Seeing the Census Men

April is the month when you expect a call from the census men. His questions should be answered courteously. He has to abide enough without encountering suspicion and carelessness.

Neighborhood Pride

It is a beautiful spirit in a community when you find people taking pride in the appearance of their own home street and neighborhood. In a progressive town you will find people showing much of that spirit.

Unutilized Forces

The business quarters of Haskell are equipped to supply all needs of our people. If our folks make it their practice to buy their goods at home, these retail stores are like factories that run every working day in the year.

CHARLES (BUDDY) ROGERS HALF WAY TO HEAVEN

Paul Lukas, the "swing" man in a flying trapeze troupe, is in love with Jean Arthur, the girl in the act. Freddy Anderson, the "flyer" in the troupe, incurs Lukas' enmity because Jean seems to favor him and while the show is in progress, Lukas "flies" to catch Anderson. The "flyer" drops from the high trapeze and is killed. To fill the vacancy, the manager hires Charles (Buddy) Rogers, a novice who has applied for a job to repeat for the next fair engagements.

On the train, Jean discovers that Lukas purposely dropped Anderson. Frightened by his attentions, she runs away from the show. She leaves the train in Rogers' hands and is directed to his home for lodging. A day's acquaintance, and Jean and Buddy are in love. Buddy, however, leaves to join the carnival, unaware that Jean is the girl in the troupe. When Jean learns that Buddy is joining the show in Anderson's place, she hurries back, hoping to prevent another tragedy.

Buddy goes great in rehearsals. Then, Lukas discovers that he and Jean have met before. Fearing Lukas' sinister jealousy, Jean insults Buddy and he, thinking the pair are jealous of his acrobatic prowess, is hurt. Jean explains the situation. Buddy refuses to leave, telling Jean he loves her. Lukas sees their embrace and interrupts it with a menacing smile. The whole troupe senses the enmity and danger to Buddy. At the

Opens

opening performance of the State Fair engagement, Buddy works without a net under him. He, too, is now aware of his danger but he goes through with the act as rehearsed, even insisting on being blindfolded for the big climax. Lukas obviously plan to drop him and then claim it was an accident is foiled when Buddy swings past him and, in a difficult trick hangs by his feet. After the show, Lukas gives Buddy an hour to leave the show. Buddy refuses and a terrific fight ensues. Lukas is forced to leave and the lovers are united.

FIRST CHRISTIAN CHURCH

The expected happened last Sunday in the Bible School. The little folks went ahead of the rest of the departments in getting folks out to Bible School. More people in Bible School last Sunday than any time this year. Next Sunday the ladies are going to have another chance. The Missionary Society will have complete charge of the school. If you want to see something put over in an enthusiastic way be there promptly at 9:45 a. m. You will not regret it and your being on time will help wonderfully in the program. The attendance at the Lord's Supper continues to improve. If you are not following the example of the early Christians begin now, and meet your fellow Christians at the Lord's table each Lord's Day morning. Pentecost is not far off, and we are striving for 100 per cent attendance at that time. Bible School 9:45 a. m. Preaching and Lord's Supper 11:00 a. m. Preaching 7:30 p. m. Mrs. F. M. Robertson of this city is visiting her parents, Mr. and Mrs. W. E. Lowe of DeLeon, Texas.

Haskell Baptists

Hear Our Men Sunday 11:00 A. M.

The men of the Baptist Church will render a program Sunday morning that will be worthy of a large hearing. We have a large number of laymen who would be a credit to any church. The public will have the privilege of hearing them Sunday. The men will have charge of the choir, special numbers, scripture reading and the sermon. When you hear this service you will wonder why we do not have more services like it. We promise the public now that we will.

Hear Our Women Sunday 7:30 P. M.

The climax should always come at the close, so the day will close with a service that will lift you up into heavenly places. The spirit of consecration found among our women is encouraging to any pastor. They spend hours reading books on missions and studying the Bible that the average man does not know about. The men will take a back seat and turn the whole service to the women. Come early if you want a seat.

Food For Thought

Two or more words that mean exactly the same thing can be used interchangeably and the reading will make good sense. Take Romans 6:35 for example: 3. Know ye not that so many of us as were baptized (immersed) into Jesus Christ were baptized (immersed) into His death? 4. Therefore we are BURIED with Him by baptism (immersion) into death, etc. 5. For if we have been planted (baptized or immersed) together in the likeness of His death, etc. THE CHURCH ORCHESTRA WILL BE AT ITS BEST

as it has my wife. Genuine Orgatone may be obtained in Haskell at the Oates Drug Store—Adv.

KAZMEIER BABY CHICKS

Kazmeier baby chicks are generally considered the best money can buy. Our chicks come from trap-nested, blood-tested and pedigreed bred hens. Pullets raised from our chicks will lay from 40 to 100 eggs more in a year, than pullets that are raised from ordinary chicks that do not come from trap-nested hens. If you buy cheap chicks, you will have cheap pullets. It takes just as much feed, labor and time to raise one of our trap-nested chicks as it does to raise one of the ordinary chicks.

The Whole World is Turning to Ford!
DID YOU KNOW?

The life of the average automobile is six years and nine months? The average cost of operation for a 4 cylinder car is 6.43 cents per mile?

These figures are based upon an average of 11000 miles per year according to the American Motorists Association. These mortality figures are based upon replacement data furnished by automobile manufacturers. The cost per mile is computed from detailed cost accounting records covering 800 typical automobiles operated in various parts of the United States.

The largest single item in the composite average automobile, for both four and six cylinder machines was maintenance, followed in both types by depreciation, and gasoline consumption. The following is a comparison of the operation costs of the average medium four and six cylinder types:

Items	Cents per mile 4 cylinder.	Cents per mile 6 cylinder.
Maintenance	1.72	2.14
Depreciation	1.39	2.09
Gasoline	1.31	1.52
Tires	.64	.80
Garage	.44	.44
Interest	.36	.71
Oil	.22	.20
Insurance	.21	.26
License	.14	.24

The above figures are computed on a mileage of 11000 miles per year, getting an average of 17.53 miles per gallon of gasoline for the average 4 cylinder car and 13.19 miles per gallon for the average 6 cylinder car.

During the year 1929 Ford's increase in sales was 217 per cent over 1928. Nearest competitors increase was less than 1 per cent.

Here Is The Reason Why

When you buy a FORD!
You pay less money for it!
You pay less Factory profit!
You pay less dealer's commission!
You pay less freight!
You pay less for the equipment!
You pay less handling charges on the paper!
You pay less to keep it running!
BUT you take less depreciation when you trade it in for a new car!

CONSIDER THESE FACTS WHEN YOU BUY YOUR NEXT CAR!

BRUCE W. BRYANT FOR DISTRICT JUDGE 37TH JUDICIAL DISTRICT

(Continued From First Page)

TO THE PEOPLE OF THE THIRTY-NINTH JUDICIAL DISTRICT:

On the 26th day of next July, you are going to employ a judge to preside over your district court for the next four years, beginning Jan. 1, 1931. I have had the honor, for which I am profoundly grateful, to serve you in this capacity since about the first of April 1924. I served nine months by appointment, two years by election and then, when the present term expires, four years, a full term, by reelection. How well I have performed the high duties entrusted to me is a matter of public record, open to inspection by all, and is not for me but for you, by your ballots, to say. I will say that I have given you six of the best years of my life. I have endeavored at all times to be just, fair, impartial and courteous to every person having business with your court. I have tried to dispatch the business of the court as rapidly as possible without causing injustice to miscarry. I have tried to save the taxpayers every dollar I could without being penurious. I have never in the trial of any case had but one purpose in view and that was to see justice done. Justice knows neither color, creed nor sex and the sole and singular purpose of courts is to see that justice is done. I have never permitted any person, or persons, to dictate to me how I should run your court. My only dictator has been the constitutions, the laws made in pursuance thereof, my oath of office and my conscientious interpretation thereof. I have always done my duty as I understood that duty, to be and that regardless of who it pleased or displeased. It is for that reason, if for no other, I have an opinion. I make this statement honestly and without any reservation whatever. It was in April 1924 that I first knew that I would have an opponent at this time. My opponent was one of the four lawyers employed to defend a man in the district court of Haskell County, charged with selling whiskey. Among the recipients of which were three school boys, all about seventeen years of age. When the time came for trial the defendant claim-

ed to be too sick to stand trial and made a motion by his attorney for continuance. After a full investigation, I concluded that he was feigning illness and ordered him brought into court. He was brought in on a stretcher and tried. It took from Thursday afternoon until early Saturday morning to conclude his trial. During all of that time he never once complained to me of being sick. When the jury returned its verdict of guilty and assessed his punishment at confinement in the state penitentiary for a term of two years, he, being fully dressed, got up from his cot and walked to the jail where he remained 18 days before he was brought into court seeking a motion for new trial. During the time he was in jail, according to sworn testimony, he never asked for any kind of medical treatment and only took one aspirin while he was there. When I put him to trial, some of his lawyers became very indignant at me and my opponent informed me in substance that I would be defeated at the next election. Because he then stated to me, in the presence of two of his co-counsel in the case, and men in whose integrity and veracity I have the utmost confidence, "You are in the saddle now but there is a time coming when you will not be."

He immediately began to boost one of his co-counsel in this case as a logical candidate to succeed me and when he declined last October to make the race, he (my opponent) immediately started campaigning and is now devoting all of his time to that purpose. I told him then and I tell him now, along with the rest of the world, I may never be judge any longer than this term but as long as I am judge I am not going to let the criminals and their lawyers run your court. This case was promptly affirmed by the Court of Criminal Appeals and at the time this is written the defendant is still in the penitentiary. If you, the people to whom the office belongs are satisfied with my services as your judge, I will consider it a great honor to continue to serve you. I have given the best of my life to your service. My record has not been assailed and it cannot be successfully attacked. I am getting along in life where the shadows fall far to the Eastward. With the increased burdens that came to a man of my age, I need the office from a financial standpoint more than I have ever needed it before. I have stayed with the office for ten years as well as in fat cases. If elected I will not resign to run a law partnership with some one simply because I think I can make more money than the state pays me. This was what my opponent did

when you elected him your district attorney. When he resigned after serving less than eight months of his second term. He knew that within a few days that his office would pay as much salary as the district judges office then paid.

I respectfully submit that I am now in a far better position to render you efficient service than I have ever been before. I have learned many things by experience and otherwise since I have been your district judge that will enable me to make you a more valuable servant. The office is yours. You can retain me as your servant or you can discharge me as you, in your wisdom, may see fit. Your will as expressed at the ballot box is supreme. From your verdict there is no appeal.

With a heart full of gratitude for the confidence often expressed by you in my honor, integrity and ability, I humbly submit my record as your district judge for your approval, firmly believing that you will not, by your ballots, put your stamp of disapproval upon my official acts simply because I have dared to perform my duties according to law and have at all times honestly endeavored to uphold the dignity and majesty of the law as required to do under my official oath of office.

I will not be able to see each of you personally because court will be in continuous session until the second week in July. I must in the meantime attend to the duties of your office—the purpose for which you elected me. I, therefore, must largely content myself by relying upon your fairness and good judgment. Assuring you of my grateful appreciation for your support and continued good will, I am, Your servant,

Bruce W. Bryant

The Berean Class, "The Class of Southern Hospitality."

Now listen here, you better watch these Bereans, for they'll pull fast ones on you even when you are looking them straight in the face. That's just the kind of group they are—Up in the collar and rarin' to go. If you don't believe it just listen to this. On Monday night, March 24, the officers of the class met and planned the work of the class for the ensuing three months, beginning April 1st. They divided the class into 4 groups, elected com- petent group captains, and started a contest. The ultimate object of this contest is an increase in membership, of course, but they planned to terminate it in a social, the ex- pense of which is to be borne by the two losing groups.

And another thing, they decided to send the president of the class to the S. S. Convention at Austin, April 15th to 18th inclusive, as a representative of the Berean Class of the Young People's Department of the First Baptist Church of Has- kell, Texas. And he is going to bring a report back to us that's go- ing to make us regret that we didn't send all of us.

We have been studying the book of Matthew for the past 3 months and shall continue to study it for the next three months. Mr. Conner has been giving us some mighty good discussions. We offer that fact, as our main attraction and invite you to come to see us. Just come and visit us and I am sure you'll join us.

The lesson next Sunday is taken from Matthew 16:13-26. Come listen in. I'm sure you'll enjoy it. Re- member the Berean Class, "The Class of Southern Hospitality."

The Ruth Bible Class.

The Ruth Bible Class of the Baptist Church met in the regular social and business meeting March 26, in the home of Mrs. Vergil Brown with Mesdames Ora Pippen and Travis Everett as joint hostesses. The president Mrs. Pippen led the devo-

tional and presided during the busi- ness session. At the social hour the guests were invited into the dining room where a surprise awaited Mrs. J. A. Gilstrap, the teacher of the class. The class had a friendship quilt up and ready to be quilted for her. An enjoyable time was had by all as we gathered around and spent several hours quilting.

The hostess served delicious re- freshments to Mesdames: J. A. Gil- strap, Bon Adkins, Lonnie Blaughm, Boss Adkins, S. L. Parks, Floyd Self, H. A. Oliver, Hayden McDon- ald, Mathis McCarty, R. L. Burton, Carl Power, Tom Holland and Frank Reynolds.

Harmony Club.

One of the outstanding programs of the year was given by the Har- mony Club on Wednesday after- noon, March 26 at the Methodist church. The church was made beautiful with bowls of sweet peas, large baskets of flowers and pot plants. Mrs. E. Gaston Foote in her usual charming manner received the guests at the door and intro- duced them to Mrs. C. L. Lewis, the president of the club who was first in the receiving line. Others in the receiving line were Mesdames, Scott, Koonce, Reynolds, Williams, Bailey and Miss Eunice Huckabee. Miss Huckabee in a charming manner directed the program in which the main theme was organ music.

Miss Annabel Burt gave an in- teresting paper on "The History and Development of the Organ."

Mrs. O. E. Patterson rendered two organ numbers.

Mrs. Geo. H. Morrison read a paper on "The Lives of Great Organ- ists."

Mrs. Wayne Koonce gave a vocal solo.

It was indeed a great pleasure to have Miss Fincher of Rule who played two organ numbers.

Mrs. Vaughn Bailey sang, "My Redeemer and my Lord" by D. Buck.

Chorus by Club, "Praise Ye the Father."

Vocal duet, "The Lord Is My

Shepherd," by Mesdames Williams and Lewis.

The program was closed with two organ numbers by Mrs. Patterson, "To a Wild Rose" and "Maestosa" by McDowell.

PRESBYTERIAN CHURCH

Next Sunday April 6th will be the first Sunday in the new Church year. This is always a service of special interest. We are beginning on a new year's program, and the reports for the year just closed will be read to the congregation. These reports will then be sent in to the spring meeting of the Presbytery.

This will also be a communion ser- vice. As we begin the year it is fitting that we begin it by taking the sacred emblems which signify the broken body and shed blood of our Lord.

At this service the pastor will preach on the subject, "In the Cross of Christ I Glory."

The Sunday evening service will begin at 7:40 and the pastor will preach on "Salvation as God Gives It."

It's so needless to take a chance when safety may be purchased at a few cents a day. Yearly, experience proves the value of Fire Insurance. The wails and moans of the uninsured contrast vividly with the satisfaction of those compensated for their losses.

WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money.

Mass Meeting of Farmers Saturday

Plans of Securing Better Planting Seed Will Be Discussed.

Business men of Haskell are to meet in the city Saturday at 2:30 for the purpose of working out a plan for securing better planting seed to be put into the county.

It is pointed out that good planting seed is the greatest need of the farmer. It means everything of value to our main crop, and it is the duty of the farmer to see that the best seed is available. Mr. Feterita and others are making it of vital importance to the farmer as well as the farmer.

Three hundred farmers are expected here for the meeting. The question of good seed concerns whether he be farmer or not, for without the far better seed the business man will not go elsewhere to get it.

Speakers will offer talks on ways to get the best results from the seed that are grown in the county and bankers will discuss the united effort of the county back on the Haskell Seed Program.

The most elaborate and complete program of the school year given before the North Texas Teachers Association City Civic Attraction, April 10, 3:30 p. m. has been designated as the Haskell Seed Program.

Miss Johnnie Morgan of Stamford spent last week end in Haskell, the guest of her parents, Mr. and Mrs. E. M. Morgan.

Mr. and Mrs. Allen Reed and son Allen Jr. of Wichita Falls, spent the past week end with relatives in our city.

Teachers to Plan Tournament at Meeting Tonight

Golfers are expected tonight at the annual Haskell Golf Club, the Tonkawa Hotel and the club are present, and all prospective members are interested. A cordial invitation is extended to all members of the club to attend the meeting. The program has been arranged on a special occasion, and a real treat for all who attend. The club is in a fine way in attending to the needs of its members. Mr. Wair, who adds that everyone in Haskell is desired at the meeting, also, and the surrounding towns will be arranged.

A banquet will not be an hour's time. It is a gathering of one-act and two-act plays and a program of music.

HERSHEY SEED NOW AVAILABLE IN THIS CITY

Hershey seed that a number of farmers ordered for planting is now available at McCollum & Couch Hardware Store in Haskell, according to County Agent, Joe C. Williams.

"Some have made inquiry in regard to planting," said Mr. Williams. "The best way and time to plant as far as I can learn is wait until you plant cotton and after 10 days then plant Hershey. Hershey, like maize will stand in the field for a long time without going on and maturing if planted too early. Then to get the best results where a small amount of seed has been booked, it would be better to plant some rows with the hoes and wait for a few days and plant some more, then when you decide there is sufficient moisture in the ground, with plenty of warmth, plant a third of the seed—wait five days, plant another third and in five more days plant the remainder. As this is a new plant for this section do not risk planting all at one time for if it is what it is supposed to be we would like to be assured of our planting seed—that is why I suggest making the plantings at different times."

POST FARMERS STUDY DAIRY AND POULTRY PROBLEMS

Post community continues to get good crowds out for their night school in studying community problems that are centered on poultry and dairying. It will be of interest to note that every farm in Post community is either on water level or terraced. Along with their poultry and milk cows the folks down there are planning to plant plenty of feed to feed the cows and poultry for there is not any money in buying all the feed when most of it can be grown on the home farm.

Bryant Announces Candidacy for District Judge

The Free Press is authorized to announce the candidacy of Judge Bruce W. Bryant for the office of district judge to succeed himself for his second full term. Judge Bryant was appointed district judge by Governor Neff, about April 1, 1921, to succeed Judge W. R. Chapman, resigned. He served nine months under this appointment; was elected in 1924 for a term of two years, the remaining unexpired term of Judge Chapman; and in 1926 was re-elected for his first full term of four years. In February 1927, the counties of Jones and Fisher were taken out of the district.

During the six years that Judge Bryant has been on the bench he has established an enviable reputation as an able, just and upright judge, uniformly courteous to the lawyers, litigants, witnesses and jurors. He has a way of making jurors realize that they are the most important part of the court and is always solicitous of their comfort and welfare. Few, if any, district judges in Texas have had as few reversals as has Judge Bryant. Since the formation of the new district, he has so far had only four criminal cases reversed out of 29 appeals. He likewise has but few reversals in civil cases. His dockets are now practically clear in all the counties.

We submit the candidacy of Judge Bryant to the thoughtful consideration of the people of this judicial district. Below is what the judge

PRESBYTERIAN REVIVAL CLOSED SUNDAY NIGHT

The Revival meeting held at the Presbyterian Church last week was well attended at every service, and there was a fine interest all the way through both on the part of the church people and also by those who were not members of any church. Large crowds filled the house each night. Rev. M. H. Applewhite's sermons were of the highest type and were appreciated by all who heard him.

The interest in the meeting was greatly helped by the fine group of children who attended the services in the afternoon at three thirty. There were some 65 or 70 children who came to these meetings. On Friday afternoon they were given a treat of ice cream in Dixie cups.

There was also a large group of young people who met each evening just before the general service, and their programs were very good indeed. These young people enjoyed a social hour on the church lawn Saturday evening at six o'clock. This meeting will long be remembered and there is much good that was accomplished by it. Three men united with the church on profession of faith in Christ and there are some others who are deeply interested.

Friends of the family will regret to learn of the death of Mrs. J. S. Wankan, 57 year old Dexter lady who passed away Wednesday morning at 4:15 following several days illness.

The Abilene News Census Blank

In Wednesday's issue of the Abilene Morning News appeared a copy of the census blank containing all questions that will be asked by the Enumerator when he or she calls. It would be well for parties who have a copy of this paper to study this blank or better still have it filled out and ready for the enumerator when called for. It will save time and you will be relieved of the trouble of trying to remember dates, etc., on short notice.

SECOND CONCERT MUNICIPAL BAND ON NEXT SUNDAY

The Haskell Municipal Band will play its second concert next Sunday afternoon on the south side of the square. Director Meacham states that there has been a splendid program arranged.

Profit On Eggs for Three Months Totals \$165.08

As proof that the poultry industry in Haskell county can be made a well-paying proposition, we offer the figures kept by J. T. Therwanger well-known resident of this section for many years, who was a pleasant caller in our office Tuesday.

Mr. Therwanger states that he has kept close tab on his flock of 396 hens during the past three months of this year, and cites them as follows:

During the month of January, the flock produced 1,563 eggs, which brought a profit of \$4.70 after costs of feed and housing had been deducted.

For the month of February, egg production showed a remarkable gain, with 5,329 eggs produced during the month which brought a profit of \$70.03 after paying for the feed.

And in March, the flock nearly doubled in egg production, with a total of 9,992 eggs produced, bringing a profit of \$90.35 above the cost of feed.

For the three months, Mr. Therwanger figures a net profit of \$165.08 on his flock—better than \$50.00 per month; and too, when it is considered that the month of January was the coldest in years and was a hard month on the poultry industry, we believe that the record of this flock is a remarkable one.

NEW MANAGER FOR THE ARMOUR CREAM STATION

Announcement is made this week of the change in management of the Armour Creameries, Inc., with Mr. C. C. Veach taking over the management of the house succeeding W. B. Price, manager since the opening of the branch here several months ago.

Mr. Veach is an experienced poultry man, having been engaged in this business for a number of years. He states that he is very favorably impressed with the outlook for the poultry and cream industry in this section, and is anxious to make acquaintance of our farmers and others who are interested in this industry. He extends a cordial invitation to rural customers to visit his station when in town, whether they have produce for sale or not. Convenient parking space is available north of Armour's and Mr. Veach wants the farmers to make his place headquarters while in town. Make it a point to call and get acquainted with him the next time you are in town.

Mrs. Kenneth Thornton and little son Jackie of Sacramento, Calif. were guests in the home of their parents Mr. and Mrs. E. M. Thornton the past week. Also Mr. and Mrs. Marvin C. Mrs. W. T. Sarrels and Miss Thelma Perry were visitors in Stamford Monday, Tuesday and Wednesday of this week. They were visiting Mrs. Will Netherland of Hamlin, who is confined to her room in Stamford Sanitarium, suffering from a broken limb. Mrs. Netherland is the mother of our Sheriff, W. T. Sarrels of this city. Mr. Sarrels is confined to his bed, and is unable to visit with his mother this week. We hope for both, a speedy recovery.

With the largest vote ever polled in the city election, last Tuesday's municipal election was also marked as one of the quietest in the history of the city. Although the record-breaking vote would indicate a hotly-contested affair, such was not the case, with no issues in any of the races for offices.

For Mayor, Emory Menefee received a majority vote over T. C. Cahill, present holder of the office, the only two men in the race.

Al Cousins was elected City Marshal, defeating W. E. Welsh and Alex Edwards. For City Secretary-Treasurer, David Perrin was elected over his two opponents, Mrs. Lola Welsh Bledsoe and Mrs. John T. Wilson.

In the selection of Aldermen, two of the present Aldermen, C. V. Payne and Leo Southern were retained, with Henry King being elected to fill the place formerly occupied by M. F. Spurlock.

A city ordinance prohibiting the keeping of hogs within the city limits carried by nearly three to one.

The votes polled for the various candidates were as follows:

FOR MAYOR:	
T. C. Cahill	259
Emory Menefee	444
FOR CITY MARSHAL:	
Alex Edwards	125
Al Cousins	285
W. E. Welsh	195
FOR SECRETARY-TREASURER:	
Mrs. Lola Welsh Bledsoe	157
D. H. Perrin	285
Mrs. John T. Wilson	235
FOR ALDERMAN:	
C. V. Payne	439
Leo Southern	494
Henry King	485
C. L. Lewis	294
F. T. Sanders	227
For the Ordinance	425
Against the Ordinance	142

City officials for the coming two years selected in Tuesday's election are: Emory Menefee, Mayor; Al Cousins, City Marshal; D. H. Perrin, City Secretary; Aldermen: C. V. Payne, Leo Southern, A. C. Pierson, J. B. Post, Henry King.

T. C. Cahill, outgoing Mayor, has served two terms in that capacity, and during that time his administration has seen the most rapid development in a civic way that Haskell has experienced in the past twenty years. More than a mile and a half of paving; a new city hall; new sewage disposal system and extensions of the system; water-works extension; are a partial list of the many civic accomplishments during his administration, and during this time natural gas has also been made available in Haskell.

W. E. Welsh, City Marshal for the past two terms, has made an efficient and popular officer in this capacity. He has kept up with the duties of his office in a manner that reflects credit upon himself, and the town he has served.

Open House at Library Scheduled for Tonight

To celebrate the opening of the Magazine Club library as a free library made possible recently when the City Council accepted the library as far as maintenance was concerned, will be celebrated with an open house and book shower tonight at 7:30. The public is cordially invited to the affair, which will mark the opening of the library as a free institution sponsored by the city.

It is the desire of both city and the Magazine Club that the people of Haskell county, and especially the school children, make use of this library. There are some splendid reference books, too good dictionaries, classics, literature and fiction, and new books will be added from time to time. Attend the opening tonight, and in the future make it a point to visit the library often.
