Lamesa—Lamesa Field, headquarters of the Third Army Air Forces Liaison Detachment, will be host Sunday to the entire South Plains area at "open post," it is announced by Capt. William G. Dixon, commanding officer. The following commanding officers of neighboring posts have been invited to attend: Col. Norman B. Olseu, SPAAF, Lubbock; Col. Ralph E. Holmes, LAAF, Lubbock; Col. John T. Kenney, Midland Army Air Field, Midland; Col. R. W. Warren, Big Spring Army Air Field, Big Spring; in addition to Lt. Col. Marvin B. Durette, West Texas Recruiting District, Lubbock and Maj. G. R. Holzclaw, headquarters Army Air Forces, Gulf Coast Training Center, Randolph Field.

Chamber of commerce officials from Lubbock, Midland and Big Spring also have been invited by city and county authorities who are cooperating with the base in extending hospitalities.

Outstanding on the day's program will be a concert by the SPAAF dance band directed by Flight Officer Harry Runham and Staff Sergeant Felix Walker. Sgt. Don Lumms and Pfc. Eddie Donaldson, also of SPAAF, vocalist and pianist, will furnish specialty numbers. Cpl. Phil Tucker of the Big Spring Army Air Field will be master of ceremonies.

Lamesa Field quartet composed of Sgt. Robert Perry and Privates Bart Foster, Jr., Walter C. Bell, Jr. and Henry E. Carlton will sing and a sextette of girls from Texas Tech will present a capella numbers.

Lt. Robert R. Reilly will be master of ceremonies for the formal program at which distinguished visitors will be presented as well as a delegation of WAACs from the West Texas Recruiting district, Lubbock.

The principal address will be given by County Judge Kilmer B. Corbin of Lamesa.

NOYES AT CAMP DAVIS

Lt. William E. Noyes of 215 North Colorado Street, Midland, is attending the anti-aircraft artillery school at Camp Davis, North Carolina.

### HOME SERVICE SUGGESTIONS...

#### ORANGE HONEY BREAD

- 3 tablespoons shortening
- 1 cup honey
- 1 egg
- 3/4 cup milk
- 1 orange peel
- 2 1/2 cups sifted, all-purpose flour
- 2 teaspoons baking powder
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1/2 cup chopped nuts, if desired.

Sift flour. Measure. Sift again with baking powder, salt and soda. Put orange peel through food chopper. Cream shortening, add honey gradually. Add beaten egg and orange rind, and nuts if used. Add flour mixture and milk alternately. Turn into a greased bread pan. Preheat oven to 325 degrees F. Bake for one hour and ten to fifteen minutes, or until done.

This is good for making cream cheese sandwiches

Other timely recipes may be obtained each month at our office. These recipes are tested by Miss Mary Alice Crosson, Home Service Director.

# WOMEN WON'T TALK

BY RENE RYERSON MART  
COPYRIGHT, 1943, NEA SERVICE, INC.

THE STORY: Derek Grady has been found murdered on the grounds of Kraiktower. The police recognize him as a man wanted for kidnaping. Marthe Kraik admits he was the grandson of her housekeeper, Margaret Grady, but says nothing about the attempted kidnaping years ago of Derek and her granddaughter, Kathy. She asks Clint Mattison, mystery story writer, to help solve the crime.

## THE MISSING HEEL

### CHAPTER X

THE living room at Kraiktower is an immense affair. A huge stone fireplace fills one wall. Facing it is a deep cushioned divan of equally exaggerated proportions. The rugs are thick and red. The walls are wainscoted with dark weathered oak and heavy beams of the same beautiful wood arch the ceiling. Polished tables and baronial oak chairs reflect the shaded lights like so many amber mirrors.

Deputy Shaw was standing before the fireplace looking as stubborn and immovable as the stone lintel back of him.

Connie, small and fragile, sat in one corner of the big divan, her lip-stick mouth a red blot in the whiteness of her face. Kathy was poised dramatically on the arm of one of the high-backed chairs. Walter was angrily pacing the length of the room.

They all turned to look at me and Kathy asked impatiently if I didn't expect to catch cold running around that time of night without a coat on. I don't think they really noticed that Mattison was with me.

Deputy Shaw nodded brusquely in my direction.

"Mrs. Kraik, I've been trying to make your son understand why we have to question your family and servants again. There doesn't seem to have been anybody around when this Derek Grady was killed but you folks here in the house."

I swallowed hard. "You mean you think that some one here

must have killed him?"

"Exactly."

I COULD sense the change in Deputy Shaw. He was no longer apologetic. He looked at his wrist watch, and somehow I got the impression that he was stalling for time. "To begin with," he said, "I'll read the statements you made yesterday, and you can see if there is anything you forgot to mention." He put a peculiar emphasis on his last words.

He read from his notebook. Connie and I had said that we had been at lunch from 12 to 1 o'clock, and that after that we had gone out on the terrace with the twins. That was our story. We nodded affirmation to it.

"You two were together all of that time?" the Deputy snapped suddenly.

I looked at Connie. Her face was as guileless as a baby's. "Yes, officer," she said. He turned to Kathy. "Miss Kraik, you stated that you were in your room from about 11 o'clock until after the body was found. Can you prove that?"

Kathy laughed and her eyes narrowed in a tricky squint. "Sorry, Deputy," she drawled tantalizingly, "there was no one with me, if that's what you mean. You'll have to just take my word for it."

He frowned and looked back at his notes. "You took a drive earlier yesterday morning, and said that you stopped at the gas station in the village. Did you stop anywhere else—in Liston?"

There was the tiniest drag before Kathy answered that one.

"No," she said shortly.

The expression on Shaw's face changed, and I knew that Kathy had made a mistake.

THE deputy didn't follow up his lead. He closed his notebook and very deliberately put it back in his pocket. I breathed easier. Then he looked at me and Con-

nie and again at Kathy. His eyes remained on her face while he lit a cigarette.

"How many of you knew that Derek Grady was hiding in that cave in the ravine?"

Quietly, just like that, he dropped the bomb. Dead silence followed.

"Margaret—" I finally ventured in a thin voice.

Deputy Shaw nodded his head. "Yes, I suppose Grady sneaked up to the house some time Wednesday and saw her. He told her he was in trouble. She took blankets and food out to the cave and hid him there." His alert eyes probed from one averted face to another. "But at least one other woman in this house knew he was there, and went out to see him. Now which one was it?"

We said nothing. His face reddened. I didn't dare look at Kathy.

"All right," Shaw snapped finally. "I just thought I'd give you a chance to tell about it now. But if this is the way you want it—"

He was interrupted by a knock on the hall door. Quickly, as if it were a signal for, which he had been waiting, Shaw crossed the room and opened it. I saw another deputy in the hall. Shaw went out and closed the door carefully.

A few minutes later he walked back in. In his hand he held a woman's silver sandal. It had no heel.

He dangled it before our fascinated eyes, and his voice was smoothly sarcastic. "Does this slipper belong to one of you, by any chance?"

Connie's pink tongue darted along her dry lips. "It's mine," she said faintly.

Shaw took an object from his pocket and fitted it to the sandal. It was the missing heel.

"We found this heel," he explained, "under Derek Grady's body."

(To Be Continued)

## Miami-Mermaid

Forget the cares of a war-torn world and meet this lissom lass as she scampers shoreward at Miami Beach. She's Ella LeMay, she's 16, a high school student, and has been elected "The Perfect Summer Outdoor Girl" by the Miami Beach Recreation Department.

## Former Midland Resident Wasn't Impressed By Jap Tactics During First Aerial Battle

Lt. Warren C. Duncan of Chicago, formerly of Midland, encountered his first Jap opponent in the skies over the Russell Islands on June 1 and went back to his base victoriously, according to a recent Associated Press story. He and another Marine Corps pilot downed two and possibly three Japs between them during the fight. Lieutenant Warren is a graduate of Midland High School, and lived here with his grandmother, Mrs. L. J. Scruggs, now of Detroit, Mich. After his initial dogfight, Lieutenant Duncan told a Marine Corps correspondent: "I was not impressed by the Jap tactics. Lots of Aerobatics. I don't think they were worth a damn up there. They pulled a lot

of acrobatics and I saw one Zero do a roll for no reason at all. "I dived into the fight from 2,000 feet above the battle. I got one plane and he went right through my fire. I didn't see him go down, so I don't claim a hit. But that he could have escaped is unbelievable. "Zeros were burning all around and you couldn't tell whose victims they were," he added. "But all that mattered was that they were through for all time. Tracers were flying in all directions and whether Japs or ours, one couldn't always tell." Lieutenant Duncan attended Illinois Wesleyan in 1940 and 1941, and while there he entered the civilian pilot training course.

Cities and towns in the United States occupy about 20,000,000 acres.

## McKENNEY ON BRIDGE

By William E. McKenney  
America's Card Authority  
Anyone who has ever participated in a tournament in metropolitan New York knows Harry J. Roth, who has been active for years in bridge in Brooklyn. He can always be counted upon to turn out large crowds, especially when the party is conducted for the benefit of some worthy charity.

I had the pleasure of sitting in a social game with Roth not long ago, in which he played the hand shown today. East played the king of hearts on the opening lead and Roth (South) won with the ace.

SOUTH SOUTH

The NORTH POLE POINTS MORE DIRECTLY TOWARD THE SUN ON...

MAR. 21 JUNE 21  
SEPT. 23 DEC. 21

ANSWER: June 21.

Realizing that he must not let East get in to lead through his jack and deuce of hearts, Roth led a small diamond and won in dummy with the king, then led the queen of clubs. East covered and Roth won with the ace. Deciding to play for the club honors split, he led a small club and West won with the jack.

As East had played high on the first diamond trick, West now returned a diamond. Roth won in dummy and cashed all his clubs. West discarded his worthless jack of diamonds, and had to let go a heart and a spade. Now Roth himself made the play that he had feared. He laid down his jack of hearts. West had to win and all he could do was to cash the other two hearts, then had to lead away from his king-ten of spades into Roth's ace-queen.

Navy river gunboats are usually named for island possessions of the United States.

## HOLD EVERYTHING

## Bombing Instructors Competing At Field

The bombs that are falling on the targets of the Midland Bombardier School these days aren't all being dropped by cadets.

The reason is the instructors' bombing competition now being conducted by the Midland Army Air Field's department of training.

The competition, which was proposed by Col. John P. Kenny, commanding officer, "keep the men who are training tomorrow's bombardiers in perfect bombing trim themselves," will be wound up on Sunday, June 20, when the four top teams, of two instructors each, bomb a 30-foot target located in the exact center of the bombardier school's airfield.

Bombardier instructors are competing in teams of two, with each man dropping five qualifying bombs on five targets on the south range, according to Lt. Col. John D. Ryan, director of training, who is supervising the contest.

## Enlisted Men Assigned To Other Army Posts

Several enlisted men in the department of physical training have been transferred to other posts where they will serve as instructors.

They include Sgt. Joe Vinish, Cpl. David Murphy, Cpl. George Sharkey, Pfc. Lee Sevedera, Pvt. Joe Dargus and Pvt. Leo Allen, all of Perrin Field, Sherman, Tex., and Cpl. George Carty, of Galesburg, Ill.

Cpl. Carty will serve as drill instructor for aviation cadets; the others will be physical training instructors.

### Slow-Pay Patients Are Nothing New

ANDERSON, S. C.—(P)—Doctors of ninety years ago had much the same problem of slow-paying patients as do the physicians of today, judging from the caustic comments in the account book kept by Dr. Jasper Browne from 1850 to 1855 when he was practicing at this county seat.

His fees were infinitesimal compared with those of today's specialists, averaging \$1 a visit, but the problem of collection was a keen one, according to the book, which has been made public by G. Pierce Browne, the doctor's son, and a former publisher of The Anderson Daily Mail.

Doctor Browne's notations on patients' accounts were explosive, as shown by an entry beside one account of \$23.75 for a year's service: "When I presented this account (the) old brass rogue raved and pitched and belowed just like an old bull."

Other accounts were highlighted with such statements as: "Run off to Belton (S. C.), where he will still tell lies to other people."

The most unusual entry was one of a 12 cents charge—for "one printed sermon." The accounts were replete with charges for medicine. Once 10 cents worth of brandy was prescribed.

A flat charge of \$4 for delivery was made on obstetrical cases, and the largest single item recorded was \$10 for work on a fractured skull.

### Frog's Fast-Moving Tongue Photographed

By H. W. Blakeslee  
AP Service Editor  
NEW YORK—The ultra-rapid camera of Dr. O. R. Barclay of Cambridge University has caught the action of a common toad's tongue in shooting way out in front of its mouth to pick up a wood-house.

It all happens in one-twentieth of a second. That, as related in Britain's Monthly Science News, is just too fast to be explained by any ordinary tongue movements.

This toad's tongue, instead of being fastened at the back of his mouth, like the human organ, is based right near the front edge of the lower jaw.

It is hung on a hinge, so that when the toad sticks it out, the tongue turns upside down. The top surface, in his mouth, becomes the bottom surface. The top is coated with a sticky material which catches the toad's prey. By turning upside down on the hinge, the tongue avoids the licking action familiar in most animals.

The speed of the toad's tongue is a puzzle. Possibly something like a coiled spring mechanism gives the twentieth-of-a-second action. When this animal's mouth is shut, his tongue does not lie flat down the throat, but curls up to lock into a groove in the upper jaw.

A very rapid contraction of muscles controlling the tongue might shoot it out in the rapier-like stab.

### Birds Feather Nests With Long Green Stuff

DENVER—(P)—Money must be plentiful when the birds begin to build nests of it and dogs bring it home.

That's the conclusion of George Schlichter, of Longmont, who was walking down a street, casually watching a bird in flight. The bird was carrying a piece of paper, heading for its new nest, under construction. A gust of wind blew the paper from the bird's mouth and Schlichter picked it up. It was a \$1 bill.

### Rattlesnake Causes Fire In Timberland

PORTSMOUTH, Va.—(P)—A snake indirectly was blamed for a wood fire that burned over six acres of timberland in Princess Anne County.

According to Thomas S. Turner, district forester, three men were cutting timber when a rattlesnake crawled into view. So, the woodcutters started a fire in the brush where the reptile disappeared. The blaze got out of hand and the three forgot all about the snake in their efforts to extinguish the flames.

One of the men pleaded guilty in court and was fined \$10 and costs for starting the fire.

### Death Claims Up Only Slightly During War

NEW YORK—(P)—Life insurance authorities have reported that death claims had increased only moderately since Pearl Harbor despite the dislocations and hazards of war.

The Institute of Life Insurance, which represents a large percentage of domestic companies, said there would be an increase in overall claims during the rest of the war but that mortality rates attributable to non-war causes might be expected to decline.

### SLIGHTLY EXAGGERATED

TACOMA, WASH.—(P)—Sgt. Donald Zelinsky, 23, crossing the Atlantic last year, heard a Nazi news flash announce an American ship had been sunk. He was mildly surprised, because it was the ship he was aboard.

GORILLA PROTECTION  
NEW YORK—(P)—Now, it's gorillas who have to be protected from humans. The Bronx Zoo has enclosed the gorilla house with three large windows—so the Simians won't catch cold from the public.

In the United States there is one motion picture theater seat for every 12 inhabitants.

### Big Guns Guard Italy's Islands

These are the guns with which Italy hopes to hold off invasion of Sicily, Sardinia and Corsica. The axis has fortified the Mediterranean isles with steel and concrete emplacements and heavy artillery. This picture from neutral source is one of first showing the island defenses.

### Former MAAFBS Officer Can Tell What Battle Experience Feels Like

Many men at Midland Army Flying School are wondering what their first battle experience will be like, but Lt. William W. Moore has vivid memories of flying into the combined anti-aircraft barrage of 45 to 50 Japanese warships to torpedo an aircraft carrier, then outracing 15 Zero fighters.

Lieutenant Moore, winner of the Distinguished Service Cross in the battle of Midway which swung the balance of Pacific naval might to the United States, was assigned as a navigator officer on duty with the department of training in the ground school supply section at MAAF until his transfer recently.

At sunrise one morning the Marauders took off for torpedo attacks on four Japanese carriers which had been sighted, protected by cruisers and destroyers, approaching from the northwest about 200 miles away. Zero fighters tried unsuccessfully to intercept the bombers about 15 miles from the carriers. But with this challenge passed, the Marauders faced a "greater peril."

The Japanese force of 45 to 50 ships threw up a concentrated anti-aircraft fire that converged over the carriers, while three cruisers and destroyers fired broadsides in-

to the ocean which kicked up spouts and clouds of water that would stop any airplane.

The bombers followed instructions for torpedo planes, going straight into the target and then straight away rather than turning and presenting broadside targets for the enemy gunners.

**Japs Scurry Like Rats**  
Only 300 yards from one of the carriers, Lieutenant Moore's plane dropped a torpedo aimed amidships of the vessel, then hedge-hopped the ship with machineguns blazing at the decks.

The fliers could see the white-uniformed Japs scurrying about the deck "like rats on a table." Zero fighters hovering outside the Jap flak pounced on the bombers as the Americans flew away, and 15 of the Zeros attacked Lieutenant Moore's plane. The enemy fighters followed for a half hour.

The radio operator, tall gunner and top turret gunner of the Marauder were wounded. But each of those two gunners, and the co-pilot, who relieved one of them, shot down a Zero piece before the Japs gave up the chase.

**Fights In Foxholes**  
With 500 bullet holes in it, and its radio and interphone communications wrecked, the Marauder

Yep, right up to my horns. A couple of Uncle Sam's soldiers are depending on me for meat this year, and I'm not going to let them down. Over 30 million and a half of us are pledged to meet beef needs here and abroad in '43.

head'd back for Midway which Lieutenant Moore's navigation hit "on the nose." Twenty minutes later another of the American planes arrived and made a belly landing. Both had to be salvaged. The other two B-26's had been shot down by the Japs.

Lieutenant Moore and other able members of the plane crews, who had no ships to fly, were given rifles and spent three days in fox-holes waiting for the enemy—but except for a Jap sub which surfaced and shelled the island, there was no action. American fliers drove away the enemy ships they failed to sink.

### Some Of Best Sellers Are In County Library

The County Library has the new books on the rental shelf: "Farewell to the Admiral" by Cheney; "Never Say Die" by Malmar; "Barbary Freight" by Burke; "Another Claudia" by Franken; "Borrowed Husband" by Corliss; "The Scarlet Circle" by Stagger; "Experiment Perilous" by Carpenter; "The Robe" by Douglas; "One World" by Wendell Wilkie.

Books that have been placed on the two weeks shelf are: "Look Homeward, Angel"; "Ill Fares the Land" by McWilliams; "Journey Among Warriors" by Curie; "The Song Sisters" by Hahn; "The Doctors Mayo" by Clapesatte.

"One World" by Wendell Wilkie also has been placed on the seven-day shelf.

New juvenile books are "Aviation Cadet" by Lent; and "Knights of the Revolution" by Dean.

### Guardmen Will Drill Here Thursday Evening

Members of the Texas State Guard here will drill at 7:30 p. m., each Thursday evening in the future at the Mustang Club grounds, rather than Monday evenings. The change was announced at the last meeting.

### Cool Head Helped Out In Hot Action During A Raid On German Submarine Base At St. Nazaire, France

Staff Sgt. Maynard H. Smith of Caro, Mich., tells in this story written for NEA Service what it was like to be on his first raid over Nazi Germany. The target on the flight described here was the Nazi submarine base at St. Nazaire, France.

By Staff Sgt. Maynard H. Smith

LONDON — We dropped our bombs smack on the target. Then the fun began. We knew Focke-Wulf's—they were as thick as bees—were trying to get us. But, because the tail gunner was badly wounded, we had no warning for what happened.

tense it had melted the fuselage and gasoline was pouring in from the lower left wing tank. I knew the gas was not dangerous as long as it was burning—not dangerous from the viewpoint of explosion. Explosion was my only fear. I knew the Flying Fortress could take anything as long as it didn't explode.

I had just about put out the worst bit when I glanced back and saw tracers streaming at us. So I put down the extinguisher and went to work on one of the guns for a minute. Then for the first time I saw our tail gunner had succeeded in crawling out from the tail. One look told me he was severely wounded. I found wounds in one shoulder which had penetrated into the lung. Then I laid him on his wounded side (to prevent drainage into the good lung in case of hemorrhage) and administered morphine.

### Grandfalls Man Carries Permanent Souvenir Of Treachery Of Japanese

Helping aviation cadets to become experts at Axis-blasting is a personal as well as professional matter with Sgt. J. A. Allen Steff of the Midland Army Air Field, for he carries a permanent "souvenir of enemy treachery." Absence of four toes reminds Sergeant Steff of Dec. 7, 1941, when he was stationed at Wheeler Field, near Honolulu. "I saw and felt what bombs could do," he says, "and wanted to get close to it, either as a bombardier or in some phase of the work."

temporarily affected his hearing. Lost Four Toes Despite his injuries, Steff made his way to a hangar in search of a machine gun but while he was there a 20-millimeter shell blew over four of his toes. He then took cover under a tree where he remained until the Japs ceased their attacks about four and a half hours later. Steff says he could see planes diving on Pearl Harbor and Hickam Field, as well as Wheeler Field, and at one time counted 100 enemy craft in the air.

### Short Course For Handlers Of Food To Be Given Here

Roy L. Reinartz of the Public Health Education Division at Austin will be instructor during a short course for food handlers at the Midland Health Center starting Tuesday, June 15, 9:30 a. m. and 7:30 p. m. "How the Whole Thing Started," "Man Against Microbe," "Slinging Hash."

Thursday, June 17, 9:30 a. m. and 7:30 p. m. "Hidden Dangers," "Sand in the Gears." Tuesday, June 22, 9:30 a. m. and 7:30 p. m. "The Customer's Competitor and Midland's Biggest Food Thief." Films — "The Housefly," "No Good on Earth." Thursday, June 24, 9:30 a. m. and 7:30 p. m. "Foods," "Eating Out." Tuesday, June 29, 9:30 a. m. and 7:30 p. m. "Keep It Clean," "Twixt the Cut and the Lip." Thursday July 1, 9:30 a. m. and 7:30 p. m. "Personal Health and Hygiene," "With These Weapons."

### Shorn Wool May Now Be Purchased Direct

DALLAS —(AP)— Shorn wool may now be sold direct by producers and pools of producers anywhere in the United States to mills instead of the Commodity Credit Corporation as originally required in food distribution order No. 50, the Regional Food Distribution Administration was advised Saturday by the War Food Administration.

### Waac Is Jeep Driver

The Waac at the wheel is a Texas miss, Auxiliary Joyce Ruttle, who learned how to drive the Army's version of a Texas "cayuse" at a WAAC Motor Transport School. When she became a skilled driver, she made it possible for a soldier to go to front line duty.

### Producers Of Livestock Must Be Consistent In Determining Values

West Texas livestock raisers must be consistent in setting livestock values used in computing the federal income tax liability on the accrual basis, the commissioner of internal revenue has advised Congressman R. E. Thomason in reply to a request for information on the subject. Producers had urged Thomason to delve into the question following a report that revenue agents in Texas have been instructed to increase all inventories of livestock in accordance with the percentage of increase in the average farm value per head in each year over the preceding year as reported by the Bureau of Agriculture Economics of the Department of Agriculture. It was understood that the instruction in question requires the agents to increase the inventory values by the percentages shown, regardless of whether the final values are more or less than those

### Less Fuel Needed By U.S. Warships In New System

WASHINGTON —(AP)— The Navy Saturday night revealed one of America's secret weapons — our warships can go farther and hit harder because they consume up to 35 per cent less fuel than the ships of any other Navy in the world. Development of a revolutionary system of propelling American warships has given them "the edge over foreign vessels that many times means the difference between defeat and victory," the announcement said. This was the first official disclosure of progress made on the fleet's introduction of high pressure, high temperature steam equipment. Not only has the system been used on destroyers beginning about 1934 but it also has since been incorporated in the nation's great new battleships, among them the North Carolina and Washington.

Fuel Needs Cut Naval authorities said that adoption of high pressure, high temperature steam methods marked a revolution in marine engineering which was made possible only by the application of American inventive genius and American industrial resources to the needs of naval construction. The greatest result is the reduction in fuel requirement to produce the same amount of power. This has resulted, in turn, in giving American warships increased range of 25 to 35 per cent, of extending the amount of time which the ships can remain on station and of simplifying the supply problem. The basic high pressure, high temperature principles were worked out by American engineers for land installations such as electric power plants. Those plants normally produce heat from coal. Warships generally use oil for fuel.

### Livestock

PORT WORTH —(AP)— The very small supplies of cattle and calves that reached the Fort Worth stock yards for Saturday's trade were carried over to Monday. Commission men called the market nominally steady with no indication of price changes on any class.

Hogs were steady with Friday's packer market, the top of \$14.10, being paid by packers for good and choice 180-300 pound butchers while some 150-175 pound averages cashed at \$13.25 to \$14. Packing sows were unchanged at \$13.75 down and stocker pigs steady at \$13 down.

Sheep receipts were mostly common and medium grade shorn aged wethers that cashed at \$6-7. Other classes were too few to test the market.

Estimated receipts here were cattle 50, calves 150, hogs 300, and sheep 1,000.

Cotton NEW YORK —(AP)— Cotton futures prices closed unchanged to 10 cents a bale lower Saturday.

### John Taxpayer Should Mark These Dates Down In Red On His Calendar

WASHINGTON —(AP)— John I. Taxpayer should get out his red pencil and mark these dates on his calendar. June 15—Pay the quarterly installment as usual on 1942 income tax. (You'll get credit for this and the March 15 installment as payments on your 1943 income.) July 1—Be not too surprised when the boss starts deducting from your pay 20 per cent of all over basic exemptions of \$12 weekly for single persons, \$24 weekly for married (plus \$8 for each dependent). He'll be order to do that and turn it over to the Treasury as current payments on victory and income taxes.

Sept. 15—If you're single and make more than \$2,700 or married and make more than \$3,500 file with your tax collector an estimate of your 1943 earnings and pay one-fourth of the excess over the amount being withheld from your salary. If you get your money from sources other than wages or salaries, file an estimate and pay one-fourth of the total tax.

Dec. 15—Second and last chance to estimate your 1943 upward or downward (if you are more than 20 per cent under on your guess, the Treasury will charge you a 6 per cent interest penalty). Pay a quarterly installment. Farmers may file their first estimate (have 33 1/2 per cent leeway on guess).

Jan. 1, 1944—Happy New Year and you should have that satisfied feeling of being technically all even with Uncle Sam on your income tax for the first time in history. March 15, 1944—Comes the day of final reckoning. Compare your final, actual tax liability with what you paid in 1943 in withholding taxes or quarterly installments, get a rebate or pay the remainder. New Res. Tip Estimate 1942 tax was not all abated but only 75 per cent of it, pay one-half of the remainder to this date. Figure your 5 per cent victory

### Corporal Captured After Bank Robbery

DENISON —(AP)— A man identified as an Army corporal was captured near Sherman Saturday afternoon about an hour after the State National Bank of Denison was robbed of \$5,000. Denison Police Chief Paul S. Gorum said the suspect, 30 years old, was attached to the Tenth Army Corps Headquarters at Sherman. He offered little resistance when officers caught him. Deputy Sheriff S. O. Mangrum and Joe Fall chased the sedan he was driving to the side of a road and covered him. J. A. Foster, cashier at the bank, identified him as the man who walked into the bank, pulled out a .44 caliber pistol and asked for \$5,000 in \$20 bills. The money was recovered, officers said. From Sherman came a tentative identification of the man as a former Texas peace officer and one-time candidate for sheriff. Pending investigation by federal agents, the filing of a charge or transfer of the case to the Army was held up.

### Taxpayer Has Option

Because of these reasons, the regulations in effect, grant the taxpayer the right of election or option to treat his draft, breeding and dairy animals as either capital assets or as items of inventory acquired for sale but, once having elected, the taxpayer must be consistent, the commissioner said. If he elects to treat his breeding herds and flocks as inventory items, he must consistently apply the same basic inventory rules in the valuation of such animals as he does with respect to the other items in his inventory, Thomason was told. "As viewed by this office," the commissioner said, "the instructions which it is stated have been issued to the revenue agents in Texas, relate solely to the matter of determining the value of livestock inventories, which is strictly a question of fact. On this basis, a taxpayer who has consistently valued his livestock inventories on the basis of either cost or market, whichever is lower, has nothing to fear since he would have little or no difficulty in overcoming any proposal to increase his inventories by any method such as you describe."

Protests had been filed with Thomason by several livestock raisers and groups in this area, including the Midland Production Credit Association.

### C Of C Directors To Meet Monday Night

Directors of the Midland Chamber of Commerce will hold their June meeting in the private dining room of Hotel Scharbauer at 8 p. m. Monday, Paul McHargue, president, announced Saturday. He urged a full attendance of directors and said the meeting would be brief.
