Second Battle Of Crimea Underway

Soviets Plunge Toward Perekop To Trap Enemy

Germans Continuing To Retreat Rapidly Under Red Assaults

LONDON — (AP) — The second battle of the Crimea began Sunday with Gen. Feodor Tolbukhin's steppe legions hammering at its northern gate and plunging down the last 22-mile lap toward Perekop to slam shut that northwestern escape door on huge German forces in the peninsula.

A midnight communique supplement announced that the Russians continued to pursue the retreating Germans after they took the town of Genchesk by assault, killing over 2,000 Nazis at the northeastern edge of the Crimea.

Another column captured the town of Askaniya Nova, only 22 miles from Perekop and the last railway escape for the hundreds of thousands of Germans.

Considerable quantities of German munitions, equipment and stores fell to the Russians in their spectacular drive across the No-gaisk Steppe to the fringe of the Crimea, which may be sealed off in a matter of hours.

The Russians advanced up to 22 miles in Saturday's drive and swept up a total of 150 more towns in the desert scope in a drive of 56 miles exactly a week after the capture of Melitopol, said a Moscow communique recorded by the Soviet monitor.

2,000 Nazis Killed
In the Dnieper River bent more than 2,100 Germans, and swept further Russian attacks that sent the Germans fleeing in disorder in at least one sector.

Gen. Rodion Y. Malinovsky's forces pushed ahead three to five miles toward Nikolov, manganese center, capturing Bodzhadarova, 43 miles southwest of Dnepropetrovsk and about an equal distance above Krivoi Rog on a rail line.

At Krivoi Rog itself the Russians were standing off waves of German tank and infantry counter charges which cost the Germans 1,000 dead, the communique supplement said. In one sector the Germans used 100 tanks which were fired after 28 were smashed. In another sector, 25 more tanks were destroyed.

River Crossings Expected
In the south, Tolbukhin's cavalry-paced columns spread over the great steppe like a flood, reaching the shores of the Sivash or "Putrid" Sea, formed by a thin bar of land between the eastern shore of the Crimea and the Sea of Azov.

One Cossack column swept into Dmitrievka, 16 miles from the Dnieper at Kakhovka. The Russians thus were swinging into position for at least two crossings of the river, at Kakhovka and near Nikolov where Russian forces were beyond Blagoveshchensk, only five miles from the river.

Such crossings would strike the rear of reinforced Germans defending Krivoi Rog and the last remnants of German-held territory in the Dnieper Bend.

Allies Urge Agency For Post-War Italy

NAPLES — (AP) — The shelving of both King Vittorio Emanuele and Crown Prince Umberto in favor of a regency for Umberto's 6-year-old son, the Prince of Naples, was proposed for Italy as American and British representatives conferred with a group of the foremost Italian political leaders Friday.

The conferences were believed to have dealt with Italy's future government, and afterward Benedetto Croce, perhaps the country's most powerful political figure, suggested in an interview that a regency for the boy prince under Premier Pietro Badoglio was the answer to the need for a stronger government than Badoglio now heads.

Commission Reports 66 Well Completions

AUSTIN — (AP) — The Railroad Commission reported 66 regular oil well completions for the week ending Saturday, bringing the year's total to 1,846 compared to 2,781 for the same period in 1942.

Three gas wells were completed. Drilling applications numbered 113 for a 1943 total of 4,104 compared to 4,146 a year ago.

Midland Seems To Have Been Spared Results Of Usual Hallowe'en Pranks And Foolishness

Goblins and witches apparently were busy in some other locality Saturday night or else will do their devilments Sunday night in Midland. Although Hallowe'en is Sunday, observance by the nation's young folk was general Saturday night, but Midland apparently escaped the pranks and horseplay of the traditional All Hallowe'en. Only a few windows were marked with soap, and that seemed to be the extent of the damage inflicted. Police reported no disturbances. School children from 7 to 11 observed the occasion with a Hallowe'en carnival at the high school gymnasium under auspices of the North Elementary School P.-T.A. A western-style barbecue, followed by a dance and party, furnished entertainment for soldiers and their companions at the Midland Army Air Field. Several private parties also were held.

More Than 150 Volunteer Workers To Launch United War Chest Drive Here Monday In Effort To Obtain \$15,000

Hoping to reach Midland's record quota of \$15,000 in the National War Fund campaign by the end of the week, more than 150 volunteer workers will launch the United War Chest drive on a city-wide basis here early Monday.

The campaign will continue until every man, woman and child of the county has been called upon to contribute to the War Fund which combines the appeals of the USO and 16 other war-related agencies.

Allies Progress In New Drives On Bougainville Area

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC — (AP) — Allied invaders of the Treasury Island are pushing its few hundred Japanese defenders toward the northern tip and seaborne American paratroopers who landed on Choiseul, splitting enemy forces there, are consolidating their positions.

These developments in the newly opened offensive on the approaches to the last big Japanese Solomon base of Bougainville were announced by headquarters Sunday. 12 Japs Downed
Belatedly it was disclosed that after American and New Zealand amphibious troops landed Wednesday on Treasury, 30 miles south of Bougainville, 25 Japanese divers-bombers and fighters tried to interfere. They were intercepted to the north of the eight-mile long island by Lightnings, Kittyhawks and Airacobras which shot down at least 12. All the interceptors returned to their bases.

The report was the first of any appreciable enemy activity in the sector where his bases were bombed prior to the invasions. An indication that the Japanese also may be moving inland reinforcements was given in a report that north of Bougainville a troop-lander coastal vessel was bombed and sunk.

Resistance Is Light
On the southwestern shore of Choiseul, where paratroops achieved unopposed landings on ships Thursday at a village close by a Japanese barge staging depot, the communique Saturday confined itself to "our ground troops are consolidating their position." There was no indication that any fighting had occurred yet.

At South Pacific headquarters of Admiral Halsey, a spokesman who elaborated on MacArthur's communique said the invaders "continued to push enemy forces back." First reports after the landing told of the Japanese withdrawing without a fight.

He also amplified the Treasury air battle, saying the enemy planes appeared in mid-afternoon whereas the landing operations began at dawn that morning. The Allied interceptors slightly outnumbered the enemy. The spokesman made no comment on the results of the Japanese bombing attempts.

Ban On Forecasts On Weather Is Removed

WASHINGTON — (AP) — Those sketchy weather forecasts which have been the rule since the war started are going back to normalcy Nov. 1.

Beginning then, the weather bureau said Saturday, newspapers, radio readers and radio listeners can count on getting details on what to expect for 48 hours ahead, and possibly even longer. Since Dec. 7, 1941, for now-fading security reasons, the bureau hardly looked a day ahead for the public and then in only the most general terms.

War Bulletins

LONDON — (AP) — A fresh batch of reports on unrest and disorders in the Reich and occupied countries Saturday included a story by Aneta, Netherlands news agency, that a letter smuggled out of Germany had disclosed an anti-Hitler underground move for peace.

LONDON — (AP) — A Dutch statement made in London Saturday said that eight more Dutchmen had been sentenced to death in Amsterdam for sabotage and espionage and seven already had been executed.

ALLIED HEADQUARTERS SOUTH PACIFIC — (AP) — The sinking of a troop-laden Japanese vessel by Allied planes off Buka at the northern end of Bougainville, far above the Allied landings at Treasury and Choiseul islands, was announced in a communique Saturday.

Midland Airport No. 2 Will Start Operating Monday

About 100 Enlisted Men On Duty At New Ferrying Terminal

Midland's Airport No. 2, under command of an Army Ferrying Service Detachment, will be open for business Monday morning, Capt. Sam H. Lane Jr., commanding officer, announced late Saturday.

Opening of this field to air traffic gives the Ferrying Service of the Army Air Transport Command one of the finest ports in the entire Southwest.

Approximately a hundred enlisted men were on duty at the port Saturday night, completing the detachment which will operate the air field. They are from the Fifth Ferrying Group which headquarters at Love Field, Dallas.

Adjutant at the field is Lt. Joseph J. Garrison. Lt. Gordon D. Patrick is operations officer. Warrant Officer Charles L. Brown is mess officer. He formerly was assistant mess officer at Love Field.

As the control tower at the field has not been completed, a mobile mess hall was moved to the port and will do the work until the tower is finished and all its equipment installed.

Move To New Offices
Captain Lane and his staff moved to their new offices in the headquarters building Saturday, the mess hall was in operation, and enlisted men had moved into their barracks.

Arrangements were started Saturday to transplant a number of trees to the building area on the air field.

About fifty enlisted men arrived at the field Saturday night. 850 Acres Of Land
More than 850 acres of land are in the port. The city owns 720 acres and this is under lease to the government. In addition, the government has leased 132.8 acres at the ends of the long runways to comply with glide angle regulations.

Two of the runways are about 6,400 feet long and 150 feet wide. Buildings have been erected and the port promises to be one of the busiest in Texas.

Bus service to the airport started Saturday night and a new road will be constructed to the area soon.

Yugoslav Guerrillas Engage Germans In Battles Across Hungarian Border

LONDON — (AP) — The Yugoslav partisan radio announced Saturday that guerrillas had pushed their way across the Hungarian border in bloody fighting with the Nazis and Saturday night other partisan forces were reported battling the Germans in the Fiume-Trieste area after joining up with a strong group of Italian partisans.

DNB, the German news agency, in a broadcast from Berlin, admitted the Yugoslav-Italian opposition, declaring that "mopping up operations against the guerrillas in the northeast corner of Italy" is progressing, with 500 captured and 1,600 killed, but added, "in Dalmatia the guerrilla war still continues."

A communique broadcast by the Yugoslav Army of Liberation said partisan forces crossed into Hungary from Zagore Province, north of Zagreb and were engaging the enemy.

Nazi Column Defeated
In Dalmatia, the communique said a German column was defeated after 10 hours of bitter fighting in which some 150 Nazi soldiers were killed or wounded.

The partisans of Gen. Josip Broz (Tito) were aided in Dalmatia by 20 Allied planes which bombed enemy columns near Ston, Metkovic, Split and other communities near Knin, 45 miles north of Split, the communique related.

A dispatch from Cairo, where the Yugoslav government-in-exile has its headquarters, said the forces of Gen. Draja Mihailovic now controlled large areas throughout the interior of Yugoslavia, and added that local courts now were functioning and the Yugoslav flag flying over public buildings.

Previously Tito's partisans had reported that vees — democratic assemblies — were operating in liberated territory.

Sixteenth District American Legion Conference To Be Held Here Sunday

More than 100 Legionnaires are expected in Midland Sunday to attend the sixteenth district American Legion war conference opening with registration at 8:30 a. m. at Hotel Scharbauer. Fred T. Haddock of Texon, district commander, will preside over the all-day program.

Rehabilitation of service men of this war and of World War One will be discussed at a meeting at 9 a. m. in the district courtroom on the third floor of the courthouse. Reports of committees also will be heard during the session, and G. Ward Moody of Austin, rehabilitation field director of the state department, will make a short talk.

Mob At Levelland Scattered After Brief Cafe Fight

LUBBOCK — (P) — Hockley County Sheriff Ed Hofackett of Levelland said an angry crowd of cotton pickers of Latin-American origin gathered Saturday at Levelland after a brief fight but that serious trouble was averted through arrival of officer reinforcements.

Hockley County Judge Jim Ellis told The Lubbock Avalanche-Journal that "at least 1,000, maybe twice that many cotton pickers gathered in the street and on the courthouse lawn" across from a restaurant.

The sheriff said the disturbance started during the afternoon when a group of cotton pickers sought service in a restaurant and were refused, and that some of the patrons of the restaurant attempted to enforce the refusal. He said one cotton picker was injured slightly.

Levelland is 30 miles west of Lubbock. For a time, said Sheriff Hofackett, the situation appeared tense, but city, county, and state highway patrol officers were called from Lubbock and things quieted so that Saturday night about 70 per cent of the crowd of cotton pickers had dispersed.

He said the Texas Defense Guard at Levelland had been asked to stand by to prevent a recurrence of the trouble.

Full Shut-Down Of Mines Near; 115,000 Men Out

Situation Expected To Force Decision To Last Duration

WASHINGTON — (AP) — The number of striking soft coal miners climbed 115,000 Saturday, heightening prospects of a virtual complete industry shutdown by Monday.

Monday also may bring a settlement, in one fashion or another, of the issue which has kept the industry torn with controversy and turmoil since early September. The United Mine Workers' committee meets here, and President Roosevelt has promised, unless this meeting brings a better-to-the-mines movement he will take "decisive action."

Whatever the climax, the general expectation is that this time situation will force some arrangement, government-imposed or otherwise, holding good for the duration.

In other developments: 1. The War Production Board limited the strikes in Alabama, Indiana and elsewhere where the curseries of walk-outs began Oct. 10, have caused the loss of 100,000 tons of iron and steel output.

2. WPB also stood ready, in case of a prolonged strike, to ban of mental street lighting, show windows and electric advertising, spokesman said it might be necessary to war plants.

3. The Solid Fuels Administration reported that bituminous production declined 425,000 tons the week ended Oct. 23 compared with the previous week. Output the week was 11,300,000 tons.

4. The outlook for anthracite production became increasingly certain. Reports from hard fields in Eastern Pennsylvania about 32,000 of the 80,000 anthracite miners worked Saturday compared with fewer than 30,000 Friday when many miners observed John Mitchell Day, a tradition.

Nazis Hit London In Nuisance Raid

LONDON — (AP) — London subjected to a light nuisance Saturday night as a few hours of the RAF delivered fresh blows to docks at Cherbourg and the M. pertus airfield nearby.

The London raid was almost per cent ineffective, the net-nounced result being a bomb on a private residence.

The German air force lost of a "very small number" of planes that reached London during the brief attack.

During the RAF light battle attack on Cherbourg, American British heavy bombers rested.

Tickets Are Promise Violators Of Traffic Regulations In City

Police Chief Jack Ellington said Saturday many motorists become careless concerning signs, traffic lights and par-zones, and he ordered member the department to tighten enforcement of traffic regulations.

All officers were ordered to tickets to motorists ignoring signs and disregarding traffic regulations. Two - hour parking regulations recently were taxed by the department, but Ellington asserted still is unlawful to park cars in zones, loading zones and restriction zones. A number of motorists have been given tickets for violating regulations.

Ellington pointed out that land has established an excellent traffic record and that the department intends to keep it far above average.

Among Legion officials here Saturday said many motorists become careless concerning signs, traffic lights and par-zones, and he ordered member the department to tighten enforcement of traffic regulations.

Public May Attend

Saving American Lives

When American forces landed in North Africa last year they stepped into a politico-military muddle that generated excitement and hard words on both sides of the Atlantic. The mixup with the French factions was only a prelude to the current situation in Italy. And Italy a preview of what can be expected when fighting rages in Europe.

The promotion of Italy from half-hearted enemy to belligerent certainly was welcomed by a great majority of her people, but it made no hit with the neighbors. The French, still smarting from the stab in the back, scornfully resentful. Both Emperor Haile Selassie and the Greek government in exile, remembering the brutal and unwarranted invasion of their countries, have protested with the Greek cabinet resigning in a body. Yugoslavia is said to fear, rightly or wrongly, that Marshal Badoglio's surrender will be rewarded with territory across the Adriatic, and that Count Carlo Sforza, the anti-Fascist patriot, brought along some expansionistic notions on his return from American exile.

And take a look at Italy herself. She is a state without a country. Part of her army and many of her civilians are held prisoner by her former ally, Germany. Another sizable segment of her soldiery is in the prisons of her almost-ally, the United States.

Fascism is officially dead, though conceivably diehards are loyal to Mussolini's puppet "Fascist Republic of Salò," the cynical facade of Nazi occupation. Fascism is dead, but communism is still almost as much of a bogey as when Mussolini was in the driver's seat.

Since an American is bossing the Italian military campaign, the responsibility for straightening out the muddle may be accounted ours. And efforts thus far might be considered as temporizing and inept—unless we all Secretary of State Hull's basic aim in such circumstances, as stated after his much-criticized dealings with Vichy elements in North Africa.

That air is the saving of American lives, at any rate. It is an aim with which few will quarrel. It is not the State Department's intention to improvise a treatment for ancient political sores or fresh wounds at cost of greater casualties. European feuds and differences can wait for settlement till the shooting is over. And ready is no doubt but that work toward such settlement already is going on among the Big Three of the United Nations.

Industrial Feeding

Maybe the Inter-Agency Committee on Food for workers is a good thing. Maybe our war production is being threatened by unbalanced diet curable only by industrial feeding, which is bureau-ese for cafeterias food trucks in factories. Maybe the problem requires services of 10 directors, acting directors, chiefs and subchiefs, recruited from the Food Distribution Administration, War Manpower Commission, WPB and OPA, and appointed to the committee.

Perhaps even there is urgent need of the program and planning, claimant agencies, priorities action, recruitment and training programs, nutrition education, and all the requirements, provisions and adjustments set forth in three tightly-packed pages announcing the birth of this committee.

Maybe it's all to the good. We just haven't happened to any factory workers going hungry.

Time was when a person who was strong enough smart enough to work a full shift making war tools considered smart enough to get, cook and eat his food without any help. But not now. A committee from agencies sits down, in an atmosphere heavy with bureaucratic jargon, to plot out a spoon-feeding program. It must make the worker wonder if he is a man, guinea pig or kindergarten pupil.

Sure, food is rationed and some of it is scarce and rationing is difficult for women workers. We just won't appointing still another committee is the solution.

Washington Has Its Moments

Every so often, it is fun to sit back and gasp, gag and giggle at the amazing variety of stuff that comes out of Washington from Capitol Hill or downtown in the executive agencies. To give you an idea, here's a digest of day's offerings, most of which undoubtedly did not get in the papers because, apparently, there is a war on paper shortage, and other things are considered more important.

There is, for instance, the priceless communication from the Fish and Wildlife Service that science has at last succeeded in changing the habits of the salmon. Thirty thousand of them, it seems, have been taught to go their eggs somewhere else. Beginning in 1939, the salmon were trapped below Grand Coulee, transported refrigerated tank trucks to other tributaries of the Columbia, and politely asked to spawn there, hereafter, the salmon are smarter than you think, for they caught

This year, when the 4-year-old fry came back to lay their first eggs, instead of heading for the ancestral maternity wards above Grand Coulee, they went to the tributaries whether their mummy salmon had been transplanted by man for lying-in, and where these fry had been hatched. So successful has the experiment been that next year all the salmon wanting to go above Grand Coulee will be migrating to other spawning grounds, to change their homing instincts. The same thing will be done below Shasta Dam, on the Sacramento, in California.

Canteens Provide Great Domain For Ledgerdemain

By CLAYTON IRWIN
AP Features Writer

NEW YORK—The war has a silver lining for America's army of amateur magicians—the men who make a hobby of the art of deceiving people.

They don't have to hog-tie their friends and relatives in the living room any more or wangle a date from a luncheon club to show their latest accomplishments. They now have the biggest audience in their history, the home-based portions of the Army, Navy and merchant marine.

Throughout the country, scores of amateur now-you-see-it-now-you-don't artists are lugging their paraphernalia into service clubs and canteens, pinch-hitting for professional magicians, 80 to 90 per cent of whom are in the armed services or are appearing on USO circuits at home and abroad.

The amateurs receive no money, and frequently wind up out of pocket for transportation, props and time away from their jobs.

In New York alone, they have put on more than 400 magic shows for soldier and sailor groups since the first of the year. Figure in the number of similar shows staged in other cities, and it adds up to a lot of hocus-poocus.

A typical performer is big, handsome Jack Trepel, a member of the Society of American Magicians for 23 years and now serving his fourth term as president of the New York assembly, which contains a third of the society's 1,000 members.

Trepel went to Bermuda during the summer under USO auspices—the first amateur entertainer to go outside the United States—and is a regular performer at the Stage Door Canteen, the American Theater Wing's recreation center where servicemen are able to watch, for free, the best entertainment in town.

When Trepel started doing his shows at the Canteen he met some servicemen who never had seen a magician, others who were pretty fair performers in their own right. From his experiences, he evolved a formula which has been adopted by his brethren in the lodge.

"Give them a fast act with a lot of flash and a lot of mystery," he says. "Stay away from the mind-reading and guessing games. Toss in plenty of humor, and make the show heavy on the side of audience participation."

Midland Sheriff's Posse Challenged To Roping Contest

Midland Sheriff's Posse has been challenged to a roping match and leaders of the organization are attempting to determine the two best calf ropers in the organization.

Harry Lawson, posse adjutant, received the challenge from the Taylor County Sheriff's Posse for a match Nov. 11 in Abilene in connection with a non-professional rodeo which is being staged in the West Texas Fair Grounds for the entertainment of Army men at Abilene.

Officials of the Midland posse are considering seriously the possibilities of sending two ropers to Abilene for the event. The ropers may be selected within a few days if the challenge is accepted.

Follows Instructions

PITTSBURG, KAN.—(AP)—Lt. Ian P. McGreal, soaring around over the Kansas plains, suddenly realized he was lost.

He recalled flying instructors had told him to swoop low over a water tower and read the name of the town, if he got lost.

He spotted a tower and had to drop to 500 feet before he could read the sign.

It said: "Go to church Sunday." McGreal finally found his way back—and he went to church Sunday.

Soldier Isn't A.W.O.L., He's Just Plain Lost

JOHNSON CITY, TENN.—(AP)—Put this soldier down as lost, sir, he wasn't A.W.O.L.

He burst into police headquarters here and begged the sergeant to call his camp and "tell them I'm not a deserter. I just got lost."

The soldier told the sergeant he was from Massachusetts and stationed at Camp Tyson. He said he "got lucky" in a game of chance. That's all he remembered and didn't have the slightest idea how he got to Johnson City, he said.

Priorities Granted For Apartment House

Priorities have been granted for construction of a 16-unit apartment building in Midland and architects are drafting final plans for the structure, it was learned Saturday.

Meanwhile, financing arrangements are being worked out. The names of the builders will be announced after all arrangements are completed, Paul McHargue, Chamber of Commerce president, said.

Plans call for furnishing all the apartments.

The building will be erected at P and West Texas streets. It will be a two-story brick and tile structure and will cost about \$70,000.

Eight of the apartments will have two bedrooms, and eight will have only one bedroom each.

BANKS are doing MORE with LESS

EVERY MONTH since Pearl Harbor the news has been the same—bank deposits in Midland are UP!

Just what does this mean?

Briefly, it means more business. More people employed . . . larger payrolls . . . more deposits . . . and more checks.

The First National Bank has given much of its trained banking personnel to the armed forces and to war work. But those who are left are carrying on—working harder than ever before to handle efficiently and courteously the vastly increased banking transactions of both firms and individuals.

You are invited to use the complete facilities of this bank.

Midland Army Air Field Personnel Given Rating Of Excellent Following Rigid Inspection Conducted Saturday

The men of Midland Army Air Field were given a rating of "excellent" by their commanding officer, Colonel John P. Kenny, following a rigid inspection of the officers, cadets, enlisted men and WACs Saturday.

Construction Of Loading Rack To Start This Week

Construction of the 75-car oil loading rack at the Atlantic Pipe Line Company tank farm in East Midland will start early in the week. Tripp & Son, Odessa, have the contract to put up the rack of 1,500 feet of double track.

775 Jap Aircraft Downed By Allies During October

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC—(AP)—Seven hundred and seventy-five Japanese planes have been destroyed in October in the Southwest Pacific to run enemy losses in four months to 2,292.

The bulk of October's record bag was made in five powerful smashes at Rabaul, New Britain, where nearly 700 tons of bombs were dropped.

In addition to the 775 destroyed in the sector, 115 probably were destroyed and 105 damaged. Three hundred and three enemy planes were destroyed on the ground during the month, 36 probably destroyed and 78 damaged.

Practically all records for number of planes used and tonnage of bombs dropped in the Pacific war were bettered in the Oct. 12 raid on Rabaul, 350 tons of bombs and 250,000 rounds of ammunition were employed. In that raid alone, 126 enemy planes were wiped out.

The toll of Japanese aircraft has risen steadily. In July, 436 were destroyed, all of them shot out of the air. In August, 531 were destroyed, 224 of them on the ground. In September, 550 were destroyed 336 on the ground.

During October, Allied planes in the area sunk a Japanese cruiser, seven destroyers, five auxiliary warships, 14 merchant vessels and cargo ships and more than 80 barges.

Sixteenth --

urday were Moody, Haddock, William C. Roche, district vice commander, J. E. Mitchell of El Paso, district field representative of the Veterans State Service Office; Arthur Stas, correspondent local and Sous Grand Chef de Train of the Grand Voture of Texas.

Auxiliary members arriving Saturday included Mrs. Stevens, Mrs. H. L. Nixon of Iran, assistant district chairman; Mrs. Frank Bell, past president of the State Auxiliary, now national committeewoman from the state department; and Mrs. M. H. Ehler of Brenham, state Auxiliary membership chairwoman.

Among reports to be heard in the morning session will be that of James H. Goodman of Midland, chairman of the state child welfare and public health committee of the American Legion.

on the Captelle River, tributary of the Volturno.

The ground operations were carried out despite heavy rains and mud and rough terrain.

The Germans were fighting hard and maneuvering cleverly. In addition to artillery fire, the enemy employed road blocks to prevent both the Fifth and Eighth armies from moving into positions for fresh assaults.

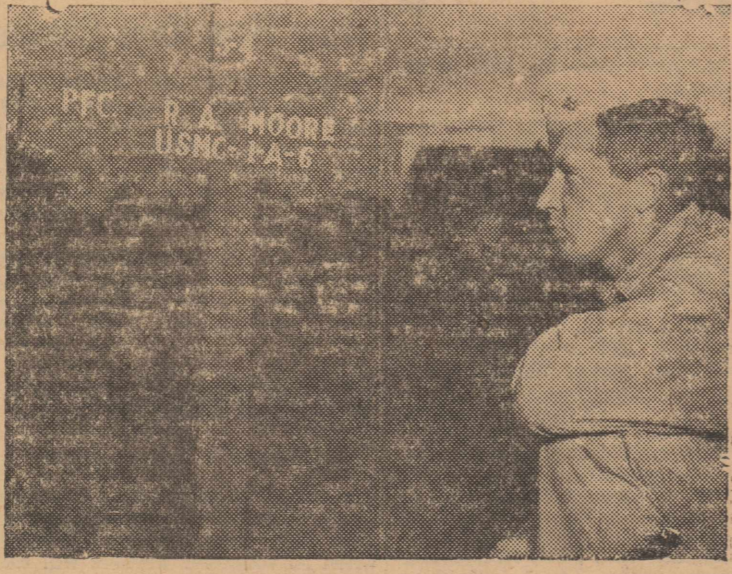

The newest advances, however, gave the Eighth and Fifth armies the shortest front across the Italian peninsula they have held at any time since they joined up. Spreading across the Adriatic, this front is only 91 miles long.

Allies Bag More Than 600 Germans In Month

LONDON—(AP)—The U. S. Eighth Air Force significantly expanded the scope of its operations in October, making raids from the Atlantic coast to Poland and drawing from the German air force its most overt admission to date of its depletion: failure to send up a single Nazi fighter in two raids on important French targets.

It was a record month for German planes destroyed—more than 600—as well as in American planes lost—174 heavy bombers.

Marine Finds Fallen Brother's Grave

When Corporal Anthon Hohler, Jr., a U. S. Marine from Granite Falls, Minn., reached Guadalcanal recently, he found the grave of his half-brother, Private First Class Richard Austin Moore, who was killed in action during a gallant stand made by Marines against heavy Japanese forces on October 25, 1942.

Major Clevan Is Missing After Sweinfurt Raid

Mr. and Mrs. James Clevan of Odessa have received word that their son, Major Gale W. Clevan, pilot of a Flying Fortress with the Eighth Air Force in England, is missing in action after a raid over Europe.

Major Clevan, who has many friends in Midland, received the Distinguished Service Cross, the Army's highest award for valor, for extraordinary heroism in the first American shuttle bombing raid on Germany August 17. He flew his plane on from Regensburg to North Africa, although it has been hit by between 20 and 30 shells.

He was reported missing following the October 14 raid on Sweinfurt, Germany.

Major Clevan was a close friend of Mr. and Mrs. D. W. Spencer and daughter, Miss Marjorie Spencer of Midland, who had known him previously in Wyoming, where both families lived before coming here.

He had resided in West Texas two and a half years. His sister, Doris, attends high school in Odessa.

Major Clevan was mentioned in an article titled "I Keep A Rendezvous With Heroes," by Doris Fleeson in the November Woman's Home Companion. In telling of her visit with men of the Eighth Air Force, Miss Fleeson said:

"Major Gale W. (Bucky) Clevan, 24, of Odessa, Texas, (is) a swash-buckling and superb pilot. In his native oil fields, Major Clevan sharpened his tongue—he was once heard yelling at a crewman who displeased him, 'I am going to put you so far behind bars they will have to take a slingshot to feed you.'"

Man Regains Speech After Thirteen Years

TUCSON, ARIZ.—(AP)—John Molnar has recovered the use of his voice after a 13-year lapse.

An automobile accident left the right side of his body paralyzed and he was able to speak in a rasping whisper only with great difficulty. Four years ago doctors told him his vocal cords were permanently paralyzed.

Recently while attempting to telephone for taxicab he said he strained to make his whisper audible to the operator, when suddenly a great burst of sound came from his throat. He doesn't know exactly how it happened, but he can talk clearly now.

Sheriff Solves Case Of Worn-Out Trucker

LA JUNTA, COLO.—(AP)—Sheriff John Armstrong found a safe near the highway.

Investigation disclosed a truck driver casually had tossed the safe from a load he was hauling for a customer.

He said he didn't believe the customer wanted the safe and as it was heavy cargo he decided to discard it.

World War I planes flew at maximum height of 16,000 feet—now bombers flying twice this altitude are no longer safe from enemy ground fire.

150 Dallas Plant Workers Stricken By Food Poison

DALLAS—(AP)—At least 150 workers at North American's aviation plant near Grand Prairie became ill from food poisoning early Saturday and a six-week investigation into the cause was begun.

Dr. J. L. Coforth, chief of the emergency medical service of the Office of Civilian Defense, who estimated 55 workers were under care in four hospitals, said blood plasma was administered in the more critical cases.

None of those affected was in a critical condition Saturday night. The workers became ill after eating food served from a privately owned cafeteria. Investigators for federal, state, county, and city governments, the company and the cafeteria were checking causes of the mass illness.

Congressional Action Only Hope For Crude Pike Hike, Zook Says

TULSA—(AP)—Ralph T. Zook, president of the Independent Petroleum Association of America, declared in a statement Saturday night that the only course left in the oil industry's fight for a 35-cent per barrel hike in crude oil prices "is through the Congress of the United States."

He termed refusal of Fred Vinson, economic stabilization director, to approve the requested price increase "a reflection on the judgment and ability of Petroleum Administrator Ickes and leaders of the industry, all of whom have declared that a substantial increase is necessary."

Explosions Follow Wreck Of Tank Cars

HIGHLAND, N. Y.—(AP)—Explosions that sounded like the booming of cannon sent thousands of gallons of oil and gasoline up in flame and smoke Saturday in the spectacular wreck of a New York, New Haven and Hartford freight train.

Thirty tank cars, by unofficial count, blew up and ignited when the locomotive jumped the track at a switch siding near Highland on the west side of the Hudson River.

No one was killed or injured, but the flames leveled three houses facing the right of way. The occupants escaped.

Governor Stevenson Enroute Back Home

WASHINGTON—(AP)—Governor Coke Stevenson of Texas left Saturday night for home, leaving behind a riddle for those who would attach a political meaning to his two-day visit.

He saw Postmaster General Frank Walker, chairman of the Democratic National Committee, and Ambassador O'Connell, vice chairman, after his arrival Friday, in what perhaps was the high light of his conversations in the capital.

Delinquent Draft Registrants Given Warning By General

AUSTIN—(AP)—The State Selective Service office Saturday issued what it described as a final warning to registrants who are classed as delinquents with local boards.

"If you fellows who have been careless about your obligations to your local board will find yourselves in class 1-A Monday, subject to immediate induction, regardless of your order number or occupational or dependency status," said Gen. J. Watt Page, state director.

"If you know you are delinquent, or even think you may be, contact your local board by letter posted before midnight Sunday, Oct. 31."

Committee Cuts Proposed Tax On Liquor In Half

WASHINGTON—(AP)—The House ways and means committee Saturday cut in half a proposed \$4-per-gallon boost in the federal liquor taxes, but voted to stiffen several other levies—including those on cigars and pari-mutuel betting—to pick up a net of \$49,000,000 more from excise tax sources.

The action on the liquor assessment, aftermath of vigorous protests that too high a rate would "put a premium on bootlegging," set the tax at \$3 a gallon. The previous tentative decision was to hike it from \$6 to \$10.

The resulting \$242,000,000 loss in the estimated revenue the bill would produce was more than offset by the increases as the committee reviewed about half its previous decisions on excise taxes. It will complete the work Monday.

Within 12 years, it is estimated that heave trees will produce from 1,200 to 1,900 pounds of crude rubber an acre.

Barbecue Given Enlisted Men At Post Is Success

The biggest party ever staged for enlisted men of Midland Army Air Field went off in grand style Saturday night as more than a thousand enlisted men and their wives and friends for once had all the barbecued beef they could eat.

The occasion was the real, old-fashioned Western barbecue staged at the Post Service Club by the Midland USO, Midland ranchers and business men, the Midland Chamber of Commerce and the Special Services Office at MAAF.

More than 20 calves were barbecued to tasty perfection under the direction of Smilo Mallison of Midland and service deluxe was provided by ranchers and members of the Midland Sheriff's posse.

Under the direction of Major Russell B. Brown, special services officer, the Post Service Club went all-out for the party. The huge dance floor was in tip-top shape for the Halloween dance that followed the feast.

Music for the affair was provided by Midland Army Air Field's top-flight dance bands.

George W. Glass Sells 79 Herefords

George W. Glass, prominent Midland rancher, Saturday sold 70 Hereford bulls and nine registered heifers at auction at the Texas Cattle Sales barn.

A registered Hereford bull, Prince Domino Michief A 6th, was purchased by H. B. Eudaly of Grand Falls for \$250.

Sixty-nine of the bulls were not registered but the top range bull brought \$147.50. It went to Frank Williamson of Midland. He purchased several of the best range bulls. Irby Dyer of Monahans also purchased several good bulls. Eudaly bought ten bulls in the sale.

The average price for the 70 bulls was \$85.

The top registered heifer went to J. W. Anderson of Stanton for \$180. He purchased two heifers. John Nobles of Midland purchased six registered heifers, and Harry McClintic purchased one. The heifers brought an average price of \$124.

Records Of Paris Peace Conference In 1919 Show How Japs Obtained Vital Pacific Bases

WASHINGTON—(AP)—Records of the Paris peace conference of 1919, made public for the first time Saturday night, disclose how Japan managed to deal that gave her strategic Pacific islands which were used in the 1941 attack on American holdings. Two volumes containing nearly 2,000 pages of secretarial notes on the sessions, were issued by the State Department. They show, among other events, how Japanese delegates, led by Baron Makino, already were preparing for the conquest in the Pacific. Japan asked for the German colony of Tsingtao in China and for German islands north of the equator in the Pacific. After a forceful plea by China's delegate, Wellington Koo, the conference refused to allow the Japanese to retain Tsingtao, which they had captured from a small German garrison in 1914. The Japanese obtained, however, a League of Nations mandate to some Pacific islands including the Carolines and Truk, which they built up into a big naval base after withdrawing from the League of Nations in 1933. Thus, in 1941, the Japanese had the use of the strategic Pacific islands in attacking the Philippines and Guam, and the British and Dutch possessions in the South Pacific. Tsingtao fell into their hands early in the war with China.

their time in conducting the drive. The drive in the downtown district will start Tuesday morning when 20 volunteer workers will call on every business firm, employer and employee, asking them to contribute to the fund. Percy J. Mims and J. Paul Barron are co-chairmen of the drive in the business district. Employers are requested to give as liberally as possible and employees are asked to contribute at least one day's pay to the War Fund which is intended to unite the efforts of citizens in meeting the needs on the military front, the United Nations front and the home front. Oil companies will be solicited by John W. House and Fred Wright. The fund will contribute to all war relief and service organizations at one time, except the American Red Cross, and will eliminate innumerable demands upon contributors. Campaign leaders stress the fact that it is the patriotic duty of every citizen to do his part in the campaign, adhering to the campaign slogan "Sure I'll Take A Texan's Share." Members of the campaign advisory committee are Mayor Hendrickson, chairman; Mims, vice-chairman; J. R. Martin, treasurer; Sloan, Frank Cowden, Mrs. Fuhrman, House, Wright, the Rev. Hubert Hopper and Bill Collyns.

Many Anti-Freeze Solutions Banned

WASHINGTON—(AP)—The War Production Board Saturday night forbade all sales of an estimated 500,000 gallons of what it described as "destructive" types of anti-freeze solution. The 22 brands of anti-freeze named by the WPB were barred from manufacture last January 20, but WPB said some or all of the inventory

Louisiana State Wins Over Frogs

BATON ROUGE, LA. —(P)—Big Steve Van Buren moved Louisiana State a notch nearer a post season bowl bid here Saturday night by pacing the Tigers to a 14 to 0 win over Texas Christian's Horned Frogs before 18,000 fans.

The two Tiger touchdowns were the first ever scored in a Texas Christian-Louisiana State football game. The Frogs won two of the

Middies Downed 33-6 By Mighty Irish Gridders

CLEVELAND —(P)—Notre Dame's mighty Irish took a long stride toward the national championship and their first perfect season since 1930 as they smothered hitherto unbeaten United Navy 33 to 6 Saturday before 82,000 fans in Cleveland's jammed lake-front stadium.

It was the sixth straight win for the South Bend team, and it gave the Irish 261 points to 31 for the combined opposition.

The victory belonged to Notre Dame, but the story belongs to "Accurate Angelo" Bertelli, the 173-pound quarterback and passer deluxe, who sang his collegiate swan song, for the duration at least loud enough for the world to hear.

If ever anyone came up with a story-book finish, Bertelli did it Saturday, on the eve of reporting to Parris Island, S. C., for further training with the Marines.

"Accurate Angelo" passed eight times. Five of them were completed, three for touchdowns—and they were the first three markers, which put the game on ice and brought his scoring pitches for the season to 11. He got the final touchdown himself, and between his passing and plunging he found time to kick three extra points from placement.

Ohio State Defeated

COLUMBUS, O. —(P)—Bob Hoernschemeyer passed Indiana to a 20 to 14 win over Ohio State Saturday, completing the winning touchdown pass 32 seconds before the final gun after the Bucks had gone ahead with two touchdowns in the final period.

Wolverines Triumph

CHAMPAIGN, Ill. —(P)—Michigan's borrowed backfield stars, Bill Daley from Minnesota and Elroy Hirsch from Wisconsin, scored two touchdowns apiece Saturday as the Wolverines beat Illinois, 42 to 6, for their fifth win in six starts, and their third straight in Western Conference play.

Bulldogs Defeat Abilene 26 To 21

A little man named Ivan Hall spelled the difference between defeat and victory for the Midland Bulldogs here Friday night as they outscored the Abilene Eagles 26-21 in District 3-AA play.

Owls Get First Win From Tech

HOUSTON —(P)—The Rice Owls passed and ran their way to their first victory of the season Saturday, defeating Texas Tech's Red Raiders 13-0.

The five-times losers outplayed Tech all the way except for two brief flurries when Rice second-stringers pitched in the game, and it was the second half before the Raiders could get past midfield.

A crowd of 5,000 watched the Owls three times drive within the Tech ten yard line before they could score.

SPORTS BOMBER:

Enlisted Men Now Required To Take Physical Fitness Tests

Starting November 11, enlisted men at the Midland Army Air Field will be required to take the Army Air Forces physical fitness test prescribed by Army regulations every three months to determine the physical training progress of each man. The test consists of sit-ups, chin-ups and a 300 yard shuttle-run. One hundred fourteen sit-ups is a perfect score and all the men, according to the P. T. department, are after it since the men who make the perfect score will receive an athletic award certificate signed by Colonel John E. Kenny, post commanding officer.

P. T. officials say the men at the bombardier school have what it takes and all the abdominal exercises given each class of P. T. is an "inspiring note that each man will be in the peak of condition when the PPT comes along."

The enlisted men's physical training staff is composed of three experts in the art of calisthenics: Staff Sgt. Dick Wells, chief instructor, and his two assistants, Sgt. Clarence Cline and Corp. Harvey Pierce. With classes starting at 7 a. m. the boys are kept going until 7 p. m. when the last class takes place.

SPORTS HIGHLIGHTS:
WAC Corp. Ella Pratt was a star first baseman for the Jamestown Merchants softball team in Jamestown, N. Y., and holds the record for being one of the few in softball as well as baseball in history to have made a triple play unassisted.

The play took place during a game between Jamestown and Mayville, both New York softball teams. During the third inning of the game Corporal Pratt was playing half way between first and second with two runners on base when the batter knocked up a pop fly right into her glove. Catching the fly put the batter out, then she ran to second and touched the bag, putting out the runner who had left her base, and then made a sprint towards first to catch the runner who had left the base and tagged her out, thus completing a triple play unassisted.

ON THE BOXING FRONT:
Two new boxers to join Instructor Mickey Schmarion's boxing classes last week are Privates William Enoch of the 48th B.T.S., as a bantamweight who, from all appearances, bears watching; and Ralph Balsinger of the Guard Squadron as a light heavyweight hailing from Waseca, Minn.

Pvt. Eddie Spencer, the Odessa "Kid," is bearing down in this training for the big show on Armistice Day, as the topnotch boxer from the 491st B.T.S.

Pvt. Jack Spanola of the 83rd B.T.G., who lost on a T.K.O. at the last sports show, is in there pitching, getting in the peak of condition for the post's heavyweight championship bout.

A TEAM IN THE RED:
During the taking of pictures for

the nation's number one bombardier school year book, the Third Base Headquarters and Air Base Squadron members out in their bright red suits and had a picture taken to be used in the book of memories. In the picture were Capt. Raymond A. Fitzjar, commanding officer, Lt. Robert Robbins, supply officer, and the team manager Sgt. Eddie Szymanski, Sgt. Clarence Cline, Sgt. Walter Spink, Corp. Harvey Pierce, Pvt. Gene Candellise, Pfc. Shorty Burns, Corp. Charles Bennett, Sgt. Thomas Friske, Pvt. Jerry Matejek, Corp. Wesley Perciful and Sgt. George Lucas. Also included in the picture were the two trophies won by the team, presented by the physical training department and the Pepsi Cola Company.

Bulldogs Defeat Abilene 26 To 21

Midland opened the scoring in the first period when Richards, on his own 38, tossed a long pass to L. C. Neatherlin on the Abilene 38 and the fleet halfback outdistanced his pursuers to cross standing up. Neatherlin had been sent in for the one play by Coach Gene McCollum. Hall's conversion attempt failed.

Watson Gets Score.
Abilene's first tally came early in the second period after a series of line plunges spearheaded by Jim Harrison and Dub Duff advanced the ball from the Eagle 43 to the Midland 15 and Billy Murphy drove it over. Richard Dillingham's kick for the extra point was good.

In the same period, the Bulldogs took the ball on the Abilene 46 and Richards ran to the 11, then tossed to Jimmy Watson on the goal line. The passing combination clicked again to add the extra point.

Early in the third Harrison took the ball on his own 34 and ran off tackle 66 yards to score again for the Eagles, and Dillingham's educated toe sent the ball true for the point.

Eagles Take To Air.
A short time later the Eagles took to the air and a series of tosses put the ball on the Midland 30, where Spires tossed to Patton on the 10 and the big end ran it over. Dillingham again converted.

The contest was thrill-packed and full of suspense throughout, and kept the crowd on edge until the final whistle.

The Bulldogs lay off until November 13, when they face the Lamesa squad in another district tilt here. The November 25 tilt with Odessa in the Ector County city will wind up the season for the Midland aggregation.

Texas Takes 20-0 Win Over Ponies In Lopsided Tilt

DALLAS —(P)—Mighty Texas did not allow Southern Methodist the solace of even a first down Saturday in rolling over the Mustangs 20-0 in a Southwest Conference football game.

The Longhorn machine spattered at times but mostly it was driving deep into Methodist territory and using the terrific running of Ralph Ellsworth and J. R. Callahan to batter the ballast Mustangs for touchdowns in the first, second and fourth periods.

A crowd of 12,000 cheered the rugged battle put up by the youthful Methodists but it was obvious from the start that Texas wasn't to be stopped Saturday.

When the running game bogged down Texas took to the air for pay-off punches with Ellsworth switching from his galloping to pitch telling strikes in the clinches.

Jarrin' Jaw Watches Kirkland Bear SPAAF

ALBUQUERQUE, N. M. —(P)—Jarrin' Jaw Kimbrogh of Texas Aggie fame rode the Kirkland Field bench with a pulled muscle Saturday while two fellow Texans sparked Kirkland's football team to an 18-0 victory over South Plains Army Air Field of Lubbock, Texas.

Missouri Topples Huskers

COLUMBIA, Mo. —(P)—Crashing through a hapless Nebraska team, Missouri handed the Huskers their worst defeat in the history of the series Saturday, winning 54 to 20, before 5,000 fans.

Aggies Go Into Air To Defeat Arkansas

FAYETTEVILLE —(P)—The beardless Texas Aggies went completely pass-happy here Saturday to wallop the Arkansas Razorbacks 13-0.

Some 4,500 homecoming fans looked on as the youthful Texans strengthened their bid for Southwest Conference honors by scoring against the punchless Porkers in the second and fourth periods.

Babe Hallmark and Earl Beesley tossed 29 passes, completing 15 of them for 201 yards while suffering two interceptions. Passes accounted for both Aggie touchdowns.

Southwestern-Fliers Grid Game Is Sought

DALLAS —(P)—Marine Captains Charles J. Maisel and Andrew R. Davis Saturday proposed a football game between the Southwest Louisiana Institute eleven, composed of Marine Corps trainees, and the Randolph Field Fliers, champion service team of Texas.

The contest, suggested here for Nov. 13, would climax a week's celebration of the 168th anniversary of the Marine Corps.

Hurricane Tied By Southwestern

TULSA —(P)—Tulsa's hopes for a second straight all-victorious season were shattered Saturday by the burly Marines of Southwestern University, who battled the Golden Hurricane to a 6-6 deadlock before 10,000 fans in Skelly Stadium.

Supposedly shot to pieces by transfers of service personnel, Southwestern showed up with its full crew of former college stars and after yielding a first-period touchdown, stormed back to tie the score in the third with a vicious running attack.

Duke Beats Wrecks

ATLANTA —(P)—A fourth period touchdown pass from Spook Murphy to G. M. Carver won Duke a 14-7 victory over Georgia Tech Saturday.

Elizabeth Wilson On Orange City Hospital Staff

Miss Elizabeth Wilson, former Midland County health nurse, is assistant superintendent and also superintendent of nurses at the new \$275,000 Orange City Hospital in Orange, Texas, friends here have been advised.

Miss Wilson was public health nurse here from 1933 to 1941. Before going to Orange she was employed at John Sealy Hospital at Galveston as supervisor of nurses. The new hospital at Orange recently was opened and an open house program was held. Miss Wilson was pictured in several poses in a special edition of the Orange Leader issued at the time of the open house.

She is a 1921 graduate of John Sealy Hospital and of the College of Nursing of the University of Texas. She did post-graduate work at Columbia University, New York City, at the University of California at Los Angeles, and the University of Texas.

The new city hospital has a capacity of 76 beds, and has several two and four bed wards. Most modern equipment is used throughout the building.

Attends Conference

J. Ward Moody of Austin, rehabilitation field director for the Department of Texas, American Legion, will attend the 16th district Legion war conference here Sunday. A. R. Scott of Coleman, 5th Division commander, also is expected to attend in addition to a number of other Legion officials.

National Girl Scout Week Will Be Observed By Midland Troop Members

Midland Girl Scouts this week will join with Scouts all over the nation in observing National Girl Scout Week, Oct. 31 to Nov. 6. Mrs. K. S. Ferguson, commissioner of the Midland Girl Scout Council, said Saturday.

The special observance honors the birthday anniversary of Mrs. Juliette Low, founder of Girl Scouting, who organized the first troop in the United States at Savannah, Ga., thirty-one years ago. The original troop had 25 members. The movement grew rapidly and the next year a national headquarters for Girl Scouting was

established in Washington. The national headquarters were moved to New York in 1916. Mrs. Low had become interested in Scouting while living in England, birthplace of Girl Scouting. Mrs. R. L. Aikin, as the Juliette Low chairman of the Midland Council, is in charge of Girl Scout Week activities here.

Scouting for girls started with the idea of getting girls out into the open on hikes so they might better appreciate and understand the great outdoors. From this beginning, the program has grown to embrace ten great fields of interest. They are arts and crafts, community life, homemaking, international friendship, literature and dramatics, music and dancing, nature, sports and games, and health and safety. In the observance of Girl Scout Week here, each day has been designated for different phases of interest.

Treble Clef Club Gives Program

The Treble Clef Juvenile Club met Saturday morning in the studio of the Watson School of Music. Helen Flatters and Doris Alexander presided over the attendance cards. Twenty children received gold stars for being on time.

Elizabeth Sprinkle introduced her mother, Mrs. James E. Sprinkle; Lydia Sellers introduced her mother, Mrs. Sellers; and W. L. Thompson was introduced by his daughter, Helen.

A discussion of composers was held, and the Fall program was discussed.

A piano solo, "In the Arctic," by Thompson, was given by LaVonne Clarke. "The Little Robin Waltz," composed by Ned Watson, was played by Jane Umerson on the violin. A piano number, "The Man in the Moon," was played by Raymond Doyle.

Present were Jan Hauck, Jan Scott, Paul Sellers, Jane Umerson, Bennie Jo Bedford, Marilyn Dickson, William Flatters, Lydia Sellers, Elizabeth Sprinkle, Evelyn Heil, Mary Jo Heil, Richard Robinson, Helen Flatters, Joan Tom, LaVonne Clarke, Helen Thompson, Larry Clarke, Doris Alexander, and Raymond Doyle.

Special guests made impromptu talks, which concluded the program.

Midland Physicians Endorse Program Of Volunteer Nurse's Aide Corps Here

Midland physicians Saturday endorsed the program of the Volunteer Nurse's Aide Corps being formed here and urged Midland women to enroll for the training.

The statement of the doctors follows:

"The Volunteer Nurse's Aide Corps of the American Red Cross is one of the most important projects which that organization sponsors. In these days of distress nurses as aides are a vital force in helping to maintain civilian morale. The medical profession is undergoing great strain on the home front. By next July approximately 75,000 trained nurses will have gone out from American hospitals into service with the armed forces. The V.N.A.C. is the Red Cross's plan for relief of the acute shortage which is the natural result.

"The objective is the recruiting of 100,000 women who will volunteer their services in a great cause. These women, after completion of their training, will serve in civilian

and military hospitals, thereby releasing fully trained nurses for government duty. Nothing destroys morale more quickly than the thought that our men on the fighting fronts may be receiving inadequate care. We are determined to supply the full quota of trained nurses they require. Meanwhile the medical needs of our people at home must not be neglected.

"The V.N.A.C. is a real opportunity for eligible women to render patriotic service and at the same time receive valuable training. The course to be offered in Midland will begin November 15 with a registered Red Cross nurse as the instructor. Mrs. W. H. Sloan, chairman of the local committee, requests that applicants see or call her at the Hotel Scharbauer as soon as possible. The undersigned members of the medical profession heartily endorse this program for our community as a worth while contribution to the most civilized of all undertakings, the relief of human suffering."

WAC Hallowe'en Party Is Success

The AAF WAC Detachment party at the Midland Army Air Field Thursday evening was a big success and the "society of goblins and witches" dealt out a lot of good clean fun.

Sgt. Lea Lowery, arranger of the party, acted as mistress of ceremonies and was delegated by the "society of goblins and witches" to lead the guests to the guests of the evening. The highlight of the party was the "broom dance."

Sgt. Guy Robbins with his violin led the "Midland Musketeers" in songs. Pvt. Jack Spratt with Buster the Bumblebee's brother, "Goldbrick" made a hit with the large crowd in a one-act play with Lis. Barbara Holland and Hortense M'neel and Sgts. Lowery and Jane Boldt. Irish folk songs were sung by Corp. Dorothea Murphy and Pvt. Jack McDougall.

The "society of goblins and witches" dealt out a novelty punishment to the WAC officers. Lt. Mary L. Race, Holland, Menzel, Mary King and Anna Hauck, who were given the penalty of singing "Pistol Packing Mama" while chewing gum.

Guests of honor were Col. and Mrs. John P. Kenny, Lt. Col. Clifford Michael and WAC Recruiting Officer Lt. Hicky Moore.

The WAC serenaded the boys with WAC songs. During the evening pop corn and apples were served. To top the evening off coffee and doughnuts were served by WAC Pvs. Florence Smalley and Evelyn Smith.

are Mrs. R. W. Hamilton, Mrs. William Walmsley, Miss Gene Robson, Miss June Freely, and Mrs. H. S. Crawford.

Idea For Book Marks Bearing Christmas Seal Message, Now Adopted Nationally, Began Here

An idea originated about 1935 by Mrs. Addison Young of Midland has been adopted on a national scale and is being used again this year by the National Tuberculosis Association, Mrs. Rosita Hollar, county librarian, said Saturday.

The association has sent the library a number of book marks to be distributed to patrons, each bearing a message concerning the Christmas Seal campaign.

The idea for the book marks was put into practice here when the Midland County Health Board authorized the printing of the tabs

and designed by Mrs. Young, who was secretary of the board at that time. Copies were sent to the National Organization For Public Health Nursing, which approved the idea, and it later was adopted by the tuberculosis association.

The book marks are being used in the county library and in the Mexican school and colored branches.

One out of every four deaths occurring among girls and young women between the ages of 15 and 30 is caused by tuberculosis.

Birthday Party Honors Little Patricia Gilbert

In observance of the sixth birthday anniversary of her daughter, Patricia Ann, Mrs. Billie Gilbert entertained with a children's party Friday afternoon in her home, when she was assisted in the hospitalities by Mrs. J. D. Hutchins, Mrs. W. W. Ascue, Mrs. J. R. Shelton and Mrs. Ray Leggett.

The interior of the home was brilliant with clusters of roses and the little guests brought birthday gifts to the honoree.

After games were played and packages were opened, refreshments were served and the little hostess cut the birthday cake which graced the center of the festive board.

Those present included Lee and Linda Cheeves, Don and Joy Davis, Max Hutchins, Saunders Ascue, Jay Leggett, Sue Meriwether, Mary Helen Crooks and the guest of honor.

Kathryn Hanks Has Dramatic Role

Miss Kathryn Hanks, who is attending Abilene Christian College, has been given a role in the first play of the season at the school.

The play will be presented November 2. Miss Hanks is a graduate of Midland High School and took part in a number of the school plays here, among which were the all-school play and a number of assembly plays and the senior play.

Mrs. King Is Feted By Needlecraft Club In Phillips' Home

The Needlecraft Club celebrated the birthday anniversary of Mrs. M. P. King Thursday afternoon when it was entertained in the home of Mrs. George Phillips.

Quantities of dahlias and chrysanthemums were used effectively about the rooms, and the guest of honor was presented a corsage of dahlias and a handsome crystal bowl of her own rosepoint pattern.

The hours were spent in embroidering and fancy work, after which the hostess served refreshments at a table which had as its central figure a large birthday cake mounted by tiny tapers.

Present were Mesdames Linton Brunson, Paul Kasper, H. H. Watson, E. C. Girdley, J. A. Tuttle, John C. Dunagan and M. F. King and the hostess.

Children's Service League Meets In Fitting Home

Mrs. Ralph Fitting, Jr. was hostess to a meeting Friday afternoon of the Children's Service League when a business session featured the earlier hours.

A number of cases was discussed and it was reported that there had been one tonsillectomy since the last meeting.

Those present included Mrs. Walter Collins, Mrs. Allen Leeper, Mrs. Vaughan Maley, and the hostess.

Enrollment for the Volunteer Nurses Aide Corps still are being sought to make up a class for which the services of a registered Red Cross nurse and instructor have been obtained. She will arrive November 15, according to Mrs. W. H. Sloan, chairman of the local Nurses Aide committee.

More than 30,000 trained nurses already have gone into service with the armed forces, thereby releasing registered nurses to go into foreign service where they are seriously needed.

Each class will have 30 members. A number of applications has been received and others desiring to enroll are asked to call Mrs. Sloan at the Scharbauer Hotel.

Women between 18 and 50 are eligible. They must be American citizens, must have a high school education or its equivalent, and must be physically fit. These are the only requirements.

Allen-Freeborn Wedding Celebrated In Catholic Rectory Here Saturday

A wedding of interest was solemnized Saturday at 2:00 p. m. when Miss Rosemary Allen and Ray Long Freeborn were quietly married in the rectory of St. George's Catholic Church, with the Rev. Father Frank Triggs performing the ceremony.

White carnations decorated the rectory.

The bride is the daughter of Mr. and Mrs. O. T. Allen of Alto, Texas, and the groom is the son of Mr. and Mrs. C. R. Freeborn of Houston.

Mrs. Noland Fetes Mrs. Kenyon At Dessert Bridge

Mrs. C. S. Noland, 910 West Kentucky, was hostess at an afternoon bridge party Friday when old-time friends of Mrs. John Kenyon of Fort Worth were invited guests.

At table attractively decorated with large yellow chrysanthemums, guests were served prior to the bridge game. No favors were awarded.

Those who enjoyed the hospitality were Mesdames M. T. Hartwell, S. P. Hazlip, P. A. Nelson, Leif Olson, O. R. Champion, Bob Woods, and Walter Smith, and the guest of honor and the hostess.

Mrs. John Kenyon Is Feted At Coffee

Compelling Mrs. John Kenyon of Fort Worth who is the house guest of Mrs. P. A. Nelson, Mrs. M. T. Hartwell of 511 North Marienfield entertained with a delightful coffee Friday morning.

Yellow and white chrysanthemums decorated the interior of the home, and on the dining table which was laid with handsome cloth, the yellow and white mums in huge bowl graced the board.

The event was informal and those who called were a limited number of close friends of the guest of honor, who formerly resided in the city.

Visitor-Instructor Creates Interest

Mrs. J. C. Stewart of Lawn, president of the sixth district of the Texas Congress of Parent-Teachers, held a school of instruction for Midland P.-T.A. officers and committee members Friday in the high school auditorium.

The school was sponsored by the Council of P.-T.A. of the city, and Mrs. Stewart discussed the purpose and object of the P.-T.A., and outlined its reason for functioning during the war period. She also stressed the parent-teacher war activities program.

Youth recreational programs were of special interest. Supt. Frank Monroe detailed the play night project of the Midland schools, and the summer recreational projects of local association. Mrs. Selman J. Lones was praised for her good work in the P.-T.A.

Following the lesson a forum was held, and four local associations were represented at the meeting. They are the High School P.-T.A., which had eleven members; the South Elementary, which had eight; the North Elementary, five; and the Junior High, four.

An Editorial - Knives For Scrap

Since the rule for knives to be kept in pockets has been passed, some students have protested...

The Midland Bulldogs are to get a rest this week because they don't play a game till a week after next...

Since this week is an open date we would like to show you the things that the Bulldogs have done while they were afraid.

First, you will ask who has made all the scores this season? Well, it's like this, Billie Joe Stickey is top scorer of the Bulldogs with 42 points.

Next we find the Bulldogs have rolled up 77 first downs to our opponents' 59. The Bulldogs have gained 1094 yards rushing to the other teams' 794 yards.

The Bulldogs have also intercepted six passes to the six intercepted by opponents. Last but not least is the scores they have run up.

Adventist Leader

The Rev. L. F. Webb, pastor of the Seventh Day Adventist Church here, made plans for special prayer for missionaries who have been interned by the enemy.

Women's Clubs Plan Vote On Constitution

AUSTIN—Several drastic constitutional changes will be proposed for vote at the annual convention of the Texas Federation of Women's Clubs in Austin November 9, 10 and 11, according to Miss Ethel Foster, federation president.

The measures deemed expedient for the efficient performance of the federation include first: revision of the standing rule which sets the time for the annual meeting; second: change of time for the district conventions; and third: revision combining the offices of president and director to the general federation.

Adventists Have Day Of Special Prayer For Interned Missionaries

Seventh-Day Adventists in the United States have been called upon to set aside this week-end as a time of special prayer for missionaries and their families who have been interned by the enemy, especially by Japan, the Rev. L. F. Webb, Midland pastor, said.

It is expected that the other enemy nations will attempt to abide by agreements imposed on them by the Geneva treaty, but growing concern is being felt for the scores of missionaries interned by the Japanese during the early part of the war. As the Allied nations become increasingly successful in recovering territory taken from them by the Japanese it is feared Japan will become even more hostile toward its enemy nationals.

Seventh-Day Adventist church here is sponsoring the lectures at the "Picture Bible Hall" on the north side of the square and Mr. Webb is the speaker. Everyone is cordially invited.

Dancing Party Follows Game Friday Night

One of the most delightful social affairs of the week was the dancing party and reception given by Miss Mary Fern Bray Friday evening in her home at 911 West Louisiana following the Midland-Abilene football game.

The interior of the home was attractively decorated with the football colors, purple and gold, and everywhere about the rooms were clusters of cosmos, asters and chrysanthemums in purple and gold.

The hostess and her mother, Mrs. H. L. Bray, were assisted in the hospitalities of the evening by Mr. and Mrs. Steven T. Briggs.

Special guests of the evening were members of the Abilene football team, Miss Otelia Flynn, who is home from the University of Texas for a "between semesters" vacation, also was a special guest.

More than 40,000 women are part of the civilian force manning the Army's storage depots.

Attendance Could Be Better, Rush Says

"Attendance in school is good but it could be better," G. B. Rush, principal, says. As the class goes up the attendance goes down. For the six weeks ending on October 15 the attendance was as follows: freshmen, 96 per cent; sophomores, 95 per cent; juniors, 94 per cent, and seniors, 94 per cent. There are 575 students now enrolled in Midland High School. There should have been a total attendance of 16,818 days. There were, however, only 15,966 days attended. This means that 852 days during last six weeks were lost because of absences.

Air Force Pamphlets Given Eligible Boys

Pamphlets containing information on training for the air force were distributed this week to all high school boys who are seventeen years of age or over.

The Army Air Force is offering young men all over the country an opportunity to earn the silver wings of the air force, whether it is a pilot, gunner, navigator, or bombardier.

Boys interested in this are urged to take physics and other mathematics if possible.

If a boy passes the mental and physical tests, he will be called after his 18th birthday. He will be sent to a camp for basic training and the fundamentals of military life. A 20 week period of school will follow the basic training. After this, he will be chosen for the field of work for which he is best qualified.

Personals

Roland Snowden has withdrawn from school and has moved to El Paso.

Miss Irene Adams spent last week end in Brownfield visiting relatives.

Miss Helen Cope spent the week end in Abilene.

Wanda Jean Girley, and Billie Marie Benedict visited Carlsbad Caverns Sunday.

Patsy Lou Arrington, Peggy Bissell, and Principal G. B. Rush went to Odessa Friday and appeared before the Rotary Club there.

Miss Margaret Stuart is spending the week end in Lubbock.

Nevada Jane Freeman from Sweetwater has enrolled in the freshman class.

Miss Lydia Kelley is visiting in her home town, Paducah, this week end.

Musical Program Is To Be November 12

The band and choral club are working on a program entitled "America Sings" which they will give Friday, November 12, in connection with the speech department.

Plans are also under way to organize an acapella choir. Meri Cornelius wishes to have a forty-voice choir with equal numbers of male and female voices.

Dement Teaches Library Course To Freshmen

The freshmen English classes have been studying with Miss Mabelle Dement, librarian, and are learning how most effectively to use the library and its facilities. The courses last two weeks for each class, and the study includes the familiarization of the student with the parts of a book, the arrangement of the books, and the use of biographies and how to write them. Miss Dement has just finished instruction to a morning class and will begin next week with an afternoon class.

News Of Former Midland Students

HITLER'S SECRET PLAN

CHAPTER XXX

"MY stuff," said Enzell, thinking how he could sum it up in a nutshell, "well, it's no more or less than Hitler's secret plan to escape retribution and thumb his nose at the just vengeance of the United Nations.

"The big plane at Chemnitz is a long-range stratosphere machine able to do 10,000 miles in one hop. Not that he needs to go so far. He likes mountains—Berchtesgaden, you know—and he has a hideout all ready for him in some very high mountains."

"Himalayas?" Rick inquired.

"No, he's not fond of the British Empire. His hideout lies on the wild east slopes of the Andes; there are regions there that white men have never seen. It's a wilderness estate built entirely by natives under the direction of two of Hitler's most trusted henchmen, supposedly for an eccentric German millionaire.

"Of course, he has made the usual Nazi caches, a la Goering and the rest, of big deposits of gold and securities in South American banks. And he also means to take with him in the plane a load of selected jewels from the swag of conquered Europe.

"Thus Adolf Hitler means to run away and live, he hopes, to fight another day," Enzell finished with a smile.

"And now you have my stuff!"

HALFWAY across to England Rick banked and cruised up and down over the Channel.

"About time to start radiating," he said.

Enzell began tapping out the message he and Imhof had drawn up.

"Watch for planes, everybody," Rick bade as they sped on for the coast of Kent.

"A Hurricane!" yelled Pat, and

Characters and situations are fictitious.

suddenly they were in the shadow of fighter planes, appearing almost from nowhere like a wing overhead.

Next instant the fighters were upon them, while Pat and Imhof and Enzell waved frantically. Now the fighters were a swirling cloud, some almost brushing the bomber's wings. Then they swooped past. But as they did so, in the cockpit of the leading plane a hand waved, and Imhof and Enzell caught a glimpse of Colonel Halleck's grinning face as it streaked by. He had recognized them.

From above, Stansbury airfield presented a scene of unusual activity for so early an hour.

When the landing bomber rolled to a stop it was immediately surrounded by an excited crowd.

"Mother! Dad! Pat screamed and, disregarding the willing hands raised to help her, jumped out and buried herself in the arms of her parents.

Rick piloted Imhof over to the Danforths.

"Mother! Dad!" he announced, "meet a prospective addition to the family."

Colonel Halleck, with twinkling eyes and a delighted smile, came bounding up. "What's this I hear about an engagement?" He bushed his eyebrows at Imhof.

"And no wonder," he added, looking at Pat. "With your permission, my dear," he said, as he kissed her gallantly.

The field by now was alowed with a happy hubbub of cheers, congratulations, questions, answers, exclamations and all the other accompaniments of an ovation. Gluck and Stein were led carefully away and a safety cordon was formed around the German bomber.

"May I borrow him from you for a little while?" Colonel Halleck asked Pat, indicating Imhof.

"I shan't keep him long," he promised, as with Enzell, Imhof and

his London colleagues he headed down the field.

"YOUR message," Colonel Halleck told Imhof and Enzell as they walked along, "certainly spoiled our beauty sleep this morning. On my receipt, they pronged me out of bed and half the staff. You should have heard the uproar. Was the message a Nazi ruse to get in a low-level daylight attack? We bulged with suspicion. The possibility had to be guarded against, so we tipped off the RAF. Out with the Spitfires and Hurricanes, we said. One bomber? Identify human contents. More than one? Bing!"

They reached the colonel's room and trooped in. Then behind locked doors Enzell delivered his "stuff" in person.

"Astounding work!" the colonel exclaimed as Enzell went over his story for the second time. "When you said 'important' you didn't say half enough. This discovery will be of incalculable value when the time comes."

"Hitler's near the breaking point now," said Enzell. "He sees plots against him everywhere, not without reason either. Plot of the generals, Nazi higher-ups, of his own entourage even—plots to assassinate him, to supplant him, or, most dread of all, to depose and hold him for the United Nations so as to concentrate the rap on him and lessen it for the Reich. Colonel, as soon as that plane's ready, and it's well along now, he's likely to skip."

Colonel Halleck leapt to his feet. "Then it was rush, all right. We'll bomb the daylight out of Chemnitz. But more than that, they may have moved that plane. We'll spot this Andes place from the air pronto and there'll be an unusual number of 'tourists' filtering over the passes shortly. Hitler will find a reception committee waiting for him!"

"Gentlemen!" and the colonel panned the desk with his fist. "There's a headline the whole world's been longing to read for a good while now, and the world's going to read it soon. That headline says:

"HITLER FACES HIS JUDGES."

THE END

The Red Cross Today

The Hospital and Recreation Corps met in the home of the chairman, Mrs. Bob Hill and discussed plans for the work to be done for the patients in the Field Hospital. Mrs. Hill introduced her committee officers: Mrs. S. Stinson, vice chairman; Mrs. Warren D. Anderson, secretary; Mrs. W. E. Pratt, treasurer and Mrs. Loyd Edwards, publicity.

Mrs. Pratt reported on the duties of the Gray Ladies; Mrs. Stinson discussed the library project and Mrs. George Grant outlined other activities.

R. N. Skinner, Red Cross field director spoke on the various phases of the Hospital and Recreation Corps.

Lt. Birdie Strange, nurse of the Army Corps, reported on the effectiveness of the work of the Gray Ladies.

Mrs. A. J. Cooper commented on the relationship of publicity.

Mrs. Harvey Sloan stressed the importance of the work being done by the committee and commended the women for their accomplishments.

A special program of Red Cross and M.A.A.F. will be broadcast over KRLL at 7 p. m. Wednesday. This includes personnel from M.A.A.F. and highlights of Red Cross activities.

The Junior Red Cross membership drive will be conducted in the schools from Nov. 1 to 15, with Mrs. B. K. Buffington as chairman. She has announced her co-workers as: Mesdames Jas. Chapple, W. K. Harkrider, W. W. Bailey, Nathan Simmens and Everett Shipp.

At the surgical dressing room Wednesday evening twenty-nine business women made a large number of dressings. Eight instructors and supervisors were working. Watch for the honor roll of these workers which will appear later.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

Many an optimistic contract is made because the declarer is alert. You will agree that six diamonds is an optimistic contract on today's hand. The first thing the alert declarer observed was that East opened a club, not a heart, in response to his partner's bid. North won the trick with dummy's ace of clubs, discarding a heart from his own hand, then led the four of hearts. West played the jack, and

Now the declarer suddenly knew that the ace was located in the East hand, when West did not play it on dummy's singleton heart. To make his contract, North had to establish the king of hearts for the discard of dummy's losing spade--so he played low. West did what he could to offset the declarer's plan by returning a diamond, but North won, led the ten of hearts, East's ace fell and dummy ruffed. The ace and king of spades were cashed and a small club was ruffed by the declarer. West threw his queen of spades, hoping that his partner held the jack, and this of course established North's spades.

If West had discarded a heart instead of the spade, North would have ruffed a spade with dummy's diamond queen and thus established his jack.

No, these are not Russian or Polish war orphans. They are right here at home. Their father, who was an automobile mechanic, is in Europe now, repairing American tanks. Their mother is in a war plant. Every night they sit here and wait her homecoming—and dinner. Your dollars can support playgrounds, equipment and care for them through one of our local welfare agencies. Would you rather have a new evening gown?

A merchant seaman has been dragged back to life from an ocean of flaming oil. He has lost all of the little possessions that sailed with him. He is given warmth and comforts and strength to fulfill his desire to "ship" again by your dollars. Would you rather have bought a new radio?

DOLLARS can be cold and selfish things. Or they can be generous, compassionate and merciful.

Turn over the spending of some of your dollars to your heart. It will want to give twice what your logical mind intended to give, because your heart understands the mercy, the relief and the pleasure that these dollars bring. Let your heart decide.

This Chinese baby didn't have much, but yesterday it did have a straw shelter, a crude cradle and two parents to care for it. A screaming Japanese bomb destroyed them all. Your dollars can bring this baby back to a useful life in the new China to come. Would you rather have a new chair in the living room?

Remember this soldier? You saw him on the USO posters last year. His smile comes straight from a USO clubhouse. One of the finest things civilians have done in this war is in building and supporting the USO. Boys come into the army from farms and cities—a little lonely—a little homesick. The USO provides friendship, entertainment and hominess. Some of your dollars are spent through the USO. Would you rather have bought yourself a few theatre tickets?
