# Second Front Soon

It seems safe to predict that the second European land front will be established soon, not because of the pressing vocal demands of Moscow and of Communist fellow-traveler elements here, but because sound military considerations now make a second land front feasible.

Perhans it will not be accurate to speak of what is ahead as "a second front." If laymen may be permitted to speculate, conceding in advance that they are merely drawing what seem like logical inferences, it is not, one new land front that we should expect, but two or three or perhaps even more.

If you wish to shape the pieces in balls the size of melon ball cocktail you may do so, but they should be somewhat "stacked" on the plate and they could roll off a regular dinner plate. If serving them on flat plates, better serve them in halves. The main thing to remember about serving melon is to have it very cold. You can take your melons to the ice house or refrigeration lockers for several days and they will be in fine shape to serve at the party.

WARTIME economy demands that we make the best use of what we have. GOOD LIGHT, so essential to good work, can be BETTER light, just by keeping light bulbs and glass diffusing bowls clean.

There's no rationing on soap and water, so improve your lighting in a few minutes this easy way. Disconnect your lamp and unscrew the bulb and wipe it with

a damp cloth. Remove the glass diffusing bowl and give it a good bath in soap and water. Be sure the bulb and bowl are dry before putting them back in the lamp. You'll be agreeably surprised how much more light you get.

White Shade Linings give more light. You can "roll your own" by marking the shade outline on good white paper. Trim to fit inside of the shade and fasten with Scotch tape.

Keep Spare Fuses on hand to save you time and trouble if a fuse blows. First, disconnect any lamps or appliances that may have caused the fuse to burn out, and then replace the blown fuse.

# West Texas Squad Favored To Defeat East In Annual Oil Bowl Grid Battle

WICHITA FALLS —(P)— West and North Texas squads battle Wednesday night in the sixth annual Oil Bowl football game, with the Westerners, coached by Dell Morgan, ruling as slight pre-game favorites.

However, the North team was by no means counted out. Both squads are made up of outstanding players who finished their high school athletic careers last season. Coach Homer Norton of the North-ern eleven praised some of them as among the best coming up from high schools this year.

Thirty Candidates Issued Togs For First Work-Out Wednesday Morning

About 30 candidates for the 1943 edition of the Midland High School Bulldog grid team answered the whistle at 7 a. m. Wednesday when suits were issued and the first practice of the fall season was held. Seven lettermen from last year were in the group which reported to Coaches Gene McCollum and Jack Atkins at the high school gymnasium.

Fope Pius Urges World's Leaders To Halt Hostilities, Reach Just Peace

"A Better Department Store"

LONDON (AP)— Pope Pius XII called upon the world's leaders Wednesday to reach "a just peace," expressing his hope and faith that 1943 would see the end of war "and a new dawn of peace." The pontiff spoke  $\sim$ in Italian for 14 minutes over Vatican radio.

Pope Pius recalled efforts to halt hostilities before they began and suggested that his present words of mediation-addressed especially to "all those willing to cooperate for peace"-would be to the advantage of every belligerent without excep-
