### Nauru Island Is Shorn Of Value In U. S. Assault

GUADALCANAL —(AP)— Potatoshaped little Nauru lost most of its strategic air value to Japan as the result of a 1400-mile strike Sunday by heavy land-based bombers of Maj. Gen. Nathan B. Twining's 30th Army Air Force.

The raid, fifth on the Central Pacific phosphate island, was carried out as an integral part of the new American offensive which began with the invasion of the Gilbert Islands Saturday.

All the attacking planes returned. (This was the first disclosure that Nauru, which flanks the American Ellice Islands and the Japanese-held Gilbert Marshall group, had been bombed again. The Navy announced that carrier-based planes had struck at Nauru Nov. 18 with 90 tons of bombs.)

**Batteries Silenced**  
The bombers ploughed through heavy weather to surprise Japanese defenses. Swirling clouds banked from the surface of the ocean to 25,000 feet presented a formidable barrier to the raiders for 30 minutes but failed to impair the mission.

As the airmen left the target, ack-ack batteries which first had opened up with a vigorous box-type barrage, were completely silenced, and coastal defenses, including elaborate tank traps, were blanketed by hits.

Nauru's two air fields were so wrinkled by direct hits that enemy planes were unable to operate. One medium bomber and two fighters were severely damaged on the ground. There was no enemy air interception.

### Airmen Will Display Flying Equipment At Open-House Program

A huge aircraft maintenance hangar on the flight line at Midland Army Air Field will be the key point of interest when the officers, cadets, Air WACs and enlisted men welcome visitors to their "open house" program Sunday.

The three-story steel structure, into which bombing training planes are wheeled for repairs, will house numerous exhibits of the equipment and paraphernalia used in the training of Uncle Sam's bombardiers, pilots and navigators. The 17-year-olds and prospective Air WACs, especially invited guests, will have an opportunity to observe all equipment that keeps the airmen alive high in the blue. There will be complete oxygen equipment, masks, bottles, and lines; the warm fleece-lined flying suits; parachutes of all types and sizes; headphones, throat-mikes, and the other accoutrements of the combat airman.

Visitors will be free to examine these articles and a staff of guides and attendants selected from the Air WACs, bombardier cadets, and veteran combat bombardiers now stationed at Midland Army Air Field will be on hand to explain the parts these items play in the show that Army Air Forces are staging over Europe and the South Pacific.

**Movies Will Be Shown**  
A continuous program of Army Air Forces movies dealing with the activities of the Air WACs and aviation cadets in training, will be shown in the same hangar. Large aircraft engines of the type which power bombers will be included in the exhibits. An AT-11 airplane, one of the many that fly daily practice bombing missions over the prairie target ranges, and one of the famous Liberator bombers, will be open for the inspection of the bombardier school's guests.

From the hangar exhibits the open house visitors will be taken to one of the bomb-trainer buildings to see cadets riding the "highchair" trainers on simulated bombing runs. The WAC quarters and buildings will be included in the tour for the women guests who are of the Air WAC ages. The 17-year-old boys and their families will be shown through a cadet barracks and the mess-hall where the "Hell from Heaven Men" eat.

For those who do not have transportation to the bombardier school, government transportation will be provided. A fleet of carry-alls will meet those who wish to attend the open house program at the USO on North Main Street in Midland. The open house party will last from 1 to 4 p. m. and all citizens are invited to attend.

**Lemon And Water Foot Bath Aids Tired Feet**  
By ALICIA HART  
NEA Staff Writer

I've heard of lemon juice for clear complexions, bleaching nicotine stained fingers and lightening hair, but here is a new use to which Ann Sheridan, star of "Thank Your Lucky Stars," says it can be put.

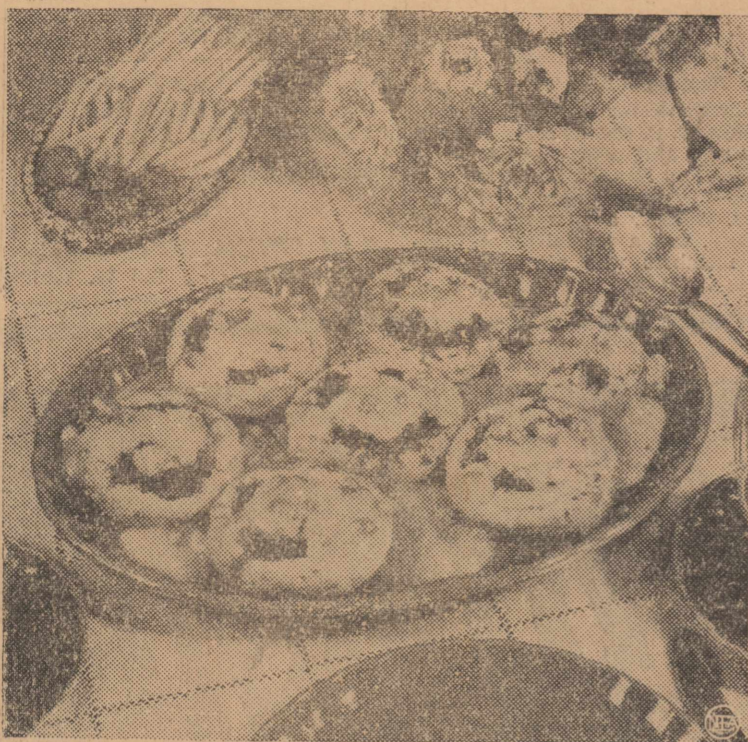

"The airmen of the South Seas soak their feet in a quart of water, to which has been added the juice, pulp and skin of one mashed lemon," she informed me. "After 15 minutes of soaking their feet in this solution, they massage them dry and dunk them again for another 15 minutes."

When your feet are tired, stinging and swollen from having stood on them all day at your defense job or doing your Christmas shopping, you may find this foot aid of Ann's just the thing to get them in shape for that dancing date.

**Award For Alcohol**  
Liquor distillers, now converted to the manufacture of industrial alcohol for war uses, will soon come in for some of the government "E" awards that have been going to war plants with outstanding records.

### Nutritious And Tasty Treat

Hamburger pinwheels extend your limited meat rations.

By GAYNOR MADDOX  
NEA Staff Writer

Here are two main dishes with simple protein extended to give everyone plenty to eat and give in eating it.

#### Hamburger Pinwheels (Serves 6)

One-half cup finely chopped onions, 2 tablespoons fat, 1 teaspoon salt, dash of pepper, 1/3 cup fine soft bread crumbs, 1/3 cup milk, 3/4 pound ground beef, 2 cups sifted flour, 2 teaspoons double-acting baking powder, 1 teaspoon salt, 1/2 cup shortening, 3/4 cup milk (about).

Saute onions in fat in covered saucepan 5 minutes; measure 2 tablespoons (reserving remainder for dough mixture). Combine 2 tablespoons sauteed onions, salt, pepper, bread crumbs, milk and meat; mix thoroughly. Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening. Add remaining onions and mix lightly. Add milk gradually, stirring until soft dough is formed. Turn out immediately on lightly floured board and knead 15 seconds. Spread with meat mixture and roll lengthwise as for jelly roll, wetting edge to seal. Cut in 12 slices; place, cut-side up, on greased baking sheet. Bake in hot oven (450 degrees F.) 25 minutes, or until done. Serve hot with Green Pea Sauce.

#### Green Pea Sauce

Make 2 cups cream sauce, browning the butter and dissolving 2 bouillon cubes in the milk. Add 3/4 cup drained canned peas.

#### Mixed Vegetable and Cheese Casserole (Serves 6-8)

One and one-half cups cooked noodle rings, 1/2 cup milk, 1/2 pound grated cheese, 1 teaspoon salt, few grains cayenne pepper, 2 cups cooked green beans, 2 cups cooked corn.

Mix together the noodle rings, milk, 1 cup of grated cheese, salt and pepper. Place one-half of the noodle mixture in the bottom of well-greased two-quart heat-resistant glass casserole. Place the vegetables on top; cover with the remaining noodle mixture. Sprinkle the remainder of the grated cheese over the top of the noodles. Bake in a moderate oven (350 degrees F.) about 30 minutes.

#### ATTEND FUNERAL SERVICE

Mrs. Myrtle Wood and daughter, Geraldine, 1200 South Marienfield, have returned from Kilgore where they attended funeral services last week for Mary E. Bradon, daughter of Mr. and Mrs. W. R. Bradon of Kilgore. Miss Bradon was a granddaughter of Mrs. Wood and the great-granddaughter of Mrs. H. Bradon of Corpus Christi. She was a popular student at Sabine School in Kilgore and had visited here often. She was thirteen years old.

Midget 'Mike'

What looks like a handlebar moustache with earmuffs is the Army's new lip "mike," for men in tanks and other places where the user must have hands free. The tiny microphone and small earphones, fit under helmets, gasmasks, or dust respirators and virtually neutralize all-out side noises.

### Funeral Services Held For Mrs. Kate Elkin

Funeral services were held in the First Christian Church Monday afternoon for Mrs. Kate B. Elkin, 67, widow of the late W. B. Elkin, pioneer banker and rancher of Midland. Mrs. Elkin died Sunday in an El Paso hospital after an illness of several months.

Survivors include a daughter, Miss Lula M. Elkin, and two brothers, H. T. Boyd Sr. of Pecos and O. F. Boyd Sr. of Belton.

The Rev. J. F. Pickering, pastor of the church, and the Rev. J. T. McKissick of Abilene, a former pastor of the church, officiated at the services. Interment was in Fairview Cemetery.

### Lamesan's Crew Has Proof Of Accuracy

WITH THE FIFTH U. S. AIR FORCE IN NEW GUINEA —(AP)— When the Liberator's radio operator messaged its base: "One near miss and one direct hit amidship 8,000-ton freighter—ship afire," officers around the radio shack grinned but replied the reconnaissance crew would have to see the picture before crediting it.

The unit's photographic officer, who has spent two years pouring over aerial photographs, gave the verdict to Bombardier Second Lt. Don Seacock, Butler, Ala. The picture showed the first 1,900-pounder had struck about 50 feet from the ship and the second had gone "down the stack," leaving a huge column of smoke amidship.

The Liberator was piloted by First Lt. Heston McDonnell, Lamesa, Texas.

Grown for thousands of years in the Orient, citrus fruits were established in Florida by 1570, and in California by 1769.

### McNutt Reported Steamed Up Over Father Draft Act

WASHINGTON —(AP)— Paul V. McNutt was described Tuesday as "so steamed up" that he will quit as manpower commissioner unless President Roosevelt vetoes the new father draft act.

The bill sent to the White House by the Senate on a voice vote Monday strips McNutt of authority over Selective Service. It also is designed to slow down or halt the draft of pre-war fathers but officials indicated it would not bring about any radical changes in present induction procedures.

McNutt formally told the Senate that the legislation sabotaged "sound administration."

One senator declared he had heard the manpower chief was "so steamed up about this that he was indicated he would resign if the President signs the bill."

McNutt declared in his letter to the Senate that the bill would "seriously weaken the manpower program" by divorcing military and civilian manpower authority.

**Wasted Fats**  
Before World War II and the campaign to salvage fats, housewives were throwing away 2,000,000,000 pounds of used kitchen fats a year. This figure equaled the amount imported.

### Woman Solon Charges Anti-Subsidy Group Is Playing Politics

WASHINGTON —(AP)— Chairman Mary Norton (D-NJ) of the House labor committee declared Tuesday that a powerful anti-subsidy coalition was making a "political football" of the administration's effort to hold down food prices and was selling consumers "down the river."

Her assertion, in a speech prepared for delivery on the floor, came as the House approached a vote on legislation extending the life of the Commodity Credit Corporation, but banning consumer subsidies. Passage was regarded as certain.

Mrs. Norton declared that if the

### Dates For Civic Theater's Winter Presentation Set

The Civic Theater's winter production, "Mr. and Mrs. North," will be given two nights, December 16 and 17, it was decided at the business meeting Monday night. Miss Marjorie Myers was selected to take charge of all advertising for the play and Mrs. Dorothy Harpst will have charge of the ticket sales.

The play, a three-act comedy, will be one of the outstanding events of the season. Virginia Warren and John Hall, popular players with Midland audiences, are to have the leading roles. Rehearsals have been under way for three weeks, and Miss Elma Graves, director, reports the cast is progressing satisfactorily.

### Baptist Circles Conclude Study

Baptist Women's Circles concluded studying "More Than Conquerors" by Blanche Svdnor White, when the various groups met Monday. The book is being studied in conjunction with a mission study series set down by the national club and this is the second of the series on Mrs. White's book.

The Mary Elizabeth Truly circle met with Mrs. Clint Dunagan, 1508 West Missouri, and Mrs. G. A. Wakefield had charge of the discussion of Mrs. White's book. Seven members were present.

Mrs. J. H. Williamson, 305 West Kentucky, was hostess to the Rebecca Circle. Six members were present and Mrs. O. R. Phillips led the study hour discussion.

Mrs. R. O. Collins had charge of the business meeting when the Annie Barron Circle met with Mrs. J. C. Hudman, 317 North Indiana. Seven members heard Mrs. B. C. Powell review "More Than Conquerors."

Mrs. J. P. McEldowney, 1107 West Kentucky, was hostess to the Lottie Moon Circle. Mrs. S. L. Alexander led the second and last study hour on Author Whit's book. Five members were present.

Mrs. C. H. Chezes had charge of the study of "More Than Conquerors" when the Mary Martha Circle met with Mrs. Billy Gilbert, Country Club Drive. After a short business session, Mrs. Frank Munroe dismissed the group with prayer. Seven members were present.

### War Workers Need Hearty Breakfast

A calcium-rich breakfast is a "must" for the war worker.

By GAYNOR MADDOX  
NEA Staff Writer

A big breakfast is important in the war worker's day. But now that milk supplies are being restricted, you may have to make up the deficiency in milk (the best known source of calcium) in the diet by using extra quantities of calcium-rich foods.

Whole grain or enriched cereals and breads are good calcium foods. So are soy and wheat flour products if they contain at least 15 per cent of the soy flour. But do not make the mistake of thinking that soy flour products can take the place of whole grain foods. Both are needed nutritionally.

Here are some calcium-rich breakfast menus. Egg yolks are rich in calcium. Therefore, use them liberally in the war worker's breakfast.

**Morning Menus**  
Grapefruit juice, enriched corn flakes, sliced bananas if available, milk, sugar, fried eggs and thin slices of ham, hot enriched Parkerhouse rolls, butter or fortified margarine, coffee, milk.  
Cooked whole cereal with cooked prunes and whole milk, poached egg, buttered enriched toast, honey, coffee or milk.

Orange juice, mixed puffed cereal and bran, whole milk, sugar, hot waffles (soy flour), butter or fortified margarine, fruit preserves, coffee or milk.

Baked apple, sausage links, sauteed left-over cooked whole wheat cereal, brown sugar, enriched toast, butter or fortified margarine, coffee, milk.  
Cranberry and orange juice, oatmeal with chopped nuts and brown sugar, top milk, enriched toast, marmalade, coffee, milk.  
Stewed prunes, ready-to-eat shredded wheat, whole milk, scrambled eggs, raisin toast, butter or fortified margarine, coffee, milk.

### MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should you protest if a cab driver asks you to share the cab with another passenger?
2. Is it rude to push and shove when trying to get on a bus at a stop where there is a crowd waiting?
3. Is a gentleman still expected to give his seat in a bus to a woman who is standing?
4. If a man offers a seat to a woman in a street car or bus should she refuse it?
5. What would you do if—  
You bump into a friend as you are boarding a bus and the friend attempts to pay both fares—  
(a) Insist on paying your own?  
(b) Accept the gesture and say "Thank you"?

- Answers**
1. No. That is a wartime measure to save tires and gasoline.
  2. Yes.
  3. It is still the gentlemanly thing to do.
  4. No. That is not gracious.
  5. Better "What Would You Do" solution—(b). It is never good manners to argue when someone pays a fare or a check for you.

### Leora Mann Is Feted With Birthday Party

The Rev. and Mrs. W. R. Mann, 305 North Carrizo, entertained Friday afternoon for their daughter, Leora, on her fifteenth birthday. The afternoon was spent playing games.

Friends present were Bernita Power, Rebecca Watford, Bobbie Ward, Anna Joyce Streeter, Donna Janet Alkire, Mr. and Mrs. H. H. Watford and Rissie Mann.

### Mrs. Reed Has Operation

### BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. You may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 quarts a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start leg aches, backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

# Bulldogs Set For Tilt With Odessa Broncs

Tickets for the Midland-Odessa game at Odessa Thursday at 2:30 p. m. are on sale at the Chamber of Commerce.

Although the odds are against them, the Midland High School Bulldogs are pointing toward a victory in their final game of the season against their traditional rivals, the Odessa Bronchos, Thursday at 2:30 p. m. The game will be played on Fly Field at Odessa.

After sailing away another conference victory, 51-13, over Lamesa last Friday, the Bulldogs buckled down to work in all seriousness again Monday and will get extra heavy doses of preparatory work Tuesday and Wednesday afternoons to get them ready for the Turkey Day clash.

Odessa last year won over the Midland team 25-0. The Bronchos have won three and lost two conference tilts this year, dropping to San Angelo 13-7, and to Sweetwater 26-7. They defeated Lamesa 33-0, Big Spring 46-0 and Abilene 15-0 in conference play.

The Bulldogs, acknowledging they have a tough opponent ahead, are giving no pre-game quarter. Monday they displayed plenty of fire for Coaches Gene McCollum and

# Injuries Riddle Four Conference Football Squads

By The Associated Press  
Injuries took dips into the rosters of four Southwest Conference teams this week as the circuit's six members turned into the home stretch drive.

One of the four clubs affected was the University of Texas, which meets Texas A&M Thursday at College Station for the championship. Marcel Gres, 210-pound regular left tackle for the Longhorns, fell ill Monday and was ordered to bed. Taking over his post in the Steers' workout was Charles Phillips, who last year was a student at Texas A&M.

**Aggies Injury-Free**  
All other members of the Longhorn squad were in good condition, and additional injuries seem unlikely since Coach Dana Bible has said there would be no more rough practices for his boys.

In Aggieland, Coach Homer Norton's squad was injury-free. Lake Bible, the Aggie mentor said there would be no more scrimmages for his team this week. Instead, the Cadets will spend most of their practice time studying movies of Longhorns plays.

Tackle Clyde Flowers and tailback Jim Lucas, key cogs in the TCU grid machine, missed Monday's workout because of injuries, but both expect to play Saturday against Southern Methodist at Fort Worth. The winner of this game, last on the 1943 conference schedule, will go into a third-place tilt with Rice.

**Ponies Lose Two**  
Southern Methodist was without the services of backs C. D. Allen and Ivan Cunningham in Monday's scrimmage. Both, however, are expected to be ready for action by Saturday.

In Houston, the Rice Owls turned their attention to setting up a ground defense to throw at the power-laden Southwestern Pirates in Houston Saturday. Leonard Kilgore, center out with a shoulder bruise, was the only casualty on the squad.

Arkansas' Razorbacks, current cellar-dwellers, continued preparations for their Thanksgiving Day clash with Tulsa University at Tulsa, in which the porcine element is a heavy favorite to preserve its unbeaten record.

# Student Of Knute Rockne Makes Grid News As Pilot Of Camp Lejeune Team

CAMP LEJEUNE, NEW RIVER, N. C. —(AP)—First Lt. Jack Chevigny, who coached the University of Texas Longhorns a decade ago after leaving his football from the late Knute Rockne, made football news again this season by

guiding the Camp Lejeune Marines to a colorful comeback. The Leathernecks had lost to Duke University and Bainbridge when Chevigny took over the coaching job September 28, while on a tour of duty from Camp Pendleton, Oceanside, Calif., but since then they've been undefeated—winning five games, and tying one.

**Fans Spring Up**  
The rhythm of his reorganized gridlers, who promptly adopted the Notre Dame style of attack, struck a note in the hundreds of Marines here. They became fans overnight with the result that Lejeune's bleacher stadium of 3,500 was replaced by one of 12,500 seating capacity.

And Chevigny, all of a sudden, found himself with a rip-roaring "student body," four Marine women reserve cheerleaders, a band and all the trimmings and razzle-dazzle of a college eleven.

The effect was tremendous. Camp Lejeune piled up 1,884 net yards rushing and 180 points in six games compared to 111 yards and 27 points for its opponents.

While Chevigny sought dash and color in his plays, he believed like the Rock— in sound fundamentals, in good blocking and tackling. He insisted upon precision, timing, decision and perfection of assignments.

The fact that Chevigny welded his squad into a coordinated unit is itself remarkable, because the players hail from 31 colleges, three professional teams and several high school and semi-pro squads, and have played under 11 different systems of football.

They include such names as Quarterback King Cotton (Texas Mines-Pitt Steelers), End B. O. Fitch (Minnesota), Tackle Jim Meek (West Texas State), Guard Chuck Drulis (Temple - Chicago Bears), Halfback Ray Terrell (Mississippi), End Ed Murphy (Holy Cross), Center Joe Sabastanski (Fordham), and others.

**Don Good Player**  
Further word on Don Hutson from a guy who should know: Pete Cawthon, the grid dodger's coach, argues that the other Great Bay players ought to chip in part of their salaries to raise Don's pay. "Why," says Pete, "on one play Sunday Pug Manders had him completely covered and Hutson just stuck one big hand in Pug's face and reached down around his knees, somewhere to catch the ball with the other hand. . . Then he apologized to Manders for doing it."

**Today's Guest Star**  
"Winkler," Jacksonville (Fla) MATC "Glewe," a new Navy game gives the wearer protection against shrapnel, burns, bruises and depth bombs, and no well dressed umpire will be without one, come next baseball season.

**Penalty—Just Playing**  
A report on the Yankee Bee Country Club somewhere in the South Pacific reveals that the Seabees who constructed a jungle golf course have only four worn-out golf balls and nine clubs, made from scrap iron and sanded-down pick handles. . . The chief greens keeper is "a pet goat who trims the grass wherever he is tethered. . . A lost ball there doesn't mean just stroke and distance, but a month's suspension of play.

**Rotarians Will Meet With Lions Wednesday**  
Members of the Rotary and Lions clubs will hold their annual Thanksgiving meeting Wednesday noon in Hotel Scharbauer's ballroom and the Rev. James E. Moore, pastor of the First Presbyterian Church of Big Spring will address the clubs.

He is a member of the Big Spring Rotary Club. George Abel, president of the Rotary Club and Harlan Howell of the Lions arranged the program.

As Thursday is the regular day for Rotary Club meetings, members of the club for a number of years have met with the Lions on the Wednesday preceding Thanksgiving Day.

# Ace Parker Prefers Playing Baseball

PORTSMOUTH, VA.—(AP)—Back in the days when Clarence (Ace) Parker was in his athletic prime there was much talk about whether the former All-America grid star liked football or baseball best—now the "Ace" knows.

Parker, who claims that his days as a football player are a thing of the past after more than 13 years as a star, doesn't hesitate to say that his foremost athletic liking was baseball.

"I played football better than I did baseball," Parker says, "so I stuck to football. Of course, a few coaches helped me to make up my mind."

The former Duke and Brooklyn Dodger star, now an ensign in the Navy, says that he doesn't feel any different about not sticking his broad shoulders through a pair of pads when autumn rolls around.

"Oh, I missed it a little in the early fall when the boys' first put on their uniforms," says Ace. "But I've had enough of it."

"Football is just one of those things that come and go, but it has a great future. The colleges will profit after the war from their experiences with the Navy V-12 program."

"Professional football will be better off, too. There will always be pro football as long as there is college football because plenty of college stars feel they aren't ready to give up the sport when their college days are over."

# Many Midland Merchants Limit Sales Of More Popular Brands Because Of Cigarette Shortage

Holy smokes! It's getting harder and harder to buy the more popular brands of cigarettes in Midland and many stores have started a rationing system of their own.

Camels no longer can be purchased by the carton in the majority of the stores, and Lucky Strikes and Philip Morris sales also are limited in several places. Several business houses also are holding sales of the more popular brands down to two or three packages to the customer.

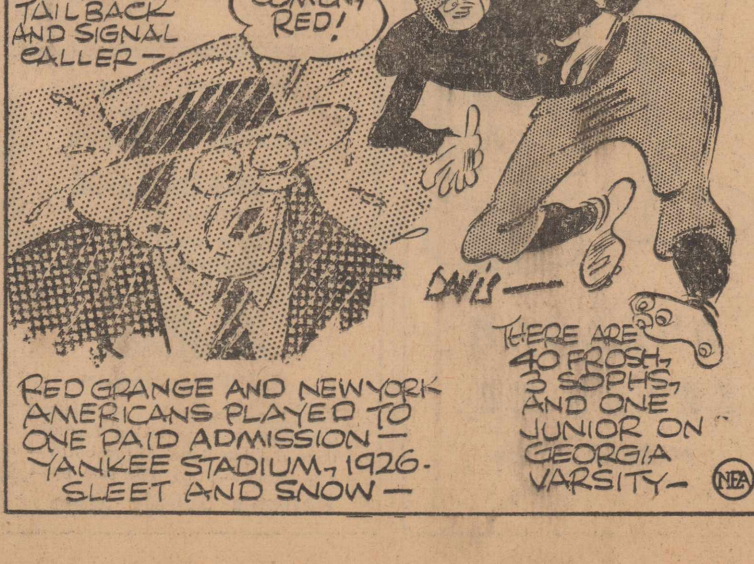

The merchants agree Camels seem to be most popular with Midland smokers, both male and female, with Lucky Strikes second. However, they report a definite up-trend in the sales of Philip Morris to those persons who are unable to buy their regular brands. Chesterfields also are selling heavily.

Shortages of the most popular brands of cigarettes is attributed to the fact that many thousands of packages regularly are going to servicemen overseas and to camps in the United States, and to increased purchases by civilians.

"These increased purchases do not necessarily indicate that Americans are smoking more, they say, but that they are buying more 'tailor made' cigarettes instead of rolling their own."

The tobacco companies are limiting the merchants on the number of cartons they may purchase, thereby causing the merchant to either limit his sales to customers or run out a few days after he receives his allotment.

# Congress Mourns Death Of Third Member Monday

WASHINGTON—(AP)—The Senate Tuesday mourned the death of W. Warren Barbour, New Jersey Republican, opponent of Mayor Frank Hague of Jersey City, millionaire thread manufacturer and one-time amateur heavyweight boxing champion.

Barbour, who was 55, succumbed to heart disease Monday night after a brief illness in his Washington home. His death followed within 24 hours the fatal injuring of Rep. J. William Ditter (R-Pa) in an airplane crash and the death from heart disease of Rep. Henry B. Steagall (D-Ala).

Barbour was appointed to the Senate in January, 1932, to succeed the late Dwight W. Morrow. Defeated for re-election in 1936, he was returned two years later for the unexpired term of Senator A. Harry Moore, who resigned to become governor of New Jersey. It was in this election that Barbour defeated the candidate sponsored by Hague. He subsequently was elected in 1940 for a six year term.

At the age of 22 he had fought as an amateur boxer and was billed as the "millionaire kid."

His death, coming so closely after that of Ditter and Steagall, recalled the warning of Dr. George Calver, capitol physician, a few weeks ago that Congress was overworked and tired, and that it was severely taxing its health by not taking a recess.
